

SEWER SUBMETER APPLICATION

THE PROPERTY OWNER REQUESTS AN APPROVAL FOR SEWER SUBMETER BILLING AND AGREES TO THE FOLLOWING:

- Specify the proposed location and size of the new submeter
- Fully state the purpose for which the submeter will record consumption
- Pay all SPU fees for each submeter
- Provide plans showing existing and proposed on-property water and submeter plumbing
- Install only a submeter that registers in cubic feet and an Encoder Receiver/Transmitter that is compatible with SPU automated meter reading requirements
- Request inspection of the submeter installation by SPU
- Maintain, repair or replace the submeter to ensure accuracy
- Provide calibration results to SPU upon request
- Ensure proper operation of meter, wiring, ERT and other appurtenances
- Review bill for proper deductions and contact SPU immediately if discrepancy is identified

SEATTLE PUBLIC UTILITIES WILL:

- Upon change of use or change of occupancy, bill sewer charges on all water delivered without regard to installed submeters
- Require equipment upgrades or changes at the customer's expense in order to stay current with SPU metering requirements and meter reading technology
- Not give back credit for consumption registered while any part of customer owned equipment is malfunctioning
