

The following packet contains a list of potential, upcoming contract opportunities with Seattle Public Utilities. Each project/potential contract includes estimated cost and schedule information. A Project Manager’s contact information is available for each project for any follow-up questions or to seek more information. Projects are not guaranteed. Cost details and advertisement dates are approximate and may change without notice.

Capital Project Contracts Professional Services / Construction..... 3

- Tolt Electric Power System Improvement
- Tolt Reservoir Debris Boom Replacement - Construction
- Cedar River Pipeline Renton Seismic Upgrade – Construction
- Water Main Rehab Package 6 South – Construction
- Water Main Rehab Package 6 central – Construction
- Critical Water System Seismic Engineering and Planning Services
- Management Area (MA) Lining Contract 1 – Construction
- Environmental Consulting Services (Natural Resources)
- 45th Ave SW Culvert Replacement – Construction
- Seattle Overflow Action Plan Program Management Owner’s Agent
- Water Main Rehab Package 5 B – Construction
- Cedar River Sockeye Hatchery Water Supply Improvements – Construction
- Cascades Dam and Perimeter Dike Design
- 20th Avenue NE Sewer Backups
- Tolt Regulating Basin Energy Dissipation Valve
- Cedar East Side Supply Line Replacement – Construction
- Thorton Creek Watershed Creek Culvert Replacement

Programmatic Professional Service Contracts 7

- Food Waste Prevention Contract
- Real Property Relocation Services
- Duwamish Valley Water Resilience Support Services
- Solid Waste – Single Family Residential Survey
- Public Private Materials Recover Facility Feasibility Study
- Disposal Contract Consulting
- Audit Services
- Collection Contract Consulting

Blanket Contracts 9

Upcoming blanket contracts:

- Haller Lake Janitorial Services
- Pump & Bypass Operations
- Water Chemicals for Tolt Treatment Plant
- Environmental Science Monitoring
- Security Guard Services
- Asphalt & Concrete Services
- Outdoor Litter and Recycling Cans
- Electric Motors, Pumps, Compressors, Parts & Service
- Water Works Operation Products, Parts, & Repair Parts Rebid
- Robotic Jet Cleaning
- Remote Portable Toilet Servicing & Rentals
- Roadway Dust Control
- Electric Actuators
- South Transfer Station Landscape Maintenance

*Blanket contracts expected to expire in late 2025 and early 2026 are listed on pages 11-12. The estimated bid date for contracts to replace these blanket contracts is unknown, but planning efforts are underway internally.

Capital Project Contracts Professional Service / Construction

PROJECT	DESCRIPTION	CONTRACT COST ESTIMATE	ANTICIPATED AD / BID	PROJECT MANAGER
Tolt Electric Power Systems Improvements	The South Fork Tolt reservoir is the source of 1/3 of SPU's drinking water. This will be a phased options analysis through construction consultant contract to assist SPU address improving the uptime reliability and sustainability of two local electric power systems that are critical to dam safety monitoring and operations.	\$3M	Q2 2026	Ulysses Hillard Ulysses.Hillard@seattle.gov
Tolt Reservoir Debris Boom Replacement - Construction	The South Fork Tolt Reservoir is the source of 1/3 of SPU's drinking water. The project will remove and replace the existing boom protecting the dam spillway and intake tower from floating debris and ice in extreme events, including installing two new anchorages and electrical improvements to the walkway bridge from the dam crest to the spillway and intake towers.	\$6.3M	Q1 2026	Ian Fitz-James Ian.Fitz-James@seattle.gov
Cedar River Pipeline in Renton Seismic Upgrade - Construction	Install flexible seismic joints on Cedar River Pipelines (CRPL) 1,2, and 3 downstream of the pipelines' crossing with I-205 in Downtown Renton and on CRPL 2 where it crosses the former channel of the Black River in Downtown Renton. Rehabilitate a concrete tunnel approximately 60 feet in length that conveys CRPL 1 in Downtown Renton.	TBD	Q1 2026	Ian Fitz-James Ian.Fitz-James@seattle.gov
Water Main Rehab Package 6 South – Construction	Watermain rehabilitation will be performed at 15 sites, up to 5,600 LF. Up to 70 curb ramps.	\$10.6M	Q12026	Kai Fan Kai.Fan@seattle.gov

