**Evaluation:**

I certify the following (check all boxes):

Only the construction or improvement of water, drainage, and/or wastewater facilities that are required by City code as a condition of property development, and which a developing property owner elects to install at their own expense, are eligible to apply for a Latecomer Agreement.

Costs for construction or improvement of water, drainage, and/or wastewater facilities that are required as a result of street improvements are **not included** in these final costs. Construction or improvements required as a result of street improvements include, but are not limited to, infrastructure triggered by the Stormwater Code for work in the right-of-way and drainage conveyance infrastructure (e.g., inlets, catch basins, etc.) triggered by other street improvements.

This Attestation was submitted within 120 days of completion of the system improvements, including final street improvements. The completion of the utility was on

I certify that the information presented in this Attestation, including the attached [Final Cost Worksheet](#), is true and correct to the best of my knowledge and based on City Standard Specifications for Road, Bridge, and Municipal Construction and City Standard Plans for Municipal Construction, and all applicable federal, state, and local laws, rules, and regulations.
