## Introduction

The City of Seattle and its more than 13,000 employees build and maintain infrastructure, provide utility service, support the needs of the city's residents, and create recreational, cultural, and other enriching opportunities. In providing excellent service, these employees use and maintain dozens of city-owned properties, a fleet of vehicles ranging from fire trucks to golf carts, and equipment and facilities necessary to complete the City's mission.

Budgeting for a large organization with many functions is a crucial and complex process. A proposed budget requires solid forecasts on items which are constantly changing (such as the price of fuel), economic strength (as it impacts tax revenues, among other budgetary components), and demand for services (from electric and water utility service, to parking meters, and access to parks/library services).

This book is designed to provide clear and accurate information on the budgetary process, estimated revenue streams, and a basic description of departmental needs and spending.

## City of Seattle Budget Process

In its simplest terms, the City budget is proposed by the Mayor (Executive), checked for compliance with the law (City Attorney), and amended and passed by the City Council (Legislative) before returning to the Mayor for his or her approval and signature. The budget itself is composed of two main documents: the operating budget and the capital improvement program (CIP) budget. The operating budget is primarily composed of expenditures required by the City to deliver the day-to-day array of City services. The CIP budget consists of large expenditures on infrastructure and other capital projects.

Charts summarizing the City's budget process and organization can be found at the end of this section.

### Budget Preparation

The budgeting process begins early each year as departments assess needs and budget forecasters work to estimate revenues and costs. Operating budget preparation is based on the establishment of a current services or "baseline" budget. Current service levels are analyzed to determine the cost of continuing programs and services the City provided in the previous year, in addition to previous commitments that will affect costs in the next year, such as a voter-approved levy for new park facilities, as well as labor agreements and changes in health care, insurance, and cost-of-living- adjustments for City employees.

During the budget preparation period, the Office of Economic and Revenue Forecasts (OERF), in conjunction with the City Budget Office (CBO) makes two General Fund revenue forecasts, one in April and one in August. Both are used to determine whether the City's projected revenues are sufficient to meet the projected costs of the current services budget. If revenues are not sufficient to cover the cost of current services, the City must identify changes to close the gap – either through reductions or increased revenues or a combination of both. If the revenue forecast shows that additional resources are available, then the budget process identifies new or expanded programs to meet the evolving demands for City services. Regardless, the City is required by state law to prepare a balanced budget.

In April, departments prepare and submit Budget Memos to CBO for analysis and mayoral consideration. The Mayor's Office reviews and provides direction to departments on the Budget Memos, giving direction on items they should include in their formal budget submittal. In early June, CBO receives departmental

# Introduction & Budget Process

operating budget and CIP submittals, including all position (employee) changes. Mayoral review and evaluation of department submittals takes place through the end of August. CBO, in conjunction with individual departments, then finalizes the operating and CIP budgets.

In late September, the Mayor submits the proposed budget and CIP to the City Council. In addition to the budget documents, CBO prepares supporting legislation and other related documents.

The City Council then conducts public hearings and holds committee meetings in open session to discuss budget requests with department representatives and CBO staff. Councilmembers then recommend specific budget actions for consideration by their colleagues.

During the budget review process, the City Council may choose to explain its budget actions further by developing statements of legislative intent and budget guidance statements for future budget action. Intent statements describe the Council's expectations in making budget decisions and generally require affected departments to report back to the City Council on results.

After completing the public hearing and deliberative processes the City Council votes to adopt the budget, incorporating its desired budget changes, in late November. The Mayor can choose to approve the Council's budget, veto it, or let it become law without mayoral signature. The Mayor must veto the entire budget or none of it, as there is no line-item veto in Seattle. Copies of budget documents are available for public inspection at the CBO offices, at the Seattle Public Library, and on the Internet at <http://www.seattle.gov/budget>.

During the year, the City may have a need to change the adopted budget to respond to evolving needs. The City makes such changes through supplemental budget appropriation ordinances. A majority of the City Council may, by ordinance, eliminate, decrease, or re-appropriate any unspent appropriations during the year. The City Council, generally with a three-fourths vote, may also increase appropriations from available money to meet necessary expenditures that were not foreseeable earlier. Additional unforeseeable appropriations related to settlement of claims, emergency conditions, or laws enacted since passage of the annual operating budget ordinance require approval by a two-thirds vote of the City Council. Absent such changes, departments are legally required to stay within their annual budget appropriation.

## Reader's Guide

This reader's guide describes the structure of the budget book and outlines its content. The budget book is designed to present budget information in an accessible and transparent manner – the way decision-makers consider the various proposals. It is designed to help residents, media, and City officials more easily understand and participate in the budget deliberations.

A companion document, the 2023-2028 Adopted Capital Improvement Program (CIP), identifies expenditures and fund sources associated with the development and rehabilitation of major City facilities/infrastructure, such as streets, parks, utilities, and buildings over the next six years. The CIP also shows the City's financial contribution to projects owned and operated by other jurisdictions or institutions. The CIP fulfills the budgeting and financial requirements of the Capital Facilities Element of Seattle's Comprehensive Plan by providing detailed information on the capacity impact of new and improved capital facilities.

The 2023 Adopted and 2024 Endorsed budgets and 2023-2028 Adopted CIP can also be found online at the City Budget Office's webpage. In addition to PDF files containing the Proposed Budget and Proposed CIP, the site contains department-customized expenditures and revenues.

### The 2023 Adopted and 2024 Endorsed budgets

This document is a description of the adopted and endorsed spending plan for 2023. It contains the following elements:

- **Budget Executive Summary** – A narrative describing the current economy, highlighting key factors relevant in developing the budget document, and how the document addresses the Mayor's priorities;
- **Summary Tables** – a set of tables that inventory and summarize expected revenues and spending for 2023;
- **General Fund Revenue Overview** – a narrative describing the City's General Fund revenues, or those revenues available to support general government purposes, and the factors affecting the level of resources available to support City spending;
- **Selected Financial Policies** – a description of the policies that govern the City's approach to revenue estimation, debt management, expenditure projections, maintenance of fund balances, and other financial responsibilities;
- **Departmental Budgets** – City department-level descriptions of significant policy and program changes from the 2022 Adopted Budget, the services provided, and the spending levels proposed to attain these results;
- **Appendix** – an array of supporting documents including long-range financial plans, summary of cost allocation factors for internal City services; a summary of position changes by department contained in the 2023 Adopted and 2024 Endorsed budgets; and a glossary.

## Reader's Guide

### Departmental Budget Pages: A Closer Look

The budget presentations for individual City departments (including offices, boards, and commissions) constitute the heart of this document. They are organized alphabetically within seven functional clusters:

- Arts, Culture, & Recreation;
- Education & Human Services;
- Livable and Inclusive Communities;
- Public Safety;
- Utilities, Transportation & Environment; and
- Administration.

Each cluster comprises several departments sharing a related functional focus, as shown on the organizational chart following this reader's guide. Departments are composed of one or more budget control levels, which in turn may be composed of one or more programs. Budget control levels are the level at which the City Council makes appropriations.

As indicated, the proposed budget appropriations are presented in this document by department, budget summary level, and program. At the department level, the reader will also see references to the underlying fund sources (General Fund and Other) for the department's budgeted resources. The City accounts for all of its revenues and expenditures according to a system of funds. In general, funds are established to account for specific revenues and permitted expenditures associated with those revenues. For example, the City's share of motor fuel taxes must be spent on road-related transportation activities and projects, and are accounted for in a fund in the Transportation Fund. Other revenues without statutory restrictions, such as sales and property taxes (except voter-approved property taxes), are available for general purposes and are accounted for in the City's General Fund. For many departments, such as the Seattle Department of Transportation, several funds, including the General Fund, provide the resources and account for the expenditures of the department. For several other departments, the General Fund is the sole source of available resources.

