Readers Guide

This reader's guide describes the structure of the 2006 Adopted Budget and outlines its contents. It is designed to help citizens, media, and City officials more easily understand and participate in budget deliberations. In an effort to focus on what is achieved through spending, the 2006 Adopted Budget includes funding levels and expected program outcomes, taking into consideration the current economic situation.

A companion document, the 2006-2011 Adopted Capital Improvement Program (CIP), identifies adopted expenditures and fund sources associated with the development and rehabilitation of major City facilities, such as streets, parks, utilities, and buildings, over the coming six years. The CIP also shows the City's financial contribution to projects owned and operated by other jurisdictions or institutions. The CIP fulfills the budgeting and financing requirements of the Capital Facilities Element of Seattle's Comprehensive Plan by providing detailed information on the capacity impact of new and improved capital facilities.

Seattle budgets on a modified biennial basis. See the "Budget Process" section for details.

The 2006 Adopted Budget

This document is a detailed record of the spending plan adopted for 2006. It contains the following elements:

- Selected Financial Policies – a description of the policies that govern the City's approach to revenue estimation, debt management, expenditure projections, maintenance of fund balances, and other financial responsibilities;
- Budget Process – a description of the processes by which the 2006 Adopted Budget and 2006-2011 Adopted Capital Improvement Program were developed;
- Summary Tables – a set of tables that inventory and sum up expected revenues and planned spending for 2006;
- General Subfund Revenue Overview – a narrative describing the City's General Subfund revenues, or those revenues available to support general government purposes, and the factors affecting the level of resources available to support City spending;
- Departmental Budgets – City department-level descriptions of significant policy and program changes from the 2006 Endorsed Budget, the services provided, and the spending levels adopted to attain these results;
- Position List – a list of authorized positions by department;
- Cost Allocation – a summary of cost-allocation factors for internal City services; and
- Appendix – an array of supporting documents including a glossary and Citywide statistics.

Departmental Budgets: A Closer Look

The budget presentations for individual City departments (including offices, boards, and commissions) constitute the heart of this document. They are organized alphabetically within seven functional clusters:

- Arts, Culture, & Recreation;

Reader's Guide

- Health & Human Services;
- Neighborhoods & Development;
- Public Safety;
- Utilities & Transportation;
- Administration; and
- Funds, Subfunds, and Other.

Each cluster, with the exception of the last, comprises several departments sharing a related functional focus, as shown on the organizational chart following this reader's guide. Departments are composed of one or more budget control levels, which in turn may be composed of one or more programs. Budget control levels are the level at which the City Council makes appropriations.

The cluster "Funds, Subfunds, and Other" comprises General Fund Subfunds that do not appear in the context of department chapters, including the General Subfund Fund Table, General Subfund Revenue Table, Cumulative Reserve Subfund, Emergency Subfund, Judgment and Claims Subfund, the Municipal Civic Center Fund, and Parking Garage Fund. A summary of the City's General Obligation debt is also included in this section.

As indicated, the Adopted Budget appropriations are presented in this document by department, budget control level, and program. At the department level, the reader will also see references to the underlying fund sources (General Subfund and Other) for the department's budgeted resources. The City accounts for all of its revenues and expenditures according to a system of funds and subfunds. In general, funds or subfunds are established to account for specific revenues and permitted expenditures associated with those revenues. For example, the City's share of Motor Vehicle Fuel taxes must be spent on road-related transportation activities and projects, and are accounted for in two separate subfunds in the Transportation Operating Fund. Other revenues without statutory restrictions, such as sales and property taxes, are available for general purposes and are accounted for in the City's General Subfund. For many departments, such as the Seattle Department of Transportation, several funds and subfunds, including the General Subfund, provide the resources and account for the expenditures of the department. For several other departments, the General Subfund is the sole source of available resources.

Budget Presentations

Most department-level budget presentations begin with information on how to contact the department, as well as a description of the department's basic functions and areas of responsibility. There follows a narrative summary of the major policy and program changes describing how the department plans to conduct its business in light of the adopted budget. When appropriate, subsequent sections present budget control level and program level purpose statements, and program summaries detailing significant program changes from the 2006 Endorsed Budget to the 2006 Adopted Budget.

All department, budget control, and program level budget presentations include a table summarizing historical and adopted expenditures, as well as endorsed and adopted appropriations for 2006. The actual historical expenditures are displayed for informational purposes only.

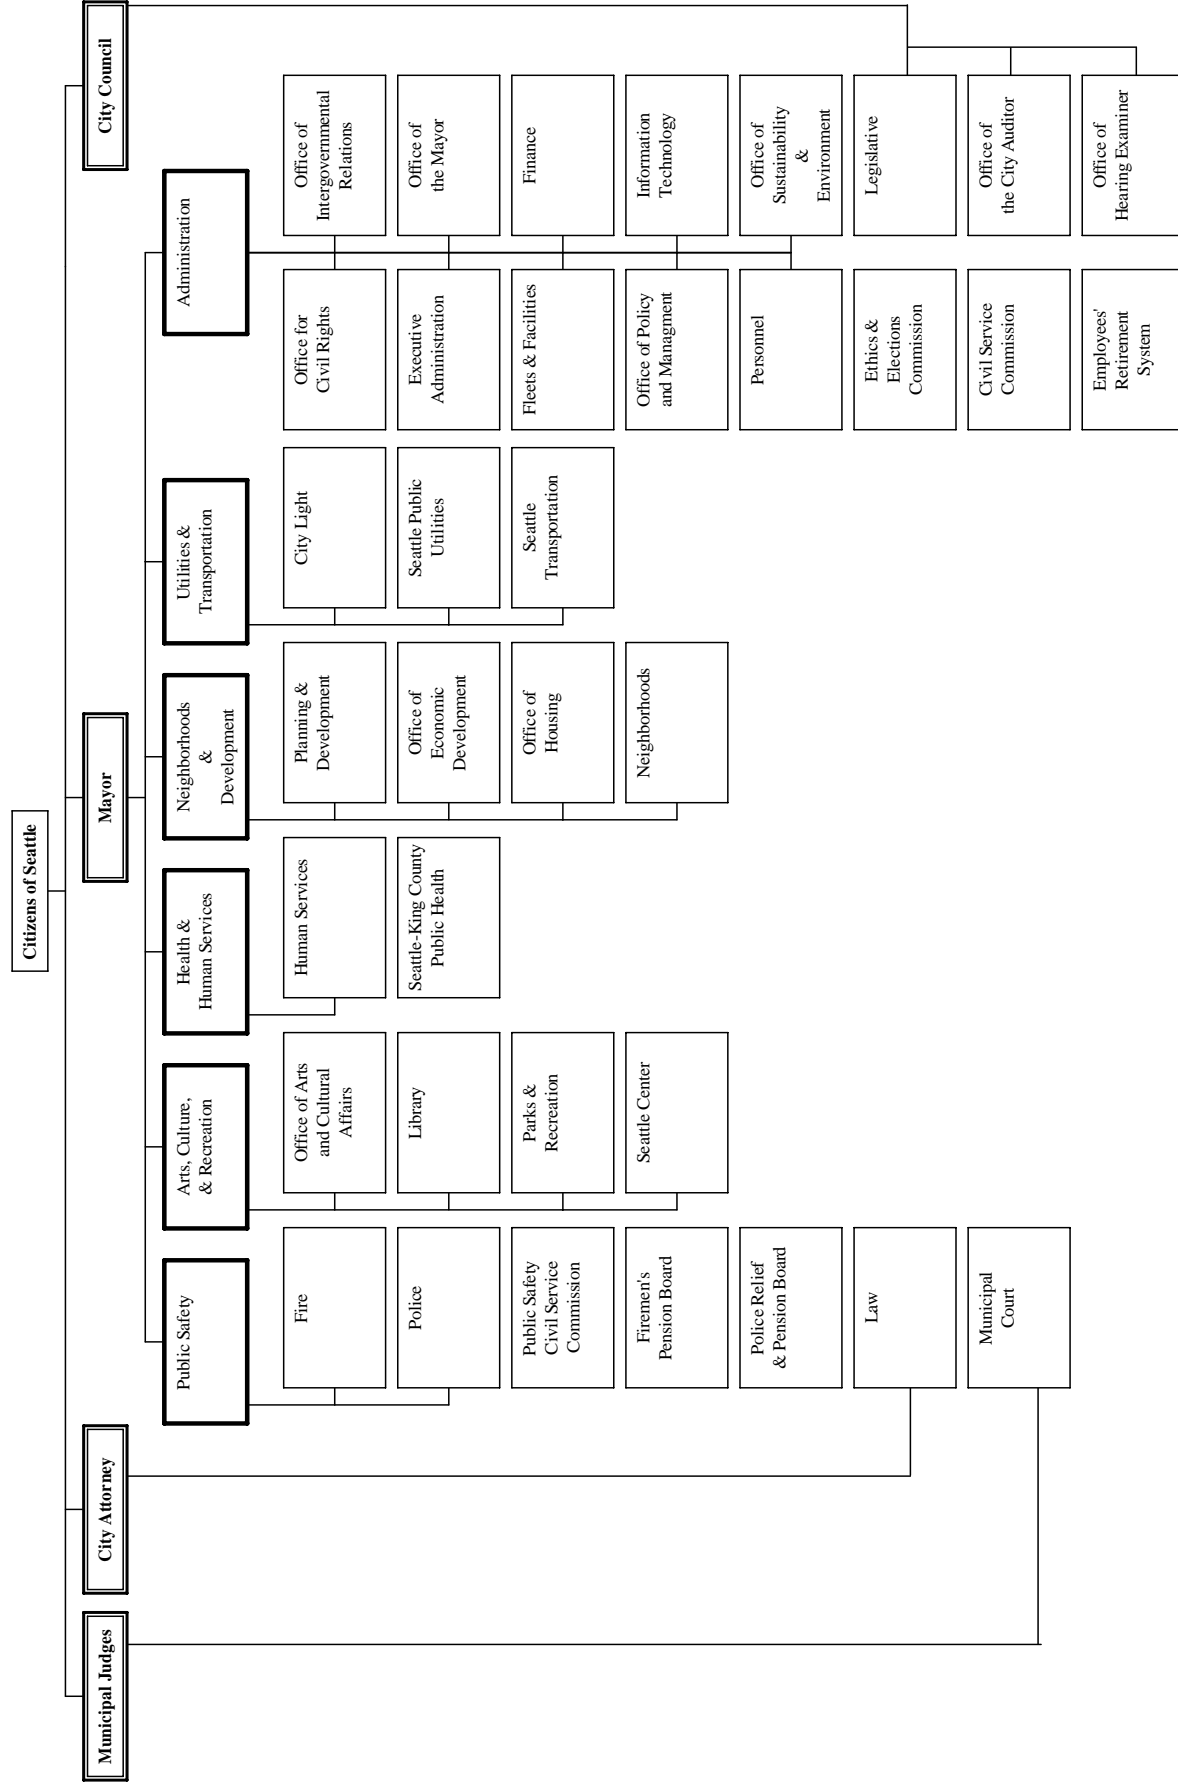

Information on the number of staff positions to be funded under the Adopted Budget appears at each of the three levels of detail: department, budget control, and program. These figures refer to regular, permanent staff positions (as opposed to temporary or intermittent positions) and are expressed in terms of full-time equivalent employees (FTEs). Changes are shown at the program level and are subsequently added to, or subtracted from, the number of

Reader's Guide

positions active in the prior year to indicate the total number of employees to serve the department in the upcoming year.

Where relevant, departmental sections close with additional pieces of information: a statement of actual or projected revenues for the years 2004 through 2006; a statement of fund balance; and a statement of 2006 appropriations to support capital projects appearing in the 2006-2011 CIP. Explicit discussions of the operating and maintenance costs associated with new capital expenditures appear in the 2006-2011 Adopted Capital Improvement Program document.

City Organizational Chart

Selected Financial Policies

Debt Policies

- The City of Seattle seeks to maintain the highest possible credit ratings for all categories of short- and long-term General Obligation debt that can be achieved without compromising delivery of basic City services and achievement of adopted City policy objectives.
- The City will reserve \$100 million of legal limited tax (councilmanic) general obligation debt capacity, or 12% of the total legal limit, whichever is larger, for emergencies.
- Except in emergencies, net debt service paid from the General Subfund will not exceed 9% of the total General Fund budget. In the long run, the City will seek to keep net debt service at 7% or less of the General Fund budget.

General Fund Fund Balance and Reserve Policies

- At the beginning of each year, sufficient funds shall be appropriated to the Emergency Subfund so that its balance equals 37.5 cents per thousand dollars of assessed value, which is the maximum amount allowed by state law.
- Tax revenues collected during the closed fiscal year which are in excess of the latest revised estimate of tax revenues for the closed fiscal year shall automatically be deposited to the Revenue Stabilization Account of the Cumulative Reserve Subfund. At no time shall the balance of the Revenue Stabilization Account exceed 2.5% of the amount of tax revenues received by the City during the fiscal year prior to the closed fiscal year.

Other Citywide Policies

- As part of the Mayor's budget proposal, the Executive develops a revenue estimate that is based on the best available economic data and forecasts.
- The City intends to adopt rates, fees, and cost allocation charges no more often than biennially. The rate, fee, or allocation charge structures may include changes to take effect at specified dates during or beyond the biennium. Other changes may still be needed in the case of emergencies or other unanticipated events.
- In general, the City will strive to pay for general government current operating expenditures with current revenues, but may use fund balance or other resources to meet these expenditures. Revenues and expenditures will be monitored throughout the year.
- In compliance with the State Accountancy Act, no City fund whose purpose is restricted by state or local law shall be used for purposes outside of these restrictions.
- Working capital for the General Fund and operating funds should be maintained at sufficient levels so that timing lags between revenues and expenditures are normally covered without any fund incurring negative cash balances for greater than 90 days. Exceptions to this policy are permitted with prior approval by the City's Director of Finance.

Budget Process

Washington state law requires cities with populations greater than 300,000, such as Seattle, to adopt balanced budgets by December 2 of each year for the fiscal year beginning January 1. The adopted budget appropriates funds and establishes legal expenditure limits for the upcoming fiscal year.

Washington state law also allows cities to adopt biennial budgets. In 1993, the City ran a pilot test on the concept of biennial budgeting for six selected departments. In 1995, the City moved from an annual to a modified biennial budget. Under this approach, the City Council formally adopts the budget for the first year of the biennium and endorses, but does not appropriate, the budget for the second year. The second year budget is based on the Council endorsement and is formally adopted by Council after a midbiennial review.

Budgetary Basis

The City budgets all funds on a modified accrual basis, with the exception of utilities and other enterprise funds, which are budgeted on a full accrual basis. Property taxes, business and occupation taxes, and other taxpayer-assessed revenues due for the current year are considered measurable and available and, therefore, as revenues even though a portion of the taxes may be collected in the subsequent year. Licenses, fines, penalties, and miscellaneous revenues are recorded as revenues when they are received in cash because this is when they can be accurately measured. Investment earnings are accrued as earned.

Expenditures are considered a liability when they are incurred. Interest on long-term debt, judgments and claims, workers' compensation, and compensated absences are considered a liability when they are paid.

Budget Preparation

Executive preparation of the budget generally begins in February and concludes no later than October 2 with the Mayor's submittal to the City Council of proposed operating and capital improvement program (CIP) budgets. Operating budget preparation is based on the establishment of a Current Services budget. Current Services is defined as continuing programs and services the City provided in the previous year, in addition to previous commitments that will affect costs in the next year or two (when developing the two-year biennial budgets), such as voter-approved levy and bond issues for new library and park facilities, as well as labor agreements and changes in health care, insurance, and cost-of-living-adjustments for City employees. At the outset of a new biennium, Current Services budgets are established for both the first and second years. For the midbiennium budget process, the Executive may define the Current Services budget as the second year budget endorsed by the Council the previous November, or re-determine current service levels.

During the budget preparation period, the Department of Finance (DOF) makes two General Fund revenue forecasts, one in April and one in August. Both are used to determine whether the City's projected revenues are sufficient to meet the projected costs of the Current Services budget. The revenue estimates must be based on the prior twelve months of experience. Proposed expenditures cannot exceed the reasonably anticipated and legally authorized revenues for the year unless the Mayor proposes new revenues. In that case, proposed legislation to authorize the new revenues must be submitted to the City Council with the proposed budget.

The 2006 Endorsed Budget has been used as the basis for the 2006 Proposed Budget. In February, departments were given direction by the Mayor to maintain the 2006 Endorsed Budget with few exceptions. In April, departments provided DOF with a preview of requested changes to the 2006 Endorsed Budget for approval, prior to submitting Budget Issue Papers (BIPs), which are summary-level descriptions of the suggested budget reductions or increases. In May, departments prepared and submitted BIPs to DOF for Mayoral consideration. The Mayor's Office reviewed the documents and provided direction to departments on the BIPs to include in their budget submittals in early June. In early July, DOF received departmental operating budget and CIP submittals, including all position changes. Mayoral review and evaluation of department submittals took place during the

Budget Process

month of August. DOF, in conjunction with individual departments, then finalized the operating and CIP budgets.

The process culminates in the proposed operating budget, CIP, and position list. Seattle's budget and CIP also allocate Community Development Block Grant funding. Although this federally funded program has unique timetables and requirements, Seattle coordinates it with the annual budget and CIP processes to improve preparation and budget allocation decisions, and streamline budget execution.

In late September, the Mayor submits the proposed budget and CIP to the City Council. In addition to the budget documents, DOF prepares supporting legislation and other related documents.

Budget Adoption

After the Mayor submits the proposed budget and CIP, the City Council conducts public hearings. The Council also holds committee meetings in open session to discuss budget requests with department representatives and DOF staff. Councilmembers then recommend specific budget actions for consideration by their colleagues. After completing the public hearing and deliberative processes, and after making changes to the Mayor's proposed budget, the City Council adopts the budget in late November through an ordinance passed by majority vote. The Mayor can choose to approve the Council's budget, veto it, or let it become law without mayoral signature. The Mayor must veto the entire budget or none of it. There is no line-item veto in Seattle. Copies of budget documents are available for public inspection at the DOF offices, in branches of the Seattle Public Library, and on the Internet at <http://www.seattle.gov/financedepartment>.

During the budget review process, the City Council may choose to explain its budget actions further by developing statements of legislative intent and budget guidance statements for future budget action. Intent statements state the Council's expectations in making budget decisions and generally require affected departments to report back to the Council on results. A chart summarizing the City's budget process schedule is provided at the end of this section.

Legal Budget Control

The adopted budget generally makes appropriations for operating expenses at the budget control level within departments, unless the expenditure is from one of the General Fund reserve accounts, or is for a specific project or activity budgeted in the General Subfund category called Finance General. These projects and activities are budgeted individually. Capital projects programmed in the CIP are appropriated in the budget at the program or project level. Grant-funded activities are controlled as prescribed by law and federal or state regulations.

Budget Execution

Within the legally adopted budget authorizations, more detailed allocations, as approved by DOF, are recorded in the City's accounting system, called SUMMIT, at the lowest levels of each department's organizational structure and in detailed expenditure accounts. Throughout the budget year, DOF monitors revenue and spending performance against the budget to protect the financial stability of the City.

Budget Amendment

A majority of the City Council may, by ordinance, eliminate, decrease, or re-appropriate any unexpended appropriations during the year. The City Council, generally with a three-fourths vote, may also increase appropriations from available money to meet necessary expenditures that were not foreseeable earlier. Additional unforeseeable appropriations related to settlement of claims, emergency conditions, or laws enacted since passage of the annual operating budget ordinance require approval by a two-thirds vote of the City Council.

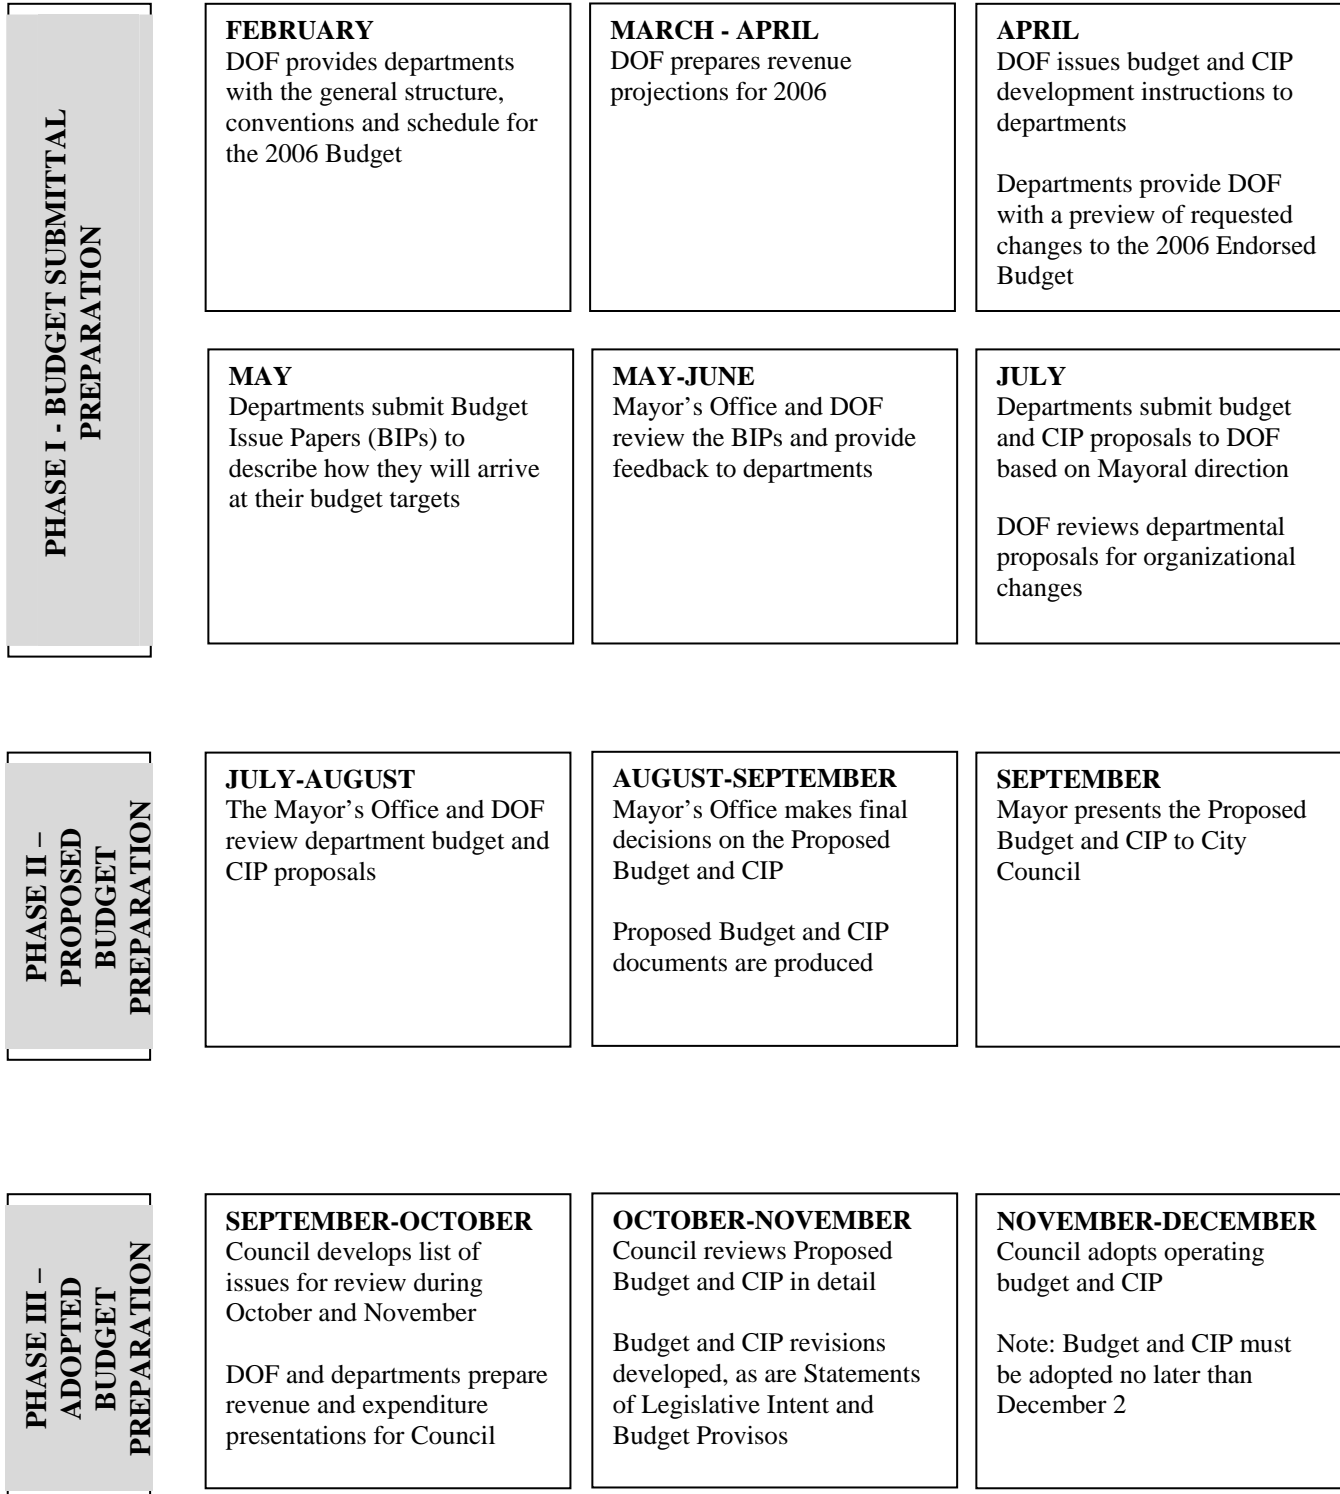

Budget Process

The Finance Director may approve, without ordinance, appropriation transfers within a department or agency of up to 10%, and with no more than \$500,000 of the appropriation authority for the particular budget control level or, where appropriate, line item, being increased. In addition, no transfers can reduce the appropriation authority of a budget control level by more than 25%.

In accordance with Washington state law, any unexpended appropriations for operating or ordinary maintenance expenditures automatically lapse at the close of the fiscal year, except for any appropriation continued by ordinance. Unexpended appropriations for capital outlays remaining at the close of the fiscal year are carried forward to the following year, except for any appropriation abandoned by ordinance. In developing guidelines for the transition to biennial budgeting, the City Council created a mechanism for allocating unexpended, non-capital, year-one appropriation authority. Resolution 28885 allows departments to carry forward into year two up to one-half of the unencumbered and unexpended non-capital appropriations remaining at the end of year one, with Council approval in year two's budget. The City's actual practices in this regard have varied over time due to fiscal conditions and policy priorities.

Budget Process

BUDGET PROCESS DIAGRAM –2006 BUDGET

Budget Overview

The City of Seattle's 2006 Budget reflects vastly improved regional economic conditions following the lengthy downturn that began in 2001. Strong growth in employment and personal income has added to the City's tax revenues, allowing some budget cuts taken in the last few years to be restored. Mayor Greg Nickels' 2006 Proposed Budget focused on a mix of one-time investments and ongoing additions to basic City services, such as police and fire staffing, transportation infrastructure, and human services programs. Revenue estimates continued to increase throughout the fall of 2005, allowing the City Council to add further funding for libraries, human services, and transportation in the Adopted Budget.

Economic and Revenue Environment

The Puget Sound region endured a difficult economic recession beginning in 2001. The region lost 6.9% of its jobs between December 2000 and September 2003. During the same time period, the U.S. as a whole lost only 2.1% of its jobs and Washington state lost only about 3%. The regional recession led to declines in many City revenues, including sales taxes, Business and Occupation (B&O) taxes, electricity sales, and water revenues.

The revenue effects of the poor regional economy were exacerbated by a variety of other challenges. Changes in state law since 2000 reduced Seattle's potential 2005 General Fund revenues by more than \$45 million. The largest component of this is due to Initiative 747, which was approved by the state's voters in 2001 (although defeated within Seattle) and limits annual property tax revenue growth to 1% plus the value of new construction versus the previous limit of 6% plus new construction. Revenues available for transportation projects were adversely affected by Initiative 776, which was approved by the state's voters in 2002 (as with I-747, this initiative failed in Seattle). This initiative eliminated the vehicle license fee collected by King County and shared with cities. This amounted to about \$5 million annually for Seattle, which was used to leverage another \$2 million to \$3 million in grants. State changes to the gas tax in 2005 offset a portion of this loss.

The Puget Sound area's economy started to improve in early 2004 and very strong employment growth began in the fourth quarter. The region is now growing faster than the rest of the state or the nation. Approximately 85 percent of the jobs lost in the recession had been recovered by the end of 2005 and forecasts call for continued employment growth through 2006. More information can be found in the General Subfund Revenue Overview section.

Revenues from the Real Estate Excise Tax (REET) have grown very rapidly since 2002. This tax is imposed at a rate of 0.5% on the value of all real estate sales. By state law, the proceeds can be used solely for certain capital projects, such as transportation infrastructure and major maintenance of parks, libraries, and general government facilities. The City deposits REET into the Cumulative Reserve Subfund. Growth in REET stems from a combination of three factors: increases in residential home prices, greater residential sales volume due to low interest rates, and growing investor interest in commercial real estate. REET revenues grew from \$22.6 million in 2002 to \$27.9 million in 2003, \$38.3 million in 2004, and \$49.4 million in 2005. The strong growth in REET has led to significant increases in major maintenance of City facilities, with a particular focus on street paving and other transportation projects.

Some national observers have expressed concern about a housing "bubble" in certain geographic markets. These bubbles might burst, resulting in significantly lower real estate prices. There is little evidence of such a bubble in the Seattle market. Housing values have increased but at nowhere near the rates seen in some other metropolitan areas. Thus, the REET forecast calls for a gradual slowing that would produce about \$37.4 million of revenue in 2006.

Approach to 2006 General Fund Budget

The improved economy and the strong revenue forecast provided additional funding for 2005 and 2006 beyond what was anticipated when the 2005 Budget was adopted and the 2006 Budget was endorsed in November 2004. Mayor Nickels directed these resources be spent in two ways. First, some targeted one-time investments were

Budget Overview

identified that will reduce future costs, improve performance, or allow the use of cash rather than anticipated bond issues. Second, high-priority services were added, including several programs that had to be cut in the first part of the decade.

The Mayor and Council used the 2006 Endorsed Budget as the basis for the 2006 Adopted Budget. In the City's biennial budget process, a second year budget is endorsed by the Mayor and City Council at the time the first-year budget is adopted. This Endorsed Budget is then revised for the second year of the biennium. For many programs, the 2006 Endorsed Budget became the 2006 Adopted Budget with no changes or with the only changes being updates to economic assumptions, such as salary and benefit calculations.

The 2006 Budget continues the City's commitments to strong financial policies. The Emergency Subfund is funded to the maximum amount allowed by state law, approximately \$36 million for 2006. Only a small amount of new debt (\$24 million) is included, with the largest amount for potential Airport Way Center (formerly Park 90/5) refinancing that will be reduced if the City succeeds in its suit to recover earthquake damage expenses from the property insurance carrier for this facility. New reserves are set up in the Police Department to cover the costs of future equipment replacement, including video cameras in patrol cars.

The Budget also builds on efficiencies that were achieved over the last few years. The City has eliminated low-priority activities and streamlined management of many functions. The most significant new effort in this area is a plan to centralize several technology activities in the Department of Information Technology (DoIT). These activities include email management, help desks, Web standards, and management of certain computing and communications hardware. The current decentralized environment leads to duplication and makes it difficult to ensure appropriate security. The Budget adds funds to begin a gradual transition of these functions to DoIT in 2006, pending further City Council review, with full implementation at the start of 2007.

While the fiscal situation for 2006 is favorable, the City faces some long-term concerns that call for caution in the current budget. Federal funding for the Community Development Block Grant (CDBG) program has been declining for several years and this trend is projected to continue. State changes in city B&O tax coverage could cost Seattle up to \$15 million to \$20 million in 2008 unless changes are made in the next two years. The Parks levy lid lift expires at the end of 2008, which would leave more than \$9 million of operating and maintenance costs to be cut or picked up by the General Fund. In view of these emerging concerns, the 2006 Budget limits the number of ongoing budget additions to reduce the possibility of future budget cuts.

Some of the highlights of the City's overall operating and capital budgets are described in the functional categories that follow. These categories are based on the Mayor's priorities of transportation, public safety, economic development, and strong families and healthy communities.

Transportation

Improving transportation is one of the City government's highest priorities. The 2006 Budget maintains all existing transportation programs and funds significant new capital projects, including:

- \$5.2 million of REET and \$700,000 of new gas tax for street resurfacing, which will help pave about 76 lane-miles in 2006.
- \$500,000 for a new sidewalk program to focus on parts of Seattle without sidewalks. The Seattle Department of Transportation (SDOT) has developed new approaches to sidewalk construction that dramatically reduce costs in areas that do not require significant investments in drainage infrastructure. This investment will be targeted to high pedestrian traffic areas and is expected to produce six to eight blocks of new sidewalks.
- \$600,000 to restore funding levels for bridge painting.

Budget Overview

- \$2.5 million of REET for future projects that will be identified in early 2006.
- \$628,000 to begin planning for mass transit improvements in the corridors that were to have been served by the Seattle Monorail Project, which was disbanded by the voters at the November 2005 election.

The Budget continues the City's support for the replacement of the Alaskan Way Viaduct and Seawall. In addition to a debt-financed capital budget of \$5.2 million, funding is provided for Center City traffic coordination and to begin to plan capital investments to improve traffic circulation when the Viaduct project is under way.

The Budget also provides continued funding for the South Lake Union streetcar project. Appropriations are provided at the levels approved by the Mayor and City Council in mid-2005. The Budget does not include appropriations from the proposed Local Improvement District (LID). These appropriations will be made in 2006 after the LID is formed. The Budget also includes \$360,000 for pedestrian and bicycle improvements in the neighborhood.

As was previously announced, the Budget includes \$1 million of General Fund support for King County's replacement of the waterfront trolley maintenance base.

Despite the strong commitment to transportation made in the 2006 Budget, the City of Seattle and other Washington cities face a growing crisis in transportation funding. In May 2004, the Citizens' Transportation Advisory Committee presented a report to the Mayor and City Council describing the backlog of transportation projects and calling for new funding sources for local transportation. Seattle has lost more than \$18 million in transportation revenue annually due to the passage of Initiative 776 and court invalidation of the street utility. Some additional revenue sources will be needed to prevent further growth in maintenance backlogs and to address major infrastructure projects.

Public Safety

Public safety is another high priority for Seattle's residents and elected officials. The 2006 Adopted Budget reflects implementation of Mayor Nickels' proposal to add 25 police officers starting in mid-2005, which was approved by the City Council in June. These officers will complete training in early 2006 and will be deployed to the highest priority areas of the city.

In addition, several capital investments are proposed to support the Police Department. Slightly more than \$1 million is provided to continue placing video cameras in all patrol cars. This additional funding also starts a reserve account to pay for replacement of cameras at the end of their useful lives. Faster replacement of bullet-proof vests will be possible by adding \$150,000 for this purpose. The hand-held ticketing devices used by parking enforcement officers have reached the end of their useful lives and a total of \$1.5 million is provided for replacement. A vendor will be selected in 2006 and actual replacement will occur in 2007.

The 2006 Budget adds \$1.3 million to the Fire Department to restore three on-duty strength positions, which necessitates five people per position in order to provide 24-hour per day coverage. The three positions will be assigned to the three engine companies that are the only unit at a particular station and that have only three-person crews. These are stations 16 (Green Lake), 21 (Greenwood), and 34 (Madison Valley).

The Seattle Municipal Court established a "community court" as a pilot project in 2005. This judicial approach is intended to link chronic, low-level offenders with services rather than sending them to jail. Funding for the community court is continued for 2006 and an evaluation of the program will be conducted by Office of Policy and Management (OPM) early in 2006.

The 2006-2011 Capital Improvement Program shows further progress in implementing the 2003 Fire Facilities and Emergency Response levy. Construction will begin on several new or remodeled fire stations during 2006, including the new Fire Station 10 complex that also houses the Emergency Operations Center and Fire Alarm

Budget Overview

Center. Supplemental legislation in mid-2005 added \$6 million of REET for this project, of which \$1 million will cover increases in construction material costs, \$1 million will be used to improve the environmental sustainability of the facility, and \$4 million will strengthen the neighboring Yesler Way overpass and build foundation components for a future Fire Department headquarters at the site. Construction of two new fire boats will also begin in 2005 or 2006. The Joint Training Facility to serve the Fire Department and other departments is already under construction, with completion scheduled for early 2006.

Economic Development

Mayor Nickels has identified economic development efforts as a key to improving the City's employment base and revenue sources. The 2006 Budget continues previous efforts in infrastructure development, permit consolidation, business retention, and job training. New initiatives are targeted to improving neighborhoods that are slated to receive significant growth, including Center City, Southeast Seattle, South Lake Union, and Northgate.

The Department of Planning and Development (DPD) and SDOT are working on a variety of developer fees to support low-income housing, open space, and transportation improvements in growing areas. Additional General Fund support is provided to DPD in the 2006 Budget to continue this work. DPD is also continuing its work on code simplification and waterfront planning.

OPM will lead work on a transit-oriented development strategy for Southeast Seattle. This will ensure land use and zoning requirements support appropriate development that will be triggered by the construction of the Sound Transit light rail line. OPM will continue its work to coordinate construction impacts in the Northgate neighborhood. The 2006 Budget also includes capital funding for transportation and drainage projects in that area.

Access to broadband technology is increasingly important for economic development and helps residents obtain information and programming. DoIT receives \$205,000 in the Budget to continue studies of this technology to see if there is vendor interest in using an expanded City-owned fiber optic network to offer broadband services. The City Council added two positions to start in mid-2006 to implement this program if attractive vendor proposals are received.

Strong Families and Healthy Communities

This priority area covers a wide range of topics, including support for the most vulnerable populations in Seattle and efforts to build vibrant communities throughout the city. The Budget contains many initiatives in this area:

- Funding levels for direct human services are increased significantly for 2006. The largest additions include: \$1 million for the operating costs of Connections, the new homeless hygiene center located on Third Avenue; \$350,000 to maintain homeless shelter bed capacity while beginning the shift to fund transitional housing called for in the 10-Year Plan to End Homelessness; \$294,000 for a variety of programs to improve services for residents of South Park; \$275,000 to increase funding for community health clinics; and \$225,000 of additional funding for food programs. The Fleets and Facilities Department also receives \$30,000 for operation of an emergency, severe-weather shelter in City Hall.
- The 2006 Budget reflects voter approval of the Families and Education Levy in September 2004. This Levy continues and expands the City's efforts to support children and youth, with new emphasis on readiness to learn and measurable outcomes.
- Library hours are increased at a cost of about \$961,000, which will allow all libraries to be open on Thursday evenings and will provide Sunday afternoon hours at some locations. In addition, \$1.5 million is added to increase the collections budget.

Budget Overview

- Several community requests for park facilities are funded, including new facilities at the Maple Leaf Community Garden, the proposed Lower Woodland Skate Park, Dahl Playfield, and Denny Park.
- \$257,000 is provided to expand the hours and locations for the Late Night Recreation program, a joint effort of the Parks and Police departments.
- The Budget includes continued support for the Mayor's Race and Social Justice Initiative, including additional funding in the Seattle Office for Civil Rights.
- Additional funding is provided for two news arts initiatives. A total of \$50,000 is provided to support planning for the Alaska Yukon Pacific Centennial and to support heritage organizations. About \$150,000 is provided to continue and expand programming at City Hall, which has proven to be a popular location for performers and the public.
- The Budget includes \$284,000 to add staffing and expand hours at the Animal Shelter. This will allow the Shelter to be open seven days per week and will increase animal adoptions. An additional \$128,000 is added to restore staffing for off-leash enforcement in parks.
- The capital budget continues to fund major maintenance of City facilities, such as pools, community centers, ballfields, and Seattle Center. Funding levels comply with City policies intended to ensure that the City invests adequate amounts to keep these facilities in good condition. In addition, \$695,000 is set aside in Finance General to support the renovation of the historic Georgetown City Hall.
- Several actions in the Budget support the Mayor's Green Seattle initiative. Most notably, the Mayor signed an Executive Order requiring two-for-one replacement of any trees removed by City maintenance or development projects. Additional funds are provided to pay for this order as it affects projects at Occidental and Freeway parks. The City Council added an additional \$184,000 for tree installation and maintenance.
- About \$2.4 million is provided for the Office of Housing to support construction of low-income housing in the South Lake Union neighborhood. This funding is consistent with the policy set when the City sold property in the neighborhood several years ago.

Utilities

Seattle City Light emerged from the short-term effects of the West Coast power crisis in mid-2004 by paying off the last of the short-term debt incurred to cover high energy costs resulting from poor water conditions and manipulation of the energy markets. New financial policies were adopted in 2005 that will gradually reduce the utility's reliance on debt to finance its capital program. The Executive will undertake a thorough review of City Light revenue requirements and rates over the next nine months, culminating in a rate proposal in early summer 2006.

The Seattle Public Utilities (SPU) Budget reflects few substantive changes from the Endorsed Budget. The Utility is continuing its asset management approach and is broadening the focus to include operational practices. This new approach has led to significant reductions in project costs and utility revenue requirements. SPU intends to submit either financial policy changes or rate proposals for all its utilities in 2006.

Looking to the Future

Most economic forecasts suggest the regional economy will continue to improve over the next several years. If so, the City's General Fund and utility budgets should be sustainable because the 2006 Adopted Budget does not rely on any significant use of nonrecurring funds. The transportation budget will face major challenges in 2007

Budget Overview

unless additional revenue sources become available. In addition, Seattle Center will continue to have revenue problems unless attendance at athletic and cultural programs returns to pre-2001 levels. The Center is working with the Mayor's Office, Department of Finance, and a citizens' committee to develop new business plans for each of its major operations to resolve this long-term issue.

Overall, the 2006 Budget represents a new direction in the City's fiscal fortunes. Economic improvements and increased efficiencies allow expansion of high-priority programs and establishment of new initiatives to reduce costs and minimize the use of debt. These steps allow City government to better serve Seattle's residents, businesses, and visitors.

Children's Budget

Over the last two years, the City has developed a results-oriented investment strategy for funding programs for children and youth. The goals of this effort, called the Children's Budget, are to improve school readiness, academic achievement, and health for all children and youth, with particular emphasis on reducing disproportionate outcomes by race and income level. The key elements of the Children's Budget strategy are:

- Invest in best practices and tested programs whenever possible;
- Track the progress of children and youth toward improved academic achievement and health;
- Use the knowledge gained by measuring and monitoring to improve programs and make better decisions about how to invest in children and youth in the future;
- Coordinate budgeting and planning for children and youth programs across City departments to allow City's policy-makers to make more strategic decisions, increase efficiencies, and, ultimately, improve outcomes for children and youth; and
- Keep the public informed about how the City's children and youth are faring, and the effects of City-funded programs.

The City invests in children and youth through the budgets of five City departments: the Office of Arts and Cultural Affairs, the Seattle Public Library, the Departments of Neighborhoods, the Department of Parks and Recreation, and the Human Services Department (which also contracts with a number of public health agencies in 2006). The overall annual Children's Budget for 2006 is approximately \$29.5 million, an increase from the 2005 level of \$28.4 million. City funding sources include the General Subfund and the Families and Education Levy. The Families and Education Levy, renewed by Seattle voters in September 2004, provides \$116.8 million for children and youth for seven years. The City's proposed General Subfund commitment is approximately \$14.7 million, an amount approximately \$500,000 greater than the City's General Subfund budget contribution in 2005.

The Children's Budget is organized into five major investment areas: Early Learning, Family Involvement and Support, Out-of-School Time, Support for High-Risk Middle and High School Age Youth, and Student Health. The funding changes and examples of the programs in each investment area are provided below.

Early Learning – Increase both General Subfund and Levy investments, increasing the total Early Learning amount from \$3.8 million to \$5.2 million. Program elements include preschool classes for low-income children, childcare for low-income families, and preschool and childcare teacher training.

Family Involvement and Family Support – Continue the overall funding commitment of approximately \$4.7 million per year. Program elements include helping parents help their children to achieve academically, and helping parents, especially immigrant and refugee parents, to get basic services such as food, shelter, and clothing.

Out-of-School Time – Increase both General Subfund and Levy investments, increasing the total Out-of-School Time investment from \$8.4 million to \$8.9 million. Program elements include after-school activities with an academic focus for elementary and middle school students, arts training for middle and high school students, summer day camp scholarships for low-income children, and library programs for children and teens.

Support for High-Risk Middle and High School Students – Program elements include nearly \$3.8 million a year for case management to help teens access public services, truancy prevention to help youth at risk of dropping out of school, and counseling for high-risk middle school students.

Student Health – Program elements include more than \$5.3 million a year for school-based health centers and school nurses in four middle schools and 10 high schools; mental health counseling for high-risk youth; and dental care for elementary school students.

General Subfund Revenue Overview

City Revenue Sources and Funds – December 2005

City Revenues

Seattle City government has four main sources of revenue supporting the services and programs the City provides its residents. First, taxes, license fees, and fines support activities typically associated with City government, such as police and fire services, parks, and libraries. Second, certain City activities are partially or completely supported by fees for services, regulatory fees, or dedicated property tax levies. Examples of City activities funded in whole or in part with fees include Woodland Park Zoo, Seattle Center, recreational facilities, and building inspections. Third, City utility services (electricity, water, drainage and wastewater, and solid waste) are supported by charges to customers for services provided. Finally, grant revenues from private, state or federal agencies support a variety of City services, including social services, street and bridge repair, and targeted police services.

In 2004, general government revenue totaled approximately \$682.4 million. General government revenue is projected to total \$707.2 million in 2005 and \$717.7 million in 2006.

City Funds

The City allocates its financial resources into a variety of accounting entities called “funds” or “subfunds” to account for revenues and expenditures. The use of multiple funds is necessary to ensure compliance with state budget and accounting rules, and to promote accountability for specific projects or activities. Operating expenditures for services typically associated with the City, such as police and fire, are accounted for in the General Subfund (comparable to the “General Fund” in budgets prior to 1996).

Many departments or programs have separate funds or subfunds. For example, operating revenues and expenditures for Seattle Center are accounted for in the Seattle Center Fund. Expenditures of revenues from the City’s Families and Education Property Tax Levy are accounted for in the Educational and Development Services Fund. In addition, the City maintains separate funds for debt service and capital projects. The City of Seattle has an obligation to ensure revenues from utility use charges are spent on costs specifically associated with providing utility services. As a result, each of the City-operated utilities has its own operating fund.

Finally, the City maintains pension trust funds, including the Employees’ Retirement Fund, the Firemen’s Pension Fund, and the Police Relief and Pension Fund. The City holds these funds in a trustee capacity, or as an agent, for current and former City employees.

General Subfund of the General Fund

The General Subfund is supported primarily by taxes. As Figure 1 illustrates, the most significant revenue source is the property tax, which accounts for 28%, followed by sales taxes, and the Business and Occupation (B&O) tax.

Revenue collections from sales, business and occupation, and utility taxes, which together account for 55% of General Subfund revenue, fluctuate significantly as economic conditions in the Puget Sound region change.

The following section describes the current outlook for the national and Puget Sound economies, followed by descriptions of General Subfund revenue forecasts for 2005-2006.

General Subfund Revenue Overview

Figure 1. 2005-Revised General Subfund Revenue Forecast by Source - \$707.2M

The National and Local Economy

National Economic Conditions and Outlook

The current expansion is now in its fourth year. The decade of the 1990s saw the longest national economic expansion on record, one that lasted a full 10 years. The expansion was characterized by rising productivity, a booming stock market, an expanding high-tech sector, and rising investment. During the high-growth years of the late 1990s, optimists talked of the arrival of a “new economy,” which would usher in a future characterized by rapid economic growth, soaring incomes, and an end to the business cycle.

The dream of a “new economy” ended in early 2000, when the stock market bubble burst. With stock prices no longer rising, businesses cut back on investment spending. Consumer spending also slowed as falling stock prices led to declining household wealth. The slowing economy slipped into recession in March 2001, and was weakened further by the September 11 terrorist attacks. Due to aggressive interest rate cuts by the Federal Reserve, the recession was both short and mild. The recovery began in December 2001.

In its early stages, the recovery was led by consumer spending, which was supported by tax cuts and low interest rates, and by growth in federal government spending. Since the second quarter of 2003 business investment has been expanding, and exports have been growing at a healthy pace since third quarter 2003. Low interest rates have boosted the housing market by stimulating construction and real estate activity, and home equity withdrawals have provided further support for consumer spending.

During the first two years of the recovery, 2002 and 2003, the economy’s growth was weak and uneven. Although the recovery officially began in December 2001, employment continued to decline for the next 18 months, hitting bottom in May 2003 (see Figure 2). Other economic measures, such as gross domestic product (GDP) were largely disappointing during this period.

General Subfund Revenue Overview

However, since the beginning of 2004, the recovery has strengthened and growth has been more stable. The economy has created an average of 175,000 jobs per month since January 2004, and GDP growth has ranged between 3.3% and 4.3% over the past eight quarters. In addition, the economy has weathered the rise in energy prices and the effects of Hurricanes Katrina and Rita surprisingly well.

Figure 2. U.S. Employment

Note: data are seasonally adjusted.

The forecast is for continued growth with gradual slowing. The majority of economists expect the expansion to remain on track but that growth will slow gradually during 2006. Contributing to the slowdown will be higher interest rates, high oil prices, a slowing of the housing market, and the burden of high household debt. Global Insight predicts that the growth rate of Gross Domestic Product (GDP) will decline from 4.2% in 2004 to 3.7% in 2005 and 3.5% in 2006.

The economy faces a number of risks as the expansion moves forward. Perhaps the most immediate risk comes from rising energy prices. Although the economy has managed to grow at a healthy pace despite the rise in energy prices over the past 24 months, at some point high prices may cause the economy to slow significantly. This is particularly likely if energy prices cause inflation to rise, inducing the Federal Reserve to raise interest rates aggressively. Other risks to the expansion include the nation's large trade and budget deficits and the rapid escalation of housing prices. Many economists believe that housing bubbles exist in at least some regional housing markets.

Puget Sound Region Economic Conditions and Outlook

The recession hit the Puget Sound region hard. The national recession started in early 2001 with the deflation of the stock market bubble and a sharp decline in investment in high-technology products and services. The recession widened after the September 11 terrorist attacks, as travel-related business joined in the downturn. Because of its specialization in both high-tech and travel-related businesses, the Puget Sound region suffered more from the 2001 recession than almost any region in the nation. In early 2001, the region's economy was hit by:

- The demise of the local dot-com sector;
- Layoffs or business closures in much of the high-tech sector;
- A sharp decline in stock-option income;
- A steep drop in venture-capital investment; and

General Subfund Revenue Overview

- A decline in household wealth driven by falling stock prices.

Conditions deteriorated further following the September 11 attacks, which caused a sharp drop in air travel and financial distress for the world's airlines. This forced Boeing, the world's largest maker of commercial airliners, to cut back severely its projections of the demand for airliners during the next several years. Boeing announced it would reduce production by 50%, and over the next 2¾ years the company eliminated 27,200 of its Washington state jobs. This was the second round of major layoffs at Boeing following the company's most recent employment peak in June 1998. Between mid-1998 and June 2004, Boeing reduced its Washington employment by 51,200.

The timing and severity of the region's recession is illustrated in Figure 3, which shows monthly employment since January 1999 for the U.S., the State of Washington, and the Seattle Metropolitan Division (MD), which includes King and Snohomish Counties. The employment data have been indexed to equal 100 in December 2000, the month of peak employment in the Seattle MD. The drop in Washington and Seattle MD employment in September 2005 is due to a strike by Boeing machinists.

**Figure 3. Non-Agricultural Wage & Salary Employment
(December 2000 = 100)**

NOTE: Data are seasonally adjusted. Seattle MD = King & Snohomish Counties.

Following several years of steady gains, employment growth began to slow in the second half of 2000, both locally and nationally, and then turned down in early 2001 (see Figure 3). Employment declines during 2001-03 were much greater in the Seattle MD than in the U.S. and Washington, as the state's recession was focused in the greater Seattle area. The loss of employment from the highest month to the lowest month (i.e., peak-to-trough) was 6.9% for the Seattle MD, 3.0% for Washington, and 2.1% for the U.S. The Seattle MD's 6.9% decline reflects the loss of 97,800 jobs between December 2000 and September 2003.

Following two years of decline, regional employment more or less stabilized in 2003. With the national economy improving and Boeing layoffs slowing to a relative trickle, employment began to increase slowly beginning in early 2004, and growth picked up as the year progressed. Nevertheless, as of October 2005, Seattle MD employment was still 1.6% below its pre-recession peak, while both the nation and the state surpassed their pre-recession employment levels early in 2005 (see Figure 3).

The Puget Sound Region is now growing faster than the U.S. and Washington state. As a result of improvement in the region's economy during the past year, the Seattle MD is now growing more rapidly than

General Subfund Revenue Overview

both the nation and the state. For the first 10 months of 2005, employment in the Seattle MD has grown at a healthy 3.1% rate, if the effects of the Boeing strike are removed from the September employment figures.

Spurring the region's recovery has been strong growth in exports, which has been stimulated by the decline in the value of the dollar over the past three years. The region's two largest firms, Boeing and Microsoft, have been leaders of the export resurgence. With its production rates rising and the need to hire for 787 development work, Boeing has increased its Washington work force by 6,900 over the past year. Microsoft has added approximately 1,400 workers locally in each of past two years, and expects to add a similar number next year. Tourism, which is an export industry because tourists spend money earned outside of the region in the local economy, is also on the upswing.

With an expanding national economy and Boeing and Microsoft hiring new workers, the region's economy is expected to continue to expand through 2006. The Puget Sound Economic Forecaster predicts employment in the four-county Puget Sound region, which is composed of King, Kitsap, Pierce, and Snohomish Counties, will increase by 3.0% in 2005 and 2.7% in 2006 (see Figure 4).

Figure 4. Annual Growth of Puget Sound Region Employment

Note: 2005-06 forecasts are from Puget Sound Economic Forecaster.
Puget Sound Region is King, Kitsap, Pierce, and Snohomish Counties.

Consumer Price Inflation

Consumer price inflation has risen as oil prices have climbed. The 2001 national recession and the subsequent weak recovery helped to bring U.S. inflation down to its lowest level since the early 1960s. However, after having fallen to a 1.3% average rate during the first half of 2002, inflation has been rising gradually. Core inflation, which excludes volatile energy and food prices, has ranged from 2.0% to 2.4% (measured on a year-over-year basis) during the past 12 months. However, the recent surge in energy prices that was exacerbated by Hurricanes Katrina and Rita pushed the overall CPI-U up to 4.7% on a year-over-year basis in September 2005. Although energy prices are expected to decline somewhat from recent peaks, no one is predicting a significant drop in prices.

General Subfund Revenue Overview

Due to the severity of the local recession, Seattle area inflation, which was higher than national inflation in every year but one between 1990 and 2002, dropped below U.S. inflation beginning in late 2002. However, by mid-2005, local inflation had risen back to U.S. levels, largely because the region's economy had improved. Looking to the future, local economists expect Seattle area inflation to fall in the 2% - 3% range.

It should be noted that current inflation forecasts are affected by the following sources of uncertainty:

- We are in a period of rising national inflation following a period of relative stability;
- The regional economy is making the transition from decline to growth; and
- There is considerable uncertainty regarding future energy prices.

Figure 5 presents historical data and forecasts of inflation for the U.S. and Seattle metropolitan area through 2006. The forecasts are for the CPI-W, which measures price changes for urban wage and clerical workers (the CPI-U measures price changes for all urban consumers). The specific growth rate measures shown in Figure 5 are used as the bases of cost-of-living adjustments in City of Seattle wage agreements.

Figure 5. Consumer Price Index Forecast

	U.S. CPI-W (June-June growth rate)	Seattle CPI-W (June-June growth rate)	Seattle CPI-W (growth rate for 12 months ending in June)
2003 (actual)	2.1%	0.9%	1.6%
2004 (actual)	3.2%	2.5%	1.3%
2005 (actual)	2.6%	2.3%	2.3%
2006	2.8%	2.8%	3.4%

The first two forecasts shown in Figure 5 measure the change in consumer prices from June of one year to June of the following year. The third forecast measures the growth rate of the Seattle CPI-W over a one year period ending in June (i.e., July – June). Because the Seattle CPI is published on a bimonthly basis, this growth rate reflects the average rate of inflation for August, October and December of one year and February, April and June of the following year.

General Subfund Revenue Forecasts

Revenue Overview

Figure 6 shows General Subfund actual revenues for 2004, as well as the adopted and revised forecasts for 2005, and the endorsed and adopted forecasts for 2006. For 2005, tax revenues are expected to show a strong 6.9% increase over 2004, far exceeding Seattle's inflation rate of 2.3%. The largest change stems from the B&O tax, reflecting the sharp increase that occurred in fourth quarter 2004, led by construction and finance, insurance and real estate. A strong growth rate of 8.6% for B&O is expected in 2005, with growth slowing to 5.7% in 2006. Similarly for sales tax, revenue grew sharply in fourth quarter 2004, led by retail trade, construction, and manufacturing. The sales tax forecast also calls for strong growth in 2005 that slows in 2006.

Also contributing to this large growth spurt in 2005 are the utility tax revenue increases resulting from the City Council's decision to raise the tax rate from 10% to 11.5% for water, drainage, wastewater, the City's solid waste utility, and private garbage. In addition, the water utility tax rate was increased in 2005 by an additional 4% to pay for the cost of shifting fire hydrant services from utility revenues to General Fund revenues. Customers will

General Subfund Revenue Overview

not be affected because the tax rate increase is offset by a decrease in water rates (rates decreased because the water utility will no longer be paying for hydrant service costs). A similar change was made in wastewater taxes to fund public toilets. See the Public Utilities section for more detail. For private utilities, natural gas revenues are projected to increase significantly due to an increase in rates in fall 2005 that will likely be sustained through 2006. Also in 2006, an additional \$291,000 is anticipated from the City Council direction to accelerate the installment of 123 parking pay stations in areas (now free) that will be converted to pay parking.

NOTES:

(1) Includes property tax levied for the fire pension fund per RCW 41.16.060

(2) The 2005 Adopted and 2006 Endorsed figures reflect the net revenue of Admission tax revenue after the transfer of revenue to the Arts Fund. The 2005 Revised and 2006 Adopted figures reflect the total amount of revenue from Admission tax.

(3) Included in 2004 are the pass-through revenues that are not appropriated or forecasted.

A detailed listing of City General Subfund revenues is found in the Funds, Subfunds and Other section.

* Under the City Charter, 10% of certain revenues are deposited into the Parks Fund. These revenues are noted by the 90% figures above. This requirement also applies to certain license revenues.

General Subfund Revenue Overview

Figure 7 shows how tax revenue growth outpaced inflation for most of the 1990s and 2000 before the local recession took hold. Slow growth posted in 2001 is also attributable to Initiative 747, which reduced the statutory annual growth limit for property tax revenues from 6.0% to 1.0% beginning in 2002. Led by the strong growth in 2004, the forecast for 2005-06 projects stronger-than-inflation growth.

Figure 7. City of Seattle Tax Revenue Growth, 1990-2006

Property Tax

Property tax is levied primarily on real estate owned by individuals and businesses. Real estate consists of land and permanent structures, such as houses, offices, and other buildings. In addition, property tax is levied on business machinery and equipment.

In 2005, the total property tax rate in Seattle is about 1.02% of assessed value (which officially is expressed as \$10.21 per thousand dollars of assessed value). The assessed value is generally intended to be 100% of the market value, and is determined by the King County Assessor. For an owner of a home with an assessed value of \$370,000 (the average assessed value for residences in Seattle), the 2005 tax obligation is approximately \$3,800.

As Figure 8 shows, a number of jurisdictions receive a portion of the property tax levied on Seattle property owners. The figure illustrates how City property tax revenues are distributed among City programs. The City's General Subfund receives 63% of the City's property tax revenue. In addition, several voter-approved levies, such as the 2000 Parks Levy and the 2004 Families and Education Levy, support various City programs and projects. In November 2003, Seattle voters approved additional property taxes to finance the building and renovation of fire stations. Collections for the \$167 million levy began in 2004 and will continue until 2012. In September 2004, Seattle voters approved a \$117 million, seven-year renewal of the Families and Education levy. This is the second renewal of the levy that was first approved in 1990.

General Subfund Revenue Overview

The 2006 Adopted Budget implements a 1% growth factor for both 2005 and 2006. The forecast for the General Subfund portion of the City's property tax is \$183.8 million in 2005 and \$187.9 million in 2006. The annual growth in property tax revenue is restricted by state statute. Since 1973, state law limited the annual growth of the City's General Subfund non-voted property tax revenues to 6%, plus the value of the new construction. However, in November 2001, voters statewide approved Initiative 747, which changed the 6% limit to the lesser of 1% or the Implicit Price Deflator, effective for the 2002 collection year.

New construction adds to City levy. State law permits the City to increase its General Subfund property tax revenues by more than the 1% growth limit to reflect tax on property constructed or remodeled within the last year. After several years of record-breaking new construction revenue, the forecast for 2006 reflects continued strong construction activity. It is projected that approximately \$3.5 million will be added to the property tax base in 2006 due to new construction.

General Subfund Revenue Overview

(tax rate = \$3.35 per \$1,000 assessed value)

General Subfund Revenue Overview

Retail Sales and Use Tax

The retail sales and use tax (sales tax) is imposed on the sale of most goods and certain services in Seattle. The tax is collected from consumers by businesses that, in turn, remit the tax to the state. The state provides the City with its share of these revenues on a monthly basis.

The sales tax rate is 8.8% for most taxable transactions. The rate was increased from 8.6% in April 2001, following approval by King County voters to raise the sales tax rate by 0.2% to provide additional funding for transit. The exception to the 8.8% rate is a 9.3% rate that is applied to food and beverages sold in restaurants, taverns, and bars throughout King County. The extra 0.5% was imposed in January 1996 to help pay for the construction of a new professional baseball stadium in Seattle.

The basic sales tax rate of 8.8% is a composite of separate rates for several jurisdictions as shown in Figure 9. The City of Seattle's portion of the overall rate is 0.85%. In addition, Seattle receives a share of the revenue collected by the King County Criminal Justice Levy.

Figure 9. Sales and Use Tax Rates in Seattle, 2006

NOTE: Rate is 9.3% for food and beverages sold in restaurants and bars.

Sales tax revenue has grown and contracted with the region's economy. The robust economy of the late 1990s resulted in very strong growth in taxable retail sales in Seattle. As illustrated in Figure 10, taxable sales growth accelerated rapidly in 1996-97, driven by a strong economy led by aggressive expansion at Boeing. Following a brief slowdown, there was another surge in 1999, when the stock market and technology booms reached their peaks. Growth began to slow in 2000, when the stock market bubble burst and technology firms began to falter. The slowdown continued into 2001 and 2002, with growth rates turning sharply negative beginning in early 2001. Year-over-year growth rates were negative for 10 consecutive quarters beginning in first quarter 2001, and revenue growth remained weak through third quarter 2004. Healthy growth finally returned in the fourth quarter of 2004, as revenue increased by 5.9%. Growth continued to accelerate in the first half of 2005, led by an upswing in construction activity.

General Subfund Revenue Overview

Reflecting the severity of the local recession, taxable retail sales in second quarter 2005 were only 1.3% above their pre-recession peak reached in third quarter 2000.¹ When the data are adjusted to remove the effects of inflation, taxable sales are down 9.7% from their pre-recession peak.

Figure 10. Quarterly Taxable Retail Sales: Year-Over-Year Growth

Retail sales tax revenue is forecast to increase by 8.6% in 2005 and then slow in 2006. In 2004, retail sales tax revenue posted its first annual increase since 2000, with a gain of 4.7% (see Figure 11). Revenue growth is expected to rise to 8.6% in 2005, due in part to construction activity for Sound Transit’s light rail line and a very large audit payment in the amount of \$1.05 million. Growth is expected to slow to 2.9% in 2006, in part because of an anticipated refund of \$1.0 million to a large taxpayer. If the 2005 audit payment and 2006 refund are excluded, growth drops to 7.7% in 2005 and rises to 4.5% in 2006.

¹ Based on seasonally adjusted taxable retail sales.

General Subfund Revenue Overview

Figure 11. Annual Growth of Retail Sales Tax Revenue

Note: All revenue figures reflect current accrual methods. 2005-06 are forecasts.

This relatively optimistic forecast reflects the influence of the improved regional economy and a forecast of economic growth continuing through 2006. In addition, the construction industry, which was a major drag on sales tax revenue during the recent downturn, is now expanding at a healthy pace.

Business and Occupation Tax

The Business and Occupation (B&O) tax is levied by the City on the gross receipts of most business activity occurring in Seattle. Under some conditions, gross receipts of Seattle businesses are excluded from the tax if the receipts are earned from providing products or services outside of Seattle.

The City levies the B&O tax at different rates on different types of businesses, as indicated in Figure 13 at the end of this section. For example, retail trade businesses are subject to a tax of 0.215% on gross receipts, while service businesses, such as accounting, are taxed at a 0.415% rate. Included in the forecast of B&O tax revenue are projections of tax refund payments and estimates of tax penalty and interest payments for past-due tax obligations.

Other things being equal, the B&O tax base is more stable than the retail sales tax base. Relative to the sales tax base, the B&O base is broader, less reliant on the construction and retail trade sectors, and more dependent upon the service sector (most services are not subject to the sales tax).

After rising strongly in the second half of the 1990s, B&O revenue growth stalled from 2001 to 2004.

Beginning in 1995, the City made a concerted effort to administer the B&O tax more efficiently, educate taxpayers, and enforce tax regulations. As a result of these efforts, unlicensed businesses were added to the tax rolls, businesses began reporting their taxable income more accurately, and audit and delinquency collections increased significantly – all of which resulted in very strong B&O revenue growth during the period 1995-97. Growth slowed somewhat in 1998, as these efforts began to yield diminishing returns once the most obvious and productive techniques for identifying unlicensed or under-reporting businesses had been put into practice.

With the economy continuing to expand, B&O revenue continued to grow at a healthy pace through 2000. In 2000 revenue was boosted by changes in the way the State of Washington taxes financial institutions, which resulted in a significant increase in City B&O tax revenue from financial institutions.

General Subfund Revenue Overview

When the region's economy slipped into recession in early 2001, B&O revenue growth slowed abruptly (see Figure 12). Revenue from current year tax obligations declined by 2.5% during 2001. However, this decline was offset by a large increase in non-current revenue, which includes revenue from audit activity, refunds, penalty and interest payments, and other enforcement activity. As a result, 2001 saw an overall gain of 0.6% in B&O receipts. This pattern was repeated in 2002, when a 2.1% decline in the growth of the tax base (current obligations) was offset by another large increase in non-current revenue, resulting in a small positive increase of 0.8% for the year. The strong growth in non-current revenue seen in 2001 and 2002 reversed in 2003 and 2004, as non-current revenue dropped in both years. However, the decline in non-current revenue was offset by healthy growth in the tax base, 4.0% in 2003 and 5.4% in 2004, yielding weak but positive revenue growth in both years.

Figure 12. Annual Growth of B&O Tax Revenue

*1990 and 1991 figures have been adjusted to remove the effects of tax rate increases.

Note: Revenue figures reflect current accrual methods; 2005-06 are forecasts.

B&O revenue is forecast to grow at a healthy pace in 2005 and 2006. With the region's economy expanding at a healthy pace, B&O revenue is forecast to increase by 8.6% in 2005 and 5.7% in 2006. The slowdown in growth anticipated in 2006 reflects an expected slowing of both the national economy and the rate of growth of construction activity.

The B&O revenue forecast incorporates revisions the City Council made to the Executive's B&O forecast in November 2002 and November 2004 that provide additional funding for contract auditing.

Utility Business Tax - Private Utilities

The City levies a tax on the gross income derived from sales of utility services by privately owned utilities within Seattle. These services include telephone, steam, cable communications, natural gas, and refuse collection for businesses.

Natural gas utility tax forecast is revised upward. The City levies a 6% utility business tax on gross sales of natural gas. Since the beginning of the West Coast energy crisis in 2000, natural gas revenues have undergone a roller coaster ride. After a decade of stable prices, rates for natural gas skyrocketed, and revenues in 2001 and

General Subfund Revenue Overview

2002 were at record highs. Although natural gas rates stabilized somewhat in 2004, short- and medium-term supply and demand pressures have led to significant wholesale price increases and prompted Puget Sound Energy to request a rate increase effective Oct. 1, 2005. The new rates will increase consumer costs by 14.7% across all groups of customers and are expected to remain in place through 2006.

Telephone utility tax forecast is overshadowed by federal legislation. The utility business tax is levied on the gross income of telecommunication firms at a rate of 6%. After extraordinary growth over several consecutive years in the late 1990s, the telecommunications revenue growth halted completely in 2002, and began declining in the fourth quarter of that year. A variety of forces – the lackluster economy, industry restructuring, and heightened competition – all served to force prices downward and reduce gross revenues. Additionally, recent technological changes, particularly voice over Internet protocol (VoIP) which enables local and long-distance calling through broadband Internet connections, contribute to the uncertainties in this revenue stream.

The technological risks are magnified due to a strong interest by U.S. legislators to keep access to Internet connections and many forms of Internet communication free from regulation and taxation. Current federal legislation, which expires at the end of 2006, allows grandfathering of state and local taxes on telecommunications if they existed prior to Oct. 1, 1998. Although the economic outlook is currently optimistic, the City is forecasting a flat to declining trend in this revenue. In anticipation of growing business and residential adoption of new technologies and services, the City revised its forecast of \$28.7 million in 2005 and 2006, down to \$27.0 million in 2005 and \$26.0 million in 2006. At this time, however, actual receipts require an upward adjustment of \$850,000 in 2005 to \$27.8 million. The 2006 estimate remains at \$26.0 million.

