  - This Week
  - Upcoming Week
- Q &A with attendees

# Team Introductions

Matt Howard, Public Engagement Lead

Jacky Smale, Public Engagement Consultant

Steve Schalk, Resident Engineer

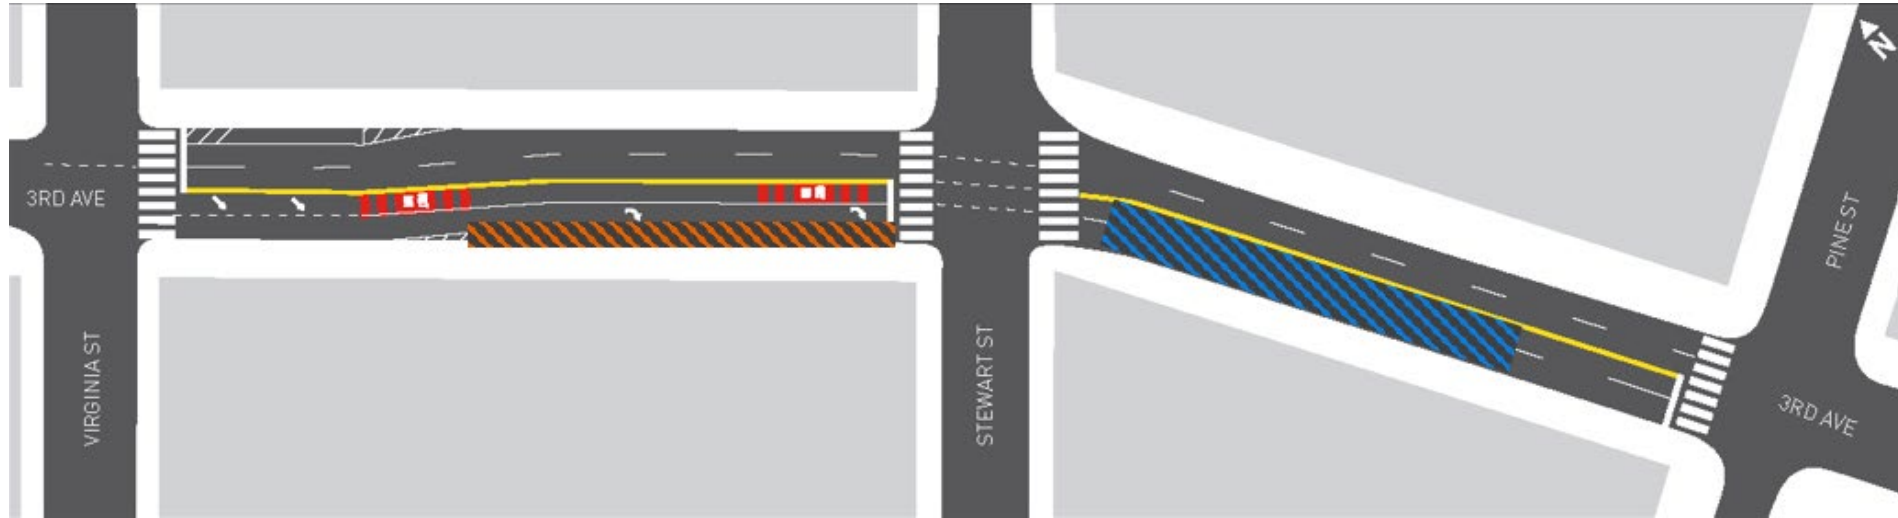

Sunny Salh, SPU Engineer

# Project Background

- 3<sup>rd</sup> Ave between Virginia and Pine is part of our transit network
  - The concrete panels and asphalt patches will be repaved to create a smoother street that makes for less noisy travel
- A 100 year-old water main is under the street surface too
  - This needs to be replaced too!