# Reader's Guide

## Budget Presentations

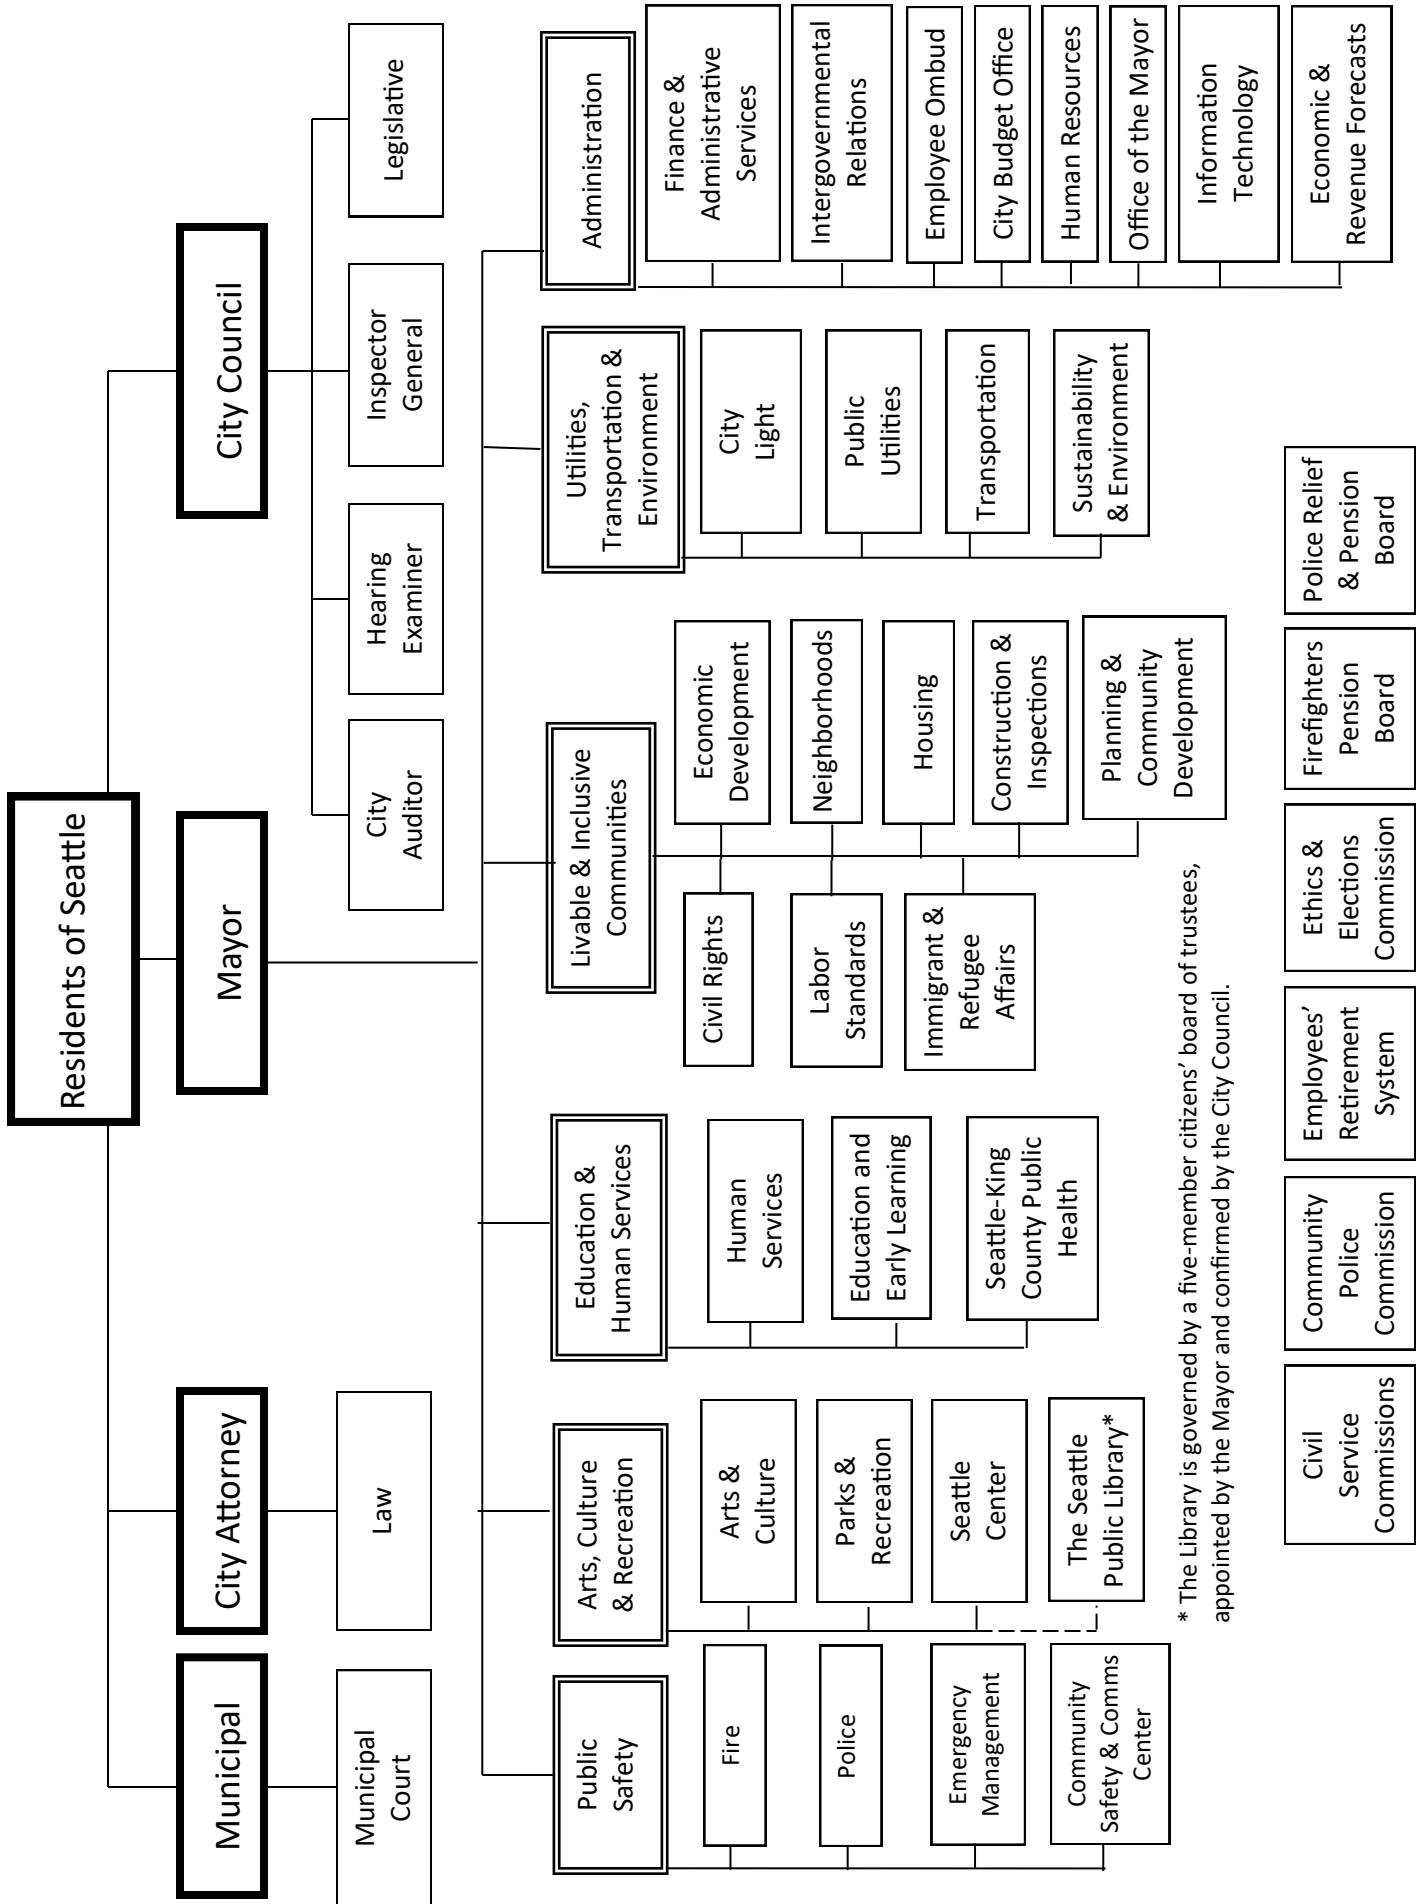

Most department-level budget presentations begin with information on how to contact the department. The department-level budget presentation then goes on to provide a general overview of the department's responsibilities and functions within City government, as well as a summary of the department's overall budget. A narrative description of the issues impacting the department's 2023 Adopted and 2024 Endorsed budgets then follows. The next section of the department-level budget presentation provides a numerical and descriptive summary of all of the incremental budget changes included in the 2023 Adopted and 2024 Endorsed budgets, along with a discussion of the anticipated operational and service-level changes that will result. The department-level budget presentation concludes with summary level tables that describe the department's overall expenditures and revenues by type as well as by budget control level and program. All department, budget control, and program level budget presentations include a table summarizing historical and adopted expenditures, as well as adopted appropriations for 2023 and endorsed appropriations for 2024.

