---

## COMMUNITY NOTIFICATION

The City is happy to have you filming in Seattle and we want our residents to feel the same way. Most of the complaints we receive, especially the ones that go to the Mayor's Office and City Council, transpire because residents feel they have not been given adequate notice, or the notice did not accurately reflect what happened. ***Please follow the procedures outlined below when notifying residents and businesses in the area of filming activity.***

- All adjacent properties shall be notified a **minimum** of 3 days prior to filming.
- Distribute notification in an area not less than one block in all directions from the area where you will be filming.
- A sample notification form is provided on page 19. If you prefer to make your own, be sure it contains all the information that is supplied on the sample form.

For productions that will have a high impact to the neighborhood, business, and residents, or will be operating outside regular working hours (see Page 10):

- Sign-off agreements are required from all adjacent properties a **minimum** of 3 business days prior to filming.
- A sample sign-off form is provided on page 20. If you prefer to make your own, be sure it contains all the information that is supplied on the sample form.
- Call the Neighborhood Service Center coordinator in the area where you will be filming. They can be very helpful if you need information about an area. (See map with addresses and telephone numbers on page 19.)

**Failure to properly notify residents or to make reasonable accommodations to mitigate your impact on a neighborhood or business district may result in cancellation of your permit.**

---

## PUBLIC BENEFIT

The City of Seattle is not allowed by the Washington State Constitution to gift public funds. The Office of Film + Music needs to account for the use of City streets and buildings during filming now that the use is included in the film permit at no additional charge. Below are some examples of ways that production companies can benefit the public:

- **Educational Opportunities on set.**
- **Donations to Foundations that benefit the city:** Woodland Park Zoo Society, Seattle Animal Shelter, Seattle Parks Department, Seattle Public Library Foundation, Seattle Center Foundation
- **Donations to the City:** Photographs of City property for marketing purposes, photos for Office of Film + Music website, donations of plants to Parks Department, upgrades to City-owned property used during filming, donations to the Mayor's Office for Seniors

# FILMING IN SEATTLE

## ADVANCE NOTICE

**We need 3 – 5 business days notice of your intent to film in Seattle to begin the process.** Office of Film + Music coordinates all permission with Seattle Department. While most permits can be issued very quickly, permits that involve coordination with several different agencies or jurisdictions take time. The more complex the project is, the more lead time will be necessary.

## MASTER FILM PERMIT

Before your initial meeting and/or conversation with the Film Program Coordinator, review the *Master Film Permit Application* Word document at [www.seattle.gov/filmandmusic](http://www.seattle.gov/filmandmusic). This form, after approval, will become your Film Permit. A copy of the Film Permit must be kept at the film site at all times. Another copy must be given to the lead police officer upon arrival at the site.

## SEASONAL RESTRICTIONS

No filming is allowed in the downtown area (including the Pioneer Square neighborhood) during the 4<sup>th</sup> of July weekend, the last weekend of July (Saturday and Sunday), and the first weekend in August (Friday, Saturday and Sunday) due to regularly scheduled multiple special events occurring throughout this area. Police officers are not available for hire on these dates in any area of Seattle. More seasonal restrictions can be found on Page 15 and 16.

## PARKING METERS / PAY STATIONS

If needed, parking meters and pay station spaces are available for reservation for \$15.00/day/meter Monday through Saturday. On Sundays and holidays there is no fee for meter or pay station parking space reservation, but you must follow the barricading instructions below.

All parking meters/spaces must be “hooded” 24 hours in advance. Submit the list of meter numbers at each location, as part of the permit application. Meter numbers can be found on the parking meter “head”, pay station spaces have round metal plates in the sidewalks with meter numbers stamped on them.

Street parking spaces along arterials and other downtown streets are **peak-hour restricted** during morning and afternoon rush hours. Peak-hour restricted spaces are noted at each parking space.

The decision to hood meters or use barricades will be made by the City and Production Company during permit discussions. **Restricted public parking is for production vehicles only - NOT FOR CREW VEHICLES.**

