## **2. LEADERSHIP OF THOSE MOST IMPACTED**

When we talk about ableism, racism, sexism & transmisogyny, colonization, police violence, etc., we are not looking to academics and experts to tell us what's what — we are lifting up, listening to, reading, following, and highlighting the perspectives of those who are most impacted by the systems we fight against. By centering the leadership of those most impacted, we keep ourselves grounded in real-world problems and find creative strategies for resistance