A list of all position changes adopted and endorsed in the budget has been compiled in the appendix. Position modifications include eliminations, additions, reclassifications, and status changes (such as a change from part-time to full-time status), as well as adjustments to departmental head counts that result from transfers of positions between departments.

For information purposes only, an estimate of the number of staff positions to be funded under the 2023 Adopted and 2024 Endorsed budgets appears in the departmental sections of the document at each of the three levels of detail: department, budget control, and program. These figures refer to regular, permanent staff positions (as opposed to temporary or intermittent positions) and are expressed in terms of full-time equivalent employees (FTEs). In addition to changes that occur as part of the budget document, changes may be authorized by the City Council or the Human Resources Director throughout the year, and these changes may not be reflected in the estimate of staff positions presented for 2023-2024. These changes are summarized in the appendix.

Where relevant, departmental sections include a statement of projected revenues for the years 2023 through 2024.

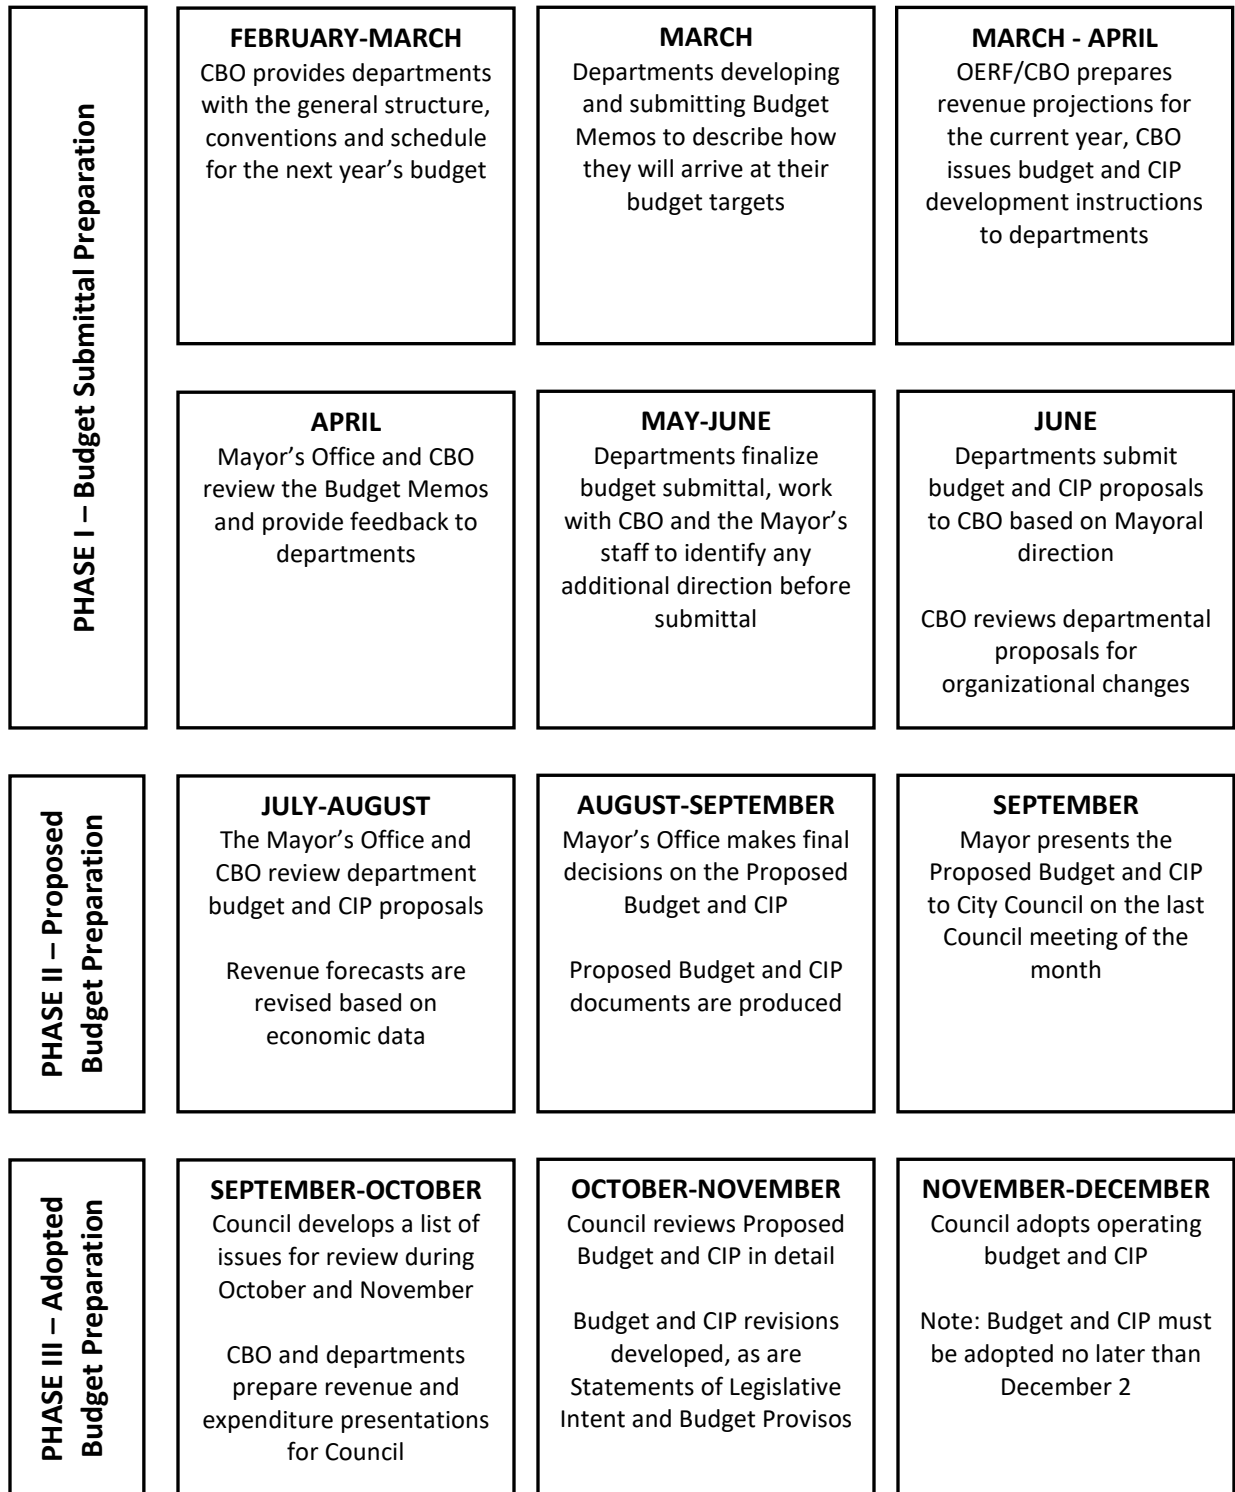

\* The Library is governed by a five-member citizens' board of trustees, appointed by the Mayor and confirmed by the City Council.

## Budget Process Diagram

## 2023 Adopted and 2024 Endorsed budgets Summary

### Introduction

The City of Seattle's 2023 Adopted and 2024 Endorsed budgets are the first under Mayor Bruce A. Harrell's administration. The adopted budget includes approximately \$7.4 billion in appropriations overall, including \$1.6 billion in General Fund and \$321.4 million in JumpStart Payroll Expense Tax (payroll tax). This is the first biennial budget since the onset of the COVID-19 pandemic. The City operates on a biennial budget, with a two-year spending proposal developed every other year. However, that practice was suspended during the pandemic to allow the City to react rapidly to changing economic circumstances.