Water Main Rehab Package 6 Central – Construction	Watermain rehabilitation will be performed at 6 sites, up to 3,800 LF. Up to 70 curb ramps.	\$7.1M	Q1 2026	Kai Fan Kai.Fan@seattle.gov
Critical Water System Seismic Engineering and Planning Services	Complete planning studies on water system assets identified to be seismically vulnerable.	\$3M	Q1 2026	Brent Lackey Brent.Lackey@seattle.gov
Management Area (MA) Lining Contract 1 – Construction	This project will rehabilitate 265 segments/work orders, approximately 64,000 LF (approximately 12 miles) of sewer mainline MH to MH with UV CIPP lining trenchless technology. The assets are located through the City with the majority in council District 1 ,2, 6, and 7. The pipe diameters range from 8” – 12” including several at larger diameters. This is the first MA phase of the rehab strategy.	\$13.2M	Q1 2026	Samantha Menathy Samantha.Menathy@seattle.gov
Environmental Consulting Services (Natural Resources)	Provide general and project-specific support in environmental and natural resources assessment, permitting, and mitigation.	\$1M	Q1 2026	Clayton Antieau Clayton.Antieau@seattle.gov
45 th Ave SW Culvert Replacement – Construction	The 45 th Ave SW culvert will be replaced with a fish passable structure approximately 14 feet wide, and the creek channel will be rebuilt approximately 100 feet upstream and downstream of the culvert. Access for crews will be built as well as a community gathering area over the downstream end of the culvert.	\$26M	Q1 2026	Jonathan Brown Jonathan.Brown@seattle.gov

<p>Seattle Overflow Action Plan Program Management Owner's Agent</p>	<p>Consultant support for program management and owner's agent for the CSO program, including program management and controls, options evaluation, engineering report development, survey, geotechnical investigations, property acquisition, permitting, 3rd party review, commissioning, construction inspections, and outreach</p>	<p>\$60M</p>	<p>Q1-Q2 2026</p>	<p>Christina Kapoi Christina.Kapoi@seattle.gov</p>
<p>Water Main Rehab Package 5B - Construction</p>	<p>At six sites across Seattle, abandon in-place existing watermains; install new ductile iron watermain pipe, including valving, fire hydrants, and other watermain appurtenances, ranging from 4 - 20 inch in diameter by open-trench method; storm & sewer improvements; assist SPU water operations with: cut, cap, blocking of existing watermains, temporary and permanent water main connections, and temporary and permanent water services connection transfers; and final surface restoration of roadway and landscaping, including ADA curb ramp improvements.</p>	<p>\$4.7M</p>	<p>Q2 2026</p>	<p>Kevin Sahara Kevin.Sahara@seattle.gov</p>
<p>Cedar River Sockeye Hatchery Water Supply Improvements – Construction</p>	<p>Project will install three new groundwater wells to maximize source water and improve reliability throughout the year. Upgrades will also include construction of a standalone building to house new electrical and SCADA equipment, new conveyance piping and associated site restoration.</p>	<p>TBD</p>	<p>Q2-Q3 2026</p>	<p>Fernando Platin Fernando.Platin@seattle.gov</p>