*NOTE: THERE WILL BE A \$250 FEE FOR ANY LOST OR DAMAGED HOOD*

## BARRICADING STREETS WITH NO METERS

- The production company is responsible for renting and setting up barricades to prevent parking.
- Barricades must be in place **72 hours in advance**. Time and date of parking restrictions must be written clearly on the barricade. Also, a map showing the barricaded spaces or copy of the verification document must be physically attached to at least every third barricade.
- Once barricades are erected, the production company is responsible for verifying that they are all up and in the correct spaces **24-48 hours in advance** by using the online barricade verification process at <http://web1.seattle.gov/sdot/nopark/>. It is the production company's responsibility to check that the barricades are in the right place and are marked properly, SDOT and the Office of Film + Music will not verify the barricades. **THE ON-LINE VERIFICATION PROCESS MUST BE COMPLETED A MINIMUM OF 24 HOURS PRIOR TO THE TEMPORARY NEW PARKING ZONE TAKING EFFECT.** SPD will not enforce Temporary No Parking Zones without proper verification. As part of the new on-line process, you will be asked to print two copies of the Public Notice and affix them to two signs per block. Complete barricade verification instructions can be found at <http://www.seattle.gov/transportation/parking/tempnoparking.htm>
- **Barricades should be taken down when all vehicles arrive.** However, if vehicles will be coming and going, the barricades should remain in place.

**Signs must be verified following the above process before any enforcement action may be taken.**

If vehicles are found inside the barricaded area, call 9-1-1 for police to issue a citation. It is illegal to tow a vehicle from a public street unless a citation has been issued. The production company will be held responsible if cars are towed illegally.

**NOTE: BARRICADE PICKUP AND DELIVERY WILL BE DONE BY THE BARRICADE COMPANIES. THE PRODUCTION COMPANY IS RESPONSIBLE FOR FOLDING AND TAKING BARRICADES OUT OF THE STREET SO REGULAR PARKING MAY RESUME AT THE END OF FILMING.**

## **OBTAINING BARRICADES AND RATES**

The film production company may contract with any company for barricades. There are two suggested companies. Rates below are subject to change:

National (206) 523-4045 or <http://www.barricade.com/>

Aabco (206) 363-6212 or <http://www.aabcosign.com/>

Sample rate: \$ .40/barricade/day with a 6-day minimum fee or \$45/day, whichever is greater.

Examples: 15 barricades for 6 days (15 x .40) = \$6.00/day x 6 days = \$36.00  
5 barricades for 1 day (5 x .40) = \$2.00/day ( x 6 day minimum = \$12.00)

\*The charge for both would be the minimum \$45/day

## **VEHICLE PARKING**

### Free Parking Passes for Scouting Locations

The Film Office offers location scouts a parking pass that allows them to park at meters/spaces without paying for a specified period before the first day of filming.

### Truck parking permit:

The truck parking permit is part of your Master Film Permit. You will receive a parking pass to put in each production vehicle which allows parking at a specific meter or barricaded location.

### Carpool restricted areas:

Filming on streets with carpool restrictions is allowed after 6 pm on weekdays and anytime on weekends.

Carpool spaces are in effect Monday through Friday, including Holidays. **Please contact the Office of Film + Music if you wish to reserve parking spaces designated as 'Carpool' spaces.**

**If your project requires the use of parking spaces normally reserved for carpools, you must do the following:**

1. Contact Film Program Coordinator Chris Swenson at (206) 733-9245. The Office of Film + Music coordinates all parking requests within the Master Film Permit.
2. Provide the same number of spaces at a nearby location.
  - The alternative spaces must be located very close to those you are taking.
  - The alternative spaces may be located on the street or in a private parking facility.
  - The alternative spaces must be well-signed as reserved for carpools.
3. Notify the carpools who normally would park in the location you wish to use at least 24 hours in advance so that they can plan to park at the alternative location that you have reserved for them.
4. Provide carpools with clear directions; i.e., **signage** and instructions for using alternative parking.

### Crew Parking:

The number of vehicles at a filming site should be limited to a minimum number needed to film successfully. This will minimize congestion and negative impacts on both businesses and neighborhoods. Production companies should look for pay, school, or church parking lots nearby. **Staff, talent, and crew cars will not be permitted to park at barricades in residential areas or at hooded meters.**

### Peak Hour restrictions:

- No traffic control will be allowed on arterial streets during peak hours.
- Peak hours are in effect downtown from 6 - 9 am and from 3 - 6 pm weekdays. On all other arterial streets the restrictions are from 7 - 9 am and 4 - 6 pm on weekdays.
- There are no weekend peak hour restrictions.
- **King County Metro must be notified any time traffic will be controlled on an arterial.**

## **DETOURS AND MAJOR TRAFFIC REVISIONS**

When it is necessary to block a street in an area of heavy traffic **a traffic control plan is required.** Traffic control plans describe where detours will be placed and the alternative routes that traffic will use. Seattle Department of Transportation (SDOT) and Police Department personnel will design the traffic control plan after reviewing your permit application.