The 2023 Adopted and 2024 Endorsed budgets investments focus on taking action to address our City's most urgent needs, getting the basics right, and focusing on our responsibilities, while grappling with a significant deficit in the General Fund. Despite the deficit coming into 2023, this budget aims to support our most vulnerable community members, particularly recovering from the pandemic and resulting economic conditions, and makes investments in OneSeattle key priority areas: housing and homelessness, public safety, access to opportunity, healthy communities, climate and environment, safe and reliable transportation, and good government. The biennial budget is balanced in part using a portion of the new payroll tax, as was done in 2021 and 2022, and bends the curve on new spending. Though inflation continues to be at a 40-year high, growth in General Fund expenditures is effectively flat, increasing at 1.3% over 2022 Adopted levels.

### Economy and Revenue

2022 has proven to be a year of considerable economic instability and uncertainty that will continue to play out across the 2023-2024 biennium. On one front, the overall economic recovery, nationally and in the Seattle region, from the COVID-19 disruptions and recession has been quite strong with employment levels, as of August, matching pre-pandemic levels and job creation and consumer spending remaining strong.

At the same time, although there are continued effects from ongoing COVID-19 variants, the war in Ukraine, and the various federal fiscal stimulus measures, the question that remains and the greatest source of uncertainty going forward is whether inflation can be brought under control without significant contraction of economic activity and rising unemployment – in short, without pushing the economy into another recession. The consensus among national forecasters is that inflation can be brought under control and back to more recent trends by the latter part of 2023. But a mild recession is likely to begin in the last quarter of 2022 and continue through the second quarter of 2023. Growth is expected to return by 2024, and the forecasts indicate that the impacts on jobs will be modest, with total employment declining by roughly 2% from current levels before employment growth returns. Conditions will continue to evolve, but the uncertainty regarding the economy and City revenues will likely remain well into next year as the Fed continues its efforts to rein in inflation.

The effects of inflation on the City's revenues and expenses are mixed, but largely negative. Inflation can lead to increased revenues for those taxes and fees imposed as a percent of the price of goods, services and wages, such as the sales tax. Many City revenues, however, such as the property tax, will not automatically increase with price changes. Moreover, high general price inflation puts continuous

## 2023-2024 Adopted Budget Summary

pressure on department's buying power and budgets. Ultimately high inflation will result in structural deficits in the General Fund and other funds, even as the City is already trying to contend with maintaining balanced budgets in the face of increased service demands in this period.

The City's General Fund revenues continue to be marked by the extended economic recovery from the pandemic lows of 2020 and 2021, while at the same time by the transition away from emergency government grants, internal transfers of one-time reserves and property sale proceeds. The 2022 Adopted Budget assumed \$1.645 billion in General Fund revenue, including over \$200 million of one-time transfers, grants and property sale proceeds. The 2023 Adopted and 2024 Endorsed budgets are balanced to a revenue forecast of \$1.623 billion in 2023 and \$1.634 billion in 2024. While critical to supporting City expenditures in 2022, these one-time factors also distort an assessment of how the underlying City revenues are recovering as the pandemic eases. Focusing on those core revenues, and again excluding fund balance transfer, grants and property sales, the updated forecasts for year-end 2022 revenues anticipate somewhat lower revenue growth, at just over 4.8%. Looking forward, a comparable growth of 3.4% is projected for these core revenues in 2023, while a slower rate of just 2.6% is expected for 2024. These lower growth rates reflect national and regional forecasts that anticipate slower overall economic growth in the post-pandemic period. Growth in core revenues is countered, however, by an expected decrease in federal grants and one-time resource transfers of roughly \$150 million between 2022 and 2023.

In the absence of sufficient core revenue growth in the General Fund and until ongoing work to identify a progressive revenue source yields significant new revenues to support general government service costs, General Fund resources will need to rely on transfers of Payroll Expense Taxes, especially under the pressure of high general price inflation – in addition to other strategies outlined in the next section. As one-time grants and transfers are unavailable, the 2023 Adopted and 2024 Endorsed budgets include transfers of \$100.6 million in 2023 and \$84.19 million in 2024 from the JumpStart Payroll Expense Tax Fund to the General Fund in support of general government services. The budget also transfers \$7.9 million in 2023 and \$8.1 million in 2024 to support the administration and evaluation work anticipated as part of the overall programming of the payroll expense tax. In total, transfers to the General Fund are \$108.5 million in 2023 and \$93.0 million in 2024. Throughout this budget across departments and funds, similar issues of expenditure and revenue imbalances have been resolved, sometimes due to revenues not recovering as quickly as needed to maintain spending levels. Circumstances change from fund to fund. While City rate-based utility revenues have remained steady, other revenues, such as the Commercial Parking Tax or Sweetened Beverage Tax, or those based on construction permits have not recovered fully, even if they have grown relative to pandemic low points.

The risks and conditions identified here will be monitored during the course of 2023 with quarterly updates provided to the City Council and adjustments will be recommended as necessary to maintain a balanced budget.

### **Approach for Developing the 2023 Adopted and 2024 Endorsed budgets**

#### *General Fund budget deficit*

From the end of the Great Recession through early 2020, the City enjoyed a remarkably long period of economic expansion. However, though the City's revenues were growing, expenditures were growing even faster. During that time, the City greatly expanded the number of departments to address

## 2023-2024 Adopted Budget Summary

emerging needs of a growing population, as well as considerable new spending – particularly, though not exclusively, -- in efforts to address the homelessness crisis. Further compounding this issue, new revenue sources created over the last several years have been passed for specific and important uses-only, and not available to the broader General Fund to meet basic City needs. This mismatch between expenditures and revenues, and restricted revenue streams created small but growing deficits in the years leading up to the pandemic and as a result, the budget was balanced annually with one-time solutions.

When the COVID-19 pandemic hit, revenues declined precipitously and the City was faced with critical decisions around how to bring the budget back into balance. While many jurisdictions around the country introduced extensive austerity measures and numerous layoffs, the City was able to temporarily defy fiscal gravity due to the timely passage of the payroll tax and the emergency COVID-related funding support from the Federal Government. With one-time strategies to balance largely exhausted in 2022, coming into the 2023 budget, the City was facing a gap of roughly \$140 million.

One budget in one year cannot solve a problem that has been over a decade in the making. However, this budget takes steps to bend the spending curve, finds savings wherever possible, and adds flexibility to restricted funding sources.

### *Steps to close the deficit*

Upon entering office, the Harrell administration immediately recognized the need to act quickly in identifying strategies to close the deficit. Working in close partnership with the City Council, the below strategies were used:

1. 2022 Spending Holds. The first strategy was a review of the 2022 Adopted Budget for opportunities to pause or reduce new spending that had recently been authorized. In partnership with the City Council, approximately \$20 million of new spending was identified to hold, pending more favorable revenue forecasts. Unfortunately, the General Fund outlook did not improve, so those funds are repurposed in this budget as a one-time tool to help balancing.
2. Department target reductions. Departments were asked to prepare reduction proposals equating to 3-6% in their proposed budgets. After thorough review, the adopted budget incorporated certain reductions to realize departmental efficiencies.
3. Vacancy Review. Departments critically reviewed all vacant positions and the assumptions for those positions including hiring timelines. These assumptions determine the proper amount of budget to be allocated for salaries and benefits in the budget.
4. Review of General Fund-adjacent revenue sources. In recent years, the Council has established several new revenue streams, each with their own separate fund and dedicated uses. The City Council approved temporary flexibility within these revenues for the 2023-2024 biennium to assist in achieving a balanced budget:
  - a. **Transportation Network Companies (TNC) Tax**: Due to the Washington state preemption of City's TNC driver regulations and minimum compensation and benefits for drivers regulations, the City Council approved a reduction to the city's per-trip fee as well as to allow TNC tax proceeds to be used only to administer the tax and to support transportation related expenditures during 2023 and 2024. After this biennium, the TNC tax proceeds would be available for use to support investments in affordable housing

## 2023-2024 Adopted Budget Summary

near frequent transit, transportation, and administration, as described in Resolution 31914.

- b. **Short-Term Rental Tax (STRT):** The Council approved temporary modifications for the biennium regarding the use of STRT proceeds so that only the first \$4.4 million (rather than the first \$5 million per Ordinance 125872) of STRT proceeds be allocated to the Equitable Development Initiative (EDI); remaining proceeds are allocated consistent with the proposed budget and existing STRT Fund policies as follows: \$2 million for debt service payments on bonds issued for affordable housing projects and \$3.5 million to the Human Services Department to support investments in permanent supportive housing (PSH) services.
  - c. **JumpStart Payroll Expense Tax (Payroll tax):** changes for the payroll tax are described in further detail in the next section.
5. Explore Options for Revenue Stabilization. The way our state and local governments finance services to support community needs is often structured in a manner that puts a disproportionate financial burden on those least able to afford it. In the wake of rising inflation and dwindling proceeds from local funding sources like cable television and commercial parking taxes, there is an opportunity to re-envision the way the City funds its service delivery and operations. In order to address that long-term structural budget problem, the Executive and Legislative branches jointly convened the Seattle Revenue Stabilization Workgroup, which will provide recommendations on potential progressive revenue options for the City to consider as part of the 2025-2026 biennial budget process.

*Support from JumpStart Payroll Expense Tax*

The JumpStart Payroll Expense Tax (payroll tax), passed by the City Council in 2020, has been a critical tool to keep City programs operating during the pandemic. In addition to providing for specific areas of new spending, the law that governs the use of the payroll tax proceeds establishes that beginning in 2023, General Fund support will only continue if revenues fall below a nominal fixed amount. The Mayor's Office and the City Council worked jointly on a plan to provide for a temporary change in the law regarding General Fund support that allows for transferring payroll tax proceeds to the General Fund to preserve city services and prevent reductions to certain programs over the biennium. The Adopted Budget includes transfers from the JumpStart Fund of to the General Fund of \$100.6 million in 2023 and \$85 million in 2024, using \$29.4 million of higher than anticipated 2022 revenues, \$71 million of 2023 projected revenues, and \$85 million of 2024 projected revenues.

As a policy matter, the adopted budget reflects an approach that seeds a 5% revenue stabilization reserve. For full details on use of the payroll tax proceeds in the adopted budget, see the Multi-Department Revenue Summary section of the adopted budget.

### *Unanticipated or Undefined Cost Pressures*

In addition to continuing high inflationary cost pressures, the budget also responds to unanticipated significant cost pressures and ongoing uncertainty. For example, the City's Judgment and Claims Fund, which provides for the payment of legal claims and suits brought against the City government, is provided an additional \$11 million to pay for extraordinary settlements against the City. Further, unanticipated technology needs and the continued rapid rate of change in technology presents a challenge for the City in anticipating costs of projects and services. New technologies provide new

## 2023-2024 Adopted Budget Summary

opportunities to improve City services; at the same time, they can initially disrupt productivity, require upfront costs, change ongoing funding requirements, require new skillsets, and increase risk. Examples of this include the adjustments for the Municipal Court Information System (MCIS) project, which began in 2016 and is replacing a 30+ year-old legacy municipal court information system with a modern and adaptable case management solution. Costs for this project have escalated by \$17 million from \$37 million to \$54 million overall.

Coming into 2023, the majority of the City's labor contracts are also up for renewal, which adds considerable uncertainty. Reserves are maintained for this purpose, however, the exact details around the future settlements remain in negotiation at the time of this printing.

### **Budget Priority Highlights**

#### ***Housing and Homelessness***

The 2023 Adopted and 2024 Endorsed budgets reflect the demands of the people of Seattle calling for urgent and compassionate action to address the homelessness crisis. This budget recognizes that core to making progress on this crisis is access to housing – both a symptom and a solution to homelessness. The adopted budget includes an unprecedented investment in affordable housing in Seattle.

The Office of Housing's (OH's) budget has reached a remarkable milestone, now at over a quarter of a billion dollars per year – the highest in City history. This increased funding level is primarily driven by an investment of \$138 million from the payroll tax. Of the total \$253 million budget going to OH, investments include \$221 million for multifamily housing investments; \$24 million for homeownership, sustainability, and weatherization; and \$8 million for administration. Since 2016 the Office of Housing has produced over 2,150 units of new affordable housing, served 481 rental housing units with Operating and Maintenance funds, helped 3,312 individuals and families with Homelessness Prevention & Housing Stability Services Programs, and assisted 280 low-income homeowners gain entry to an important foothold to increase intergenerational wealth and prevent displacement.

While the City works to establish new affordable housing options, it is inhumane for people to live outside without access to sanitation, heat, and running water. In addition to historic investments in housing, the budget includes investments aimed at sustaining and expanding shelter capacity – ensuring the City will meet its goal to identify 2,000 new units and providing a wider array of options of spaces and support for people experiencing homelessness.

The City of Seattle remains committed to a regional solution to homelessness. The 2023 Adopted Budget invests \$153.7 million in homelessness City-wide and continues the City's investments in the King County Regional Homelessness Authority (KCRHA) as it enters its second full year of operations. Of the City-wide total, \$111.4 million is allocated to the Human Services Department in 2023 for homeless outreach, shelter, services, and administration. Approximately \$97 million (87%) of the amount proposed for HSD will be transferred to the KCRHA. Excluding one-time federal funding received in 2022, this represents a \$19.4 million (25.1%) increase in the City's contribution to KCRHA over the 2022 revised amount of \$77.5 million. Also available to KCRHA for approved uses will be any unspent money from a \$40.6 million infusion of one-time Federal funding that was first made available as a lump sum in the 2022 budget to support programs through 2024. The 2023 Adopted and 2024 Endorsed budgets' new investments in KCRHA include \$5.7 million in 2023 and \$7 million in 2024 to sustain existing

## 2023-2024 Adopted Budget Summary

homelessness programs and services previously funded with one-time funding, \$2.4 million for new Tiny Home Villages, and \$5.1 million for new safe parking lots, \$1 million for recreational vehicle parking and storage associated with non-congregate shelter, and \$1.9 million for unsheltered outreach and behavioral services.

The remaining \$14.5 million of homelessness spending proposed in HSD's budget will support City managed homeless programs (\$12 million), contract oversight and administration (\$1.1 million), and expanded outreach support to connect unsheltered people sleeping in public spaces to shelter and housing (\$1.3 million).

### ***Public Safety***

In ***One Seattle***, every person has an inherent right to safety. Mayor Harrell believes communities thrive in the presence of life, vibrancy and resiliency, and in the absence of fear, violence and economic decay. Achieving effective public safety begins with a commitment to a comprehensive approach – swift responses to emergencies and crime, support for victims and survivors, community-based programs and partnerships, innovative advancements and long-term solutions. Built with common sense and our common values, the budget responds to immediate safety needs and positions Seattle to continue to drive innovation, reform, and community-driven progress.

As a result of many complex factors, the City's public safety departments are currently experiencing vacancies at levels not previously seen. A key challenge in the proposed budget is supporting effective recruitment and retention strategies, as well as ensuring public safety departments have the skills and tools they need to be successful. Highlights in the proposed budget for public safety include:

- **The Seattle Fire Department (SFD)** is increasing investments in hiring and training of firefighters and paramedics in the face of historically high vacancy levels. In 2023, the budget will support a total of 90 fire fighter recruits, which is an increase of 30 recruits, and a total of eight paramedic students, which is an increase of three recruits in their base budget to bring up these critical staffing levels. The adopted budget also includes capital investments in the Department of Finance and Administrative Services budget for the design and construction of a new Fire Station 31 (FS31), located in North Seattle. The new FS31 include minimizing call response times while maximizing firefighter health and safety and designing a facility with the flexibility to meet operational needs for the next 30 years.
- **The Seattle Police Department (SPD)** makes multiple investments to improve the capacity for SPD to respond to community needs and deliver services efficiently. In alignment with staffing projections, salary savings from officer vacancies are reinvested in SPD's budget for equipment and technology upgrades, strategies to improve recruitment and retention, improvements to internal trainings and supportive services, overtime, and other community safety program enhancements. With the focus from the Mayor's recruitment and retention plan, the investments in the budget aim to shift SPD hiring projections from a loss of 113 officers per year on average to a net gain of 30 officers over the biennium. Additional investments are made to shift capacity within the Office of Police Accountability (OPA) to assist with drafting OPA findings for investigations and alleviate the backlog of Director Certified Memos (DCMs). They also include funding to support additional marine patrol for Harbor Patrol to better provide public safety services for the city's waterways during the summer boating season.