Strong growth for cable. The City has franchise agreements with cable television companies operating in Seattle. Under the current agreements, the City levies a 10% utility tax on the gross subscriber revenues of cable TV operators, which accounts for about 90% of the operators' total revenue. The City also collects B&O taxes on miscellaneous revenues not subject to the utility tax. The imposition of a 2.5% franchise fee makes funds available for cable-related public education access purposes. This franchise fee, which does not go to the General Subfund, increased to 3.5% in 2005.

In 2004, the cable utility tax generated more than \$9 million; however, payments due in 2004 were received late and booked in 2005, skewing 2005 revenues by approximately \$700,000. Cable revenues are expected to grow by more than 9% in 2005 and by 6.5% in 2006. Amid growing competition from satellite TV, the cable industry has increased its services, including additional channels, pay-per-view options, and digital reception.

Utility Business Tax - Public Utilities

The City levies a tax on most revenue collected by City-owned utilities (City Light, water, drainage, wastewater, and solid waste). In 2004, tax rates were 6.0% for electricity and 10.0% for the other public utility services (tax rates are shown in Figure 13). In November 2004, the City Council increased the tax rates for all public utility services except electricity from 10.0% to 11.5% effective in 2005. In addition, the utility tax rate on water service was increased by 4.04% to pay for fire hydrant service costs, and the tax rate on wastewater service was increased by 0.5% to fund public toilets. These tax rate increases result in significant increases in General Subfund revenue in 2005 and 2006.

Other factors affecting the forecast of utility tax revenue are anticipated changes in the quantities of utility services consumed and the rates charged for those services. Information on utility service consumption trends and utility rates for the different public utilities is provided in the sections on Seattle City Light and Seattle Public Utilities. In addition, beginning in 2006, City-owned utilities will pay utility tax on revenue received from the sale of utility services to City of Seattle customers.

Water. The utility tax rate on water service increased to 14.04% on Jan. 1, 2005, and 15.54% on May 15, 2005. Largely as a result of these tax rate increases, utility tax revenue from water service is forecast to grow by 44.5% in 2005 and 4.8% in 2006.

General Subfund Revenue Overview

The 4.04% increase in the utility tax rate for water service that went into effect on Jan. 1, 2005, pays for the cost of providing fire hydrant services. Hydrant services have been shifted from utility customers, who previously paid for hydrant services through their water rates, to the service providers who use the water. Hydrant services costs were about \$4 million in 2003, with the City of Seattle's General Fund accounting for about \$3.8 million. The impact upon customers is insignificant because the increase in costs resulting from the utility tax rate increase will be offset by lower water rates. Water rates will be lower because the water utility will no longer be paying hydrant service costs.

Drainage and Wastewater. Effective Jan. 1, 2005, the utility tax rate increased to 12.0% for wastewater service and 11.5% for drainage service. The extra 0.5% increase for wastewater service pays for the cost of providing public toilets. Largely as a result of these tax rate increases, revenue from drainage and wastewater service is forecast to increase by 30.3% in 2005 and 5.2% in 2006.

The 0.5% increase in the wastewater utility tax rate to pay for public toilets will not result in increased costs for wastewater utility ratepayers. In 2004, the City's wastewater utility paid for the cost of public toilets. Beginning in 2005, these costs will be paid by the City's General Fund with the revenue from the 0.5% utility tax rate increase. In both cases wastewater utility ratepayers are the source of funding for public toilet costs. However, beginning Jan. 1, 2005, the source of the revenue shifted from wastewater rates to the wastewater utility tax.

Solid Waste. The utility tax rate on both City of Seattle and commercial solid waste service increased to 11.5% on April 1, 2005. Largely as a result of these tax rate increases, revenue from solid waste service is forecast to increase by 6.9% in 2005 and 4.3% in 2006.

Admission Tax

The City imposes a tax on admission charges to most Seattle entertainment events. The City's tax rate is 5% of these charges, the maximum allowed by state statute. This revenue source is highly sensitive to unanticipated swings in attendance at athletic events. It is also dependent on economic conditions, as people's ability and desire to spend money on entertainment is influenced by general prosperity in the region.

Re-dedicating admission tax revenues to the arts. In November 2000, the City Council passed Ordinance 120183, dedicating 20% of the City's admission tax revenue, with some exceptions, to programs supported by the Office of Arts and Cultural Affairs. This was in effect for 2001 and 2002; however, it was suspended for 2003 and 2004 due to budget constraints. The 2006 Adopted Budget reflects the Executive's proposal to reinstate the dedication of admission tax revenue to the arts account as follows: 15% in 2005, estimated at \$750,000, and 20% in 2006, estimated at \$1.02 million, excluding revenue from professional men's basketball. The forecasts in Figure 6 for admission taxes reflect the full amount of tax revenue. The Office of Arts and Cultural Affairs budget provides detail on the Office's use of Arts Account revenue from the Admission tax.

Licenses and Permits

The City requires individuals and companies conducting business in Seattle obtain a City business license. In addition, some business activities (e.g., taxi cabs and security systems) require additional licenses referred to as professional and occupational licenses. The City also assesses fees for public-safety purposes (e.g., pet ownership, fire hazard inspection, and gun ownership) and charges a variety of fees for use of public facilities and rights-of-way.

For 2005-06, an additional \$1 million each year is anticipated from higher fees for inspections conducted by the Fire Department concerning hazardous material storage, building safety and plan reviews.

The City instituted a two-tier business license fee structure beginning with licenses for 2005. The cost of a license is \$90 for businesses with revenues of more than \$20,000 and \$45 for businesses with revenues less than

General Subfund Revenue Overview

\$20,000. The fee for all licenses was \$80 in 2004. This change results in an expected decline in revenue from business license fees of \$90,000 in both 2005 and 2006.

The transition to the two-tier business license, which occurred in late 2004, caused a delay in the mailing of license renewals for 2005. As a result, business license fee revenue fell 14.9% short of forecast in 2004 as payments that would normally have been received in 2004 slipped into 2005. The forecast for 2005 has been raised to reflect this.

Parking Meters/Meter Hoods

Revenue to the General Subfund from street parking charges had been stable between 2000 and 2003. Street parking meters generated roughly \$9.7 million annually and the rental of meter hoods generated approximately \$1 million annually.

In spring 2004, after lengthy evaluation, the City of Seattle began removing traditional parking meters and replacing them with pay stations in various areas throughout the City. Pay stations are parking payment devices offering the public a more convenient array of payment options, including credit cards and debit cards, to pay for hourly street parking. Along with this switch, the City increased parking rates from \$1 per hour to \$1.50. In light of these changes, parking revenues are anticipated to increase to \$14.2 million in 2005 and \$16.0 million in 2006. The 2006 estimate includes previously unanticipated revenues (\$291,000) from 123 pay stations installed sooner than planned per Council's decision to accelerate the original installation plan. More information about the pay station technology program is provided in the Seattle Transportation section of this document.

Effective in 2004, the City increased meter hood rental fees. This revenue was forecast to increase in 2005 and 2006 to approximately \$1.4 million in each year. Due, apparently, to price related reductions in demand, this estimate is being revised downward to approximately \$1.0 million in both 2005 and 2006.

Court Fines

Most fine and forfeiture revenue reflects payments on parking and traffic fines issued by the Seattle Municipal Court. Historically, more than 70% of these revenues are from parking fines, while much of the remaining amount comes from traffic violations. In 2003, parking ticket revenues were approximately \$12.6 million, with total fine and forfeiture revenues of \$16.0 million. Total and parking fine revenues increased significantly in 2004 to roughly \$17.6 million and \$14.8 million respectively, due to a series of events:

- parking enforcement officer positions were fully staffed;
- parking enforcement schedules were expanded to include weekends;
- the Court hired a new collection agency; and
- an amnesty program was implemented, which forgave past-due fines if outstanding tickets were paid in full.

Given the nature of some of these influences, the 2005 Adopted and 2006 Endorsed Budget projected a return to a more typical total fines and forfeitures revenue stream of \$16.5 million in both years. The 2006 Adopted forecast reduces the 2005 estimate by \$525,000 to \$16.0 million and the 2006 estimate by \$1.3 million to \$15.2 million in anticipation of reduced numbers of parking tickets as a result of enforcement and compliance changes related to the new pay station technology.

General Subfund Revenue Overview

Interest Income

The General Subfund receives interest earnings on cash balances attributable to a group of affiliated operating and project funds, as well as many subfunds of the General Fund. Many other City funds are independent, retaining their own interest earnings. Interest income to the General Subfund varies widely, subject to significant fluctuations in cash balances and changes in interest rates dictated by economic and financial market conditions.

The forecast for this revenue at the beginning of the biennium assumed cash balances would decline over the duration of the biennium, but interest rates and the City's overall yield would increase from their 2004 levels. Although interest rate and yield assumptions have largely held, cash balances have declined due, in large part, to transfers of cash from affiliated funds to independent funds. Current estimates for General Subfund interest earnings are \$1.8 million in 2005 and \$1.6 million in 2006.

Revenue from Other Public Entities

Washington state shares revenues with Seattle. The State of Washington distributes a portion of revenues directly to cities. Specifically, portions of revenues from the State General Fund, liquor receipts (both profits and excise taxes), and motor vehicle fuel excise taxes are allocated directly to cities. Revenues from motor fuel excise taxes are dedicated to street maintenance expenditures and are deposited into the City's Transportation Fund. Revenues from the other taxes are deposited into the City's General Subfund.

Criminal Justice revenues. The City receives funding from the state for criminal justice programs, although significantly less than in previous years. This is because criminal justice assistance resources had been traditionally funded by the state from the Motor Vehicle Excise Tax, which was eliminated in 2000. Now, as provided for under the previously approved Referendum 49, the state provides more modest distributions out of its General Fund. These revenues are allocated on the basis of population and crime rates relative to statewide averages. The City should receive approximately \$2 million each year for 2005 and 2006.

Liquor Board profits and excise tax revenue. The City's share of Liquor Board profits increased dramatically between 2002 and 2004 (from \$3.1 million in 2002 to \$4.1 million in 2004). Original forecasts for the 2004-06 period anticipated a return to more traditional levels of around \$3.3 million each year. This estimate is being revised upward to \$4.2 and \$4.0 million in 2005 and 2006 respectively. Estimated Liquor Excise Tax revenues are also being revised upward to \$2.3 million in 2005 and \$2.2 million in 2006 from \$2.0 million in each year. In both cases, review of the underlying factors, such as liquor demand trends and Liquor Board cost controls, reveals a more robust foundation for a higher forecast.

City General Subfund receives additional resources from Sound Transit. The City anticipates receiving several million more in grants in both 2005 and 2006 from Sound Transit to provide services to the construction of light rail. The General Subfund will receive approximately \$2 million of these resources in both 2005 and 2006 to compensate City public safety costs accrued in support of light rail construction.

Service Charges and Reimbursements

Internal service charges reflect current administrative structure. In 1993, the City Council adopted a resolution directing the City to allocate a portion of central service expenses of the General Subfund to City utilities and certain other departments not supported by the General Subfund. The intent of this allocation is to allocate a fair share of the costs of centralized general government services to the budgets of departments supported by revenues that are largely self-determined. These allocations are executed in the form of payments to the General Subfund from these independently supported departments.

Resources paid to the General Subfund on behalf of the Department of Executive Administration are up in 2005 by roughly \$2.5 million. This is due to a one-time allocation of costs from the department to independently supported departments for upgrades to the City's financial information system SUMMIT. Payments to the General Subfund for other miscellaneous services are increased in 2005 and 2006. These increases are primarily the result of adjustments to the manner in which independently supported departments pay for services from the Law Department. There are increases to the Law Department's budget which fully offset this revenue gain.

General Subfund Revenue Overview

Interfund Transfers

Interfund transfers increase significantly. Interfund transfers are payments from the balances of department-specific funds and capital project funds to the General Subfund. The 2006 Adopted Budget anticipates using approximately \$4.4 million in 2005 and \$900,000 in 2006. For 2005 there is a transfer from the Seattle Center to the General Subfund for approximately \$1 million. This transfer reflects savings from general obligation debt costs incurred for capital projects related to the KeyArena debt defeasance.

A detailed list of these transfers is included in the General Subfund revenue table found in the Funds, Subfunds, and Other section. In ratifying the 2006 Adopted Budget, it is the intent of the Council and Mayor to authorize the transfer of unencumbered, unreserved fund balances from the funds listed in the General Subfund revenue table to the General Subfund.

Department Description

The mission of the Office of Arts and Cultural Affairs is to promote the value of arts and culture in and of communities throughout Seattle. It strives to ensure the availability of a wide range of high-quality artistic experiences, encourage arts-friendly cultural policy, and promote Seattle as a cultural destination. The Office is a resource for the entire City, focusing on the artist, the creative life of the community, and the next generation. The Office's major areas of emphasis are:

Public Art - This program commissions and incorporates art into City facilities and public spaces throughout Seattle. The work is funded by the 1% for Art program, and invests capital improvement funds to promote an expressive and meaningful civic environment, and enduring public art projects.

Civic Partnerships - This program manages and leverages the City's investments in artists and cultural organizations to ensure all Seattle residents have access to excellent cultural opportunities, and to stimulate the health of the cultural sector. Program themes address organizations, youth, individual artists, and communities.

Community Development and Outreach - This program promotes the positive connection between artistic creativity and innovation and performance in all economic sectors. Programs and projects foster collaboration among communities, and encourage connections among individuals and organizations that enhance their capacity and to promote Seattle as a "creative capital."

Advocacy and Leadership - This program ensures arts and culture are an integral part of the City's civic vision and planning. Through recognition programs and partnerships, this program raises the visibility of arts and culture as an essential element of the City's core mission. This program includes support to the 15-member Seattle Arts Commission, which heightens awareness of ideas and issues, including the role of the arts in economic development, arts education for young people, and cultural tourism.

Policy and Program Changes

The 2006 Adopted Budget increases funding and staff resources for preliminary planning for the Alaska-Yukon-Pacific Centennial, to showcase Seattle's performance and exhibition artists in City Hall, to include heritage organizations in the City's Civic Partnerships investments, and to convert a temporary staff position to permanent. The budget allocation from the Municipal Arts Fund also is increased reflecting revisions to the 2006 Adopted Capital Improvement Program.

The 2006 Adopted Budget reflects full restoration of the 20% set-aside of admissions tax revenue for arts programs.

City Council Budget Changes and Provisos

The City Council reduced the Office of Arts and Cultural Affairs' involvement in City Hall programming. Specifically, the Council reduced the Office's budget for City Hall programming and changed the Event Booking Representative from a full-time to a half-time position. In addition, the Council increased funding to support capital improvements at ArtsWest.

Arts and Cultural Affairs

Arts Account Budget Control Level

Purpose Statement

The Arts Account Budget Control Level is an administrative mechanism that distinguishes the Office's use of Arts Account revenue from the Admission Tax set-aside from its use of General Subfund and Municipal Arts Fund (MAF) revenue. All three funding sources may be allocated to each of the Office's four programs.

Expenditures in the Arts Account Budget Control Level fluctuate in accordance with the actual revenues received from this revenue source. The 2006 Adopted Budget reflects an \$8,000 increase in the Admission Tax revenue forecast over the 2006 Endorsed Budget.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Administrative Services - AA	0	16,200	17,100	17,213
Civic Partnerships - AA	247,614	660,200	896,300	902,812

Total	247,614	750,000	1,012,000	1,020,000
Full-time Equivalents Total *	0.00	0.75	0.75	0.75

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Arts Account: Administrative Services - AA

Purpose Statement

The purpose of the Administrative Services program is to provide executive management and support services for the organization, and to provide arts and cultural policy support and accountability to the Mayor and Council. Tasks include accounting, reception, personnel, contracting, and office management. This program also provides support to the Seattle Arts Commission, a 15-member advisory board.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Administrative Services - AA	0	16,200	17,100	17,213

Arts and Cultural Affairs

Arts Account: Civic Partnerships - AA

Purpose Statement

The purpose of the Civic Partnership program is to manage the City's investments in arts and cultural organizations of all sizes. The program strengthens arts organizations and encourages mentoring of emerging artists and arts organizations to increase the technical skills and the economic success of the whole cultural community.

Program Summary

Due to a slight increase in the forecasted 2006 Admission Tax revenue, appropriation authority for Civic Partnerships is increased by \$6,000.

Citywide adjustments to labor costs reduce expenditures by about \$14,000. This reduction is offset by a \$14,000 increase in direct funding for arts and cultural organizations, resulting in net increase from the 2006 Endorsed Budget of approximately \$7,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Civic Partnerships - AA	247,614	660,200	896,300	902,812
Full-time Equivalents Total*	0.00	0.25	0.25	0.25

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Arts Account: Community Development and Outreach - AA

Purpose Statement

The purpose of the Community Development and Outreach program is to encourage, support, and instigate the development of arts and culture in Seattle. The program promotes Seattle as a cultural capital, and assists neighborhoods and communities in using the arts to explore issues and ideas and increase economic vitality. The program provides technical support to Seattle's 18 existing community arts councils, and supports the development of new councils and initiatives. The program also works with the Department of Neighborhoods, the Seattle Public Library, the Department of Parks and Recreation, and the Seattle Public Utilities to respond to community-based arts opportunities.

Program Summary

Citywide adjustments to labor costs increase the budget by about \$1,000. This is funded by an anticipated increase in Admission Tax revenue.

	2004	2005	2006	2006

Arts and Cultural Affairs

General Subfund: Civic Partnerships - GF

Purpose Statement

The purpose of the Civic Partnerships program is to manage the City's investments in arts and cultural organizations of all sizes. The program strengthens arts organizations and encourages mentoring of emerging artists and arts organizations to increase the technical skills and economic success of the whole cultural community.

Program Summary

Increase General Subfund by \$25,000 to fund preliminary planning for the Alaska-Yukon-Pacific Exposition Centennial.

Increase General Subfund by \$25,000 to add heritage organizations to the family of arts and cultural organizations eligible for the City's cultural investment funds.

Increase General Subfund by \$75,000 to enhance artistic and cultural programming in the public spaces of City Hall. These enhancements may include additional music performances, theatrical performances, historical and cultural exhibitions, or lectures. This also funds the addition of 0.5 FTE Events Representative.

Increase General Subfund by \$30,000 to fund two capital projects at ArtsWest.

Citywide adjustments to labor costs increase the budget by about \$1,000, for a net increase from the 2006 Endorsed Budget of approximately \$156,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Civic Partnerships - GF	1,590,054	1,051,359	1,067,121	1,252,684

Municipal Arts Fund Budget Control Level

Purpose Statement

The Municipal Arts Fund Budget Control Level is an administrative mechanism that distinguishes the Office's use of Municipal Arts Fund (MAF) revenue from its use of General Fund and Arts Account revenue. All three funding sources may be allocated to each of the Office's four programs. Municipal Arts Funds revenues include monies from the City's 1% for Art program, grants, and fees from arts management services provided to Seattle Public Utilities, City Light, and CB Richard Ellis, a private company that manages the Seattle Municipal Tower for the City.

Unlike allocations in other budget control levels, each year's MAF appropriation is unrelated to the previous year's appropriation. This is because MAF appropriations are largely a function of the 1% for Art revenues which are driven by the ever-changing Capital Improvement Program (CIP). As a result, there often are relatively large swings in the level of the MAF appropriation from year to year. Also, in some years there may be considerable revisions to the Adopted Budget. In 2005, for instance, more than \$935,000 in supplemental appropriations was added to the 2005 Adopted MAF budget.

As a result of a Superior Court decision in the Okeson v. City of Seattle case, the City suspended utility participation in the 1% for Art program for the 2005-2006 biennium. Future participation by utilities will be guided by the December 19, 2005 decision of the Washington State Court of Appeals.

The 2006 Adopted Budget includes about \$643,000 of funding from 1% for Art-eligible projects identified in the CIP. Arts management revenues include about \$390,000 for Seattle Public Utilities and about \$120,000 from several sources, including City Light, CB Richard Ellis, and the Seattle Public Library. The total 2006 Adopted MAF appropriation is \$1.16 million.

Arts and Cultural Affairs

Municipal Arts Fund: Administrative Services - MAF

Purpose Statement

The purpose of the Administrative Services program is to provide executive management and support services for the organization, and to provide arts and cultural policy support and accountability to the Mayor and Council. Tasks include accounting, reception, personnel, contracting, and office management. This program also provides support to the Seattle Arts Commission, a 15-member advisory board.

Program Summary

Citywide adjustments to labor costs increase the budget by approximately \$2,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Administrative Services - MAF	103,331	104,714	106,394	107,926
Full-time Equivalents Total*	1.25	1.25	1.25	1.25

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Municipal Arts Fund: Civic Partnerships - MAF

Purpose Statement

The purpose of the Civic Partnerships program is to manage the City's investments in arts and cultural organizations of all sizes. The program strengthens arts organizations and encourages mentoring of emerging artists and arts organizations to increase the technical skills and economic success of the whole cultural community.

Program Summary

Citywide adjustments to labor costs increase the budget by about \$1,000, for a net increase from the 2006 Endorsed Budget of approximately \$1,000.

Arts and Cultural Affairs

Municipal Arts Fund: Community Development and Outreach - MAF

Purpose Statement

The purpose of the Community Development and Outreach program is to encourage, support, and instigate the development of arts and culture in Seattle. The program promotes Seattle as a cultural capital, and assists neighborhoods and communities in using the arts to explore issues and ideas, and increase economic vitality. The program provides technical support to Seattle's 18 existing community arts councils, and supports the development of new councils and initiatives. The program also works with the Department of Neighborhoods, the Seattle Public Library, the Department of Parks and Recreation, and the Seattle Public Utilities to respond to community-based arts opportunities.

Program Summary

Citywide adjustments to labor costs increase the budget by about \$1,000, for a net increase from the 2006 Endorsed Budget of approximately \$1,000.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Community Development and Outreach - MAF	33,461	43,611	44,311	44,949

Municipal Arts Fund: Public Art - MAF

Purpose Statement

The purpose of the Public Art program is to collaborate with other City agencies to integrate works of art and the ideas of artists into a variety of public settings. Funded by the 1% for Art revenue generated from the City's Capital Improvement Program and special interdepartmental agreements, the Public Art program works to ensure the quality of the City's art investments, and to increase opportunities for stakeholder involvement.

Program Summary

Increase funding from the Municipal Arts Fund by about \$63,000 reflecting changes in 1% Percent for Art funding generated by the 2006 Adopted CIP over the amount from the 2006 Endorsed CIP.

Increase funding from the Municipal Arts Fund by \$389,500 reflecting a Memorandum of Agreement providing art services to the Seattle Public Utilities in 2006.

Add one 0.5 FTE regular Maintenance Laborer position to assume art maintenance tasks formerly performed by temporary employees. The Cumulative Reserve Subfund continues to fund this position.

Citywide adjustments to labor costs increase the budget by about \$8,000, for a net increase from the 2006 Endorsed Budget of approximately \$461,000.

On the Web at: <http://www.spl.org/>

Department Description

The Seattle Public Library, founded in 1891, includes the Central Library, 24 neighborhood libraries, the Center for the Book, and the Washington Talking Book and Braille Library.

The Library is governed by a five-member citizen Board of Trustees, who are appointed by the Mayor and confirmed by the City Council. Board members serve five-year terms and meet monthly. The Washington State Administrative Code (RCW 27.12.240) and the City Charter (Article XII, Section 4) grant the Board of Trustees "exclusive control of library expenditures for library purposes." The Library Board adopts an annual operation plan in December after the City Council approves the Library's budget appropriation.

As the center of Seattle's information network, the Library provides a vast array of resources and services to the public, including:

- books, magazines, newspapers;
- online catalog and web site (www.spl.org);
- Internet access and classes;
- CDs, DVDs, books on tape;
- sheet music;
- electronic databases;
- an extensive multilingual collection;
- English as a Second Language (ESL) and literacy services;
- more than 4,000 annual literary programs for children, teens, and adults;
- 21 community meeting rooms;
- Quick Information Center telephone reference service (386-INFO); and
- services for the deaf and blind.

The Library is currently implementing projects from the \$278.1 million "Libraries for All" capital program, funded in part by \$196.4 million in bonds approved by the voters in 1998, \$41.7 million in private funding, and interest earnings. The program provides a new Central Library, improvements to the 22 branch libraries in the system as of 1998, and the construction of five new branches in neighborhoods without libraries. For more information about this program, see the 2006-2011 Adopted Capital Improvement Program.

Policy and Program Changes

The additional funding required to operate new and expanded libraries funded by the "Libraries for All" capital improvement plan was anticipated in the fiscal note that accompanied legislation approving the 1998 bond measure. A total of \$767,000 is transferred from Finance General to cover new operations and maintenance costs for new or expanded libraries opening in 2005 (Lake City, International District/Chinatown, Fremont, Ballard, and Greenwood).

Adjustments between programs occur as a result of changes made after the Executive and City Council budget processes. The budget-neutral changes align the 2006 Adopted Budget with the Library Board's 2006 operations plan.

City Council Budget Changes and Provisos

The City Council added \$1.5 million to increase the Library's collections budget. This action brings the collections budget up to \$4.1 million in 2006. Of the \$1.5 million, \$500,000 is contingent on the Library raising a matching amount through private donations.

In addition, \$961,000 is added to increase library hours as follows: additional Sunday hours at various branches and the Central Library; extended Thursday hours at the Central Library from 6 p.m. to 8 p.m.; and extended Thursday evening hours at 26 branches from 6 p.m. to 8 p.m.

The Council also added \$50,000 to fund a survey of Seattle residents who use the King County Library System to determine what factors influence patrons' choice of libraries.

Collections and Administration: City Librarian

Purpose Statement

The purpose of the City Librarian program is to provide leadership for the Library in implementing the policies and strategic direction set by the Library Board of Trustees, and in securing the necessary financial resources to operate the Library in an effective and efficient manner. The City Librarian's Office serves as the primary link between the community and the Library, and integrates community needs and expectations with Library resources and policies.

Program Summary

Transfer \$5,000 to other Library budget control levels to align funding allocations described in the City budget with the Seattle Library Board's annual operating plan.

Citywide adjustments to labor costs increase the budget by \$3,000, for a net decrease from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$2,000.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
City Librarian	901,047	934,916	943,546	941,096

Collections and Administration: Facilities and Fleet Services

Purpose Statement

The purpose of the Facilities and Fleet Services program is to manage the Library's facilities, fleet, and delivery systems; maintain buildings and grounds; and provide safety and security services so library services are delivered in a clean, safe, and comfortable atmosphere.

Program Summary

Transfer \$1.2 million from other Library budget control levels to align funding allocations described in the City budget with the Seattle Library Board's annual operating plan.

Citywide adjustments to labor costs result in minor budget changes, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.2 million.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Facilities and Fleet Services	4,303,562	3,630,967	3,719,226	4,969,123

Collections and Administration: Finance

Purpose Statement

The purpose of the Finance program is to provide accurate financial, purchasing, and budget services to, and on behalf of, the Library so the Library is accountable in maximizing its resources to carry out its mission.

Program Summary

Transfer \$12,000 to other Library budget control levels to align funding allocations described in the City budget with the Seattle Library Board's annual operating plan.

Increase funding by \$20,000 for new facility operating costs at the five new or expanded libraries opening in 2005.

Increase funding by \$50,000 to fund a survey of Seattle residents who use the King County Library System to determine what factors influence patrons' choice of libraries.

Citywide adjustments to labor costs increase the budget by \$1,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$59,000.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Finance	1,290,842	1,553,007	1,594,861	1,653,725

Collections and Administration: Human Resources

Purpose Statement

The purpose of the Human Resources program is to provide responsive and equitable human resources policy development, recruitment, classification and compensation, payroll, labor and employee relations, organizational development, and staff training services so the Library maintains a productive and well supported work force.

Program Summary

Transfer \$12,000 to other Library budget control levels to align funding allocations described in the City budget with the Seattle Library Board's annual operating plan.

Citywide adjustments to labor costs reduce the budget by \$1,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$13,000.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Human Resources	956,785	1,022,485	1,054,863	1,042,075

Collections and Administration: Information Technology

Purpose Statement

The purpose of the Information Technology Services program is to provide quality data processing infrastructure and support so that Library customers and staff have free and easy access to a vast array of productivity tools, ideas, information, and knowledge via technological resources.

Program Summary

Transfer \$38,000 from other Library budget control levels to align funding allocations described in the City budget with the Seattle Library Board's annual operating plan.

Citywide adjustments to labor costs increase the budget by \$5,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$43,000.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Information Technology	1,759,645	2,063,319	2,113,598	2,156,685

Collections and Administration: Technical and Collection Services

Purpose Statement

The purpose of the Technical and Collection Services program is to make library books, materials and a library catalog available to all customers.

Program Summary

Transfer \$19,000 from other Library budget control levels to align funding allocations described in the City budget with the Seattle Library Board's annual operating plan.

Increase funding by \$1.5 million to increase the Library's collections budget. This action brings the collection budget up to \$4.1 million in 2006. Of the \$1.5 million, \$500,000 is contingent on the Library raising a matching amount through private donations.

Citywide adjustments to labor costs increase the budget by \$6,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.5 million.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Technical and Collection Services	5,426,309	5,797,086	5,335,397	6,860,764

Public Services

Purpose Statement

The purpose of the Public Services Budget Control Level is to provide quality library services and programs that benefit and are valued by customers.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Center for the Book	0	116,445	116,722	224,524

Public Services: Center for the Book

Purpose Statement

The purpose of the Center for the Book program is to celebrate the written word and to facilitate the exchange of ideas evoked by the reading of literature so library customers expand their appreciation for literature and the humanities.

Program Summary

Transfer \$107,000 from other Library budget control levels to align funding allocations described in the City budget with the Seattle Library Board's annual operating plan.

Citywide adjustments to labor costs increase the budget by \$1,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$108,000.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Center for the Book	0	116,445	116,722	224,524

Public Services: Central Library Services

Purpose Statement

The purpose of the Central Library Services program is to provide in-depth information, extensive books and materials, and coordination to customers and library branch staff so they become aware of, and have timely access to, the resources they need.

Program Summary

Transfer \$980,000 to other Library budget control levels to align funding allocations described in the City budget with the Seattle Library Board's annual operating plan.

Increase funding by \$374,000 in order to extend Thursday evening hours at the Central Library from 6 pm to 8 pm and extend Sunday hours from 1-5 p.m. to 12-6 p.m.

Increase funding by \$50,000 to support community access to HistoryLink's online state and local history encyclopedia.

Citywide adjustments to labor costs increase the budget by \$22,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$534,000.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Central Library Services	9,566,842	10,877,225	11,165,903	10,631,976

Public Services: Mobile Services

Purpose Statement

The purpose of the Mobile Services program is to provide access to library books, materials, and services to the elderly, very young, disabled, and homebound customers who are unable to come to the Library.

Program Summary

Transfer \$163,000 from other Library budget control levels to align funding allocations described in the City budget with the Seattle Library Board's annual operating plan.

Increase funding by \$20,000 to cover an increase in inflation and other technical adjustments for the Mobile Services Program.

Citywide adjustments to labor costs increase the budget by \$3,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$186,000.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Mobile Services	750,875	500,000	500,000	686,165

Public Services: Neighborhood Libraries

Purpose Statement

The purpose of the Neighborhood Libraries program is to provide services, materials, and programs close to where people live and work to support independent learning, cultural enrichment, recreational reading, and community involvement.

Program Summary

Transfer \$428,000 to other Library budget control levels to align funding allocations described in the City budget with the Seattle Library Board's annual operating plan.

Increase funding by \$608,000 for new facility operating costs at the five new or expanded libraries opening in 2005.

Increase funding by \$587,000 in order to increase Sunday operating hours and extend Thursday evening hours at 26 branches from 6 p.m. to 8 p.m.

Citywide adjustments to labor costs increase the budget by \$5,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$772,000.

Public Services: Washington Talking Book and Braille Library

Purpose Statement

The primary purpose of the Washington Talking Book and Braille Library (WTBBL) program is to provide books, magazines, and information in special formats to state residents who are blind.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Capital Improvement Program Highlights

Following approval of a \$196.4 million bond issue in November 1998, The Seattle Public Library began an eight-year capital program - "Libraries for All" (LFA). The program calls for the replacement of the Central Library; construction of three new branch libraries; and the renovation, replacement, or expansion of each of the 22 branch libraries in the system as of 1998. In addition, an Opportunity Fund was established to support projects in areas underserved by the library system. Planned Opportunity projects include two new branch libraries in addition to the three new libraries included in the original LFA project list.

To date, 16 LFA branch projects have been completed, including the NewHolly branch (1999); Wallingford (2000); Delridge (2002); Capitol Hill (2003); Rainier Beach, Green Lake, West Seattle, Central, High Point, North East, Beacon Hill, and Columbia (2004); and most recently the Greenwood, Fremont, Ballard, International District/Chinatown branch, and Lake City (2005). In 2006, the Douglass-Truth, Northgate, and South Park libraries are scheduled to open.

Increased operations and maintenance costs associated with new or expanded facilities are described in the Department of Finance April 2002 updated LFA fiscal note. The original project budget was \$239.5 million, but since the passage of the bond issue, additional private donations and bond interest earnings have increased the budget for projects to \$278.1 million. The Library anticipates accruing approximately \$20.6 million in bond interest revenue, to be applied to unanticipated costs of the LFA plan. The 2006-2011 Adopted CIP allocates \$1.0 million in 2006 from voter-approved bonds, \$2.5 million in 2006 from the Cumulative Reserve Subfund, and \$1 million in 2006 from private donations (not reflected in the appropriations below). Final "Libraries for All" appropriations are planned for 2007.

Department Description

Seattle Parks and Recreation works with all residents to be good stewards of the environment, and to provide safe, welcoming opportunities to play, learn, contemplate, and build community.

Seattle Parks and Recreation manages a 6,200-acre park system. This includes 224 parks, 185 athletic fields, 112 neighborhood play areas, nine swimming beaches, 18 fishing piers, four golf courses, and 22 miles of boulevards. Other Parks and Recreation facilities include 151 outdoor tennis courts, 25 community centers, eight indoor and two outdoor swimming pools, 27 wading pools, a nationally recognized Rose Garden, the Seattle Aquarium, and more. The Woodland Park Zoological Society operates the Zoo with City financial support. Hundreds of thousands of residents and visitors use Department of Parks and Recreation facilities to pursue their passions from soccer to pottery, kite flying to golf, swimming to community celebrations, or to sit in quiet reflection.

Parks employees work hard to develop partnerships with their advisory councils, park neighbors, volunteer groups, non-profit agencies, local businesses, and the Seattle School District to effectively respond to increasing requests for use of Seattle's park and recreation facilities.

In 1999, Seattle voters approved a renewal of the 1991 Seattle Center and Community Centers Levy (1991 CC Levy), continuing Seattle Parks and Recreation's commitment to renovate and expand facilities and provide new recreation centers. The Levy totals \$72 million spread over eight years. Nine community centers and two neighborhood projects receive a total of \$36 million from the Levy. In 2000, Seattle voters approved the 2000 Neighborhood Parks, Green Spaces, Trails and Zoo Levy (2000 Parks Levy), which enables Parks and Recreation to complete more than 100 park acquisition and development projects, improve maintenance, boost environmental programs and practices, and expand recreation opportunities for young people and seniors.

Policy and Program Changes

The Department's 2006 Adopted Budget reflects a series of funding increases that are primarily the result of new facilities opening from the 1999 Seattle Center and Community Centers Levy (1999 CC Levy) and the 2000 Parks Levy, and a projected increase in Aquarium revenue due to the completion of expanded exhibits. The increased budget is also due in part to converting some temporary positions to regular status.

A total of 18 new development and enhancement projects will be completed in late 2005 and throughout 2006. All of these have operation and maintenance costs funded by the 2000 Parks Levy through 2008. In addition, the Department completed enhancements to the Yesler and Southwest Community Centers in 2005, paid for by the 1999 CC Levy, which resulted in planned staffing increases for 2006. Also, four demolition and restoration capital projects will be completed in Discovery Park, which will create operation and maintenance needs in 2006, along with a few other small facility projects. All of these newly completed projects will be funded with General Fund resources.

The largest single appropriation increase is provided to the Seattle Aquarium, which will be preparing for a major new exhibit that will open in the spring of 2007 at the east end of Pier 59. The Aquarium will create new staff positions to work on the preparation of the exhibit in 2006, and then these positions will operate the exhibit after

Parks and Recreation

it is completed in 2007. The Aquarium will pay for the ongoing approved 2006 budget increases with its steadily growing revenues.

Other budget adjustments include a reduction of appropriation authority from the Department related to the 2004 Families and Education Levy to consolidate all appropriation authority with the Office for Education; a reduction of appropriation authority due to an anticipated decrease in revenues from the Municipal Golf Program; and increments for a new pilot crime-prevention program for some parks with crime issues, which will be coordinated with the community and other departments such as the Seattle Police Department and the Department of Neighborhoods. In addition, adjustments are made for reopening Pritchard Beach with summer lifeguards, and for various other technical corrections to account for increases in some utility and fuel costs.

The Department's budget is also increased to provide funding for the Department's Pyramid Project. This initiative upgrades all of the community center, swimming pool and boat facilities' accounting, scheduling, and reservation systems. The Pyramid Project will provide the Department with greatly improved accounting accuracy in its revenue collection and tracking, and will allow for enhanced program and class scheduling opportunities for the public, which will include reservations and payments that can be made over the Internet.

To more accurately align certain budget elements and consolidate business structures, the Department is proposing a series of budget changes to most of its budget control levels to increase net revenue by approximately \$357,000. In part, these changes are designed to improve program management and to deliver services that were previously managed and staffed by the Associated Recreation Council (ARC), and to increase revenues based on the Department directly delivering these services. This restructuring includes technical changes in revenue and expenditure allocations, altered or relocated services and staff, and other business changes. Nearly all of the Department's BCLs show varying amounts of change related to this reorganization.

A budget-neutral action was taken in the mid-biennium to align all of the Department's General Fund resources into one funding source. In the past, the Department's Charter Fund revenues, (which equal 10% of the gross receipts of the City from all fines, penalties and licenses as described in Article XI, Section 3 of the City Charter), were displayed in the adopted budget as part of the "Other" funding source for the Department. The "Estimated Revenue" section at the end of the budget control level summary page will now show a change from the 2006 Endorsed Budget to the 2006 Adopted Budget with respect to the balance between the "General Subfund" and "Other" resources. This does not alter the Department's budget in any way, other than the categorization of resources, which is intended to show more accurately the difference between City subsidy resources and the Department's earned revenue resources.

In 2000, the City Council authorized DPR to execute a loan of \$2 million for various capital and operating costs on behalf of the Municipal Golf of Seattle (MGS) organization, which had been established in 1994 as a separate not-for-profit corporation to manage the City's three 18-hole golf courses. In 2003, the Department chose to terminate the agreement with MGS, assumed the \$2 million in debt, and then created a Golf Financial Plan to repay the debt with golf revenue. Over the last two years, the golf program has not been able to produce the revenues initially expected, and resources for capital facility improvements are not sufficient to both retire the debt and update the facilities. In the Third Quarter 2005 Supplemental Ordinance, the Executive is providing approximately \$2 million in General Fund resources to pay the golf debt, which will allow the program to focus its revenues on funding capital improvements to the course facilities.

City Council Budget Changes and Provisos

The Department's 2006 Adopted Budget includes a transfer of funds among multiple budget control levels to provide more hours of temporary parks staffing and overtime police staffing for increased Late Night Recreation program services.

Parks and Recreation

A one-time operating budget increase is provided for the Department to produce a Citywide comprehensive skate park plan.

Three new capital projects are added, including Dahl Playfield Renovation for field improvements, Denny Park Play Area for adding a children's playground, and Gas Works Park Utility Improvements to prepare the park for hosting future concerts and other similar events. Additional funding is provided for three existing capital projects, including Golf Capital Improvements for major maintenance needs, such as boiler and irrigation system replacements, Lower Woodland Skateboard Park for developing the larger plan for the skate area, and Olympic Sculpture Park to more fully fund the open space development for the site. Also, appropriations are reduced for two existing capital projects, including City Hall Park, to bring it down to only planning funding until a community advisory group has produced its recommendations, and Lot 2 Skate Park and Basketball Court Development, to remove proposed funding for a unisex comfort station until the replacement location is finalized.

The Council adopted the following budget provisos:

None of the money appropriated for 2006 for the Department of Parks and Recreation, Parks Infrastructure BCL, can be spent to pay for Gas Works Park Utility Improvements, Project # K731294, until authorized by a future ordinance. Council anticipates that such authority will not be granted until the Department of Parks and Recreation provides to Council a proposal to hold the Summer Nights Concerts at Gas Works Parks.

None of the money appropriated for 2006 for the Department of Parks and Recreation's Ballfields/Athletic Courts/Play Areas BCL can be spent to pay for the Lot 2 Skate Park and Basketball Court Development Project (Project ID K732176), until authorized by a future ordinance.

Of the appropriation for 2006 for the Department of Parks and Recreation's K72441 - Parks Infrastructure BCL, \$100,000 is appropriated solely to pay for the construction of the children's play area at Denny Park and may be spent for no other purpose.

Of the appropriation for 2006 for the Department of Parks and Recreation Parks Infrastructure BCL, \$50,000 is appropriated solely for planning and design activities for City Hall Park Restoration Project #K732297 and may be spent for no other purpose.

Of the appropriation for 2006 for the Department of Parks & Recreation, Community Centers BCL, \$348,100 is appropriated solely to pay for the Late Night Program and may be spent for no other purpose.

Of the appropriation for 2006 for the Department of Parks & Recreation, Citywide Programs and Scheduling BCL, \$493,000 is appropriated solely to pay for the Late Night Program and may be spent for no other purpose.

Of the appropriation for 2006 for the Department of Parks & Recreation, Finance and Administration BCL, \$102,416 is appropriated solely for police staffing for the Late Night Program and may be spent for no other purpose.

Of the appropriation for 2006 for the Department of Parks and Recreation's K72441 - Parks Infrastructure BCL, \$100,000 is appropriated solely to pay for the construction of a playground and basketball court improvements at Dahl Playfield and may be spent for no other purpose.

Of the appropriation for 2006 for the Department of Parks and Recreation's K72441 - Parks Infrastructure BCL, \$100,000 is appropriated solely to pay for ballfield improvements at Dahl Playfield and may be spent for no other purpose.

Parks and Recreation

Acquisition and Property Management Budget Control Level

Purpose Statement

The purpose of the Acquisition and Property Management Budget Control Level is to negotiate for and purchase new park property and manage existing real property assets.

Summary

Increase budget by \$1,000 as part of a departmentwide adjustment for increased fuel costs.

Citywide adjustments to labor costs increase the budget by \$18,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$19,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Acquisition and Property Management	1,429,075	1,436,773	1,461,771	1,480,858
Full-time Equivalents Total*	16.75	15.75	15.75	15.75

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Parks and Recreation

Citywide Programs and Scheduling Budget Control Level

Purpose Statement

The purpose of the Citywide Programs and Scheduling Budget Control Level is to manage special recreational, cultural, and athletic programs serving the whole city, to offer environmental education programs, and to schedule park spaces where people can gather, celebrate, and play.

Summary

Increase budget by \$735,000 and reduce a total of 0.61 FTE related to technical adjustments to accomplish Department realignment of services and staff, which will improve program management and increase net revenues for the Department.

Reduce budget by \$98,000 through a transfer from Citywide Programs and Scheduling Budget Control Level to the Community Centers Budget Control Level, which is more closely aligning staff costs with community center expenditures.

Reduce budget by \$171,000 to remove all expenditure authority related to the 2004 Families and Education Levy, as requested by the Office for Education (OFE). Control of the levy expenditure authority is consolidated under Fund 17856, the 2004 Families and Education Levy Fund, instead of through other department budgets. Increase budget by one 1.0 FTE Grants and Contracts Specialist and one 1.0 FTE Senior Recreation Program Coordinator, to re-establish position authority for two positions previously funded by the 1997 Families and Education Levy within the Department of Parks and Recreation's (DPR) organizational structure. While these two positions are being funded by the 2004 Families and Education Levy and the budget authority remains with OFE, DPR is retaining the position authority and management of the positions.

Reduce budget by \$1,000 by moving some utility costs to other budget control levels.

Increase budget by \$5,000 as part of a departmentwide adjustment for increased fuel costs.

Increase budget by \$20,000 for increased operation and maintenance costs of new and/or improved facilities.

Increase budget by \$82,000 and add the following regular positions to assume tasks formerly performed by temporary employees: two 0.5 FTE Cashiers, one 0.5 FTE Laborer, six 0.5 FTE Recreation Attendants, two 0.5 FTE Recreation Leaders, one 1.0 FTE Recreation Leader, three 0.5 FTE Tennis Instructors, and two 0.5 FTE Utility Laborers.

Citywide adjustments to labor costs increase the budget by \$105,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$677,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Citywide Programs and Scheduling	9,451,741	9,975,972	10,116,273	10,793,753
Full-time Equivalents Total*	94.48	95.38	93.38	103.77

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Community Centers Budget Control Level

Purpose Statement

The purpose of the Community Centers Budget Control Level is to manage and staff the City's neighborhood community centers allowing Seattle residents to enjoy social, athletic, cultural, and recreational activities.

Summary

Reduce budget by \$140,000 and a total of 1.0 FTE related to technical adjustments to accomplish Department realignment of services and staff, which will improve program management and increase net revenues for the Department.

Increase budget by \$167,000 and by two 1.0 FTE Recreation Attendants and one 1.0 FTE Maintenance Laborer, and abrogate one 0.5 FTE Utility Laborer by increasing staff for completed additions and improvements at Yesler and Southwest community centers, as planned by the 1999 Seattle Center and Community Centers Levy.

Increase budget by \$98,000 through a transfer from Citywide Programs and Scheduling Budget Control Level to Community Centers Budget Control Level, which is more closely aligning staff costs with community center expenditures.

Reduce budget by \$48,000 by moving some utility costs to other budget control levels.

Increase budget by \$7,000 as part of a departmentwide adjustment for increased fuel costs.

Increase budget by \$4,000 for increased operation and maintenance costs of new and/or improved facilities, as planned for in the 2000 Parks Levy.

Reduce budget by \$27,000 and by two 1.0 FTE Administrative Support Assistants by transferring this amount and the FTEs from the Community Centers Budget Control Level to the Finance and Administration Budget Control Level for the information technology "Pyramid Project." Also, increase budget by two 1.0 FTE Recreation Attendants to support the Pyramid Project. This initiative began in 2004 and provides centralized software application support to all community centers and other facilities for reservations, scheduling, and financial accounting of programs and other park services.

Increase budget by \$233,000 and add the following regular positions to assume tasks formerly performed by temporary employees: three 0.5 FTE Laborers, two 0.5 FTE Recreation Leaders, one 0.7 FTE Recreation Leader, and one 0.5 FTE Recreation Program Specialist.

Increase budget by \$154,700 through a transfer from Golf Capital Reserve Budget Control Level to Community Centers Budget Control Level to provide additional funding of Late Night Recreation program services.

Citywide adjustments to labor costs increase the budget by \$135,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$583,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Community Centers	10,272,522	11,232,177	11,611,703	12,194,244
Full-time Equivalents Total*	135.34	130.12	131.12	136.32

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Parks and Recreation

Facility and Structure Maintenance Budget Control Level

Purpose Statement

The purpose of the Facility and Structure Maintenance Budget Control Level is to repair and maintain park buildings and infrastructure so park users can have structurally sound and attractive parks and recreational facilities.

Summary

Increase budget by \$113,000 and a total of 3.65 FTE related to technical adjustments to accomplish Department realignment of services and staff, which will improve program management and increase net revenues for the Department.

Increase budget by \$74,000 for completed additions and improvements at Yesler and Southwest community centers, as planned by the 1999 Seattle Center and Community Centers Levy.

Increase budget by \$23,000 as part of a departmentwide adjustment for increased fuel costs.

Increase budget by \$50,000 for increased operation and maintenance costs of new and/or improved facilities, as planned for by the 2000 Parks Levy.

Increase budget by \$20,000 for increased operating and maintenance costs of other new and/or improved facilities.

Citywide adjustments to labor costs increase the budget by \$117,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$397,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Facility and Structure Maintenance	10,674,821	10,879,946	11,165,083	11,562,064
Full-time Equivalents Total*	126.39	119.90	118.45	122.10

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Finance and Administration Budget Control Level

Purpose Statement

The purpose of the Finance and Administration Budget Control Level is to provide the financial, human resources, technological, and business development support necessary to ensure effective delivery of the Department's services.

Summary

Increase budget by \$113,000 and reduce a total of 0.06 FTE related to technical adjustments to accomplish Department realignment of services and staff, which will improve program management and increase net revenues for the Department.

Increase budget by \$414,000 and by one 1.0 FTE Management Systems Analyst by directly adding staff to this budget control level, and increase by two 1.0 FTE Administrative Support Assistants by transferring some funds and staff from the Community Centers Budget Control Level to the Finance and Administration Budget Control Level, to support the information technology "Pyramid Project." Included within this increase is \$120,000 in one-time funding for information technology equipment. The positions are added to the previously established Business Service Center, and support the increase in transactions resulting from deploying the software to an additional 11 community centers, two small craft centers, and an additional 25 sites of varying types. This initiative began in 2004 and provides centralized software application support to all community centers and other facilities for reservations, scheduling, and financial accounting of programs and other park services.

Increase budget by \$102,000 through a transfer from Golf Capital Reserve Budget Control Level to Finance and Administration Budget Control Level to provide additional funding of Late Night Recreation program services.

Citywide adjustments to labor costs increase the budget by \$72,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$701,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Finance and Administration	6,700,017	6,731,756	7,019,416	7,720,472
Full-time Equivalents Total*	58.50	61.50	63.00	65.94

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Parks and Recreation

Golf Budget Control Level

Purpose Statement

The purpose of the Golf Budget Control Level is to efficiently manage the City's four golf courses at Jackson, Jefferson, West Seattle, and Interbay to provide top-quality public golf courses and maximize earned revenues.

Summary

Reduce budget by \$19,000 due to declining revenues in 2005, and therefore decreased revenue projections for 2006 in the Municipal Golf Program.

Reduce a total of 1.0 FTE related to technical adjustments to accomplish Department realignment of services and staff, which will improve program management and increase net revenues for the Department.

Citywide adjustments to labor costs increase the budget by \$23,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$4,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Golf	7,974,807	7,665,549	7,749,828	7,753,568
Full-time Equivalents Total*	26.00	26.00	26.00	25.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Parks and Recreation

Golf Capital Reserve Budget Control Level

Purpose Statement

The purpose of the Golf Capital Reserve Program is to transfer resources from the Parks and Recreation Fund to the Cumulative Reserve Subfund to provide for previously identified Golf Program capital projects. There are no staff and no program services delivered through this program.

Summary

Reduce budget by \$257,000 through a transfer from Golf Capital Reserve Budget Control Level to Community Centers Budget Control Level and Finance and Administration Budget Control Level to provide additional funding of Late Night Recreation program services, as directed by Council.

This new program was introduced after the release of the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Golf Capital Reserve	0	0	0	420,216

Parks and Recreation

Judgment and Claims Budget Control Level

Purpose Statement

The Judgment/Claims Subfund pays for judgments, settlements, claims, and other eligible expenses associated with legal claims and suits against the City. Premiums are based on average percentage of Judgment/Claims expenses incurred by the Department over the previous five years.

Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Judgment and Claims	778,356	1,030,169	1,030,169	1,030,169

Parks and Recreation

Park Cleaning, Landscaping, and Restoration Budget Control Level

Purpose Statement

The purpose of the Park Cleaning, Landscaping, and Restoration Budget Control Level is to provide custodial, landscape, and forest maintenance and restoration services in an environmentally sound fashion to provide park users with safe, useable, and attractive park areas.

Summary

Reduce budget by \$222,000 and increase a total of 3.18 FTE related to technical adjustments to accomplish Department realignment of services and staff, which will improve program management and increase net revenues for the Department.

Increase budget by \$89,000 by moving some utility costs from other budget control levels to Park Cleaning, Landscaping, and Restoration Budget Control Level.

Increase budget by \$74,000 as part of a departmentwide adjustment for increased fuel costs.

Increase budget by \$118,000 for increased operation and maintenance costs of new and/or improved facilities, as planned for in the 2000 Parks Levy.

Increase budget by \$4,000 for increased operating and maintenance costs of other new and/or improved facilities.

Increase budget by \$71,000 and by one 1.0 FTE Assistant Recreation Center Coordinator, to identify, evaluate, and coordinate new and enhanced programming for parks that have crime-related challenges. Staff will work with neighborhood community councils, the Seattle Police Department, the Department of Neighborhoods, and other entities to identify the priority parks and to develop program activities appropriate for each local community.

Reduce budget by \$5,000 for various technical budget changes.

Reduce budget by \$112,000 due to technical adjustments to transfer budget authority to other budget control levels. Add the following regular positions to assume tasks formerly performed by temporary employees: one 0.9 FTE Gardener, three 0.5 FTE Laborers, one 0.57 FTE Laborer, and four 0.5 FTE Parks Maintenance Aides.

Citywide adjustments to labor costs increase the budget by \$249,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$265,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Park Cleaning, Landscaping, and Restoration	25,501,179	26,453,926	27,400,201	27,665,290
Full-time Equivalents Total*	261.20	282.97	282.97	292.12

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Parks and Recreation

Planning, Engineering, and Development Budget Control Level

Purpose Statement

The purpose of the Planning, Engineering, and Development Budget Control Level is to plan, design, and coordinate the construction of major capital projects, and to enable the Department to create new, and to renovate existing, parks and facilities.

Summary

Reduce budget by \$320,000 related to technical adjustments to accomplish Department realignment of services and staff, which will improve program management and increase net revenues for the Department.

Increase budget by \$2,000 as part of a departmentwide adjustment for increased fuel costs.

Increase budget by \$100,000 to fund a Citywide comprehensive skate park plan.

Citywide adjustments to labor costs increase the budget by \$70,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$148,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Planning, Engineering, and Development	5,797,286	6,102,744	6,252,629	6,104,042
Full-time Equivalents Total*	57.05	55.05	55.05	55.05

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Parks and Recreation

Policy Direction and Leadership Budget Control Level

Purpose Statement

The purpose of the Policy Direction and Leadership Budget Control Level is to provide guidance within the Department and outreach to the community on policies offering outstanding parks and recreational opportunities to Seattle residents and our guests.

Summary

Increase budget by \$92,000 related to technical adjustments to accomplish Department realignment of services and staff, which will improve program management and increase net revenues for the Department.

Citywide adjustments to labor costs increase the budget by \$12,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$105,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Policy Direction and Leadership	914,899	861,672	881,919	986,834
Full-time Equivalents Total*	8.50	8.50	8.50	8.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Parks and Recreation

Seattle Aquarium Budget Control Level

Purpose Statement

The purpose of the Seattle Aquarium Budget Control Level is to provide exhibits and environmental educational opportunities that expand knowledge of, inspire interest in, and encourage stewardship of the aquatic wildlife and habitats of Puget Sound and the Pacific Northwest.

Summary

Increase budget by 0.5 FTE to reflect a technical adjustment approved by Council as part of errata.

Increase budget by \$433,000 and a total of 4.5 FTEs to prepare for a major new exhibit that will open in the spring of 2007 at the east end of Pier 59. The increase in staffing is a combination of abrogations of one 1.0 FTE Manager 3, one 1.0 FTE Administrative Specialist II and one 0.5 FTE Parks Event Scheduler, and additions of one 1.0 FTE Volunteer Programs Coordinator, two 1.0 FTE Education Program Assistants, two 1.0 FTE Aquarium Biologist I, one 1.0 FTE Public Education Program Specialist, and one 1.0 FTE Aquarium Systems Operation Chief. The Aquarium is creating new staff positions in 2006 to work on the preparation of the exhibit and then operate the exhibit after it is completed, and it expects to pay for the ongoing 2006 Adopted Budget increases with its steadily growing revenues and increases in anticipated revenues due to the new exhibit.

Increase budget by \$4,000 related to technical adjustments to accomplish department realignment of services and staff, which will improve program management and increase net revenues for the Department.

Citywide adjustments to labor costs increase the budget by \$56,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$493,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Seattle Aquarium	6,283,214	6,285,659	6,553,724	7,047,167
Full-time Equivalents Total*	57.75	60.75	60.75	65.75

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Parks and Recreation

Seattle Conservation Corps Budget Control Level

Purpose Statement

The purpose of the Seattle Conservation Corps Budget Control Level is to provide training, counseling, and employment to homeless and unemployed people so they acquire skills and experience leading to long-term employment and stability.

Summary

Citywide adjustments to labor costs increase the budget by \$44,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$44,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Seattle Conservation Corps	3,226,617	4,052,559	4,152,161	4,195,969
Full-time Equivalents Total*	14.35	20.35	20.35	20.35

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Parks and Recreation

Swimming, Boating, and Aquatics Budget Control Level

Purpose Statement

The purpose of the Swimming, Boating, and Aquatics Budget Control Level is to provide a variety of structured and unstructured water-related programs and classes so participants can enjoy and develop skills in a range of aquatic activities.

Summary

Reduce budget by \$18,000 and a total of 2.25 FTE related to technical adjustments to accomplish Department realignment of services and staff.

Increase budget by \$44,000 to reopen Pritchard Beach for summer swimming, which includes enhanced maintenance work, temporary lifeguard additions, and related equipment costs for seasonal usage.

Increase budget by \$30,000 by moving some utility costs from other budget control levels into the Swimming, Boating and Aquatics Budget Control Level.

Increase budget by \$1,000 as part of a departmentwide adjustment for increased fuel costs.

Increase budget by \$80,000 and add three regular 0.5 FTE Cashier and seven 0.5 FTE Lifeguard positions to assume tasks formerly performed by temporary employees.

Citywide adjustments to labor costs increase the budget by \$76,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$213,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Swimming, Boating, and Aquatics	6,548,481	6,801,602	7,112,976	7,325,929
Full-time Equivalents Total*	59.72	65.48	66.04	68.79

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Woodland Park Zoo Budget Control Level

Purpose Statement

In December 2001, the City of Seattle, by Ordinance 120697, established an agreement with the non-profit Woodland Park Zoological Society to operate and manage the Woodland Park Zoo beginning in March 2002. The Zoo is included in the Department's budget as it continues to implement this transition. The purpose of the Zoo is to provide care for animals and offer exhibits, educational programs, and appealing visitor amenities so Seattle residents and visitors have the opportunity to enjoy and learn about animals and wildlife conservation.

Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Woodland Park Zoo	7,108,738	6,043,888	6,217,475	6,217,475
Full-time Equivalents Total*	24.69	0.00	0.00	0.00

Capital Improvement Program Highlights

In 2006, progress continues on key projects related to the 1999 Seattle Center and Community Centers Levy (1999 CCL) and the 2000 Neighborhood Parks, Green Spaces, Trails and Zoo Levy (2000 Parks Levy). The Community Centers portion of the 1999 CCL for the Department of Parks and Recreation (Parks) totals \$36 million spread over eight years. The new Northgate Community Center and the expanded Van Asselt Community Center opened in 2005.

The 2000 Parks Levy is an eight-year, \$198.2 million levy lid lift that funds more than 100 projects to improve and develop parks, playfields and trails; to provide additional maintenance; and to enhance recreational programming. The levy also funds an acquisition program, and an acquisition and development opportunity fund. In 2006, \$20.8 million is appropriated from the 2000 Parks Levy Fund in the Department's CIP for 54 park projects, including those at the Olympic Sculpture Park, South Lake Union Park, Jefferson Park, and Magnuson Park. The levy also pays for more than 30 neighborhood park projects and 15 projects funded through the levy's opportunity fund.

Significant investments in the City's waterfront pier properties include replacing the piling systems for two piers: Pier 59 and Pier 62/63. The Pier 59 project, where the Seattle Aquarium is located, began construction in 2005. Options for Pier 62/63, the former location for the "Summer Nights on the Pier" concert series, are being evaluated. Planning and design takes place in 2006 with construction expected in 2007. The Pier 59 project is funded with an additional \$1.8 million of Councilmanic debt in 2006.

One of the City's downtown parks (Occidental) is renovated in 2006 and planning is funded for two others (City Hall and Freeway) to provide more vibrant, attractive public spaces. Three new skateboard parks are planned for 2006. One is being built in conjunction with the Ballard Commons Park, a second is being constructed at Lower Woodland Park and a third is built as a replacement for an existing skate park currently located at the Seattle Center.

Numerous major maintenance projects are funded throughout Seattle's parks systems, as well as nine projects that support the Mayor's Restore Our Waters initiative to improve Seattle's aquatic environments. The total 2006 Cumulative Reserve Subfund (CRF) appropriation for major maintenance is approximately \$12.4 million. The CRF is also funding the construction of the Lower Woodland Skate Park, and the acquisition of property for, and partial development of, the replacement for the Seattle Center Skate Park.

In addition to the work funded by the CRF, a property acquisition and several restoration projects at Discovery Park are funded by the Shoreline Park Improvement Fund (SPIF) as part of the West Point Treatment Plant mitigation settlement with King County. The total 2006 SPIF and Beach Maintenance Trust Fund appropriation for shoreline and park improvements is approximately \$1.7 million. Funding for the Parks Upgrade Program is appropriated in the Community Development Block Grant section of the budget. The Department also anticipates receiving grants and other public and private donations that will be appropriated through legislation in 2006.

In the 2006 Adopted Budget, funds are added to the existing Olympic Sculpture Park development project at the end of Alaskan Way, and to three new projects, including Dahl Playfield for field enhancements, Denny Park for a children's play area, and Gas Works Park for utility enhancements to support the relocation of the summer concert series to this location.

Parks Levy Fund

Department Description

The Parks Levy Fund department is an administrative tool for summarizing the approved uses of the 2000 Neighborhood Parks, Green Spaces, Trails and Zoo Levy (2000 Parks Levy) in the 2006 Adopted Budget. Proceeds from the 2000 Parks Levy are used primarily to support property acquisition, capital expansion, and operating expenses of the Department of Parks and Recreation (DPR). Appropriations for property acquisition and capital expansion expenses are described in the Adopted 2006-2011 Capital Improvement Program (CIP) document and the CIP section of DPR's Adopted Budget. Appropriations and transfers from this fund for DPR operating expenses are made in the following pages. DPR uses these resources from the 2000 Parks Levy to pay for levy-related costs for park and facility development. The Parks Levy Fund department does not have any positions since it is just a mechanism to transfer revenue between these two funds.

In November 2000, Seattle voters approved the 2000 Parks Levy, a \$200 million, eight-year levy lid lift for parks and recreation purposes. The annual cost to property owners is approximately \$0.35 per \$1,000 assessed value. DPR manages the 2000 Parks Levy programs, development projects, and the levy's fund.

With levy funds, the City will acquire, develop, and maintain new neighborhood parks, green spaces, playfields, trails and boulevards, and has added out-of-school and senior activities. The levy also funds an acquisition and development opportunity fund. The 2006-2011 Adopted CIP includes more than \$18 million for more than 50 Parks Levy projects. Recently developed projects include Cascade Playground, Homer Harris Park, Cal Anderson Park (Lincoln Reservoir), Lake City Mini Park, Southwest Community Center Computer Lab, and Southwest Community Center Teen Center.

The 2000 Parks Levy is structured to fund the following major functions:

Park and Green Space Acquisition: The levy provides \$26 million for neighborhood park acquisition and green space preservation. To date, the Department of Parks and Recreation has acquired 32 acres of open and green space properties.

Park Development Projects: The levy provides \$102.8 million for 95 park development projects. To date, 42 projects are completed, 46 additional projects have begun construction, and the remaining seven will begin construction in 2006 or 2007.

Opportunity Fund: The levy provides \$10 million for citizen-initiated park projects to be recommended by the Oversight Committee. In 2002, \$6 million was allocated for 19 projects, and in 2005 the remaining \$4 million was allocated for 15 projects.

Environmental Stewardship, Maintenance and Programming: The levy provides \$61.4 million for environmental stewardship, recreational programs, enhanced park maintenance, and maintenance of new parks purchased or developed through the levy. This funding also includes \$21.8 million for programs and facilities at Woodland Park Zoo.

Per Ordinance 120024, all amounts appropriated and transferred from the 2000 Parks Levy Fund (33850) carry over in the Parks and Recreation Fund (10200) within the Department of Parks and Recreation budget until they are expended.

Policy and Program Changes

Some new 2000 Parks Levy funded projects did not have firm project schedules in the 2006 Endorsed Budget due to acquisition negotiations or delays in construction due to contracting issues. These have been recalculated and

Parks Levy

the new calculations increase the budgeted expenditures from the 2000 Parks Levy Fund for the revised "on-line" dates. In addition, new vehicle purchases are being added to the 2006 Adopted Budget. All of these budget increases are included in the New Park/Green Space Maintenance Budget Control Level, and are funded as planned in the 2000 Parks Levy.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Parks Levy Support to Zoo Programming Budget Control Level

Purpose Statement

This provides appropriation authority from the 2000 Parks Levy Fund to the Woodland Park Zoo for the support of Zoo programs. These resources are in addition to resources provided by DPR in its Woodland Park Zoo Budget Control Level.

Summary

There are no substantive changes from the 2006 Endorsed Budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Parks Levy Support to Zoo Programming	2,685,000	2,751,000	2,819,000	2,819,000

Transfer to Parks and Recreation Fund Budget Control Level

Purpose Statement

The purpose of the Transfer to Parks and Recreation Fund (Fund 10200) Budget Control Level is to transfer operating and maintenance budget authority and funds from the 2000 Parks Levy Fund (33850) to the Parks and Recreation Fund (10200) within the Department of Parks and Recreation budget.

Program Expenditures	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Enhanced Park Maintenance	958,503	645,000	554,000	554,000
Environmental Stewardship	1,286,805	1,268,000	1,310,000	1,310,000
New Park/Green Space Maintenance	290,038	1,077,015	1,331,664	1,511,000
Recreational Programming	2,319,585	2,321,000	2,391,000	2,391,000
Total	4,854,931	5,311,015	5,586,664	5,766,000

Transfer to Parks and Recreation Fund: Enhanced Park Maintenance

Purpose Statement

The purpose of the Enhanced Park Maintenance program is to authorize the transfer of resources from the Parks Levy Fund to the Parks and Recreation Fund. Enhanced Park Maintenance programs include enhanced service for parks and comfort stations during peak-use periods, and additional community center custodial and pool operator capacity to handle increased use and hours of operation. All of these services are budgeted within DPR's Parks Cleaning, Landscaping and Restoration, Community Centers, and Swimming, Boating, and Aquatics Budget Control Levels.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Enhanced Park Maintenance	958,503	645,000	554,000	554,000

Transfer to Parks and Recreation Fund: Environmental Stewardship

Purpose Statement

The purpose of the Environmental Stewardship program is to authorize the transfer of resources from the Parks Levy Fund to the Parks and Recreation Fund. The Environmental Stewardship programs improve the urban forest and green spaces, and deliver more educational programming and volunteer opportunities. All of these services are budgeted within DPR's Citywide Programs and Scheduling, and Parks Cleaning, Landscaping and Restoration Budget Control Levels.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Environmental Stewardship	1,286,805	1,268,000	1,310,000	1,310,000

Transfer to Parks and Recreation Fund: New Park/Green Space

Maintenance

Purpose Statement

The purpose of the New Park/Green Space Maintenance program is to authorize the transfer of resources from the Levy fund to the Parks and Recreation fund. The New Park/Green Space Maintenance programs provide maintenance of properties acquired and/or developed through Levy funded properties. New Park/Green Space Maintenance programs are budgeted within DPR's Park Cleaning, Landscaping, and Restoration, and Facility and Structure Maintenance Budget Control Levels.

Program Summary

Increase budget by \$179,000 to pay for technical cost corrections made to new park and facility development projects that were previously presented in the 2005-2010 Adopted Capital Improvement Program, and to pay for new vehicle purchases, all as planned in the 2000 Parks Levy.

These changes are a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$179,000.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
New Park/Green Space Maintenance	290,038	1,077,015	1,331,664	1,511,000

Transfer to Parks and Recreation Fund: Recreational Programming

Purpose Statement

The purpose of the Recreational Programming program is to authorize the transfer of resources from the Parks Levy Fund to the Parks and Recreation Fund. Recreational Programming services include increased after-school and summer youth programs, and senior programs. Recreational Programming elements are budgeted within DPR's Citywide Programs and Scheduling, Community Centers, Park Cleaning, Landscaping and Restoration, and Swimming, Boating, and Aquatics Budget Control Levels.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Department Description

Seattle Center is a valued civic asset with community roots that reach back in time to native tribes and pioneers. Today, millions of people visit the 74-acre campus each year. Seventy-eight percent of Seattle residents visit Seattle Center an average of nine times a year. They attend one of the 5,400 free public performances, retreat in the 22 acres of landscaped gardens and fountains, or visit one of the 21 cultural, educational and sports organizations that call Seattle Center home.

Consistently rated as one of the city's top attractions, Seattle Center's mission is to be the nation's best gathering place: to be as vibrant and diverse as the millions of people who visit each year, to bring together a varied community, and to delight the human spirit.

Policy and Program Changes

The 2006 Adopted Budget restores two positions that were eliminated from Seattle Center's budget in 2005. A Senior Security Officer position will enable Seattle Center to patrol the campus grounds between midnight and 6 a.m. A Building Operating Engineer position will support preventive maintenance. An additional 16 part-time positions, totaling 8.9 FTE, are converted from temporary to regular status in accordance with the City's policy on use of temporary employees. Five of these positions, or 2.5 FTE, were approved in Ordinance 121826 in June of 2005. Funding to cover most of the cost of these new regular employees is transferred from Seattle Center's temporary labor budget, but the conversions add net General Fund expense of \$111,000.