# Last Week (August 11-17)

## Water Main (Orange Hatch lines)

@ 3<sup>rd</sup> Ave, Stewart St and Virginia St, we:

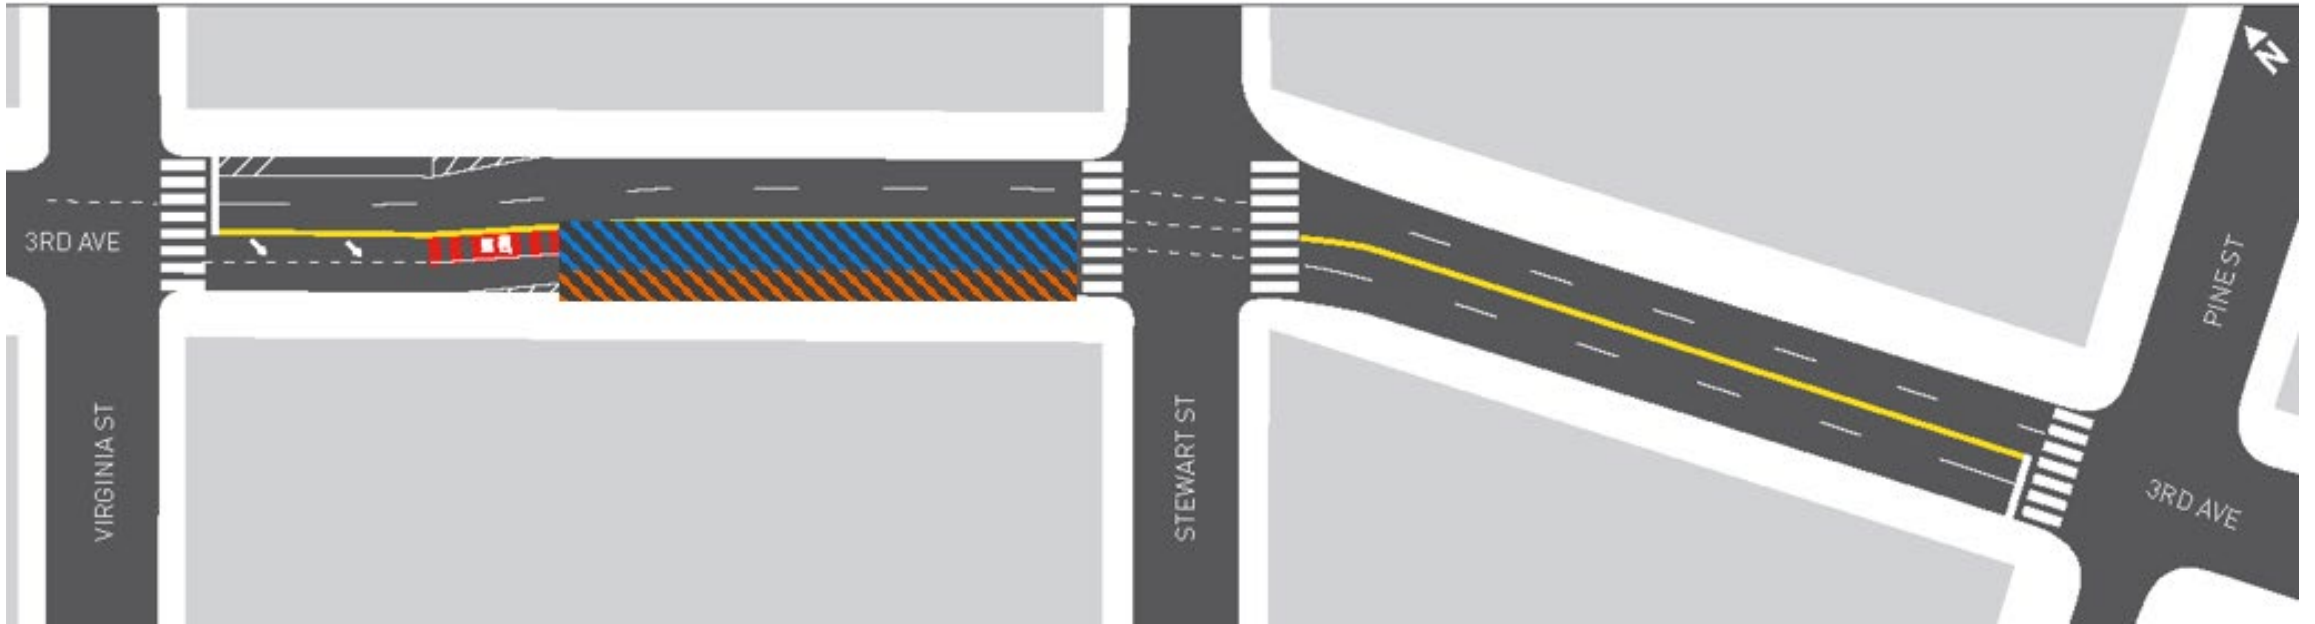

- Continued installing the temporary water main

## Paving (Blue Hatch lines)

@ 3<sup>rd</sup> Ave, between Pine to Stewart, we:

- Demolished two concrete panels and poured two new concrete panels

# This Week (August 18-24)

## Water Main & Paving

@ 3<sup>rd</sup> Ave, between Stewart & Virginia St:

- ONLY on August 22
  - Sawcut concrete panels on the east side of the street
  - Prep for upcoming temporary water main installment