## 2023-2024 Adopted Budget Summary

- **Park Rangers:** The Seattle Park District levy funds will support an expansion of the Park Ranger program to enhance safety and promote voluntary compliance of park rules. Park Rangers will begin 2023 downtown and will expand to neighborhood parks (subject to bargaining).
- **Seattle Public Libraries Security:** The proposed budget includes funding for two full-time Security Officers to increase patrols in high-need branches. This funding will allow the security team to help deter and deescalate adversarial situations and respond quickly to violent incidents, which have increased during the COVID-19 pandemic.
- **Parking Enforcement Officers:** The budget includes a transfer of Parking Enforcement Officers (PEOs) from the Department of Transportation (SDOT) to SPD. This transfer reverses a decision from 2020 to relocate the PEOs out of SPD, after recognizing that operational and administrative efficiencies would be better realized under SPD. This move would allow access to law enforcement databases, would eliminate the basis for PEOs unfair labor practice (ULP) complaints and SPDs disciplinary system (Office of Police Accountability) would provide full access to information needed for misconduct investigations. Additionally, this move will save \$5.5 million in functional overhead and overtime expenses and eliminate annual special commission requirements for PEOs and allows PEOs to continue utilizing SPD facilities and resources for regular work assignments.

The budget also includes investments to help address the impact of violence and in prevention efforts. Additional resources are provided in the budget to **support survivors of intimate partner violence** and victims of non-domestic violence-related crimes. For the Law Department, more protection orders are anticipated as a result of House Bill 1901 that expanded the definition of domestic violence to include coercive control. It's likely that survivors will petition for more orders under the more expansive definition, requiring an additional Assistant City Prosecutor (ACP). Further, a Victim Advocate is added to support victims of non-domestic violence related crimes. The budget also invests \$326,000 to increase victim advocacy staffing in the Human Services Department to support survivors of sexual assault, and \$176,000 for staffing to assess the current gaps in victim support advocacy and charged with developing a 5-year strategic plan.

The budget includes investments that allow community-led organizations to develop and lead on **violence prevention initiatives**. The proposed budget for the Human Services Department includes \$4.3 million for the Seattle Community Safety Initiative (SCSI). This ongoing investment supports regional and ongoing gun violence prevention, serving youth and young adults of color (ages 12-30) and their families from Black and Brown neighborhoods who live, go to school, or work in Southeast Seattle, Central District, and West Seattle. The budget also invests \$1.5 million in the King County Regional Peacekeepers Collective, which supports restoration services for youth and families impacted by gun violence and referred to community-based care by King County's Hospital Based Intervention Team at Harborview Medical Center.

### ***A Revitalized City with Access to Opportunity for All***

At the center of Mayor Harrell's **One Seattle** vision is a belief that by working together we can inspire the best in one another. After more than two years of pandemic uncertainty, Seattleites deserve every opportunity to succeed and reach their full potential – whether that means access to a good job, education, support for their business, or City services and resources. Through thoughtful investments and meaningful partnerships, the City can marshal resources to unlock and expand opportunities for

## 2023-2024 Adopted Budget Summary

every neighbor and revitalize our economy from Downtown to neighborhood business districts across Seattle.

Resources from the payroll tax provide the opportunity take on many of these important investments – supporting \$32 million in total spending in 2023 for economic revitalization. OED proposes using this new funding source to advance a series of investments that will revitalize our local economy by focusing on quality jobs, vibrant neighborhoods, and growing small businesses. Key investments in support of economic revitalization include \$16.8m to OED to support commercial affordability, downtown and neighborhood economic recovery, workforce development and capital for small business development.

Additionally, using Park District Levy resources, \$900,000 is provided to expand **Seattle Conservation Corps** in Parks. Conservation Corps is a jobs training program for homeless adults. This investment will return enrollment to pre-pandemic levels and add 10, for a total of 60 participants.

The City is constantly looking to find ways to help reduce barriers to accessing City services, improve responsiveness to resident needs and concerns, and provide opportunities for every Seattleite to fulfill their potential. To that end, the City Budget Office's Innovation and Performance Team and Seattle Information Technology Department (Seattle IT) have teamed up to expand the support behind **CiviForm**, the City's one-stop shop for residents and their trusted intermediaries (e.g., Community Based Organizations) to find and apply for City of Seattle benefits and discounts. These investments will help CiviForm expand to more programs throughout the City, connecting residents to the full suite of Affordable Seattle programs and decreasing the time and effort needed to apply. Further, the Seattle Department of Construction and Inspections receives significant new investments to **address permitting bottlenecks**, including support for continuous improvement and additional civil engineers.

In order to continue to provide access to clean and safe parks, rights of way, and other public spaces, the 2023 Adopted and 2024 Endorsed budgets include \$13.8 million in new funding and 53 new FTE to maintain increased levels of cleaning begun under the pandemic and enhance Seattle Public Utilities' services, coordinated under the **Unified Care Team (UCT)/Clean Seattle**. The 2023 Adopted and 2024 Endorsed budgets will shift the way the UCT approaches the work from one team looking city-wide, to a geographic-area-focused multi-team approach. This will allow the teams to track their progress and build relationships with the community, neighbors (both housed and unhoused), outreach teams and businesses within their region. The budget provides ongoing funding for cleaning up trash and debris and addressing the impacts of encampments. The budget also increases funding for outreach to people experiencing homelessness. Lastly, the proposed budget formalizes the UCT team's role in providing operational and administrative support – providing much-needed resources required to ensure stability and continuity of operations and effectiveness as the City goes through inevitable leadership changes in future years. For 2023, the total UCT/Clean Seattle work is supported by total of \$37 million and 87 FTE across the Human Services Department, Facilities and Administration Services, Seattle Department of Transportation, Seattle Parks and Recreation, and Seattle Public Utilities.

Major one-time investments from the payroll tax will also go to the Human Services Department to support the development of an early learning campus, and to the Department of Education and Early Learning (DEEL) to support a childcare workforce compensation program. The proposed budget includes \$5 million to support construction of the **UW Rainier Valley Early Learning Campus**. Once completed,

## 2023-2024 Adopted Budget Summary

anticipated programs on site will include: child care for infants and toddlers, Seattle Preschool Program classrooms for three- and four-year-olds, adult classrooms, indoor/outdoor play areas, kitchen, and admin offices; family support services; UW BA/MA degree programs in early learning with full scholarships; professional development for existing workers, mentorship programs, national training; and paid internships for Franklin High students. This project is a joint investment with the Federal Government, the State of Washington, and philanthropy.

The proposed budget also allocates \$5.3 million in payroll tax revenues toward one-time **hiring and retention bonuses for child care workers**. This proposal continues the City's recent efforts to support such a critical labor force during the COVID-19 pandemic, including three rounds of funding the DEEL has provided to child care providers and workers in 2021 and 2022. DEEL also repurposes FEPP Levy underspend from service disruptions and transitions to remote and hybrid learning in 2020 due to the COVID-19 pandemic. This funding held in reserve will be allocated to key equity-focused areas, including \$5.7 million over the biennium for **maintaining Seattle Promise investments in educational equity** and \$4 million for K-12 investments **supporting an expansion of culturally specific and responsive programming** that target BIPOC and other underrepresented youth.

### *Healthy Communities*

Healthy, thriving communities make for a healthy and thriving city. Mayor Harrell's priorities reflect his commitment to making Seattle the country's healthiest city – investing in quality fundamental services and new initiatives to help Seattle residents receive the care and resources they need for an active, vibrant, safe, and healthy lifestyle.

- **Abortion access:** Access to safe reproductive healthcare is essential. The budget includes \$250,000 of ongoing appropriation to fund expanded access to reproductive healthcare by making an investment in the Northwest Abortion Access Fund through the City's public health contract with King County, Public Health-Seattle & King County (PHSKC).
- **Parks and open spaces** are key to healthy and vibrant communities. Following months of community and stakeholder engagement, the Mayor's proposed Park District financial plan invests approximately \$118 million in 2023 and \$122 million in 2024 toward ensuring Seattle's nearly 500 parks, playfields, and community centers remain welcoming places for recreation, learning, and healthy communities.
- **Mental health support for K-12 students:** In response to student advocacy efforts following recent incidences of school violence, the 2023 Adopted and 2024 Endorsed budgets provide a total of \$4 million over the biennium for mental health resources for K-12 students in schools and School-Based Health Centers. The School-Based Health Centers, administered in partnership with DEEL, PHSKC, and healthcare providers, are located within 29 Seattle Public Schools, and provide increased access to mental health resources, improve health equity, and strengthen screening, intervention, and prevention efforts for students in need. These funds may also provide resources for students within schools provided by community-based organizations, which offer non-clinical mental health supports for youth that are culturally responsive, localized to their communities, and directly informed by youth and family needs. The increased funding will help ensure the behavioral health and well-being of Seattle youth.