The 2006 Endorsed Budget added \$910,000 to cover debt service pertaining to the balance of McCaw Hall construction costs originally expected to be covered by State and County contributions. The Pacific Northwest Ballet and the Seattle Opera Company augmented their use fees to cover half of the gap, and Seattle Center's General Fund allocation was increased to cover the other half of the gap. Over the past year, however, \$5.5 million of additional funding commitments have been received for McCaw Hall, including \$3 million from the State, \$500,000 from King County, and \$2 million from the City in the form of matching funds from the sale of Lot 2, as established in Ordinance 121742. Receipt of these funding commitments has enabled the City to avoid interim financing that was anticipated in the 2006 Endorsed Budget, thereby reducing the 2006 debt service by \$227,000 in the 2006 Adopted Budget.

Reflecting a Citywide budget approach, the 2006 Adopted Budget removes expenditures related to planning for the new Green Line Monorail facilities, because voters in November 2005 did not approve Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan. As a result, the Monorail Green Line will not be built. The 2006 Adopted Budget retains the \$1.2 million General Fund increment that was provided in the Endorsed Budget to partially cover revenue losses related to the fire on the existing monorail and delay of construction of the new monorail.

In 2005, Seattle Center made major progress in implementing a property development strategy designed to maximize revenue from peripheral properties not essential to Seattle Center's mission. The 2005 Adopted and 2006 Endorsed Budget assumed one-time revenue of \$6.4 million from sale of Lots 4 and 5, parking lots adjacent to the campus. Seattle Center was able to complete these sales in 2005, with net proceeds of \$7.3 million, or

approximately \$949,000 more than anticipated. The 2006 Adopted Budget transfers \$340,000 of these sale proceeds to the KeyArena Renovation Fund, to support Capital Improvement Program (CIP) improvements to KeyArena designed to enhance its revenue generation performance. Another \$170,000 of sale proceeds is transferred to the Cumulative Reserve Subfund, providing CIP funding for tenant improvements to the food court area of Center House in conjunction with anticipated 2006 lease negotiations, and security improvements to parking facilities.

In addition to the planned 2005-06 sale of Lots 4 and 5, Seattle Center successfully negotiated the sale of Lot 2, a surface parking lot located on 5th Avenue North. The sale, which is expected to close in late 2006, will transfer the property to the Gates Foundation. Ordinance 121742, approved on February 28, 2005, allocates \$10.5 million in net proceeds to the Seattle Center Operating Fund, to address the ongoing budget deficit that has necessitated a \$10 million loan from the City's consolidated cash pool, and to create a reserve to cover anticipated construction-period losses of parking revenue. Another \$4 million in net proceeds is used to help close the funding gap for McCaw Hall, providing a one-to-two match for non-City dollars. Ordinance 121742 deposits the balance of net proceeds, estimated to total approximately \$8 million, to a new Seattle Center Capital Reserve Subfund of the Seattle Center Redevelopment and Parks Community Center Fund, to augment the regular annual capital funding allocated to Seattle Center for major maintenance and renewal projects, after preparation of a detailed conceptual Capital Reserve Plan. The ordinance requires relocation of the skate board park and basketball court that are currently situated on the Lot 2 property, and includes appropriation of \$900,000 in costs of sale to construct these improvements. Subsequent to approval of the ordinance, it became evident that purchase of a site will probably be required. A review of site options is underway. The Adopted 2006-2011 CIP assumes that \$900,000 in improvement costs and up to \$1.2 million in acquisition costs will be provided from sale proceeds. The use of sale proceeds for site acquisition would reduce the anticipated allocation of sale proceeds to the Seattle Center Capital Reserve Subfund by up to \$1.2 million. An ordinance making these appropriations will be developed once purchase costs are known. If some of these funds are not required, they will revert to the Seattle Center Capital Reserve Subfund.

The sale of Lot 2 is expected to eliminate Seattle Center's negative fund balance by the end of 2006. However, structural problems in the existing business model remain that likely will lead to a recurrence of the deficit situation. During 2005 and 2006, Seattle Center is engaged in a business planning process in conjunction with a task force on Seattle Center sustainability established by the Mayor. Prior to submittal of the 2007-08 Proposed Budget, the Mayor will work with the Council to establish a sustainable financial model for Seattle Center.

Administration Budget Control Level

Purpose Statement

The purpose of the Administration Budget Control Level is to provide leadership and support services to Seattle Center personnel so they can effectively accomplish the mission and goals of the Department.

Summary

Technical adjustments increase the budget by \$30,000. Citywide adjustments to labor costs increase the budget by \$15,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of \$45,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Cultural and Community Heart of the City: Community Events

Purpose Statement

The purpose of the Community Events program is to provide cultural celebrations, festivals, and family and youth programs of exceptional quality, enriching content, and uplifting values that represent and celebrate the diverse nature of our region, engage a broad spectrum of the public, and inspire the individual human spirit.

Program Summary

Restore 1.0 FTE Senior Security Officer position to enable Seattle Center to patrol the grounds between midnight and 6 a.m. This position is allocated among several Seattle Center programs. The Community Events Program's share of this staffing increase, 0.05 FTE, increases the budget by \$2,000.

The Adopted Budget adds 2.5 FTE part-time Admissions Employees, pursuant to Ordinance 121826. Regular positions to assume tasks formerly performed by temporary employees are also added, including 3.5 FTE part-time Admissions Employees, 0.5 FTE Head Usher, and 2.4 FTE Laborers. The 8.9 total new regular FTE represent 16 part-time positions, which are shared between the Community Events, Gatherings, Performing Arts, Financial Success, Facilities and Grounds and Visitor Amenities Programs. The Community Events Program's share of this increase to Seattle Center's regular employees is 0.15 FTE. Funding to cover most of the cost is transferred from temporary labor to regular salaries and benefits. The conversion of temporary positions to regular positions increases the Community Events Program budget by \$1,000.

Citywide adjustments to labor costs increase the budget by \$15,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$17,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Cultural and Community Heart of the City: Gatherings

Purpose Statement

The purpose of the Gatherings Program is to provide attractive and cost-competitive venues and support services that allow community, business, and government events to occur in a convenient and serviceable environment.

Program Summary

Restore 1.0 FTE Senior Security Officer position to enable Seattle Center to patrol the grounds between midnight and 6 a.m. This position is allocated among several Seattle Center programs. The Gatherings Program's share of this staffing increase, 0.05 FTE, increases the budget by \$2,000.

The Adopted Budget adds 2.5 FTE part-time Admissions Employees, pursuant to Ordinance 121826. Regular positions are also added to assume tasks formerly performed by temporary employees, including 3.5 FTE part-time Admissions Employees, 0.5 FTE Head Usher, and 2.4 FTE Laborers. The 8.9 total new regular FTE represent 16 part-time positions, which are shared between the Community Events, Gatherings, Performing Arts, Financial Success, Facilities and Grounds and Visitor Amenities Programs. The Gatherings Program's share of this increase to Seattle Center's regular employees is 1.32 FTE. Funding to cover most of the cost is transferred from temporary labor to regular salaries and benefits. The conversion of temporary positions to regular positions increases the Gatherings Program budget by \$17,000.

Citywide adjustments to labor costs increase the budget by \$16,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$34,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Gatherings	1,356,061	1,282,743	1,291,254	1,325,724

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Cultural and Community Heart of the City: Performing Arts

Purpose Statement

The purpose of the Performing Arts Program is to provide venues and opportunities for resident theater and performing arts organizations as well as touring arts presentations that inspire the human spirit and provide awareness of community.

Program Summary

The 2006 Endorsed Budget added a total of \$910,000 to cover debt service on the project funding shortfall for McCaw Hall, relating to construction costs that were originally expected to be covered by State and County contributions. The Ballet and the Opera augmented their use fees to cover half of the gap, and the General Fund covered the other half of the gap during the biennium. Over the past year, however, \$5.5 million of additional funding commitments have been received for McCaw Hall, including \$3 million from the State, \$500,000 from King County, and \$2 million from the City in the form of matching funds from the sale of Lot 2, as established in Ordinance 121742. Receipt of these funding commitments has enabled the City to avoid interim financing that was anticipated in the 2006 Endorsed Budget, thereby reducing the 2006 debt service by \$227,000, of which \$113,000 is General Fund savings. The McCaw Hall debt service expense is split between the Performing Arts Program and the Financial Success Program. The savings to the Performing Arts Program is \$170,000, split equally between the General Fund and the use fees paid by the Opera and the Ballet.

Restore 1.0 FTE Senior Security Officer position to enable Seattle Center to patrol the grounds between midnight and 6 a.m. This position is allocated among several Seattle Center programs. The Performing Arts Program's share of this staffing increase, 0.05 FTE, increases the budget by \$3,000.

The Adopted Budget adds 2.5 FTE part-time Admissions Employees, pursuant to Ordinance 121826. Regular positions are also added to assume tasks formerly performed by temporary employees, including 3.5 FTE part-time Admissions Employees, 0.5 FTE Head Usher, and 2.4 FTE Laborers. The 8.9 total new regular FTE represent 16 part-time positions, which are shared between the Community Events, Gatherings, Performing Arts, Financial Success, Facilities and Grounds and Visitor Amenities Programs. The Performing Arts Program's share of this increase to Seattle Center's regular employees is 1.32 FTE. Funding to cover most of the cost is transferred from temporary labor to regular salaries and benefits. The conversion of temporary positions to regular positions increases the Performing Arts Program budget by \$17,000.

Citywide adjustments to labor costs increase the budget by \$27,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$123,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Financial Success through Entrepreneurial Spirit and Public Stewardship **Budget Control Level**

Purpose Statement

The purpose of this Budget Control Level is to efficiently manage the Department's financial resources, maximize earned revenues to reduce reliance on public support, and achieve the greatest public value possible from the public funds available. Two primary service categories include KeyArena and Seattle Center's Redevelopment Phase II, both of which have specific financial goals.

Summary

Restore 1.0 FTE Building Operating Engineer position that was abrogated in 2005, and will be shared by the Financial Success Program, the Facilities and Grounds Enhancement Program, and the Visitor Amenities Program. Restoration of this position will support preventive maintenance on the Seattle Center Campus. Seattle Center will reduce contracted maintenance service expenditures by \$25,000, so the net cost of the \$70,000 position is \$45,000. The Financial Success Program's share of this increase, 0.15 FTE, increases the budget by \$7,000.

Restore 1.0 FTE Senior Security Officer position to enable Seattle Center to patrol the grounds between midnight and 6 a.m. This position is allocated among several Seattle Center programs. The Financial Success Program's share of this staffing increase, 0.21 FTE, increases the budget by \$11,000.

The Adopted Budget adds 2.5 FTE part-time Admissions Employees, pursuant to Ordinance 121826. Regular positions are also added to assume tasks formerly performed by temporary employees, including 3.5 FTE part-time Admissions Employees, 0.5 FTE Head Usher, and 2.4 FTE Laborers. The 8.9 total new regular FTE represent 16 part-time positions, which are shared between the Community Events, Gatherings, Performing Arts, Financial Success, Facilities and Grounds and Visitor Amenities Programs. The Financial Success Program's share of this increase to Seattle Center's regular employees is 4.76 FTE. Funding to cover most of the cost is transferred from temporary labor to regular salaries and benefits. The conversion of temporary positions to regular positions increases the Financial Success Program budget by \$63,000.

Remove expenditures related to planning for the new Green Line Monorail facilities and Seattle Center replacement facilities. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved. These expenditures, which were to be reimbursed by the Seattle Monorail Project, had been budgeted in the Financial Success Program and the Facilities and Grounds Enhancement Program. The Financial Success Program's share of the total \$275,000 expenditure reduction is \$224,000.

The 2006 Endorsed Budget added a total of \$910,000 to cover debt service on the project funding shortfall for McCaw Hall, relating to construction costs that were originally expected to be covered by State and County contributions. The Ballet and the Opera augmented their use fees to cover half of the gap, and the General Fund covered the other half of the gap during the biennium. Over the past year, however, \$5.5 million of additional funding commitments have been received for McCaw Hall, including \$3 million from the State, \$500,000 from King County, and \$2 million from the City in the form of matching funds from the sale of Lot 2, as established in Ordinance 121742. Receipt of these funding commitments has enabled the City to avoid interim financing that was anticipated in the 2006 Endorsed Budget, thereby reducing the 2006 debt service by \$227,000, of which \$113,000 is General Fund savings. The McCaw Hall debt service expense is split between the Performing Arts Program and the Financial Success Program. The savings to the Financial Success Program is \$57,000, split equally between the General Fund and the use fees paid by the Opera and the Ballet.

Seattle Center

Citywide adjustments to labor costs increase the budget by \$88,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$112,000.

Nation's Best Gathering Place: Facilities/Grounds Enhancement and Preservation

Purpose Statement

The purpose of the Facilities/Grounds Enhancement and Preservation Program is to manage environmental initiatives and capital projects that enhance the cleanliness, safety, environmental quality, functionality, and beauty of the campus.

Program Summary

Restore 1.0 FTE Building Operating Engineer position that was abrogated in 2005, and will be shared by the Financial Success Program, the Facilities and Grounds Enhancement Program, and the Visitor Amenities Program. Restoration of this position will support preventive maintenance on the Seattle Center Campus. Seattle Center will reduce contracted maintenance service expenditures by \$25,000, so the net cost of the \$70,000 position is \$45,000. The Facilities and Grounds Program's share of this increase, 0.43 FTE, increases the budget by \$19,000.

Restore 1.0 FTE Senior Security Officer position to enable Seattle Center to patrol the grounds between midnight and 6 a.m. This position is allocated among several Seattle Center programs. The Facilities and Grounds Program's share of this staffing increase, 0.32 FTE, increases the budget by \$19,000.

The Adopted Budget adds 2.5 FTE part-time Admissions Employees, pursuant to Ordinance 121826. Regular positions are also added to assume tasks formerly performed by temporary employees, including 3.5 FTE part-time Admissions Employees, 0.5 FTE Head Usher, and 2.4 FTE Laborers. The 8.9 total new regular FTE represent 16 part-time positions, which are shared between the Community Events, Gatherings, Performing Arts, Financial Success, Facilities and Grounds and Visitor Amenities Programs. The Facilities and Grounds Program's share of this increase to Seattle Center's regular employees is 0.69 FTE. Funding to cover most of the cost is transferred from temporary labor to regular salaries and benefits. The conversion of temporary positions to regular positions increases the Facilities and Grounds Program budget by \$6,000.

Remove expenditures related to planning for the new Green Line Monorail facilities and Seattle Center replacement facilities. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved. These expenditures, which were to be reimbursed by the Seattle Monorail Project, had been budgeted in the Financial Success Program and the Facilities and Grounds Enhancement Program. The Facilities and Grounds Program's share of the total \$275,000 expenditure reduction is \$51,000.

Citywide adjustments to labor costs increase the budget by \$13,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$6,000.

Nation's Best Gathering Place: Visitor Amenities

Purpose Statement

The purpose of the Visitor Amenities Program is to provide to public and private clients direct customer services and facilities, such as the Center House, the Monorail, and parking, and to work with privately-owned attractions, such as the Fun Forest, the Children's Museum, the Experience Music Project, the Pacific Science Center, and the Space Needle, which make a visitor's experience at Seattle Center pleasurable.

Program Summary

Restore 1.0 FTE Building Operating Engineer position that was abrogated in 2005, and will be shared by the Financial Success program, the Facilities and Grounds Enhancement program, and the Visitor Amenities program. Restoration of this position will support preventive maintenance on the Seattle Center Campus. Seattle Center will reduce contracted maintenance service expenditures by \$25,000, so the net cost of the \$70,000 position is \$45,000. The Visitor Amenities Program's share of this increase, 0.42 FTE, increases the budget by \$19,000.

Restore 1.0 FTE Senior Security Officer position to enable Seattle Center to patrol the grounds between midnight and 6 a.m. This position is allocated among several Seattle Center programs. The Visitor Amenities Program's share of this staffing increase, 0.32 FTE, increases the budget by \$19,000.

The Adopted Budget adds 2.5 FTE part-time Admissions Employees, pursuant to Ordinance 121826. Regular positions are also added to assume tasks formerly performed by temporary employees, including 3.5 FTE part-time Admissions Employees, 0.5 FTE Head Usher, and 2.4 FTE Laborers. - (1) The 2005 Adopted – 2006 Endorsed Budget assumed the sale of the Seattle Center Parking Lot 4 in 2005, and Lot 5 in 2006. Both sales were completed in 2005. Actual net proceeds exceeded planned proceeds by a total of \$953,900. The 2005 Revised revenue reflects this change. The 2006 Adopted revenue includes deposit of \$10.5 million from the anticipated sale of Seattle Center Lot 2 in 2006.
- (2) Enactment of the budget ordinance authorizes the transfer of \$170,000 from this fund to the Cumulative Reserve Subfund, and the transfer of \$340,000 from this fund to the KeyArena Renovation Fund. The use of these excess revenues from sale of Lots 4 and 5 is described in Seattle Center’s CIP under the Center House Rehabilitation, Parking Repairs and Improvements, and KeyArena Renovation Projects.
- (3) This reserve is designated to cover anticipated lost parking revenue during construction of the parking facility planned on Lot 2.

Capital Improvement Program Highlights

Seattle Center's Capital Improvement Program (CIP) is at the heart of Seattle Center's vision to be the nation's best gathering place. Seattle Center's CIP repairs, renovates and redevelops the facilities and grounds of Seattle Center's 74-acre campus to provide a safe and welcoming place for millions of visitors and 5,000 events each year.

In 2006, Seattle Center upgrades the fire alarm system in Center House, makes seismic improvements to the Intiman Playhouse and Colonnades, and replaces Worlds Fair-era underground steam and chilled water lines. In addition, Seattle Center closes the sale of parking Lot 2 and carries out related planning work for a new, City-owned parking garage on the southwest corner of Lot 2 and relocation of the skateboard park, basketball court, and waste reduction facility on Lot 2. Seattle Center improves to the Snoqualmie Room, to prepare the facility for lease by The Vera Project for offices and an all-ages performing arts venue. In conjunction with negotiation of new tenant leases in Center House, Seattle Center carries out tenant improvements to the food court.

The costs of managing Seattle Center's CIP, including project management and administration, are presented in Seattle Center's operating budget and are offset by revenues to the Seattle Center Fund from the funding sources of the CIP projects. Funding for Seattle Center's 2006 CIP comes primarily from the Cumulative Reserve Subfund, LTGO Bonds, property sales, and private sources.

Community Development Block Grant

Department Description

The Federal Community Development Block Grant (CDBG) Program provides a major source of funding to address community development programs affecting Seattle's low- and moderate-income households and neighborhoods. The City of Seattle makes these investments so all families and individuals can meet their basic needs, share in our economic prosperity, and participate in building a safe, healthy, educated, just, and caring community.

Policies and priorities for distributing CDBG funds to community-based organizations are set out in the City's 2005-2008 Consolidated Plan for Housing and Community Development, which is coordinated by the Human Services Department. As required by the U.S. Department of Housing and Urban Development (HUD), the Consolidated Plan outlines funding policies and strategies for CDBG funds, as well as for Housing Opportunities for Persons with AIDS (HOPWA), the HOME Investment Partnership (HOME), and Emergency Shelter Grant (ESG). The Consolidated Plan, a four-year document, is updated annually. Funding decisions in the 2005-2008 Consolidated Plan are reflected in the 2006 Adopted Budget.

The 2006 Adopted Budget estimates the amount of CDBG dollars the City anticipates to be available, anticipates appropriations of these funds, and makes specific CDBG proposals for certain City programs in the Human Services Department, Office of Economic Development, Office of Housing and Department of Parks and Recreation. Final CDBG program allocations are subject to the appropriation levels set by the U.S. Congress and implemented by HUD.

Policy and Program Changes

The 2006 Adopted Budget assumes the City's 2006 CDBG entitlement is slightly reduced in the 2006 federal budget. The President's 2006 Budget originally proposed to eliminate the CDBG program. Although funding was restored by Congress, the City assumes that Seattle continues to receive a slightly lower entitlement than in previous years. The net anticipated budget reduction from the 2006 Endorsed to the 2006 Adopted level is approximately \$1.6 million.

As a result of anticipated reductions, CDBG funding in the Office of Housing, Human Services Department, and Office of Economic Development is reduced. Funding in the Department of Neighborhoods is eliminated. The program funding for the Department of Parks and Recreation remains at 2005 levels.

In addition to budget reductions, adjustments in the overall CDBG program are made to better focus CDBG funds toward specific goals. This includes shifts in funding to support the City's support of a Ten Year Plan to End Homelessness and to provide increased economic assistance for businesses in Southeast Seattle.

Funding in the Human Services Department is primarily focused on services to end homelessness, while funding in the Office of Housing is focused on increasing housing units to support more permanent housing for the City's most vulnerable populations. In addition, funding in the Department of Parks and Recreation is used to create jobs for the homeless population through the Seattle Conservation Corps program. The majority of funding in the Office of Economic Development focuses on economic development in Southeast Seattle.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Department of Neighborhoods Budget Control Level

Purpose Statement

The purpose of the Department of Neighborhoods is to work to bring government closer to the residents of Seattle by engaging them in civic participation, helping them make positive contributions to their communities, and by engaging more of Seattle's under-represented residents, including communities of color and immigrants, in civic discourse, processes, and opportunities.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Department of Neighborhoods: Community Building

Purpose Statement

The purpose of the Community Building Program is to facilitate, monitor, and coordinate City efforts to implement neighborhood plans so that high-priority requests are implemented in the parts of the city anticipated to receive the most growth over the next 20 years.

Program Summary

Anticipating a decrease in Community Development Block Grant funding, this program is eliminated in the 2006 Adopted Budget. General Fund funding in the amount of \$37,000 is added to the P-Patch program in the Department of Neighborhoods to allow the Department to complete P-Patch projects scheduled for 2006.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Community Building	474,656	181,631	181,631	0

Department of Neighborhoods: Historic Preservation

Purpose Statement

The purpose of the Historic Preservation program is to provide technical assistance, outreach, and education to the general public, owners of historic properties, government agencies, and elected officials in order to identify, protect, rehabilitate, and reuse historic properties. This program also provides administration of CDBG-funded activities.

Program Summary

Anticipating a decrease in Community Development Block Grant funding, this program has been eliminated in the 2006 Adopted Budget.

A 0.75 FTE Community Development Specialist providing Section 106 historic review is reduced by 0.25 and funded by General Fund resources in the Department of Neighborhoods budget. A 0.5 FTE Planning and Development Specialist II providing CDBG administration is abrogated in the Department of Neighborhoods budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Historic Preservation	45,589	103,958	103,958	0

Department of Neighborhoods: Research and Prevention

Purpose Statement

The purpose of the Research and Prevention program is to support the efforts of Communities That Care (CTC). CTC is a prevention planning system that helps communities develop an integrated approach to promoting the positive development of children and youth, and to preventing problem behaviors, including substance abuse, delinquency, teen pregnancy, school dropout, and violence.

Program Summary

Anticipating a decrease in CDBG funding, this program has been eliminated in the 2006 Adopted Budget. Implementation of programs related to this planning effort is reflected elsewhere in the budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Research and Prevention	112,409	145,000	145,000	0

Department of Parks and Recreation Budget Control Level**Purpose Statement**

The purpose of the Department of Parks and Recreation Budget Control Level is to mitigate neighborhood decay and vandalism and preserve the quality of life within the city, promote long-term economic and social viability of the community, and provide empowerment and self-sufficiency opportunities for low-income people.

CDBG funds support labor contracted under the Department of Parks and Recreation's Seattle Conservation Corps Program and the Southeast Effective Development program to make minor capital improvements in low-income area parks. This program provides training opportunities for low-income, homeless, and other at-risk residents.

Summary

There are no substantive changes from the 2006 Endorsed Budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Department of Parks and Recreation	554,183	507,961	507,961	507,961

Human Services Department Budget Control Level

Purpose Statement

The purpose of the Human Services Department is to find and fund solutions for human needs so low-income, vulnerable residents in greater Seattle can live and thrive. HSD contracts with more than 230 community-based human service providers and administers programs to ensure residents of Seattle and King County have food, shelter, productive education and job opportunities, adequate health care, and many more of life's basic necessities.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Community Services	6,366,350	5,153,292	5,153,292	5,203,904
Leadership and Corporate Services	1,065,336	1,539,549	1,539,549	1,258,221
Total	8,979,476	8,287,443	8,287,443	7,313,754

Human Services Department: Aging and Disability Services

Purpose Statement

The purpose of the Aging and Disability Services program is to guarantee a network of community supports for older people and adults with disabilities in order to improve choices, promote independence, and enhance quality of life.

CDBG funding provides Seattle Housing Authority residents with support services to enable them to live as independently and safely as possible, avoiding relocation or unnecessary hospitalization.

Program Summary

A contract funding Home Sharing for Seniors is shifted to General Fund and these CDBG funds are shifted to the Community Services program in order to align the Human Services Department's CDBG spending with the Ten Year Plan to End Homelessness. The net decrease from the 2006 Endorsed Budget to the 2006 Adopted Budget is approximately \$67,000.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Aging and Disability Services	372,472	376,796	376,796	309,988

Human Services Department: Children, Youth, and Family Services

Purpose Statement

The purpose of the Children, Youth, and Family Services program is to provide leadership to build and maintain quality support systems for children, youth, and families so they develop their assets and more fully benefit from, and contribute to, the community.

CDBG funds provide support for emergency shelter, transitional housing, outreach, case management, and counseling for homeless and low-income youth.

Program Summary

The contract for childcare subsidies is shifted to General Fund and these CDBG funds are shifted to the Community Services program in order to align the Human Services Department's CDBG spending with the Ten Year Plan to End Homelessness. The net decrease from the 2006 Endorsed Budget to the 2006 Adopted Budget is approximately \$676,000.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Children, Youth, and Family Services	1,175,318	1,217,806	1,217,806	541,641

Human Services Department: Community Services

Purpose Statement

The purpose of the Community Services program is to provide facility renovations and architectural assistance to community-based organizations, and to provide homeless intervention and prevention services to low-income and homeless people so they can become self-sufficient.

CDBG funds support the City's continuum-of-care model by providing a number of emergency and stabilization programs including, but not limited to: emergency shelter and transitional housing for single homeless men, women, and families; hygiene services; housing counseling; and rent assistance.

Program Summary

Funds for homeless services in this program are transferred from CDBG administration in the Leadership & Corporate Services program. Also, as a result of an anticipated decrease in CDBG, funding for architectural assistance is eliminated in the 2006 budget. Similarly, a project manager position in the Community Facilities program has been abrogated. The net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget is approximately \$51,000.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Community Services	6,366,350	5,153,292	5,153,292	5,203,904

Human Services Department: Leadership and Corporate Services**Purpose Statement**

The purpose of the Leadership and Corporate Services Program is to provide administration and technical assistance to City departments and community-based organizations so that they can implement CDBG-funded programs efficiently and effectively.

CDBG funds support the City's planning and grant administration functions and comply with all applicable federal regulations.

Program Summary

Decrease budget by approximately \$281,000 to reflect a reduction to CDBG administration costs and funding for two ending homelessness planner positions. The two planning positions are funded by General Fund in the Human Services Department's operating budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Leadership and Corporate Services	1,065,336	1,539,549	1,539,549	1,258,221

Office of Economic Development Budget Control Level

Purpose Statement

The purpose of the Office of Economic Development is to help create healthy businesses, thriving neighborhoods, and community organizations to contribute to a robust economy that will benefit all Seattle residents and future generations.

Program Expenditures

	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Community Development	1,242,737	3,875,824	3,875,824	3,816,218
Work Force Development	121,818	55,207	55,207	0
Total	1,364,555	3,931,031	3,931,031	3,816,218

Office of Economic Development: Community Development

Purpose Statement

The purpose of the Community Development program is to provide operating, grant, loan, and project management support to neighborhood business districts and community-based development organizations, as well as for special projects, so Seattle has thriving neighborhoods and broadly-shared prosperity.

CDBG funds support economic and community revitalization efforts in low-income neighborhoods through real estate development, equity loans, and non-profit community-based development organizations.

Program Summary

Anticipating a reduction in the City's allocation of CDBG funding, shifts are made within this program for several activities:

Reduce the Community Development Corporation (CDC) Equity Fund and the Loan Manager position by approximately \$123,000. Equity Fund projects are funded in 2006 with unspent prior year funds.

Reduce CDC technical assistance by \$25,000.

Reduce funding for facade improvements by \$123,000; approximately \$93,000 remains to fund facades in neighborhood business districts in 2006.

Eliminate funding for the Farmers Market program; \$50,000 of General Fund is added to the Office of Economic Development budget to support this program.

Funding for the Rainier Valley Community Development Fund (RVDCF) is \$100,000 greater in 2006 than in 2005.

Increase funding for loan monitoring using a one-time pool of \$146,000 in funding from the Brownfields Economic Development Initiative grant. It is anticipated that this source will support these activities for a number of years.

Reduce the budget by \$10,000 to correspond with a reduction in payment to the National Development Council for marketing and outreach associated with the Section 108 and Float Loan programs. Increase the budget by \$25,000 to recognize an increase in program income due to loan fees. The program income may be used for public notices relating to float loan and Section 108 loan activities, and technical assistance relating to the origination of loans. Any balances at year-end are deposited in the CDC Equity Fund.

These changes result in a net reduction from the 2006 Endorsed to the 2006 Adopted of approximately \$60,000.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Community Development	1,242,737	3,875,824	3,875,824	3,816,218

Office of Economic Development: Work Force Development**Purpose Statement**

The purpose of the Work Force Development program is to provide services to businesses, business and community organizations, residents, the Mayor, City Council, and other public decision makers so employers meet their needs for qualified workers; and so all residents, particularly those who are disadvantaged, secure and retain family wage jobs.

Program Summary

Eliminate CDBG funding for workforce development activity. This activity is supported by an increase in General Fund in the Office of Economic Development budget, to better align the source of funding with the nature of the contracts.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Work Force Development	121,818	55,207	55,207	0

Office of Housing Budget Control Level

Purpose Statement

The purpose of the Office of Housing is to invest in, and promote, the development and preservation of affordable housing that offers the opportunity for our city to thrive.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Administration and Management	362,836	621,909	621,909	0
Homeownership and Sustainability	773,613	1,761,196	1,761,196	1,928,185
Multifamily Production and Preservation	379,300	1,038,358	1,038,358	1,595,554

Total	2,490,106	3,773,912	3,773,912	3,723,912

Office of Housing: Administration and Management

Purpose Statement

The purpose of the Administration and Management program is to provide centralized leadership, coordination, technology, contracting, and financial management services to Office of Housing programs and capital projects to facilitate the production of affordable multifamily rental housing for Seattle residents.

Program Summary

Decrease budget by approximately \$622,000 to reflect a better alignment of staffing expenditures to programs. This funding is transferred to the Homeownership & Sustainability program and the Multifamily Production and Preservation program.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Administration and Management	362,836	621,909	621,909	0

Office of Housing: Homeownership and Sustainability

Purpose Statement

The purpose of the Homeownership and Sustainability program is to provide resources for Seattle residents, including seniors, to become homeowners and/or to preserve and improve their current homes.

CDBG funds support minor home repairs for low-income elderly or disabled homeowners, home rehabilitation revolving loans to low-income households, technical assistance and administrative costs for nonprofit housing organizations, and the City of Seattle’s Office of Housing.

Program Summary

Increase budget by approximately \$117,000 to reflect a better alignment of staffing expenditures to programs. This funding is transferred from the following program areas: Administration and Management program; Strategic Planning, Resource, and Program Development.

Increase budget by \$50,000 due to an increase in program income to the Homebuyer program. These funds are used as capital to fund housing projects.

The net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget is approximately \$167,000.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Homeownership and Sustainability	773,613	1,761,196	1,761,196	1,928,185

Office of Housing: Multifamily Production and Preservation

Purpose Statement

The purpose of the Multifamily Production and Preservation program is to acquire, develop, rehabilitate, and maintain affordable multifamily rental housing so the supply of housing for Seattle residents is increased and affordability remains sustainable.

Program Summary

Increase budget by approximately \$557,000 to reflect a better alignment of staffing expenditures to programs. This funding is transferred from the Administration and Management program.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Multifamily Production and Preservation	379,300	1,038,358	1,038,358	1,595,554

Office of Housing: Strategic Planning, Resource, and Program Development

Purpose Statement

The purpose of the Strategic Planning, Resource, and Program Development program is to provide policy review/revisions, development of new and revised housing programs, and vacant land redevelopment services to increase housing opportunities for Seattle residents.

Program Summary

Decrease budget by approximately \$152,000 to reflect a better alignment of staffing expenditures to programs. Most of this funding is transferred to the Homeownership & Sustainability program.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Department Information Line: (206) 233-5118

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/neighborhoods/education>

Department Description

The Educational and Developmental Services Levy (more commonly known as the Families and Education Levy), approved by voters in 1997, levied \$69 million over seven years for school- and community-based programming that helps ensure that Seattle's children and youth are safe, healthy, ready to learn, and successful in school. This programming also helps to strengthen parent, school, and community partnerships that support children and youth. The 1997 Families and Education Levy concluded at the end of 2005. The Mayor and City Council conducted an extensive public process to create a 2004 levy renewal package. Voters passed this ballot measure in September 2004. Implementation began in September 2005.

The Department of Neighborhoods/Office for Education administers the Levy. Implementing departments are Department of Neighborhoods, Human Services Department, Seattle Parks and Recreation, and the Seattle Police Department.

Policy and Program Changes

The 2004 Families & Education Levy sets a new direction for Seattle's families and children. While many critical programs continue in the new Levy, it differs in many ways from the 1997 measure. The 2004 Levy focuses resources on improving the academic achievement of Seattle Public School students. Highlights include:

- A new pre-school program for 4-year-old children that addresses the achievement gap before it can take root;
- Family involvement programs that strengthen the community around each child by helping parents help their children; and
- Before- and after-school programs that are specifically tied and targeted to improving a child's school performance.

Programs that continue from the 1997 Levy include serving youth at risk of gang involvement and/or dropping out of schools, and middle and high school health centers run by community health organizations.

Each Levy program is tied to improving academic success. To that end, each program has specific goals to measure progress and effectiveness in reducing the achievement gap.

The first full year of 2004 Levy expenditures is 2006. Funding and program information for both the 1997 and 2004 levies are shown on the following pages.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

1997 Education Levy

Department of Neighborhoods/Office for Education - Education, Children, and Families Program Budget Control Level

Purpose Statement

The purpose of the Education, Children, and Families program is to build linkages and a strong relationship between the City and the Seattle School District, administer the Families and Education Levy, provide policy direction to help children succeed in school, strengthen school-community connections, and achieve the City's vision of every Seattle child having access to high-quality early care and out-of-school time programs.

Program Expenditures	2004	2005	2006	2006

Department of Neighborhoods/Office for Education - Education, Children, and Families Program: Effective Schools - K-12 Literacy Project

Purpose Statement

The purpose of the K-12 Literacy Initiative Project is to strengthen accountability for student achievement at the school level by instituting a districtwide, five-year professional development program focusing on teaching strategies aimed at increasing every student's achievement in reading, writing, and thinking. These new teaching strategies are based on the latest brain development and academic research.

Program Summary

This program is not funded through the 2004 Levy but the Seattle School District contributes significant resources to this effective teacher development program.

Education Levy

Department of Neighborhoods/Office for Education - Education, Children, and Families Program: Levy Administration

Purpose Statement

The purpose of the Levy Administration Project is to be accountable to the Mayor and the City Council for the overall management of the Families and Education Levy and to facilitate partnerships between Seattle Public Schools and other City departments.

Program Summary

This program ended with the end of the 1997 Levy; please see the Administration and Evaluation Budget Control Level for the 2004 Education Levy.

Education Levy

Department of Neighborhoods/Office for Education - Education, Children, and Families Program: Middle School Support Project

Purpose Statement

The purpose of the Middle School Support Project is to help 20 schools implement strategies designed to meet the developmental needs of adolescents and to improve school climate. The majority of funding pays for student and family support services. Activities and programs such as counseling, mentoring, extracurricular activities, service learning, life and social skills training, home and school communication, parent involvement, and staff development are funded through this program.

Program Summary

This program is moved to the Out-of-School Time Budget Control Level for the 2004 Education Levy.

Human Services Department - Child Development Program: Comprehensive Child Care Project

Purpose Statement

The purpose of the Comprehensive Child Care Project (CCCP) is to provide children with access to affordable, culturally relevant, high-quality early learning and care programs while their parents or guardians are working or preparing for employment. To support program quality, the CCCP offers professional development activities and technical assistance for child care providers.

Program Summary

This program ended with the end of the 1997 Levy and is now funded with General Fund in the Human Services Department. Please see the 2004 Education Levy Early Learning Budget Control Level for related Levy-funded programs.

Comprehensive Child Care Project	1,354,293	929,947	0	0

Human Services Department - Child Development Program: First Place Project

Purpose Statement

The purpose of First Place School program is to provide transitional education and support services for homeless students ages 5-12 in a nurturing environment that fosters positive adjustment to more permanent educational placements when their families secure stable housing. Counseling services are provided to all enrolled students. A range of family support services is provided to assist families in gaining skills and/or accessing services that promote economic, social, and emotional growth and stability.

Program Summary

This program ended with the end of the 1997 Levy and is now funded with General Fund in the Human Services Department. Please see the 2004 Education Levy Early Learning Budget Control Level for related Levy-funded programs.

Human Services Department - Family Development Program: Family Center Project

Purpose Statement

The purpose of the Family Center Project is to provide funding for family centers offering a wide range of programs and activities that support and strengthen families. Core services include training/education, peer support groups, parent/child groups and family activities, family advocacy and outreach, information and assistance in locating needed resources, parenting classes, drop-in time, and activities that help bridge home and school.

Program Summary

This program ended with the end of the 1997 Levy and is now funded with General Fund in the Human Services Department. Please see the 2004 Family Support and Family Involvement Budget Control Level for related Levy-funded programs.

Human Services Department - Family Development Program: Family Partnerships Project

Purpose Statement

The purpose of the Family Partnerships Project is to increase the ability of individual schools to form effective partnerships with all families. The project provides Seattle Public Schools with funding and technical support to develop and implement family engagement strategies that help families become active partners in the educational process and promote academic, social, and emotional success for children.

Program Summary

This program ended with the end of the 1997 Levy and is now funded with General Fund in the Human Services Department. Please see the 2004 Family Support and Family Involvement Budget Control Level for related Levy-funded programs.

Family Partnerships Project	348,906	239,561	0	0

Human Services Department - Family Development Program: Family Support Worker Project

Purpose Statement

The purpose of the Family Support Worker Project is to provide support and assistance to families of students to help them meet basic needs, improve academic progress and attendance, address health and safety issues and overall readiness to learn, and a variety of other issues. Fifty-five Family Support Workers in 56 public elementary schools provide outreach, education, and advocacy for families; make referrals to school and community programs; visit families at home; assist families and children in solving practical problems; and provide follow-up to determine the success of referrals. Workers also routinely organize and/or participate in school-based activities to address needs and interests of families.

Program Summary

This program is moved to the 2004 Family Support and Family Involvement Budget Control Level.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Education Levy

Human Services Department - Family Development Program: Immigrant and Refugee Parent Support Project

Purpose Statement

The purpose of the Immigrant and Refugee Parent Support Project is to provide support services through contracts with ethnic community-based agencies that have the language capacity to provide culturally and linguistically appropriate parent education and youth support services to immigrant and refugee families. Services are tailored to strengthen family support and equip parents with skills to promote success for their children while developing positive parent-child relationships.

Program Summary

This program ended with the end of the 1997 Levy and is now funded with General Fund in the Human Services Department. Please see the 2004 Family Support and Family Involvement Budget Control Level for related Levy-funded programs.

Human Services Department - Youth Development Program: Seattle Team for Youth

Purpose Statement

The purpose of Seattle Team For Youth (STFY) is to provide youth ages 11-18 at risk of school failure and involvement in the juvenile justice system, with developmentally, culturally, and linguistically appropriate case management and educational support services that encourage a commitment to learning, strengthen positive values, develop social competencies, increase community responsibility, and reduce gang involvement and criminal behavior. STFY is a multi-agency case management network coordinated through the Human Services Department's Division of Family and Youth Services. Partners include 10 community-based organizations, the Seattle Police Department, Seattle Public Schools, and the King County Superior Court.

Program Summary

This program is moved to the 2004 Support for High-Risk Middle and High School Age Youth Budget Control Level.

Department Description

The mission of the Human Services Department (HSD) is to find and fund solutions for human needs so low-income and vulnerable residents in greater Seattle can live and thrive. HSD contracts with more than 230 community-based human service providers and administers programs to ensure that Seattle residents have food and shelter, productive education and job opportunities, adequate health care, and many more of life's basic necessities. HSD staff are committed to working with the community to provide appropriate, culturally competent services.

HSD's investments are directed toward ensuring that all people have:

- Food to eat and a roof overhead;
- Supportive relationships within families, neighborhoods, and communities;
- A safe haven from all forms of violence and abuse;
- Health care to be as physically and mentally fit as possible; and
- The education and job skills to lead an independent life.

To accomplish these goals, the Department is organized into the following Budget Control Levels encompassing a continuum of care for the neediest populations:

- Area Agency on Aging
- Senior and Adult Self-Sufficiency
- Child Development
- Family Development
- Youth Development
- Community Facilities
- Emergency and Transitional Services
- Domestic Violence and Sexual Violence Prevention
- Leadership and Administration
- Public Health Services

Policy and Program Changes

The 2006 Adopted Budget reflects a net increase of approximately \$4.6 million from the 2006 Endorsed Budget. Changes include conversion of temporary positions to permanent positions in both the Emergency and Transitional Services program and the Youth Development program; use of General Fund for positions previously funded with Community Development Block Grant; a transfer of capital funding from Finance General for the Casa Latina project; a transfer of funding and contract oversight from the Department of Neighborhoods for the Seattle Neighborhood Group contract; funding for operations of Connections, the new downtown hygiene center; funding for crime prevention and intervention programs in South Park; funding for an African American Elders Health nurse in the Public Health Services program; an inflationary increase for 2006 contracts; an increase of funding to the Employment Resource Center; additional funding to the Crisis Clinic 2-1-1 program to allow it to expand its hours of operation; and additional funding for shelter beds.

City Council Budget Changes and Provisos

Council added \$1.2 million in budget to the Department including funding for the Community Design Center, increased funding for non-profit assistance, increased funding for food resources and food delivery, increased funding for the Crisis Clinic's 2-1-1 phone assistance center, funding for policy advocacy and systems support and increased funding for Senior Services senior centers.

The City Council adopted the following budget provisos:

Of the appropriation for 2006 for the Human Services Department, Community Facilities budget control level, \$120,000 is appropriated solely for the Community Design Center and may be spent for no other purpose.

Of the appropriation for 2006 for the Human Service Department, Emergency and Transitional Services Budget Control Level, \$145,872 is appropriated solely for Food Resources and may be spent for no other purpose.

Of the appropriation for 2006 for the Human Service Department, Emergency and Transitional Service Budget Control Level, \$200,000 is appropriated solely for service providers, chosen by a Request for Proposals process, who will provide regular grocery deliveries to homebound seniors and people living with disabilities or provide regular delivery of prepared meals to people living with chronic illness.

Of the appropriation for 2006 for the Human Services Department, Community Facilities Budget Control Level, \$75,000 is appropriated solely for the Center for Lesbian, Gay, Bisexual, and Transgender Health and may be spent for no other purpose.

Of the appropriation for 2006 for the Department of Human Services Department, Area Agency on Aging Budget Control Level, \$100,000 is appropriated solely for senior services for allocation to Senior Services Senior Centers located in Seattle, to pay for a share of the centers' operating expenses and may be spent for no other purpose.

Of the appropriation for 2006 for the Human Services Department, Community Facilities BCL, \$250,000 is appropriated solely for CASA Latina and may be spent for no other purpose.

None of the money appropriated for 2006 for the Human Services Department, Community Facilities BCL can be spent for CASA Latina until authorized by future ordinance.

Of the appropriation for 2006 for the Department of Human Services', Public Health Services BCL, \$5,660,215 is appropriated solely for the Public Health Services, Primary Care: Medical and Dental Program and may be spent for no other purpose.

Of the appropriation for 2006 for the Department of Human Services, Emergency and Transitional Housing BCL, \$1,000,000 is appropriated solely to pay for the operational costs of the Connections Homeless Services Center and may be spent for no other purpose. Any portion of the \$1,000,000 unspent and unencumbered at the end of 2006 will carry forward automatically into 2007.

Aging and Disability Services

Area Agency on Aging Budget Control Level

Purpose Statement

The purpose of the Area Agency on Aging Budget Control Level is to guarantee a network of community support that improves choice, promotes independence, and enhances quality of life for older people and adults with disabilities.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Area Agency on Aging: Healthy Aging

Purpose Statement

The purpose of the Healthy Aging program is to provide a variety of community services that help senior adults in King County improve and maintain their health, independence, and quality of life.

Program Summary

Increase budget by \$100,000 to support operating expenses at the Senior Services Senior Centers.

Technical adjustments increase the Healthy Aging program by approximately \$470,000 due to changes in grant revenue, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$570,000.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Healthy Aging	5,934,936	5,748,143	5,690,517	6,260,793

Area Agency on Aging: Home-Based Care

Purpose Statement

The purpose of the Home-Based Care program is to provide an array of home-based services to elders and adults with disabilities in King County so they can remain in their homes longer than they would without these services.

Program Summary

Abrogate an unfunded 1.0 FTE Administrative Support Assistant in the Home-Based Care program.

Non-budgetary Council changes add 2.0 FTE Registered Nurse Consultants. Funding associated with these adds is reflected in the department's current year revised budget.

Technical adjustments increase the Home-Based Care program by approximately \$192,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures, including changes in grant revenue.

Increase budget by \$92,000 to fund a nurse for the African American Elders program.

Citywide adjustments to labor costs increase the budget by \$3,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$287,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Home-Based Care	47,567,301	16,685,467	18,068,429	18,355,943
Full-time Equivalents Total*	107.75	107.25	107.25	108.25

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Area Agency on Aging: Planning and Coordination

Purpose Statement

The purpose of the Planning and Coordination program is to provide leadership, advocacy, fund and system development, planning and coordination, and contract services to the King County aging network so that systems and services for elderly and disabled individuals are as available, accountable, and as effective as possible.

Program Summary

Abrogate an unfunded 1.0 FTE Accounting Technician II in the Planning and Coordination program.

Technical adjustments reduce the Planning and Coordination program by \$44,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures, including changes in grant revenue.

Citywide adjustments to labor costs increase the budget by \$3,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$41,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Planning and Coordination	2,022,449	2,099,778	2,155,931	2,114,597
Full-time Equivalents Total*	30.50	25.50	25.50	24.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Self-Sufficiency Budget Control Level

Purpose Statement

The purpose of the Self-Sufficiency Budget Control Level is to provide utility and other discount programs and employment for seniors and adults with disabilities so that they can improve their ability to remain economically independent.

Summary

Technical adjustments increase the Self Sufficiency program by approximately \$69,000 due to changes in grant revenue.

Citywide adjustments to labor costs increase the budget by \$3,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$72,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Self-Sufficiency	1,669,951	1,631,720	1,643,239	1,715,052
Full-time Equivalents Total*	23.00	20.50	20.50	20.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Children, Youth and Families

Child Development Budget Control Level

Purpose Statement

The purpose of the Child Development Budget Control Level is to provide access to affordable, culturally relevant, high-quality care and education, as well as out-of-school time activities, for children and families so children can succeed in school and parents can maintain or achieve economic self-sufficiency.

Summary

Increase an Accounting Technician I-BU by 0.25 FTE as approved mid-year 2005 by Ordinance #121815.

Add 1.0 FTE Senior Grants and Contract Specialist to perform ongoing City work, with a corresponding reduction in temporary employee use.

Non-budgetary Council changes add 1.0 FTE Administrative Specialist I, 1.0 FTE Senior Planning and Development Specialist and 1.0 FTE Program Intake Representative. Associated funding is reflected in the department's current year revised budget.

Technical adjustments increase the Child Development program by approximately \$258,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures, including changes in grant revenue.

Citywide adjustments to labor costs increase the budget by \$18,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$276,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Child Development	5,983,708	6,986,898	8,444,645	8,720,762
Full-time Equivalents Total*	27.50	27.00	27.00	31.25

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Family Development Budget Control Level

Purpose Statement

The purpose of the Family Development Budget Control Level is to provide life-long, culturally appropriate learning opportunities, advocacy, leadership development, and resources to children and families so they will gain the skills and assets necessary to be healthy, successful, and contributing members of the community.

Summary

Non-budgetary Council changes add 0.5 FTE Senior Grants and Contracts Specialist. Associated funding for this position is reflected in the department's current year revised budget.

Technical adjustments increase the Family Development program by approximately \$146,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures, including changes in grant revenue.

Citywide adjustments to labor costs increase the budget by \$6,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$152,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Family Development	3,808,098	3,900,046	3,431,652	3,583,379
Full-time Equivalents Total*	9.00	10.00	10.00	10.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Resource Development Budget Control Level

Purpose Statement

The purpose of the Resource Development Budget Control Level was to provide resource development, planning support, policy analysis, program evaluation, and legislative analysis for City programs and the broader services network to build strong children, youth, families and community, and ensure that services were available, accountable, and as effective as possible.

Summary

This program was eliminated as part of the Department's reorganization in 2004.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Resource Development	94,162	0	0	0
Full-time Equivalents Total*	6.00	0.00	0.00	0.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Youth Development Budget Control Level

Purpose Statement

The purpose of the Youth Development Budget Control Level is to provide services to youth to support their developmental needs, and facilitate their ability to gain the skills and assets necessary to grow into healthy, successful adults and contributing members of the community.

Summary

Add a 1.0 FTE regular Accounting Technician I position to assume tasks formerly performed by temporary employees.

Technical adjustments increase the Youth Development program by approximately \$60,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures, including changes in grant revenue.

Decrease budget by \$16,500 for the Mayor's Youth Council. Funding for this purpose is shifted to the Finance General budget.

Increase budget by \$294,000 to fund crime prevention and intervention programs at South Park. Funding will be used for gang intervention programs, literacy, technology training, and an after-school youth athletic program.

Citywide adjustments to labor costs increase the budget by \$23,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$360,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Youth Development	8,499,177	9,018,124	8,300,453	8,660,459
Full-time Equivalents Total*	32.75	30.00	30.00	31.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Community Services Division

Community Facilities Budget Control Level

Purpose Statement

The purpose of the Community Facilities Budget Control Level is to provide technical assistance and capital funding to community-based human service organizations to help the organizations plan and develop facility projects to improve the quality, capacity, and efficiency of service delivery. (Note: This function is primarily funded by Community Development Block Grant [CDBG] revenues which are appropriated in the CDBG budget, not in the HSD budget.)

Summary

Transfer \$250,000 from Finance General to support Casa Latina, a non-profit agency serving Latino immigrants.

Increase budget by \$120,000 to fund the Community Design Center, formerly funded by CDBG funds.

Increase budget by \$75,000 to fund the capital costs for the Center for Lesbian, Gay, Bisexual and Transgender Health capital costs.

Abrogate an unfunded 1.0 FTE Project Funding & Agreements Coordinator connected with Community Development Block Grant administration.

Citywide adjustments to labor costs result in minor budget changes, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$445,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Community Facilities	30,207	53,578	54,331	499,533
Full-time Equivalents Total*	5.00	11.25	11.25	10.25

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Emergency and Transitional Services Budget Control Level

Purpose Statement

The purpose of the Emergency and Transitional Services Budget Control Level is to provide emergency and transitional services and permanent housing to homeless and low-income people in Seattle so they have a safe place to rest, nutritious food, and a path to stable, permanent housing.

Summary

Add the following regular positions to assume tasks formerly performed by temporary employees: 1.0 FTE Information Technology Systems Analyst, 1.0 FTE Information Technology Specialist, 1.0 FTE Administrative Specialist 1, and 1.0 FTE Manager 1.

Technical adjustments reduce the Emergency and Transitional Services program by approximately \$316,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures, including changes in grant revenue.

Increase budget by \$1.0 million to fund operations at the new Connections hygiene center which will be located at the Morrison Hotel site.

Increase budget by \$100,000 to fund the non-profit capacity building Request for Proposal.

Increase budget by \$200,000 to fund an increase in the food delivery Request for Proposal.

Increase budget by \$25,000 to fund the increased costs of fuel and added deliveries on the food resources contract.

Increase budget by \$40,000 to fund expanded hours of operation for the Crisis Clinic's 2-1-1 program.

Increase budget approximately \$169,000 to fund 1.0 FTE Planning & Development Specialist II and 1.0 FTE Senior Planning & Development Specialist, funded in previous years with Community Development Block Grant.

Citywide adjustments to labor costs increase the budget by \$7,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.2 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Emergency and Transitional Services	16,376,647	17,886,515	17,474,907	18,699,391
Full-time Equivalents Total*	8.50	9.50	9.50	13.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

System and Resource Development Budget Control Level

Purpose Statement

The purpose of the System and Resource Development Budget Control Level was to serve as a source of leadership, fund and system development, and coordination for the greater Seattle community so housing and services for homeless and low-income people were available, accountable, and as effective as possible at helping individuals move along the continuum of self-sufficiency.

Summary

This program was eliminated as a result of the Department's reorganization in 2004.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
System and Resource Development	756,330	0	0	0

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Domestic and Sexual Violence Prevention

Domestic and Sexual Violence Prevention Budget Control Level

Purpose Statement

The purpose of the Domestic and Sexual Violence Prevention Budget Control Level is to provide leadership and coordination of City and community strategies, and education and training to improve response to, and prevention of, violence against women and children.

Summary

Technical adjustments increase the Domestic and Sexual Violence program by approximately \$122,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures, including changes in grant revenue.

Citywide adjustments to labor costs increase the budget by \$4,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$126,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Full-time Equivalents Total*	8.00	7.50	7.50	7.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Leadership and Administration

Leadership and Administration Budget Control Level

Purpose Statement

The purpose of the Leadership and Administration Budget Control Level is to provide leadership and support to the Human Services Department, the City of Seattle, and the community to ensure human services are responsive to community needs, are delivered through effective and accountable systems, economic disparity is decreased, and racism and other oppressions are dismantled.

Leadership and Administration: CDBG Administration

Purpose Statement

The purpose of the Community Development Block Grant Administration (CDBG) program was to provide administration and technical assistance to City departments and community-based organizations so that they would implement CDBG and other grant funds in an efficient, accountable, and responsive manner.

Program Summary

This program was eliminated as a result of the Department's reorganization in 2004. In 2005, the positions were transferred to the Community Facilities Budget Control Level within the Department.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
CDBG Administration	16,613	0	0	0
Full-time Equivalents Total*	7.25	0.00	0.00	0.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Leadership and Administration: Communications

Purpose Statement

The purpose of the Communications program was to promote awareness to the community, our partners, policy makers, the media, City staff, and internal staff about human service needs to ensure access to programs and services and build support for human services and social change.

Program Summary

This program was eliminated as a result of the Department's reorganization in 2004.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Communications	165,743	0	0	0
Full-time Equivalents Total*	3.00	0.00	0.00	0.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Leadership and Administration: Financial Management

Purpose Statement

The purpose of the Financial Management program is to provide budget, accounting, and reporting services, systems, and solutions to Department employees so that they can effectively conduct business.

Program Summary

Add 1.0 FTE Principal Accountant to restore a cut made during prior year reductions. This position increases the Department's financial management capacity. Funds for this position will come from savings resulting from the abrogation of positions elsewhere within the Department.

Technical adjustments result in an increase in the Financial Management program of approximately \$14,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures, including changes in grant revenue.

Citywide adjustments to labor costs increase the budget by \$10,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$24,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Financial Management	1,298,273	1,609,787	1,653,977	1,677,882
Full-time Equivalents Total*	19.00	16.00	16.00	17.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Leadership and Administration: Human Resources

Purpose Statement

The purpose of the Human Resources program is to provide personnel systems and solutions to Department management and employees so they can effectively conduct business.

Program Summary

Increase budget by \$590,000, of which \$500,000 is General Fund and \$90,000 is fund balance, to fund unanticipated office relocation costs.

Citywide adjustments to labor costs increase the budget by \$4,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$594,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Human Resources	486,479	578,511	594,218	1,188,139
Full-time Equivalents Total*	6.00	6.00	6.00	6.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Leadership and Administration: Information Technology

Purpose Statement

The purpose of the Information Technology program is to provide technical systems and solutions to Department management and employees so they can effectively conduct departmental business.

Program Summary

Technical adjustments reduce the Information Technology program by approximately \$92,000. This adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures, including changes in grant revenue.

Citywide adjustments to labor costs increase the budget by \$7,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$85,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Information Technology	1,117,825	1,352,884	1,390,073	1,305,524
Full-time Equivalents Total*	14.60	14.60	14.60	14.60

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Leadership and Administration: Leadership

Purpose Statement

The purpose of the Leadership program is to provide vision, direction, planning, and coordination to the Department, other City departments, and the community, and to develop, strengthen, and expand relationships with our community partners so human services are responsive to community needs and are delivered through efficient and effective systems.

Program Summary

Increase budget by \$270,000 to fund policy advocacy and systems support contracts.

Technical adjustments increase the Leadership program by approximately \$175,000. Part of this adjustment is a transfer of funds within the department to reflect a better realignment of expenditures including changes in grant revenue.

Citywide adjustments to labor costs increase the budget by \$14,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$459,000.

Public Health Services

Public Health Services Budget Control Level

Purpose Statement

Beginning in 2005, all funding previously directed to Public Health - Seattle and King County is moved to the Human Services Department. To reduce administrative costs and ensure that its public-health investments are consistent with City policy direction, the City will enter into outcome-based contracts with community-based agencies, Public Health, and the King County Department of Community & Human Services for services. The Human Services Department will advise the City on public-health policy, manage health-related contracts, and serve as a regional liaison to Public Health - Seattle and King County.

Public health services currently supported by City funds are:

- Prevention-focused primary care medical and dental services for at-risk and vulnerable populations;
- Health care for teens in Seattle's public schools (Families and Education Levy);
- Health care for homeless individuals and families in Seattle's shelters;
- HIV/AIDS prevention and care programs;
- Specialized care for seniors who live in the downtown area;
- Programs to reduce the disparities in health among the Seattle population;
- Public health nursing care home visits to give mothers and babies a healthy start in life; and
- Primary care, dental care, and access to care for the uninsured and underinsured.

Program Expenditures

	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Alcohol and Other Drugs	1,350,652	1,155,108	1,167,735	1,201,829
Asthma	65,081	59,801	60,519	56,727
Budget and Financial Planning	74,530	0	0	0
Chemical and Physical Hazards	105,553	58,000	58,000	58,000
Family Support Services	573,680	608,106	616,790	568,160

Primary Care: Medical and Dental	5,305,631	5,385,215	5,449,838	5,660,215
School-Age Health	527,285	358,580	0	0
Total	10,061,656	9,509,334	9,258,675	9,388,041

Public Health Services: Alcohol and Other Drugs

Purpose Statement

The purpose of the Alcohol and Other Drugs Budget Control Level is to provide funding, program development assistance, and educational resources and training to Seattle residents to promote primary alcohol/drug use prevention. Three programs operated by the King County Department of Community and Human Services - Crisis Triage Unit, Emergency Services Patrol, Seattle Team for Youth Outreach - are supported by this fund. Also, methadone vouchers are provided to opiate dependant city residents.

Program Summary

To recover dollars for the administration of Public Health programs, HSD maintains all contracts at the 2005 level. In 2005, the initial year of contracting for Public Health Services, HSD absorbed a major portion of the administrative costs; this situation will be corrected in 2006. In 2005, HSD received \$37,713 from the Public Health Services budget for its administrative costs; in 2006, the amount is increased to \$145,634. Technical adjustments reflect actual 2005 negotiated contracted amounts for services within this program area. The budget for administration costs has been transferred within the Department.

Technical adjustments increase the Alcohol and Other Drugs program by approximately \$34,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Alcohol and Other Drugs	1,350,652	1,155,108	1,167,735	1,201,829

Public Health Services: Asthma

Purpose Statement

The purpose of the Asthma Budget Control Level is to control asthma by providing in-home indoor air testing and education, case management services, and community-based assessment to promote well-being and reduce the health risks of asthma.

Program Summary

Technical adjustments reduce the Asthma program by approximately \$4,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Asthma	65,081	59,801	60,519	56,727

Public Health Services: Budget and Financial Planning

Purpose Statement

The purpose of the Budget and Financial Planning Budget Control Level was to provide a budgeting and forecasting framework so Department managers could make sound programmatic and financial decisions.

Program Summary

Funding for this program was eliminated in 2005 because funds for public health services were moved to the Human Services Department.

	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Expenditures				
Budget and Financial Planning	74,530	0	0	0

Public Health Services: Chemical and Physical Hazards

Purpose Statement

The purpose of the Chemical and Physical Hazards Budget Control Level is to reduce home exposure and asthma triggers through home assessments, risk-reduction education and home health improvement plans. Services are provided by the American Lung Association.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Expenditures				
Chemical and Physical Hazards	105,553	58,000	58,000	58,000

Public Health Services: Family Support Services

Purpose Statement

The purpose of the Family Support Services Budget Control Level is to provide assessment, education, skills-building, and support to pregnant women and families with children so babies are born with the best opportunity to grow and thrive, the effects of health problems are minimized, and children receive the care and nurturing they need to become functional adults. Family Support Services also includes geriatric care by home a visiting nurse in the downtown area and care of AIDS-affected families.

Program Summary

Technical adjustments reduce the Family Support Services program by approximately \$49,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures.

	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Expenditures				
Family Support Services	573,680	608,106	616,790	568,160

Public Health Services: Health Care Access

Purpose Statement

The purpose of the Health Care Access Budget Control Level is to provide outreach, medical application assistance, linkage to community services and resources, coordination of care, and targeted interventions to uninsured, underserved high-risk pregnant and parenting women and other high-risk individuals and families to minimize health disparities.

Program Summary

Technical adjustments reduce the Health Care Access program by approximately \$15,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures.

	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Expenditures				
Health Care Access	265,221	246,730	249,604	234,541

Public Health Services: Health Care for the Homeless

Purpose Statement

The purpose of the Health Care for the Homeless Budget Control Level is to improve access to quality health care through screening; prevention; Medicaid enrollment; case management for people with chronic substance-abuse problems or with complex health and social problems; training; technical assistance; and support to shelters and homeless service sites.

Program Summary

Technical adjustments reduce the Health Care for the Homeless program by approximately \$3,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures.

	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Expenditures				
Health Care for the Homeless	982,771	921,818	932,222	928,902

Public Health Services: HIV / AIDS

Purpose Statement

The purpose of the HIV/AIDS Budget Control Level is to work with community partners to assess, prevent, and manage HIV infection in Seattle to stop the spread of HIV and improve the health of people living with HIV. This program area includes support for HIV / AIDS case management services and needle exchange.

Program Summary

Technical adjustments reduce the HIV / AIDS program by approximately \$37,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures.

	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Expenditures				
HIV / AIDS	653,127	599,536	606,212	569,529

Public Health Services: Oral Health

Purpose Statement

The purpose of the Oral Health Budget Control Level is to provide prevention and clinical dental services to high-risk children to prevent dental disease and improve oral health.

Program Summary

Technical adjustments reduce the Oral Health program by approximately \$8,000. Part of this adjustment is a transfer of funds within the department to reflect a better realignment of expenditures.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Oral Health	158,125	116,440	117,755	110,138

Public Health Services: Primary Care: Medical and Dental

Purpose Statement

The purpose of the Primary Care: Medical and Dental Budget Control Level is to provide access to high-quality medical, dental, and access services delivered by community-based health care safety net partners to improve the health status of low-income, uninsured residents of Seattle.

Program Summary

Increase budget by \$275,000 to fund inflationary increases to basic costs at the Community Health Clinics.

Technical adjustments reduce the Primary Care: Medical and Dental program by approximately \$65,000 for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$210,000. Part of this adjustment is a transfer of funds within the Department to reflect a better realignment of expenditures.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Primary Care: Medical and Dental	5,305,631	5,385,215	5,449,838	5,660,215

Public Health Services: School-Age Health

Purpose Statement

The purpose of the School-Age Health Budget Control Level was to provide leadership, technical assistance, and resources to community partners and youth to optimize the physical and mental health of students.

Program Summary

Funding for this program was eliminated in 2006 as a result of the 2004 Families & Education Levy, which includes program administration funding for School-Age Health programs.

Department Description

The mission of the Office of Economic Development (OED) is to help create healthy businesses, thriving neighborhoods, and community organizations to contribute to a robust economy that will benefit all Seattle residents and future generations. OED's programs are designed to:

- Attract, welcome, and retain companies in traditional and emerging industries by promoting the advantages of doing business in Seattle, and providing one-on-one assistance to businesses;
- Strengthen neighborhood business districts and support community-based economic development across Seattle, with special emphasis on low-income communities;
- Assist large employers and small businesses to retain and grow Seattle's base of businesses and family-wage jobs;
- Increase apprenticeship and training opportunities to ensure Seattle will have skilled workers capable of meeting the region's current and future work force needs; and
- Improve customer satisfaction for businesses accessing City services.

Policy and Program Changes

The 2006 Adopted Budget adds position authority to support the supplemental mitigation program and long-term community development activities of the Rainier Valley Community Development Fund for Southeast Seattle.

The Adopted Budget shifts funding for the Farmers Market and for the Work Force Development Program Manager position from Community Development Block Grant (CDBG) to the General Subfund.

The 2006 Adopted Budget also restores funding for the Seattle Sports Commission and Port JOBS to 2005 levels.

City Council Budget Changes and Provisos

The City Council adopted the Mayor's 2006 Proposed Budget with minor changes.

Economic Development

Office of Economic Development Budget Control Level

Purpose Statement

The purpose of the Office of Economic Development Budget Control Level is to provide business assistance and community and work force development services to businesses, community organizations, and residents so Seattle has a strong economy, thriving neighborhoods, and broadly-shared prosperity.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Office of Economic Development: Business Development

Purpose Statement

The purpose of the Business Development program is to provide technical and financial assistance, business development and expansion services, and policy advice to Seattle's key industries and small business communities so Seattle maintains a diverse family-wage job base and low-income residents have access to these jobs.

Program Summary

Increase funding for the Seattle Sports Commission by approximately \$13,000.

Citywide adjustments to labor costs increase the budget by approximately \$2,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$15,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Business Development	1,102,560	1,051,973	1,080,818	1,095,630
Full-time Equivalents Total*	4.50	4.50	4.50	4.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Economic Development

Office of Economic Development: Community Development

Purpose Statement

The purpose of the Community Development program is to provide operating, grant, loan, and project management support to neighborhood business districts and community-based development organizations, as well as to special projects, so Seattle has thriving neighborhoods and broadly shared prosperity.

Program Summary

Add \$50,000 in funding for the Farmers Market previously funded by the Community Development Block Grant. This shift in funding will be reevaluated in 2006 as part of the 2007-2008 budget process.

	2004	2005	2006	2006

Full-time Equivalents Total*	8.50	6.00	6.00	6.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Office of Economic Development: Management and Operations

Purpose Statement

The purpose of the Management and Operations program is to provide leadership and financial, administrative, communications, human resources, and special initiatives management to department personnel so they can effectively accomplish OED's mission and goals.

Program Summary

Add 0.6 FTE and \$54,000 to reflect the addition of a Community Development Specialist, Senior, for the purpose of administering the supplemental mitigation and long-term community development activities of the Southeast Seattle Transit-Oriented Community Development Fund (CDF). In 2005, OED assumed primary responsibility for the review and oversight of supplemental mitigation payments to businesses impacted by light rail construction in Southeast Seattle. This position is funded by the General Subfund as a portion of the 2006 General Subfund contribution to the CDF.

Citywide adjustments to labor costs increase the budget by approximately \$2,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of \$56,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Economic Development

Office of Economic Development: Work Force Development

Purpose Statement

The purpose of the Work Force Development program is to provide work force development services to businesses, community organizations, residents, the Mayor, City Council, and other public decision makers so employers meet their need for qualified workers, and all residents, particularly those who are disadvantaged, secure and retain family-wage jobs.

Program Summary

Add \$55,000 in funding for the Work Force Development Program Manager position previously funded by the Community Development Block Grant.

Increase funding for Port JOBS by approximately \$40,000, for a net change from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$95,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Office of Housing

Adrienne Quinn, Director

Contact Information

Department Information Line: (206) 684-0721

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://seattle.gov/housing/>

Department Description

The mission of the Office of Housing (OH) is to invest in and promote the development and preservation of housing in order for Seattle to thrive. To accomplish this mission, OH has established four programs, reflected in the budget as: the Multi-Family Production and Preservation program, Homeownership and Sustainability program, Community Development program, and the Administration and Management program.

The Multi-Family Production and Preservation program invests in the community by making long-term, low-interest loans to developers to develop or preserve affordable multi-family rental housing. OH monitors the housing portfolio to ensure the units remain affordable and serve the intended residents, and the buildings remain in good condition.

The Homeownership and Sustainability program provides funding, including loans and grants, to low-income Seattle residents whose incomes are below 80% of Area Median Income. These include first-time home buyers, home repair loans to address health and safety and code repairs, and grants to make low-income housing more energy efficient.

The Community Development program provides strategic planning, program development, and disposition of vacant land for redevelopment purposes to increase housing opportunities for Seattle residents.

The Administration and Management program provides centralized leadership, coordination, technology, contracting, and financial management services to OH programs and capital projects.

Policy and Program Changes

In 2006, the Department carries forward capital funds from the previous year's budget to provide appropriation authority and allow for expenditure. These capital funds were committed to specific housing development projects during the Department's Notice of Funding Availability process. Funds will not be encumbered by contract until 2006. In addition, funding is added for affordable housing development in South Lake Union.

City Council Budget Changes and Provisos

City Council action added funding for a low-income housing displacement study and adopted the following proviso:

Of the appropriation for 2006 for the Office of Housing Operating Fund BCL, \$50,000 is appropriated solely for the purpose of undertaking a low-income/affordable housing inventory and may be spent for no other purpose.

