Basics of City-Sponsored Apartment Recycling Program

The Apartment Recycle Program includes a minimum of biweekly collection for all apartment buildings requesting service. Apartment buildings can choose either recycle dumpster service or single-family style curbside service using recycle carts. As of January 2005, residents are prohibited from putting significant amounts of paper, cardboard, glass and plastic bottles and jars as well as aluminum and tin cans in their garbage containers. "Significant amount" is defined as 10% or more of the volume of the garbage container. Beginning January 2006, apartment managers will be subject to a fine for repeated violation of the ban on recyclables in the garbage ordinance.

Service Areas:

North End: Waste Management services the area north of the Ship Canal.
South End: USD services the area south of the Ship Canal.

Materials:

Commingled collection with a separate container for glass.
Service must include collection of aluminum, glass, mixed paper, newspaper, tin, plastic, plastic bags, plastic food tubs, as well as milk & juice cartons.

Subscription Status as of December 2005:
