**Map:**

**History:** When the original plat of “Little’s 85<sup>th</sup> Street Addition” was recorded, a public platy ground consisting of two 20 wide strips were dedicated. The Park Commission recommended that the City disclaim any interest in the two areas, as they have no practical value for playground purposes. The playground lots in Block 2 were subsequently sold to the adjoining property owners. The lots in Block 1 remained under City ownership, and were subsequently transferred to the predecessor of the Finance and Administrative Services Department.

**Ordinances:**

**ORD. 79952:** An ordinance relating to dedication of four certain 20-foot strips for playground purposes in the plat of Little's 85th St. Addition and disclaiming any title and interest in said land, and abandoning the same for such use.

**Acquisition Deeds:** 5/12/1959, 5230838, Fee simple/Fee title Transfer Dated 5/12/1959 From SEATTLE CITY TREASURER To SEATTLE EXECUTIVE SERVICES DEPARTMENT: FINANCE, Recording Number AF 5230838.

**Acquisition Fund Source:** General Fund

**Jurisdictional Department's estimated market value:**

FAS determines value based upon the following factors:

1. Previous one year vacant property sales within 2 miles of the subject property
2. Adjacent King County land value on per square foot basis
3. Either positive or negative factors for unique topography, property dimensions and shape
4. Evaluation of potential added development capacity if combined with adjacent property.
5. Perpetual reservations for slope easements or native growth
6. Other site related adjustments.

The value of the land is based upon the value of similar property in the neighborhood, which currently ranges from between \$20 and \$60 per square foot for separate vacant building lots. This property is not large enough to build a house. The size of this lot is also not large enough to add development capacity if incorporated in the adjacent property. The estimated fair market of this property is based upon a discount from the average of land values, an offer from the adjacent owner of \$7 per square feet, and upon conditions that the property boundaries will be merged and lines adjusted with adjoining property owners' properties.

Change to state law (RCW 84. 40.045 and 84.40.175) by the 2013 Legislature eliminated revaluation of government owned parcels.

**Destination of funds upon sale:** A portion to the Facility Services Sub-fund for expenses relating to sale of property, the remainder to general fund.

**Current easements, covenants and restrictions:** None

**Recommended easements, covenants and restrictions upon Transfer:** FAS proposes that the property be sold and transferred to the adjacent property owner subject to approval of the City Council and with approval of a Lot Boundary Adjustment.

**Potential problems with property and possible measures to mitigate their recurrence:** None

**Neighborhood:** Maple Leaf

**Legal Descriptions:** That portion of Tract designated as "Playground" and vacated per Ordinance 79952 adjoining Lots 8 to 9, inclusive, Block 1, of Little's 85<sup>th</sup> Street Addition, as recorded in Volume 30 of Plats, Page 34, records of King County, Washington, lying between the north line of Lot 9, and the south line of Lot 8, said block and addition, and said lines produced easterly.