**NOTE: IN LOCATIONS OF HEAVY TRAFFIC CONGESTION, IT IS OFTEN POSSIBLE TO SIMPLIFY THE PROCESS BY FILMING EARLY SATURDAY AND SUNDAY MORNINGS WHEN THERE IS LESS TRAFFIC.**

## **NOISE ORDINANCE / HOURS OF FILMING**

**Filming in residential areas is prohibited between the hours of 10 pm and 7am weekdays and 10pm and 9am weekends.** This applies to the arrival and departure of cast, crew and equipment as well as actual filming. In some instances, if advance written approval is obtained from the residents affected, the Film Office may grant an extension. **See attached Extended Hour Form on page 21.** If an extension is granted, a noise variance is required. The cost of the variance is included in the permit fee and requires **10 days advance notice.**

# SEATTLE POLICE DEPARTMENT

## SEATTLE POLICE CONTACTS

After contacting the Film Office and completing the Film Permit Application, contact the Seattle Police Operations Center Film Liaison, who will determine the support needed for each location:

**Officer Pablo Lee, Film Liaison**  
**Special Police Operations Center**  
**Seattle Police Department**  
**PHONE (206) 684-8697, FAX (206) 615-1990**  
**Main office (206) 684-5090**

Uniformed police officers, working voluntarily on an off-duty basis, under the supervision of a lead officer, will be hired to monitor and assist film production companies while filming in public areas in Seattle. The lead officer is a Seattle Police officer staffed by the Seattle Police Operations Center. Film companies are required to have police services if film production requires traffic control and revisions, weapons (replicas or real), safety hazards, filming depicting police activity (detectives/police making arrests with handcuff, etc.) or unusual circumstances which could create alarm to the citizens of the City. Exceptions will be determined by the Seattle Police Operations Center. The Officers' responsibility is to maintain a police presence and protect the City's and citizen's interests.

## POLICE OFFICERS FOR TRAFFIC CONTROL

**If you plan to control street traffic, a police officer or certified flagger must be on site.** Certified flaggers can only be used under certain conditions after discussion with the Office of Film + Music. The Seattle Police Operations Center will assist you in obtaining off-duty Seattle Police Officers.

## DETERMINING POLICE STAFFING LEVELS

There are four criteria used in determining police staffing levels. They are:

- 1) Safety issues (closure of a road for a high-speed chase, explosions, traffic re-routes, weapons, stunts, etc.)
- 2) Intermittent traffic control (ITC) needs
- 3) Seattle Department of Transportation (SDOT) requirements
- 4) Security (determined by filming location, time of day, etc.)
- 5) Production Company requests

### **If a safety issue exists:**

The Police Department will determine the number of officers and/or supervisors. An activity or location will not be permitted without the number of officers required to conduct the event safely.

### **If no safety issue exists:**

- The Film Liaison will assist you in determining the number of personnel (off-duty officers) needed.
- When off-duty officers are used, they still maintain their full police authority, with the obligation to enforce all City and State laws.
- In some cases, you may use private security personnel or production assistants. In these cases, the Police Department will not ensure that the site can be secured and will not supervise or be responsible for safety or security. If you hire non-police personnel you do so at your own risk. *Contact the Office of Film + Music for more information prior to moving forward with private site supervision.*

## CONTROLLING POLICE COSTS

- Officers are paid from the time they are told to report until the time they are dismissed. Officers using police vehicles are paid from the time they pick up a patrol car until the time they return it to a precinct (patrol vehicles are part of a working fleet and must be protected by insurance while in operation).
- Do not have officers report before you need them or stagger reporting times.
- The lead officer is the main contact at each shoot. The lead officer will need one specific person who speaks for the production company. **The lead officer needs a copy of the permit upon arrival.**
- Provide as much notice as possible for requests and location needs.
- Advise your lead officer of cancellations as soon as possible to avoid paying minimum show-up charges. Cancellations without 24 hours advance notice will result in a 4 hour minimum charge.

## **PAYMENT PROCEDURES AND RENTAL FEES (SUBJECT TO CHANGE)**

### OFF-DUTY FEES

- All off-duty Police Officers will be hired by the Seattle Police Operations Center. The production company will be invoiced by the City of Seattle Police Department. Off-Duty Officer rates are approximately \$70 per hour per officer, with a 4 hour minimum hire.
- Officers are responsible for security and safety at the location site and are paid whether they are on duty or on a meal break.
- Officer Reassignment When Schedule Changes: Filming schedules must sometimes be changed after an officer has been assigned for work. In this event, call the Film Liaison at (206) 684-8697. If efforts to contact officers are not successful, they must be paid the minimum of four hours.
- Police Liaison Fees: Production companies will be charged for liaison work if deemed excessive due to multiple scheduling changes, delays, and/or field visits.