Housing and Community Development Revenue Sharing - 17820 Budget Control Level

Purpose Statement

The purpose of the Housing and Community Development Revenue Sharing Fund 17820 Budget Control Level is to fund multi-family housing production. Multi-family housing production activity is also funded by the Low-Income Housing Fund (16400) and the Office of Housing Operating Fund (16600). Unspent funds appropriated in this Budget Control Level shall carry forward to subsequent fiscal years until they are exhausted or abandoned by ordinance.

The purpose of the Multi-Family Production and Preservation program is to invest in the community by making long-term, low-interest loans to developers to develop or preserve affordable multi-family rental housing. OH monitors the affordable housing portfolio to ensure the units remain affordable and serve the intended residents, and the buildings remain in good condition.

Summary

Carry forward approximately \$337,000 of the previous year's budget authority to allow for expenditure in 2006. These funds are committed to capital funding of specific housing development projects but will not be encumbered by contract until 2006.

	2004	2005	2006	2006

Low-Income Housing Fund 16400: Homeownership and Sustainability - 16400

Purpose Statement

The purpose of the Homeownership and Sustainability program is to provide three types of loans and grants to low-income Seattle residents: loans for first-time home buyers, home repair loans to address health and safety and code repairs, and grants to make low-income housing more energy efficient.

Program Summary

Carry forward approximately \$25,000 of the previous year's budget authority to allow for expenditure in 2006. These funds are committed to capital funding of specific housing development projects but will not be encumbered by contract until 2006.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Homeownership and Sustainability - 16400	3,551,303	8,158,504	5,902,053	5,927,053

Low-Income Housing Fund 16400: Multi-Family Production and Preservation - 16400

Purpose Statement

The purpose of the Multi-Family Production and Preservation program is to invest in the community by making long-term, low-interest loans to developers to develop or preserve affordable multi-family rental housing. OH monitors the affordable housing portfolio to ensure the units remain affordable, serve the intended residents, and the buildings remain in good condition.

Program Summary

Increase budget by \$2.4 million of General Fund to support development of affordable housing in South Lake Union. This General Fund support repays the Office of Housing for funds owed resulting from property transactions in the South Lake Union neighborhood. Projects will be selected through the Office of Housing's Notice of Funding Availability process.

Carry forward approximately \$499,000 of the previous year's budget authority to allow for expenditure in 2006. These funds are committed to capital funding of specific housing development projects but will not be encumbered by contract until 2006. The net increase to this program from the 2006 Endorsed to the 2006 Adopted Budget is approximately \$2.9 million.

Neighborhood Matching Subfund

Department Description

The purpose of the Neighborhood Matching Subfund is to provide resources for Seattle's communities so the City's diverse neighborhoods are preserved and enhanced, and people are empowered to make positive contributions to their communities.

The Neighborhood Matching Subfund (NMF) was established in 1988 to support partnerships between the City of Seattle and neighborhood organizations to produce neighborhood-initiated planning, organizing, and improvement projects. The City provides a cash match to the community's contribution of volunteer labor, donated materials, and professional services or cash. Applications are accepted from neighborhood-based organizations of residents or businesses; local, community-based organizations that advocate for the interests of people of color; and ad-hoc groups of neighbors who form a committee for the purpose of a specific project.

Since 1997, the NMF has been divided into five categories: Large Projects (awards between \$15,000-\$100,000); Small and Simple Projects (awards of \$15,000 or less); Tree Fund (trees provided to neighborhood groups to plant along residential planting strips); Neighborhood Outreach (one-time awards up to \$750 to help neighborhood-based organizations with membership expansion or leadership development); and Management and Project Development (consultation and technical assistance to neighborhood groups, coordination of the application and award process, and monitoring of funded projects). The Neighborhood Matching Subfund is housed in and primarily staffed by the Department of Neighborhoods. Staff are also funded in the Department of Parks and Recreation and Seattle Department of Transportation.

Policy and Program Changes

There are no substantive changes from the 2006 Endorsed Budget.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Neighborhood Matching Subfund

Neighborhood Matching Fund Budget Control Level

Purpose Statement

The purpose of the Neighborhood Matching Fund Budget Control Level is to support local grassroots actions within neighborhoods. The Neighborhood Matching Fund provides funding to match community contributions of volunteer labor or donated professional services or materials, or funding to implement neighborhood-based self-help projects.

Program Expenditures	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted

Neighborhood Matching Fund: Large Projects Fund

Purpose Statement

The purpose of the Large Projects Fund is to provide technical assistance and funding to neighborhood organizations initiating local improvement projects that require up to 12 months to complete, and more than \$15,000 in Neighborhood Matching Funds.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Large Projects Fund	1,687,818	1,317,768	1,218,970	1,218,970

Neighborhood Matching Fund: Management and Project Development

Purpose Statement

The purpose of the Management and Project Development program is to administer the Neighborhood Matching Fund by providing marketing and outreach to applicant groups; consulting and technical assistance for project development; coordinating the application, review, and award processes; and managing/monitoring funded projects to support high quality and successful completion of projects.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget. Citywide adjustments to labor costs increase the budget by \$3,000.

Expenditures	2004	2005	2006	2006

Department of Neighborhoods

Yvonne Sanchez, Director

Contact Information

Department Information Line: (206) 684-0464

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/neighborhoods/>

Department Description

The Department of Neighborhoods works to bring government closer to the residents of Seattle by engaging them in civic participation, helping them become empowered to make positive contributions to their communities, and by involving more of Seattle's under-represented residents, including communities of color and immigrants, in civic discourse, processes, and opportunities. The Department of Neighborhoods has four major operating functions:

Administration and Historic Preservation: Administration provides executive leadership, communications, race relations and social justice programs, and operational support for the entire Department. Historic Preservation provides technical assistance, outreach and education to the general public, owners of historic properties, government agencies and elected officials in order to identify, protect, rehabilitate and re-use historic properties.

The Community Building Division includes the P-Patch, Neighborhood Matching Fund, Neighborhood District Coordinators, major institutions support, the Neighborhood Action Team, and neighborhood plan implementation functions.

The Operations and Customer Service Division includes the Citizens Service Bureau, Neighborhood Payment and Information Services, Finance, Human Resources, and Information Technology functions.

The Office for Education builds linkages between the City of Seattle and Seattle Public Schools. It administers the Families and Education Levy, provides policy direction to help children succeed in school, strengthens school-community connections, and increases access to high-quality early learning and care and out-of-school-time programs.

Policy and Program Changes

The Seattle Neighborhood Group contract is moved to the Human Services Department (HSD) to be managed under the outcome-based contract process in HSD.

Funding is added to Historic Preservation to create a Conservation District.

Anticipated funding reductions to the City's share of the federal Community Development Block Grant funds result in reductions to three CDBG-funded positions in DON. In addition, the funding source for part of two DON programs is transferred from CDBG to General Fund (see also the Community Development Block Grant section of this book).

Budget neutral technical adjustments include the transfer of some funding and positions to other programs within the Department to improve functional alignment. Unfunded positions are abrogated and two part-time positions are consolidated into one full-time position.

City Council Budget Changes and Provisos

Council added \$200,000 for an historic survey and inventory of buildings in downtown Seattle and for the preparation and processing of landmark nomination applications for qualifying structures. Council also added \$35,000 to complete the Maple Leaf Community Garden project.

2006 Adopted Budget

Administration and Historic Preservation Budget Control Level

Purpose Statement

The purpose of the Administration and Historic Preservation Budget Control Level is to provide executive leadership, communications, and operations support for the Department so that it can accomplish its overall purpose. Historic Preservation staff provide technical assistance, outreach and education to the general public, owners of historic properties, government agencies and elected officials in order to identify, protect, rehabilitate and re-use historic properties.

Program Expenditures	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Communications	99,264	120,162	124,706	125,021
Executive Leadership	223,173	220,403	227,741	310,934
Historic Preservation	514,565	503,521	519,492	794,060
Internal Operations/Administrative Services	1,392,311	1,314,328	1,359,294	1,375,013
Total	2,229,313	2,158,414	2,231,233	2,605,028
Full-time Equivalents Total *	22.75	20.50	20.50	22.25

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration and Historic Preservation: Communications

Purpose Statement

The purpose of the Communications program is to provide print and electronic information to increase citizen participation in the Department's programs and services, as well as other opportunities for citizen involvement.

Program Summary

Citywide adjustments to labor costs increase the budget by less than \$1,000.

Expenditures/FTE	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Communications	99,264	120,162	124,706	125,021
Full-time Equivalents Total*	1.00	1.00	1.00	1.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration and Historic Preservation: Executive Leadership

Purpose Statement

The purpose of the Executive Leadership program is to provide leadership in fulfilling the Department's mission, and to facilitate the Department's communication and interaction with other City departments, external agencies, elected officials, and the public.

Program Summary

Increase Executive Leadership program by \$82,000 to reflect technical adjustments as part of a departmental realignment of programs in order to better reflect program costs. One Strategic Advisor 1 is transferred from Data Analysis.

Citywide adjustments to labor costs increase the budget by \$1,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$83,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Executive Leadership	223,173	220,403	227,741	310,934
Full-time Equivalents Total*	2.00	2.00	2.00	3.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration and Historic Preservation: Historic Preservation

Purpose Statement

The purpose of the Historic Preservation program is to provide technical assistance, outreach, and education to the general public, owners of historic properties, government agencies, and elected officials in order to identify, protect, rehabilitate, and reuse historic properties.

Program Summary

Increase Historic Preservation by \$25,000 in order to create a Conservation District. A Conservation District is intended to protect the character of a neighborhood and ensure that alterations to buildings are in keeping with a neighborhood's architectural style and mindful of the relationship to the street and proximity to public viewpoints. Guidelines will be developed with citizen input; enforcement and evaluation will be done by a citizen oversight body. The additional resources will fund a consultant to develop guidelines and legislation, and staff a citizen oversight committee to create a conservation district in the Queen Anne neighborhood. The consultant will also do outreach to other neighborhoods to determine the level of interest in additional conservation districts and future staffing needs.

Increase program by \$48,000 to reflect reduction in available Community Development Block Grant funding for the Section 106 coordinator (Community Development Specialist). This position is funded with General Fund for 2006 only. This change includes a reduction in the position from 0.75 FTE to 0.5 FTE. CDBG funds are reduced due to anticipated reductions in the federal Community Development Block Grant fund award. Although position authority is in DON, funding for this position was previously shown in the Community Development Block Grant Fund section of this book.

Increase program by \$200,000 and 1.0 FTE in order to perform an historic survey and inventory of buildings in downtown Seattle, and for the preparation and processing of landmark nomination applications for qualifying structures.

Citywide adjustments to labor costs increase the budget by \$2,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$275,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Historic Preservation	514,565	503,521	519,492	794,060
Full-time Equivalents Total*	6.25	6.50	6.50	7.25

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration and Historic Preservation: Internal Operations/Administrative Services

Purpose Statement

The purpose of the Internal Operations/Administrative Services program is to manage financial, human resources, facility, administrative, and information technology services so that the Department's employees serve customers efficiently and effectively.

Program Summary

Increase Executive Leadership by \$14,000 to reflect technical adjustments as part of a departmental realignment of programs in order to better reflect program costs.

Citywide adjustments to labor costs increase the budget by \$2,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$16,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Internal Operations/Administrative Services	1,392,311	1,314,328	1,359,294	1,375,013
Full-time Equivalents Total*	13.50	11.00	11.00	11.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Neighborhoods

Community Building Budget Control Level

Purpose Statement

The purpose of the Community Building Budget Control Level is to deliver technical assistance, support services, and programs in neighborhoods so that local communities are strengthened, people become actively engaged in neighborhood improvement, resources are leveraged, and neighborhood-initiated projects are completed.

Program Expenditures

	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Involving All Neighbors	86,416	57,779	60,223	58,708

Neighborhood District Coordinators	1,273,731	1,398,933	1,439,744	1,444,340
Neighborhood Leadership Program	0	0	0	0
Neighborhood Matching Fund Administration	0	0	0	35,000
P-Patch	440,979	492,559	508,356	545,868
Total	2,327,597	2,555,951	2,621,412	2,529,059
Full-time Equivalents Total *	33.50	35.00	35.00	35.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Community Building: Involving All Neighbors

Purpose Statement

The purpose of the Involving All Neighbors program is to promote the inclusion and participation of people with disabilities in neighborhood activities.

Program Summary

Technical changes and Citywide adjustments to labor costs reduce the budget by \$1,500 and abrogate an unfunded 0.5 FTE Planning and Development Specialist.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Involving All Neighbors	86,416	57,779	60,223	58,708
Full-time Equivalents Total*	1.00	1.00	1.00	0.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Community Building: Major Institutions and Schools

Purpose Statement

The purpose of the Major Institutions and Schools program is to ensure coordinated community involvement in the development, adoption and implementation of Major Institution Master Plans and to facilitate community involvement in school reuse and development.

Program Summary

Increase Major Institutions and Project Management by \$152,000 and 2.0 FTE (Planning & Development Specialist II and a Strategic Advisor 1) to reflect technical adjustments as part of a departmental realignment of programs in order to better reflect program costs. Positions are transferred from the Data Analysis program in the Research and Prevention Budget Control Level, which is eliminated in this realignment; and from the Office for Education.

Reduce 1.0 FTE (Planning & Development Specialist II) due to anticipated reductions in the federal Community Development Block Grant fund award. Although position authority is in DON, funding for this position was previously shown in the Community Development Block Grant Fund.

Abrogate an unfunded 0.5 FTE Planning & Development Specialist.

Citywide adjustments to labor costs increase the budget by \$1,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$153,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Major Institutions and Schools	139,990	192,100	192,002	345,079
Full-time Equivalents Total*	2.00	2.50	2.50	3.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Community Building: Neighborhood Action Team

Purpose Statement

The purpose of the Neighborhood Action Team program is to manage an interdepartmental problem-solving approach on behalf of the City and Seattle's communities so that progress can be made toward resolving chronic public safety and/or livability issues.

Program Summary

Move Neighborhood Action Team program from the Research and Prevention Budget Control Level to the Community Building Budget Control Level. Due to a reorganization of some programs, this the Research and Prevention Budget Control Level is eliminated in the 2006 budget.

Reduce Neighborhood Action Team by \$320,000 to reflect the transfer of the Seattle Neighborhood Group contract to the Human Services Department.

Citywide adjustments to labor costs decrease the budget by \$1,000, for a net decrease of \$321,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Neighborhood Action Team	386,480	414,580	421,087	100,064

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Community Building: Neighborhood District Coordinators

Purpose Statement

The purpose of the Neighborhood District Coordinators program is to provide a range of technical assistance and support services for citizens and neighborhood groups so that a sense of partnership is developed among neighborhood residents, businesses, and City government.

Program Summary

Citywide adjustments to labor costs increase the budget by \$5,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Neighborhood District Coordinators	1,273,731	1,398,933	1,439,744	1,444,340
Full-time Equivalents Total*	15.50	16.50	16.50	16.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Neighborhoods

Community Building: Neighborhood Matching Fund Administration

Purpose Statement

The purpose of the Neighborhood Matching Fund (NMF) Administration program is to manage the NMF, work with other City departments and agencies involved in NMF projects, and support diverse neighborhood associations engaged in local improvement efforts so private resources are leveraged, neighborhood organizations are more self-reliant, effective partnerships are built between City government and neighborhoods, and neighborhood-initiated improvements are completed.

Program Summary

Costs for NMF administration are included in the NMF budget, although position authority is displayed here for Department of Neighborhoods staff who provide administrative support to the NMF.

Council increased this program by \$35,000 in order to complete the Maple Leaf Community Garden project, resulting in a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$35,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Neighborhood Matching Fund Administration	0	0	0	35,000
Full-time Equivalents Total*	8.00	8.00	8.00	8.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Community Building: P-Patch

Purpose Statement

The purpose of the P-Patch program is to provide community gardens, gardening space, and related support to Seattle residents so open space is preserved and productive, particularly in high-density communities. The program's goals are for gardeners to become more self-reliant, and P-Patches to be focal points for community involvement.

Program Summary

Increase P-Patch program by \$37,000 to reflect the transfer of funding sources from Community Development Block Grant to General Fund for 2006 only. CDBG funds are reduced due to anticipated reductions in the federal Community Development Block Grant fund award.

Citywide adjustments to labor costs increase the budget by \$1,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$38,000.

	2004	2005	2006	2006

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Customer Service: Citizens Service Bureau

Purpose Statement

The purpose of the Citizens Service Bureau is to assist Seattle residents to access services, resolve complaints, and get appropriate and timely responses from City government.

Program Summary

Citywide adjustments to labor costs increase the budget by \$1,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Citizens Service Bureau	413,956	430,081	443,321	444,172

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Neighborhoods

Customer Service: Neighborhood Payment and Information Services

Purpose Statement

The purpose of the Neighborhood Payment and Information Services program is to accept payment for public services and to provide information and referral services so that customers do business with the City more easily and are able to access City services where they live and work.

Program Summary

Increase by \$70,000 to fund 1.0 FTE added by Ordinance #121497 in 2005 to allow the Central Area Neighborhood Service Center to accept cable payments. This position will be reimbursed by Comcast and Millennium Cable per an agreement between the cable companies and the Department of Neighborhoods. In prior years, the cable companies also funded a 0.5 FTE Customer Service Representative. That position is abrogated as the contract for 2006 has been reduced.

Citywide adjustments to labor costs increase the budget by \$1,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$71,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Neighborhood Payment and Information Services	1,445,764	1,419,564	1,461,315	1,532,235

Full-time Equivalents Total *	4.00	5.00	5.00	6.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Office for Education: Office for Education

Purpose Statement

The purpose of the Office for Education (OFE) is to build linkages and a strong relationship between the City of Seattle and Seattle Public Schools, administer the Families and Education Levy, provide policy direction to help children succeed in school, strengthen school-community connections, and to achieve the vision of every Seattle child having access to high-quality early care and out-of-school-time programs.

Program Summary

Increase by \$190,000 to fund a school turnaround program in four middle schools and one elementary school. This program is intended to complement the efforts of the 2004 Families & Education Levy programs. Dollars will be matched by other fund sources one-to-one in order to allow 10 schools to participate in the program.

Increase by \$41,000 to reflect General Fund allocated to OFE through the Children's Budget process.

Transfer \$113,000 and 1.0 FTE Strategic Advisor I from OFE to Major Institutions to reflect technical adjustments as part of a departmental realignment of programs in order to better reflect program costs.

Add 1.0 Senior Planning & Development Specialist, 0.5 FTE Research & Evaluation Assistant, and 0.5 FTE Strategic Advisor II as a result of the implementation of the 2004 Levy (per Ordinance 115218).

Citywide adjustments to labor costs result in minor budget changes, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$118,000.

Expenditures/FTE	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Office for Education	611,301	110,362	113,547	231,480
Full-time Equivalents Total*	4.00	5.00	5.00	6.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Research and Prevention Budget Control Level

Purpose Statement

The purpose of the Data Analysis program in the Research and Prevention Budget Control Level is to use data, advanced technology, and structured problem-solving to address public safety issues in Seattle. The goal of the project is to gain a better understanding of the conditions that influence crime and disorder in neighborhoods, and to more effectively attack those problems. The Communities That Care (CTC) project also uses data to identify conditions that lead to problem behaviors by youth. Community progress toward reducing these behaviors is then measured by CTC and data analysis.

Summary

Decrease Data Analysis by \$167,000 and 2.0 FTE to reflect technical adjustments as part of a departmental realignment of programs in order to better reflect program costs. One FTE Strategic Advisor I is moved to the Executive Leadership and 1.0 FTE Planning & Development Specialist II is moved to Major Institutions and Project Management.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Diane Sugimura, Director

Contact Information

Department Information Line: (206) 684-8600

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/dpd/>

Department Description

The Department of Planning and Development (DPD), is responsible for both regulatory and long-range planning functions. On the regulatory side, the Department is responsible for developing policies and codes related to public safety, environmental protection, land use, construction, and rental housing, including:

- Seattle Land Use Code;
- State Environmental Policy Act (SEPA);
- Seattle Shoreline Master Plan;
- Environmental Critical Areas Ordinance (ECA);
- Seattle Building Code;
- Seattle Mechanical Code;
- Seattle Energy Code;
- Stormwater, Grading, and Drainage Control Ordinance;
- Housing and Building Maintenance Code; and
- Seattle Noise Ordinance.

DPD reviews land use and construction-related permits, annually approving more than 23,000 permits and performing approximately 80,000 on-site inspections. The work includes public notice and involvement for Master Use Permits (MUPs); shoreline review; design review; approval of permits for construction, mechanical systems, site development, elevators, electrical installation, boilers, furnaces, refrigeration, signs and billboards; annual inspections of boilers and elevators; home seismic retrofits; and home improvement workshops in the community.

DPD enforces compliance with community standards for housing, zoning, shorelines, tenant relocation assistance, just-cause eviction, vacant buildings, noise, and development-related violation complaints, responding to more than 4,600 complaints annually.

In June 2002, additional long-range physical planning functions were included in the Department's mission. These planning functions include monitoring and updating the City's Comprehensive Plan, evaluating regional growth management policy, developing sub-area and functional plans, implementing the Comprehensive and Neighborhood Plans, fostering urban design excellence throughout the city and particularly in Seattle's public spaces, and staffing the Planning and Design Commissions.

DPD services are funded by a variety of fees and from General Fund resources. The Department must demonstrate that its fees are set to recover no more than the cost of related services. To provide this accountability, DPD uses cost accounting to measure the full cost of its programs. Each program is allocated a share of departmental administration and other overhead costs to report the full cost and calculate the revenue requirements of the program.

Planning and Development

Policy and Program Changes

The 2006 Adopted Budget reflects an increase in the General Subfund contribution, as well as increases in the amount of support from permit fees and outside grants.

The main changes to this Department's budget are found in the Planning Division program within the Planning Budget Control Level. The Division continues work on a variety of priority projects, originally highlighted in 2005, in an enhanced capacity. A key element of the Division's work plan is to act as lead for the Center City Strategy, to create livable, walkable urban neighborhoods in downtown and the adjacent neighborhoods. The Division's work plan includes funding for a Center City Coordinator, and for South Downtown, International District and Central Waterfront Planning.

The Division also engages an outside consultant to work with DPD staff to streamline the Land Use code to make it more user friendly. Environmental and transportation mitigation issues are addressed through the expansion of the Transportation Mitigation Payment Program in Northgate and Downtown. Additionally, northend light rail station area planning is included to identify and accommodate land use policy and regulatory changes related to the light rail stations in the University District, Roosevelt and Northgate.

Lastly, the Department worked with Seattle Public Utilities and Seattle City Light to consolidate the Green Building Team and house it in DPD. The new team has the focused goal of encouraging private developers to use sustainable building practices.

A variety of technical adjustments reallocate overhead costs and implement conversions of responsibilities performed by temporary workers and contractors to permanent Full Time Equivalent (FTE) positions, and add positions granted through the contingent budget authority process in 2005.

A reporting change has been made in the 2006 Adopted Budget to individually report a proportionate share of the Departmental administration and overhead costs within each budget control level. The 2004 Actual and 2005 Adopted Budget appropriation data has been recast to reflect this change and allow meaningful comparison with the 2006 Endorsed and Adopted Budgets.

City Council Budget Changes and Provisos

The City Council adopted the following operating budget provisos:

None of the money appropriated for 2006 for the Department of Planning and Development Planning BCL can be spent for the redevelopment of the Colman Dock until authorized by future ordinance.

Of the appropriations for 2006 for the Department of Planning and Development's Planning BCL, \$15,000 is appropriated solely for the purpose of developing a uniform logo for bonused downtown public open space and for engaging in outreach to encourage signing of existing bonused downtown public open space with said logo and may be spent for no other purpose.

None of the money appropriated for 2006 for the Department of Planning and Development's Planning BCL can be spent for the Central Waterfront Public Realm Plan consultants until Council has approved the Central Waterfront Concept Plan.

Annual Certification and Inspection Budget Control Level

Purpose Statement

The purpose of the Annual Certification and Inspection Budget Control Level is to provide inspections of mechanical equipment at installation and on an annual or biennial cycle in a fair, reasonable, efficient, and predictable manner. These services are provided to ensure mechanical equipment is substantially maintained to applicable codes, legal requirements, and policies, and operated safely. The program also certifies that installers and mechanics are qualified by validation of work experience and testing of code knowledge to operate and maintain mechanical equipment. In addition, this Budget Control Level includes a proportionate share of associated departmental administration and other overhead costs.

Annual Certification and Inspection: Annual Certification & Inspection Overhead Allocations

Purpose Statement

The Annual Certification and Inspection Overhead Allocations program represents the share of Departmental administration and other overhead costs that apply to the Annual Certification and Inspection Budget Control Level.

Program Summary

Reduce budget by approximately \$37,000 to accommodate the reapportionment of Departmental overhead costs.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Annual Certification & Inspection Overhead Allocations	575,097	855,044	861,576	824,551

Planning and Development

Annual Certification and Inspection: Annual Certification and Inspection Purpose Statement

The purpose of the Annual Certification and Inspection program is to provide inspections of mechanical equipment at installation and on an annual or biennial cycle in a fair, reasonable, efficient, and predictable manner. These services are provided to ensure mechanical equipment is substantially maintained to applicable codes, legal requirements, and policies, and operated safely. The program also certifies that installers and mechanics are qualified by validation of work experience and testing of code knowledge to operate and maintain mechanical equipment.

Program Summary

Decrease budget by approximately \$19,000 to accommodate the reallocation of costs of City services distributed throughout the Department.

Citywide adjustments to labor costs increase the budget by approximately \$12,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$7,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Code Compliance: Code Compliance

Purpose Statement

The purpose of the Code Compliance program is to ensure that properties and buildings are used and maintained in conformance with code standards, to facilitate enforcement actions against violators through the legal system, and to reduce the deterioration of structures and properties so that Seattle's housing stock lasts longer.

Program Summary

Add \$120,000 to allow abatement services to be undertaken for properties deemed hazardous to health and/or safety of tenants, property owners, neighbors, or the general public. Funding comes from the Abatement Fund which is supported either voluntarily by the property owner, or through a tax lien on the property requiring the abatement. Prior to 2005, the budget authority for abatements was flagged as a continuing appropriation. Budget authority for abatement services will now be granted through the annual budget process.

Decrease budget by approximately \$19,000 to accommodate the reallocation of costs of City services distributed throughout the department.

Citywide adjustments to labor costs increase the budget by \$10,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$110,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Construction Inspections: Building Inspections Program

Purpose Statement

The purpose of the Building Inspections program (formerly known as Construction Inspections) is to provide timely on-site inspections of property under development at predetermined stages of construction, and work closely with project architects, engineers, developers, contractors, and other City of Seattle departments to approve projects as substantially complying with applicable City codes, ordinances, and approved plans, and issue final approvals for occupancy.

Program Summary

Reduce budget by approximately \$18,000 to accommodate the reallocation of costs of City services distributed throughout the Department.

Approximately \$1.32 million in contingent budget authority is included in this program's budget. This amount was included in the 2006 Endorsed Budget and is not changed in the 2006 Adopted Budget. Consistent with Council Resolution 30357, the Department prepares a budget proposing contingent budget authority. This contingent budget authority may be granted in increments of expenditure and positions associated with increases to actual or revised revenue forecasts which deviate from the original revenue forecasts.

Citywide adjustments to labor costs increase the budget by \$16,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$2,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Building Inspections Program	2,809,246	4,714,457	4,814,784	4,812,388
Full-time Equivalents Total*	28.27	30.96	30.96	30.96

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning and Development

Construction Inspections: Construction Inspections Overhead Allocations

Purpose Statement

This cost allocation program represents the proportionate share of departmental administration and other overhead costs that apply to this budget control level, in order to report the full cost and calculate the revenue requirements of the budget control level and programs.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Construction Inspections Overhead Allocations	1,976,064	2,663,218	2,659,572	2,659,572
Full-time Equivalents Total*	8.45	9.25	9.25	9.25

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning and Development

Construction Inspections: Electrical Inspections

Purpose Statement

The purpose of the Electrical Inspections program is to provide review of proposed electrical installations and on-site inspection of properties under development in a fair, reasonable, efficient, and predictable manner. These services are provided to ensure the electrical installations substantially comply with applicable codes, legal requirements, and approved plans.

Program Summary

Add 1.0 FTE Electrical Inspector Senior to extend contingent position authority granted in 2005 as part of a contingent budget authority request triggered by increased electrical permit volumes and revenue.

Reduce budget by approximately \$3,000 to accommodate the reallocation of costs of City services distributed throughout the department.

Approximately \$325,000 in contingent budget authority is included in this program's budget. This amount was included in the 2006 Endorsed and is not changed in the 2006 Adopted Budget. Consistent with Council Resolution 30357, the Department prepares a budget proposing contingent budget authority. This contingent budget authority may be granted in increments of expenditure and positions associated with increases to actual or revised revenue forecasts which deviate from the original revenue forecasts. In addition, this program is using approximately \$87,000 in contingent budget authority granted in 2005 and proposed for re-appropriation in the 2006 Proposed Budget.

Citywide adjustments to labor costs increase the budget by \$15,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$12,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Electrical Inspections	2,242,205	3,011,540	3,073,829	3,085,379
Full-time Equivalents Total*	18.59	20.18	20.18	21.18

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning and Development

Construction Inspections: Signs and Billboards

Purpose Statement

The purpose of the Signs and Billboards program is to provide review of proposed sign installations and on-site inspection of properties under development in a fair, reasonable, efficient, and predictable manner. These services are provided to ensure sign installations comply with applicable codes, legal requirements, and approved plans.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget. Citywide adjustments to labor costs increase the budget by approximately \$1,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Signs and Billboards	171,777	225,990	230,347	230,849
Full-time Equivalents Total*	1.29	1.62	1.62	1.62

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Construction Inspections: Site Review and Inspection

Purpose Statement

The purpose of the Site Review and Inspection program is to ensure construction projects comply with Grading, Drainage, Side Sewer, and Environmentally Critical Area codes; City of Seattle engineering standard details; and Best Management Practices for Erosion Control methods to ensure that ground-related impacts of development are mitigated on-site and that sewer and drainage installations on private property are properly installed.

Program Summary

Reduce budget by approximately \$11,000 to accommodate the reallocation of costs of City services distributed throughout the Department.

Citywide adjustments to labor costs increase the budget by \$10,000, for a net decrease from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Site Review and Inspection	2,262,767	2,405,260	2,453,846	2,452,683
Full-time Equivalents Total*	18.91	19.09	19.09	19.09

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning and Development

Construction Permit Services Budget Control Level

Purpose Statement

The purpose of the Construction Permit Services Budget Control Level is to facilitate the review of development plans and processing of permits so that applicants can plan, alter, construct, occupy and maintain Seattle's buildings and property. Additionally, this Budget Control Level includes the allocation of a proportionate share of departmental administration and other overhead costs.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Applicant Services Center	4,681,193	5,043,613	5,148,932	5,181,013
Construction Permit Services Overhead Allocations	2,019,236	2,133,371	2,130,450	2,066,293

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning and Development

Construction Permit Services: Applicant Services Center

Purpose Statement

The purpose of the Applicant Services Center program is to provide early technical and process assistance to applicants during building design and permit application; screen, accept and process all land use and construction permit applications; and review and issue simple development plans in a fair, reasonable and consistent manner to ensure substantial compliance with applicable codes and legal requirements.

Program Summary

Add 2.0 FTE Land Use Planner IIs, and 2.0 FTE Permit Review Specialists to extend contingent position authority granted in 2005 as part of a contingent budget authority request triggered by increased building permit volumes and revenue.

Increase budget by approximately \$6,000 to accommodate the reallocation of costs of City services distributed throughout the Department.

Approximately \$1.96 million in contingent budget authority is included for both the Applicant Services Center and the Construction Plans Administration programs in the Construction Plans Administration program. This amount was included in the 2006 Endorsed Budget and is not changed in the 2006 Adopted Budget. Consistent with Council Resolution 30357, the Department prepares a budget proposing contingent budget authority. This contingent budget authority may be granted in increments of expenditure and positions associated with increases to actual or revised revenue forecasts which deviate from the original revenue forecasts. In addition, this program is using approximately \$319,000 in contingent budget authority granted in 2005 and re-appropriated in the 2006 Adopted Budget.

Citywide adjustments to labor costs increase the budget by \$26,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$32,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Applicant Services Center	4,681,193	5,043,613	5,148,932	5,181,013

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Construction Permit Services: Construction Permit Services Overhead Allocations

Purpose Statement

The Construction Permit Services Overhead Allocations program represents the proportionate share of departmental administration and other overhead costs to report the full cost of the related programs.

Program Summary

Reduce budget by approximately \$64,000 to accommodate the reapportionment of Departmental overhead costs.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Construction Permit Services Overhead Allocations	2,019,236	2,133,371	2,130,450	2,066,293

2006 Adopted Budget

Planning and Development

Construction Permit Services: Construction Plans Administration

Purpose Statement

The purpose of the Construction Plans Administration program is to review development plans and documents for permit applicants in a fair, reasonable, and predictable manner; ensure that the plans substantially comply with applicable codes and legal requirements; develop and revise technical code regulations at the local, state, and national levels; and provide appropriate support for preparation, mitigation, response, and recovery services for disasters.

Program Summary

Transfer approximately \$171,000 to this program from the Process Improvements and Technology program to fund the addition of 2.0 FTE Structural Building Plans Engineers, with a corresponding reduction in temporary employee use.

Reduce budget by approximately \$54,000 to accommodate the reallocation of costs for City services distributed throughout the Department.

Approximately \$1.96 million in contingent budget authority is included for the Construction Plans Administration program and is shared with the Applicant Services Center program. This amount was included in the 2006 Endorsed Budget and is not changed in the 2006 Adopted Budget. Consistent with Council Resolution 30357, the Department prepares a budget proposing contingent budget authority. This contingent budget authority may be granted in increments of expenditure and positions associated with increases to actual or revised revenue forecasts which deviate from the original revenue forecasts. In addition, this program is using approximately \$88,000 in contingent budget authority granted in 2005 and re-appropriated in the 2006 Adopted Budget.

Add 1.0 FTE Structural Plans Engineer to extend position authority granted in 2005 as part of a contingent budget authority request triggered by increased building permit volumes and revenue.

Citywide adjustments to labor costs increase the budget by \$81,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$198,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning and Development

Construction Permit Services: Operations Division Management

Purpose Statement

The purpose of the Operations Division Management program is to oversee the functions of four budget control levels: Annual Certification/Inspection, Construction Permit Services, Construction Inspections, and Land Use Services.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget. Citywide adjustments to labor costs increase the budget by approximately \$7,000.

	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Expenditures				
Operations Division Management	849,419	1,774,299	1,830,241	1,836,920

Construction Permit Services: Public Resource Center

Purpose Statement

The purpose of the Public Resource Center program is to provide the general public and City staff convenient access to complete, accurate information about Department regulations and current applications; to provide applicants with a first point of contact; and to preserve, maintain, and provide access to records for Department staff and the public.

Program Summary

Decrease budget by approximately \$7,000 to accommodate the reallocation of costs of City services distributed throughout the Department.

Non-budgetary changes transfer 1.0 FTE Office Maintenance Aide to the Personnel Department. Funding associated with this transfer is reflected in the department's current year revised budget.

Citywide adjustments to labor costs increase the budget by approximately \$3,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$4,000.

Planning and Development

Contingent Budget Authority Budget Control Level

Purpose Statement

The purpose of the Contingent Budget Authority Budget Control Level is to provide a rapid response mechanism to unanticipated changes in demand for land use and construction services. Potential changes in authorized positions due to unanticipated demand changes are assigned to this Budget Control Level to provide centralized control. The exercise of the contingency budget authority is subject to periodic review and approval by the City of Seattle's Director of Finance.

Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Planning and Development

Department Strategy Budget Control Level

Purpose Statement

The purpose of the Department Strategy Budget Control Level is to develop and implement business strategies to improve the performance of the organization; ensure that managers and staff have the information, tools and training needed for managing and making decisions; set fees that reflect the cost of services; and maintain a community relations program. Additionally, this Budget Control Level includes the allocation of a proportionate share of departmental administration and other overhead costs.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Planning and Development

Judgment and Claims Budget Control Level

Purpose Statement

The Judgment and Claims Budget Control Level pays for judgments, settlements, claims, and other eligible expenses associated with legal claims and suits against the City.

Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Judgment and Claims	1,399,968	332,633	332,633	332,633

Planning and Development

Land Use Services Budget Control Level

Purpose Statement

The purpose of the Land Use Services Budget Control Level is to provide land use permitting services to project applicants, City of Seattle departments, public agencies, and residents. These services are intended to ensure development proposals are reviewed in a fair, reasonable, efficient, and predictable manner, and substantially comply with applicable codes, legal requirements, policies, and community design standards. Additionally, this Budget Control Level includes the allocation of a proportionate share of departmental administration and other overhead costs.

Program Expenditures

	2004	2005	2006	2006

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning and Development

Land Use Services: Land Use Services

Purpose Statement

The purpose of the Land Use Services program is to provide land use permitting services to project applicants, City of Seattle departments, public agencies, and residents. Land Use Services staff provide permit process information and regulatory expertise to inform pre-application construction project design. Land Use Services staff review proposed construction plans as part of a developer's permit application. Staff then facilitate the process to elicit public input on those construction projects before the permit may be granted. These services are intended to ensure that development proposals are reviewed in a fair, reasonable, efficient, and predictable manner, and to ensure that the plans substantially comply with applicable codes, legal requirements, policies, and community design standards.

Program Summary

Add 2.0 FTE Land Use Planner II positions to extend position authority granted in 2005 as part of a contingent budget authority request triggered by increased land use permit volumes and revenue.

Decrease budget by approximately \$4,000 to accommodate the reallocation of costs of City services distributed throughout the Department.

Approximately \$180,000 in contingent budget authority is included in this program's budget. This amount was included in the 2006 Endorsed Budget and is not changed in the 2006 Adopted Budget. Consistent with Council Resolution 30357, the Department prepares a budget proposing contingent budget authority. This contingent budget authority may be granted in increments of expenditure and positions associated with increases to actual or revised revenue forecasts which deviate from the original revenue forecasts. In addition, this program is using approximately \$169,000 in contingent budget authority granted in 2005 and re-appropriated in the 2006 Adopted Budget.

Citywide adjustments to labor costs increase the budget by \$17,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$13,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Land Use Services: Land Use Services Overhead Allocations

Purpose Statement

This Land Use Services Overhead Allocations program represents a proportionate share of Departmental administration and other overhead costs that apply to the Land Use Services Budget Control Level, to report the full cost of the related programs.

Program Summary

Increase overhead by approximately \$7,000 to accommodate the reapportionment of Departmental overhead costs.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Land Use Services Overhead Allocations	906,321	1,242,330	1,251,685	1,258,925

Planning and Development

Planning Budget Control Level

Purpose Statement

The purpose of the Planning Budget Control Level to inform and guide planning and design choices for shaping and preserving Seattle so that it is a vital urban environment, and to develop appropriate land use policies. Planning staff does this work by researching and implementing the best in urban design strategies in Seattle neighborhood plans and in Seattle's public spaces, such as the environment of streets, open spaces and related development patterns; and by supporting the Comprehensive Plan's core values of community, environmental stewardship, social equity and economic opportunity. Additionally, this Budget Control Level includes the allocation of a proportionate share of departmental administration and other overhead costs.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Comprehensive and Regional Planning	491,501	526,894	491,245	868,514

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning and Development

Planning: Comprehensive and Regional Planning

Purpose Statement

The purpose of the Comprehensive and Regional Planning program is to oversee, monitor and update the City's Comprehensive Plan, evaluate regional growth management policies, collect buildable lands data, and help develop policies and plans for the City, consistent with Seattle's Comprehensive Plan.

Program Summary

Increase budget by \$50,000 for one year to use professional consultant services for the Duwamish Mitigation Plan in response to the City's Environmentally Critical Areas ordinance. The consultant works with Department staff to create a mitigation plan for shoreline/habitat improvements along the Duwamish. The plan allows developers to contribute to the implementation of coordinated improvements, rather than to site-by-site mitigation. Funding comes from a grant from the King Conservation District.

Increase budget by approximately \$126,000 in one-time General Fund resources for the Department's portion of the joint Transportation Mitigation Payment Program with the Seattle Department of Transportation to expand transportation mitigation programs in Downtown and Northgate. This funding supports consultant contracts to develop the funding formulas for developer mitigation payments. This request is combined with redirected funding of approximately \$44,000 for 0.35 FTE already budgeted for 2006.

Increase budget by approximately \$99,000 in Sound Transit resources and add 1.0 FTE Planning & Development Specialist, Senior to staff the preparation of Light Rail Station Area Plans for the Brooklyn station in the University District, the Roosevelt station and Northgate station, as well as related revisions to the adopted Neighborhood Plans.

Increase budget by approximately \$109,000 for the salary and benefits associated with a currently unfunded Land Use Planner to implement the Mayor's Center City Strategy. This position acts as the citywide lead for the Strategy. It is needed to oversee activities within DPD and other departments to help ensure consistency among efforts. The coordinator develops strategies that will benefit the entire Center City, rather than one geographic area, but will also play key roles in specific efforts such as the Livable South Downtown study. In 2006 and into the next biennium, a primary focus of this work is on issues of "livability," including strategies to make the Center City more attractive to families with children.

Reduce budget by approximately \$9,000 to accommodate the reallocation of City services distributed throughout the Department.

Citywide adjustments to labor costs increase the budget by \$2,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$378,000.

Planning and Development

Planning: Land Use Policy and Code Development

Purpose Statement

The purpose of the Land Use Policy and Code Development program is to guide and inform land use policy choices leading to regulations that implement the Comprehensive Plan, Neighborhood Plans and other adopted City policies, and to clearly articulate these policies and regulations to development applicants, property owners, residents, developers, the general public, and staff.

Program Summary

Increase budget by approximately \$349,000 in other resources and approximately \$55,000 in General Subfund to consolidate the Green Building Team in the Department. Of the other resources, approximately \$201,000 is backed by funding from Seattle City Light and Seattle Public Utilities to support transfer of 2.0 FTE Planning & Development Specialists. Additionally, approximately \$155,000 of other resources are used from permit revenues to support 1.0 FTE Planning & Development Specialist, Senior and half of the salary and benefits for a 1.0 FTE Strategic Advisor 1. The other half of the Strategic Advisor 1 position's salary and benefits are covered by approximately \$55,000 in General Fund Resources. The primary goal of the consolidation is to shift the team's efforts toward improved coordination and assistance for private development, and to encourage a greater market for sustainable development.

Increase budget by approximately \$156,000, including funds for a consultant to design and develop an interactive Land Use Code (LUC) web site based on new organization principles, and create an improved hard-copy design and layout of the LUC. The new LUC form will include physical illustrations and graphics suitable for both web and hard-copy applications. Approximately \$56,000 is added for an existing 0.5 FTE Planning & Development Specialist Senior to coordinate the overall LUC reformatting.

Reduce appropriation by approximately \$21,000 to accommodate the reallocation of costs of City services distributed throughout the Department.

Citywide adjustments to labor costs increase the budget by \$5,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$545,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Land Use Policy and Code Development	1,320,716	1,171,245	1,013,785	1,558,356
Full-time Equivalents Total*	10.78	9.21	9.21	13.21

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning and Development

Planning: Planning Commission

Purpose Statement

The purpose of the Planning Commission is to provide informed citizen advice and assistance to the Mayor, City Council and City departments in developing planning policies and carrying out major planning efforts; to seek public comment and participation as a part of this process; and to steward the ongoing development and implementation of the City's Comprehensive Plan.

Program Summary

Increase appropriation by approximately \$62,000 to accommodate the reallocation of costs of City services distributed throughout the Department.

Citywide adjustments to labor costs increase the budget by \$200, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$62,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Planning Commission	238,851	240,856	130,294	192,344
Full-time Equivalents Total*	2.00	2.26	2.26	2.26

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning: Planning Division Management

Purpose Statement

The purpose of the Planning Division Management program is to oversee the functions of the four planning elements: Comprehensive and Regional Planning; Land Use Policies and Code Development; the Urban Design Program, including the Seattle Design Commission; and the Seattle Planning Commission.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget. Citywide adjustments to labor costs increase the budget by approximately \$2,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted

Planning and Development

Planning: Planning Overhead Allocations

Purpose Statement

The Planning Overhead Allocations program represents a proportionate share of Departmental administration and other overhead costs that apply to the Planning Budget Control Level, to report the full cost of the related programs.

Program Summary

Increase appropriation by approximately \$150,000 to accommodate the reapportionment of Departmental overhead costs.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Planning Overhead Allocations	681,967	838,734	786,621	936,795

Planning and Development

Planning: Urban Design

Purpose Statement

The purpose of the Urban Design program is to foster urban design excellence in Seattle's public spaces, by upholding standards of design excellence in the City's review of public and private development, creating area plans for districts and neighborhoods, and providing City staff and neighborhoods with tools that promote good urban design.

Program Summary

Increase position authority by 0.5 FTE Planning & Development Specialist II position to convert ongoing work completed by temporary staff into a permanent position. The type of work accomplished is graphic support on presentation materials for different initiatives such as the Center City Strategy including the Waterfront Plan, downtown zoning and the South Downtown study, code simplification, Southeast Seattle, other Land Use Code changes, and other planning projects.

Increase budget authority by approximately \$99,000 representing the use of permit fee revenue to fund an existing 0.5 FTE Urban Design Planner and consultant contracts. This increment supports Department staff working with private developers to create and pay for the development of great public spaces, improvements made in the public right-of-way.

Increase budget by \$250,000 in one-time General Subfund resources for a consultant contract to create a coordinated plan for the development and design of sidewalks, streetscapes, open spaces and public art installations on and accessory to the downtown waterfront.

Increase budget by approximately \$97,000 in one-time General Subfund resources and add 1.0 FTE Planning & Development Specialist Senior to plan for the development of the downtown waterfront and create recommendations for Comprehensive Plan, Land Use Code and Seattle Shoreline Master Program (SSMP) amendments and to create Sustainable Development Guidelines.

Increase budget by approximately \$70,000 to fund an existing 1.0 FTE Planning & Development Specialist Senior position. This position is funded by a grant from the Washington State Ferries (WSF) and will be responsible for working with WSF on Comprehensive Plan and SSMP code amendments necessary for redevelopment of the Colman Dock, as well as provide recommendations on the SEPA determination and the Environmental Impact Statement alternatives.

Reduce budget by approximately \$494,000 for expenditures related to planning for the Seattle Monorail Project's new Green Line Monorail facilities. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved.

Increase budget by approximately \$47,000 to accommodate the reallocation of costs of City services distributed throughout the Department.

Increase budget one time by \$100,000 to fund planning efforts and projects in the International District and South Downtown by community organization(s) in the International District.

Increase budget one time by \$15,000 to fund the implementation of uniform signage of downtown, bonused public open spaces. Downtown developers have been permitted since 1960 to gain bonus density by providing public open space on their property. Under the current code, developers must provide signage identifying the open spaces developed to gain bonus density. However, this requirement is not consistently enforced. These

Planning and Development

funds will allow DPD to develop a uniform logo for and engage in outreach to encourage signing of existing bonused downtown public open spaces.

Citywide adjustments to labor costs increase the budget by \$7,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$192,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Urban Design	1,153,422	1,205,183	1,175,512	1,367,681
Full-time Equivalents Total*	8.70	8.80	8.80	10.30

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Planning and Development

Process Improvements and Technology Budget Control Level

Purpose Statement

The purpose of the Process Improvements and Technology Budget Control Level is to allow the Department to plan and implement continuous improvements to its business processes, including related staff training and equipment purchases; and to ensure that the Department's major technology investments are maintained, upgraded, or replaced when necessary.

Summary

Transfer approximately \$171,000 to the Department's Construction Plans Administration program. These funds previously supported temporary Structural Building Plans Engineers which are converted to permanent positions.

Add 1.0 FTE Information Technology Professional A, Exempt; 2.0 FTE Information Technology Professional Bs; and 2.0 FTE Information Technology Professional Cs as a result of a central review of IT staff augmentation contract use. This budget-neutral adjustment transfers responsibilities from individuals working for outside agencies to permanent City employees.

Increase appropriation by approximately \$5,000 to accommodate the reallocation of costs of City services distributed throughout the Department.

Citywide adjustments to labor costs increase the budget by \$16,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$150,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Process Improvements and Technology	6,015,052	4,941,252	5,018,726	4,868,711

	Total Resources	0	3,640,000	3,640,000	2,753,050

Note: Consistent with Council Resolution 30357, DPD shall prepare its budget in a manner that authorizes additional expenditures and positions when warranted by increases in demand for services as indicated by revenues. The budget shall include contingent budget authority that may be granted in increments of expenditure and full-time positions associated with increments of actual and forecasted revenues deviating from forecasted budgeted amounts. The Department of Finance (DOF) shall evaluate the adequacy of the forecasts and approve the use of contingent expenditure authority, request additional analysis, or deny the additional authority if, in DOF's opinion, the need is not demonstrated.

This budget proposes the following four schedules for triggering contingent budget authority based on revenue deviating from the budget forecast.

Land Use	Contingent Budget	Contingent FTE
Unanticipated Revenue		
(200,000) to (100,000)	(160,000)	-1.3
(99,999) to 99,999	0	0.0
100,000 to 199,999	160,000	1.3

Accounting and Technical Adjustments	944,281	0	0	0	0
Plus: Actual and Estimated Revenue	43,866,466	46,670,052	47,180,965	47,799,463	50,004,261
Less: Actual and Budgeted Expenditures	45,177,136	53,473,952	48,473,952	53,949,379	55,357,136
Ending Fund Balance	2,880,109	(3,923,791)	1,587,122	(4,562,794)	(3,765,753)

Note: In the 2005 and 2006 budgets, there is appropriation authority of approximately \$4.9 million each year in the Process Improvements and Technology BCL, primarily to complete implementation of new permitting systems and related process improvements. If all of this authority were expended, the result would overspend the set-asides established for this BCL. In developing its 2005-06 budget, DPD prepared a business case for technology improvements that anticipated this deficit. Cash resources to cover these expenditures are available in the form of deferred revenues (payments in advance of services from customers) which are currently \$8.5 million and vary between \$7 million and \$10 million during an economic cycle.

DPD now expects that at least \$5 million of its 2005 authority is unnecessary, as reflected in the 2005 3rd Quarter Supplemental Ordinance. There may be additional underspending in 2006, so that the actual deficit will be much smaller than what is displayed in the table. Whatever deficit exists by the end of 2006 will be eliminated in the next few years as contributions to the Process Improvements and Technology set-aside continue but expenditures are reduced.

Criminal Justice Contracted Services

Catherine Cornwall, Senior Policy Advisor

Contact Information

Department Information Line: (206) 684-8041

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

Department Description

Criminal Justice Contracted Services provides funding for both public defense and jail services for individuals arrested, prosecuted, and/or convicted of misdemeanor criminal code violations in Seattle. The contracts for these services are managed by the Office of Policy and Management. The City contracts with not-for-profit legal agencies to provide public defense services and with King County, Yakima County, and the City of Renton to provide jail services.

By the end of 2005, there are projected to be approximately 11,000 bookings in the King County Jail for people who allegedly committed misdemeanor offenses or failed to appear for court hearings. This is up from approximately 10,000 bookings in 2004. The projected 2005 bookings will generate close to 106,000 jail days, the equivalent of having 291 people in jail on any given day. Through October 2005, on a daily basis, the City has averaged 198 people in the King County Jail, 92 people in the Yakima County Jail, and one person in the Renton Jail. In 2005, the City negotiated a contract with Yakima County requiring Seattle to pay for a minimum of 155 jail beds, while allowing a discounted rate to be charged on unused beds. The 2005 budget provides funding for a total of 336 jail beds (or about 123,000 jail days): 180 beds at King County, 155 beds at Yakima County, and one bed at the City of Renton Jail.

Policy and Program Changes

There are two main changes in the Criminal Justice Contracted Services 2006 Adopted Budget. The first change is an increase to both the Public Defense Contract budget and the Jail Contract budget to absorb the incremental cost of new cases expected as a result of once again prosecuting for Driving While License Suspended in the third degree (DWLS3).

Due to a State Supreme Court ruling, the City stopped filing most DWLS3 cases in the spring of 2004. At the same time in 2004, the Seattle City Council repealed a law that had been in effect since the beginning of 1999, which impounded the cars of DWLS3 offenders. As a result of the repeal of both of these laws, funding for jail and public defense costs associated with DWLS3 had been reduced as a mid-year budget cut in 2004 and again as a budget cut in 2005.

The state Legislature has amended the license suspension process to allow for a hearing, which means that as of July 2005, the City Attorney will be able to file these cases again. The City Attorney has indicated his intention to do so. In response, the Jail Services Budget Control Level increases to accommodate an increased average daily jail population (ADP) at King County Jail of 13 inmates, increasing it from 190 to 203. The City's increasing jail population is occurring at the same time as a potential decrease in jail service beds in King County and Yakima County. As such, the Adopted Budget accommodates the costs for the City's entire jail population, while the actual allocation of the jail services between King County and Yakima County may be subject to change.

The second budget change is a reduction in the contract the City had with King County Office of Public Defense, which was previously responsible for screening defendants for their ability to pay for their defense costs. In 2006 this indigency screening process is assumed by the Seattle Municipal Court and the Court receives a transfer of General Fund resources to offset its incremental costs of handling this new function.

City Council Budget Changes and Provisos

The City Council adopted the following proviso:

Of the appropriation for 2006 for the Criminal Justice Contracted Services Jail Services BCL, \$334,450 is appropriated solely for a day check-in services center and may be spent for no other purpose.

Criminal Justice

Appropriations	Summit Code	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Indigent Defense Services Budget Control Level	VJ500	4,949,434	4,629,174	4,872,633	5,095,508
Jail Services Budget Control Level	VJ100	11,631,783	12,796,343	13,693,269	14,455,688
Department Total		16,581,217	17,425,517	18,565,902	19,551,196

Resources	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
General Subfund	16,581,217	17,425,517	18,565,902	19,551,196
Department Total	16,581,217	17,425,517	18,565,902	19,551,196

Indigent Defense Services Budget Control Level

Purpose Statement

The purpose of the Indigent Defense Services Budget Control Level is to secure legal defense services, as required by state law, for indigent people facing criminal charges in Seattle Municipal Court.

Summary

Increase budget by \$437,000 to offset anticipated public defense costs related to the implementation of the state's Driving While License Suspended in the third degree (DWLS3) statute. Seattle has projected that an additional 1,355 cases will require public defense assistance in 2006 as a result of the re-enactment of this law previously repealed in June 2004.

Decrease contract budgets by \$214,000 to reflect a transfer of responsibility and funding from Criminal Justice Contracted Services to Seattle Municipal Court. These funds reflect the amount of a contract the City had with King County Office of Public Defense to handle Seattle's indigency screening function. This function is the state-mandated screening of defendants to evaluate if defendants are eligible to pay for some or all of their defense costs, regardless of the outcome of their case.

There were no Citywide adjustments made to this budget. There is a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$223,000.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Indigent Defense Services	4,949,434	4,629,174	4,872,633	5,095,508

Jail Services Budget Control Level

Purpose Statement

The purpose of the Jail Services Budget Control Level is to provide for the booking, housing, transporting, and guarding of City inmates, as well as day check-in services for pre-trial defendants and sentenced offenders, and for the lease of a courtroom in the King County jail. The jail population for which the City pays are adults charged with or convicted of misdemeanor crimes alleged to have been committed within the Seattle City limits. Inmates are incarcerated in either the King County, Yakima County, or City of Renton jail.

Summary

Increase the budget by \$762,000 to offset anticipated jail costs related to prosecuting for the offense of Driving While License Suspended in the third degree (DWLS3). DWLS3 legislation was re-enacted with modifications in July 2005, by the state Legislature after having been found unconstitutional and repealed in June 2004. Seattle projects that an additional 1,650 jail bookings will take place in 2006 as a result of enforcing the re-enacted state law, thereby increasing the City's average daily jail population (ADP) at King County Jail by 13 inmates.

There were no Citywide adjustments made to this budget. There is a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$762,000.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Jail Services	11,631,783	12,796,343	13,693,269	14,455,688

Seattle Fire Department

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/fire/>

Department Description

The Seattle Fire Department (SFD) has 33 fire stations located throughout the City. SFD deploys engine companies, ladder companies, and aid and medic units to mitigate loss of life and property resulting from fires, medical emergencies, and other disasters. The Department also has units for hazardous materials responses, marine responses, and high-angle and confined-space rescues. In addition, SFD provides leadership and members to several disaster response teams: Puget Sound Urban Search and Rescue, Metropolitan Medical Response System, and wildland fire fighting.

SFD's fire prevention efforts include fire code enforcement, inspections and plan reviews of fire and life safety systems in buildings, public education programs, regulation of hazardous materials storage and processes, and fire code regulation at public assemblies.

Policy and Program Changes

The 2006 Adopted Budget adds three round-the-clock on-duty positions, or 15 FTEs, at a cost of \$1.3 million to enhance staffing at those fire stations that have only a three-person engine company. The fourth person will be added to the engine company when the recruits complete training in the second quarter of 2006.

The Fire Facilities & Emergency Response Levy provides funding for a Joint Training Facility (JTF) within City limits for specialized and legally required training for employees of the Seattle Fire Department (SFD), among other departments. The JTF is scheduled to open in March 2006. The Fire Department, as the primary user, will manage and operate the facility. In anticipation of the JTF's opening, the Department's budget is increased by \$455,000 to cover lease, utility, technology, and personnel costs.

In June 2005, the State announced that the City's contribution to the Law Enforcement Officers and Firefighters (LEOFF) II retirement system must increase from 4.51% to 4.87% beginning July 2006. The new rate increases the Fire Department budget by \$88,000 in 2006 to accommodate this state-wide increase in LEOFF II pension rates.

Revised revenue forecasts from the King County Emergency 911 Levy Program estimate increased funding allocations to the Seattle Fire Department of approximately \$106,000 in 2006. The additional funding increases the Department's Communications program budget to cover furniture, fixture and equipment items at the new Fire Alarm Center.

With the increase in fuel rates nationally, the revised forecasts for fuel consumption and costs at the Fire Department exceed the current budgeted level. An adjustment of \$123,000 is made to increase the fuel budget to cover costs resulting from the increased fuel rates estimated for 2006.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Fire Prevention: Code Compliance

Purpose Statement

The purpose of the Code Compliance program is to provide Fire Code information to the public and resolve code violations that have been identified to reduce fire and hazardous material dangers.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Code Compliance	279,201	359,329	368,820	369,111
Full-time Equivalents Total*	5.00	4.00	4.00	4.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Fire Prevention: Fire Investigation

Purpose Statement

The purpose of the Fire Investigation program is to determine the origin and cause of fires in order to pursue arson prosecution and identify needed changes to the fire code to enhance prevention practices.

Program Summary

Increase the pension budget by \$1,000 to accommodate a state-wide increase in LEOFF II pension rates.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Fire Investigation	783,943	851,898	875,467	876,174
Full-time Equivalents Total*	9.00	9.00	9.00	9.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Fire Prevention: Hazardous Materials

Purpose Statement

The purpose of the Hazardous Materials program is to enforce fire code requirements for the safe storage, handling, transport, and use of flammable or combustible liquids and other hazardous materials to reduce the dangers that such materials pose to the public.

Program Summary

Increase the pension budget by \$1,000 to accommodate a state-wide increase in LEOFF II pension rates.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted

Operations: Battalion 2

Purpose Statement

The purpose of each Operations Battalion program is to provide response services for fire suppression, basic life support, emergency medical care, fire prevention inspections, rescue, hazardous material, and weapons of mass destruction incidents for Seattle residents.

Program Summary

Add \$445,000 and 5.0 FTE Firefighter positions to increase the on-duty strength by providing four-person staffing to Fire Station 34 in Madison Valley. The fourth person will be added to the engine company when the recruits complete training in the second quarter of 2006.

Increase the pension budget by \$16,000 to accommodate a state-wide increase in LEOFF II pension rates for a net increase from the 2006 Endorsed Budget of approximately \$460,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Battalion 2	16,187,567	17,350,603	17,888,644	18,348,803

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Resource Management: Communications

Purpose Statement

The purpose of the Communications program is to manage emergency calls to assure proper dispatch and subsequent safety monitoring of deployed units.

Program Summary

Increase the pension budget by \$2,000 to accommodate a state-wide increase in LEOFF II pension rates.

Increase the operations budget by \$18,000 to cover the telephone costs for operation of the Joint Training Facility in 2006.

Increase the equipment budget by \$106,000 to fund furniture, fixtures and equipment needs for the new Fire Alarm Center. The program's increased budget will be offset by increased revenue collections from the King County Emergency 911 Levy Program.

The net increase from the 2006 Endorsed to the 2006 Adopted Budget is approximately \$126,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Communications	4,323,296	4,659,664	4,745,640	4,871,846

Safety and Employee Development: Human Resources

Purpose Statement

The purpose of the Human Resources program is to provide uniformed and non-uniformed candidates the following employment support: administer hiring, promotion, personnel services and training, and oversee compliance with Equal Employment Opportunity laws and collective bargaining agreements.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Human Resources	956,491	983,800	1,006,824	1,007,127
Full-time Equivalents Total*	9.00	10.00	10.00	10.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Safety and Employee Development: Safety

Purpose Statement

The purpose of the Safety program is to reduce injuries and health problems by identifying practices that place firefighters at risk during an emergency incident and providing services to enhance firefighter health and wellness of firefighters.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Full-time Equivalents Total*	0.00	4.00	4.00	4.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Safety and Employee Development: Training and Officer Development

Purpose Statement

The purpose of the Training and Officer Development program is to provide centralized educational and development services for all uniformed members of the Department to ensure they have the critical and command skills demanded by their jobs.

Program Summary

Increase the pension budget by \$1,000 to accommodate a state-wide increase in LEOFF II pension rates.

Increase the budget by \$3,000 to cover the operating supplies cost for the Joint Training Facility in 2006.

Add \$150,000 and 2.0 FTE Senior Special Events Scheduler positions to the Training and Officer Development budget for management and operations of the Joint Training Facility.

The net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget is approximately \$154,000.

Fire Facilities Levy Fund

Department Description

The 2003 Fire Facilities Fund (Fund 34440) was created through Ordinance 121230 following voter approval of the Fire Facilities and Emergency Response Levy in November 2003. The Fund receives revenue from property taxes (approximately \$167.2 million) over the life of the Levy, grants, other City funds such as the Cumulative Reserve Subfund, and other non-City sources. The Fire Facilities and Emergency Response Program will ultimately fund capital investments totaling approximately \$198 million in four categories: neighborhood fire stations, emergency preparedness facilities, support facilities, and a marine program.

Policy and Program Changes

Capital expenditures displayed in the table are shown for informational purposes only, as actual appropriations are made through the Capital Improvement Program appropriations table appearing in the budget for the Fleets and Facilities Department. The amounts appearing in the table represent projected expenditures by year. Appropriated but unexpended fund balances carry over to the next year.

Due to the high level of activity anticipated in the early years of the program, the Fire Facilities Levy is projected to have a negative balance at the end of 2006. If a temporary negative cash balance occurs, the Fleets and Facilities Department will obtain short-term financing from the City's consolidated cash pool. Positive end-of-year cash balances are projected for the rest of the nine-year levy period.

City Council Budget Changes and Provisos

The Council adopted a number of capital provisos, which are listed in the Fleets and Facilities Department's Budget.

Department Description

The Firemen's Pension provides responsive benefit services to eligible pre-LEOFF and LEOFF I active and retired firefighters.

Firefighters eligible for these services are those who, as a result of being hired before October 1, 1977, are members of the Law Enforcement Officers and Fire Fighters Retirement System, Plan I (LEOFF I) and those who are pre-LEOFF, that is, those who retired before March 1, 1970, the effective date of the Washington Law Enforcement Officers' and Fire Fighters' Retirement System Act.

Staff positions associated with Firemen's Pension are not reflected in the City's position list.

Policy and Program Changes

The 2006 Adopted Budget uses a portion of the projected 2005 fund balance to meet expenses.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Law Department

Thomas A. Carr, City Attorney

Contact Information

Department Information Line: Civil Division, (206) 684-8200; Public and Community Safety Division, (206) 684-7757

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/law/>

Department Description

The Law Department serves as counsel to the City's elected officials and agencies, and as the prosecutor in Seattle Municipal Court. Thomas Carr, the Seattle City Attorney, is a nonpartisan elected official.

The Department provides legal advice to City officials to help them achieve their goals, represents the City in litigation, and protects public health, safety, and welfare by prosecuting violations of City criminal and civil ordinances and state law. The three department divisions are Civil, Public and Community Safety, and Administration.

The Civil Division provides legal counsel and representation to the City's elected and appointed policymakers in litigation at all levels of county, state, and federal courts, and administrative agencies. The Division is organized into the following eight specialized areas of practice: Civil Enforcement, Contracts, Employment, Environmental Protection, Land Use, Municipal Law, Torts, and Utilities.

The Public and Community Safety (PCS) Division prosecutes in Seattle Municipal Court crimes punishable by up to a year in jail, provides legal advice to City clients on criminal justice matters, monitors state criminal justice legislation of interest to the City, and participates in criminal justice policy development and management of the criminal justice system. In addition, the Division operates a Victim of Crime program which assists crime victims in obtaining restitution by providing information about the progress of their case and concerning their rights. The Division also operates a volunteer program through which citizens can provide service to, and gain a better understanding of, the criminal justice system.

Policy and Program Changes

The 2006 Adopted Budget reflects increments for staff departmentwide and specific increments in each division of the Department. The Personnel Department conducted a classification/compensation study for Legal Assistants, Paralegals, Assistant City Attorneys (ACAs), Senior ACAs and Supervising ACAs. The study revealed that salary increases are warranted when compared to regional peers. Salary increases are included for all position classifications noted here. The Civil Division changes include the restoration of a 1.0 FTE Legal Assistant position. To accommodate the addition of an ongoing Paralegal position in the Civil Division in the 2005 second quarter supplemental ordinance, funds are transferred from the Judgment and Claims Subfund to the Law Department's budget. Similarly, resources from the Judgment and Claims Subfund are transferred to the Civil Division budget to support two new ACAs for Judgment and Claims casework. Within the PCS Division, two half-time Legal Intern positions are restored from cuts taken in 2004. Funding for 1.5 FTE ACAs was added to staff the Mental Health Court and a Precinct Liaison position. Lastly, in order to accommodate the increased caseload expected as a result of prosecuting for the offense of Driving While License Suspended in the third degree (DWLS3) statute, 2.0 FTE Administrative Specialists and 1.0 FTE ACA are added to the PCS Division.

City Council Budget Changes and Provisos

The Council adopted two additions to the Law Department budget within the PCS Division. The first addition funds 1.0 FTE ACA so that the Law Department may continue a Precinct Liaison position which was grant

funded only until the end of 2005. The second addition provides resources for an unfunded 0.5 FTE ACA that is currently serving as a Mental Health Court Prosecutor. The effect of this add is that the Department will no longer have to divert resources from other prosecutorial activities in order to dedicate staff to Mental Health Court.

Administration Budget Control Level

Purpose Statement

The purpose of the Administration Budget Control Level is to collectively recruit, train, evaluate, and retain qualified personnel who reflect the community and can effectively complete their assigned tasks, operate and maintain computer systems that enable department personnel to effectively use work-enhancing technology, and ensure the financial integrity of the Department.

Summary

There are no substantive changes from the 2006 Endorsed Budget. Citywide adjustments to labor costs increase the budget by \$4,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Administration	1,192,782	1,176,156	1,209,196	1,213,655
Full-time Equivalents Total*	12.30	11.80	11.80	11.80

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Civil Law Budget Control Level

Purpose Statement

The purpose of the Civil Law Division Budget Control Level is to provide legal advice to the City's policy-makers, and to defend and represent the City, its employees, and officials before a variety of county, state, and federal courts and administrative bodies.

Summary

Increase total salaries for ACAs, ACA Seniors and ACA Supervisors by \$174,000. Increase total salaries for Legal Assistants by \$36,000. The Personnel Department conducted a classification/compensation study for these positions and found that the increases are warranted when compared to regional peers. This additional appropriation will help to bring the Division's salaries up to regional standard.

Add 1.0 FTE Legal Assistant and \$53,000 for salary and benefits to restore a 2003 reduction. This position will support the Land Use, Utilities and Employment Sections of the Civil Law Division.

Add 1.0 FTE Paralegal and \$61,000 funded by a transfer of resources from the Judgment and Claims Subfund. This Paralegal position is responsible for work generated by cases formerly paid from the Judgment and Claims Subfund. As such, the funds for this position are transferred from the Judgment and Claims Fund to the Law Department.

Add 2.0 FTEs ACA Seniors and \$189,000 funded by a transfer of resources from the Judgment and Claims Subfund. These new ACA positions will take on casework formerly paid from the Judgment and Claims Subfund to contract attorneys due to lack of in-house staff resources. These two new positions will reduce the need for outside counsel.

Add 0.5 FTE ACA Senior position authority only. This position will support legal work for the Revenue and Consumer Affairs Division of the Department of Executive Administration (DEA) related to tax auditing and enforcement. DEA will retain the budget authority for this position.

Transfer in position authority for 1.0 FTE ACA from Seattle City Light (SCL). This position authority allows the Department to fulfill its obligations under a memorandum of agreement with SCL to provide legal services related to Federal Energy Regulatory Commission (FERC) litigation, and to assist with Seattle City Light-related litigation.

Administrative corrections eliminate 0.5 FTE Admin Spec 1.

Citywide adjustments to labor costs increase the budget by \$34,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$547,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Civil Law	6,701,650	7,219,432	7,451,491	7,998,127
Full-time Equivalents Total*	74.80	72.30	72.30	77.30

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Public and Community Safety Budget Control Level

Purpose Statement

The purpose of the Public and Community Safety (PCS) Division Budget Control Level includes prosecuting ordinance violations and misdemeanor crimes, maintaining case information and preparing effective case files for the court appearances of prosecuting attorneys, and assisting and advocating for victims of domestic violence throughout the court process.

