Update on Work Progress, Reports and Safety

Work Progress

Continuing to follow up with subs and have set u quarterly meeting with subs to help educate as much as possible. Completed ground improvement on site. They're really focusing on mep and concrete work. Upcoming workforce needs are Carpenters, laborers, cement masons as they are going to be increasing on site. The project is 25% complete. Turner has put in dispatch requests and requested contact information from laborers and carpenters and cement masons to follow up for workers. Continuing to work towards project performance.

Ben said they continue to make great progress and will start phase 3 of the project in July and will have a high volume of workers on the site. They have a high volume of work that's specialized in the trades which is a challenge for hiring workers. This Saturday is their crane tower erection?