### **POLICE VEHICLE RENTAL RATES (SUBJECT TO CHANGE)**

- Note: In order to use a Seattle Police Department vehicle in any type of film project please submit to the Film Office - in addition to your permit application - a request in writing, including a clear description of how the vehicle will be used in the shot.
- If your request for the vehicle includes the use of the Seattle Police Department logo, a script must be included as well.
- We must receive this request at least 7 working days before filming.
- Rental fees for Seattle Police Department equipment will be charged on a daily basis. The production company will be billed by the Seattle Police Department's Fiscal and Property Management Division upon completion of the project or use of the equipment. *City equipment can only be operated by Seattle Police Officers.* See approximate rental costs below:

Motorcycle	\$7.50/hour
Traffic Car	\$7.00/hour
Patrol Car (marked)	\$9.50/hour
Patrol Car (unmarked)	\$7.00/hour
Van (marked)	\$7.00/hour
Boat	\$104.50/hour
Horse	\$12.00/hour
Scooters	\$7.00/hour
Bus / Large Vehicles	\$15.00/hour

***\*Rates are subject to change.***

**NOTE: ALL VEHICLES WILL BE RETURNED TO THEIR RESPECTIVE PRECINCTS AT THE END OF EACH DAY'S PRODUCTION SCHEDULE. CITY EQUIPMENT CAN ONLY BE OPERATED BY SPD OFFICERS.**

### **FILMING OF OFFICERS AND EQUIPMENT**

Seattle Police officers, vehicles, uniforms, insignia and equipment will not be made available for use **on film** by film companies without written express consent of the Chief of Police. For approval contact the Film Liaison at (206) 684-8697.

# PIKE PLACE MARKET

The Pike Place Market offers a colorful and lively background for filming. The Market welcomes production crews and will work to accommodate projects that do not interfere with Market business and are compatible with the Market's brand.

The Seattle Film Permit does not include filming within the Market's boundaries, shown on the map below. Filming or photography conducted within the Market's buildings, streets, or sidewalks must be permitted in advance by the Pike Place Market PDA. In addition, any use of the Market's iconic and trademarked signage, whether taken off-site or obtained from third-party sources, requires a use license in advance.

For filming guidelines and an application, please visit [www.pikeplacemarket.org/commercial-filming](http://www.pikeplacemarket.org/commercial-filming). Contact Sue Gilbert Mooers for more information ([sue@pikeplacemarket.org](mailto:sue@pikeplacemarket.org)).

General filming information:

- Fees vary based on the size, scope and impact of the production as well as the intended use of the recordings. Additional fees apply for use of iconic trademarked signage or the Pike Place Market name.
- Filming is not permitted on summer Fridays/weekends or holiday weeks throughout the year. These are times when the Market is most congested and space for additional activity is not available.
- Applications are required in advance (7-10 days in most cases and earlier for larger projects).

Pike Place Market boundaries:

**NOTE: PIKE PLACE MARKET IS A PUBLIC DEVELOPMENT AUTHORITY,

# DOWNTOWN HOLIDAY MORATORIUM

From Thanksgiving until New Year's, filming in downtown Seattle is restricted according to the following map:

## OTHER RESTRICTIONS

- **FAA NO FLY ZONE RULES.** The No Fly Zone goes into effect one hour before, and lasts until one hour after, the scheduled time of event (see next sentence). All aircraft and parachute operations are prohibited at and below 3,000 feet within a **3-nautical mile radius** (a nautical mile is 1.3 standard mile) **of any stadium having a seating capacity of 30,000 or more people in which a Major League Baseball, National Football League, NCAA Division One football, Major League Soccer or major motor speedway event is occurring.** Questions should be directed to the FAA at (800) 992-7433
- **WEAPONS.** The use of weapons (real or simulated) in a public place, or in view of the public, will require the presence of Seattle Police on site.
- There are other times during the year that filming and parking restrictions may apply in various parts of the city. Restrictions may apply during Seafair; during various neighborhood business fairs or events; around certain construction projects; or during large conventions or sporting events. The Seattle Film Office will inform you of any potential restrictions during your planned filming period.
- If there is substantial disruption (particularly parking), the neighborhood and/or business district needs to be informed at least one week in advance.
- No personal pets on set.