Summary

Add \$116,000 for ACAs, ACA Seniors and ACA Supervisors' salaries, and \$6,000 for PCS Division Paralegal salaries. The Personnel Department conducted a classification/compensation study for Legal Assistants, Paralegals, ACAs, ACA Seniors and ACAs Supervisors. The study revealed that salary increases are warranted when compared to regional peers. Salary increases are proposed for all position classifications.

Add two 0.5 FTE Legal Intern positions and associated budget by \$58,000 to restore a 2004 reduction. These positions will support prosecution efforts in the Public and Community Safety (PCS) Division. Within the Department's position list, the intern positions will display as "Legislative Interns" because the position classification of "Legal Intern" needs to be adopted through a future Salary Ordinance.

Add 2.0 FTEs Administrative Specialists and 1.0 FTE ACA and associated budget of \$171,000 to accommodate the increased caseload expected as a result of prosecuting for the offense of Driving While License Suspended in the third degree (DWLS3).

Add funding in the amount of \$100,000 for an existing 1.0 FTE Assistant City Attorney to continue in a Precinct Liaison position. This position was grant funded in 2005 with a federal Department of Justice grant and would otherwise have been abrogated in 2006.

Add funding in the amount of \$52,000 for an existing 0.5 FTE Assistant City Attorney to serve as the dedicated Mental Health Court Prosecutor for the Seattle Municipal Mental Health Court.

Non-budgetary Council changes add 1.0 FTE Manager 1, Exempt. Funding associated with this add is reflected in the department's current year revised budget.

Citywide adjustments to labor costs increase the budget by \$20,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$523,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Seattle Municipal Court

Fred Bonner, Presiding Judge

Contact Information

Department Information Line: (206) 684-5600

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/courts/>

Department Description

The Seattle Municipal Court is the largest limited jurisdiction court in Washington. The Court is authorized by the State of Washington and the Seattle Municipal Code to hear and decide both criminal and civil matters. The Seattle Municipal Court is committed to excellence in providing fair, accessible, and timely resolution of alleged violations of the Seattle Municipal Code in an atmosphere of respect for the public, employees, and other government entities. The Seattle Municipal Court values and recognizes its employees. The Municipal Court of Seattle is a contributing partner working toward a safe and vital community.

By working with community organizations, the Court has increased access for citizens and enhanced compliance with court-ordered conditions. The Court compliance staff monitors defendant compliance, assesses the treatment needs of defendants, and helps direct defendants to resources that will help them live successfully in the community. The Court continues to leverage additional outside agency resources with City funds to support defendants through successful completion of court orders. Work crews, community service and electronic home monitoring are used as alternatives to jail sentencing. The Mental Health Court, established in 1999, is a defendant-based program and is nationally recognized for serving misdemeanor offenders who are mentally ill or developmentally disabled.

The Court continues to lead judicial administrative reform, working closely with the King County District Court and Superior Court in organizing common court services. Additionally, the Court has expanded its community focus to include both a Community Court and Domestic Violence Court. These specialized courts provide dedicated judicial, staff and social services support to defendants charged with criminal law violations. The Court is working with the Mayor and City Council in 2006 to evaluate the efficacy of these efforts.

Policy and Program Changes

The 2006 Adopted Budget increases the Court Administration and Court Compliance Budget Control Levels. In the Administration Budget Control Level, one-time funding is added to support staffing costs associated with the Community Court pilot program. The pilot program targets chronic criminal justice and human service system users, such as defendants who repeatedly commit crimes, fail to comply with sanctions, and fail to appear for court. The Court believes these clients could be more effectively rehabilitated through the use of sanctions, specifically community service, and social services. The Community Court pilot received supplemental funding in March 2005.

The Court receives a transfer of funding from the City's Criminal Justice Contracted Services budget and creates 2.5 FTE positions in the Court Compliance Budget Control Level to screen defendants for eligibility to access indigent public defense services. The adjustment signals the end of the City's contract with King County Office of Public Defense for screening defendants and moves this responsibility to the Court.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Court Administration Budget Control Level

Purpose Statement

The purpose of the Court Administration Budget Control Level is to provide administrative controls, develop and provide strategic direction, and provide policy and program development.

Summary

Add 1.0 FTE Strategic Advisor II position and increase the budget by \$113,000. This position was added in the 2005 budget to coordinate the Community Court pilot program with the expectation that the position would sunset at the end of the year. This adjustment continues the position for one additional year. Funds are also added to the Office of Policy & Management's 2006 budget to support an evaluation of the Community Court in 2006. Pending the outcome of the evaluation, the increments related to this pilot are considered one-time adjustments.

Non-budgetary Council changes add 1.0 FTE Information Technology Professional A, Exempt, 4.0 FTE Information Technology Professional B-BU, and 1.0 FTE Information Technology Professional C-BU. Funding associated with these adds is reflected in the department's current year revised budget.

Citywide adjustments to labor costs increase the budget by \$9,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$122,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Court Administration	3,928,540	4,218,512	4,298,930	4,420,929
Full-time Equivalents Total*	38.50	38.00	36.00	43.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Court Compliance Budget Control Level

Purpose Statement

The purpose of the Court Compliance Budget Control Level is to help defendants understand the Court's expectations and to assist them in successfully complying with court orders.

Summary

Add 1.0 FTE Probation Counselor II and increase the budget by \$84,000. This position was added in the 2005 budget to oversee the defendants in the Community Court pilot program with the expectation that the position would sunset at the end of the year. This adjustment continues the position for one additional year. Funds are also added to the Office of Policy & Management's budget to support an evaluation of the Community Court in 2006. Pending the outcome of the evaluation, the increments related to this pilot are considered one-time adjustments.

Add 2.5 FTEs Indigency Screeners and \$207,000 to accommodate the transfer to the Court of the responsibility for screening defendants for eligibility to access indigent public defense services. The Court previously contracted this work to the King County Office of Public Defense. The positions are added to the Court's position list under the title of "Probation Counselor - Assigned Personal Recognizance" because the position classification of "Indigency Screener" has not yet been created. The new title of Indigency Screener will be created in a future salary ordinance. The transfer of this function to the Court improves the workflow of indigency screening services through the addition of permanent Court staff.

Citywide adjustments to labor costs increase the budget by \$10,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$301,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Court Compliance	4,092,193	3,973,854	4,112,719	4,414,029
Full-time Equivalents Total*	52.85	51.35	51.35	54.85

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Court Operations Budget Control Level

Purpose Statement

The purpose of the Court Operations Budget Control Level is to hold hearings and address all legal requirements for defendants and others who come before the Court. Some proceedings are held in formal courtrooms and others in magistrate offices, with the goal of providing timely resolution of alleged violations of City ordinances and misdemeanor crimes committed within the Seattle city limits.

Summary

There are no substantive changes from the 2006 Endorsed Budget. Citywide adjustments to labor costs increase the budget by \$17,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Court Operations	11,036,348	10,765,233	11,127,979	11,144,803
Full-time Equivalents Total*	138.00	136.75	136.75	136.75

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Seattle Police Department

R. Gil Kerlikowske, Chief

Contact Information

On the Web at: <http://www.seattle.gov/police/>

Department Description

The Seattle Police Department (SPD) prevents crime, enforces laws, and supports quality public safety by delivering respectful, professional, and dependable police services. SPD operates within a framework that divides the city into five geographical areas called "precincts." These precincts define east, west, north, south, and southwest patrol areas, with a police station in each. The Department's organizational model places neighborhood-based emergency response and order-maintenance services at its core, allowing SPD the greatest flexibility in managing public safety. Under this model, neighborhood-based enforcement personnel in each precinct assume responsibility for public safety management within their geographic area and neighborhood-based officers serve as primary crime-prevention and law enforcement resources for the areas they serve. Property crimes and crimes involving juveniles are investigated by precinct-based investigators whereas detectives in centralized units conduct follow-up investigations in other types of crimes. The Department also has citywide responsibility for enhancing the City's capacity to plan for, respond to, recover from and reduce the impacts of a wide range of emergencies and disasters. Other parts of the Department function to train, equip, and provide policy guidance, human resources, communications and technology support to those delivering direct services to the public.

Policy and Program Changes

Program Reorganizations:

The Mayor's Security unit, including 2.0 FTE Detectives, is transferred from the Chief of Police program to the Homeland Security section.

The Criminal Intelligence unit, including 1.0 FTE Lieutenant, 10.0 FTE Detectives, 2.0 FTE Sergeant Detectives and 1.0 FTE Administrative Specialist II position, is transferred from Deputy Chief Operations to the Homeland Security program.

The Crime Analysis unit, including 1.0 FTE Police Sergeant Detective, 4.0 FTE Detectives and 0.5 FTE Information Technology Professional B positions, is transferred from Deputy Chief Operations to Deputy Chief Administration, thereby consolidating the Department's crime analysis resources.

The Crisis Intervention unit, including 1.0 FTE Police Officer and 1.0 Police Sergeant, is transferred from Patrol Operations Administration to the Metro Special Response section to work in coordination with the SWAT unit.

The Evidence unit, including 9.0 FTE Evidence Warehouse positions, 4.0 FTE Evidence Warehouse Sr. positions, 1.0 FTE Police Sergeant non-Patrol and 1.0 FTE Police Officer non-Patrol position, is transferred from the Criminal Investigations program to the Audit, Accreditation and Policy section in the Deputy Chief Administration program.

The Auto Theft and Fraud, Forgery, and Financial Exploitation units, including 1.0 FTE Lieutenant, 13.0 FTE Detectives, 2.0 Sergeant Detectives and 2.0 FTE Administrative Specialist positions, is transferred from the Violent Crimes program to the Special Investigations program.

The Public Request unit, including 1.0 FTE Manager I, 7.0 FTE Administrative Specialist II positions, and 1.0 FTE Administrative Specialist III position, is transferred from the Data Center program to the Field Support Administration program.

The False Alarm Unit, including 1.0 FTE Detective position and 1.0 FTE Administrative Specialist II position, currently within the Audit, Accreditation, and Policy section in the Deputy Chief for Administration program is transferred to Patrol Operations Administration (Bureau #1) to enhance outreach to patrol officers and private-sector security.

A separate South Precinct Anti-Crime Team (ACT) is created through the transfer of 1.0 FTE Police Sergeant position from the West Precinct to the South Precinct and the transfer of 3.0 FTE existing ACT Patrol Officers from the SW Precinct to the South Precinct. This splits the current ACT team serving both precincts so that each Precinct has its own ACT.

The Lieutenant previously leading the Audit and Inspections unit will lead a new Crime and Deployment Analysis unit with responsibilities for patrol deployment, evidence, and crime analysis. This move will enhance coordination of the Department's analytical resources for crime analysis. The Audit and Inspections unit is now led by a Sergeant Detective with a direct report to the Captain of the Audit, Accreditation, and Policy program.

A new Crime Scene Investigation (CSI) unit is created through the transfer of 1.0 FTE Sergeant Detective and 3.0 FTE Detective positions from the Homicide and Robbery unit in the Violent Crimes program to the CSI, Identification, and Photo Lab Program.

A new Internet Crimes against Children (ICAC) and Human Trafficking unit is created through the transfer of 1.0 FTE Sergeant Detective and 3.0 FTE Detective positions from the Special Investigations program to the Criminal Investigations Administration program. This transfer includes ICAC federal-grant-funded program staff of 1.0 FTE Police Captain position and 1.0 FTE Police Detective position to the newly created ICAC & Human Trafficking unit.

Position/Program Adds:

The Patrol Operations Administration budget is increased to support 1.0 FTE Administrative Specialist II position added in a 2005 supplemental ordinance. Funding is provided for database development and management of the False Alarm unit. This add allows the unit to continue its successful effort to reduce unproductive false alarm dispatches, the fourth most frequent call for service received by police.

One Planning and Development Specialist II, 1.0 FTE, is added as a Community Outreach Coordinator to oversee all activities related to the Department's numerous demographic community advisory councils, as well as its Citywide Advisory Council. Located in the Research, Grants & Corporate Support Section, this position institutionalizes the community engagement infrastructure established under the just completed Department of Justice (DOJ) Minority Community Engagement Initiative Grant.

One Senior Management System Analyst (MSA) position is extended beyond its scheduled sunset date of June 30, 2006, to the end of the year for a net increase of 0.5 FTE in the Patrol Deployment unit of the Audit, Accreditation and Policy program. In the 2005-06 biennial budget, the position was scheduled for mid-year abrogation with the expectation that the new Computer-Aided Dispatch (CAD) and Record Management Systems (RMS) systems would allow multiple SPD employees to generate deployment reports similar to those created by the existing MSA. The CAD/RMS is now expected to come online in 2007. Until that time, the MSA position will continue to use the current CAD/RMS to further the Department's geo-policing efforts and to improve capacity to deploy sworn and civilian personnel in the event of a disaster or terrorist incident.

One Strategic Advisor II position, 1.0 FTE, is added to the Criminal Investigations Administration program to help implement the Department's gun crime strategy. The position will work with federal and state agencies and SPD's regional partners to build and maintain a database that will enable SPD to trace firearms used or stolen in criminal incidents and to examine illegal gun trafficking patterns.

The Deputy Chief of Operations budget is increased to support the second year of funding for the 25.0 FTE, Police Officer Patrol positions added in a 2005 mid-year ordinance. The officers will be deployed for precinct-based operations upon completion of basic academy and field training in summer 2006.

The Traffic Enforcement Budget is increased to support 1.0 FTE Police Sergeant and 4.0 FTE Police Officer positions that provide traffic control services during the Metro Tunnel closure. These positions were added through a Sound Transit grant that was approved and appropriated in the 2005 First Quarter Supplemental Budget Ordinance. The ordinance accepted the funding from King County, which serves as a pass-through agent for Sound Transit. The funding is moved into the 2006 Adopted Budget so that it can be tracked with other Sound Transit project funding.

Other Resource Adds:

The Emergency Management Operations budget is increased to provide for community-wide emergency preparedness outreach through education, training, drills, first response skills enhancement, and planning. This includes City employee preparedness so that public servants can serve the public better.

The Information Technology budget is increased and a 0.5 FTE Information Technology Professional B position is added to equip and support an additional 65 patrol cars with Digital In-Car Video Cameras (DICVC). This add will bring the number of equipped cars to approximately 145, which completes installation in all vehicles in the Traffic section and approximately two-thirds of the marked Patrol fleet. This budget also receives funding to create a replacement fund for the cameras and to support ongoing maintenance. The Deputy Chief Administration budget is increased and 1.0 FTE Video Specialist II position is added to support the processing of camera footage.

The Technology budget is increased to replace the Department's 11-year-old Hand Held Ticket (HHT) devices. The Department is acquiring new devices that are compatible with the Records Management System and the Municipal Court Information System. The existing HHTs are past their economic life, are no longer manufactured, and will not be vendor supported beyond 2007. This add is consistent with the City Auditor's report on the HHTs and its recommendation the City upgrade its technology. The funding will allow SPD to begin a full procurement process, including developing and releasing an RFP; evaluating responses, including possible site visits; prototyping; demonstrations; selecting a vendor; and conducting contract negotiations. The remaining funding necessary for the equipment purchase is held in Finance General.

The Traffic Enforcement budget is increased to make permanent weekend parking enforcement activities that were previously provided through an unfunded pilot program. The program provides Parking Enforcement Officers with an opportunity to volunteer for weekend shifts that pay at an overtime rate. The weekend enforcement pilot is expected to have generated approximately \$1.7 million in parking revenues in 2005.

The Communications program budget is increased so the Department may replace its call center display boards. The current boards are no longer supported by any vendor and cannot display text messages, such as Amber alerts. The funding replaces the boards, the automatic call distributor switch, and associated software required for upgrades.

The Deputy Chief of Administration budget is increased to allow the Department to move closer toward its goal of replacing all of its bullet proof vests every five years. The funding is combined with \$177,000 provided through the 2005 Justice Assistance Grant and allows for the purchase of approximately 500 new vests.

City Council Budget Changes and Provisos

The City Council adopted the Mayor's 2006 Proposed Budget with the following changes and provisos. The Council added 2.0 FTE Strategic Advisor I positions to the Emergency Management section to perform community outreach and education on issues related to emergency preparedness. The same action transferred two Crime Prevention Coordinators that had been budgeted in Emergency Management to the Southwest and West precincts to continue crime prevention activities. The two new Strategic Advisor positions enhance the education and outreach functions of the Emergency Management section.

The City Council adopted the following proviso:

Of the appropriation for 2006 for the Police Department Gender & Age Crimes Investigations Budget Control Level, \$196,210 is appropriated solely to pay for the salaries and benefits for two detectives specializing in elder abuse investigations and can be spent for no other purpose.

Criminal Investigations

Criminal Investigations Administration Budget Control Level

Purpose Statement

The purpose of the Criminal Investigations Administration program is to direct and support the work of employees in the Criminal Investigations Bureau by providing oversight and policy guidance, and performing technical services to assist in identifying criminal suspects so these employees can execute their job duties effectively and efficiently. The program also includes the Internet Crimes against Children and Human Trafficking section, the Crime Scene Investigation unit and the Crime Gun Initiative analyst.

Summary

Reorganize functions within the Criminal Investigations program to better meet strategic objectives of the Department as follows:

Transfer the Evidence unit, including 9.0 FTE Evidence Warehouse positions, 4.0 FTE Evidence Warehouse Sr. Positions, 1.0 FTE Sergeant non-Patrol and 1.0 Police Officer non-Patrol position, and \$1.174 million from the Criminal Investigations program to the Audit, Accreditation, and Policy Section in the Deputy Chief Administration program.

Transfer 1.0 FTE Sergeant Detective and 3.0 FTE Detective positions and \$441,000 from the Special Investigations program to the Internet Crimes against Children (ICAC) and Human Trafficking section in the Criminal Investigations Administration program.

Transfer 1.0 FTE grant-funded Captain and 1.0 FTE grant-funded Detective position in the ICAC program from Special Investigations to the Criminal Investigations Administration program.

Transfer 1.0 FTE Sergeant and 3.0 FTE Detective positions and \$510,000 from the Violent Crimes program to the newly created Crime Scene Investigation (CSI) unit in the CSI, Identification, and Photo Lab program.

Add 1.0 FTE Strategic Advisor II position and \$98,000 to implement the Department's gun crime strategy. The position will work with federal and state agencies and SPD's regional partners to build and maintain a database that will enable SPD to trace firearms used or stolen in criminal incidents and to examine illegal gun trafficking patterns.

Citywide adjustments to labor costs increase the budget by \$44,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$19,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Criminal Investigations Administration	4,022,375	4,281,826	4,384,897	4,404,236
Full-time Equivalents Total*	59.50	58.50	58.50	54.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Gender and Age Crime Investigations Budget Control Level

Purpose Statement

The purpose of the Gender and Age Crimes Investigations program is to apply a broad range of professional investigative skills to cases involving family violence, sexual assault, child and elder abuse, and custodial interference so as to hold offenders accountable, prevent additional harm to victims, and ensure public safety.

Summary

Reorganize functions within the Gender & Age Crimes program to better meet strategic objectives of the Department as follows:

Transfer 1.0 FTE Victim Advocate position from the expired Grants to Encourage Arrest Program (GEAP) grant in the Chief of Police program to the Gender and Age Crimes program. This transfer corrects a mistake in the 2005 Adopted Budget, in which the position should have been transferred as part of a 2005 re-organization. The budget for this position was absorbed by the Gender and Age Crimes Budget Control Level beginning with the 2005 Adopted Budget.

Citywide adjustments to labor costs increase the budget by \$74,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Domestic Violence, Sexual Assault, and Family Protection Investigations	3,754,634	4,343,335	4,349,466	4,423,053
Full-time Equivalents Total*	49.00	48.00	48.00	49.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Narcotics Investigations Budget Control Level

Purpose Statement

The purpose of the Narcotics Investigations program is to apply a broad range of professional investigative skills to interdict narcotics activities affecting the community and region to hold offenders involved in these activities accountable and to ensure public safety.

Summary

Citywide adjustments to labor costs result in a \$53,000 net increase to this program from the 2006 Endorsed Budget to the 2006 Adopted Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Narcotics Investigations	3,196,692	3,182,774	3,276,459	3,329,638
Full-time Equivalents Total*	32.00	32.00	32.00	32.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Special Investigations Budget Control Level

Purpose Statement

The purpose of the Special Investigations program is to apply a broad range of professional investigative and analytical skills toward investigating and interdicting vehicle theft, fraud, forgery, and financial exploitation cases, vice crimes and organized crime activities in the community, in order to hold offenders involved in these activities accountable and to ensure public safety.

Summary

Reorganize functions within the Special Investigations program to better meet strategic objectives of the Department as follows:

Transfer 1.0 FTE grant-funded Captain and 1.0 FTE grant-funded Detective position in the Internet Crimes Against Children program from Special Investigations to the Criminal Investigations Administration program.

Transfer 1.0 Sergeant Detective and 3.0 FTE Detectives and \$441,000 from the Special Investigations program to the Internet Crimes against Children and Human Trafficking section in the Criminal Investigations Administration program.

Transfer the Auto Theft and Fraud, Forgery, and Financial Exploitation units to Special Investigations. This move transfers 1.0 FTE Lieutenant, 13.0 FTE Detectives, 2.0 Sergeant Detectives, 2.0 FTE Administrative Specialist positions and \$1.7 million from the Violent Crimes program to the Special Investigations program.

Citywide adjustments to labor costs increase the budget by \$32,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.3 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Special Investigations	1,963,607	1,812,031	1,863,659	3,201,798
Full-time Equivalents Total*	20.00	20.00	20.00	32.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Violent Crimes Investigations Budget Control Level

Purpose Statement

The purpose of the Violent Crimes Investigations program is to apply a broad range of professional investigative skills to homicide, assault, robbery, bias crimes, missing persons, extortion, threat and harassment, and gang-related cases, in order to hold offenders accountable, prevent further harm to victims, and ensure public safety.

Summary

Reorganize functions within the Violent Crimes program to better meet strategic objectives of the Department as follows:

Transfer 1.0 Sergeant Detective and 3.0 FTE Detective positions and \$510,000 from the Violent Crimes program to the newly created Crime Scene Investigation (CSI) unit in the CSI, Identification, and Photo Lab program.

Transfer the Auto Theft and Fraud, Forgery, and Financial Exploitation units to Special Investigations. This move transfers 1.0 FTE Lieutenant, 13.0 FTE Detectives, 2.0 Sergeant Detectives, 2.0 FTE Administrative Specialist positions and \$1.7 million from the Violent Crimes program to the Special Investigations program.

Increase the pension budget by \$8,000 to accommodate a statewide increase in LEOFF II pension rates. Citywide adjustments to labor costs increase the budget by \$142,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$2.1 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Violent Crimes Investigations	6,806,975	7,011,451	7,163,267	5,056,388
Full-time Equivalents Total*	75.00	73.00	73.00	51.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Emergency Preparedness

Emergency Management Operations Budget Control Level

Purpose Statement

The purpose of the Emergency Management Operations program is to coordinate the City's preparedness for, response to, recovery from, and mitigation to reduce the effects of disasters and emergencies, so that public resources are used effectively, injuries and loss of life are minimized, and public safety and order are maintained.

Summary

Add \$100,000 to increase community-wide emergency preparedness outreach through education, training, drills, first response skills enhancement, and planning. This includes City employee preparedness so that they can better serve the public in the event of an emergency.

Add \$173,000 and 2.0 FTE Strategic Advisor I positions to enhance the education and outreach functions of the Emergency Management section.

Transfer \$147,000 and 2.0 FTE Crime Prevention Coordinators to the Southwest and West precincts, from which the positions were moved in the 2005 Adopted Budget. The positions continue crime prevention activities in the respective precincts.

Citywide adjustments to labor costs increase the budget by \$6,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$132,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Emergency Management Operations	1,172,580	1,266,010	1,287,858	1,420,006
Full-time Equivalents Total*	12.00	13.00	13.00	13.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Emergency Preparedness Administration Budget Control Level

Purpose Statement

The purpose of the Emergency Preparedness Administration program is to enhance the City's readiness to deal with disasters, both natural and manmade, and to provide oversight and policy direction for the Emergency Preparedness Bureau, including the City's Emergency Management and Homeland Security programs, ensuring that all personnel are properly trained and equipped to accomplish the Bureau's mission.

Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Emergency Preparedness Administration	197,540	224,242	232,860	233,279
Full-time Equivalents Total*	2.00	2.00	2.00	2.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Homeland Security Budget Control Level

Purpose Statement

The purpose of the Homeland Security program is to conduct threat and vulnerability assessments of City facilities and infrastructure; to prepare response plans should such facilities be targeted or suffer damage; to staff the SPD Operations Center (SPOC); and to plan special operations so the Department is well prepared to respond should the city face a disaster, emergency, or other special event.

Summary

Reorganize functions within the Homeland Security program to better meet strategic objectives of the Department as follows:

Transfer the Mayor's Security unit, including 2.0 FTE Detectives and \$249,000 from the Chief of Police program to the Homeland Security section.

Transfer the Criminal Intelligence unit, including 1.0 FTE Lieutenant, 10.0 FTE Detectives, 2.0 FTE Sergeant Detectives and 1.0 FTE Administrative Specialist II position and \$1.4 million, from Deputy Chief Operations to the Homeland Security program.

Citywide adjustments to labor costs increase the budget by \$13,000 for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.6 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Homeland Security	3,743,583	5,716,184	5,847,467	7,463,796
Full-time Equivalents Total*	14.00	25.00	25.00	41.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Field Support Bureau

Communications Budget Control Level

Purpose Statement

The purpose of the Communications program is to receive and dispatch calls made to the 911 telecommunications system, so that the emergency and priority needs of callers are met in a timely manner and police officers are well-advised of the circumstances surrounding the calls to which they are responding.

Summary

Increase the budget by \$70,000 to replace the call center display boards. The current boards are no longer supported by any vendor and cannot display text messages, such as Amber alerts. The funding replaces the boards, the automatic call distributor switch and associated software required for upgrades.

Citywide adjustments to labor costs increase the budget by \$87,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$157,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Communications	9,702,403	10,376,216	10,608,983	10,766,324
Full-time Equivalents Total*	117.00	117.00	117.00	117.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Data Center Budget Control Level

Purpose Statement

The purpose of the Data Center program is to provide timely and accurate entry of crime incidents, arrests, and other enforcement actions into local, state and federal records systems so that other agencies and the public are informed of public safety actions undertaken by the Department, those actions are well-documented, and offenders are held accountable.

Summary

Reorganize functions within the Data Center program to better meet strategic objectives of the Department as follows:

Transfer public request functions from the Data Center and Public Request program, which is renamed "Data Center" program, to the Field Support Administration program. This action transfers 1.0 FTE Manager I, 7.0 FTE Administrative Specialist II positions, 1.0 FTE Administrative Specialist III position and \$533,000 to the Field Support Administration program.

Citywide adjustments to labor costs increase the budget by \$29,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$504,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Data Center and Public Request	2,936,832	2,829,243	2,898,334	2,394,676
Full-time Equivalents Total*	53.00	44.00	44.00	35.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Education and Training Budget Control Level

Purpose Statement

The purpose of the Education and Training program is to provide high-quality training to Department employees so they can perform their jobs effectively, efficiently, lawfully, and reliably.

Summary

The 2005 Adopted Budget moved this program from the Field Support Budget Control Level to the Deputy Chief for Administration program.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Education and Training	3,673,537	0	0	0
Full-time Equivalents Total*	79.00	0.00	0.00	0.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Field Support Administration Budget Control Level

Purpose Statement

The purpose of the Field Support Administration program is to provide policy direction and guidance to the employees and programs in the Bureau, so they can execute their responsibilities effectively and efficiently. The Public Request function is also included in this budget.

Summary

Reorganize functions within the Field Support Administration program to better meet strategic objectives of the Department as follows:

Transfer the public request function from the Data Center and Public Request Program, to the Field Support Administration program. This action transfers 1.0 FTE Manager I, 7.0 FTE Administrative Specialist II positions, 1.0 FTE Administrative Specialist III position, and \$533,000.

Citywide adjustments to labor costs reduce the budget by \$3,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$530,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Field Support Administration	376,441	328,563	340,226	870,134
Full-time Equivalents Total*	3.00	2.00	2.00	11.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Human Resources Management Budget Control Level

Purpose Statement

The purpose of the Human Resources program is to recruit, hire, and retain employees; to provide employment-related services; to ensure compliance with labor and employment laws; and to oversee the Department's labor relations activities, so Department managers and employees can perform their job duties effectively and efficiently.

Summary

Citywide adjustments to labor costs increase the budget by \$39,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Human Resources Management	0	3,611,648	3,699,286	3,737,995
Full-time Equivalents Total*	0.00	51.25	51.25	51.25

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Information Technology Budget Control Level

Purpose Statement

The purpose of the Information Technology program is to provide Department employees with accurate, timely, secure, and cost-effective information systems and services enabling them to carry out their duties effectively and efficiently.

Summary

Add \$250,000 to begin the procurement processes required to replace the Department's 11-year-old Hand Held Ticket (HHT) devices. The Department intends to acquire new devices that are compatible with the Records Management System and the Municipal Court Information System. The existing HHTs are past their economic life, are no longer manufactured, and are not vendor supported beyond 2007. This add is consistent with the City Auditor's report on the HHTs and its recommendation the City upgrade its technology. The funding allows SPD to begin a full procurement process, including developing and releasing an RFP; evaluating responses, including possible site visits; prototyping; selecting a vendor; and conducting contract negotiations. The remaining funding necessary for the equipment purchase is held in Finance General.

Add \$985,000 to implement the Digital In-Car Video Camera System (DICVCS) in 65 additional patrol cars and to create a replacement fund for the 145 cars which will now be equipped. This completes installation in all vehicles in the Traffic section and approximately two-thirds of the marked Patrol fleet. Implementation includes the addition of 0.5 FTE Information Technology Professional B position to equip and support the cameras. An additional \$72,000 and 1.0 FTE in DICVCS resources are added to the Deputy Chief Administration program to support the processing of the camera footage, bringing the total of new investment in the DICVCS project to \$1.06 million.

Citywide adjustments to labor costs increase the budget by \$30,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.3 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Information Technology	5,104,070	6,242,268	6,413,550	7,679,027
Full-time Equivalents Total*	28.00	28.00	28.00	28.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Records/Files Budget Control Level

Purpose Statement

The purpose of the Records Files program is to organize and maintain original records of criminal incidents, arrests, stolen property, and auto impounds for ready access and retrieval so the Department's enforcement actions are well-documented and offenders are held accountable.

Summary

Citywide adjustments to labor costs increase the budget by \$23,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Records/Files	2,263,381	2,203,157	2,253,948	2,276,512
Full-time Equivalents Total*	42.00	40.00	40.00	40.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Patrol Operations

East Precinct Budget Control Level

Purpose Statement

The purpose of the East Precinct program is to provide the full range of public safety and order maintenance services to residents of, and visitors to, the East Precinct, so they can be safe in their homes, schools, businesses, and the community at large.

Summary

Increase the budget by \$21,000 as a technical adjustment to the Department's fuel budget. Increase the pension budget by \$20,000 to accommodate a statewide increase in LEOFF II pension rates. Citywide adjustments to labor costs increase the budget by \$278,000 for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$319,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
East Precinct	14,604,842	16,501,830	16,920,792	17,239,970
Full-time Equivalents Total*	168.00	180.00	180.00	180.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Metro Special Response Budget Control Level

Purpose Statement

The purpose of the Metro Special Response program is to deploy specialized response units in emergency, crowd control, special event, search, hostage, crisis, and water-related situations, and to monitor and protect critical site infrastructure to protect lives and property, aid the work of uniformed officers and detectives, and ensure the safety of the public.

Summary

Reorganize functions within the Metro Special Response program to better meet strategic objectives of the Department as follows:

Transfer the Crisis Intervention Unit, including 1.0 FTE Police Officer, 1.0 Police Sergeant position and \$210,000, from Patrol Operations Administration to the Metro Special Response section to facilitate coordination with SWAT.

Increase the budget by \$9,000 as a technical adjustment to the Department's fuel budget. Citywide adjustments to labor costs increase the budget by \$141,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$360,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Metro Special Response	9,251,304	8,312,569	8,559,277	8,919,104
Full-time Equivalents Total*	89.00	81.00	81.00	83.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

North Precinct Patrol Budget Control Level

Purpose Statement

The purpose of the North Precinct program is to provide the full range of public safety and order maintenance services to residents of, and visitors to, the North Precinct, so that they can be safe in their homes, schools, businesses, and the community at large.

Summary

Increase the budget by \$32,000 as a technical adjustment to the Department's fuel budget. Increase the pension budget by \$26,000 to accommodate a statewide increase in LEOFF II pension rates. Citywide adjustments to labor costs increase the budget by \$371,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$429,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
North Precinct Patrol	19,628,065	20,486,561	20,987,887	21,417,313
Full-time Equivalents Total*	221.00	221.00	221.00	221.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Patrol Operations Administration Budget Control Level

Purpose Statement

The purpose of the Patrol Operations Administration program is to provide oversight and direction to Patrol Operations, including the Department's five precincts, Metro Special Response units, and the Traffic Enforcement program, to ensure that personnel are properly trained, supervised, and equipped to perform their jobs effectively.

Summary

Reorganize functions within the Patrol Operations program to better meet strategic objectives of the Department as follows:

Transfer the False Alarm unit, including 1.0 FTE Detective, 1.0 FTE Administrative Specialist II position and \$146,000, from Deputy Chief Administration to Patrol Operations (Bureau #1) to facilitate outreach to patrol officers and private-sector security.

Add \$90,000 for database development and management activities in the False Alarm unit. A 2005 supplemental ordinance added funding and 1.0 FTE Administrative Specialist II position to allow the unit to continue its successful effort to reduce unproductive false alarm dispatches that are the fourth most frequent call for service received by police.

Transfer the Crisis Intervention Unit, including 1.0 FTE Police Officer, 1.0 Police Sergeant position and \$210,000, from Patrol Operations Administration to the Metro Special Response section to facilitate coordination with the SWAT unit.

Non budgetary Council changes eliminate 1.0 FTE Police Officer - Patrol position that had been created and funded through a Seattle Housing Authority grant. The grant sunset was effective on September 30.

Citywide adjustments to labor costs increase the budget by \$12,000 for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$38,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Patrol Operations Administration	1,072,945	607,454	631,826	669,906
Full-time Equivalents Total*	6.00	5.00	5.00	5.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

South Precinct Patrol Budget Control Level

Purpose Statement

The purpose of the South Precinct program is to provide the full range of public safety and order maintenance services to residents of, and visitors to, the South Precinct, so that they can be safe in their homes, schools, businesses, and the community at large.

Summary

Reorganize functions within the South Precinct to better meet strategic objectives of the Department as follows:

Transfer 1.0 FTE Sergeant position and \$103,000, from the West Precinct to the newly created Anti-Crime Team (ACT) in the South Precinct.

Transfer 3.0 FTE ACT Patrol Officers and \$266,000 from the Southwest Precinct to the newly created Anti-Crime Team in the South Precinct. Previously, these officers were providing support to both South and Southwest Precincts. This configuration results in a better distribution of operational resources between precincts.

Increase the budget by \$20,000 as a technical adjustment to the Department's fuel budget. Increase the pension budget by \$14,000 to accommodate a statewide increase in LEOFF II pension rates. Citywide adjustments to labor costs increase the budget by \$204,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$607,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
South Precinct Patrol	10,412,603	10,825,541	11,080,449	11,687,417
Full-time Equivalents Total*	119.00	118.00	118.00	122.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Southwest Precinct Patrol Budget Control Level

Purpose Statement

The purpose of the Southwest Precinct program is to provide the full range of public safety and order maintenance services to residents of, and visitors to, the Southwest Precinct, so they can be safe in their homes, schools, businesses, and the community at large.

Summary

Reorganize functions within the Southwest Precinct to better meet strategic objectives of the Department as follows:

Transfer 3.0 FTE ACT Patrol Officers and \$266,000 from the Southwest Precinct to newly created Anti-Crime Team in the South Precinct. Previously, these officers were providing support to both South and Southwest Precincts. This configuration results in a better distribution of operational resources between precincts.

Add 1.0 FTE Crime Prevention Coordinator position and \$73,000 to transfer the position that had been moved to the Emergency Management section in the 2005 Adopted Budget. The position continues to deliver crime prevention services in the Southwest Precinct.

Increase the budget by \$20,000 as a technical adjustment to the Department's fuel budget. Increase the pension budget by \$15,000 to accommodate a statewide increase in LEOFF II pension rates. Citywide adjustments to labor costs increase the budget by \$215,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$57,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Southwest Precinct Patrol	10,076,091	9,829,539	10,069,651	10,126,841
Full-time Equivalents Total*	121.00	110.00	110.00	108.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Traffic Enforcement Budget Control Level

Purpose Statement

The purpose of the Traffic Enforcement program is to enforce traffic laws and ordinances, provide traffic control at special events and for large construction projects; respond to and investigate traffic accidents; and address chronic traffic and parking problems so city residents and visitors have reasonable access to homes, schools, and businesses, traffic congestion is minimized, and public safety is enhanced. The Metro Tunnel closure project resources are in this budget.

Summary

Increase the Traffic Enforcement budget by \$541,000 to move into the 2006 Adopted Budget a Sound Transit grant that pays for 1.0 FTE Police Sergeant Motorcycle position and 4.0 FTE Police Officer Motorcycle positions. These positions were added through a Sound Transit grant that was approved and appropriated in the 2005 First Quarter Supplemental Budget Ordinance. The ordinance accepted the funding from King County, which serves as a pass-through agent for Sound Transit. The funding is moved into the 2006 Adopted Budget so that it can be tracked with other Sound Transit project funding.

Add \$337,000 to make permanent weekend parking enforcement activities that were previously provided through an unfunded pilot program. The program provides Parking Enforcement Officers with an opportunity to volunteer for weekend shifts that pay at an overtime rate. The weekend enforcement pilot generated approximately \$1.7 million in 2005 parking revenues.

Non budgetary Council changes eliminate in the 2005 4th Quarter Supplemental Budget 2.0 FTE Police Officer - Motorcycle positions funded and created through the King County grant referenced above.

Increase the budget by \$14,000 as a technical adjustment to the Department's fuel budget. Citywide adjustments to labor costs increase the budget by \$168,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.1 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Traffic Enforcement	11,981,395	11,838,671	11,926,418	12,986,165
Full-time Equivalents Total*	144.50	144.50	144.50	147.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

West Precinct Patrol Budget Control Level

Purpose Statement

The purpose of the West Precinct program is to provide the full range of public safety and order maintenance services to residents of, and visitors to, the West Precinct, so that they can be safe in their homes, schools, businesses, and the community at large.

Summary

Reorganize functions within the West Precinct to better meet strategic objectives of the Department as follows:

Transfer 1.0 FTE Sergeant position and \$103,000, from the West Precinct to the newly created Anti-Crime Team in the South Precinct.

Add 1.0 FTE Crime Prevention Coordinator position and \$74,000 to transfer the position that had been moved to the Emergency Management section in the 2005 Adopted Budget. The position continues to deliver crime prevention services in the West Precinct.

Increase the budget by \$21,000 as a technical adjustment to the Department's fuel budget. Increase the pension budget by \$26,000 to accommodate a statewide increase in LEOFF II pension rates. Citywide adjustments to labor costs increase the budget by \$364,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$382,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
West Precinct Patrol	19,700,909	19,890,063	20,279,173	20,661,016
Full-time Equivalents Total*	223.00	219.00	219.00	219.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Police Administration

Chief of Police Budget Control Level

Purpose Statement

The purpose of the Chief of Police program is to lead and direct Department employees and to provide legal and policy guidance so the Department can provide the city with professional, dependable, and respectful public safety services.

Summary

Reorganize functions within the Chief of Police program to better meet strategic objectives of the Department as follows:

Transfer the Mayor's Security unit, including 2.0 FTE Detectives and \$249,000 from the Chief of Police program to the Homeland Security section.

Transfer 1.0 FTE Victim Advocate position from the expired Grants to Encourage Arrest (GEAP) grant in the Chief of Police program to the Gender and Age Crimes program. This transfer corrects a mistake in the 2005 Adopted Budget, in which the position should have been transferred as part of the 2005 re-organization. The budget for this position was absorbed by the Gender and Age Crimes program beginning with the 2005 Adopted Budget.

A federal grant approved in 2005 adds 1.0 FTE Human Trafficking Police Detective to the Chief of Police Grant section. This position reports to the Internet Crimes Against Children and Human Trafficking program Captain.

Citywide adjustments to labor costs increase the budget by \$15,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$234,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Chief of Police	5,768,636	997,872	1,017,362	783,623
Full-time Equivalents Total*	13.00	7.00	7.00	5.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Deputy Chief Administration Budget Control Level

Purpose Statement

The purpose of the Deputy Chief Administration program is to oversee the organizational support functions of the Department, ensuring they operate effectively and efficiently, so that the Department can achieve its mission.

Summary

Reorganize functions within the Deputy Chief Administration program to better meet strategic objectives of the Department as follows:

Transfer the False Alarm unit, including 1.0 FTE Detective, 1.0 FTE Administrative Specialist II position and \$146,000, from D/C Administration to Patrol Operations Administration to facilitate outreach to patrol officers and private-sector security.

Transfer the Crime Analysis unit, including 1.0 FTE Police Sergeant Detective, 4.0 FTE Detectives, 0.5 FTE Information Technology Professional B positions and \$531,000, from D/C Operations to D/C Administration; thereby consolidating the Department's crime analysis resources in the Audit, Accreditation, and Policy program.

Transfer the Evidence unit, including 9.0 FTE Evidence Warehouse positions, 4.0 FTE Evidence Warehouse Sr. positions, 1.0 FTE Police Sergeant non-Patrol, 1.0 FTE Police Officer non-Patrol position and \$1.1 million from the Criminal Investigations Administration program to the Audit, Accreditation and Policy section in the D/C Administration program.

The Lieutenant previously leading the Audit and Inspections unit is leading a new Crime and Deployment Analysis unit with responsibilities for patrol deployment, evidence, and crime analysis. This move enhances coordination of the Department's analytical resources for crime analysis. The Audit and Inspections unit is now led by a Sergeant Detective with a direct report to the Captain of the Audit, Accreditation, and Policy program.

Increase the budget by \$150,000 to allow the Department to move closer toward its goal of replacing all of its bullet proof vests every five years. The funding is combined with \$177,000 separately appropriated through the 2005 Justice Assistance Grant and allows for the purchase of approximately 500 new vests.

Extend one Senior Management System Analyst (MSA) position beyond its scheduled sunset date of June 30, 2006, to the end of the year for a net increase of 0.5 FTE in the Patrol Deployment unit of the Audit, Accreditation and Policy program. In the 2005-06 biennial budget, the position was scheduled for mid-year abrogation with the expectation that the new Computer-Aided Dispatch (CAD) and Record Management Systems (RMS) systems would allow multiple SPD employees to generate deployment reports similar to those created by the existing MSA. The CAD/RMS is now expected to come online in 2007. Until this time, the MSA position will use the current CAD/RMS to further the Department's geo-policing efforts and to improve capacity to deploy sworn and civilian personnel in the event of a disaster or terrorist incident. The Department plans to find \$47,000 in efficiencies to support this add.

Increase the budget by \$82,000 and add 1.0 FTE regular Planning and Development Specialist II to assume Community Outreach Coordinator tasks formerly performed by temporary employees and to oversee all activities related to the Department's numerous demographic community advisory councils, as well as its Citywide Advisory Council. Located in the Research, Grants & Corporate Support Section, this position institutionalizes the community engagement infrastructure established under the just-completed Department of Justice (DOJ) Minority Community Engagement Initiative Grant.

Police

Add 1.0 FTE Video Specialist II position and \$72,000 to the Video Unit in the Education and Training section to support the processing of camera footage from the Digital In-Car Video Camera Project.

Increase the budget by \$4,000 as a technical adjustment to the Department's fuel budget. Citywide adjustments to labor costs increase the budget by \$93,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.9 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Deputy Chief Administration	19,477,098	22,273,166	22,837,354	24,697,505
Full-time Equivalents Total*	98.25	131.00	130.50	151.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Deputy Chief Operations Budget Control Level

Purpose Statement

The purpose of the Deputy Chief Operations program is to oversee the operational functions of the Department, ensuring they are effective and efficient, and adhere to the highest standards of performance, so the public receives public safety services that are dependable, professional, and respectful.

Summary

Reorganize functions within the Deputy Chief of Operations program to better meet strategic objectives of the Department as follows:

Transfer the Crime Analysis unit, including 1.0 FTE Police Sergeant Detective, 4.0 FTE Detectives, 0.5 FTE Information Technology Professional B positions and \$531,000, from D/C Operations to D/C Administration; thereby consolidating the Department's crime analysis resources in the Audit, Accreditation, and Policy program.

Increase the budget \$1.8 million to support the second year of funding for the 25.0 FTE, Police Officer Patrol positions added by the Mayor and City Council in a 2005 mid-year ordinance. The officers will be deployed for precinct-based operations upon completion of basic academy and field training in summer 2006.

Transfer the Criminal Intelligence unit, including 1.0 FTE Lieutenant, 10.0 FTE Detectives, 2.0 FTE Sergeant Detectives and 1.0 FTE Administrative Specialist II position and \$1.4 million from D/C Operations to the Homeland Security program.

Citywide adjustments to labor costs increase the budget by \$22,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$18,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Deputy Chief Operations	3,699,770	2,391,459	2,465,172	2,447,339
Full-time Equivalents Total*	22.50	22.50	22.50	28.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Office of Professional Accountability Budget Control Level

Purpose Statement

The purpose of the Professional Accountability program is to ensure that complaints involving Department employees are handled in a thorough, professional, and expeditious manner, to retain the trust and confidence of employees and the public.

Summary

Citywide adjustments to labor costs increase the budget by \$22,000.

Department Description

On March 1, 1970, the State of Washington took over the provision of certain police pensions through Revised Code of Washington (RCW) Section 41.26, the Law Enforcement Officers and Fire Fighters (LEOFF) Act Plan I. The City of Seattle Police Relief and Pension Fund is responsible for all pre-LEOFF pension benefits and that portion of the previous municipal police pension benefits that exceed LEOFF Plan I entitlements and their lawful beneficiaries, as well as for all medical benefits provided to qualifying active and retired Seattle Police Officers.

Both the Seattle Police Relief and Pension and LEOFF Plan I are closed systems and have not accepted new enrollments since October 1, 1977. Seattle police officers hired after this date are automatically enrolled in the State's LEOFF Plan II, for which the Seattle Police Pension Fund has no pension or medical benefit obligation.

The Seattle Police Pension Board, a seven member quasi-judicial body chaired by the Mayor of Seattle or his/her designee, formulates policy, rules upon disability applications, and provides oversight of the Police Pension Fund. Three staff employees of the Board handle all of its operational functions. Staff positions associated with Police Relief and Pension are not reflected in the City's position list.

The projections of annual pension and medical benefits, which comprise 98% of the total annual budget, are done by an independent actuary. Although the Police Pension Fund has statutory funding sources, the City's General Subfund provides funding for nearly all of the Pension Fund's annual budget. Proceeds from the Police Auction contribute a small amount toward the annual budget.

Policy and Program Changes

The 2006 Adopted Budget increases appropriations for both medical and pension benefits from the 2006 Endorsed Budget, and uses a portion of the projected 2005 fund balance to meet expenses.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Public Safety Civil Service Commission

Joel A. Nark, Chair of the Commission

Contact Information

Department Information Line: (206) 684-0334

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

Department Description

The mission and purpose of the Public Safety Civil Service Commission is to implement, administer, and direct a civil service system for uniformed and sworn personnel of the Seattle Fire and Police Departments. The Commission provides sworn police and uniformed fire employees with a quasi-judicial process for hearings on appeals concerning disciplinary actions, examination and testing, and other related issues.

Policy and Program Changes

An ordinance (#121747) passed in March 2005 amends the Seattle Municipal Code to transfer authority from the Personnel Director to the Public Safety Civil Service Commission for the development and administration of examinations and classification of positions, and the promulgation of rules and disposition of appeals related to those functions, for employees who are members of the Public Safety Civil Service system.

The impact of this change is that City Personnel's Classification/Compensation Division will no longer review and classify uniformed Police and Fire positions. The Personnel Director retains the responsibility for supporting the Commission with examination development and administration, and retains staffing to provide this support. Additional duties associated with the transfer of authority will be performed by the Commission, with no increase in appropriation or position authority.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Seattle City Light

Jorge Carrasco, Superintendent

Contact Information

Department Information Line: (206) 684-3000

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/light/>

Department Description

Seattle City Light was created by the residents of Seattle in 1902 to provide affordable, reliable, and environmentally sound electric power to the City of Seattle and neighboring suburbs. Owned by the community it serves, City Light is a nationally recognized leader in energy efficiency, renewable resource development, and environmental stewardship.

Seattle City Light provides electric power to more than 360,000 residential, business, and industrial customers. Its service area of 131.3 square miles includes the City of Seattle, areas north of Seattle including areas of the City of Shoreline and parts of Lake Forest Park, and areas south of Seattle including the cities of Burien, Tukwila, and SeaTac.

Seattle City Light owns about 2,000 megawatts of very low cost, environmentally responsible hydroelectric generation capacity. In an average year, Seattle City Light meets about 60% of its load with owned hydroelectric generation and obtains the remainder primarily through the Bonneville Power Administration. City Light is now the nation's seventh largest publicly-owned electric utility in terms of customers served.

Policy and Program Changes

City Light has undertaken a reorganization designed to transform the Utility into a high performance organization aimed at achieving customer satisfaction, employee growth, and operational excellence. A high performance organization is characterized by effective lines of communication across the Utility, teamwork across disciplines, clear lines of authority that are understood by all, and appropriately delegated decision-making authority and accountability.

The first step in this multi-phased transformation is reorganizing the Utility to reflect the four key elements of its work, which are producing power, serving customers, managing money and risk, and supporting the employees at City Light who make it all happen. City Light's leadership believes that reorganizing along these lines will position the Utility to effectively accomplish its overarching goals of promoting clear lines of accountability, particularly in areas that impact customer service and reliability; delegating decision-making authority and accountability to appropriate levels of the organization, resulting in better and quicker decisions; focusing more senior management attention on strategy, organizational performance, and customer service; improving organizational communications and teamwork across the organization to create a more cohesive and collegial work-force; and fostering effective leadership at all levels of the Utility. Other expected results are an enhanced ability to be proactive stewards of the Utility's infrastructure, employees, and the environment; empowerment of high performance teams at all levels of the Utility; and a deepened respect of the Utility's employees for each other, and for the organization's customers and 100-year heritage.

City Council Budget Changes and Provisos

Talented leadership is crucial if the high performance reorganization initiative's envisioned outcomes are to be realized. To put the Utility in the position of offering competitive salaries and compensation to attract seasoned utility-experienced administrators for leadership roles during this initiative, the City Council adopted legislation creating an Electric Utility Executive Compensation Program.

The City Council reduced City Light's funding for consulting and temporary labor services by \$500,000, departmental overtime by \$482,000, and its Capital Improvement Program by \$3.67 million. The Council also divided the Power Supply and Environmental Affairs BCL into two new BCLs (the Power Supply BCL, and the Conservation Resources and Environmental Affairs O&M BCL) and divided the Customer Services and Energy Delivery O&M BCL into two new BCLs (the Distribution Services BCL and the Customer Services BCL).

The City Council adopted the following provisos:

Of the money appropriated for 2006 for City Light's Distribution Services O&M BCL, \$500,000 may not be spent until authorized by future ordinance. Council expects to release these funds when a Reliability Report meeting the requirements in Resolution 30721 has been reviewed and approved by Council.

None of the money appropriated for City Light's 2006 Purchased Power BCL may be spent for any other purpose than to acquire power, transmission and other services associated with wholesale power purchases unless authorized by future ordinance.

The table that follows lists the appropriations, both capital and operating, for budget control levels in City Light's 2006 Adopted Budget. For purposes of more clearly showing changes in spending across years, the table reflects how 2004 actual spending and the 2005 Adopted and 2006 Endorsed Budgets would have looked if the organizational structure shown for the utility in the 2006 Proposed Budget had been in place in those years. The table also shows the redistribution of the appropriations of two BCLs that were included in the 2006 Proposed Budget to new BCLs created with the adoption of the 2006 Adopted Budget.

Conservation Resources and Environmental Affairs O&M Budget Control Level

Purpose Statement

The purpose of the Conservation Resources and Environmental Affairs - O&M Budget Control Level is to ensure that the Utility generates and delivers energy in a manner that is environmentally responsible, and to design and implement demand-side measures that offset the need for additional generation resources to meet the Utility's load.

Summary

This is a newly-created budget control level. It did not exist when the 2006 Endorsed and Proposed budgets were prepared.

Transfer in \$23.1 million of the Power Supply and Environmental Affairs O&M Budget Control Level's 2006 Proposed Budget, for a total 2006 Adopted Budget of \$23.1 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Customer Services and Energy Delivery - CIP Budget Control Level

Purpose Statement

The purpose of the Customer Services and Energy Delivery - CIP Budget Control Level is to provide for the installation, maintenance, rehabilitation and/or replacement of transmission lines, substations, distribution feeders, transformers, services connections, and meters to meet customer demand. This budget control level's capital program coordinates the Utility's plant improvements with the efforts of other agencies involved in the implementation of large projects such as the Alaskan Way Viaduct, South Lake Union redevelopment, and Sound Transit light rail.

Summary

The Customer Services and Energy Delivery - CIP Budget Control Level combines the major capital program elements from the previously separate Distribution - CIP and Customer Services BCLs. Shops, Fleet and Mobile Equipment capital projects are transferred to the newly-created Power Supply and Environmental Affairs - CIP BCL. Other specific changes are described below.

Transfer in responsibility for the Capital Improvement Program (CIP) Security Improvements Project (# 9292) and \$1.58 million in funding from the Power Supply and Environmental Affairs - CIP BCL.

Remove \$1.1 million in expenditures related to utility relocation for the new Green Line Monorail. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved.

Reduce CIP project funding by \$2.4 million.

Reduce funding for overtime expenses by \$224,000.

Citywide adjustments to labor costs increase the budget by \$413,000, for a net reduction from the reorganized 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.7 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Customer Services and Energy Delivery - CIP	40,145,742	67,227,114	68,992,272	67,299,143
Full-time Equivalents Total*	301.98	267.90	277.15	277.15

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Customer Services and Energy Delivery - O&M Budget Control Level

Purpose Statement

The purpose of the Customer Services and Energy Delivery - O&M Budget Control Level is to provide outstanding customer care and service through efficient, accurate metering and billing, effective customer account management, and the cost-effective operations and maintenance of the Utility's distribution system.

Summary

The Customer Services and Energy Delivery - O&M Budget Control Level combines the previously separate Customer Service and Distribution Budget Control Levels. The Utility's shops, fleet and mobile equipment functions, and energy conservation efforts are transferred to this new BCL, while some utility support and energy management services are transferred from the former Customer Service and Distribution BCLs to the Power Supply and Environmental Affairs - O&M BCL. This alignment supports an improved relationship with the customer and, internally, better coordination between City Light's engineering and crew functions in order to provide more responsive customer service. Additional specific changes to the budget are described below.

Provide \$652,000 to cover an increased allocation of the cost to support the Joint Utility Call Center operated by the Seattle Public Utilities (SPU). The revised allocation is based on a study of call volumes.

Transfer in \$267,000 in work related to the implementation of the Utility's security plan from the Financial Services O&M BCL.

Provide \$60,000 to cover a change in the allocation of costs incurred in support of the Human Services Department's administration of utility low-income assistance programs.

Increase funding by \$246,000 for changes related to implementing City Light security measures, including the addition of 1.0 FTE Capital Projects Coordinator Senior position to assist in implementation of the plan.

Transfer out \$50,000 in funding that supports, in part, the Utility's Leadership in Energy & Environmental Design (LEED) initiative to the Power Supply & Environmental Affairs O&M BCL.

Citywide adjustments to labor costs increase the budget by \$836,000.

Administrative corrections eliminate 1.0 FTE Pwr Structs Mechanic position.

Eliminate this BCL by redistributing the proposed \$68.9 million in appropriations and human resources to the newly created Customer Services and Distribution Services Budget Control Levels.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Customer Services and Energy Delivery - O&M	63,321,594	65,768,938	66,499,836	0
Full-time Equivalents Total*	750.32	760.10	759.85	0.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Customer Services Budget Control Level

Purpose Statement

The purpose of the Customer Services Budget Control Level is to provide outstanding customer care and service through efficient, accurate metering and billing, and effective customer account management.

Summary

This is a newly-created budget control level. It did not exist when the 2006 Endorsed and Proposed budgets were prepared.

Transfer in \$18.0 million of Customer Services and Energy Delivery - O&M Budget Control Level's proposed budget appropriation, for a total 2006 Adopted Budget of \$18.0 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Customer Services	0	0	0	18,043,893
Full-time Equivalents Total*	0.00	0.00	0.00	174.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Debt Service Budget Control Level

Purpose Statement

The purpose of the Debt Service Budget Control Level is to meet principal repayment and interest obligations on funds borrowed to meet City Light's capital expenditure requirements.

Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Debt Service - BCL	128,835,452	135,031,037	137,192,623	137,192,623

Distribution Services Budget Control Level

Purpose Statement

The purpose of the Distribution Services Budget Control Level is to provide reliable electricity to customers through cost-effective operation and maintenance of City Light's overhead and underground distribution systems, substations, and transmission systems.

Summary

This is a newly-created budget control level. It did not exist when the 2006 Endorsed and Proposed budgets were prepared.

Transfer in \$50.4 million of the Customer Services and Energy Delivery - O&M Budget Control Level's proposed budget appropriation.

Reduce funding for consulting and temporary labor services by \$75,000.

Reduce funding for overtime by \$50,000, for a total 2006 Adopted Budget of \$50.4 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Distribution Services	0	0	0	50,363,999
Full-time Equivalents Total*	0.00	0.00	0.00	590.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Financial Services - CIP Budget Control Level

Purpose Statement

The purpose of the Financial Services - CIP Budget Control Level is to rehabilitate and replace the Utility's information technology infrastructure, such as servers and routers, and fund the development of large software applications.

Summary

In the 2006 Adopted Budget, the Financial Services - CIP Budget Control Level includes only projects that relate to information technology (IT) services. Facilities Management capital projects that had been included in the previous Finance & Administration - CIP BCL are transferred to the Power Supply and Environmental Affairs - CIP BCL. Specific changes to the budget are listed below.

Increase budget authority by \$700,000 to develop a draining billing capability for Seattle Public Utilities (SPU) in the Combined Customer Service System. Development costs will be reimbursed by SPU.

Reduce capital project funding by \$262,000.

Citywide adjustments to labor costs increase the budget by \$9,000, for a net increase from the reorganized 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$447,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Financial Services - O&M Budget Control Level

Purpose Statement

The purpose of the Financial Services - O&M Budget Control Level is to ensure City Light's financial health through prudent planning, risk mitigation, and financial discipline.

Summary

The Financial Services - O&M Budget Control Level (BCL) retains all financial planning, budgeting, accounting, risk management, and information technology service functions. The Utility's strategic planning function is added to this BCL. The majority of Facilities Management Operations and Maintenance functions are transferred to the Power Supply & Environmental Affairs - O&M BCL. The Office Services unit is transferred to the Customer Services & Energy Delivery - O&M BCL.

A new functional division, the Accounting Division, is created by combining the previous accounting and financial management services, from the former Finance Division. The Finance Division will continue to provide financial management and budget services, and will assume the added functional responsibility of monitoring corporate performance. Specific changes to the budget, including the transfer of some additional functions or project-specific work between BCLs as part of the reorganization, are listed below.

Transfer out \$3.15 million to support project level work related to Boundary Dam Relicensing to the Power Supply & Environmental Affairs BCL.

Transfer out \$267,000 for implementation of the Security Improvement Plan to the Customer Services & Energy Delivery O&M BCL.

Increase funding by \$151,000 to support DOIT's Aligning City Technology (ACT) Initiative through cost allocation.

Add \$130,000 for a business outreach effort to increase City Light's use of historically under-utilized businesses.

Add 8.0 FTE Information Technology Professional B positions and 2.0 FTE Senior Management Systems Analysts in a budget-neutral transfer of responsibilities from individuals working for outside agencies to regular City employees.

Reduce funding for consulting and temporary labor services by \$100,000.

Citywide adjustments to labor costs increase the budget by \$239,000, for a net reduction from the reorganized 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$3.0 million.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Financial Services - O&M	25,573,353	29,203,135	28,586,179	25,584,940
Full-time Equivalents Total*	176.31	193.86	194.73	201.73

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

General Expenses Budget Control Level

Purpose Statement

The purpose of the General Expenses Budget Control Level (BCL) is to budget, track, and monitor the expenses of the Utility that, for the most part, are not directly attributable to a specific organizational unit. These expenditures include insurance, bond issue costs, bond maintenance fees, audit costs, Law Department legal fees, external legal fees, employee benefits (medical and retirement costs), industrial insurance costs, general claims costs, and services provided by the City's internal services departments through the central cost allocation mechanism.

Summary

Provide \$27,000 for benefits associated with the position added for the implementation of City Light's security plan.

Increase City Light's cost allocation obligation in support of central service departments by \$23,000 for cost of living and benefit adjustments.

Reduce funding for consulting and temporary labor services by \$200,000.

Citywide adjustments to labor costs reduce the budget by \$679,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$830,000.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
General Expenses	48,529,215	53,105,387	54,464,196	53,634,635

Human Resources Budget Control Level

Purpose Statement

The purpose of the Human Resources Budget Control Level (BCL) is to transform City Light into a safe, high performance organization through excellence in safety, organizational development and training, employee and management services, and labor relations.

Summary

The Human Resources Budget Control Level combines some functions of the previous Executive and Distribution Budget Control Levels including Human Resources, the Apprenticeship Office, and the Safety and Health Unit, to provide stronger stewardship of the Utility's human assets and a workforce better suited for its operating environment. New functions incorporated into this Budget Control Level include organizational development, employee relations and management services. Specific changes to the budget, including the transfer of some additional functions (project level work) between BCLs as part of the reorganization are described below.

Transfer out \$101,000 for safety improvement project activities from this BCL to the Power Supply & Environmental Affairs CIP BCL.

Provide \$40,000 to undertake a new Safety Awards Program to reduce injury and damage claims.

Citywide adjustments to labor costs increase the budget by \$40,000, for a net reduction from the reorganized 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$21,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Human Resources	2,684,079	3,400,284	3,455,580	3,434,324
Full-time Equivalents Total*	41.69	39.25	40.02	40.02

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Office of Superintendent Budget Control Level

Purpose Statement

The purpose of the Office of the Superintendent Budget Control Level is to assemble high-level staff to assure the effective delivery of reliable electric power in an environmentally sound manner, and enable the Superintendent to focus on the Utility's broad departmental policy direction and leadership, its financial health, and stakeholder relations.

Summary

The proposed reorganization of the Office of the Superintendent brings together the functions of Legislative and Government Affairs, External Affairs, and Communications and Public Affairs under a new position, and the Chief of Staff, who reports directly to the Superintendent. The Chief of Staff will enable the Superintendent to focus on organizational strategy and the maintenance of effective relationships with the Mayor, Council, and City Light Advisory Board as well customers, regional energy operatives, regulatory agencies, other local, state and federal agencies, and Native American Tribes.

Reduce funding for consulting and temporary labor services expenses by \$50,000.

Citywide adjustments to labor costs increase the budget by \$28,000 for a net reduction from the reorganized 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$22,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Office of Superintendent	3,325,849	3,191,417	3,226,981	3,204,788
Full-time Equivalents Total*	22.72	23.27	22.50	22.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Power Supply & Environmental Affairs - CIP Budget Control Level

Purpose Statement

The purpose of the Power Supply & Environmental Affairs - CIP Budget Control Level (BCL) is to provide and maintain the physical generating plant required to meet the electrical needs of City Light customers; provide the physical plant and grounds needed by the Utility; and comply with license and regulatory requirements.

Summary

The Power Supply & Environmental Affairs - CIP BCL combines functions of the former Generation and Power Management branches as well as select functions formerly performed by the Executive, Customer Services, Distribution, and Finance and Administration branches of the Utility. This realignment better assures the prudent and timely replacement and modernization of facilities, compliance with regulations, maintenance of system reliability to meet customer energy requirements, and the safety of the Utility's workforce. A new asset management function is added to this Budget Control Level. This newly organized Budget Control Level manages projects that maintain the Utility's hydroelectric facilities; mitigate the environmental effects of its hydroelectric projects to meet the City's commitment to provide wildlife habitat protection and restoration; and rehabilitate and replace the Utility's general physical plant, including buildings and grounds. Specific changes, including the transfer of some additional functions (project level work) between BCLs as part of the reorganization, are described below.

Transfer in \$101,000 in funding to reflect the transfer of the Safety Modifications project into this BCL from the Human Resources BCL.

Reduce capital project funding by \$2.7 million.

Reduce funding for overtime expenses by \$208,000.

Citywide adjustments to labor costs increase the budget by \$99,000, for a net reduction from the reorganized 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$2.7 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Power Supply & Environmental Affairs - CIP	13,146,961	24,723,441	25,164,586	22,507,072
Full-time Equivalents Total*	75.36	68.23	75.59	75.59

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Power Supply & Environmental Affairs - O&M Budget Control Level

Purpose Statement

The purpose of the Power Supply & Environmental Affairs - O&M Budget Control Level (BCL) is to provide clean, safe, economic, efficient, reliable and environmentally responsible sources of electric power for City Light customers.

Summary

The Power Supply & Environmental Affairs - O&M BCL combines functions of the former Generation and Power Management BCLs in their entirety as well as select organizational functions from the former Executive, Customer Services, Distribution, and Finance and Administration BCLs. A new asset management function is added to this newly created line of business. This alignment will assure competence, accomplishment, and accountability in the critical areas of regulatory licensing, environmental compliance and mitigation, and power generation, including power planning and forecasting, power plant operations, conservation, asset management, and the operation of the utility's shops, real estate, and facilities. Specific changes in the budget, including the transfer of some additional functions (project level work) between BCLs as part of the reorganization, are described below.

Transfer in Boundary Dam Relicensing work valued at \$3.15 million to reflect the movement of responsibility from Financial Services.

Transfer in Greenhouse Gas Mitigation work valued at \$756,000 to reflect the movement of funding responsibility for this project from the Purchased Power Budget.

Provide \$99,000 for costs related to the implementation of the Utility's security plan.

Transfer in Leadership in Energy and Environmental Design (LEED) initiative work valued at \$50,000 to reflect the movement of responsibility for these tasks from the Customer Services & Energy Delivery - O&M BCL.

Transfer out 1.0 FTE Planning & Development Specialist II position to the Department of Planning and Development to consolidate the City's Green Building Team in that Department. City Light will continue to fund this position, in a manner defined by a Memorandum of Agreement, as the green team will provide services that benefit City Light.

Transfer out 1.0 FTE Manager 3 position to the Law Department to be reclassified by the Law Department. The position is reclassified to an Assistant City Attorney position and will continue to provide legal services defined by a Memorandum of Agreement (MOA) that has been in place since 2003. City Light will continue to provide financial support for these services, as defined by the MOA, since they benefit the Utility.

Citywide adjustments to labor costs increase the budget by \$408,000, for a net increase from the reorganized 2006 Endorsed Budget to the 2006 Proposed Budget of approximately \$4.47 million.

Eliminate this BCL by redistributing the \$62.3 million in appropriations and human resources proposed for it to fund the newly created Conservation Resources and Environmental Affairs Budget Control Level and Power Supply O&M Budget Control Level.

City Light

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Power Supply & Environmental Affairs - O&M	54,162,872	62,107,645	57,813,963	0
Full-time Equivalents Total*	385.89	374.35	366.99	0.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Power Supply O&M Budget Control Level

Purpose Statement

The purpose of the Power Supply - O&M Budget Control Level is to provide clean, safe, economic, efficient, reliable sources of electric power for City Light customers.

Summary

This is a newly created budget control level. It did not exist when the 2006 Endorsed and Proposed budgets were prepared.

Transfer in \$39.1 million of the appropriations shown for the Power Supply and Environmental Affairs O&M Budget Control Level in the 2006 Proposed Budget.

Reduce funding for consulting and temporary labor services by \$75,000, for a total 2006 Adopted Budget of \$39.1 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Power Supply O&M	0	0	0	39,060,764
Full-time Equivalents Total*	0.00	0.00	0.00	278.58

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Purchased Power Budget Control Level

Purpose Statement

The purpose of the Purchased Power Budget Control Level (BCL) is to acquire power, transmission and other services associated with wholesale power purchases in a cost-effective manner to meet the day-to-day electricity needs of City Light's retail customers.

Summary

Administration of the Utility's Purchased Power budget was formerly a function performed by the Utility's Power Management BCL. That function is integrated into the Power Supply & Environmental Affairs Line of Business in this budget. As a part of the reorganization, transfer out \$756,000 to reflect the movement of support for the Utility's Greenhouse Gas Mitigation efforts from the Purchased Power BCL to the Power Supply & Environmental Affairs BCL.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Purchased Power	372,937,079	386,773,168	387,739,751	386,983,751

Taxes Budget Control Level

Purpose Statement

The purpose of the Taxes Budget Control Level (BCL) is to calculate and pay City Light's legally required tax payments for state, city, and local jurisdictions. This Budget Control Level includes funding for franchise contract payments negotiated with local jurisdictions in City Light's service territory.

Summary

Add \$800,000 for City Light Utility tax payments to the City. This increase allows City Light to make appropriate city business and occupation tax payments for municipal customers that have not in the past been included in City Light's city tax calculations.

Provide \$136,000 to pay a one-time property assessment for a Local Improvement District that provides partial funding for development of the South Lake Union Streetcar.