# First Water Shutoff Schedule

**Friday, August 22-Saturday, August 23 from 11pm to 7am**

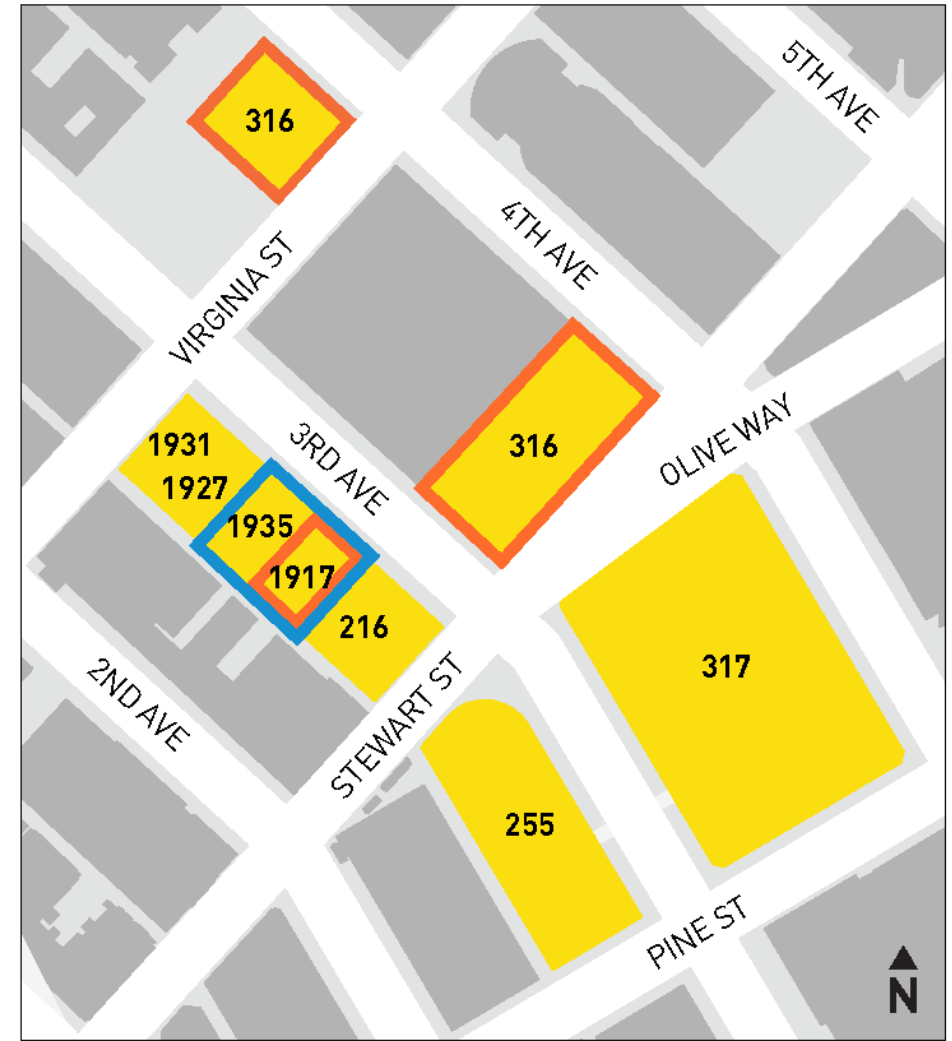

All buildings in yellow will be affected

**Sunday, August 24 from 8am to 5pm**

