

FROM SHELVES TO STOMACHS

The challenges of food donation

Food is delivered

Food is purchased

Family shares a meal

Food is displayed for sale

DONATION

Food arrives in homes

Businesses have surplus, unsold, edible food

Lack staff capacity or are not aware of what can and cannot be donated

Food is sorted and stored for donation

Food is improperly sorted or stored

Food is selected and served to people

Time/ability constraints, varying preferences, etc

Non-profits pick up food

Missed pick-ups due to equipment or are not sure what items to pick up

Food is sorted, stored, and prepared

Incorrect ingredients or items are not of quality