These changes result in a total increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$936,000.

On the Web at: <http://www.seattle.gov/transportation/>

Department Description

The Seattle Department of Transportation (SDOT) develops, maintains, and operates a transportation system that promotes the mobility of people and goods, and enhances the quality of life, environment, and economy of Seattle. The major assets of the City's transportation system are: 1,534 lane-miles of arterial streets, 2,412 lane-miles of non-arterial streets, 150 bridges, 561 retaining walls, 22 miles of seawalls, 1,000 signalized intersections, 32 miles of bike trails and 90 miles of bike routes, 34,000 street trees, 120 signs, 24,000 curb ramps and 1.6 million lane markers. The transportation infrastructure is valued at \$7.6 billion.

SDOT is composed of six functional areas that together provide for a comprehensive approach to transportation service delivery:

- Policy, Planning, and Major Projects is charged with transportation system planning and providing increased control and influence over major projects under construction in Seattle.
- Traffic Management is responsible for the movement of non-motorized and motorized traffic throughout the City, and traffic engineering and controls on non-arterial streets.
- Capital Projects/Roadway Structures is responsible for design and construction of major projects, as well as maintenance of bridges, overpasses, retaining walls, and other structures.
- Street Maintenance is responsible for maintaining city street surfaces.
- Street Use and Urban Forestry is responsible for management of the street right-of-way and the establishment and maintenance of trees along city streets.
- Operation Support and Administration includes the Department leadership and support functions.

Policy and Program Changes

SDOT's 2006 Adopted Budget is primarily a basic services budget, with a small number of new projects and programs. Many projects are being delayed until new funding sources are available. However, funding for some programs and services is increased as the local economy improves and revenues become available. The Department continues work on several significant projects, including Fremont Bridge approaches and the South Lake Union streetcar project, and City participation in Sound Transit implementation, Alaskan Way Viaduct/Seawall, Spokane Street Viaduct, and Mercer Corridor improvements. The 2006 Adopted Budget also provides \$5.2 million in Real Estate Excise Tax revenues for street resurfacing; \$500,000 for a new sidewalk program; and \$600,000 in additional funding for bridge painting.

SDOT also continues the Pay Station implementation project, purchasing and installing pay stations to replace approximately 85% of the single-space parking meters in the city between 2004 and 2006. This project provides long-term parking management for the City and enhanced payment options for the public.

City Council Budget Changes and Provisos

The City Council added funding to accelerate the Parking Pay Station Installation program and analyze transit alternatives to the former Monorail Green Line Corridor project, given that voters did not authorize continuation of this project. Funding was included in the Finance General Reserve for the Forest Management Plan and SR 520 Catastrophic Plan to be appropriated by ordinance in 2006.

The Council added funding for the following capital projects in 2006: 15th Avenue NE Bridge - BRAC Grant Match, Arterial Asphalt and Concrete Program and NSF/CRF Neighborhood Program. Additionally, \$2.5 million was added for transportation projects to be determined by ordinance in early 2006.

The Council also adopted a number of operating and capital budget provisos, as follows:

Of the appropriation for 2006 for the Department of Transportation's Policy, Planning and Major Project Development BCL, \$500,000 is appropriated solely to pay for consultant services for the analysis of transit alternatives for the Monorail Green Line corridor and may be spent for no other purpose. Concerning the consultant services, Council expects that SDOT shall report twice to the City Council Transportation Committee regarding the scope of work to be funded by this appropriation. Council requests that the first report, regarding the proposed scope of work, occur by January 31, 2006 and that a second report, regarding progress of that work-plan, occur by March 31, 2006.

Of the appropriation for 2006 for the Department of Transportation's Policy, Planning and Major Project Development BCL, \$128,200 is appropriated solely to pay for 1 FTE Strategic Advisor II, to support the analysis of transit alternatives for the Monorail Green Line corridor and may be spent for no other purpose.

Of the appropriation for 2006 for the Department of Transportation's Policy, Planning and Major Project Development BCL, \$30,000 is appropriated solely to pay for consultant services for the development of an initial LID analysis and associated community outreach related to the Jackson Street corridor extension of the Waterfront Streetcar and may be spent for no other purpose.

Of the appropriation for 2006 for the Department of Transportation's Policy, Planning and Major Project Development BCL, \$35,000 is appropriated solely to pay for consultant services for streetcar network planning and may be spent for no other purpose.

Of the appropriation for 2006 for the Seattle Department of Transportation's Capital Projects BCL, \$2,500,000 is appropriated solely for additional projects (or additional funding for existing projects) not planned to be funded under the Mayor's 2006 Proposed Budget and this amount may not be spent until authorized by future ordinance.

Transportation

Appropriations	Summit Code	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Operations Support and Administration

Department Management Budget Control Level

Purpose Statement

The purpose of the Department Management Budget Control Level is to provide leadership and human resource services to accomplish the mission and goals of the Department and the City.

Summary

Increase budget by \$336,000 due to internal funding and cost reallocation.

Included as part of SDOT's 2006 Endorsed Budget is funding for the Downtown Transportation Alliance.

Add \$12,000 to pay for the City's membership in the Transportation Choices Coalition.

Citywide adjustments to labor costs increase the budget by \$14,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$362,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Department Management	2,485,917	3,025,877	3,179,709	3,542,082
Full-time Equivalents Total*	26.00	24.00	24.00	24.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

General Expenses Budget Control Level

Purpose Statement

The purpose of the General Expenses Budget Control Level is to separately account for certain business expenses that are unique to some City departments.

Summary

Decrease budget by \$119,000 due to internal funding and cost reallocation.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
General Expenses	9,427,465	11,641,095	11,750,200	11,631,025

Resource Management Budget Control Level

Purpose Statement

The purpose of the Resource Management Budget Control Level is to provide the Department with financial and technological support, ensuring the financial integrity of the Department and the reliability of the technological infrastructure for Department business activities.

Summary

Decrease budget by \$333,000 and transfer 3.0 FTE to this Budget Control Level (BCL) due to internal funding and cost reallocation.

Remove \$2,000 in expenditures related to planning for the new Green Line Monorail facilities. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved.

Add \$277,000 for the 3% issuance fee on the Limited Tax General Obligation (LTGO) Bonds sold for the following projects: Alaskan Way Viaduct, Mercer Corridor and South Lake Union Streetcar. These projects are described in the Department's Capital Improvement Program.

Add 1.0 FTE Information Technology Technical Support position to provide administrative and basic technical support to information technology projects in a budget-neutral transfer of responsibilities from individuals working for outside agencies to regular City employees.

Increase budget by \$9,000 for the Alaskan Way Viaduct/Seawall project.

Citywide adjustments to labor costs increase the budget by \$18,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$32,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Resource Management	7,199,617	8,580,596	11,036,876	11,005,361
Full-time Equivalents Total*	48.00	48.50	48.50	52.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Traffic and Street Use Management

Manage Street Rights-of-Way Budget Control Level

Purpose Statement

The purpose of the Manage Street Rights-of-Way Budget Control Level is to ensure that street improvements and infrastructure activities are coordinated and meet City specifications and approved plans, to ensure appropriate uses of the right-of-way, and to enhance mobility, accessibility, and safety of the right-of-way for the public.

Summary

Increase budget by \$990,000 and reduce 2.50 FTE from this BCL due to internal funding and cost reallocation.

Add 1.0 FTE Management Systems Analyst to provide assistance with information technology operations and technical support in a budget-neutral transfer of responsibilities from individuals working for outside agencies to regular City employees.

Decrease budget by \$1.95 million to adjust for operations and program reductions associated with the Right of Way Management program.

Citywide adjustments to labor costs increase the budget by \$31,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Proposed Budget of approximately \$929,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Manage Street Rights-of-Way	6,673,383	9,541,634	9,505,051	8,576,095
Full-time Equivalents Total*	49.00	56.50	56.50	55.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Traffic Management Budget Control Level

Purpose Statement

The purpose of the Traffic Management Budget Control Level is to ensure the safe and efficient operation of all transportation modes in the City of Seattle. This includes managing the parking, pedestrian, and bicycle infrastructure; implementing neighborhood plans; encouraging alternative modes of transportation; and maintaining and improving signals, intelligent transportation systems, and the non-electrical transportation management infrastructure.

Summary

Decrease budget by \$724,000 and add 3.0 FTE due to internal funding and cost reallocation.

Add 0.25 FTE to increase a Signal Electrician to 1.0 FTE.

Add \$566,000 for traffic incident response and Traffic Management Center enhancements. Also add 1.0 FTE Civil Engineer Supervisor, 1.0 FTE Civil Engineer Associate, 1.0 FTE Civil Engineer, Sr. and 1.0 FTE Signal Electrician.

Included in the 2006 Endorsed budget is funding for SDOT's Emergency Preparedness Officer, which was originally funded through federal grant funds.

Remove \$49,000 in expenditures related to planning for the new Green Line Monorail facilities. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved.

Increase budget by \$81,000 for the Alaskan Way Viaduct/Seawall project, \$22,000 for the design phase of the Mercer Corridor project, and \$360,000 for pedestrian and bike improvements in the South Lake Union area. Funding for the Mercer Corridor project will not be spent until authorized by a subsequent Council ordinance.

Add \$575,000 for emergency closure and warning signs for the Alaskan Way Viaduct as part of the City's Emergency Traffic Management and Closure Plan.

Add \$500,000 and 1.0 FTE Assoc. Civil Engineer for the Sidewalk Development Program.

Increase budget by \$500,000 for the Center City Access project to maintain access to the Center City while it is under construction.

Increase budget by \$50,000 for the projects funded by the 2006 Neighborhood Street Fund/CRF Program. These projects are described in the 2006-2011 Adopted Capital Improvement Program.

Add \$20,000 for Bikestation Seattle, a secure bike-transit facility in Pioneer Square that provides parking and services to bicycle commuters traveling to downtown Seattle.

Add \$31,000 to the 2006 Neighborhood Street Fund/CRF Program to fund neighborhood projects already identified through the 2006 outreach process conducted by District Councils and Neighborhood Plan Stewardship Groups.

Increase budget by \$296,000 to accelerate the Parking Pay Station program and finish installation in 2006.

Transportation

Citywide adjustments to labor costs increase the budget by \$49,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$2.3 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Traffic Management	20,312,626	22,500,416	24,923,480	27,200,368
Full-time Equivalents Total*	135.50	141.25	142.25	150.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Transportation Infrastructure

Capital Projects Budget Control Level

Purpose Statement

The purpose of the Capital Projects Budget Control Level is to manage, design, and control capital improvements to the transportation infrastructure for the benefit of the traveling public that including freight, transit, other public agencies, pedestrians, bicyclists, and motorists.

Summary

Decrease budget by \$3.8 million and add 1.0 FTE due to internal funding and cost reallocation.

Remove \$110,000 in expenditures related to planning for the new Green Line Monorail facilities. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved.

Increase budget by \$7,000 for the Hazard Mitigation Program - Landslides Mitigation Projects for repairs at 41st Avenue Northeast.

Increase budget by \$322,000 for the Alaskan Way Viaduct/Seawall project.

Add \$5.1 million to the Arterial Asphalt and Concrete Program.

Increase budget by \$320,000 for maintenance work on the East Duwamish Waterway bridge. This money leverages \$3.5 million in federal grant dollars for this project.

Add \$600,000 to the Bridge Painting Program to begin repainting the Jose Rizal Bridge.

Add \$75,000 to the Bridge Seismic Phase II project for preliminary engineering work.

Increase budget by \$249,000 for the design phase of the Mercer Corridor project. These funds will not be spent until authorized by a subsequent Council ordinance.

Add \$91,000 to the Retaining Wall Replacement Program for design of improvements to a 183-foot-long retaining wall at 24th Avenue East and East Mercer Street.

Add \$160,000 for the South Lake Union Streetcar project.

Decrease budget by \$3.8 million for the Spokane Viaduct Phase 1 project.

Increase budget by \$522,000 for a traffic signal and other street improvements at Third Avenue Northeast and Northeast 103rd Street.

Increase budget by \$510,000 for development of sidewalks in the Northgate area.

Increase budget by \$180,000 for the projects funded by the 2006 Neighborhood Street Fund/CRF Program. These projects are described in the 2006-2011 Adopted Capital Improvement Program.

Transportation

Add \$56,000 to the 2006 Neighborhood Street Fund/CRF Program to fund neighborhood projects already identified through the 2006 outreach process conducted by District Councils and Neighborhood Plan Stewardship Groups.

Increase budget by \$936,000 to reflect gas tax funding available as result of the defeat of Initiative 912. These dollars will fund the 15th Avenue Northeast Bridge - Bridge Replacement Advisory Committee Grant Match project and the Arterial Asphalt and Concrete project.

Add \$2.5 million for transportation projects to be determined by a future ordinance.

Citywide adjustments to labor costs increase the budget by \$20,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$3.9 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Capital Projects	23,513,489	42,075,255	59,316,025	63,261,391
Full-time Equivalents Total*	63.00	61.25	61.25	62.25

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Street Maintenance Budget Control Level

Purpose Statement

The Street Maintenance Budget Control Level keeps Seattle's \$4 billion investment in its roadways and sidewalks safe, clean, and in good repair. Repair and maintenance of the right-of-way promotes safety, enhances mobility, and protects the environment. Through planned maintenance, cleaning, and spot repairs of streets, alleys, pathways, and stairways, Street Maintenance improves the quality of life and business climate.

Summary

Decrease budget by \$273,000 and decrease 3.0 FTE due to internal funding and cost reallocation.

Add 0.50 FTE Truck Driver for the arterial sweeping program due to restoration during the 2005 budget process.

Add \$25,000 for traffic incident response and Traffic Management Center enhancements.

Remove \$10,000 in expenditures related to planning for the new Green Line Monorail facilities. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved.

Increase budget by \$493,000 for the Hazard Mitigation Program - Landslides Mitigation Projects for repairs at 41st Ave Northeast.

Add \$220,000 to the Arterial Asphalt and Concrete Program.

Add \$400,000 for the Neighborhood Street Fund/CRF Neighborhood Program.

Add \$310,000 to the 2006 Neighborhood Street Fund/CRF Program to fund neighborhood projects already identified through the 2006 outreach process conducted by District Councils and Neighborhood Plan Stewardship Groups.

Citywide adjustments to labor costs increase the budget by \$40,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.2 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Street Maintenance	17,877,711	20,614,098	20,235,633	21,441,483
Full-time Equivalents Total*	176.50	166.50	166.50	164.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Structure Management, Maintenance, and Operation Budget Control Level

Purpose Statement

The purpose of the Structure Management, Maintenance, and Operation Budget Control Level is to provide safe and efficient use of the City's bridges and structures to all residents of Seattle and adjacent regions to ensure the movement of people, goods, and services throughout the city.

Summary

Decrease budget by \$3.7 million due to internal funding and cost reallocation.

Increase budget by \$375,000 for repairs to City-owned stairways.

Citywide adjustments to labor costs increase the budget by \$15,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Proposed Budget of approximately \$3 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Structure Management, Maintenance, and Operation	4,783,024	7,816,837	8,302,205	4,943,999
Full-time Equivalents Total*	57.00	57.00	57.00	57.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Urban Forestry Budget Control Level

Purpose Statement

The purpose of the Urban Forestry Budget Control Level is to administer, maintain, protect, and expand the City's urban landscape in the street right-of-way for Seattle's residents and businesses so that environmental, aesthetic, and safety benefits are maximized.

Summary

Decrease budget by \$227,000 and 1.0 FTE due to internal funding and cost reallocation.

Add \$87,000 for tree replacement costs in Pioneer Square and the surrounding area.

Add \$49,000 for tree replacement costs in the downtown business district and surrounding area.

Increase budget by \$64,000 and 1.0 FTE Tree Trimmer for tree maintenance.

Citywide adjustments to labor costs increase the budget by \$4,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$23,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Urban Forestry	2,091,473	2,162,962	2,314,385	2,290,917

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Transportation Policy and Planning

Policy, Planning, and Major Project Development Budget Control Level

Purpose Statement

The purpose of the Policy, Planning, and Major Project Development Budget Control Level is to provide a unified approach to planning and implementing improvements in Seattle's transportation system, tightening the connection between policy, planning, Capital Improvement Program (CIP) development, and major project management.

Summary

Decrease budget by \$33,000 and decrease 0.5 FTE due to internal funding and cost reallocation.

Add \$695,000, and 1.0 FTE Sr. Transportation Planner and 1.0 FTE Associate Transportation Planner for transportation studies in downtown and the University District.

As part of the 2006 Endorsed Budget, dollars are included to develop a Bicycle Master Plan for Seattle.

Increase budget by \$300,000 and add 1.0 Strategic Advisor 1, General Government for SDOT reimbursable services associated with the design review phase of the Sound Transit North Link Light Rail project.

Increase budget by \$150,000 of reimbursable authority and add 0.5 FTE Transportation Planner, Sr. for coordination with the Washington State Department of Transportation on the replacement of the Colman Dock along the Seattle Waterfront.

Remove \$1.1 million in expenditures related to planning for the new Green Line Monorail facilities. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved.

Increase budget by \$4.9 million and add 1.0 FTE Strategic Advisor 1, General Government, 1.0 FTE Strategic Advisor 2, General Government and 1.0 FTE Strategic Advisor 3, General Government for the Alaskan Way Viaduct/Seawall project.

Increase budget by \$92,000 to provide reimbursement to Sound Transit for City costs related to the construction phase of the Downtown Seattle Transit Tunnel Closure Mitigation Project.

Add \$2.2 million as part of the design phase for the Mercer Corridor project. These funds will not be spent until authorized by a subsequent Council ordinance.

Add \$7.4 million, 1.0 FTE Strategic Advisor 1, General Government and 1.0 FTE Strategic Advisor 2, General Government for the South Lake Union Streetcar project.

Add \$265,000 for the projects funded by the 2006 Neighborhood Street Fund/CRF Program. These projects are described in the 2006-2011 Adopted CIP.

Increase budget by \$628,000 and add 1.0 FTE Strategic Advisor 2 for the study of transit alternatives for the Monorail.

Transportation

Add \$65,000 for an initial Local Improvement District (LID) analysis, a financial feasibility plan and related community outreach for a Jackson Street corridor extension of the Waterfront Streetcar, and streetcar network planning.

Add \$163,000 to the 2006 Neighborhood Street Fund/CRF Program to fund neighborhood projects already identified through the 2006 outreach process conducted by District Councils and Neighborhood Plan Stewardship Groups.

Administrative corrections abrogate 1.0 FTE StratAdvrs2, General Govt.

Citywide adjustments to labor costs increase the budget by \$22,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$15.7 million.

Capital Improvement Program Highlights

The Seattle Department of Transportation (SDOT) is responsible for maintaining, upgrading, and monitoring the use of the City's system of streets, bridges, retaining walls, seawalls, bicycle and pedestrian facilities, and traffic control devices. SDOT's Capital Improvement Program (CIP) outlines the Department's plan for repairing, improving, and adding to this extensive infrastructure. The CIP is financed from a variety of revenue sources that include the City's General and Cumulative Reserve Subfunds, state gas tax revenues, state and federal grants, Public Works Trust Fund loans, partnerships with private organizations and other public agencies, and bond proceeds.

The 2006-2011 Adopted CIP includes such key projects as preliminary engineering for the replacement of the Magnolia Bridge; environmental, design, and permitting work for the replacement of the Alaskan Way Viaduct/Seawall; construction on the approaches to the Fremont Bridge and related improvements; City support of Sound Transit Projects; design and construction of the South Lake Union Streetcar; and continued major maintenance and paving of the City's arterial and non-arterial streets.

Capital appropriations for SDOT are embedded within the line of business appropriations displayed at the start of this chapter. These appropriations are funded by a variety of revenue sources, most of which are not separately appropriated. One example of a revenue source that is separately appropriated is the Cumulative Reserve Subfund, commonly referred to as the CRF. While these CRF funds (with the exception of funding for the Debt Service Program) are included in the line of business appropriations at the start of this chapter, they are appropriated for certain SDOT CIP programs (i.e., groupings of projects) as displayed in the first table below, titled "Capital Improvement Program Appropriation." A second table, titled "2006 Adopted SDOT Cumulative Reserve Fund Budget Control Level Structure", lists the specific projects included in each program.

The third table, titled "Capital Improvement Program Outlay" shows that portion of the various SDOT appropriations that represent the Department's CIP outlays. Consistent with RCW 35.32A.080, if any portion of these outlays remain unexpended or unencumbered at the close of the fiscal year, that portion shall be held available for the following year, except if abandoned by the City Council by ordinance. A detailed list of all programs and projects in SDOT's CIP can be found in the 2006-2011 Adopted CIP document.

Department Description

Seattle Public Utilities (SPU) is composed of three major direct-service providing utilities: the Water Utility, the Drainage & Wastewater Utility, and the Solid Waste Utility. The Water Utility provides more than 1.3 million customers in King County with a reliable water supply; the Drainage & Wastewater Utility collects and disposes of sewage and stormwater; and the Solid Waste Utility collects and processes recycling and yard waste, and collects and disposes of residential and commercial garbage. All three utilities strive to operate in a cost-effective, innovative and environmentally responsible manner. SPU also houses the Engineering Services line of business, serving both City departments and outside agencies by providing efficient, customer-oriented engineering services that assist clients with replacing, improving, and expanding facilities with the least possible disruption to the community.

Policy and Program Changes

SPU's 2006 Adopted Budget continues to provide funding for services benefiting customers in a variety of ways, while achieving new efficiencies in providing those services. Investments in basic infrastructure and operations will enable SPU to continue to provide reliable and high-quality water to customers, manage stormwater and wastewater properly, and provide the residents of Seattle with sufficient recycling and solid waste services for the next 30 years.

To provide the investments required to maintain a high level of service while reducing the demand for future rate increases, SPU has adopted an asset management approach for selecting which capital projects to build. This triple bottom line approach includes evaluation of projects on their economic, social and environmental benefits and their ability to meet customer service levels. The approach provides an elaborate analytical and modeling framework to find the most economical balance between capital investments and operation and maintenance expenditures to minimize life cycle costs of any facility.

A committee of senior SPU executives, the Asset Management Committee, reviews each capital project valued at \$250,000 or more and ensures that only projects that meet the benefit criteria move forward. In the 2006 Adopted Budget, several projects have been dropped, as their costs were higher than their benefits. Several cost-effective master planning efforts were approved to create up-to-date improvement and upgrade plans for several groups of assets. Other projects have been expanded or expedited because their benefits exceeded their costs.

The Water Utility's 2006 Adopted Budget and 2006-2011 Adopted Capital Improvement Program (CIP) reflects the continued application of asset management business practices in water infrastructure renewal and replacement decisions. The CIP includes funding for reservoir undergrounding and other improvements to the water system, but reflects decisions to scale back or drop projects that do not have as clear a link to customer service levels as necessary to justify their costs.

The Drainage & Wastewater Utility's 2006 Adopted Budget and 2006-2011 Adopted CIP provide for implementation of the City's Comprehensive Drainage Plan. This includes continued investments in flood and landslide protection; improvements to storm water quality and protection of Seattle's aquatic resources; and more

efficient maintenance, rehabilitation and replacement of the City's drainage and sewer systems. The adopted budget reflects SPU's ongoing efforts to make its operations more efficient and to deliver capital improvements at lower cost. The budget is supported by an already adopted rate increase for drainage services, under which a typical single family customer will pay \$1.21 more per month in 2006, while a commercial business with heavy development on a one acre parcel will pay about \$19.23 more per month in 2006. The budget is also supported by a 2.7% systemwide average rate increase for Wastewater for 2006.

The Solid Waste Utility's 2006 Adopted Budget and 2006-2011 Adopted CIP fund implementation of the Solid Waste Facilities Master Plan, which seeks to improve the City's transfer stations and develop an intermodal facility in partnership with neighboring jurisdictions. The Solid Waste Utility's 2006 Adopted Budget also includes funds to continue implementation of the 60% recycling initiative, including implementation of additional recycling services and waste reduction efforts and programs to abate litter.

City Council Budget Changes and Provisos

In the Water Fund, the City Council increased funding for the General Expense BCL by \$258,000 to reflect additional tax obligations. In the Solid Waste Fund, the City Council added \$27,000 in funding from the General Subfund to the Other Operating BCL to support the removal of graffiti from private property.

The Council also adopted the following provisos:

No more than \$400,000 appropriated for 2006 in the Drainage and Wastewater Fund's (DWF's) Technology budget control level (BCL) can be spent to pay for assessing requirements to move the drainage billing system from the King County property tax billing system to the SPU combined utility billing system until authorized by future ordinance. The Council will consider authorizing additional funds upon submittal of a satisfactory final drainage rate design and incentives proposal by March 31, 2006, consistent with Resolution 30720.

None of the appropriation for 2006 for the DWF's Customer Service BCL can be spent to pay for outreach to customers regarding changes to drainage billing until authorized by future ordinance.

Of the appropriation for 2006 for the Solid Waste Fund's Other Operating BCL, \$27,000 cannot be spent until authorized by future ordinance. The Council will consider authorizing expenditure of those funds upon submittal a recommended program for facilitating graffiti removal from private property.

Drainage & Wastewater Utility

Administration Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Administration Budget Control Level is to provide overall management and policy direction for Seattle Public Utilities, and more specifically, for the Drainage and Wastewater Utility, and to provide core financial, human resource, and information technology services to the entire Department.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Administration	7,579,273	6,938,063	6,983,998	7,318,278
General and Administrative Credit	(3,980,491)	(5,000,000)	(4,700,000)	(4,700,000)
Total	3,598,783	1,938,063	2,283,998	2,618,278
Full-time Equivalents Total *	52.63	51.63	51.63	51.63

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration: Administration

Purpose Statement

The purpose of the Drainage and Wastewater Utility Administration program is to provide overall management and policy direction for Seattle Public Utilities, and more specifically, for the Drainage and Wastewater Utility, and to provide core financial, human resource, and information technology services to the entire Department.

Program Summary

Transfer in \$76,000 from the Drainage and Wastewater Utility's Other General Expenses program to the Administration program to align the budget with where expenditures are made for the Drainage and Wastewater Fund's share of the City's consolidated server room costs.

Citywide adjustments to labor and healthcare costs increase the budget by \$258,000 for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$334,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Administration	7,579,273	6,938,063	6,983,998	7,318,278
Full-time Equivalents Total*	52.63	51.63	51.63	51.63

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration: General and Administrative Credit

Purpose Statement

The purpose of the Drainage and Wastewater Utility General and Administrative Credit program is to eliminate double-budgeting related to implementation of capital projects and equipment depreciation.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
General and Administrative Credit	(3,980,491)	(5,000,000)	(4,700,000)	(4,700,000)

Combined Sewer Overflow Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Combined Sewer Overflow (CSO) Budget Control Level, a Capital Improvement Program funded by wastewater revenues, is to design and construct facilities to control overflows from the combined sewer system.

Summary

Major projects funded in 2006 include the following:

\$554,000 for CSO Facility Retrofit
 \$550,000 for CSO Plan Update
 \$407,000 for CSO Wastewater Monitoring
 \$325,000 for S Genesee CSO
 \$325,000 for S Henderson CSO Storage
 \$400,000 for South Lake Union CSO - King County
 \$325,000 for Windermere CSO Storage

Numerous budget adjustments have been made to the Combined Sewer Overflow Budget Control Level from the 2006 Endorsed Budget to the 2006 Adopted Budget. The total net reduction of \$718,000 more accurately reflects SPU's anticipated accomplishments for these projects in 2006. The reduction of costs is largely due to the continued application of the SPU Asset Management business practices and deferral of some projects.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Combined Sewer Overflow	5,271,231	4,466,000	3,864,000	3,146,000
Full-time Equivalents Total*	7.71	7.71	7.71	7.71

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Customer Service Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Customer Service Budget Control Level is to provide comprehensive, efficient, one-stop service that anticipates and fully responds to customer expectations.

Summary

Decrease the budget by \$16,000 to reflect a revised cost allocation between Seattle City Light (SCL) and SPU of the cost for low-income eligibility review services provided by the Human Services Department (HSD). Based on the count of eligibility applications processed by HSD in 2004, the cost allocation is revised from a 50-50 split to a 56-44 split with SCL funding the higher portion of the costs.

Provide \$200,000 to inform drainage customers through public outreach and education workshops of changes to their drainage billing. In 2005, SPU began evaluating data conversion requirements to move the drainage billing system from the King County property tax billings system to the SPU combined utility billing system. SPU envisions providing more transparent and easily understood drainage bills for its customers.

The above changes result in a net increase of approximately \$184,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Customer Service	5,814,880	6,259,100	6,323,486	6,506,986
Full-time Equivalents Total*	61.60	61.60	61.60	61.60

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Flood Control and Local Drainage Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Flood Control and Local Drainage Budget Control Level, a Capital Improvement Program funded by drainage revenues, is to make improvements to the City’s drainage system to address flooding and provide neighborhood drainage systems.

Summary

Major projects funded in 2006 include the following:

- \$750,000 for 4th Avenue South/SouthTrenton Storm Drain
- \$500,000 for Drainage Spot Improvements
- \$1.1 million for High Point Drainage System
- \$575,000 for North 125th & Aurora North Storm Drain
- \$1.3 million for Pinehurst Natural Drainage System

Numerous budget adjustments have been made to the Flood Control and Local Drainage Budget Control Level. The total net reduction of \$1.8 million from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects. The reduction of costs is largely due to the continued application of the SPU Asset Management business practices, and deferral or delays for community involvement processes and protracted negotiations with permitting agencies.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Flood Control and Local Drainage	7,524,026	7,665,000	9,663,000	7,820,000
Full-time Equivalents Total*	24.70	24.70	24.70	24.70

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

General Expense Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility General Expense Budget Control Level is to appropriate funds to pay the Drainage and Wastewater Utility's general expenses.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Debt Service	17,690,009	21,703,499	24,661,585	24,591,585
Other General Expenses	91,076,820	97,173,110	96,705,383	97,065,860
Taxes	17,877,799	22,680,781	23,473,166	23,913,166
Total	126,644,628	141,557,390	144,840,134	145,570,611

General Expense: Debt Service

Purpose Statement

The purpose of the Drainage and Wastewater Utility Debt Service program is to provide appropriation for debt service on Drainage and Wastewater Utility bonds.

Program Summary

Reduce budget by \$70,000 to reflect identified savings in debt service for the Drainage and Wastewater Utility.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Debt Service	17,690,009	21,703,499	24,661,585	24,591,585

General Expense: Other General Expenses

Purpose Statement

The purpose of the Drainage and Wastewater Utility Other General Expenses program is to appropriate funds for payment of King County Metro's sewage treatment, and the Drainage and Wastewater Fund's share of City central costs, claims, and other general expenses.

Program Summary

Provide \$42,000 for the Drainage and Wastewater Utility's portion of the Joint Training Facility (JTF) operations and maintenance costs, such as space lease, staffing and utilities. The JTF provides classrooms and physical job training for staff from SPU, the Seattle Fire Department, and the Seattle Department of Transportation.

Add \$49,000 for implementation of Web-based and Interactive Voice Response and telephone access credit card payment options for SPU's utility services. The payment options give utility customers the opportunity to pay their bills on the Web or by telephone using their credit card or checking account.

Add approximately \$197,000 for Drainage and Wastewater Utility's share of the Limited Tax General Obligation (LTGO) bond debt service which was inadvertently omitted from the 2006 Endorsed Budget.

Transfer \$76,000 to the Drainage and Wastewater Utility's Administration program for consolidated server room charges. In addition, increase funding of \$149,000 for space rent, insurance and other cost allocated charges.

These changes result in a net increase of approximately \$360,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Expenditures				
Other General Expenses	91,076,820	97,173,110	96,705,383	97,065,860

General Expense: Taxes

Purpose Statement

The purpose of the Drainage and Wastewater Utility Taxes program is to provide appropriation for payment of city and state taxes.

Program Summary

Add budget of \$440,000 for Drainage and Wastewater Utility tax payments to the City. This increase allows SPU to make appropriate City business and occupation tax payments for municipal customers who, in the past, have not been included in SPU's City tax calculations. This change is a net increase of \$440,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Expenditures				
Taxes	17,877,799	22,680,781	23,473,166	23,913,166

General Wastewater Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility General Wastewater Budget Control Level, a Capital Improvement Program funded by wastewater revenues, is to improve the effectiveness of the City's wastewater system.

Summary

Major projects funded in 2006 include the following:

- \$1.2 million for Madison Valley Infrastructure Improvements
- \$400,000 for Pump Station Improvements
- \$660,000 for South Lake Union Feasibility Phase 2 - WW
- \$628,000 for South Henderson Street Raincatchers

Numerous budget adjustments have been made to the General Wastewater Budget Control Level resulting in a total net increase of \$792,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget. These changes more accurately reflect SPU's anticipated accomplishments for these projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
General Wastewater	3,208,762	5,444,000	4,466,000	5,258,000
Full-time Equivalents Total*	8.81	8.81	8.81	8.81

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Habitat and Sediments Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Habitat and Sediments Budget Control Level, a Capital Improvement Program funded by drainage and wastewater revenues, is to restore and rehabilitate natural resources in or along Seattle's waterways.

Summary

Beginning in 2005, as per Ordinance 121796, this Budget Control Level includes the Sediment Remediation - Drainage project, which was previously funded through the Protection of Beneficial Uses Budget Control Level.

Major projects funded in 2006 include the following:

\$2.8 million for Sediment Remediation - Drainage
\$985,000 for Sediment Remediation - Wastewater

Provide \$581,000 for the Sediments Remediation - Drainage project to meet federal Toxic Substance Control Act and state Model Toxics Control Act regulations on PCB contamination found in the South Park neighborhood (Dallas Avenue South, 17th Avenue South, and South Donovan Street). The project funds the design of the final PCB soil contamination cleanup in the South Park neighborhood rights-of-way.

In addition to the above changes, numerous budget adjustments have been made to the Habitats and Sediments Budget Control Level. The total net increase of \$2.3 million from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects in 2006.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Habitat and Sediments	2,054,327	1,392,000	1,475,000	3,801,000

Other Drainage CIP Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Other Drainage CIP Budget Control Level, a Capital Improvement Program funded by drainage revenues, is to make improvements to the City's drainage system through partnerships with other agencies, and to fund capital costs, such as heavy equipment and projects improving the efficiency of the overall drainage program.

Summary

Major projects funded in 2006 include the following:

- \$320,000 for Heavy Equipment Purchases - Drainage
- \$2 million for Intergovernmental Shares - Drainage
- \$300,000 for Mobility Improvement
- \$400,000 for Other Agency Opportunity - Drainage

Add \$100,000 for a retrofit assessment of City facilities. The assessment includes a review of City facilities to identify capital investments or changes to operational procedures related to stormwater management. SPU is reimbursed by the Cumulative Reserve Subfund for the project costs.

In addition to the above change, numerous budget adjustments have been made to the Other Drainage CIP Budget Control Level. The total net reduction of \$955,000 from the 2006 Endorsed to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects and programs in 2006. The reduction in costs is largely due to the continued application of the SPU Asset Management business practices, deferral in projects, or delays in partnering agencies' projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Other Drainage CIP	777,801	4,557,000	4,376,000	3,421,000
Full-time Equivalents Total*	6.71	6.71	6.71	6.71

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating Budget Control Level

Purpose Statement

The purpose of the Other Operating Budget Control Level is to fund the Drainage and Wastewater Utility's operating expenses for Engineering Services, Field Operations, and Resource Management.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Engineering Services	2,945,467	2,956,177	3,006,178	3,006,178
Field Operations	11,221,846	11,636,187	12,085,196	12,190,196
Resource Management	6,208,481	6,501,220	7,135,056	7,135,056
Total	20,375,795	21,093,584	22,226,430	22,331,430
Full-time Equivalents Total *	203.84	204.84	204.84	204.84

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating: Engineering Services

Purpose Statement

The purpose of the Drainage and Wastewater Utility Engineering Services program is to provide engineering design and support services, construction inspection, and project management services to Drainage and Wastewater Utility's capital improvement projects and to the managers of drainage and wastewater facilities.

Program Summary

There are no substantive changes from the 2006 Adopted Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Engineering Services	2,945,467	2,956,177	3,006,178	3,006,178
Full-time Equivalents Total*	22.43	21.43	21.43	21.43

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating: Field Operations

Purpose Statement

The purpose of the Drainage and Wastewater Utility Field Operations program is to operate and maintain drainage and wastewater infrastructure that protects the public's health, and protects and improves the environment.

Program Summary

Add funding of \$105,000 for increases for fuel costs from the 2006 Endorsed Budget to the 2006 Adopted Budget. The increase in fuel costs was not anticipated when the 2006 Endorsed budget was proposed.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Field Operations	11,221,846	11,636,187	12,085,196	12,190,196
Full-time Equivalents Total*	138.66	140.66	140.66	140.66

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating: Resource Management

Purpose Statement

The purpose of the Drainage and Wastewater Utility Resource Management program is to plan and develop programs and capital improvement projects to protect public health, water quality, and habitat; control flooding; and preserve Seattle's environmental resources, including local rivers, lakes, streams, creeks, and Puget Sound.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Resource Management	6,208,481	6,501,220	7,135,056	7,135,056
Full-time Equivalents Total*	42.75	42.75	42.75	42.75

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Protection of Beneficial Uses Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Protection of Beneficial Uses Budget Control Level, a Capital Improvement Program funded by drainage revenues, is to make improvements to the City's drainage system to reduce the harmful effects of stormwater runoff on creeks and receiving waters by improving water quality and protecting or enhancing habitat.

Summary

Major projects funded in 2006 include the following:

- \$300,000 for Aquatic Habitat Matching Grant Program
- \$365,000 for Best Management Practice Program Implementation
- \$315,000 for Taylor Creek Culverts Phase 2

Beginning in 2005, per Ordinance 121796, the Sediment Remediation - Drainage project is moved from the Protection of Beneficial Uses Budget Control Level to the Habitat and Sediments Budget Control Level.

Add \$300,000 to provide off-site stormwater treatment facilities for low-income housing redevelopment projects associated with the Seattle Housing Authority (SHA) Integrated Drainage Plan. The SHA, through an agreement with the City, will reimburse SPU for the costs of identifying and constructing the facilities.

In addition to the above changes, several other budget adjustments have been made to the Protection of Beneficial Uses Budget Control Level resulting in a total net reduction of \$2.2 million from the 2006 Endorsed Budget to the 2006 Adopted Budget. These changes more accurately reflect SPU's anticipated accomplishments for these projects in 2006. The reduction of costs is largely due to the continued application of the SPU Asset Management business practices, the transfer of the Sediment Remediation - Drainage project to the Habitats and Sediments Budget Control Level, and delays in some projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Protection of Beneficial Uses	1,631,133	3,577,000	4,518,000	2,365,000
Full-time Equivalents Total*	5.44	5.44	5.44	5.44

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Public Asset Protection Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Public Asset Protection Budget Control Level, a Capital Improvement Program funded by drainage revenues, is to make improvements to the City’s drainage system to reduce the risk to City infrastructure from landslides.

Summary

Major projects funded in 2006 include the following:

- \$662,000 for Burke Gilman/Northeast 144th Landslide
- \$409,000 for Small Landslide Projects
- \$485,000 for Southwest Prescott/Admiral Landslide
- \$250,000 for Works Progress Administration Drains Study and Repair

Several miscellaneous budget adjustments have been made to the Public Asset Protection Budget Control Level. The total net reduction of \$75,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Public Asset Protection	2,306,451	2,371,000	2,248,000	2,173,000
Full-time Equivalents Total*	5.02	5.02	5.02	5.02

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Sewer Rehabilitation Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Sewer Rehabilitation Budget Control Level, a Capital Improvement Program funded by wastewater revenues, is to repair and replace the City's sewer lines.

Summary

Major projects funded in 2006 include the following:

- \$663,000 for No Dig Pipe & Maintenance Rehabilitation
- \$3.2 million for Point Sewer Pipe Rehabilitation - Crews
- \$445,000 for Point Sewer Pipe Rehabilitation - Contracts
- \$500,000 for Sewer Emergency Repairs
- \$416,000 for Sewer Full Line Replacements

Numerous budget adjustments have been made to the Sewer Rehabilitation Budget Control Level. The total net reduction of \$2.1 million from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects. The reduction of costs is largely due to the continued application of the SPU Asset Management business practices and deferral of some projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Sewer Rehabilitation	6,475,378	6,782,000	7,590,000	5,500,000
Full-time Equivalents Total*	2.87	2.87	2.87	2.87

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Shared Cost Projects Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Shared Cost Projects Budget Control Level, a Drainage and Wastewater Capital Improvement Program, is to implement capital improvement projects that receive funding from multiple SPU funds benefiting the Utility.

Summary

Major projects funded in 2006 include the following:

\$1 million for Facility Improvements
 \$597,000 for Meter Replacement
 \$498,000 for Sound Transit Light Rail
 \$1.5 million for Alaskan Way Viaduct & Seawall

Increase funding by \$1.2 million for the Alaskan Way Viaduct & Seawall Project. The revised project schedule includes completion of the design phase by fall 2006. SPU has not assessed the impact of the \$2 billion recently provided by the Washington state Legislature for the utility relocations and replacements schedule.

Remove \$100,000 in expenditures related to planning for the new Green Line Monorail facilities. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved.

In addition to the above changes, several other budget adjustments have been made to the Drainage and Wastewater Shared Cost Projects Budget Control Level. The total net increase of \$2.5 million from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Shared Cost Projects	1,712,271	6,489,000	2,295,000	4,767,000

Technology Budget Control Level

Purpose Statement

The purpose of the Drainage and Wastewater Utility Technology Budget Control Level, a Capital Improvement Program, is to make use of recent technology advances to increase the Drainage and Wastewater Utility's efficiency and productivity.

Summary

Major projects funded in 2006 include the following:

- \$585,000 for Asset Management - Technology
- \$348,000 for Corporate Management - Technology
- \$1.2 million for Customer Management - Technology
- \$426,000 for Operations Management - Technology
- \$387,000 for Project Management - Technology
- \$612,000 for Technology Infrastructure

Provide \$820,000 to assess requirements to move the drainage billing system from the King County property tax billings system to the SPU combined utility billing system. SPU envisions providing more transparent and easily understood drainage bills for its customers. The funding supports staff and consultant work to continue the conversion and Customer Service Branch business practices.

In addition to the above change, numerous miscellaneous budget adjustments have been made to the Drainage and Wastewater Technology Budget Control Level. The total net increase of \$1.2 million from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Technology	2,908,431	3,313,000	2,336,000	3,545,000
Full-time Equivalents Total*	5.38	5.38	5.38	5.38

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Engineering Services

Administration Budget Control Level

Purpose Statement

The purpose of the Engineering Services Administration Budget Control Level is to provide core financial, human resource, and information technology services to Seattle Public Utilities, and, more specifically, to the Engineering Services Fund.

Program Expenditures	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Administration	2,823,318	2,762,113	2,807,136	2,903,385
General and Administrative Credit	(3,291,431)	(2,666,688)	(2,701,020)	(2,701,020)
Total	(468,113)	95,425	106,116	202,365
Full-time Equivalents Total *	39.95	39.95	39.95	39.95

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration: Administration

Purpose Statement

The purpose of the Engineering Services Administration program is to provide core financial, human resource, and information technology services to the entire Department, and, more specifically, to the Engineering Services Fund.

Program Summary

Transfer in \$45,000 from the Engineering Services Fund's Other General Expenses program to align the budget with where expenditures are made for the Engineering Service Fund's share of the City's consolidated server room costs.

Citywide adjustments to labor costs increase the budget by \$51,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$96,000.

Expenditures/FTE	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Administration	2,823,318	2,762,113	2,807,136	2,903,385
Full-time Equivalents Total*	39.95	39.95	39.95	39.95

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration: General and Administrative Credit

Purpose Statement

The purpose of the Engineering Services General and Administrative Credit program is to eliminate double-budgeting related to implementation of capital projects.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
General and Administrative Credit	(3,291,431)	(2,666,688)	(2,701,020)	(2,701,020)

General Expense Budget Control Level

Purpose Statement

The purpose of the Engineering Services Other General Expenses program is to provide appropriation for payment of the Fund's share of City Central Costs and other general expenses.

Summary

Reduce funding by \$45,000 to reflect the transfer of Consolidated Server Room charges to the Engineering Services' Administration program.

This change results in a net decrease of approximately \$45,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Other General Expenses	0	258,920	270,518	225,858

Other Operating Budget Control Level

Purpose Statement

The purpose of the Engineering Services Other Operating Budget Control Level is to provide engineering support and construction inspection services to other City departments and non-City agencies.

Summary

Add \$7,000 to fund increases for fuel costs from the 2006 Endorsed Budget to the 2006 Adopted Budget. The increase in fuel costs was not anticipated when the 2006 Endorsed budget was proposed.

These changes result in a net increase of approximately \$7,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Engineering Services	6,890,124	5,930,583	5,837,273	5,844,273
Full-time Equivalents Total*	79.37	79.37	79.37	79.37

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Solid Waste Utility

Administration Budget Control Level

Purpose Statement

The purpose of the Solid Waste Utility Administration Budget Control Level is to provide overall management and policy direction for Seattle Public Utilities, and, more specifically, for the Solid Waste Utility, and to provide core financial, human resource, and information technology services to the entire Department.

Program Expenditures	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Administration	4,000,317	3,783,802	3,829,358	3,992,979
General and Administrative Credit	(305,471)	(1,203,950)	(1,272,550)	(1,272,550)
Total	3,694,846	2,579,852	2,556,808	2,720,429
Full-time Equivalents Total *	41.64	40.64	40.64	40.64

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration: Administration

Purpose Statement

The purpose of the Solid Waste Utility Administration program is to provide overall management and policy direction for Seattle Public Utilities, and, more specifically, for the Solid Waste Utility, and to provide core financial, human resource, and information technology services to the entire Department.

Program Summary

Transfer \$35,000 from the Solid Waste Utility's Other General Expenses program to the Administration program to align the budget with where expenditures are made for the Solid Waste Fund's share of the City's consolidated server room costs.

Citywide adjustments to labor costs increase the budget by \$129,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$164,000.

Expenditures/FTE	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Administration	4,000,317	3,783,802	3,829,358	3,992,979
Full-time Equivalents Total*	41.64	40.64	40.64	40.64

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration: General and Administrative Credit

Purpose Statement

The purpose of the Solid Waste Utility General and Administrative Credit program is to eliminate double-budgeting related to implementation of capital projects and equipment depreciation.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
General and Administrative Credit	(305,471)	(1,203,950)	(1,272,550)	(1,272,550)

Customer Service Budget Control Level

Purpose Statement

The purpose of the Solid Waste Utility Customer Service Budget Control Level is to provide comprehensive, efficient, one-stop service that anticipates and fully responds to customer expectations.

Summary

Decrease the budget by \$17,000 to reflect a revised cost allocation between Seattle City Light (SCL) and SPU of the cost for low-income eligibility review services provided by the Human Services Department (HSD). Based on the count of eligibility applications processed by HSD in 2004, the cost allocation is revised from a 50-50 split to a 56-44 split with SCL funding the higher portion of the costs.

This change results in a net decrease of approximately \$17,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Customer Service	6,225,304	6,367,306	6,474,813	6,458,313
Full-time Equivalents Total*	54.30	56.30	56.30	56.30

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

General Expense Budget Control Level

Purpose Statement

The purpose of the Solid Waste Utility General Expense Budget Control Level is to provide appropriation to pay the Solid Waste Utility's general expenses.

Program Expenditures	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Debt Service	5,457,323	5,440,227	8,123,445	8,123,445
Other General Expenses	64,966,364	66,174,615	67,325,446	68,188,936
Taxes	19,189,881	20,383,935	20,928,784	20,946,784
Total	89,613,568	91,998,777	96,377,675	97,259,165

General Expense: Debt Service

Purpose Statement

The purpose of the Solid Waste Utility Debt Service program is to appropriate funds for debt service on Solid Waste Utility bonds.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Debt Service	5,457,323	5,440,227	8,123,445	8,123,445

General Expense: Other General Expenses

Purpose Statement

The purpose of the Solid Waste Utility Other General Expenses program is to provide appropriation for payments to contractors who collect the City's solid waste, the Solid Waste Fund's share of City Central Costs, claims, and other general expenses.

Program Summary

Add \$10,000 for operation of the Joint Training Facility. The Joint Training Facility provides classrooms and physical job training for staff from SPU, the Seattle Fire Department, and the Fleets and Facilities Department.

Add \$50,000 for implementation of Web-based and Interactive Voice Response and telephone access credit card payment options for SPU's utility services. The payment options allow utility customers to pay utility bills on the Web and by telephone using a credit card or a checking account.

Add \$700,000 to increase fees paid to the Local Hazardous Waste Management Program, which will support hazardous waste reduction and disposal education to schools, businesses, and communities of color.

Add \$52,000 for SPU's share of the Limited Tax General Obligation (LTGO) bond debt service which was inadvertently omitted from the 2006 Endorsed Budget. Transfer \$35,000 to the Solid Waste Utility's Administration program for consolidated server room charges. Add \$21,000 for the Solid Waste Utility's share of increased debt service costs related to the Seattle Municipal Tower. Add \$65,000 for technical adjustments for rent, insurance, and other allocations.

These changes result in a net increase of approximately \$864,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Other General Expenses	64,966,364	66,174,615	67,325,446	68,188,936

General Expense: Taxes

Purpose Statement

The purpose of the Solid Waste Utility Taxes program is to appropriate funds for payment of city and state taxes.

Program Summary

Add \$18,000 for Solid Waste Utility tax payments to the City. This increase allows SPU to make appropriate city business and occupation tax payments for municipal customers who, in the past, have not been included in SPU's city tax calculations.

This change results in a net increase of approximately \$18,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Taxes	19,189,881	20,383,935	20,928,784	20,946,784

2006 Adopted Budget

New Facilities Budget Control Level

Purpose Statement

The purpose of the Solid Waste Utility New Facilities Budget Control Level, a Capital Improvement Program funded by solid waste revenues, is to design and construct new facilities to enhance solid waste operations.

Summary

Major projects funded in 2006 include the following:

\$8.0 million for Facilities Master Plan Implementation

\$500,000 for Miscellaneous Station Improvements

Reduce funding by \$536,000 because of a delay in implementing the Solid Waste Facilities Master Plan.

This change result in a net decrease of approximately \$536,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
New Facilities	613,284	7,012,000	9,097,000	8,561,000
Full-time Equivalents Total*	0.38	0.38	0.38	0.38

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating Budget Control Level

Purpose Statement

The purpose of the Other Operating Budget Control Level is to fund the Solid Waste Utility's operating expenses for Engineering Services, Field Operations and Resource Management programs.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Engineering Services	124,322	122,000	124,928	124,928
Field Operations	8,575,384	9,062,075	9,139,171	9,380,671
Resource Management	7,702,481	7,861,142	7,719,728	7,942,728
Total	16,402,187	17,045,217	16,983,827	17,448,327
Full-time Equivalents Total *	126.95	126.95	126.95	126.95

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating: Engineering Services

Purpose Statement

The purpose of the Solid Waste Utility Engineering Services program is to provide engineering design and support services, construction inspection, and project management services to Solid Waste Fund capital improvement projects, and to solid waste facility managers.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Engineering Services	124,322	122,000	124,928	124,928
Full-time Equivalents Total*	2.78	2.78	2.78	2.78

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating: Field Operations

Purpose Statement

The purpose of the Solid Waste Utility Field Operations program is to operate and maintain the City's solid waste transfer stations and hazardous materials disposal facilities, and to monitor and maintain the City's closed landfills so the public's health is protected and opportunities are provided for reuse and recycling.

Program Summary

Increase funding by \$196,000 to fund Solid Waste's compliance with Seattle and King County Public Health's permit condition requirements. This increase will enable the City's two solid waste transfer stations to upgrade their facilities to be in compliance with updated regulations.

Add funding of \$45,000 for increases for fuel costs from the 2006 Endorsed Budget to the 2006 Adopted Budget. The increase in fuel costs was not anticipated when the 2006 Endorsed budget was proposed.

These changes result in a net increase of approximately \$241,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Field Operations	8,575,384	9,062,075	9,139,171	9,380,671
Full-time Equivalents Total*	76.72	75.72	75.72	75.72

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating: Resource Management

Purpose Statement

The purpose of the Solid Waste Utility Resource Management program is to protect the public's health and Seattle's environmental resources by planning and implementing programs that will manage the City's solid waste in an environmentally responsible manner, emphasizing waste reduction, reuse, and recycling.

Program Summary

Transfer 1.0 FTE Strategic Advisor I to the Department of Planning and Development (DPD) to centralize the City's green building activities. The Solid Waste Fund will continue to fund this position as it will provide services that benefit the Solid Waste Utility.

Increase the budget by \$196,000 from the General Subfund and 1.0 FTE Painter to perform graffiti removal on transportation structures including bridges, retaining walls, support columns, pillars, stairways, elevated walkways and pedestrian bridges.

Add \$27,000 from the General Subfund to support removal of graffiti from private property.

These changes result in a net increase of approximately \$223,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Resource Management	7,702,481	7,861,142	7,719,728	7,942,728
Full-time Equivalents Total*	47.45	48.45	48.45	48.45

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Rehabilitation and Heavy Equipment Budget Control Level

Purpose Statement

The purpose of the Solid Waste Utility Rehabilitation and Heavy Equipment Budget Control Level, a Capital Improvement Program funded by solid waste revenues, is to implement projects to repair and rehabilitate the City's solid waste transfer stations and improve management of the City's closed landfills, and replace heavy equipment used at the transfer stations, household hazardous waste sites, and the landfills.

Summary

Major projects funded in 2006 include the following:

- \$1.1 million for Heavy Equipment Purchases
- \$200,000 for Midway Landfill Improvements
- \$200,000 for Kent Highlands 228th Roadway

Increase funding by \$20,000 for improvements at historic landfills. These changes result in a net increase of approximately \$20,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Rehabilitation and Heavy Equipment	3,502,420	2,207,000	1,950,000	1,970,000
Full-time Equivalents Total*	0.48	0.48	0.48	0.48

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Shared Cost Projects Budget Control Level

Purpose Statement

The purpose of the Solid Waste Utility Shared Cost Projects Budget Control Level, a Solid Waste Capital Improvement Program, is to implement capital improvement projects that receive funding from multiple SPU funds and will benefit the Solid Waste Fund.

Summary

Major projects funded in 2006 include the following:

\$361,000 for Operations Control Center Upgrade

\$287,000 for Facility Improvements

Add \$629,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget to fund the Solid Waste Utility's share of main warehouse improvements, and development of an SPU operational facilities plan.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Shared Cost Projects	102,962	1,757,000	190,000	819,000

Technology Budget Control Level

Purpose Statement

The purpose of the Solid Waste Utility Technology Budget Control Level, a Capital Improvement Program, is to make use of recent technology advances to increase the Solid Waste Utility's efficiency and productivity.

Summary

Major projects funded in 2006 include the following:

- \$26,000 for Asset Management - Technology
- \$366,000 for Corporate Management - Technology
- \$425,000 for Customer Management - Technology
- \$55,000 for Operations Management - Technology
- \$121,000 for Project Management - Technology
- \$200,000 for Technology Infrastructure

A decrease of \$79,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget reflects a modified cash flow and schedule on projects such as the Solid Waste Field Inspector Mobile Computing and Project Tracking System projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Technology	2,638,366	1,710,000	1,272,000	1,193,000
Full-time Equivalents Total*	2.97	2.97	2.97	2.97

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Water Utility

Administration Budget Control Level

Purpose Statement

The purpose of the Water Utility Administration Budget Control Level is to provide overall management and policy direction for Seattle Public Utilities, and, more specifically, for the Water Utility, and to provide core financial, human resource, and information technology services to the entire Department.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Administration	11,462,934	11,436,923	11,543,609	12,079,962
General and Administrative Credit	(8,455,016)	(8,651,983)	(8,260,200)	(8,260,200)
Total	3,007,918	2,784,940	3,283,409	3,819,762
Full-time Equivalents Total *	95.42	96.92	96.92	100.92

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration: Administration

Purpose Statement

The purpose of the Water Utility Administration program is to provide overall management and policy direction for Seattle Public Utilities, and, more specifically, for the Water Utility, and to provide core financial, human resource, and information technology services to the entire Department.

Program Summary

Transfer \$115,000 from the Water Utility's Other General Expenses program to the Administration program to align the budget with where expenditures are made for the Water Fund's share of the City's consolidated server room costs.

Add 2.0 FTE Information Technology Professional A positions and 2.0 FTE Information Technology Professional B positions in a budget-neutral transfer of responsibilities from individuals working for outside agencies to regular City employees.

Citywide adjustments to labor costs increase the budget by \$421,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$536,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Administration	11,462,934	11,436,923	11,543,609	12,079,962
Full-time Equivalents Total*	95.42	96.92	96.92	100.92

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Administration: General and Administrative Credit

Purpose Statement

The purpose of the Water Utility General and Administrative Credit program is to eliminate double-budgeting related to implementation of capital projects and equipment depreciation.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
General and Administrative Credit	(8,455,016)	(8,651,983)	(8,260,200)	(8,260,200)

Bonneville Agreement Budget Control Level

Purpose Statement

The purpose of the Bonneville Agreement Budget Control Level, a Capital Improvement Program funded by water revenues, is to fund implementation of Ordinance 121212 related to construction of an electric power transmission line project through the Cedar River Watershed.

Summary

Major projects funded in 2006 include the following:

- \$600,000 for Bonneville Power Administration (BPA) - Aquatic & Riparian Restoration
- \$282,000 for BPA - Road Decommissioning/Improvements
- \$255,000 for BPA - Security Measures
- \$390,000 for BPA - Upland Forest Restoration

Numerous miscellaneous budget adjustments have been made to the Bonneville Agreement projects. The total net increase of \$215,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects.

Additional BPA funds are budgeted in the Water Utility Administration program.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Bonneville Agreement	920,457	2,492,000	1,312,000	1,527,000

Customer Service Budget Control Level

Purpose Statement

The purpose of the Water Utility Customer Service Budget Control Level is to provide comprehensive, efficient, one-stop service that anticipates and fully responds to customer expectations.

Summary

Decrease the budget by \$17,000 to show a revised cost allocation between Seattle City Light (SCL) and SPU of the cost for low-income eligibility review services provided by the Human Services Department (HSD). Based on the count of eligibility applications processed by HSD in 2004, the cost allocation is revised from a 50-50 split to a 56-44 split with SCL funding the higher portion of the costs. This change results in a net decrease of \$17,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Customer Service	8,608,297	9,088,868	9,165,728	9,148,728
Full-time Equivalents Total*	95.55	96.05	96.05	96.05

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Environmental Stewardship Budget Control Level

Purpose Statement

The purpose of the Water Utility Environmental Stewardship Budget Control Level, a Capital Improvement Program funded by water revenues, is to implement projects in response to the Endangered Species Act listing of Chinook Salmon.

Summary

Major projects funded in 2006 include the following:

\$258,000 for ESA - Tolt Levee Modifications
 \$230,000 for ESA Chinook Research & Monitoring
 \$206,000 for Tolt Watershed Management Plan

Several miscellaneous budget adjustments have been made to the Environmental Stewardship Budget Control Level. The total net reduction of \$57,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Environmental Stewardship	652,298	1,274,000	1,200,000	1,143,000

General Expense Budget Control Level

Purpose Statement

The purpose of the Water Utility General Expense Budget Control Level is to appropriate funds to pay the Water Utility's general expenses.

Program Expenditures	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Debt Service	54,649,778	61,352,806	62,031,486	62,031,486
Other General Expenses	6,234,326	8,072,090	8,095,709	8,722,783
Taxes	15,149,730	20,153,751	20,176,416	20,855,003
Total	76,033,835	89,578,647	90,303,611	91,609,272

General Expense: Debt Service

Purpose Statement

The purpose of the Water Utility Debt Service program is to appropriate funds for debt service on Water Utility bonds.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Debt Service	54,649,778	61,352,806	62,031,486	62,031,486

2006 Adopted Budget

General Expense: Other General Expenses

Purpose Statement

The purpose of the Water Utility Other General Expenses program is to appropriate funds for the Water Fund's share of City central costs, claims, and other general expenses.

Program Summary

Provide \$52,000 for the Water Utility portion of the Joint Training Facility (JTF) operations and maintenance costs such as space lease, staffing and utilities. The JTF provides classrooms and physical job training for staff from SPU, the Seattle Fire Department, and the Seattle Department of Transportation.

Add \$51,000 for implementation of the Web-based and Interactive Voice Response and telephone access credit card payment options for SPU's utility services. This increment allows payment options for utility customers to pay their bills on the Web or by telephone using their credit card or checking account.

Add a net of \$524,000 for technical budget adjustments to the Water Utility Other General Expenses program. The net increase includes \$351,000 for the Water Utility's share of the Limited Tax General Obligation (LTGO) bond debt service which was inadvertently omitted from the 2006 Endorsed Budget, a reduction of \$115,000 that reflects the transfer of the consolidated server room charges to the Water Utility Administration program and an increase of \$288,000 that reflects budget adjustments for master property insurance, debt service, and rent allocation.

These changes result in a net increase of approximately \$627,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Other General Expenses	6,234,326	8,072,090	8,095,709	8,722,783

General Expense: Taxes

Purpose Statement

The purpose of the Water Utility Taxes program is to appropriate funds for payment of City and state taxes.

Program Summary

Add \$420,000 for Water Utility tax payments to the City. This increase allows SPU to make appropriate city business and occupation tax payments for municipal customers who, in the past, have not been included in SPU's city tax calculations.

Add \$259,000 for Water Utility tax payments to the City to reflect updated water revenue forecasts.

These changes result in a net increase of \$679,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Taxes	15,149,730	20,153,751	20,176,416	20,855,003

Habitat Conservation Budget Control Level

Purpose Statement

The purpose of the Water Utility Habitat Conservation Budget Control Level, a Capital Improvement Program funded by water revenues, is to manage projects directly related to the Cedar River Watershed Habitat Conservation Plan.

Summary

Major projects funded in 2006 include the following:

\$1.5 million for Downstream Fish Habitat
 \$890,000 for Stream & Riparian Restoration
 \$850,000 for Upland Reserve Forest Restoration
 \$890,000 for Watershed Road Improvement/Decommissioning

Numerous budget adjustments have been made to the Habitat Conservation Budget Control Level. The total net deduction of \$4.7 million from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects and programs in 2006. The reduction of costs is largely due to the continued application of the SPU Asset Management business practices, and deferral, or delays of some projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Habitat Conservation	3,497,139	5,451,000	10,081,000	5,403,000
Full-time Equivalents Total*	22.74	22.74	22.74	22.74

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Infrastructure Budget Control Level

Purpose Statement

The purpose of the Water Utility Infrastructure Budget Control Level, a Capital Improvement Program funded by water revenues, is to repair and upgrade the City's water lines, pump stations, and other facilities.

Summary

Major projects funded in 2006 include the following:

- \$2.2 million for Heavy Equipment Purchases - Water
- \$3 million for Pump Station - Queen Anne
- \$1.6 million for Seismic Upgrade - Tanks
- \$5.3 million for Water Infrastructure - Service Renewal
- \$3.7 million for Water Infrastructure - New Taps
- \$1 million for Water Infrastructure - Watermain Extensions
- \$2.4 million for Watermain Rehabilitation

Numerous projects within the Water Utility Infrastructure Budget Control Level are revised from the 2006 Endorsed Budget to the 2006 Adopted Budget. The total net deduction of \$5.2 million more accurately reflects SPU's anticipated accomplishments for these projects and programs in 2006. The reduction of costs is largely due to the continued application of the SPU Asset Management business practices, and deferrals or delays in some projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Infrastructure	22,616,211	30,816,000	32,463,000	27,278,000
Full-time Equivalents Total*	97.50	97.50	97.50	97.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Agencies Budget Control Level

Purpose Statement

The purpose of the Water Utility Other Agencies Budget Control Level, a Capital Improvement Program funded by water revenues, is to design and construct capital improvements for other agencies, or in response to other agencies' projects, usually on a reimbursement basis.

Summary

Major projects funded in 2006 include the following:

- \$271,000 for Hidden Lakes Combined Sewer Overflow Impact Work
- \$927,000 for Multiple Utility Relocation
- \$1.9 million for Westlake Avenue Watermain Decommissioning

Numerous budget adjustments within the Water Utility Other Agencies Budget Control Level have been made from the 2006 Endorsed Budget to the 2006 Adopted Budget. The total net increase of \$452,000 more accurately reflects SPU's anticipated accomplishments for these projects in 2006.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Other Agencies	1,681,471	4,849,000	3,283,000	3,735,000
Full-time Equivalents Total*	4.74	4.74	4.74	4.74

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating Budget Control Level

Purpose Statement

The purpose of the Other Operating Budget Control Level is to fund the Water Utility's operating expenses for Engineering Services, Field Operations and Resource Management programs.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Engineering Services	2,471,669	2,518,792	2,565,977	2,565,977
Field Operations	25,902,350	27,804,092	28,110,731	28,303,231
Resource Management	7,520,277	7,618,484	7,579,460	7,579,460
Total	35,894,296	37,941,368	38,256,168	38,448,668
Full-time Equivalents Total *	299.57	303.07	303.07	302.07

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating: Engineering Services

Purpose Statement

The purpose of the Water Utility Engineering Services program is to provide engineering design and support services, construction inspection, and project management services to Water Fund capital improvement projects and to water facility managers.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Engineering Services	2,471,669	2,518,792	2,565,977	2,565,977
Full-time Equivalents Total*	20.34	19.34	19.34	19.34

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating: Field Operations

Purpose Statement

The purpose of the Water Utility Field Operations program is to operate and maintain the infrastructure that provides the public with an adequate, reliable, and safe supply of high-quality drinking water.

Program Summary

Add funding of \$193,000 for increases for fuel costs from the 2006 Endorsed Budget to the 2006 Adopted Budget. The increase in fuel costs was not anticipated when the 2006 Endorsed budget was proposed. This change results in a net increase of \$193,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Field Operations	25,902,350	27,804,092	28,110,731	28,303,231
Full-time Equivalents Total*	154.32	157.32	157.32	157.32

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Other Operating: Resource Management

Purpose Statement

The purpose of the Water Utility Resource Management program is to deliver, in a cost-effective manner, an adequate, reliable, high-quality supply of drinking water; to protect and preserve Seattle's environmental resources; and to plan and develop programs and capital improvement projects that will improve water quality, habitat, flood control, and water supply.

Program Summary

Non-budgetary changes transfer 1.0 FTE Office Maintenance Aide to the Personnel Department. Funding associated with this transfer is reflected in the department's current year revised budget.

There are no substantive changes from the 2006 Endorsed Budget.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Resource Management	7,520,277	7,618,484	7,579,460	7,579,460
Full-time Equivalents Total*	124.91	126.41	126.41	125.41

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Shared Cost Projects Budget Control Level

Purpose Statement

The purpose of the Water Utility Shared Cost Projects Budget Control Level, which is a Water Capital Improvement Program, is to implement capital improvement projects that receive funding from multiple SPU funds.

Summary

Major projects funded in 2006 include the following:

\$765,000 for Alaskan Way Viaduct & Seawall
 \$1.4 million for Facility Improvements
 \$718,000 for Meter Replacement
 \$1.4 million for Operations Control Center Upgrade
 \$762,000 for Sound Transit Light Rail
 \$1.5 million for Sound Transit Light Rail - Water Betterments

Increase by \$600,000 for the Alaskan Way Viaduct & Seawall Project. The revised project schedule includes completion of the design phase by fall 2006. SPU has not assessed impact of the \$2 billion recently provided by the Washington State Legislature for the utility relocations and replacements schedule.

Remove \$1.1 million in expenditures related to planning for the new Green Line Monorail facilities. In November 2005, Proposition 1, which concerned constructing a monorail by modifying the Seattle Popular Monorail Plan, was not approved by voters. As a result, the Monorail Green Line will not be built and the Seattle Popular Monorail Authority will be dissolved.

In addition to the above changes, several other budget adjustments have been made to the Water Utility Shared Cost Projects Budget Control Level. The total net reduction of \$607,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Shared Cost Projects	2,178,922	11,948,000	7,860,000	7,253,000

Technology Budget Control Level

Purpose Statement

The purpose of the Water Utility Technology Budget Control Level, a Capital Improvement Program, is to make use of recent technology advances to increase the Water Utility's efficiency and productivity.

Summary

Major projects funded in 2006 include the following:

\$694,000 for Asset Management - Technology
 \$700,000 for Corporate Management - Technology
 \$547,000 for Customer Management - Technology
 \$574,000 for Operations Management - Technology
 \$701,000 for Project Management - Technology
 \$978,000 for Technology Infrastructure

Numerous budget adjustments have been made to the Water Utility Technology Budget Control Level. The total net increase of \$479,000 from the 2006 Endorsed Budget to the 2006 Adopted Budget more accurately reflects SPU's anticipated accomplishments for these projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Technology	4,601,875	4,152,000	3,715,000	4,194,000
Full-time Equivalents Total*	16.00	16.00	16.00	16.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Water Quality Budget Control Level

Purpose Statement

The purpose of the Water Utility Water Quality Budget Control Level, a Capital Improvement Program funded by water revenues, is to design, construct, and repair water treatment facilities, and upgrade water reservoirs.

Summary

Major projects funded in 2006 include the following:

- \$2.4 million for Control & Data Acquisition Upgrade
- \$8.8 million for Reservoir - Beacon
- \$2.7 million for Reservoir - Myrtle
- \$5.7 million for Water System Security Improvement

The Reservoir Projects listed above include budget for adjustments to account for inflation and increased steel and construction costs. Of the total adjustments, the increased costs for steel and construction total approximately \$2 million. The contractor bid for the Water System Security project is approximately \$4.7 million higher than was anticipated in the planning estimates.