Cascades Dam and Perimeter Dike Design	The consultant will develop a design to improve the structural integrity of Cascades Dam and the Lake Youngs Perimeter Dike based on SPU's preferred option and will support construction of the project based on the design.	TBD	Q2-Q4 2026	Ulysses Hillard Ulysses.Hillard@seattle.gov
20 th Ave NE Sewer Backups	Seattle Public Utilities owns and operates a combined sewer system in the Ravenna neighborhood. During heavy rains, the volume of stormwater and sewage in the combined sewer system can exceed the system's capacity, and Sanitary Sewer Overflows (SSO) have occurred. This will be a phased options analysis-through-construction consultant contract to assist SPU to analyze the contributing sewer-shed, perform options analysis to identify the preferred sewer-shed wide solution, develop the design, and provide permitting, bid, and construction phase support.	TBD	Q2-Q3 2026	Benjamin Barrett Benjamin.Barrett@seattle.gov
Tolt Regulating Basin Energy Dissipation Valve	The existing valve that dissipates energy in water flowing through SPU's penstock from the SF Tolt Dam to the SF Tolt Regulating Basin is leaking and showing general signs of substantial degradation. SPU will advertise a contract to assess the condition of the valve, assist SPU in choosing a preferred option, design the preferred option, and provide support through construction of the preferred option.	\$1.1M	Q2-Q3 2026	Ulysses Hillard Ulysses.Hillard@seattle.gov
Cedar Eastside Supply Line Replacement - Construction	Replace up to 900-feet of the original 36-inch concrete cylinder pipe of Cedar East Side Supply Line parallel to Coal Creek Parkway in Bellevue. Includes rehabilitation of three culverts crossing the water line.	\$5.4M	Q3 2026	Kevin Sahara Kevin.Sahara@seattle.gov

Thorton Creek Watershed Creek Culvert Replacement	Seattle Public Utilities owns and operates creek culverts throughout the Thornton Creek Watershed. This project will address the replacement of one or more, yet to be selected, culverts subject to fish passage requirements. This will be a phased options analysis-through-construction consultant contract to assist SPU to analyze the selected fish passage barrier culverts, perform options analysis to identify preferred replacement wide solutions, develop the design, and provide permitting, bid, and construction phase support.	TBD	Q4 2026 - Q1 2027	Benjamin Barrett Benjamin.Barrett@seattle.gov

Programmatic Professional Service Contracts

PROJECT	DESCRIPTION	CONTRACT COST ESTIMATE	ANTICIPATED AD / BID	PROJECT MANAGER
Food Waste Prevention Contract	Contract intended to support second phase of “Discovery” contract on the topic of food waste prevention. Work may likely involve implementation of research and recommendations from our current contract.	TBD	Q4 2025	Sheryl Anayas Sheryl.Anayas@seattle.gov
Real Property Relocation Services	Real Property relocation services for residential and/or commercial tenants, including tenant notifications, relocation plans, advisory services, inventories, estimates, move monitoring, inspections, and claim reviews and appeal support.	\$200K	Q4 2025	Gerry Caruso Gerry.Caruso@seattle.gov

Duwamish Valley Water Resilience Support Services	<p>Program Management Support</p> <p>Master Planning Support (Focus area planning +)</p> <p>Funding and Financing Support</p> <p>Partnering Support (Co-development+)</p> <p>Community Wealth Building Support -</p> <p>Infrastructure and Restoration Project Support</p> <p>Community climate and EJ Social resilience Support</p> <p>Communications and Engagement Support</p> <p>Shared decision-making and community capacity building</p>	TBD	Q2 2026	<p>Alberto Rodriguez</p> <p>Alberto.Rodriguez@seattle.gov</p>
Solid Waste – Single Family Residential Survey	<p>Follow up to survey done in fall 2022 with SF residential customers to evaluate solid waste service satisfaction, as well as waste sorting knowledge and barriers to proper waste sorting.</p>	\$50K	Q4 2025	<p>Becca Fong</p> <p>Becca.Fong@seattle.gov</p>
Public Private Materials Recover Facility (MRF) Feasibility Study	<p>Determine feasibility of a Private Public partnership MRF at Myer’s Way property</p>	\$1M	Q4 2025 – Q1 2026	<p>Mark Jusayan</p> <p>Mark.Jusayan@seattle.gov</p>
Disposal Contract Consulting	<p>Consult on disposal contract options</p>	\$70K	Q4 2025 – Q1 2026	<p>Sally Hulsman</p> <p>Sally.Hulsman@seattle.gov</p>
Audit Services	<p>Audit services for 2026 - 2030.</p>	\$2.5M	Q1 2026	<p>Jeff Ogino</p> <p>Jeff.Ogino@seattle.gov</p>
Collection Contract Consulting	<p>Review of curbside collection options.</p>	TBD	2026	<p>Sally Hulsman</p> <p>Sally.Hulsman@seattle.gov</p>