Buildings outlined in blue will be affected

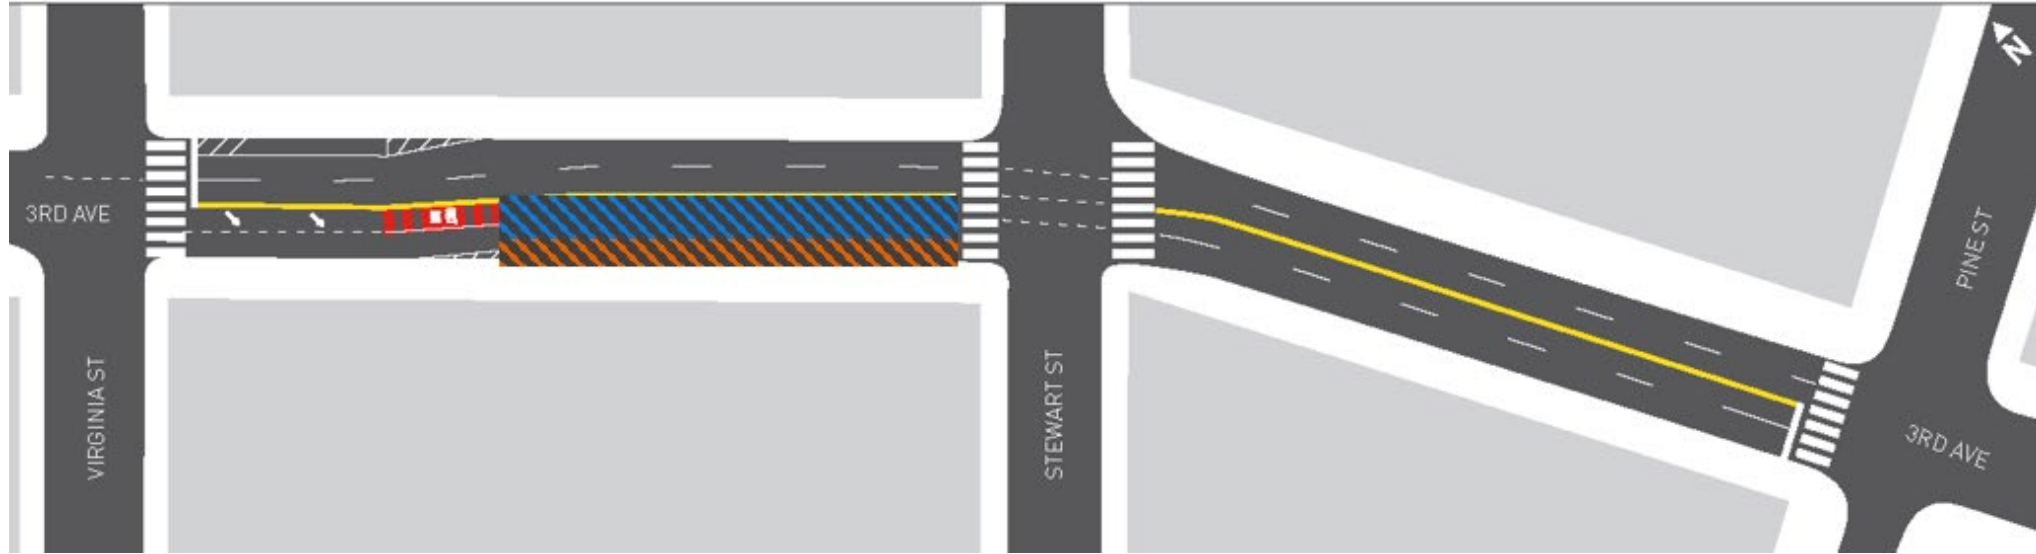

**Monday, August 25 from 10:30pm to 2am**

Buildings outlined in orange will be affected

# Next Week (August 25-30)

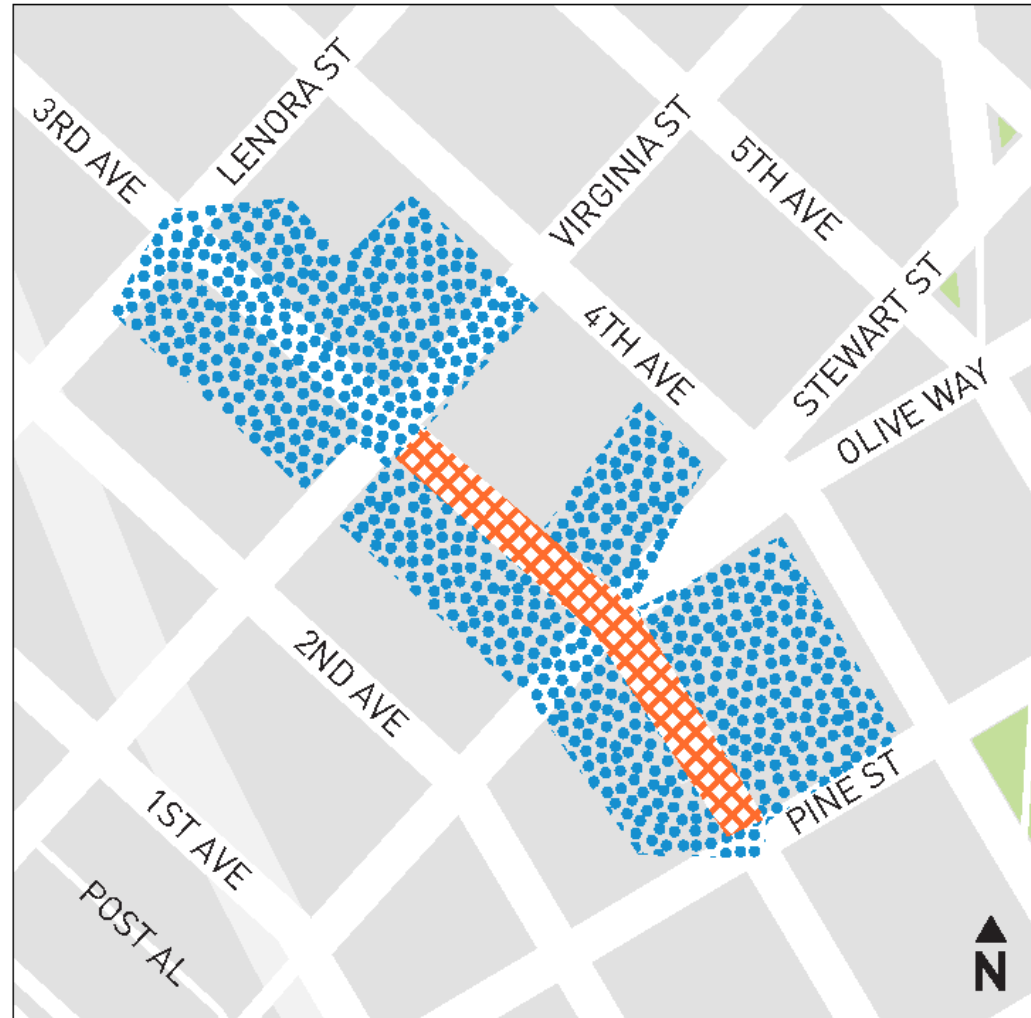

Rechannelization (aka Repainting the  
Street Traffic Lines)

@ 3<sup>rd</sup> Ave, between Stewart & Virginia St

# Q & A Session

From the entire SDOT and Metro Team:

# Thank you!