Several other budget adjustments within the Water Quality Budget Control Level have been made from the 2006 Endorsed Budget to the 2006 Adopted Budget. The total net increase of \$7.8 million more accurately reflects the costs of the projects and SPU's anticipated accomplishments for these projects in 2006.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Water Quality	20,851,541	12,747,000	12,202,000	19,992,000
Full-time Equivalents Total*	24.13	24.13	24.13	24.13

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Water Supply Budget Control Level

Purpose Statement

The purpose of the Water Utility Water Supply Budget Control Level, a Capital Improvement Program funded by water revenues, is to repair and upgrade water transmission pipelines, and promote residential and commercial water conservation.

Summary

Major projects funded in 2006 include the following:

- \$927,000 for Morse Lake Dead Storage Facilities
- \$3.7 million for Regional Water Conservation Program
- \$1 million for Seattle Direct Service Additional Conservation

Projects within the Water Supply Budget Control Level are revised from the 2006 Endorsed Budget to the 2006 Adopted Budget. The total net reduction of \$2.1 million more accurately reflects SPU's anticipated accomplishments for these projects in 2006. The reduction of costs is largely due to the continued application of the SPU Asset Management business practices, deferral of some projects, and delays in other projects.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Water Supply	5,434,950	9,558,000	8,345,000	6,235,000
Full-time Equivalents Total*	6.50	6.50	6.50	6.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Cable Television Franchise Subfund

Department Description

The City of Seattle entered into cable franchise agreements beginning in 1996 that included a new franchise fee as compensation for cable television providers locating in the public right-of-way. The Cable Television Franchise Subfund (created by Ordinance 118196) shows the anticipated revenues from the franchise fee and related expenditures in the Department of Information Technology (DOIT). Resolution 30379 establishes usage policies for the Fund, defined as funding for the Office of Cable Communications, including administration of the Cable Customer Bill of Rights and the Public, Education, and Government Access costs the City is obligated to fund under the terms of its cable franchise agreements; support for the City's government access TV channel(s), including both operations and capital equipment; programs and projects promoting citizen technology literacy and access, including related research, analysis and evaluation; and use of innovative and interactive technology, including the Internet and TV, to provide means for citizens to access City services.

Policy and Program Changes

In the 2006 Adopted Budget, \$60,000 in funding is restored to the Bill Wright Technology Matching Fund. This fund was established in 1997 and provides grants to community-based organizations to help fund a wide range of citizen-driven information technology literacy and access projects. Community organizations match the City's contribution with volunteer labor, cash and donated goods and services.

The 2006 Adopted Budget also appropriates the estimated remaining balance in the Community Television Account within the Cable Television Subfund, originally established with grant funds from cable television providers. The remainder of this grant will be used to contract with the Seattle Community Access Network (SCAN) to support continued public access television programming.

City Council Budget Changes and Provisos

The Council appropriated Cable Television Franchise Subfund resources to the Seattle Channel's budget for the purchase of portable "multi-camera" equipment to use in filming meetings and events at locations that do not have cameras installed.

Office of City Auditor

Susan Cohen, City Auditor

Contact Information

Department Information Line: (206) 233-3801

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/audit/>

Department Description

The City Auditor is Seattle's independent internal auditor established by the City Charter. The City Auditor is appointed by the chair of the City Council's Finance Committee and confirmed by the full Council to a six-year term of office.

The Office of City Auditor assists the City in achieving honest, efficient management, and full accountability throughout City government. It serves the public interest by providing the Mayor, City Council, and City managers with accurate information, unbiased analyses, and objective recommendations on how best to use public resources in support of Seattle's citizens.

The Office of City Auditor conducts financial audits, performance audits, management audits, and compliance audits of City programs, agencies, grantees, and contracts. Many of the Office's audits are performed in response to specific concerns or requests from the Mayor or City Councilmembers. If resources are available, the City Auditor responds to specific requests from City department heads. The City Auditor also independently initiates audits to fulfill the Office's mission.

Through its work, the Office of City Auditor answers the following types of questions:

- Are City programs being carried out in compliance with applicable laws and regulations, and is accurate data furnished to the Mayor and City Council on these programs?
- Do opportunities exist to eliminate inefficient use of public funds and potential waste?
- Are funds being spent legally and is accounting for them accurate?
- Are programs achieving desired results?
- Are there better ways of achieving program objectives at lower costs?
- Are there ways to improve the quality of service without increasing costs?
- What emerging or key issues should the Mayor and City Council consider?

Policy and Program Changes

There are no substantive changes from the 2006 Endorsed Budget.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Seattle Office for Civil Rights

Germaine Covington, Director

Contact Information

Department Information Line: (206) 684-4500

City of Seattle General Information: (206) 684-2489 TTY: (206) 684-4503

On the Web at: <http://www.seattle.gov/civilrights/>

Department Description

The Seattle Office for Civil Rights (SOCR) works to ensure that everyone in Seattle has equal access to housing, employment, public accommodations, and contracting. SOCR investigates and enforces City, state, and federal anti-discrimination laws, and provides public policy recommendations to the Mayor, City Council, and other City departments. The Office develops and implements policies and programs promoting fairness, equity, and diversity. It also administers the Title VI program of the 1964 Civil Rights Act, and Title II of the Americans with Disabilities Act.

SOCR prevents and remedies discrimination through enforcement, outreach, and education. The Office takes a neutral position in its complaint investigations. Until SOCR finishes an investigation, it reaches no conclusion about the complaint. SOCR encourages a negotiated resolution between parties whenever possible.

SOCR also develops anti-discrimination programs and policies, and enhances awareness through free education and outreach to businesses, community groups, and the general public. In 2004, the Office started work on the Mayor's Race and Social Justice Initiative (RSJI), an initiative designed to transform workplace policies, practices and procedures to mitigate the impact of race on the delivery of City services. The Office works closely with immigrants, people of color, women, sexual minorities, and people with disabilities and their advocates to inform them of their rights under the law. The Office publishes a wide array of printed materials, many translated into 10 different languages.

SOCR keeps civil rights issues before the public through articles in the local media, sponsorship of events such as Seattle Human Rights Day, and coordination of anti-racism projects such as "CityTalks!/CityActs! About Race." As part of a broad race and social justice movement, SOCR challenges Seattle to eliminate discrimination in all its forms. SOCR staffs three volunteer commissions - the Human Rights, Women's, and Sexual Minorities Commissions - which advise the Mayor and City Council on relevant issues.

Policy and Program Changes

The 2006 Adopted Budget increases funding for the City's Race and Social Justice Initiative as well as "It's Time to Talk" forums.

City Council Budget Changes and Provisos

The City Council added funding to support the Urban Enterprise Center's "It's Time to Talk" forums.

Civil Rights

Appropriations	Summit Code	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Department Total	1,793,527	1,729,302	1,742,757	1,861,272

Civil Rights Budget Control Level

Purpose Statement

The purpose of the Civil Rights Budget Control Level is to work toward eliminating discrimination in employment, housing, public accommodations, and contracting in Seattle through enforcement, and policy and outreach activities. The Office seeks to encourage and promote equal access and opportunity, diverse participation, and social and economic equity.

Summary

Increase General Subfund by \$75,000 for further implementation of the Race and Social Justice initiative. This includes training for City managers and other City staff on the impact of racism and multiculturalism on our work force and community, and assessing City policies, practices, programs and services to identify and reform those that cause or sustain institutionalized racism.

Increase General Subfund by \$40,000 for the Urban Enterprise Center's "It's Time To Talk" forums.

Citywide adjustments to labor costs increase the budget by about \$4,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$119,000.

Civil Service Commission

Ellis H. Casson, Chair of the Commission

Contact Information

Department Information Line: (206) 386-1301

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/csc>

Department Description

The Civil Service Commission serves as a quasi-judicial body, providing fair and impartial hearings of alleged violations of the City's personnel system. Employees may file appeals with the Commission regarding all final disciplinary actions and alleged violations of the Personnel Ordinance, as well as its related rules and policies. The Commission may issue orders to remedy violations and may also make recommendations to the Mayor and City Council regarding the administration of the personnel system. In addition, the Commission investigates allegations of political patronage to ensure the City's hiring practices are established and carried out in accordance with the merit principles set forth in the City Charter.

Policy and Program Changes

There are no substantive changes from the 2006 Endorsed Budget.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/retirement/>

Department Description

The Retirement System has two major functions: administration of retirement benefits and management of the assets of the Retirement Fund. Employee and employer contributions, as well as investment earnings, provide funding for the System. Approximately 10,222 active employee members and 4,927 retired employee members participate in the plan. The provisions of the plan are set forth in Chapter 4.36 of the Seattle Municipal Code. The plan is a "defined benefit plan," which means an employee's salary, years of service, and age at the time of retirement are used to determine the amount of retirement benefits. Retirees are given a choice of several payment options. The Retirement System is led by a seven-member Board of Administration, and an Executive Director appointed by the Board.

Policy and Program Changes

There are no substantive changes from the 2006 Endorsed Budget.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

On the Web at: <http://www.seattle.gov/ethics/>

Department Description

The Seattle Ethics and Elections Commission (SEEC) helps foster public confidence in the integrity of Seattle City government by providing education, training, and enforcement of the City's Code of Ethics and Whistleblower Code. SEEC also promotes informed elections through education, training, and enforcement of the City's Elections Code and Election Pamphlet Code.

SEEC conducts ethics training for all City employees on request, and through the City's New Employee and New Supervisor Orientation programs. It also provides ethics training information for City employees via the City's intranet site.

SEEC issues advisory opinions regarding interpretations of the Code of Ethics and also investigates and rules upon alleged violations of the Code. Thirty years of formal advisory opinions, organized and searchable by topic, are available on SEEC's web site.

Through the Whistleblower Code, SEEC helps to protect an employee's right to report improper governmental action and to be free from possible retaliation as a result of such reporting. SEEC either refers allegations of improper governmental actions to the appropriate agency or investigates those allegations itself.

SEEC fulfills the public's mandate of full campaign disclosure by training every organization required to report contributions and expenditures in proper reporting procedures, auditing every organization that reports, working with those organizations to correct errors, and making all campaign finance information available to the public. Since 1993, SEEC has made summary reports of campaign financing information available to the public. Since 1995, SEEC has published campaign financing information on its web site.

SEEC produces voters' pamphlets for City elections and ballot measures. It makes these pamphlets available in several languages and produces both an audio version and, with King County, a video version. With support of cable franchise fee revenue, SEEC continues to produce the video version of the voters' guide.

Policy and Program Changes

There are no substantive changes from the 2006 Endorsed Budget.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Ethics and Elections Budget Control Level

Purpose Statement

The purpose of the Compliance, Training, and Public Information Budget Control Level is threefold: 1) to audit, investigate, and conduct hearings regarding non-compliance with or violations of Commission-administered ordinances; 2) to advise all City officials and employees of their obligations under Commission-administered ordinances; and 3) to publish and broadly distribute information about the City's ethical standards, City election campaigns, and campaign financial disclosure statements.

Summary

There are no substantive changes from the 2006 Endorsed Budget. Citywide adjustments to labor costs increase the budget by \$3,000.

Ken Nakatsu, Director

Contact Information

Department Information Line: (206) 684-0987

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/executiveadministration/>

Department Description

The Department of Executive Administration (DEA) provides a variety of services to City departments and the public, including Citywide operational responsibilities for accounting, payroll, licensing, revenue collection and processing, animal services, weights and measures, treasury activities, purchasing, construction and consultant contracting, risk management, and the City's financial management and personnel data systems.

Policy and Program Changes

DEA's 2006 Adopted Budget augments tax auditing and enforcement staff in order to increase recovery of delinquent or unreported business and occupation taxes, and to prepare to implement changes in State laws governing the City's ability to tax firms based in Seattle that do a portion of their business outside the city. The ongoing cost increase is expected to be recovered in future years through increased revenue, once the new staff is fully trained. In addition, the 2006 Adopted Budget recognizes the addition of staff to enable DEA to administer licensing of burglar and fire alarm system monitoring companies, as authorized by Ordinance 121883. The position is supported by General Fund revenue from the licensing fees.

Based on the success of a 2005 pilot project, the 2006 Adopted Budget provides dedicated staff to increase pet license compliance. In addition, staffing for enforcement of off-leash restrictions in City parks is restored to pre-2003 levels. The 2006 Adopted Budget also augments staffing at the Seattle Animal Shelter to improve customer services, and to enable the facility to open to the public seven days a week, rather than the current six days a week.

City Council Budget Changes and Provisos

The City Council adopted the Mayor's 2006 Proposed Budget with minor changes.

Executive Administration

Executive Administration

Business Technology Budget Control Level

Purpose Statement

The purpose of the Business Technology Budget Control Level is to plan, strategize, develop, implement, and maintain business technologies to support the City's business activities.

Summary

Add \$11,000 for data processing costs associated new positions in the Revenue and Consumer Affairs, Seattle Animal Shelter, and Financial Services Budget Control Levels. Transfer out \$10,000 to the Revenue and Consumer Affairs Budget Control Level to correct a minor discrepancy in the labor budget.

Citywide adjustments to labor costs increase the budget by \$24,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$25,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Business Technology	9,712,396	8,839,493	8,995,438	9,020,571

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Executive Administration

Contracting Budget Control Level

Purpose Statement

The purpose of the Contracting Budget Control Level is to anticipate and meet customer contracting and purchasing needs; provide education throughout the contracting process; administer policy and law; implement the City's various social objectives in contracting; and provide fair, thorough, and responsive service to customers so they can meet their business needs in an affordable and timely manner.

Summary

There are no substantive changes from the 2006 Endorsed Budget. Citywide adjustments to labor costs increase the budget by \$8,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Contracting	3,350,503	3,023,918	3,050,451	3,058,913
Full-time Equivalents Total*	31.00	29.00	29.00	29.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Executive Administration

Executive Management Budget Control Level

Purpose Statement

The purpose of the Executive Management Budget Control Level is to provide executive direction and leadership, strategic financial and operational planning, risk management, human resources services, and administrative support so Department managers, staff, and other decision-makers can make informed decisions on how to best serve City customers.

Summary

There are no substantive changes from the 2006 Endorsed Budget, although an Administrative Specialist III position is increased by 0.05 FTE, from 0.95 FTE to 1.0 FTE at no net increase in cost. Citywide adjustments to labor costs increase the budget by \$6,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Executive Management	1,934,927	2,099,674	2,153,591	2,159,164
Full-time Equivalents Total*	16.95	15.95	15.95	16.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Executive Administration

Financial Services Budget Control Level

Purpose Statement

The purpose of the Financial Services Budget Control Level is to perform financial transactions, provide financial reporting, and receive and disburse funds so that the City remains fiscally solvent.

Summary

There are no substantive changes from the 2006 Endorsed Budget. Citywide adjustments to labor costs increase the budget by \$12,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Financial Services	6,869,396	7,300,760	7,501,069	7,513,308

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Executive Administration

Revenue and Consumer Affairs Budget Control Level

Purpose Statement

The purpose of the Revenue and Consumer Affairs Budget Control Level is to administer and enforce the City's license and tax codes for Seattle residents, so that budget expectations are met and consumer protection standards are upheld.

Summary

Augment tax auditing and enforcement staff to increase recovery of delinquent or unreported business and occupation taxes, and to prepare to implement changes in State laws governing the City's ability to tax firms based in Seattle that do a portion of their business outside the city. Add 2.0 FTE Tax Auditors, 1.0 FTE License and Standards Inspector, and 1.0 FTE Administrative Specialist II, and provide funding for the services of an 0.5 FTE Assistant City Attorney in the Law Department dedicated to tax delinquency cases, at a total cost of \$384,000, including \$38,000 for travel and supplies. The ongoing cost increase in future years is expected to be recovered through increased revenue once the new staff is fully trained.

Add \$77,000 and 1.0 FTE License and Standards Inspector, approved by Ordinance 121883 on August 8, 2005, to enable the Revenue and Consumer Affairs Program to issue annual regulatory licenses to burglar and fire alarm system monitoring companies and to collect the associated regulatory license fees.

Transfer in \$10,000 from the Business Technology Budget Control Level to correct a minor discrepancy in the labor budget. Add \$2,000 related to a Citywide salary adjustment for Paralegals.

Citywide adjustments to labor costs increase the budget by \$10,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$483,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Revenue and Consumer Affairs	3,732,524	3,971,450	4,092,734	4,575,342
Full-time Equivalents Total*	43.50	43.50	43.50	48.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Executive Administration

Seattle Animal Shelter Budget Control Level

Purpose Statement

The purpose of the Seattle Animal Shelter Budget Control Level is to provide enforcement, animal care, and spay/neuter services in Seattle to control pet overpopulation and maintain public safety.

Summary

Based on the success of a 2005 pilot project, provide dedicated staff to increase pet license compliance. Add 1.0 FTE Animal Control Officer II and 1.0 FTE Accounting Technician I, at a cost of \$116,000. This change is expected to result in approximately \$225,000 in ongoing General Fund pet license revenue.

Restore 2.0 FTE Animal Control Officer II positions that were abrogated in 2003 in order to return to full enforcement of off-leash restrictions in City parks, at a cost of \$128,000. The restored enforcement is expected to result in approximately \$30,000 in annual citation revenue to the General Fund.

Add 2.0 FTE Animal Control Officer I positions and 1.0 FTE Administrative Specialist I position to improve customer service at the Seattle Animal Shelter, and enable the facility to open to the public seven days a week, rather than the current six days a week. This change results in \$168,000 in increased costs, expected to result in approximately \$40,000 in increased annual pet license and adoption revenue to the General Fund.

Citywide adjustments to labor costs increase the budget by \$3,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$415,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Seattle Animal Shelter	2,512,159	2,583,537	2,664,692	3,079,862

Finance General

Dwight Dively, Director

Department Description

The mission of Finance General is to allocate General Subfund resources in the form of appropriations to reserve and bond redemption funds, City department operating funds, and certain interdepartmental projects for which there is desire for Council, Mayor, or Department of Finance oversight.

Policy and Program Changes

A number of new adjustments have been added to the Reserves BCL for the 2006 Adopted Budget. These include amounts for LID Assessments on City Property, Mayor's Youth Council, Support to King County for Waterfront Trolley Maintenance Base, as well as reserves for Center City Access, Community Court-Related Services, enterprise Seattle, Georgetown City Hall, and Hand-Held Ticketing Device Purchases.

City Council Budget Changes and Provisos

The City Council added nine new programs under the Reserves BCL totaling \$2.7 million in funding. The additional funds will support a low-income housing displacement study, expand capacity of Age 55+ Employment Resource Center in 2006, support a pilot project to link law enforcement and human service provision efforts, support the Filipino Community Center, increase inflation adjustments for Human Services Department contracts, add one-time appropriation for Shelter and Transitional Housing Services in 2006, add appropriation for SR 520 Catastrophic Failure Plan Reserve, increase support to Urban Forest Management, and deposit \$900,000 into the Revenue Stabilization Account.

City Council adopted the following budget provisos:

None of the money appropriated for 2006 for the Finance General Reserves BCL can be spent to pay for the Human Services Inflation Adjustment until authorized by future ordinance. Council does not anticipate that it will consider such an ordinance until HSD submits a plan for allocating these funds.

Of the appropriation for 2006 for Finance General Reserves BCL, \$150,000 is appropriated solely for the Filipino Community Center, and may be spent for no other purpose until authorized by future ordinance. None of the money appropriated for 2006 for the Finance General Reserves BCL can be spent to pay for the FCC until authorized by ordinance.

None of the funding appropriated for 2006 for the Finance General Reserves BCL can be spent to pay for the Age 55+ Employment Resource Center until authorized by future ordinance.

None of the funding appropriated for 2006 for the Finance General Reserves BCL can be spent for Shelter and Transitional Housing Services until authorized by future Council ordinance.

Of the appropriation for 2006 for the Finance General Reserves BCL, \$375,000 is appropriated solely for the SR 520 Catastrophic Failure Plan and may be spent for no other purpose. The Executive, with the Department of Transportation (SDOT) in the lead, will work with the appropriate departments including SDOT, Police, and Fire to itemize the appropriate contribution to each department to be used for the planning effort.

Of the appropriation for 2006 Finance General Reserves BCL, \$120,000 is appropriated solely for Urban Forest Management and may be spent for no other purpose. None of the money appropriated for 2006 for the Finance General Reserves BCL may be spent for Urban Forest Management until authorized by future ordinance.

Finance General

Of the appropriation for 2006 for the Finance General Reserves BCL, \$500,000 is appropriated solely for Center City Access and may be spent for no other purpose. None of the money appropriated for 2006 for the Finance General Reserves BCL may be spent for Center City Access until authorized by future ordinance.

Of the appropriation for 2006 for the Finance General Reserves BCL, \$1 million is appropriated solely for support to the King County Waterfront Trolley Maintenance Base and may be spent for no other purpose. None of the money appropriated for 2006 for the Finance General Reserves BCL can be spent to pay for support to the King County Waterfront Trolley Maintenance Base until authorized by future ordinance.

None of the money appropriated for 2006 for the Finance General Reserves Budget Control Level can be spent to pay for Enforcement & Human Services until authorized by future ordinance.

Appropriation to General Fund Subfunds and Special Funds Budget Control Level

Purpose Statement

The purpose of the Appropriation to General Fund Subfunds and Special Funds Budget Control Level is to appropriate General Subfund resources to bond redemption or special purpose funds. These appropriations are implemented as operating transfers to the funds, subfunds, or accounts they support.

Program Expenditures	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Arts Account - Admissions Tax for Art Programs	0	0	0	1,020,000
Cumulative Reserve Subfund - Capital Projects Account	0	0	0	677,800

Total	36,522,795	37,080,243	42,631,581	42,865,312

Contingent Support to Operating Funds Budget Control Level

Purpose Statement

The purpose of the Contingent Support to Operating Funds Budget Control Level is to appropriate General Subfund resources to line departments contingent upon the performance of certain City revenues. These appropriations are implemented as operating transfers to the funds, subfunds, or accounts they support.

Enactment of the budget ordinance authorizes the Director of Finance to transfer General Subfund resources up to the amounts described in the following programs to the destination funds, subfunds, or accounts as described, but only if, and to the extent, the conditions stated for each such transfer are met.

Program Expenditures	2004	2005	2006	2006

Contingent Support to Solid Waste Fund	0	0	0	250,000
Total	0	0	0	1,650,000

Reserves Budget Control Level

Purpose Statement

The purpose of the Reserves Budget Control Level is to provide appropriation authority to those programs for which there is no single appropriate managing department, or for which there is some Council and/or Mayor desire for additional budget oversight. Resources allocated to each program within this Budget Control Level are intended to support that program.

Department Description

The Fleets & Facilities Department was created on January 1, 2001, as part of a reorganization of City government. The Fleets & Facilities Department has four major operating functions: Real Estate Services; Capital Programs; Facilities Operations; and Fleet Services.

The Real Estate Services division manages the City's non-utility real estate portfolio, addressing short- and long-term property interests. Staff handle sales, purchases, interdepartmental transfers, appraisals, and leases, and maintain a database of all City property.

The Capital Programs division oversees the design, construction, commissioning, and initial departmental occupancy of many City facilities. Staff plan and coordinate office remodeling projects and space changes. Staff from this division also work with the consultants who manage the Civic Center redevelopment program and are responsible for the implementation of portions of the Fire Facilities and Emergency Response Levy program.

The Facility Operations division maintains many of the City's buildings, including high-rise office buildings, parking facilities, and police and fire stations. The division also operates the City's central warehousing function and City mailroom.

The Fleet Services division purchases, maintains, and repairs the City's vehicles and specialized equipment, including cars, light trucks, fire apparatus, and heavy equipment. The division also provides fuel for the City's fleet.

Policy and Program Changes

The Fleets and Facilities Department's 2006 Adopted Budget reflects a number of changes. The Vehicle Fueling program's annual budget increased by \$1.3 million in response to significant increases in fuel costs since the development of the 2006 Endorsed Budget, including the passage of the state's new biennial transportation funding bill which imposes additional fuel taxes. Fuel prices will be closely monitored in 2006 as further increases are possible.

The Facility Operations program's annual budget also increased to provide maintenance services for the new Joint Training Facility. Funding from the General Subfund is provided to cover operating costs related to the new Emergency Winter Shelter and Events Management functions for Civic Center buildings and spaces. The Events Management function will provide event scheduling and janitorial support to the new Civic Center. The Emergency Winter Shelter function provides overnight shelter, contracted security services, and janitorial support for approximately 60 nights per year during the coldest and most inclement weather.

City Council Budget Changes and Provisos

The City Council added \$30,000 to increase support for a Senior Events Booking Representative from 0.5 FTE to 1.0 FTE for events scheduling and management for Civic Center spaces. The Mayor's budget had proposed the position as part-time. Additionally, the City Council added \$45,000 to support one-time expenses related to acquiring exhibit media or enhancements for displays, improved directional and event promotion signage for the lobby, plaza, and gallery, and lighting improvements for the Anne Focke Gallery in City Hall.

The Council also adopted a number of capital provisos, as follows:

None of the money appropriated for 2006 for the Department of Fleets and Facilities Neighborhood Fire Stations Budget Control Level (BCL) can be spent to pay for the Fire Station 2 Project (Project ID = A1FL102) until authorized by a future ordinance.

None of the money appropriated for 2006 for the Department of Fleets and Facilities Neighborhood Fire Stations BCL can be spent to pay for the Fire Station 17 Project (Project ID = A1FL117) until authorized by a future ordinance.

None of the money appropriated for 2006 for the Department of Fleets and Facilities Neighborhood Fire Stations BCL can be spent to pay for the Fire Station 28 Project (Project ID = A1FL128) until authorized by a future ordinance.

None of the money appropriated for 2006 for the Department of Fleets and Facilities Neighborhood Fire Stations BCL can be spent to pay for the Fire Station 31 Project (Project ID = A1FL131) until authorized by a future ordinance.

Administration Budget Control Level

Purpose Statement

The purpose of the Administration Budget Control Level is to provide executive leadership, budget, financial and operational analyses, special studies, human resource services, legislative liaison functions, and accounting services for the Fleets and Facilities Department. These efforts aim to strategically allocate resources and maintain productive, professional work environments in compliance with City financial and personnel policies.

Summary

Add \$92,000 to reflect the transfer of budget authority for an Executive Assistant from Facility Operations to the Administration budget. The pocket is reclassified as Strategic Advisor 2.

Reduce the budget by \$52,000 to reflect the transfer of budget authority for an Administrative Specialist II to Facility Operations.

Citywide adjustments to labor costs increase the budget by \$11,000 for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$51,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Administration	3,105,031	3,047,904	3,136,379	3,187,666
Full-time Equivalents Total*	31.50	31.00	31.00	31.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Facility Operations Budget Control Level

Purpose Statement

The purpose of the Facility Operations Budget Control Level is to manage municipal property used by City staff and/or furnished by the City of Seattle; provide cost-effective maintenance, operations, inspections, and repair of City-owned facilities; provide a clean, safe, and environmentally sound work environment for all City employees working in buildings and offices managed and maintained by the Fleets and Facilities Department; manage City-owned parking facilities, providing short-term and long-term parking for the public and employee populations housed in City-owned buildings; and provide centralized support services facilities, warehousing, and mail services to ensure the City's investments and internal services are optimally utilized by departments and City residents.

Summary

Add 1.0 FTE Senior Events Booking Representative position and increase the budget by \$81,000 to provide support for events management for Civic Center spaces.

Add 1.0 FTE Laborer position and increase the budget by \$52,000 to provide support and temporary labor for events management for Civic Center spaces.

Add 1.0 FTE Building Operating Engineer position and increase the budget by \$72,000 to provide maintenance for the Joint Training Facility.

Add 0.5 FTE Carpenter position and increase the budget by \$39,000 to provide maintenance for the Joint Training Facility.

Increase the budget by \$169,000 to reflect costs for contracted and other services to provide maintenance for the Joint Training Facility.

Increase the budget by \$15,000 to provide temporary electrical maintenance for the Joint Training Facility.

Increase the budget by \$30,000 to reflect additional operating costs related to approximately 60 nights per year of janitorial services and contracted security services for the Emergency Winter Shelter.

Increase the budget by \$45,000 to reflect additional costs related to acquiring exhibit media and other enhancements for displays, improved directional and event promotion signage for City Hall.

Increase the budget by \$85,000 from the transfer of funding authority for an Information Technology Systems Analyst from the Capital Programs budget.

Increase the budget by \$52,000 from the transfer of funding authority for an Administrative Specialist II from the Administration budget to the Facility Operations budget.

Decrease the budget by \$92,000 from the transfer of funding authority for an Executive Assistant from the Facility Operations budget to the Administration budget.

Citywide adjustments to labor costs increase the budget by \$23,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$570,000.

Fleets and Facilities

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Facility Operations	27,862,099	39,002,330	36,759,155	37,299,573
Full-time Equivalents Total*	91.00	92.00	92.00	95.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Fleet Services Budget Control Level

Purpose Statement

The purpose of the Fleets Services Budget Control Level is to centrally manage the City's vehicle and equipment operations in order to ensure timely, cost-effective, and high-quality replacement of vehicles, maintenance, fueling, and short-term transportation.

Program Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Vehicle Fueling	4,270,520	3,810,278	3,954,088	5,243,402
Vehicle Leasing	11,818,859	13,666,377	13,669,177	13,222,250
Vehicle Maintenance	14,294,543	14,399,877	14,745,962	15,219,543
Total	30,383,923	31,876,532	32,369,227	33,685,195
Full-time Equivalents Total *	143.00	141.00	141.00	141.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Fleet Services: Vehicle Fueling

Purpose Statement

The purpose of the Vehicle Fueling program is to procure, store, distribute, and manage various types of liquid fuels and alternative fuels (such as compressed natural gas) for City departments and other local government agencies at prices well below the private sector, at convenient, easy-to-use fueling facilities in alignment with the City's environmental stewardship goals.

Program Summary

Increase the budget by \$1.29 million for purchasing fuel for resale due to higher gas prices.

Citywide adjustments to labor costs result in minor budget changes, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$1.29 million.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Vehicle Fueling	4,270,520	3,810,278	3,954,088	5,243,402
Full-time Equivalents Total*	3.00	3.00	3.00	3.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Fleets and Facilities

Fleet Services: Vehicle Leasing

Purpose Statement

The purpose of the Vehicle Leasing program is to procure, lease, and dispose of vehicles and equipment for City departments and other local government agencies to ensure they have the equipment necessary to support public services.

Program Summary

Technical adjustments transfer \$450,000 from this program to the Vehicle Maintenance program, to reflect a fleets billing methodology change for Seattle Public Utilities' light fleet.

Citywide adjustments to labor costs increase the budget by \$3,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$447,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Vehicle Leasing	11,818,859	13,666,377	13,669,177	13,222,250
Full-time Equivalents Total*	11.00	11.00	11.00	11.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Fleet Services: Vehicle Maintenance

Purpose Statement

The purpose of the Vehicle Maintenance program is to provide vehicle and equipment outfitting, preventive maintenance, repairs, parts delivery, and related services in a safe, rapid, and prioritized manner for City departments and other local government agencies to enable the safe and effective completion of their various missions.

Program Summary

Technical adjustments transfer in \$450,000 from the Vehicle Leasing program, to reflect a fleets billing methodology change for Seattle Public Utilities' light fleet.

Citywide adjustments to labor costs increase the budget by \$24,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$474,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Vehicle Maintenance	14,294,543	14,399,877	14,745,962	15,219,543
Full-time Equivalents Total*	129.00	127.00	127.00	127.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Fleets and Facilities

Technical Services Budget Control Level

Purpose Statement

The purpose of the Technical Services Budget Control Level is to provide capital facilities to City employees and the people of Seattle, and to develop and implement policies for the acquisition, disposition, and strategic management of City real estate. Services include architecture, engineering, space planning, project planning and development, acquisition and disposition of property rights, technical real estate services, and centralized property database management. This Budget Control Level also included the City's Design, Print and Copy Program prior to its elimination in 2005.

Program Expenditures

	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Capital Programs	2,553,038	2,296,813	2,349,259	2,271,968
City Design, Print, and Copy	2,484,036	0	0	0
Real Estate Services	1,390,182	1,821,854	1,862,683	1,870,571
Total	6,427,256	4,118,667	4,211,942	4,142,539
Full-time Equivalents Total *	56.00	30.50	30.50	31.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Technical Services: Capital Programs

Purpose Statement

The purpose of Capital Programs is to provide quality, cost-effective environments so City staff can work, and residents can conduct business, in a productive and pleasing environment.

Program Summary

Decrease the budget by \$85,000 from the transfer of funding authority for an Information Technology Systems Analyst to the Facility Operations budget.

Citywide adjustments to labor costs increase the budget by \$8,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$77,000.

Expenditures/FTE	2004	2005	2006	2006
	Actuals	Adopted	Endorsed	Adopted
Capital Programs	2,553,038	2,296,813	2,349,259	2,271,968

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Fleets and Facilities

Technical Services: City Design, Print, and Copy

Purpose Statement

The purpose of the City Design, Print, and Copy (CDPC) program, prior to its elimination, was to provide graphic design, photocopy, digital and offset printing to other City departments enabling them to communicate effectively with their customers and manage their documents efficiently.

Program Summary

This program was eliminated in 2005.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
City Design, Print, and Copy	2,484,036	0	0	0
Full-time Equivalents Total*	25.00	0.00	0.00	0.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Technical Services: Real Estate Services

Purpose Statement

The purpose of the Real Estate Services program is to provide a centralized source of information and application of policies in the acquisition, disposition, and strategic management of the City's real estate to ensure assets are managed in the long-term interests of the City and its residents as a whole.

Program Summary

Add 1.0 FTE Information Technology position to reflect the replacement of a contract employee and to provide staffing for the Citywide Real Property Asset Management Information System (RPAMIS). This action has no budgetary impact, as resulting salary and benefit increases are directly offset by a reduction in Real Estate Services' budget for professional services.

Citywide adjustments to labor costs increase the budget by \$8,000.

	2004	2005	2006	2006

Capital Improvement Program Highlights

The Fleets & Facilities Department's Capital Improvement Program (CIP) is responsible for general government facilities. Examples include the City's core public safety facilities, comprising both fire stations and police precincts; maintenance shops and other support facilities; and the City's downtown office buildings. In addition, FFD is responsible for the management and upkeep of several community-based facilities owned by the City.

The Department's CIP outlines the Department's plan for maintaining, renovating, replacing, and adding to this extensive inventory of buildings. The Department's CIP is financed by a variety of revenue sources, including the City's General Subfund, the Cumulative Reserve Subfund (including the unrestricted, REET I, and FFD asset preservation subaccounts), the 2003 Fire Facilities and Emergency Response Levy, Limited Tax General Obligation Bonds, proceeds from property sales, grants, and insurance recoveries.

While FFD's CIP includes dozens of projects, three major initiatives are especially noteworthy:

First, the 2003 Fire Facilities and Emergency Response Levy provides approximately \$167 million in property tax proceeds over a nine-year period. Along with approximately \$40 million from other fund sources, the Levy provides funding to support more than 40 projects to upgrade, renovate, or replace most of the City's fire stations; construct new support facilities for the Fire Department (including a new joint training facility); construct a new Emergency Operations Center and Fire Alarm Center; carry out various emergency preparedness initiatives (for example, upgrading the City's water supply system for firefighting purposes); and procure two new fireboats and rehabilitate an existing one. In most cases, Levy projects are fully appropriated in their first active year to allow the Department to undertake multi-year contracts. In 2006, approximately \$23 million from various fund sources is appropriated to projects funded under the Levy Program.

Second, in 2005, FFD began implementing a new program to enhance the City's efforts to preserve general government facility assets. New funding, collected primarily through facility space rent charges levied on City departments, provides for projects intended to preserve or extend the useful life and operational capacity of FFD-managed facilities. For the 2005-2006 biennium, \$5.8 million is appropriated for asset preservation projects, \$2.89 million of which is newly appropriated in 2006. In addition, following FFD's completion of a response to a 2005 Statement of Legislative Intent, an asset preservation reserve fund of \$1.66 million will be made available for future project-specific appropriations, subject to the provisos listed in the Council-approved changes to the FFD budget.

Third, with the sale of the Alaska and Arctic historic office buildings, the final moves of City departments into permanent office space in the Seattle Municipal Tower and other leased office space in privately owned buildings will take place. These moves will mark completion of the Seattle Municipal Tower tenant improvements, a major component of the Civic Center Master Plan.

Office of Hearing Examiner

Sue Tanner, Hearing Examiner

Contact Information

Department Information Line: (206) 684-0521

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/examiner/>

Department Description

The Office of Hearing Examiner is Seattle's quasi-judicial forum for reviewing factual and legal issues raised by the application of City Code requirements to specific people or property. As authorized by the Seattle Municipal Code, the Office conducts hearings and decides appeals in cases where citizens disagree with a decision made by a City agency. Many of the matters appealed to the Hearing Examiner relate to land use and environmental permit decisions and interpretations made by the Department of Planning and Development. The Hearing Examiner also hears appeals in many other subject areas and makes recommendations to the City Council on rezone petitions, major institution master plans, and other Council land-use actions. Pursuant to authority granted in 2004, the Hearing Examiner provides contract hearing examiner services to other local governments as well.

As the City's hearing officer, the Hearing Examiner and Deputy Hearing Examiners appointed by the Hearing Examiner, handle all pre-hearing matters, regulate the conduct of hearings and prepare decisions and recommendations based upon the hearing record and applicable law. The Code requires all examiners to be attorneys with training and experience in administrative hearings. The Hearing Examiner also appoints an administrative analyst to oversee the administrative areas of the Office, a paralegal to assist with hearings and decision preparation, and an administrative specialist to support all other Office positions and provide information to the public.

Policy and Program Changes

The 2006 Adopted Budget for the Hearing Examiner includes some slight offsetting staffing changes which are absorbed within the existing budget. A \$9,000 increase in budget authority is funded by revenue expected to be generated by contracting Hearing Examiner services to other jurisdictions in 2006. Additionally, due to a classification/compensation review completed by the Personnel Department, all Paralegals, including the Paralegal for the Hearing Examiner, receive a 4% salary increase.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Department Total	433,667	482,532	474,668	488,113

Hearing Examiner

Office of Hearing Examiner Budget Control Level

Purpose Statement

The purpose of the Office of Hearing Examiner Budget Control Level is to conduct fair and impartial hearings in all subject areas where the Seattle Municipal Code grants authority to do so (there are currently more than 50 subject areas) and to issue decisions and recommendations consistent with applicable ordinances.

Summary

Increase Deputy Hearing Examiner and Paralegal positions to 1.0 FTEs from the 2006 Endorsed cut of 0.1 per FTE.

Reduce Administrative Specialist position to 0.5 FTE from 0.7 FTE. This decrement in FTE offsets the Deputy Hearing Examiner and the Paralegal FTE increases.

Increase expenditure authority by \$9,000, as a result of General Fund revenue the Hearing Examiner anticipates to generate through contracting its services with other municipalities. This additional revenue partially offsets the costs associated with the Deputy Hearing Examiner and the Paralegal FTE increases.

Increase the Hearing Examiner Paralegal's salary by 4%, or an increment of approximately \$2,000, in response to a classification/compensation review completed by the Personnel Department.

Citywide adjustments to labor costs increase the budget by \$2,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$13,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Department Description

The Department of Information Technology (DoIT) manages the City's information technology infrastructure and performs strategic IT planning. The Department:

-coordinates strategic technology direction for the City, developing common standards, architectures, and business solutions to deliver City services more efficiently and effectively;

-builds and operates the City's corporate communications and computing assets, which include the City's telephone, radio and e-mail systems, networks and servers; and

-oversees development of the Democracy Portal, a project to improve the City of Seattle's government access television station and its accompanying Web site by providing new programming, live Web streaming and indexed video-on-demand services, and interactive services that make it easier to access government information and decisionmakers.

Policy and Program Changes

DoIT's 2006 Adopted Budget reflects an increase in budget and position authority for the Aligning City Technology (ACT) Citywide Information Technology transition team. Funding is also provided for implementing the Mayor's Action Plan on Broadband Telecommunications in order to explore private-sector interest in partnering with the City to provide expanded broadband telecommunications services to residents.

City Council Budget Changes and Provisos

The Council added staff and General Subfund funding to the Office of Electronic Communications to implement any plans that arise from the Mayor's Action Plan on Broadband Telecommunications Request for Information (RFI) process to develop a Citywide, state-of-the-art, open-access broadband network. Council also added Cable Television Franchise Subfund resources to Seattle Channel's budget for the purchase of portable "multi-camera" equipment to use in filming meetings and events at locations that do not have cameras installed.

Council also adopted the following operating budget provisos:

Of the appropriation for 2006 for the Department of Information Technology's Office of Electronic Communications BCL, \$98,000 is appropriated solely to pay for a Strategic Advisor 3 and a Senior Management Systems Analyst to implement the Action Plan for Broadband Telecommunications.

None of the money appropriated for 2006 for the Department of Information Technology's Office of Electronic Communications BCL can be spent to pay for the new Strategic Advisor 3 and Senior Management Systems Analyst to implement the Action Plan for Broadband Telecommunications, until authorized by future ordinance.

Of the appropriation for 2006 for DoIT, Finance and Administration BCL, \$227,026 is appropriated for either 1) a new Manager 3, exempt position (HR Manager); a new Manager 1, Fin, Bud & Actg position (Accounting Manager); and a new Information Technology Professional A position (Communications Engineer) or 2)

Information Technology

consultant support for preparation of an IT Consolidation Business Plan that complies with that requested in the Council's adopted Statements of Legislative Intent for the 2006 budget, and may be spent for no other purposes.

None of the money appropriated for 2006 for DoIT in any BCL can be spent for funding a new Manager 3, exempt position (HR Manager), a new Manager 1, Fin, Bud & Actg position (Accounting Manager) or a new Information Technology Professional A position (Communications Engineer) until authorized by future ordinance.

The Council does not intend to consider authorization of the use of this appropriation for funding the new Manager 3, new Manager 1, or the new Information Technology Professional A position until the Executive submits a business plan for IT consolidation that complies with that requested in the Council's adopted Statements of Legislative Intent for the 2006 budget and will consider abrogating these positions if it decides not to approve any IT consolidation.

Finance and Administration Budget Control Level

Purpose Statement

The purpose of the Finance and Administration Budget Control Level is to provide administrative and accounting services and financial information (planning, control, analysis, and consulting) to Department managers.

Summary

Add 1.0 FTE Finance Analyst, Assistant, to be funded from existing resources. Add \$225,000 and 1.0 FTE Manager 1, 1.0 FTE Manager 3, and 1.0 FTE Finance Analyst, Senior for the Aligning City Technology project.

Citywide adjustments to labor costs increase the budget by \$7,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$232,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Office of Electronic Communications: Citywide Web Team

Purpose Statement

The purpose of the Citywide Web Team is to provide leadership in using Web technology and a Web presence for residents, businesses, visitors, and employees so they have 24-hour access to relevant information and City services. This team also supports the Web and video streaming components of the Democracy Portal.

Program Summary

Citywide adjustments to labor costs increase the budget by approximately \$5,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Information Technology

Office of Electronic Communications: Community Technology

Purpose Statement

The purpose of the Community Technology program is to provide leadership, education, and funding so all Seattle residents have access to computer technology and on-line information.

Program Summary

Add \$60,000 to restore funding for the Technology Matching Fund.

Citywide adjustments to labor costs increase the budget by \$3,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$63,000.

	2004	2005	2006	2006

Office of Electronic Communications: Office of Cable Communications

Purpose Statement

The purpose of the Office of Cable Communications program is to negotiate with, and regulate, private cable communications providers so residents receive high-quality, reasonably priced services.

Program Summary

Transfer in \$264,000 from the Community Television Account within the Cable Franchise Subfund to contract with the Seattle Community Access Network to support public access television. Add \$205,000 to fund the Mayor's Action Plan on Broadband Telecommunications.

Increase appropriations by \$98,000 in General Subfund funding to add full-time position authority for 1.0 FTE Strategic Advisor III and 1.0 FTE Senior Management Systems Analyst on July 1, 2006. The new staff will implement any plans that arise from the Mayor's Action Plan on Broadband Telecommunications Request for Interest (RFI) process to develop a Citywide, state-of-the-art, open-access broadband network.

Citywide adjustments to labor costs increase the budget by \$2,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$569,000.

	2004	2005	2006	2006

Information Technology

Technology Infrastructure: NetWare and NT Servers Services

Purpose Statement

The purpose of the NetWare and NT Servers Services program is to provide, operate, and maintain Citywide and departmental servers for various City departments so that they have a reliable client-server environment for providing their services to other government entities and to the general public.

Program Summary

Increase budget by \$85,000 in appropriation authority only for costs of Citywide Blackberry data and phone service management, which are passed on to user departments. Departments are expected to manage Blackberry charges within their existing budgets.

Citywide adjustments to labor costs reduce the budget by \$2,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$83,000.

	2004	2005	2006	2006

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Technology Infrastructure: Technology Engineering and Project Management

Purpose Statement

The purpose of the Technology Engineering and Project Management program is to engineer communications systems and networks, and to manage large technology infrastructure projects for City departments to facilitate reliable and cost-effective use of communications and technology.

Program Summary

Add 1.0 FTE Information Technology Professional B in a budget-neutral transfer of responsibilities from individuals working for outside agencies to regular City employees.

Citywide adjustments to labor costs increase the budget by approximately \$3,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Technology Engineering and Project Management	1,216,771	2,851,441	2,894,811	2,897,596
Full-time Equivalents Total*	5.50	6.00	6.00	7.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Information Technology

Technology Infrastructure: Telephone Services

Purpose Statement

The purpose of the Telephone Services program is to provide, operate, and maintain a telecommunications infrastructure, and to provide related services to City employees so they have a highly available means of communication.

Program Summary

Increase budget by \$329,000 in appropriation authority only for costs of Citywide Blackberry data and phone service management, which are passed on to user departments. Departments are expected to manage Blackberry charges within their existing budgets.

Add 1.0 FTE Information Technology Professional A in a budget-neutral transfer of responsibilities from individuals working for outside agencies to regular City employees.

Citywide adjustments to labor costs increase the budget by \$12,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$341,000.

	2004	2005	2006	2006
Expenditures/FTE	Actuals	Adopted	Endorsed	Adopted
Telephone Services	6,905,333	8,101,640	8,302,611	8,643,504
Full-time Equivalents Total*	26.50	27.50	27.50	28.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Technology Infrastructure: Warehouse

Purpose Statement

The purpose of the Warehouse program is to provide acquisition, storage, and distribution of telephone, computing, data communications, and radio components to the Department so equipment is available when requested by customers.

Program Summary

Increase budget by \$27,000 in appropriation authority only for costs of Citywide Blackberry data and phone service management, which are passed on to user departments. Departments are expected to manage Blackberry charges within their existing budgets.

Citywide adjustments to labor costs increase the budget by \$1,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$28,000.

	2004	2005	2006	2006

Technology Leadership and Governance: Citywide Technology Leadership and Governance

Purpose Statement

The purpose of the Citywide Technology Leadership and Governance program is to establish strategic directions, identify key technology drivers, support effective project management and quality assurance, and provide information, research, and analysis to departmental business and technology leaders.

Program Summary

Add \$251,000 to fund 1.0 FTE Strategic Advisor 2 and an existing, but unfunded, 1.0 FTE Executive 3 to support the Aligning Citywide Technology project.

Add 1.0 FTE Strategic Advisor 1 in a budget-neutral transfer of responsibilities from individuals working for outside agencies to regular City employees.

Citywide adjustments to labor costs increase the budget by \$8,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$259,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Information Technology

Technology Leadership and Governance: Law, Safety, and Justice

Purpose Statement

The purpose of the Law, Safety, and Justice program is to provide strategic planning, direction, and oversight for technology investments to the Fire, Law, and Police departments, as well as the Municipal Court, so investments are aligned with departmental and City objectives.

Program Summary

There are no substantive changes from the 2006 Endorsed Budget.

Information Technology

Capital Improvement Program Highlights

The Department of Information Technology (DoIT) builds, manages and maintains City government information technology infrastructure, including radio, telephone and computer networks used by other City departments to serve constituents. DoIT also manages the City's central data center, which houses most of the computer servers used by City departments, and directs the development of certain computer applications projects on behalf of other departments, primarily the public safety departments.

The Capital Improvement Program (CIP) supports the Department's mission by providing for new investments in, and major upgrades and improvements to, the City's existing technology networks and systems. The DOIT CIP projects in the 2006 Adopted Budget include planning, repair, construction and modification of various improvements to the City's data and communications infrastructure; installation of additional fiber optic cable links and spurs to various locations, including Seattle schools and under-served areas such as south and southeast Seattle; replacement of software, hardware and electronics in the City's telephone and data network to introduce improved service and features useful to City employees and constituents, specifically for 24 hour-a-day access to City services; planning and acquisition of a message switch for public safety agencies; and development and implementation of a replacement records management (RMS) computer system and a replacement computer-aided dispatch (CAD) computer system for the Seattle Police Department.

Office of Intergovernmental Relations

Susan Crowley Saffrey, Director

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/oir/>

Department Description

The Office of Intergovernmental Relations (OIR) provides advice and information to, and on behalf of, City elected officials, City departments, and external customers. The primary goal of these efforts is to ensure the City's interests are advanced with international, federal, state, and regional entities to enable the City to better serve the community.

Policy and Program Changes

The 2006 Adopted Budget increases funding for the Trade Development Alliance and for federal lobbying related to funding for the Alaskan Way Viaduct and seawall replacement projects.

City Council Budget Changes and Provisos

The City Council adopted the Mayor's 2006 Proposed Budget with minor changes.

Intergovernmental Relations

Intergovernmental Relations Budget Control Level

Purpose Statement

The purpose of the Intergovernmental Relations Budget Control Level is to promote and protect the City's federal, state, regional, and international interests by providing strategic advice, representation, and advocacy to, and on behalf of, City elected officials on a variety of issues. These include: federal and state executive and legislative actions; issues and events relating to the City's international relations; and jurisdictional issues involving King County, suburban cities, and regional governmental organizations.

Summary

Increase General Subfund by \$145,000 to enhance congressional lobbying for federal funding of the Alaskan Way Viaduct and seawall projects. This continues efforts begun in 2005 using other City funds.

Increase General Subfund by approximately \$12,000 for the Trade Development Alliance membership dues.

Citywide adjustments to labor costs increase the budget by \$4,000, for a net increase from the 2006 Endorsed Budget of approximately \$161,000.

Legislative Department

Jan Drago, Council President

Contact Information

Department Information Line: (206) 684-8888 TTY: (206) 233-0025

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/council/>

Department Description

The Legislative Department focuses on the mandate of the Seattle City Council. Since 1910, the Council has been the City's representative electoral body, composed of nine at-large, non-partisan elected Councilmembers. The Department has four distinct divisions: the City Council, the Office of the City Clerk, the Central Staff, and Administrative Services. Each section of the Department supports some aspect of the mandated role of the Council, and works with citizens and City departments.

The nine Councilmembers establish City laws, approve the annual budget, oversee the executive operating departments, and ensure the City provides a quality environment for its citizens through its policy-making role.

The Office of the City Clerk provides support for the legislative process of the City and the Council, and is the organizational center for two Citywide programs: the Seattle Municipal Archives and Records Management.

Central Staff provides critical policy and budget analysis for Councilmembers and their staff.

Administrative Services provides budget and finance, technology, office systems, human resources, public information, and special projects services to the Legislative Department, Office of City Auditor, and the Office of Professional Accountability Review Board. The Office of Professional Accountability Review Board was created in 2002 to provide citizen oversight of the actual Office of Professional Accountability in the Police Department. This three-member board reports to the Council through the chair of the committee that handles public-safety issues.

Policy and Program Changes

The 2006 Adopted Budget increases funding for Council agenda implementation, for public involvement work related to Open Space Seattle: 2100, and for technical and policy analysis staff added through legislation in mid-year 2005.

City Council Budget Changes and Provisos

Funding is provided to support Open Space Seattle: 2100, and to assist in implementing the Council's 2006 agenda.

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Legislative Department: City Council

Purpose Statement

The purpose of the City Council program is to set policy, review, consider, and determine legislative action, approve the City's budget, and provide oversight of City departments. This program houses the nine elected Councilmembers and their personal staff. The Council represents the City in regional committees working on issues of regional interest.

Program Summary

Add \$150,000 to support implementation of the Council's 2006 agenda.

Add \$10,000 for public involvement work related to Open Space Seattle: 2100.

Citywide adjustments to labor costs increase the budget by about \$18,000, for a net increase from the 2006 Endorsed Budget of approximately \$178,000.

Office of the Mayor

Greg Nickels, Mayor

Contact Information

Department Information Line: (206) 684-4000

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/mayor/>

Department Description

The mission of the Mayor's Office is to provide honest, accessible leadership to residents, employees, and regional neighbors of the City of Seattle that is clear and responsible, in an environment that encourages ideas, civic discourse, and inclusion for the entirety of the City's diverse population, creating an even better place to live, learn, work, and play.

The municipality of Seattle is a "strong Mayor" form of government, with the Mayor governing the Executive Branch as its chief executive officer. More than 25 department and office directors and commission members are appointed by the Mayor, work directly for the Mayor, and have been delegated the day-to-day authority to administer their respective departments, offices, and commissions. The many legal roles and responsibilities of the Mayor and those working directly for the Mayor are prescribed in the City Charter, state statutes, and municipal ordinances. Elections for this nonpartisan office are held every four years.

Mayor Greg Nickels has established four priorities for his administration:

- Get Seattle Moving - Recognize that transportation is a vital issue for our economy, the environment, and the people of Seattle.
- Keep Our Neighborhoods Safe - Public safety is the paramount duty of the City and our police and fire personnel will have the training and equipment they need to make Seattle the most-prepared city in the country.
- Create Jobs and Opportunity For All - Economic opportunity means creating jobs and an environment that invites new investment.
- Build Strong Families and Healthy Communities - Foster a renewed commitment to our neighborhoods and recognize that our diverse cultures bring life, vitality, and economic growth to Seattle.

Policy and Program Changes

There are no substantive changes from the 2006 Endorsed Budget.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Department Description

The Personnel Department provides human resource services, tools, and expert assistance to departments, policymakers, employees, and the public so the City of Seattle's diverse work force is deployed, supported, and managed fairly to accomplish the City's business goals in a cost-effective and safe manner. The Personnel Department has four primary areas of operation:

- Employment and Training provides staffing services, mediation, employee development opportunities, and technical assistance to all City departments so the City can meet its hiring needs efficiently, comply with legal guidelines, and help organizations, departments, and employees accomplish the City's work.
- Employee Health Services makes available quality, cost-effective employee benefits, health care, workers' compensation, and safety services to maintain and promote employee health and productivity. In addition, this program administers the Seattle Voluntary Deferred Compensation Plan and Trust.
- Citywide Personnel Services provides human resources systems, policy advice, information management, finance and accounting services, and expert assistance to departments, policymakers, and employees.
- City/Union Relations and Classification/Compensation Services supports efforts to ensure the City's work environment is effective, efficient, and fair, and its diverse work force is managed and compensated fairly.

Policy and Program Changes

The Personnel Department continues its migration from a paper-based to a technology-focused department. A departmentwide reorganization shifts staff and responsibilities among programs, resulting in a consolidation of technical staff in the Citywide Personnel Services Program. A new position will support data maintenance and ongoing technology needs.

After several years of reductions, a training position is increased from part-time to full-time to offer classes needed by City workers that are now provided by consultants.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

City/Union Relations and Class/Comp Services Budget Control Level

Purpose Statement

The purpose of the City/Union Relations and Classification/Compensation Services Budget Control Level is to ensure the City's diverse work force is managed and compensated fairly. City/Union Relations staff provide technical and professional labor-relations services to policymakers and management staff of all City departments. The Class/Comp staff develop pay programs, perform compensation analysis, and provide classification services and organizational consultation to all City departments.

Summary

As part of a departmentwide reorganization of staff and resources, reduce this program's budget by \$118,000.

Transfer 1.0 FTE HRIS Analyst position and \$75,000 to the Citywide Personnel Services Program to consolidate analyst positions in the Information Management unit.

Citywide adjustments to labor costs increase the budget by \$10,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$183,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
City/Union Relations and Class/Comp Services	2,474,818	2,637,974	2,706,090	2,522,663
Full-time Equivalents Total*	29.50	25.50	25.50	24.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Citywide Personnel Services Budget Control Level

Purpose Statement

The purpose of the Citywide Personnel Services Budget Control Level is to establish Citywide personnel rules and provide human resources systems, policy advice, information management, finance and accounting services, contingent work force oversight, and expert assistance to departments, policymakers, and employees so the City can accomplish its business goals in a cost-effective manner. This program includes Policy Development, Information Management, Finance and Accounting, Temporary Employment Services, and other internal support services.

Summary

As part of a departmentwide reorganization of staff and resources, increase this program's budget by \$218,000.

Transfer the Temporary Employment Services unit from the Employment and Training Program. This transfer includes \$234,000 and 1.0 FTE Personnel Specialist Assistant and 2.0 FTE Temporary Employment Specialists.

Transfer 0.5 FTE of an existing Administrative Specialist II position and \$33,000 from the Employment and Training Program, allowing greater administrative support for the Department while maintaining services to the Fire and Police Examinations unit in the Employment and Training Program.

Transfer 1.0 FTE HRIS Analyst position and \$75,000 from the City/Union Relations Program to consolidate analyst positions in the Information Management unit.

Add 1.0 FTE regular Management Systems Analyst position to assume ongoing technology development tasks formerly performed by temporary employees. Transfer in \$82,000 from the Employment and Training Program to fund this new position.

Administrative corrections add 1.0 FTE Personnel Analyst, Sr. to the Citywide Personnel Services Program.

Citywide adjustments to labor costs increase the budget by \$6,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$648,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Citywide Personnel Services	2,920,234	2,243,884	2,317,812	2,965,521
Full-time Equivalents Total*	25.00	22.00	22.00	28.50

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Employee Health Services Budget Control Level

Purpose Statement

The purpose of the Employee Health Services Budget Control Level is to provide quality, cost-effective employee benefits, health care, workers' compensation, and safety programs to maintain and promote employee health and productivity. This program also includes administration of the Seattle Voluntary Deferred Compensation Plan and Trust.

Summary

As part of a departmentwide reorganization of staff and resources, reduce this program's budget by \$8,000.

Citywide adjustments to labor costs increase the budget by \$6,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$2,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Employee Health Services	2,620,651	2,808,045	2,877,230	2,875,097
Full-time Equivalents Total*	27.00	26.00	26.00	26.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Employment and Training Budget Control Level

Purpose Statement

The purpose of the Employment and Training Budget Control Level is to provide staffing services, employee-development opportunities, mediation, and technical assistance to all City departments so the City can meet its hiring needs efficiently, maintain legal compliance, and help organizations and employees accomplish the City's work in a productive and cost-effective manner. This control level includes the Police and Fire Exams, Employment, Supported Employment, EEO, Alternative Dispute Resolution, and Career Quest units.

Summary

Increase a 0.5 FTE Training Development and Program Coordinator position to full time, reducing spending on outside vendors and providing more computer training classes with City staff.

As part of a departmentwide reorganization of staff and resources, reduce this program's budget by \$171,000.

Transfer 0.5 FTE of an existing Administrative Specialist II position and \$33,000 to the Citywide Personnel Services Program, allowing greater administrative support for the Department while maintaining services to the Fire and Police Examinations unit in the Employment and Training Program.

Transfer the Temporary Employment Services unit to the Citywide Personnel Services Program. This transfer includes \$234,000 and 1.0 FTE Personnel Specialist, Assistant and 2.0 FTE Temporary Employment Specialists.

Administrative corrections eliminate 1.0 FTE Training Development and Program Coordinator position.

Non-budgetary changes transfer in 2.0 FTE Office/Maintenance Aides, one from the Seattle Public Utilities and one from the Department of Planning and Development. Funding associated with these transfers is reflected in the department's current year revised budget.

Citywide adjustments to labor costs increase the budget by \$4,000, for a net reduction from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$435,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Employment and Training	2,137,217	2,251,757	2,298,953	1,863,519
Full-time Equivalents Total*	46.50	28.00	28.00	26.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

Personnel Compensation Trust Funds

Department Description

The Personnel Compensation Trust Funds are five subfunds of the General Fund administered by the Personnel Department. These five funds serve as a means to manage Citywide contractual obligations on behalf of employees and City departments. City departments transfer monies to these subfunds, which are then paid out to various insurance companies, service providers, and individuals. The five subfunds are the Group Term Life Insurance Subfund, the Health Care Subfund, the Industrial Insurance Subfund, the Special Employment Subfund, and the Unemployment Compensation Subfund.

Policy and Program Changes

In 2006, the accounting methodology for the Special Employment Subfund is changed to directly charge City departments for all expenses related to temporary, work study, and intern employees hired through the Special Employment Program. This change nearly eliminates all revenues and expenditures of this subfund.

2005 and 2006 projected medical claims are higher than originally forecasted, requiring the use of nearly all of the Rate Stabilization Fund contained within the Health Care Subfund. Newly-settled labor contracts provide for a new mechanism for sharing increased medical costs between the City and employees. The City will experience the impacts of the new cost-sharing in 2007.

There are no substantive changes from the 2006 Endorsed Budget for the other subfunds.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Personnel Compensation Trust Funds

Appropriations	Summit Code	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Group Term Life Budget Control Level	NA000	865,995	835,000	835,000	850,000
Health Care Budget Control Level	NM000	81,841,667	85,373,087	95,479,617	97,930,108

Other		106,358,092	116,293,392	126,509,069	116,400,575
Department Total		106,358,092	116,293,392	126,509,069	116,400,575

Personnel Compensation Trust Funds

Group Term Life Budget Control Level

Purpose Statement

The purpose of the Group Term Life Budget Control Level is to provide appropriation authority for the City's group term life insurance, long-term disability insurance, and accidental death and dismemberment insurance.

Summary

Increase anticipated expenditures by \$15,000 to reflect updated claims assumptions.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Group Term Life Program	865,995	835,000	835,000	850,000

Personnel Compensation Trust Funds

Health Care Budget Control Level

Purpose Statement

The purpose of the Health Care Budget Control Level is to provide for the City's medical, dental, and vision insurance programs; the Flexible Spending Account; the Employee Assistance Program; and COBRA. The City is self-insured for some medical insurance plans and carries insurance for other medical plans, and for all dental and vision plans.

Summary

The City has agreed to new labor contracts with many of its unions, changing the prior agreements for City and employee contributions to cover the cost of providing medical, dental, and vision coverage to employees. One provision of the new agreement provides for a nearly complete use of the Rate Stabilization Fund contained within the Health Care Subfund in 2006 to keep costs to City departments and employees at expected levels. Benefit changes provided in the new agreement and an increase in medical claims beyond projections raise expected expenditures by \$2.45 million in 2006.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
Health Care Program	81,841,667	85,373,087	95,479,617	97,930,108

Personnel Compensation Trust Funds

Industrial Insurance Budget Control Level

Purpose Statement

The purpose of the Industrial Insurance Budget Control Level is to provide for medical claims, preventive care, workplace safety programs, and directly-related administrative expenses. Since 1972, the City of Seattle has been a self-insured employer as authorized under state law. The Industrial Insurance Subfund receives payments from City departments to pay for medical claims, preventive care, workplace safety programs, and directly-related administrative expenses.

Summary

Increase expected claims costs by \$2.27 million to recognize an increase in the payments to injured workers assessed by the state Labor and Industries committee.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Industrial Insurance Program	13,076,719	12,110,305	12,169,452	14,440,467

Personnel Compensation Trust Funds

Special Employment Budget Control Level

Purpose Statement

The purpose of the Special Employment Budget Control Level is to provide appropriation authority for the City's costs to hire temporary workers. Revenue and appropriations for these costs are managed through the Special Employment Subfund of the General Fund through the end of 2005.

Summary

Decrease expected expenditures by \$14.85 million to recognize a change in accounting practice for this subfund. Starting in 2006, all expenses related to employees hired through the Special Employment Program will be charged directly to City departments, rather than passed through the Special Employment Subfund. This program occasionally provides employees to outside agencies, accounting for the small remaining expenditures.

	2004	2005	2006	2006
Expenditures	Actuals	Adopted	Endorsed	Adopted
Special Employment Program	8,374,753	15,000,000	15,000,000	150,000

Personnel Compensation Trust Funds

Unemployment Compensation Budget Control Level

Purpose Statement

The purpose of the Unemployment Compensation Budget Control Level is to provide the budget authority for the City to pay unemployment compensation expenses. The City is a self-insured employer with respect to the payment of unemployment compensation. The Unemployment Compensation Subfund contains the revenues and expenditures associated with the City's unemployment insurance costs for employees.

Summary

Increase expenditures by \$5,000 to pay for increased costs for the third party administration of this program.

	2004	2005	2006	2006

Contact Information

Department Information Line: (206) 684-8041

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

Department Description

The Office of Policy and Management (OPM) assists the Mayor and Council in developing and analyzing policy on issues facing the City. In addition, OPM coordinates and leads initiatives and projects involving multiple City departments. For example, complex real estate development projects require the participation of a variety of disciplines and City departments, as well as external stakeholders. OPM also works to develop partnerships to achieve City goals, taking advantage of the talent and perspectives of various private, public and community partners. OPM monitors critical external factors affecting Seattle's economic and community health, and recommends appropriate strategies. Finally, OPM works with other City departments to ensure progress is being made on high-priority work items.

Policy and Program Changes

The 2006 Adopted Budget increases funding for technical expertise in complex construction project management at Northgate, transit-oriented development planning related to Southeast Seattle, and an evaluation of the Seattle Municipal Court's Community Court program. One position is added.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Policy and Management

Policy and Management Budget Control Level

Purpose Statement

The purpose of the Policy and Management Budget Control Level is to provide policy assessment support to the Mayor and Council on major policy issues facing the City, and oversee progress on major projects and initiatives.

Summary

Add \$120,000 to fund a project manager to coordinate the City's activities in construction management of private and public properties at Northgate.

Add \$30,000 to fund an evaluation of the Seattle Municipal Court's new Community Court pilot program targeting chronic offenders who fail to comply with sanctions and fail to appear for court.

Add \$110,000 and 1.0 FTE Strategic Advisor 3, as well as \$75,000 in consulting funds, for transit-oriented development planning related to the Southeast Seattle Action Agenda.

Citywide adjustments to labor costs increase the budget by \$7,000, for a net increase from the 2006 Endorsed Budget of approximately \$342,000.

Office of Sustainability and Environment

Steve Nicholas, Director

Contact Information

Department Information Line: (206) 615-0817

City of Seattle General Information: (206) 684-2489 TTY: (206) 615-0476

On the Web at: <http://www.seattle.gov/environment>

Department Description

The Office of Sustainability and Environment (OSE) promotes healthy, resource-efficient, environmentally sustainable practices by the City government and in the community. In addition, OSE leads the development and implementation of the City's Environmental Action Agenda (EAA), a cross-departmental strategy for environmental stewardship and sustainability development. OSE works with City departments and other partners to advance the EAA's three goals:

- Reduce human and environmental risks, and lower City operating costs through increased resource efficiency and waste reduction;
- Protect and seek opportunities to restore ecological function through more sustainable approaches to managing the built environment, urban forest, and green spaces; and
- Improve mobility, environmental quality, and social equity through smart transportation services and solutions.

Policy and Program Changes

In 2006, OSE continues its collaboration with City agencies, business groups, nonprofit organizations, and other partners to protect and enhance Seattle's distinctive environmental quality and livability. Specifically, a Planning and Development Specialist position and funding are added to complete the Climate Protection Action Plan and to assist with the implementation of the plan across City departments. This position, added only for 2006, performs research and analysis, and provides reports on climate protection issues to the Green Ribbon Commission, a panel of high-level business, government, and civic leaders charged with providing a set of recommendations to reduce greenhouse gas emissions in Seattle.

The budget also includes funding for the City's share of the cost of a position provided through an exchange program with the federal Environmental Protection Agency (EPA). The EPA provides a senior-level staffer with a strong background in environmental management, policy, and analysis. The partnership allows OSE to work with City departments to implement the green building program, expand on green purchasing efforts with the Department of Executive Administration, and promote the use of green products in City projects.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Sustainability and Environment

Office of Sustainability and Environment Budget Control Level

Purpose Statement

The purpose of the Office of Sustainability and Environment Budget Control Level is to reduce the impact of City government operations and services on the environment, and to promote more resource-efficient and environmentally responsible practices by Seattle businesses, institutions, and households.

Summary

Add 1.0 FTE Planning and Development Specialist and \$53,000 in 2006 only, to complete Seattle's Climate Protection Action Plan. The position, added only for 2006, performs research and analysis and provides reports to the Green Ribbon Commission, a panel of high-level business, government, and civic leaders charged with providing a set of recommendations to reduce global warming pollution in Seattle. This regular position assumes tasks formerly performed by temporary employees.

Add \$30,000 for the City's share of the cost of a position provided through an exchange program with the federal Environmental Protection Agency (EPA). This position assists departments with the implementation of the City's green building policy and program and green purchasing efforts, and works with private developers to accelerate the adoption of green building practices.

Increase the budget by \$8,000 in 2006 only for unanticipated unemployment claims costs.

Citywide adjustments to labor costs increase the budget by \$2,000, for a net increase from the 2006 Endorsed Budget to the 2006 Adopted Budget of approximately \$93,000.

Expenditures/FTE	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted

Full-time Equivalents Total*	4.00	4.00	4.00	5.00

**FTE totals provided for information purposes only. Authorized positions are reflected in the Position List Appendix.*

General Subfund

Department Description

The General Subfund of the City's General Fund is the primary operating fund of the City. Appropriations and expenses for many of the services most commonly associated with the City, such as police and fire, are accounted for in the General Subfund. The Subfund is supported primarily by property, sales, business and utility taxes.

The City's financial policies do not require a fund balance to be maintained in the General Subfund. Instead, the City reserves resources for unanticipated expenses or revenue shortfalls associated with general government in the Emergency Subfund of the General Fund and in the Revenue Stabilization Account of the Cumulative Reserve Subfund. As a result of this practice, General Subfund balances usually are spent in their entirety either in the current or next fiscal years.