Blanket Contracts

GOODS or SERVICES REQUESTED (BLANKET CONTRACT)	ESTIMATED POSTING DATE	REQUESTOR OF SERVICES*
Haller Lake Janitorial Services	Q4 2025	Vickie Kobayashi Vickie.Kobayashi@seattle.gov
Pump & Bypass Operations	Q4 2025	Ray Brown Ray.Brown@seattle.gov
Water Chemicals for Tolt Treatment Plant	Q4 2025	Jim Nilson Jim.Nilson@seattle.gov
Environmental Science Monitoring	Q4 2025	Amy Minichillo Amy.Minichillo@seattle.gov
Security Guard Services	Q4 2025	Joe Fithian Joe.Fithian@seattle.gov
Asphalt & Concrete Services	Q4 2025	Aaron Anderson Aaron.Anderson@seattle.gov
Outdoor Litter and Recycling Cans	Q4 2025	Jenny Frankl Jenny.Frankl@seattle.gov
Electric Motors, Pumps, Compressors, Parts & Service	Q4 2025	Ann Andres Ann.Andres@seattle.gov
Water Works Operation Products, Parts, & Repair Parts Rebid	Q4 2025	Ann Andres Ann.Andres@seattle.gov
Robotic Jet Cleaning	TBD	Maria Stevens Maria.Stevens@seattle.gov
Remote Portable Toilet Servicing & Rentals	TBD	Jon Workman Jon.Workman@seattle.gov

Roadway Dust Control	TBD	Steve Lockhart Steve.Lockhart@seattle.gov
Electric Actuators	TBD	Kermit Stricklin Kermit.Stricklin@seattle.gov
South Transfer Station Landscape Maintenance	TBD	Gregg VanWieringen Gregg.VanWieringen@seattle.gov

GOODS or SERVICES REQUESTED (BLANKET CONTRACT)	UPCOMING EXPIRATION DATE	ESTIMATED ANNUAL SPEND
Paint & Related Supplies	Q4 2025	\$437K
Cold Water Meters, Multi-jet type	Q4 2025	\$318K
Measure/Test Flow Monitoring Services Field installation, operation, and maintenance of field monitoring equipment that collects measurement data such as flow and precipitation	Q4 2025	\$1.3M
Roofing services	Q4 2025	\$464K
Pest management services	Q4 2025	\$444K
Groundskeeping Eco Stewardship (Groundskeeping, Ecosystem, Stewardship, planting, plant, eradication, noxious, weed, decommissioning, irrigation, installation, erosion, sediment)	Q4 2025	\$2M
Chemical supply of Hydrofluorsilicic Acid – Low Phosphorous	Q4 2025	\$280K
Janitorial Green Cleaning Products	Q4 2025	\$2.1M
Tools, Parts & accessories for large eductor trucks, rodding machines, equipment and related items	Q4 2025	\$383K
Mailing Services	Q4 2025	\$505K

Utility potholing	Q1 2026	\$423K
Utility locating	Q1 2026	\$179K
Landscaping services at North Transfer Station	Q1 2026	\$103K
Printing services	Q1 2026	\$1.2M
Door repair services	Q1 2026	\$895K
Public Hygiene Program Operations Management Services	Q2 2026	\$2.4M
Solid & Liquid Waste Disposal	Q2 2026	\$769K
Safety supplies	Q2 2026	\$2.3M
Building Services – Asbestos/lead abatement & mold remediation	Q2 2026	\$1.5M