---

## EXEMPTIONS (FEES, DEPOSITS)

The Office of Film + Music will consider requests for waivers or reductions of fees and deposits for:

1. Students filming as a part of an educational project sponsored by an accredited educational institution.
2. A permit applicant that is a recognized nonprofit, tax-exempt organization as described in Section 501(c) 3 of the Internal Revenue Code, as now or hereafter amended, and who seeks a master filming permit for a print or media public service announcement.
3. Any department of the City of Seattle.

No exemption will be granted, however, for large productions for any agency or organization. Any question on the matter of fee exemptions or variance in deposit or insurance will be decided by the Film Office Director under advisement of the City's Risk Manager.

## COMMUNITY CONTACTS FOR CONTRIBUTIONS

Seattle is known for its spirit of community and giving. We invite production companies who visit our city to join with us and contribute leftover food and expendables to local non-profit groups needing assistance.

If you have a particular group you would like to support with your contribution please call Seattle's Community Information Line at **(206) 461-3200** for referrals and phone numbers.

We also encourage talent who have causes they wish to support while they are here to call Kate Becker, Director of the Mayor's Office of Film + Music at (206) 684-5030. She will assist in identifying ways to support the particular issue with which they are involved.

## SAMPLE FOR EXTENDED-HOUR OR LONG TERM FILMING RESIDENTS SIGNOFF

Dear Resident:

We are planning to film portions of a television commercial at the residence of John and Mary Charles at 222 Seward Park Avenue South. The filming date is Friday, August 9, 2016, from approximately 5:00am to 12:00 Midnight.

### DESCRIPTION OF ACTIVITY:

All filming will be on private property. Lights on stands will be placed on sidewalks for some shots. "Whisper" generator will be used, parked in street parking space in front of the residence. Filming and generator will be used until 12:00am, when the production wraps up and leaves.

### OUR ACTIVITIES WILL AFFECT THE NEIGHBORHOOD:

We are erecting no-parking barricades to park our working production vehicles and to clear the scene "for picture" (see attached map). We are asking residents to please not park in portions of the street during the time of filming. Barricades will indicate the hours of restricted parking. If this will pose a serious problem for you, please call our office as soon as you receive this notice. We understand this is an inconvenience for you and appreciate your cooperation.

We have applied for the necessary City permits and maintain all legally required liability insurance. If a permit is granted it will be available at the location. We agree to abide by all City filming rules and any specific guidelines applicable to your neighborhood. We will make every effort not to disturb you and will arrive and vacate your neighborhood at the agreed upon time. We appreciate your hospitality and cooperation while filming on your street and in your neighborhood.

This survey will be used to assist the Film Office in evaluating the potential disturbance to your neighborhood. If you have any concerns about this production or the permitting process, please call Chris Swenson, Film Program Coordinator at the City of Seattle Film Office at (206) 733-9245.

## CITY OF SEATTLE -- CODE OF CONDUCT

**To production companies:** You are guests and should treat this location, as well as the public, with courtesy. If we do not all work toward building good relationship with the local communities in which we work, we will see less production, resulting in fewer jobs for us all. Please adhere to the following guidelines.

**To the citizens:** If you find this production company is not adhering to the Code of Conduct please contact the Seattle Film Office at 206-684-5030.

1. When filming in a neighborhood or business district, proper notification is to be provided to each merchant or neighbor who is directly affected by the company (this includes parking, base camps, and meal areas). The filming notice should include:

  - type of activity and duration (i.e., times, dates, number of days, including prop and strike)
  - company contact (first assistant director, unit production manager, location manager)
  - name and number of City Film Office Program Coordinator
2. Production vehicles arriving on location in or near a residential neighborhood should enter the area at a time no earlier than that stipulated in the permit, and park one by one, turning off engines as soon as possible. Cast and crew shall observe designated parking areas.

7. Removal, trimming and/or cutting of vegetation or trees is prohibited unless approved by the permit

authority or property owner.

8. Remember to use the proper receptacles for disposal of all napkins, plates and coffee cups you may use in the course of a working day.
9. All signs erected or removed for filming purposes will be removed or replaced upon completion of the use of that location unless otherwise stipulated by the location agreement or permit. Also remember to remove all signs posted to direct the company to the location.
10. Every member of the cast and crew will keep noise levels as low as possible.
11. Articles of clothing that do not display common sense and good taste should not be worn by crew members. Shoes and shirts must be worn at all times, unless otherwise directed.
12. Crew members shall not display signs, posters or pictures on vehicles that do not reflect common sense or good taste (i.e., pin-up posters).
13. Do not trespass onto other neighbors' or merchants' property. Remain within the boundaries of the property that has been permitted for filming.