General Subfund

General Subfund Fund Table

The City's financial policies do not require a fund balance be maintained in the General Subfund. Instead, the City funds the Emergency Subfund to the legal maximum each year and maintains a variety of dedicated reserve funds. Thus, General Subfund balances usually are carried over and spent in the following year.

Charter revenues represent 10% of certain fees and taxes that are dedicated as revenue to the Department of Parks and Recreation (DPR) as per City Charter. These Charter revenues comprise about 25-30% of the Department's budgeted revenue and the rest is provided from DPR fees and miscellaneous revenue, and from the General Subfund. In order to ensure stability in DPR budgeting, the sum of the General Subfund support and Charter revenues remains the same in a budget cycle regardless of fluctuations in Charter revenues. To implement this, the General Subfund off-sets any Charter revenue changes; thus, Charter revenues are reflected in General Subfund revenues and expenses to illustrate the full impact of Charter revenue fluctuations on the General Subfund.

Under the City Charter, 10% of certain revenues are deposited into the Parks Fund. These are noted by the 90% figures above. This requirement also applies to certain license revenues.

Totals may not add up due to rounding.

Emergency Subfund

Department Description

Under the authority of state law RCW 35.32A.060, the City maintains a financial reserve called the Emergency Subfund of the General Fund. This subfund is the principal reserve for the City and is available to pay for unanticipated or unplanned expenditures that occur during the fiscal year. City policy (Resolution 30379) directs that sufficient resources shall be appropriated to the Emergency Subfund so that its starting balance each year equals the maximum permitted by state law (37.5 cents per thousand dollars of assessed value in Seattle).

Policy and Program Changes

The 2006 Adopted Budget ensures that the balance of the Emergency Subfund (ESF) is at the maximum amount permitted by law for both 2005 and 2006. For 2005, the 2005 Third Quarter Supplemental Ordinance increased General Subfund support to the ESF by \$1 million, of which approximately \$800,000 reimbursed the ESF for expenses associated with Ordinance 121742, supporting a variety of community development plans. The rest of the additional General Subfund contribution in 2005 reflected the higher limit to the ESF due to exceptionally strong growth in assessed values.

City Council Budget Changes and Provisos

For 2006, the City Council reduced the General Subfund support to the Emergency Subfund by \$128,000 to reflect lower than anticipated growth in assessed value.

Emergency Subfund

Ending Fund Balance	31,727,668	32,729,131	32,912,668	34,212,668	35,746,668

Judgment/Claims

Department Description

The Judgment/Claims Subfund provides for the payment of legal claims and suits brought against the City government. The subfund receives appropriations from the General Subfund and the utilities to pay the judgments, settlements, claims, and other eligible expenses expected in the following year. Unused balances, if any, may reduce the contribution required in succeeding years.

General Fund-supported departments with 2% or more of historical Judgment/Claims costs make premium payments to the subfund directly from their budgets. Finance General covers premiums for departments with less than 2% of historical Judgment/Claims costs. Utilities pay their actual expenses as incurred.

Policy and Program Changes

The Judgment/Claims Subfund appropriation authority is reduced by the transfer of funding to the Law Department and a reduction in Law Department charges to the Judgment/Claims Subfund in 2006.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Judgment/Claims

Judgment/Claims

Judgment Claims - General Budget Control Level

Purpose Statement

The purpose of the Judgment/Claims Subfund is to provide for the payment of legal claims and suits brought against the City government. The subfund receives appropriations from the General Subfund and the utilities to pay for the judgments, settlements, claims, and other eligible expenses expected in the following year. Unused balances, if any, may reduce the contributions required in succeeding years.

General Fund-supported departments with 2% or more of historical Judgment/Claims costs make premium payments to the subfund directly from their budgets. Finance General covers premiums for departments with less than 2% of historical Judgment/Claims costs. Utilities pay their actual expenses as incurred.

Summary

Reduce Judgment/Claims Subfund appropriation authority by \$450,000 for expenses that will be retained by the Law Department in 2006, including a \$250,000 transfer to the Law Department's Adopted Budget. To appropriately adjust fund balances, Judgment/Claims Subfund charges to Finance General are also reduced by the same \$450,000.

Municipal Civic Center Master Plan

Department Description

The Municipal Civic Center Master Plan is a Council-adopted capital development program for Seattle City government offices. The Plan is grouped into four projects within the Fleets & Facilities Department's Capital Improvement Program: City Hall; Justice Center; Arctic Building Seismic; and Civic Center Plan - Seattle Municipal Tower, Airport Way Center, and Other Projects.

Policy and Program Changes

There are no substantive changes from the 2006 Endorsed Budget. The final financial activity in this fund will likely be completed in 2006 and the fund may be closed at year-end.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Parking Garage Operations Fund

Department Description

The Parking Garage Operations Fund receives the revenues and pays the operating and debt service costs for the Pacific Place Garage located between Sixth and Seventh Avenues and Pike and Olive Streets in downtown Seattle. The City took over responsibility for the Garage in November 1998. In this biennium, as in all prior years, garage revenues and subfund balances are estimated to be sufficient to cover all operating and debt service costs.

Policy and Program Changes

In the 2005-2006 biennium, the Parking Garage Operations Fund will continue to collect parking fees, pay operating expenses, and pay debt service costs in amounts consistent with trends established in 2003 and 2004. Parking rates were adjusted in mid-2004 and are expected to be adjusted again in early 2006.

City Council Budget Changes and Provisos

There are no Council changes or provisos.

Parking Garage Operations Fund

Pacific Place Garage Budget Control Level

Purpose Statement

This provides appropriation authority for the City's expenses to operate the Pacific Place Garage located between Sixth and Seventh Avenues and Pine and Olive Streets in downtown Seattle. The City took over responsibility for the Garage in November 1998.

Cumulative Reserve Subfund

Department Description

The Cumulative Reserve Subfund (CRS), authorized under state law, is used primarily for maintenance and development of City capital facilities. The subfund is divided into two accounts, the Capital Projects Account and the Revenue Stabilization Account.

The Capital Projects Account provides funds for an array of capital projects, with a primary focus on maintaining and rehabilitating existing City facilities. Starting in 2005, the Capital Projects Account includes the Asset Preservation Subaccount - Fleets and Facilities and the Street Vacation Subaccount (replacing the Street Vacation Compensation Fund), in addition to four other subaccounts described below.

- The Real Estate Excise Tax I (REET I) Subaccount is funded by a 0.25% tax on real estate transactions. A portion of these proceeds is used to pay debt service on bonds issued in 1992 and refinanced in 1998 for low-income housing and recreation facilities.
- The Real Estate Excise Tax II (REET II) Subaccount is funded from an additional 0.25% tax on real estate transactions and is kept separate due to different state requirements regarding the use of these funds. REET II is used for a variety of capital projects authorized by state law.
- The South Lake Union Property Proceeds Subaccount receives funding from sales of certain surplus City property located adjacent to South Lake Union and investment earnings attributable to the subaccount. Guidance on the use of these funds is generally governed by Resolution 30334.
- The Unrestricted Subaccount receives funding from a variety of sources, including a portion of street vacation revenues, transfers of General Fund balances, property sales, investment earnings (net of investment earnings attributable to the South Lake Union Property Proceeds Subaccount and the Asset Preservation Subaccount - Fleets and Facilities), and other unrestricted contributions to the Cumulative Reserve Subfund.
- The Asset Preservation Subaccount - Fleets and Facilities receives a portion of the funds collected from space rent charges on certain Fleets and Facilities Department (FFD) facilities and interest earned on subaccount balances. For the 2005-06 biennium, FFD supplements rent revenues with Department fund balances generated from operational savings. Use of these funds is limited to asset preservation expenses in certain FFD facilities. A portion of the funds (\$2.46 million) are held in Finance General for various purposes, including as an asset preservation reserve fund that may be used upon FFD's completion of an asset preservation study requested under a Statement of Legislative Intent.
- The Street Vacation Subaccount receives funding from a portion of street vacation revenues. In 2001, the state Legislature made major changes in the law pertaining to vacation compensation. These changes allowed cities, in certain circumstances, to charge a vacation fee that is the full-appraised value of the right-of-way and mandated that least one half of the vacation compensation fees received be dedicated to the acquisition, improvement, development, and related maintenance of public open space or transportation capital projects within the city. This subaccount tracks those funds.

The Revenue Stabilization Account, created through Ordinance 119761, provides a cushion from the impact of sudden, unanticipated shortfalls in revenue due to economic downturns that could undermine City government's ability to maintain services. The account is limited by ordinance to 2.5% of the prior year tax revenues. Approximately \$3.5 million is held within the account in 2006.

Appropriations shown from the Cumulative Reserve Subfund (CRS) on the following pages are for special purposes, such as debt service payments and the City's Tenant Relocation Assistance Program. Actual appropriations for capital projects funded by the CRS are made in the appropriate department's section, with the exception of the following special projects. Department capital projects are fully described in the 2006-2011 Adopted Capital Improvement Program.

Policy and Program Changes

Changes from the 2006 Endorsed Budget are found in descriptions of individual departments' sections within the 2006-2011 Adopted Capital Improvement Program.

City Council Budget Changes and Provisos

There are no Council changes or provisos related to the following budget control levels in the CRS section.

1998B Capital Facilities Refunding REET I Budget Control Level**Purpose Statement**

The following appropriation from the Cumulative Reserve Subfund will cover debt service on 1998 Series B Limited Tax General Obligation bonds which were issued to refund bonds issued in 1992 at lower interest rates.

Summary

There are no substantive changes from the 2006 Endorsed Budget.

Expenditures	2004 Actuals	2005 Adopted	2006 Endorsed	2006 Adopted
1998B Capital Facilities Refunding	2,558,931	3,004,000	3,004,000	2,946,013

Artwork Conservation - OACA - CRF-UR Budget Control Level

Purpose Statement

The Arts Conservation Program, administered by the Office of Arts & Cultural Affairs, includes professional assessment, conservation, repair, routine and major maintenance and relocation of artwork for both the City's 400-piece, permanently sited art collection and the 2,700-piece portable artwork collection. The entire collection is an asset to the City and while major maintenance is generally not required for the new artwork entering the collection, professional routine care and responses to vandalism are necessary to protect this investment.

Summary

There are no substantive changes from the 2006 Endorsed Budget.

Note: The assets and appropriations in the Street Vacation Compensation Subfund are transferred to the new Street Vacation Subaccount and the existir fund is closed. The above table excludes the Revenue Stabilization Account, created through Ordinance 119761 to provide a cushion from the impact of sudden, unanticipated shortfalls in revenue due to economic downturns that could undermine City government's ability to maintain services. The account limited by ordinance to 2.5% of the prior year tax revenues. There is approximately \$4.4 million held within the account in 2006.

Debt Appropriation

City Debt

In addition to the regular operating budget, the City uses bonds and property tax levies to fund a variety of special capital improvement projects. The City's budget must include funds to pay interest due on outstanding bonds and to pay the principal amount of bonds at maturity. The City has issued three types of debt to finance its capital improvement programs:

Unlimited Tax General Obligation Bonds

The City may issue Unlimited Tax General Obligation Bonds (UTGO) for capital purposes if a proposition authorizing their issuance is approved by 60% of the voters in an election in which the number of voters exceeds 40% of the voters in the most recent general election. Payment of principal and interest is backed by the "full faith and credit" of the City. This means that the City commits itself to include in its property tax levy an amount that is sufficient to pay principal and interest on the bonds. Property taxes levied to pay debt service on UTGO bonds are not subject to the statutory limits in state law on the taxing authority of local governments, which is why UTGO bonds are "unlimited." However, state law does limit the amount of UTGO bonds that can be outstanding at any time to 7.5% of assessed valuation: 2.5% for open space and park facilities, 2.5% for utility purposes, and 2.5% for general purposes. As of December 31, 2004, there were approximately \$213 million in UTGO bonds outstanding; much of which (\$192 million) had been issued specifically for libraries as part of Libraries for All. Outstanding UTGO bonds for utility purposes totaled \$21 million.

Limited Tax General Obligation Bonds

The City Council may authorize the issuance of Limited Tax General Obligation Bonds (LTGO), also known as Councilmanic bonds, in an amount up to 1.5% of assessed valuation without a vote of the people. The City pledges its full faith and credit to the payment of principal and interest on LTGO bonds, but this pledge must be fulfilled within the statutory limitation on the City's taxing authority. Thus, these are "limited" general obligation bonds. The combination of UTGO bonds issued for general purposes and LTGO bonds cannot exceed 2.5% of assessed valuation. If LTGO bonds are issued up to the 1.5% ceiling, then UTGO bonds for general purposes are limited to 1% of assessed value.

The City also guarantees debt issued by its Public Development Authorities (PDAs) under certain circumstances. As of December 31, 2004, the guarantees totaled \$39.4 million. Guarantees count against the City's LTGO debt capacity.

Revenue Bonds

Revenue bonds are used to provide financing for the capital programs of City Light and the three utilities, Water, Drainage and Wastewater, and Solid Waste, which are grouped together in Seattle Public Utilities. The City does not pledge its full faith and credit to the payment of debt service on revenue bonds. Payment of principal and interest on the bonds issued by each utility is derived solely from the revenues generated by the issuing utility. No tax revenues are used to pay debt service. When revenue bonds are sold, the City commits itself to set fees and charges for the issuing utility that will be sufficient to pay all costs of operations and maintenance, and all payments of principal and interest on the bonds. While the amount of revenue bonds is not subject to statutory limits, there are practical limitations in that it may not be possible to sell revenue bonds if the amount of bonds outstanding grows to the point that the financial community questions the ability of the issuing utility to make timely payments of principal and interest on the bonds.

Forms of Debt Authorized by State Law

Table 1 on the following page summarizes the conditions and limitations that apply to the issuance of the three types of debt issued by the City.

Debt Appropriation

Table 1 – Summary of Conditions and Limitations For City Debt Issuances

Form of Debt	Voter Approval Required	Source of Repayment	Statutory Limitation	Current Limit*	Outstanding 12-31-04*
Unlimited Tax General Obligation Bonds (UTGO)					
Parks & Open Space	Yes	Property Tax	2.5% of AV	\$2.2 Billion	\$0
Utilities	Yes	Property Tax	2.5% of AV	\$2.2 Billion	\$21 Million
General Purposes	Yes	Property Tax	1.0 % of AV**	\$883 Million	\$192 Million
Limited Tax General Obligation Bonds (LTGO)	No	Taxes and Other Revenues	1.5% of AV**	\$1.3 Billion	\$789 Million***
Utility Revenue	No	Utility Revenues	None	None	\$2.7 Billion

* As of 12/31/04, assuming the latest certified assessed value of \$88 billion, issued on March 9, 2005, for taxes payable in 2006.

** The sum of UTGO and LTGO debt for general purposes cannot exceed 2.5% of assessed valuation.

***Includes \$39.4 million of PDA debt guarantees.

City Debt Management Policies and Bond Ratings

The use of debt financing by the City is subject not only to state law, but also to the debt management policies adopted by the Mayor and City Council. According to these policies, a capital project should be financed with bond proceeds only under the following circumstances:

- in emergencies;
- when the project being financed will produce revenues that can be used to pay debt service on the bonds; or
- when the use of debt will result in a more equitable sharing of the costs of the project between current and future beneficiaries of the project.

It is the last of these circumstances that most often justifies the use of debt financing. Paying for long-lived assets, such as libraries or parks, from current tax revenues would place a large burden on current taxpayers, while allowing future beneficiaries to escape the burden of payment. The use of debt effectively spreads the cost of acquiring or constructing capital assets over the life of the bonds. The City's debt management policies require that 12% of the City's LTGO total issuance capacity be reserved for emergencies. They also state that net debt service on LTGO bonds (defined as total debt service, minus debt service paid from project revenues) should not exceed 9% of the General Fund budget, and should remain below 7% under most circumstances.

The City has earned very high ratings on its bonds as a result of a strong economy and prudent financial practices. The City's UTGO debt is rated Aaa by Moody's Investors Service, AAA by Fitch IBCA, and AAA by Standard & Poor's (S&P), which are the highest possible ratings. The City's LTGO debt is rated AAA by S&P, AA+ by Fitch and Aa1 by Moody's. In addition, the City's utilities have very high ratings for revenue debt, reflecting sound finances and good management. Moody's rates SPU Water and Drainage and Wastewater debt at the Aa2 level, City Light Aa3, and SPU Solid Waste A1. S&P rates SPU Water at AA and Drainage and Wastewater at AA-, City Light at A and SPU Solid Waste at A+.

2005 Bond Issue and Debt Service

The City issued \$129.5 million of LTGO bonds in 2005 to finance a variety of capital projects and to refinance the 1995A, 1997A, and 1999B bonds at lower interest rates. Debt service on outstanding voter-approved debt will remain at about \$26 million in 2006.

2006 Projected Bond Issue

In 2006, the City expects to issue approximately \$24 million of limited tax general obligation bonds for a variety of purposes. Table 2 on the following page lists the financed projects and other details of the financing plan.

Debt Appropriation

Position List Introduction

The following list is the official list of regular positions for each department of the City of Seattle. The following information is adopted by the City Council for 2006: the number of regular positions by title, and whether these positions are part-time or full-time at the department level. For informational purposes, the list includes full-time equivalent (FTE) data. Temporary positions are not included in this list.

Relevant definitions:

Full-Time Equivalent (FTE): A term that expresses the amount of time a position has been budgeted for in relation to the amount of time a regular, full-time employee normally works in a year. For budget and planning purposes, a year of full-time employment is defined as 2,088 hours. A position that has been budgeted to work half-time for a full year, or full-time for only six months, is 0.50 FTE.

Types of Positions: There are two types of positions authorized through the position lists that are adopted at the same time as the budget. They are identified by one of the following characters: **F** for **Full-Time** or **P** for **Part-Time**.

- **Regular Full-Time** is defined as a position budgeted for 2,088 compensated hours per year, 40 hours per week, 80 hours per pay period, and is also known as one full-time equivalent (FTE).
- **Regular Part-Time** is defined as a position that has been designated as part-time, and that requires an average of 20 hours or more, but less than 40 hours of work per week during the year. This equates to an FTE value of at least 0.50 and no more than 0.99.

2006 Statements of Legislative Intent

Economic Development and Neighborhoods

1. City Funding for Business Development and Retention Efforts

Statement of Legislative Intent: The City provides funding to a number of organizations – EnterpriseSeattle (\$75,000) the Manufacturing Industrial Council (\$50,000) to provide business development and retention services in Seattle. In addition, three staff in the Office of Economic Development provide some of these services as well. It is unclear to what extent City support for these efforts is cost effective and achieves real outcomes as it relates to either attracting new businesses to the City or helping to retain/expand existing businesses already located in the City.

The Council requests the Executive to provide a report that outlines what each of the above organizations provides in the way of business development and retention services, the outcomes that have been achieved over the last several years by these organizations, and any possible modifications recommended as it relates to the funding of these services by the City.

Responsible Council Committee(s): Economic Development and Neighborhoods

Date Due to Council: April 3, 2006

2. Neighborhood Conservation District

Statement of Legislative Intent: The City Council requests that the Department of Neighborhoods, in cooperation with the Department of Finance, prepare and submit a report to the City Council that addresses the following:

1. Estimate of the total cost of the program, including staffing and other costs. Staffing costs should include workload incurred by other departments such as Hearing Examiner and Law.
2. Analysis of funding options to support a sustained Neighborhood Conservation District program. Compare costs and associated funding sources with other similar size (area and population) cities who manage these programs. Funding options may include cost sharing with residents and businesses in the District, Neighborhood Matching Funds, among others.
3. Based on DON's review of 30 jurisdictions with conservation districts, are there lessons learned? Are there "best practices" for developing and maintaining such a program?
4. Describe the process to reach out to property owners and a description of what consensus means for creating a district. What happens if property owners request to "opt out" of the program?
5. Provide a list of neighborhoods who have expressed some level interest for such a designation.
6. Describe the structure and membership for the Neighborhood Conservation Commission.

It is the Council's intent that this report be submitted to be reviewed with the Council before the Council will act on any proposed design guidelines, process, and legislation creating the Neighborhood Conservation District.

Responsible Council Committee(s): Economic Development and Neighborhoods

Date Due to Council: June 15, 2006

Energy and Technology

3. Reorganization of the City of Seattle's Green Building Team

Statement of Legislative Intent: The Council requests that the Green Building Team provide an annual written report. The initial report will be due by the end of 2005 and each year thereafter until the proposed Memorandum of Understanding between Seattle Public Utilities, City Light, the Department of Planning and Development and the Office of Sustainability and Environment expires or such time as the Green Building Team has been disbanded and personnel transitioned back to City Light and SPU.

This report shall include:

1. Goals and objectives for the upcoming year,
2. Work plan for the upcoming year,
3. Proposed budget for the upcoming year,
4. Allocation of budget among participating departments and allocation methodology used,
5. Specific metrics to be used in measuring success for the upcoming year,
6. List of deliverables for the upcoming year,
7. Evaluation of prior year performance, and
8. Specific benefits to SPU and City Light ratepayers from prior year activities.

Responsible Council Committee(s): Energy and Technology; Environment, Emergency Management and Utilities

Date Due to Council: Annual written report

4. Information Required Prior to Council Approval of Consolidation of Information Technology Functions within the Department of Information Technology

Statement of Legislative Intent: In order to consider approving any consolidation of information technology functions and services within the Department of Information Technology (DoIT), the Council requires a detailed IT Consolidation Business Plan. In order for the Council to approve an IT consolidation effective on the Executive's target date of January 1, 2007, the detailed Business Plan including all the information requested below in phases 1 and 2 must be delivered to the Council no later than **August 1, 2006**. The business plan will be presented to the Council in the two phases described below. *The Council expects that, if requested, IT consultants and the Information Technology Advisory Board (ITAB) members will be made available to brief the Council and individual Councilmembers.* (The ITAB is a Citywide steering committee created specifically to advise the IT consolidation project).

Phase 1, due March 31, 2006, should include:

1. An analysis of the advisability and feasibility of an IT consolidation, including recommended options for whether and how to proceed and for any such recommended option, a description of the costs and benefits. To the extent possible, an estimated dollar value of each cost and benefit described should be provided along with key assumptions used to derive the estimate. Information should also be provided regarding when costs are

expected to be incurred and when benefits are expected to be realized. Cost should include a description of any new positions in DoIT and in other City departments affected by an IT consolidation. For each new position, the scope of work, the fully loaded cost, whether permanent or temporary (and if temporary, the duration), should be given. Cost should also include best estimates of any consultants, required trainings, new equipment and software (including licenses and maintenance contracts). Benefits should include best estimates of labor savings assuming existing service levels, savings on applications cost and savings on infrastructure costs. Information on costs and benefits will be supplemented during Phase 2 to the fullest extent possible.

2. An evaluation of different scopes of consolidation and possible ways to phase a consolidation and a recommendation regarding the scope of any consolidation and whether to phase a consolidation. At a minimum, the analysis should consider:
 - which core services to consider consolidating, whether it would be advisable to use a phased approach, and if so, which functions would be consolidated first and what a reasonable schedule for consolidating additional functions would be; and
 - whether it would be advisable to consolidate core functions for only some targeted City departments initially and then in subsequent years include other departments; or
 - whether it would be advisable to phase some subset of services and departments.
3. A preliminary documentation of existing IT service levels provided by each department proposed to be involved in a consolidation and preliminary estimates of the cost of delivering those service levels now, all at a level of detail necessary to support the cost benefit analysis of consolidation requested in #1 above. Such departments will be expected to assist and fully cooperate in developing this documentation.

Phase 2, due August 1, 2006, should include:

1. Completion of the documentation of existing IT service levels and costs begun in #3 above.
2. Proposed performance measures that would be used to gauge future levels of service with consolidation and targeted levels to be achieved with consolidation along with the likely costs to departments. These costs should be compared to the estimated cost of providing the target level of service without the consolidation.
3. If utility-related functions are to be consolidated, the plan should include a system for tracking and reporting utility-related costs to ensure that utility funding reflects the cost of services that benefit utility rate payers.
4. A consideration of new IT governance structures or other arrangements to ensure that IT needs of departments served by DoIT consolidated services are being met at a fair and competitive price and that anticipated efficiencies from any consolidation are being achieved.
5. A plan for achieving the required level of support for any consolidation from both affected departments and City IT professionals that may be affected by a consolidation.
6. A discussion of whether DoIT has the necessary managerial capacity to manage a major IT consolidation and if not, steps to build such a capacity (the cost of which should be included in #1 above).
7. A plan for tailoring the level of service to the level that each department needs, and to charge accordingly.

Responsible Council Committee(s): Energy and Technology

Date Due to Council: Phase 1: March 31, 2006. Phase 2: August 1, 2006

5. Action Plan on Broadband Telecommunications

Statement of Legislative Intent: It is the Council's intent that the Department of Information and Technology establish an interdepartmental team (IDT) to provide coordination with DoIT and oversight of its consultant(s) in the preparation of a Request for Interest (RFI) for potential providers, partners and investors for the proposed city-wide broadband network. The IDT shall include representation from key departments that can contribute to or make use of this network, as well as Council staff. In carrying out this effort, DoIT and the IDT should:

1. Include Council staff in the IDT work program and oversight of the RFI consultant(s), beginning in 4th Quarter 2005 and continuing throughout 2006.
2. Report to the Council's Energy and Technology Committee as appropriate during the 2nd Quarter 2006 on:
 - a. a draft of the RFI prior to issuance; and
 - b. status of responses to the RFI.
3. Report to the Council's Energy and Technology Committee by July 1, 2006, on the evaluation and selection of a proposed partner(s), including a report on proposed next steps for implementation of the Action Plan, supported by a detailed business case including benefits, revenues and costs to the City.

Responsible Council Committee(s): Energy and Technology

Date Due to Council: 2nd Quarter 2006; July 1, 2006

Environment, Emergency Management and Utilities

6. Reorganization of the City of Seattle's Green Building Team (See #3 under Energy and Technology, page 7).

7. Seattle Public Utilities (SPU) Reorganization

Statement of Legislative Intent: The City Council requests that if a proposal for reorganization emerges from SPU's 2005 review of its organizational structure, such a proposal should be submitted to Council by February 28, 2006. The submittal should include:

1. An explanation of the goals of the reorganization.
2. A comparison of the 2005 organizational structure and the new organizational structure, including charts of each.
3. A description of modifications in utility services associated with the new organization and any efficiencies expected as a result of reorganization.
4. A cross-walk to allow comparison of financial reports prior to the reorganization to the financial reports after reorganization.
5. Any legislation needed to implement budget or staffing changes associated with the reorganization.

Responsible Council Committee(s): Environment, Emergency Management and Utilities

Date Due to Council: February 28, 2006

8. Utility Low-Income Emergency Assistance Report and Program

Statement of Legislative Intent: The City Council intends to evaluate and implement workable approaches to assist low-income customers who face utility shut-off due to non-payment of their bills. A Seattle Public Utilities (SPU) pilot project to help these low-income customers is scheduled for completion in December 2005. The Council requests that SPU submit a report by March 31, 2006 that uses the results of the 2005 pilot project to recommend an ongoing utility emergency assistance program. The report should include:

1. An explanation of the program goals and design.
2. An explanation of how the program incorporated the results of the pilot project.
3. A description of expected program results including the:
 - a) Number of customers to be assisted and characteristics of those customers,
 - b) Total amount of assistance to be provided and amount per customer,
 - c) Amount of assistance per customer compared to the total amount of the customers' unpaid bills,
 - d) Staffing and administrative costs associated with the program,
 - e) Performance measures for the program and a plan for evaluating and periodic reporting of program results.
4. Funding mechanisms for the program and an explanation of rate impacts to other customers of providing emergency assistance to low-income customers.

The Council further requests that the services provided under the pilot project continue to be provided until an ongoing emergency assistance program is in place following SPU's report to Council.

The Council also intends to consider the cost of low-income emergency assistance in its review of revenue requirements associated with any rate proposals submitted in 2006 or beyond.

Responsible Council Committee(s): Environment, Emergency Management and Utilities

Date Due to Council: March 31, 2006

9. Submittal and Presentation of Urban Forest Management Plan

Statement of Legislative Intent: It is the intent that the Executive present a draft of the Urban Forest Management Plan to the Council. This is to provide an opportunity for Council review and for public comment on the plan before it is finalized.

The City Urban Forestry Coalition, an inter-departmental group that shares information regarding forestry issues, is developing an Urban Forest Management Plan to establish city-wide standards for tree maintenance and removal.

The coalition is made up of representatives from the City's Parks Department, Department of Transportation, Seattle City Light, Seattle Center, Fleets and Facilities Department, Department of Neighborhoods, and Seattle Public Utilities.

The Urban Forest Management Plan will establish a long-range tree management program and put into place a baseline for goals and standards for city departments. Also, this plan will review standards for tree removal and replacement and make any necessary recommendations for change.

The Council requests the departments to continue looking for best practices and efficiencies in the administration and delivery of service for long-range tree management.

The Council also requests that the coalition consider the following factors in completing their development of the Urban Forest Management Plan:

- Factors that determine tree replacement:
 - Appropriate type
 - Size of planting area will determine if a large, medium or small tree is planted
 - Tree canopy size
 - Standard girth
- Other factors regarding long-term tree management:
 - Tree removal
 - Tree trimming
 - Balance quantity with quality
 - Three-year establishment period
 - Watering needs for maintaining newly planted trees, especially those in limited impervious surfaces (surrounding sidewalks) around those planted by SDOT.

The Urban Forest Management Plan should also include information on any other additional needs concerning workforce demands, support and any other costs or funding that these departments may require establishing and implementing the new Urban Forest Management Plan.

Responsible Council Committee(s): Environment, Emergency Management and Utilities; Parks, Education, Libraries and Labor; Transportation

Date Due to Council: The draft Urban Forest Management Plan is due to the Council on or before March 31, 2006

10. Emergency Preparedness Information

Statement of Legislative Intent: The City Council is committed to helping households, businesses, and other organizations within the city be prepared in the event of an emergency. The Council is aware that the director of the Office of Emergency Management (OEM) in the Seattle Police Department has been in her position only since mid-2005, and that the position of Public Education Coordinator in OEM is currently vacant and is anticipated to be filled by the end of 2005. Once OEM is fully-staffed, the Council will look to OEM to have a comprehensive plan for emergency preparedness within the city.

It is the City Council's intent, in approving the 2006 budget for OEM, that OEM submit to the Council, no later than March 1, 2006, a description of the City's plan to have households, businesses, and other organizations prepared in the event of an emergency. This description should include at least the following.

General emergency preparedness plan:

- Organization chart for OEM with a description of the function of each position;
- Description of the inter-departmental emergency preparedness activities within City government;
- Description of how the City's information technology (IT) systems would continue to function in an emergency;
- Description of the partnerships with outside entities; and
- What measurable goals OEM proposes to use to assess its effectiveness over time.

Outreach portion of plan:

- Description of the strategies and methods that OEM will use to educate and train Seattle residents and workers about personal preparedness, including the extent to which OEM will rely on training City employees, partnerships, outside trainers, volunteers (and paid volunteer coordinators), special outreach campaigns, web-cast training, and other methods; and
- Description of how OEM will provide emergency preparedness training to all of Seattle's diverse communities, including traditionally under-served neighborhoods and groups, lower-income residents, and people whose first language is other than English.

Based on its review of this information, the Council may recommend an increase in budget and/or staffing for 2007-2008.

Responsible Council Committee(s): Public Safety, Governmental Relations and Arts; Utilities, Environment and Emergency Management

Date Due to Council: March 1, 2006

Finance and Budget**11. Citywide Position List**

Statement of Legislative Intent: It is the City Council's intent that the Executive continue tracking vacant positions and reporting to the Council on a quarterly basis. In order to ensure that the quarterly vacancy reports are accurate, Council requests the Executive to provide:

1. Guidelines and criteria for when the practice of "double-pocketing" (putting two people in one position) may be employed;
2. Methods for tracking the positions that are affected by double-pocketing; and
3. Disclosure of double-pocketing impacts on vacancy reports.

Responsible Council Committee(s): Finance and Budget

Date Due to Council: April 30, 2006

12. Review of City's Hybrid and Alternative Fuel Vehicle Policies and Goals

Statement of Legislative Intent: Council requests that by June 30, 2006, the Fleets and Facilities Department complete and present a review of existing City policies and goals with regard to the purchase of hybrid and alternative fuel vehicles for the City Fleet. This review should conclude with recommendations about whether and how existing City policies and goals should be modified to reflect the broader range of hybrid (beyond just compacts and sub-compacts) and all-electric vehicles that are now becoming available in the marketplace. As part of this review, Fleets and Facilities is also requested to: (1) review FFD's performance relative to existing policies and targets; and (2) complete a life-cycle cost analysis comparing the net costs of operating hybrid, all-electric and non-hybrid vehicles.

Responsible Council Committee(s): Finance and Budget

Date Due to Council: June 30, 2006

13. Real Estate Excise Tax (REET) Financial Policies

Statement of Legislative Intent: It is the intent of the Council to have the Department of Finance develop financial policies for the use of Real Estate Excise Tax (REET) revenues on a City-wide basis, including debt policies, and guidelines regarding projecting future levels of REET revenues. Specifically, these proposed policies should address how available REET funds will be allocated among departments to support minimum levels of basic maintenance investments and what share of future REET revenues can be prudently allocated toward debt service City-wide.

Responsible Council Committee(s): Finance and Budget

Date Due to Council: April 1, 2006

Housing, Human Services and Health**14. Age 55+ Employment Resource Center**

Statement of Legislative Intent: The City Council appropriates \$75,000 in Finance General to expand the capacity of the Age 55+ Employment Resource Center (ERC). This appropriation includes a budget proviso specifying that expenditure authorization for this funding is subject to future Council action. The Executive is requested to submit the following to Council for review prior to the release of these funds:

1. A proposal to address increasing client backlog and caseload for existing employment counselors and anticipated growth in demand for ERC services, as well as service limitations connected to current federal funding sources; and
2. A detailed budget, including staffing costs and any position authority required to meet the goal of expanding program capacity; and
3. A timeline for implementing the necessary program changes to expand the services offered by the ERC.

Responsible Council Committee(s): Housing, Human Services and Health

Date Due to Council: March 1, 2006

15. Pilot Project to Link Law Enforcement and Human Service Provision Efforts

Statement of Legislative Intent: An Oversight Committee (OC) will be created that consists of representation from:

- Seattle Police Department
- Office of Housing
- Human Services Department
- Seattle-King County Coalition for the Homeless
- Seattle-King County Bar Association Drug Policy Project
- A citizen member of each Precinct Advisory Council or its equivalent
- Council Central Staff
- Seattle Municipal Court
- City Attorney's office
- Human Rights Commission

The OC will recommend to the City Council's Public Safety, Governmental Relations and Arts and Housing, Human Services and Health Committees a proposed pilot program that addresses the harm homeless individuals and offenders do to themselves as well as the harm that is done to the quality of life in City neighborhoods where these individuals congregate. The OC may choose one or more neighborhoods for this initial effort.

The focus of this pilot program will be to create and implement a plan to enhance information sharing and collaboration about public safety issues between the Seattle Police Department, citizens, and relevant agencies (See Resolution 30773, adopted in May 2005; copy attached.) while engaging both homeless individuals and offenders of street crime to best link them to the services

they need to address such issues as drug addiction, alcoholic inebriation, mental illness, homelessness, and unemployment.

Funding for the pilot program could be used to fund civilian law enforcement staff such as Crime Prevention Coordinators, Community Service Officers, or School Resources Officers as well as social services such as: drug/alcohol treatment, mental health, employment, and housing.

The OC will provide quarterly written reports to the City Council's beginning, May 1, 2006. Quarterly reports will provide information on the progress and implementation of this effort and make recommendations for any changes in implementation to facilitate a more effective program.

Responsible Council Committee(s): Housing, Human Services and Health; Public Safety, Governmental Relations and Arts

Date Due to Council: quarterly reports beginning May 1, 2006

16. Police Department: Elder Abuse Investigations

Statement of Legislative Intent: In approving the appropriation for the Police Gender & Age Crimes Investigations Budget Control Level, it is the Council's intent that the Police Department give high priority to protecting elderly and vulnerable adults from financial exploitation and physical abuse and neglect.

The Council requests the Department to continue the initiatives in this area described in its responses to the 2005 Statement of Legislative Intent on the same topic. These include (but are not limited to) the development of a coordinated approach to elder abuse under the Domestic Violence Strategic Plan and the development of an implementation team and implementation plan based on model programs. The Council requests the Department to report on its progress in these initiatives in April and September of 2006.

The Council also requests the Department to continue to report on its performance in elder abuse investigations, including the number of elder abuse cases, the number of these cases referred for investigation, the number of open investigations and the outcomes of investigations. These reports should include not only the elder abuse investigations conducted by the Domestic Violence & Family Protection unit, but also those conducted by the Fraud, Forgery & Financial Exploitation unit and the Violent Crimes Investigations section. They should also compare the Department's performance in these investigations to its performance in other kinds of investigations conducted by the Gender & Age Crimes Investigations section, the Fraud, Forgery & Financial Exploitation unit and the Violent Crimes Investigations section so that the Council may determine whether the Department is assigning appropriate priority to elder abuse investigations. The Council requests the Department to deliver these reports in April and September of 2006.

Responsible Council Committee(s): Housing, Human Services and Health

Date Due to Council: Progress and performance reports: April 30, 2006 and September 30, 2006

17. Low-income / Affordable Housing Inventory

Statement of Legislative Intent: Council requests that the Office of Housing (OH) conduct an inventory of low-income and affordable households. As a first phase of this inventory, OH should convene and staff an advisory group with membership from entities established by Council. This group should establish an inventory methodology, agreed upon indicators, inventory timeline, cost estimate and scope. Additionally, the advisory group should make a recommendation to Council for priority neighborhoods for data-collection and inventory implementation. Prior to commencing work on the second phase, OH is requested to return to the Housing, Health and Human Services Committee for an endorsement of the proposed inventory methodology and recommended pilot neighborhoods. In the second phase, the proposed inventory methodology should be applied in one or more neighborhoods. This phase should involve data collection and reporting to Council.

The inventory should establish a process to systematically monitor any loss and to identify possible causes of loss of non-subsidized low and very-low income rental housing in sample neighborhoods where land-use or housing policies have recently changed or are proposed to change. The inventory should identify options for the City Council to consider for preventing loss of non-subsidized rental low and very-low income housing which results in the displacement of the residents.

Responsible Council Committee(s): Housing, Human Services and Health

Date Due to Council: Phase One Report: March 31, 2006. Phase Two Report: August 31, 2006.

Parks, Education, Libraries and Labor

18. Library Mobile Services: Report Back to Council

Statement of Legislative Intent: The Seattle City Council requests the City Librarian to report back on the Library's proposed service plan for mobile services (Issues #3- #5 below).

In 2005, the Library addressed #1 and #2. The Library will have a service plan and the information requested in #3- #5 available for Council review on May 1, 2006.

1. An evaluation of SPL's current mobile operations and populations served (and not served)
2. A review of best practices at peer institutions, including cost, service levels, and populations served/not served, staffing, criteria for service, etc.
3. Proposed guidelines/policies/best practices for SPL's mobile services, including frequency of service, type of service (e.g., mail vs. bookmobile), and criteria for populations that should be served.
4. A comprehensive plan for serving Seattle residents who are unable to access SPL's branch or Central Libraries.
5. A proposal for operating the bookmobile more efficiently without compromising service to those who depend on it.

Responsible Council Committee(s): Parks, Education, Libraries and Labor

Date Due to Council: May 1, 2006

19. Requesting the Department of Parks and Recreation to Assess the Status of the City's Existing Golf Capital Facilities and Prioritize Potential Improvements to these Facilities

Statement of Legislative Intent: The Department of Parks and Recreation is requested to conduct an assessment of the capital facilities at the City's golf courses (Jefferson, West Seattle, and Jackson Park) and the Interbay golf facility. This assessment will: 1) determine the current physical condition of these facilities; 2) prioritize recommended repairs, replacements or renovations such facilities; 3) include updated cost estimates with identified resources available for completing such work; and 4) include a timeline for completing such work based on availability of likely resources used to conduct such work. The assessment should assume that available resources to implement priority capital improvements include net golf revenues but does not include funds from a new Parks Levy since no determination has been made about proposing such a levy. This assessment will be submitted to the Council's Parks, Education, Libraries and Labor Committee no later than May 1, 2006.

Responsible Council Committee(s): Parks, Education, Libraries and Labor

Date Due to Council: May 1, 2006

20. Development of Golf Financial Policies

Statement of Legislative Intent: The Council requests the Executive to develop and provide for review and adoption proposed financial policies related to the operation and maintenance of

the City's Golf Facilities. These financial policies are to include, but are not limited to, the following: how much of net golf revenues are to be used to fund ongoing capital improvements at City's golf facilities; how much of net golf revenues is the Department of Parks and Recreation allowed to use for "general DPR overhead" and "general parks programs"; how much the City might consider investing other City funds such as REET I & II in capital improvements at the City's golf facilities.

The proposed financial policies shall be developed and submitted to Council along with the golf capital facilities assessment referred to in SLI #18.

Responsible Council Committee(s): Parks, Education, Libraries and Labor

Date Due to Council: May 1, 2006

21. Department of Parks and Recreation's Major Maintenance Plan

Statement of Legislative Intent: The Council requests the Executive to prepare for Council review and approval the recommended changes agreed to in the Parks, Neighborhoods and Education Committee in 2005 regarding the approach to developing the Major Maintenance Plan (MMP).

The Committee agreed with the joint Council/DPR recommended changes to development of the MMP, which include: (1) scheduling DPR facility assessments on a 10-year rolling assessment schedule, and (2) presenting changes to and accomplishments within the MMP by asset category.

DPR will present the assessment schedule by March 30, 2006, and the changes to the MMP will be presented in the form of the Major Maintenance plan. DPR is requested to submit the 2007-2012 MMP by June 30, 2006.

Responsible Council Committee(s): Parks, Education, Libraries and Labor

Date Due to Council: March 30, 2006 - Assessment Schedule. June 30, 2006 - Major Maintenance Plan.

22. Department of Parks and Recreation's Strategic Business Plan Phase II

Statement of Legislative Intent: The Council requests that the Executive develop a scope of work for Phase II of the Department of Parks and Recreation Strategic Business Plan (SBP) to address each of the Department's lines of business, including programs, services, operations, maintenance, major maintenance, development, and acquisition. The SBP should provide Council with the ability to set priorities and policy direction for how the Department will fund all of its lines of business in the future, especially in light of the completion of the Pro Parks Levy and a period of major acquisition and facility development. The SBP should be a parallel effort that complements the update of the Parks Comprehensive Plan.

The SBP should be organized around the following major components, including setting priorities for spending among and within each component:

1. Programs and Services – by program and service area;

2. Ongoing Operations and Maintenance – regular daily maintenance, operations, and landscaping;
3. New Facilities Acquisition and Development of Existing Facilities – to serve existing gaps and areas with future growth needs; and
4. Major Maintenance – projects in the Major Maintenance Plan, by asset category.

For each of the major components, the SBP should include information on current and future capital priorities (including acquisitions), gaps in meeting service levels (e.g., potential shortfalls relative to current adopted standards for parks per population/distance, program, service and maintenance standards or level of service, etc.). For each of the major components, the SBP should also identify necessary revenues and probable funding sources, including new approaches to fundraising and increased revenue generation.

The SBP should also include a public involvement process that provides opportunities for public input in the plan development, and to assist the Department in determining service levels and standards for parks, facilities, programs, services, and maintenance.

It is the Council's intent to work collaboratively with the Executive to establish the work program for the SBP in order to inform the development of the 2007-2008 budget for allocating existing staff resources and identifying additional resources, if needed. The Department is requested to provide an initial scope and approach, including a timeline and milestones, to the PLLE Committee by March 1, 2006, and a final draft scope of work, timeline, deliverables, and staffing/resource plan for Council review by June 1, 2006.

Responsible Council Committee(s): Parks, Education, Libraries and Labor

Date Due to Council: Draft Scope - March 1, 2006. Final Draft Scope - June 1, 2006.

23. Department of Parks and Recreation's Review Process for Community-driven Park Projects

Statement of Legislative Intent: The City Council requests that the Department of Parks and Recreation (DPR) prepare and submit to Parks, Libraries, Labor, and Education Committee written guidelines for reviewing proposed park improvements that come from the community and that are funded substantially by private or non-profit organizations.

The purpose of these guidelines are 1) to describe a transparent decision-making process, 2) to seek widespread community involvement and input, 3) to consider additional operating/maintenance costs, and 4) to clarify the relationship between different parks review processes including, the Neighborhood Matching Fund, Pro Parks Opportunity Fund, and SPU's Aquatic Habitat Grants.

Elements of the guidelines should include, but not be limited to, the following:

1. Information provided by park proponent(s):
 - a) A list of contact names and information (phone, email address, etc.) of who is developing the park improvement proposal;

- b) A proposed project plan(s), as required by DPR below;
- c) A list of public benefits;
- d) A proposed project budget, including potential on-going costs like operations and maintenance, and a list of potential and actual funding sources.

Information provided by DPR:

- a) A list of contact names and information (phone, email address, etc.) of DPR staff that handle communications and park improvement planning with the community;
- b) A set of proposal format expectations (e.g., # of pages, graphics, layout, sections required, etc.) and/or sample template;
- c) A set of standards and a sample schedule for community involvement;
- d) A list of approvals that may be required for the project (e.g., foundation, electrical, plumbing permits, etc.);
- e) An identification of relevant standards that the project must adhere to, including the Public Safety Commission's Handbook on Public Safety or the U.S. Consumer Product Safety Commission. If DPR and/or the park proponent(s) decides to depart from these nationally-recognized standards, an explanation would be provided;
- f) A review of how the proposed project aligns with adopted park plans and policies;
- g) A clarification about what level of staff support DPR can provide or not provide to the proponent(s);
- h) A description and sample schedule of a typical decision-making process that shows when a decision is made by DPR staff, Parks Board Commissioners, Superintendent and/or Council. The process should also clarify, given available funding from both the community and the City, what elements of an "approved project plan" will be constructed or not within a given timeframe.

Responsible Council Committee(s): Parks, Education, Libraries and Labor

Date Due to Council: March 15, 2006

24. Report on Planning for Athletic Facility Improvements and Development and Any Related Public Participation Processes

Statement of Legislative Intent: The Council requests that the Department of Parks and Recreation (DPR) report back to the Parks, Education, Libraries and Labor (PELL) committee no later than the end of the third quarter of 2006 on planning for athletic facility improvements and development and any related public participation processes.

This report shall also include an overall update on athletic facility usage within the City of Seattle, identifying gaps in the system where areas may be underserved, all plans for future athletic facility improvements and development, and recommendations on how to best engage parks users and surrounding communities in the planning for these facilities.

Responsible Council Committee(s): Parks, Education, Libraries and Labor

Date Due to Council: Third Quarter, 2006

25. Department of Parks and Recreation's Enterprise Division

Statement of Legislative Intent: The Council requests the Department of Parks and Recreation focus their entrepreneurial efforts on projects that would each net a minimum of \$10,000 in revenue for the department per year. Further, the Enterprise Division is requested to provide quarterly reports to Council for the following: 1) a list of all projects/ideas considered, which includes which projects were rejected and why; 2) detailed level report of a) projects under development that have not yet been piloted; and b) piloted projects.

For each of the items in section 2, please provide the cost/benefit for those projects including the cost of implementing the idea and projected net revenues for any project that will be a pilot program.

Responsible Council Committee(s): Parks, Education, Libraries and Labor

Date Due to Council: Quarterly

26. Seattle Center Long Term Sustainability: Analysis of Policy Options and Business Plan

Statement of Legislative Intent: The City Council requests that the Executive to develop a draft business plan for Seattle Center for Council review and approval. The draft business plan should address each of Seattle Center's major lines of business and/or activities and identify strategies and revenue generating activities that: 1) maximize the use of the campus and its buildings as appropriate; 2) improve Seattle Center's long term financial viability; and 3) minimize the need for additional General Subfund beyond the current subsidy level.

The draft business plan prepared for Council review and approval should include, at a minimum, the following components:

- Overall description of lines of business, including proposed guiding policies and goals, anticipated revenues and expenditures, market and industry trends, and future opportunities and challenges
- Financial policies
- A range of options for cost containment strategies
- A range of options for revenue generating strategies

Each line of business should be presented in the context/framework of Seattle Center's overall operations. The draft business plan should include an overall financial strategy for Seattle Center that will be used to develop the 2007-08 budget and help Council determine the appropriate level of General Fund support.

Some specific information pertaining to KeyArena is due earlier, per Resolution 30810.

Responsible Council Committee(s): Parks, Education, Libraries and Labor

Date Due to Council: Draft plan for Council review and approval due May 1, 2006.

Prior to May 1st, the Seattle Center Director shall give monthly updates on the development of the draft business plan to the PLLE Committee.

27. Submittal and Presentation of Urban Forest Management Plan (See #9 under Environment, Emergency Management and Utilities, page 11).

Public Safety, Governmental Relations and Arts**28. How Effective is the Special Events Rule Change in Reducing City Costs?**

Statement of Legislative Intent: The Council intends that the Seattle Police Department (SPD) and the Special Events Committee keep records of the number and type of proposed special events reviewed under the new administrative rule, and for each reviewed event, the outcome as described below:

- 1) The mitigating measures suggested.
- 2) For each mitigation measure suggested, the projected reduction in City cost and the type of costs reduced (e.g., \$7600 reduction in Police overtime and \$3000 reduction in labor for placement of SDOT detour signage).
- 3) Whether each mitigation measure was agreed to by the promoter and incorporated as a permit condition; and
- 4) If agreed to and incorporated as a permit condition, an estimate of the actual (as contrasted to projected) change in City costs by type of cost.
- 5) For mitigation measures not agreed to by the promoter, why the promoter objected, and whether or not the mitigation measure was reviewed by the Special Events Committee. For disputed measures reviewed by the Committee, what their recommendation was, what action was taken, and with what impact on City costs.

No later than August 15, 2006, the Executive is requested to forward a written report to the Council Public Safety, Governmental Relations and Arts Committee summarizing the above data and estimating the total reduction in City costs for the period of record and the percentage reduction in total City costs of Special Events policing and managing public safety for that period. The Executive will also recommend possible ways to further reduce net City costs (costs net of Special Events permit fee revenues) for permitted events and major events outside Seattle Center that are not otherwise addressed by SPD's new permit review process.

Responsible Council Committee(s): Public Safety, Governmental Relations and Arts

Date Due to Council: August 15, 2006

29. Pilot Project to Link Law Enforcement and Human Service Provision Efforts (See #15 under Housing, Human Services and Health, page 14).

30. Police Department: Review Implementation of Geographic Based Policing

Statement of Legislative Intent: In approving the 2006 budget for the Police Department, it is the Council's intent that the Department expedite the implementation of geographic based policing. One objective is to improve the match between patrol deployment and patrol workload in order to improve the Department's ability to respond to emergency calls when and where the demands are greatest. Another is to increase the amount of time patrol officers spend on proactive policing, which much evidence indicates is the most effective kind of policing for reducing and preventing crime.

In late 2005 and 2006 the Department expects to develop and implement changes in beat boundaries, patrol schedules and dispatch policies, and to coordinate these changes with the development of its major new information systems.

The Council requests that the Department report in the first and third quarters of 2006 on its progress in achieving these goals. The Council requests that the reports describe the steps the Department has taken and will take in 2006, the resources devoted to these efforts, the schedule for full implementation and the expectations for matching deployment and workload. The Council also requests that the reports describe indicators of the effect of geographic based policing on emergency responses and public safety, including the effects of increased time for proactive policing, so that the Council and public may judge the success of the effort.

Responsible Council Committee(s): Public Safety, Governmental Relations and Arts

Date Due to Council: Written progress reports no later than February 28, 2006 and July 31, 2006

31. Police Department: Police Performance Measures

Statement of Legislative Intent: In approving the budget for the Police Department, it is the Council's intent that the Council and Executive jointly develop performance measures for the Department that clearly relate Department activities to public safety outcomes. The purpose of the measures would be as follows:

The measures should allow the Council and the public to annually assess the Department's effectiveness in reducing crime and enhancing public safety.

The measures should support a strategic plan designed to achieve community goals for reducing crime and enhancing public safety. That is, they should allow the City to compare community goals to the status quo and determine the resources that would allow the Department to reach the goals.

The measures should allow the Council to determine whether the Department is using its resources efficiently and strategically to reduce crime and enhance public safety.

The measures should be used to define the purpose of any proposals to add resources to the Department. That is, any proposal to add resources should state the aspects of performance that would be improved, and by how much.

The measures would supplement the Department's 2004 Strategic Plan, which sets the operational goals of strengthening geographic integrity, reducing sworn specialization, improving crime analysis, reducing calls for service for chronic behavior and hot spots, strengthening emergency preparedness and investing in key Departmental support functions.

As the first step, the Council requests the Executive to review efforts of other jurisdictions to develop performance measures for policing. The Council requests the Executive to present options for the scope of this review no later than March 2006.

Responsible Council Committee(s): Public Safety, Governmental Relations and Arts

Date Due to Council: Scope options for review of performance measures in other jurisdictions: March 31, 2006

32. Office of Policy & Management: Accelerate Evaluation of Community Court

Statement of Legislative Intent: In approving the 2006 budget for the Office of Policy & Management (OPM), it is the Council's intent that the evaluation of the Community Court pilot project determine as soon as possible the social services that Community Court defendants need and how these services can best be provided. It is also the Council's intent that the evaluation determine the effectiveness of the Community Court in reducing recidivism by chronic offenders and reducing jail costs; this may occur later in 2006.

The Council requests that OPM coordinate the assessment of service needs and service delivery mechanisms with related initiatives, including the Ten Year Plan to End Homelessness. The Council also requests OPM to identify policy issues associated with the service delivery alternatives, including whether criminal justice objectives warrant giving Community Court defendants priority access to scarce services. The Council also requests OPM to evaluate the effectiveness of the Community Court as planned in the proposed budget.

Responsible Council Committee(s): Public Safety, Governmental Relations and Arts

Date Due to Council: Progress report on needs assessment and service delivery plan: no later than January 31, 2006. Final report on needs assessment and service delivery plan: no later than February 28, 2006. Evaluation of Community Court effects on recidivism and jail costs: no later than September 30, 2006.

33. Review Performance of Proposed Contract for Day Reporting Services

Statement of Legislative Intent: In approving the 2006 budget for Jail Services, it is the Council's intent that the Office of Policy & Management (OPM) reviews the performance of the proposed new contract with King County for day reporting and day services for Seattle defendants and sentenced misdemeanants. The review shall address the effectiveness of the contract in delivering services, increasing compliance with Court orders, reducing recidivism and reducing the use of jail.

The Executive and Council shall consider the results of the review in revisiting the City's approach to providing day reporting and day services alternatives, in order to determine what services to provide and how best to provide them. This information will also be needed to support any proposal to modify the budget proviso that has effectively reserved \$334,450 in the 2006 budget for day reporting services.

Among the questions to be resolved by the review is what range of services needs to be provided and what entity/agency is best positioned to provide services in the most efficient and cost effective manner?

Information on the following should help support such decisions:

- The number of individuals eligible for program;
- The number participating in the program;
- The numbers succeeding and failing to comply with conditions;
- The numbers and types of services provided;
- The costs of the program (average per client);

The services needed but unavailable, costs of unavailable services, and reasons why they are unavailable;

The implied jail budget savings attributable to the program.

Responsible Council Committee(s): Public Safety, Governmental Relations and Arts

Date Due to Council: May 31, 2006

- 34. Emergency Preparedness Information** (See #10 under Environment, Emergency Management and Utilities, page 12).

Transportation**35. Planning for a Jackson Street Corridor Extension of the Waterfront Streetcar**

Statement of Legislative Intent: The City is currently working with Sound Transit to evaluate streetcar options which could serve First Hill from the Pioneer Square Maintenance base. These studies will include additional analysis of the Jackson Street Corridor streetcar. The City expects that this Sound Transit analysis will provide the City with additional information and options to serve the Jackson Street corridor.

Based on this additional information and the City's feasibility analysis completed in 2005 SDOT is requested to develop a scope of work, timeline, identify next steps and budget needs for the Jackson Street Corridor extension of the Waterfront Streetcar. The report to committee should also include options for financing this extension and a community outreach plan.

Responsible Council Committee(s): Transportation

Date Due to Council: June 1, 2006

36. Streetcar Network Planning

Statement of Legislative Intent: No later than June 1, 2006, SDOT is requested to report to the Council Transportation Committee with a proposed approach for integrating planning work related to streetcar lines in Seattle. It is requested that this report also identify how best to coordinate the City's work on streetcars with Metro and Sound Transit. In addition to this information, Council requests that SDOT identify appropriate next steps, what funding the City would need to carry out each of those next steps, and possible budget items for the 2007 Proposed Budget for at a minimum the following lines: connecting South Lake Union Streetcar to a Waterfront Streetcar and extending the South Lake Union Streetcar to Eastlake and the University of Washington. In addition, SDOT is requested to identify its role and responsibilities in participating in a possible community design charette or similar involvement with the broader community related to the development of a streetcar system in Seattle.

Responsible Council Committee(s): Transportation

Date Due to Council: June 1, 2006

37. Submittal and Presentation of Urban Forest Management Plan (See #9 under Environment, Emergency Management and Utilities, page 11).

Urban Development and Planning

38. Department of Planning and Development - Central Waterfront Planning

Statement of Legislative Intent: It is the Council's intent that the Department of Planning and Development Report on a quarterly basis on the Central Waterfront planning effort, including work on the following items:

- Adoption of the Central Waterfront Concept Plan;
- Plans for redevelopment of the Colman Ferry Terminal;
- Amendments to the Comprehensive Plan, Land Use Code and Shoreline regulations to implement the Concept Plan;
- Preparation of a Public Realm Plan; and
- Application for grant funding for development of a Final Master Plan.

Responsible Council Committee(s): Urban Development and Planning

Date Due to Council: Written status reports on Central Waterfront planning due quarterly to UDP Committee during 2006.

39. Department of Planning and Development - Center City Coordinator

Statement of Legislative Intent: The City Council intends that the new Center City Coordinator be responsive to priorities established by both the Council and the Executive. The Council desires that the Center City Coordinator, the Department of Planning and Development (DPD) and other appropriate City departments focus on areas and seek outcomes which include, but are not necessarily limited to, those described below. The Council acknowledges that the Center City Coordinator will have an expansive and changing body of work. The Council requests that DPD report on Center City livability work and related interdepartmental coordination in March and September of 2006.

Center City (CC) Livability – Council Recommended Focus Areas and Potential Desired Outcomes	
Focus Areas	Desired Outcomes
CC Housing Affordability Strategy	Development of a strategy and implementation tools to increase the supply and affordability range of the CC housing stock.
CC Open Space	Development of a CC Open Space Plan, including prioritization strategy and implementation schedule. Outcomes could include: 1. Definition and identification of “open space” for the CC; 2. Identification of park acquisition opportunities in the CC; 3. Development of design concepts for street and sidewalk activity areas; and 4. Development of design concepts for “Green Streets.”
CC School Pilot	Exploration of the feasibility of siting new educational institutions in the CC.
Downtown Bonused Open Space Signage	Implementation of uniform downtown signage of public open space used to achieve density bonuses.

<p>Family-Friendly Amenities</p>	<p>Development of strategies and implementation tools to raise awareness of existing family friendly amenities in the CC and encourage creation of new family friendly amenities. Outcomes could include:</p> <ol style="list-style-type: none"> 1. Inclusion of family-friendly features in the development of new parks and open spaces and incorporation of family-friendly features in existing CC parks; 2. Development of a Director’s Rule that encourages family-friendly amenities for the public and private open spaces related to building development; and 3. Development of family-friendly “guidelines and examples” for adoption as part of the CC Design Review Guidelines.
<p>Public Art in the CC</p>	<p>Development of incentives for incorporation of public art into new development in the CC.</p>
<p>Public Nuisance Issues in the CC</p>	<p>Development and implementation of interdepartmental strategies to address chronic public nuisances and ensure positive co-existence among the variety of residential and non-residential uses in the CC.</p>
<p>Preservation of Historically Significant Buildings</p>	<p>Implementation of an inventory of potential historic resources in the downtown neighborhoods of the CC and development of regulatory and non-regulatory strategies for preservation of identified resources.</p>
<p>Planning and Plan Implementation for South Downtown, South Lake Union, and the Central Waterfront</p>	<p>Facilitation of a planning process for South Downtown, South Lake Union, and the Central Waterfront that is inclusive of all stakeholders and responsive to policy direction established by the Executive and the Council. Development of local-area plans that are well integrated with parallel planning efforts and overall Center City goals.</p>

Responsible Council Committee(s): Urban Development and Planning
Date Due to Council: March 2006 and September 2006

40. Department of Planning and Development - Permit Review Time Reporting

Statement of Legislative Intent It is the Council's intent that the Department of Planning and Development (DPD) report on a quarterly basis on the review times for processing permit applications.

The report should provide:

- For both simple and complex building plans, the percentage of plans that are reviewed within the target timeframes;
- For both simple and complex building plans, data showing the length of time from date of application to permit issuance;
- For complex building plans, the average number of days that plans were out for corrections;
- For Master Use Permits (MUPs), the number of MUPs with decision published within 120 days (excluding applicant response time); and

- For MUPs, data showing the length of time from the date of MUP application to date of decision publication.

The report should also:

- Clearly define "simple" and "complex" building plan types;
- Compare quarterly permit review times with the targets for each type of permit and with data from 2005; and
- Provide information about the efforts that are being made to achieve performance goals.

Responsible Council Committee(s): Urban Development and Planning

Date Due to Council: Written reports due April 18, July 18, and October 18, 2006 and January 18, 2007.

41. Department of Planning and Development - Housing and Zoning Enforcement Complaint Reporting

Statement of Legislative Intent: It is the Council's intent that the Department of Planning and Development provide written reports on a quarterly basis that present the following information separately for housing and zoning enforcement complaints:

- Median response time for initial inspection of complaints;
- Median time for resolution of Notice of Violation cases through achievement of compliance or referral to the Law Department for further action; and
- Median time for issuance of a citation.

The report should also:

- Compare the quarterly results with the goals for each type of complaint and with the results from 2004 and 2005; and
- Describe the efforts being made to achieve performance goals.

Responsible Council Committee(s): Urban Development and Planning

Date Due to Council: Written reports due April 18, July 18, and October 18, 2006 and January 18, 2007

Other**42. Enhanced Programming for City Hall**

Statement of Legislative Intent: Council intends that Fleets and Facilities Department (FFD) and Office of Arts and Cultural Affairs (OACA) will work together using their respective expertise to develop recommended approaches to improvements for City Hall signage, enhancing the lighting for the Anne Focke Gallery, and acquiring appropriate exhibit media or enhancement for displays in the lobby of City Hall. Council requests that a plan and timeline for the improvements and associated expenditure recommendations be presented the Civic Center Client Group by April 15, 2006.

Responsible Council Committee(s): Plan to be presented to the Civic Center Client Group.

Date Due to Council: April 15, 2006

Glossary

Abrogate: A request to eliminate a position. Once a position is abrogated, it cannot be administratively reinstated. If the body of work returns, a department must request new position authority from the City Council.

Allocation: The expenditure amount planned for a particular project or service that requires additional legislative action or appropriation before expenditures are authorized.

Appropriation: A legal authorization granted by the City's legislative authority (the City Council) to make expenditures and incur obligations for specific purposes.

Biennial Budget: A budget covering a two-year period.

Budget - Adopted and Proposed: The Mayor submits to the City Council a recommended expenditure and revenue level for all City operations for the coming fiscal year as the Proposed Budget. When the City Council agrees upon the revenue and expenditure levels, the Proposed Budget becomes the Adopted Budget, funds are appropriated, and legal expenditure limits are established.

Budget - Endorsed: The City of Seattle implements biennial budgeting through the sequential adoption of two one-year budgets. When adopting the budget for the first year of the biennium, the Council endorses a budget for the second year. The Endorsed Budget is the basis for a Proposed Budget for the second year of the biennium, and is reviewed and adopted in the fall of the first year of the biennium.

Budget Control Level: The level at which expenditures are controlled to meet State and City budget law provisions.

CAFR or Comprehensive Annual Financial Report of the City: The City's annual financial statement prepared by the Department of Executive Administration.

Capital Improvement Program (CIP): Annual appropriations from specific funding sources are shown in the City's budget for certain capital purposes such as street improvements, building construction, and some kinds of facility maintenance. These appropriations are supported by a six-year allocation plan detailing all projects, fund sources, and expenditure amounts, including many multi-year projects that require funding beyond the one-year period of the annual budget. The allocation plan covers a six-year period and is produced as a separate document from the budget document.

Chart of Accounts: A list of expenditure, revenue, and other accounts describing and categorizing financial transactions.

Community Development Block Grant (CDBG): A U.S. Department of Housing and Urban Development annual grant to Seattle and other local governments to support economic development projects, low-income housing, and services in low-income neighborhoods.

Cumulative Reserve Subfund (CRF): A significant source of ongoing local funding to support capital projects in general government departments. The CRF consists of two accounts: the Capital Projects Account and the Revenue Stabilization Account. The Capital Projects Account has six subaccounts: REET I, REET II, Unrestricted, South Lake Union Property Proceeds, Asset Preservation Subaccount - Fleets and Facilities, and the Street Vacation Subaccount. The Real Estate Excise Tax (REET) is levied on all sales of real estate, with the first .25% of the locally imposed tax going to REET I and the second .25% to REET II.

Debt Service: Annual principal and interest payments the City owes on money it has borrowed.

Education & Developmental Services Levy (Families & Education Levy): In September 1997, a property tax levy was approved by voters allowing the City to collect revenues from 1998 to 2004. In September 2004, voters approved a new Families & Education Levy for \$116.7 million to be collected from 2005 through 2011. Appropriations are made to various budget control levels grouped together in the Educational and Developmental Services section of the budget, and are overseen by the Department of Neighborhoods. Once implementation plans are written, appropriations will be made to specific departments to support school- and community-based programs for children and families.

Errata: Adjustments, corrections, and new information sent by departments through the Department of Finance to the City Council during the Council's budget review as an adjunct to the Mayor's Proposed Budget. The purpose is to adjust the Proposed Budget to reflect information not available upon submittal and to correct inadvertent errors.

Full Time Equivalent (FTE): A term expressing the amount of time for which a position has been budgeted in relation to the amount of time a regular, full-time employee normally works in a year. Most full-time employees (1.00 FTE) are paid for 2,088 hours in a year (or 2,096 in a leap year). A position budgeted to work half-time for a full year, or full-time for only six months, is 0.50 FTE.

Fund: An accounting entity with a set of self-balancing revenue and expenditure accounts used to record the financial affairs of a governmental organization.

Fund Balance: The difference between the assets and liabilities of a particular fund. This incorporates the difference between the revenues and expenditures each year.

General Fund: A central fund into which most of the City's general tax revenues and discretionary resources are pooled, and which is allocated to support many of the operations of City government. Beginning with the 1997 Adopted Budget, the General Fund was restructured to encompass a number of subfunds, including the General Fund Subfund (comparable to the "General Fund" in prior years) and other subfunds designated for a variety of specific purposes. These subfunds are listed and explained in more detail in department chapters, as well as in the Funds, Subfunds, and Other section of the budget document.

Grant-Funded Position: A position funded 50% or more by a categorical grant to carry out a specific project or goal. Seattle Municipal Code 4.04.030 specifies that "categorical grant" does not include Community Development Block Grant funds, nor any funds provided under a statutory entitlement or distribution on the basis of a fixed formula including, but not limited to, relative population.

Neighborhood Matching Subfund (NMF): A fund supporting partnerships between the City and neighborhood associations to produce neighborhood-initiated planning, organizing, and improvement projects. The City provides a cash match to the community's contribution of volunteer labor, materials, professional services, or cash. The NMF is administered by the Department of Neighborhoods.

Operating Budget: That portion of a budget dealing with recurring expenditures such as salaries, electric bills, postage, printing, paper supplies, and gasoline.

Position/Pocket Number: A term referring to the title and unique position identification number assigned to each position authorized by the City Council through the budget or other ordinances. Positions may have a common title name, but each position has its own unique identification number assigned by the Records Information Management Unit of the Personnel Department at the time position authority is approved by the City Council. Only one person at a time can fill a regularly budgeted position. An exception is in the case of a job-share, where two people work part-time in one full-time position.

Program: A group of services within a department, aligned by common purpose.

Reclassification Request: A request to change the job title or classification for an existing position. Reclassifications are subject to review and approval by the Classification/Compensation Unit of the Personnel Department and are implemented upon the signature of the Personnel Director, as long as position authority has been established by ordinance.

Reorganization: Reorganization refers to changes in the budget and reporting structure within departments.

SUMMIT: The City's central accounting system managed by the Department of Executive Administration.

Sunsetting Position: A position funded for only a specified length of time by the budget or enabling ordinance.

TES (Temporary Employment Service): A program managed by the Personnel Department. TES places temporary workers in departments for purposes of filling unanticipated, short-term staffing needs, such as vacation coverage, positions vacant until a regularly-appointed hire is made, and special projects.

Glossary

Type of Position: There are two types of positions authorized through the position lists adopted at the same time as the budget. They are identified by one of the following characters: **F** for **F**ull Time or **P** for **P**art Time.

- **Regular Full Time** is defined as a position budgeted for 2,088 compensated hours per year, 40 hours per week, 80 hours per pay period, and is also known as one full-time equivalent (FTE).
- **Regular Part Time** is defined as a position designated as part time, and requiring an average of 20 hours or more, but less than 40 hours of work per week during the year. This equates to an FTE value of at least 0.50 and no more than 0.99.

CITY GOVERNMENT

Date of incorporation	December 2, 1869
Present charter adopted	March 12, 1946
Form: Mayor-Council (Nonpartisan)
