Deputy Mayor Burgess,

I'm writing to let you know that on Monday, Oct. 7, I requested that the City Auditor's Office immediately remove the hold the Mayor's Office placed on the crime prevention audit jointly requested by Mayor Harrell and me and it's my understanding that they will recommence this work shortly. I'm happy to answer any questions you may have or detail the reasons for this request.

Regards,

Sara Nelson
Seattle City Council President

Subject: Technology and Crime Prevention Assessment

Council President Nelson,

On January 6, 2024, you and the mayor sent City Auditor David Jones a letter requesting that his office update their 2012 assessment of City-funded crime prevention projects and prepare to review the Technology Assisted Crime Prevention Pilot Project. Through this email, I want to update you on the status of these two projects.

We have asked the City Auditor to pause updating the crime prevention assessment because HSD is preparing to issue a new round of RFPs that will result in new funding opportunities. Assessing these programs in the context of the RFP responses seems more prudent.

The technology pilot project will shift to the Office of the Inspector General for Public Safety. IG Judge has agreed to facilitate an implementation and outcome evaluation of these technologies by retaining academic subject matter experts who have completed similar reviews for other cities. This project remains on course.

Let me know if you have any questions. Thanks.

Tim Burgess (he/him/his)