# 2023-2024 Adopted Budget Summary

## *Climate and Environment*

Seattle continues to set an example as a leading climate-forward city – driving a **One Seattle Climate Agenda** based on reducing fossil fuels, creating green jobs, and supporting communities most impacted by pollution and climate change. Mayor Harrell’s budget proposal makes needed and bold investments to take on the climate crisis, enhance climate resilience, and advance clean air, fresh water, and accessible open spaces for every community.

Resources from the payroll tax provide the opportunity take on these bold investments – supporting \$20.5 million in 2023. These Climate and Environment investments include:

- **Investments in Healthy, Climate Resilient Communities:** The Office of Sustainability and Environment (OSE) receives \$1.5 million for Community Resilience Hubs, as well as \$3.7 million for Indigenous-led climate resiliency projects. OSE also receives \$2,000,000 to support the Environmental Justice Fund and the Duwamish River Opportunity Fund. These investments aim to provide immediate and long-term funding for community-based efforts to address health disparities through investments in food access and environmental justice, youth leadership, environmental restoration, and green jobs. In addition, Seattle Parks and Recreation (SPR) and the Seattle Public Library (SPL) both receive \$1 million to support decarbonizing libraries and community centers in conjunction with planning and development for Community Resiliency Hubs.
- **Ensuring a Just Transition Away from Fossil Fuels:** The budget includes \$2.6 million for the Clean Heat Program, supporting electric heat pump conversions of oil-heated homes. This includes \$800,000 for rebates at OSE, as well as \$1.8 million in funding at the Office of Housing (OH) for fully funded oil-to-electric conversions for eligible low-income households. Additionally, \$2.8 million is allocated to the Office of Sustainability and Environment (OSE) for Building Emissions Performance Standards for large commercial and multifamily buildings. Funding will support the Building Accelerator program, which provides technical assistance to under-resourced building owners. It will also support policy development, capacity building, and compliance efforts for large commercial and multifamily buildings in the City of Seattle. The budget includes \$1 million in ongoing funding for Electric Vehicle rebates for industrial and commercial heavy-duty fleets, including drayage trucks and school buses.
- **Equitable Clean Energy Economy Investments:** Workforce investments are critical to ensuring the clean energy economy provides equitable benefits. The budget invests \$1 million for Green Jobs Pathways Pre-Apprenticeship Scholarships and \$200,000 to continue workforce investments and climate-aligned small business support in the Duwamish Valley, and \$160,000 to fund a Climate Justice Workforce Advisor.

Collectively, both the Climate and Environment investments in the 2023 Adopted Budget and the 2022 Green New Deal Opportunity Fund legislation, which allocated \$6.5 million of 2022 payroll tax resources, are closely informed by recommendations from the Green New Deal Oversight Board, including recommendations around funding for Resilience Hubs and decarbonization, increased funding for the Clean Heat Program, climate justice workforce development investments, and support for electric vehicle electrification.

The Mayor will be launching a **One Seattle Tree Strategy** that will provide a framework for actions needed to maintain the City’s commitment to a 30% tree canopy cover goal. This initiative will inventory, protect and maintain existing trees to promote canopy growth; plant new trees in

## 2023-2024 Adopted Budget Summary

communities with low canopy; pilot innovative approaches to managing multiple needs in limited spaces like rights-of-way and private property; engage residents and business owners on tree planting and care to foster and sustain trees on private land; coordinate opportunities for planting and maintenance across departments and with community, school district and other partners. The proposed budget includes \$320,000 to increase urban forestry tree crews' capacity to plant trees in parks, \$300,000 for greening industrial properties, \$150,000 at OSE for a Tree Canopy Equity and Resilience Plan.

### ***Safe and Reliable Transportation***

Safe, reliable, and affordable transportation options create new possibilities by allowing neighbors to get where they need to go across the city with ease, comfort, and security. Mayor Harrell believes we must lead with equity and a Vision Zero agenda, maintain and repair critical infrastructure, and uphold a steadfast commitment to creating a transportation system that works for every neighbor – no matter how they choose to get around.

Continued adverse economic impacts of the pandemic on revenues and historically high inflation levels have created significant fiscal constraints for the Seattle Department of Transportation (SDOT) in delivering transportation priorities for the City. In many ways, the 2023-2024 budget is an understatement of the full picture of investments that will ultimately be made over the upcoming biennium and beyond, as the vast majority of Federal resources anticipated from the Bipartisan Infrastructure Law are not yet available. These are resources which, when also coupled with new revenue from the potential renewal of levy beginning in 2025, will be critical for SDOT to meet its mission.

Among the investments in the budget:

- **Move Seattle Investments:** \$11.8 million in 2023 and \$29.0 million in 2024 for Sidewalk Safety Repair, Transit Corridor Improvements, Arterial Asphalt and Concrete projects, New Sidewalk Program, Protected Bike Lane improvements, Greenways, Arterial Major Maintenance, Heavy Haul Network improvements, and investments in the Market / 45th Multimodal Corridor project.
- **Emergency Response:** Due to worsening storms as a result of climate change and other transportation-disrupting events including the increasing complexity of the transportation network, an additional \$4 million is added to base investments of \$4 million to ensure SDOT holds enough budget to respond quickly to emergency events.
- **Vision Zero:** An additional \$1.3 million is added to base investments of \$6 million in 2023 and an additional \$2 million to a base of \$6.5 million in 2024 to support Vision Zero investments for Rainier Corridor safety projects in 2023, transit improvement projects along MLK, concept planning for the 130th West project, and other transit-related projects that will be identified in the coming months.
- **West Seattle-Ballard Link Extension Staffing:** The City will invest almost \$3 million annually from the Transportation Benefit District to support 14 positions that will help develop, review, and plan Sound Transit's major light rail extension project through Downtown Seattle. This project represents the largest infrastructure investment in Downtown in the city's history and will require close coordination with Sound Transit to ensure the work best meets Seattle residents' needs.

## 2023-2024 Adopted Budget Summary

The budget also includes changes to the Restricted Parking Zone fees. The fees will increase from \$65 per two years to \$95 per two years, along with other fee changes for guest passes and temporary passes. Low-income passes will remain the same. The change is required to offset increasing costs of administering the restricted parking zone program, which was last updated in 2009. This increase represents a 3.2% annualized increase per year and is in line with numerous other cities of similar size.

### ***Good Government***

The ability of government to deliver critical services depends upon an effective and efficient team that is managing both current resources as well as is attentive to the long-term needs of the City. This budget invests in infrastructure to support sound fiscal management, technology needs and asset preservation.

With nearly \$300 million in new revenue from the payroll tax and recognizing the increased workload and current turnover rates in department staffing, the budget provides funding for department capacity to manage, track and evaluate the effectiveness of these payroll tax resources. The budget includes a \$8 million transfer to cover specific administrative and evaluation expenses identified in the City Budget Office, Department of Neighborhoods, Office of Economic Development, Office of Housing, Office of Sustainability and Environment, Department of Finance and Administrative Services, Department of Human Resources, and Legislative Department.

The City is rapidly responding to new and urgent challenges that drive the delivery of new services to constituents, new investments in community recovery, and new initiatives to improve the quality of life for all. The need for Seattle IT and City departments to be agile in developing and onboarding the technology solutions to support these new programs is critical. The budget invests new resources in priority needs such as cybersecurity, a hybrid workforce, public records, and core technology investments, such as the conversion of the City to network-based phones and replacing the Seattle Municipal Court's IT system.

In addition to maintaining critical technology infrastructure, the preservation and improvement of capital assets is a priority in this budget. The budget invests Real Estate Excise Tax (REET) in multiple departments to maintain and improve significant capital assets. Projects receiving new investments include the rebuild of Fire Station 31, and further electrifying the City's fleet.

### **Fiscal Reserves**

The City maintains two financial reserves to draw upon in the event of certain unanticipated expenditure or revenue pressures: the Emergency Fund (EMF) and the Revenue Stabilization Fund (RSF). The EMF is the principal reserve for the City to draw upon when certain unanticipated expenses occur during the fiscal year. The proposed budget included \$20 million in replenishment to the EMF over the biennium; however, the adopted budget reduces this amount to \$11 million, to make progress on the five-year replenishment plan. The total reserve amount is rebuilt to \$56.7 million over the biennium. Contributions of \$15 million in both 2025 and 2026 will be needed to rebuild the fund to a projected target balance of \$86.7 million within the prescribed five-year timespan. The RSF, or "Rainy Day Fund", was recently replenished in 2022 via the 2021 year-end fund balance in the General Fund. The 2023 Adopted and 2024 Endorsed budgets build on this reserve with the maximum contributions under current policy of \$3.6 million in 2023 and \$1.7 million in 2024, to reach an ending fund balance of \$67

## 2023-2024 Adopted Budget Summary

million. The total amount of reserves in the adopted budget at the end of the biennium is \$123.7 million.

### City Utilities

The 2023 Adopted and 2024 Endorsed budgets for both Seattle City Light (SCL) and Seattle Public Utilities (SPU) continues to build on each utility's six-year Strategic Business Plan. In the provision of essential services to utility customers, each utility maintains a strong commitment to its financial health, affordability, and efficiency in service delivery while meeting all regulatory requirements. During the acute phase of the COVID-19 pandemic, SCL and SPU worked to support customers in need of financial assistance, and they continue affordability measures intended to ensure utility customers access to electric, water, solid waste and drainage and wastewater services. SCL's \$1.5 billion budget maintains investments at current service levels; changes are net-zero reprioritizations (after technical and inflationary adjustments), necessary to support the business strategies outlined in the approved 2023-2028 Strategic Business Plan and remain within the funding levels proposed in the 2023 rate ordinance. SPU's \$1.4 billion budget provides reliable, efficient and environmentally conscious utility services that enhance the quality of life and livability in all communities SPU serves. SPU's budget pays for Clean Cities, including the provision of crucial public hygiene services for the unsheltered population, and UCT/Clean Seattle programs (see above.)

## RACE AND SOCIAL JUSTICE INITIATIVE IN 2023 BUDGET CHANGES

### Introduction

This chapter provides an overview of significant changes in the City’s 2023 budget that advance the [Race and Social Justice Initiative \(RSJI\)](#). The City implements additional initiatives within department base funding that are not included below in this summary of changes.

### City of Seattle Race and Social Justice Initiative

There is significant evidence that the opportunities a Seattle resident can access, and the quality of life they experience, are both directly related to their race and where they live. People of color and other under-represented groups in the City of Seattle’s workforce face similar issues. To address racial inequities, in 2004 Seattle became the first city in the U.S. to establish a program, the Race and Social Justice Initiative (RSJI), to explicitly eliminate institutional racism. Institutional racism exists when an organization’s programs, policies, and spending work to the benefit of white people and to the detriment of people of color, usually unintentionally.

The Office for Civil Rights leads the RSJI in the City and provides support for departments and staff. As part of RSJI, the City uses a Racial Equity Toolkit to guide policy, program, and budget decision-making toward options that actively support positive racial equity outcomes. The City also uses a racial equity lens to develop a workforce that is inclusive of people of color and other marginalized or under-represented groups at all levels of City employment.

Additionally, each City department has a “Change Team” to support internal transformation. The team – consisting of a group of employees who champion RSJI activities and strengthen a department’s capacity to get more employees involved – facilitates and participates in discussions on race, racism, and strategies to overcome institutional barriers to racial and social equity.

Below are examples from the City’s 2023 Adopted Budget illustrating how the City continues to use policies, programs, and investments to change racial equity outcomes through stronger relationships with communities; aligning policies and strategies across departments; and sharing knowledge and resources to create opportunities to integrate equity goals.

## ARTS, CULTURE AND RECREATION

### Seattle Parks and Recreation Department

#### Youth Opportunity Fund

\$800,000

This item launches a fund to engage community-based organizations and community members in providing mentorship and related programs to youth, as part of the Mayor's vision to mobilize community centers and other Seattle Parks and Recreation (SPR) assets as engines for safety and opportunity for all Seattle's youth.

## **Race and Social Justice Initiative (RSJI)**

### **Youth Mentorship and Employment**

\$665,720

SPR is a major provider of youth mentorship, employment, and job training programs across several divisions, with hundreds of youth and young adults gaining job skills annually. This item expands these efforts by adding a wage-based rather than stipend-based program, and centralizes oversight and coordination of all current department efforts by adding a dedicated position to serve as the Youth Employment and Job Training Coordinator for the department and connects these efforts to the larger City Youth Employment Initiative. Specifically, this proposal provides for 80 youth to work 20,000 hours annually.

### **Equity Fund Increment**

\$1,540,000

This item expands the resources available for the Equitable Park Development Fund (formerly Major Projects Challenge Fund) focused on partnering with communities to make improvements to parks and facilities in neighborhoods that have a history of racial disparities in access to green space and in safety from environmental harms. This investment would also help build capacity to ensure that the voices of those communities are heard, and their needs are met. Specifically, it would double the funding available for grant allocation over the existing base budget.

### **Inclusive Outreach and Engagement**

\$489,266

This item builds on SPR's successful Recreation for All, Get Moving, and Community Engagement Ambassador (CEA) programs by increasing grant allocations and staff time devoted to inclusive engagement, training, and outreach. Get Moving and Recreation for All are two grants programs that provide innovative, culturally relevant, free programming to immigrants and refugees, communities of color, and low-income people through partnerships with diverse community-based organizations. Specifically, this item allows for 10-15 additional annual grant allocations (above a baseline of ~40), and doubles the hours of the CEA program (from 3,000 to 6,000).

### **Seattle Conservation Corps Expansion**

\$898,560

This item supports expanding the size of the Seattle Conservation Corps (SCC) to meet a higher need for employment and training for homeless adults. Specifically, it returns Corps enrollment to the pre-pandemic level of 50, and add capacity for an additional 10 enrollees.

### **Rec N the Streets**

\$687,398

SPR's mobile recreation program, Rec N the Streets (RNTS) brings recreation to the people that do not have easy access to recreational opportunities and eliminates the barriers of cost and travel for the populations that are most impacted by disparities in health, racial and economic factors. This item expands program impact by adding 2 additional teams, more than doubling program delivery over baseline. Specifically, it increases weekly activations from an average of 15 to an average of 50+.

### **Teen Development Program**

\$282,029

This item supports targeted teen development programming for ages 11-19 (grades 6-12) under the leadership of a centralized Teen and Youth Development unit, including expanding service at Teen Life

## **Race and Social Justice Initiative (RSJI)**

Centers by adding service on Mondays and increasing annual hours of teen programming by 20% over baseline (from 14,500 to 17,400).

### **Fee increases for Aquatics programs and services, and add to Swim Safety Equity Fund**

\$35,000 for Swim Safety Equity Fund

This item increases fees for swim lessons, drop-in swimming, and pool rentals. These fee changes are expected to generate approximately \$224,000 of revenues in 2023 and \$448,000 in 2024 to help mitigate Park Fund revenue gaps in the short term, as post-pandemic revenues across the department have not stabilized. As such, SPR will be assessing the longer-term revenue forecast over the next biennium. A portion of the revenues generated by the fee increases will augment the Swim Safety Equity Fund to support free swim lesson to young people in most need of these services.

## **EDUCATION AND HUMAN SERVICES**

### **Department of Education and Early Learning**

#### **Child Care Hiring or Retention Bonuses**

\$5,300,000

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$33 million is allocated to investments promoting economic revitalization and workforce development. This item adds one-time \$5.3 million backed by payroll tax to DEEL to support hiring or retention bonuses for child care workers who work in a licensed childcare facility in the city. These funds will be used to support a critical industry whose wages are in the bottom 3% of the state's occupational groups. Providing accessible, affordable child care is a stabilizing force from which our economy can recover. Hiring bonuses could encourage growth in the industry, which is experiencing a significant labor shortage. A portion of these funds (up to 15%) will be used to administer these bonuses to workers.

#### **Sustain Seattle Promise Programming and Equity Enhancements**

\$2,000,000

This item allocates funding held in Families, Education, Preschool and Promise (FEPP) levy reserve to sustain equity enhancements for the Seattle Promise program supported by the federal Coronavirus Local Fiscal Recovery (CLFR) in 2021 and the FEPP levy 2022. These enhancements include items such as: continuing to fund enhanced equity scholarships for eligible students, allowing students impacted by the COVID-19 pandemic up to one year of additional program support, and increasing the amount of overall tuition funding available to sustain higher-than-projected program enrollment. This funding included in the 2023-2024 Adopted Budget will continue those enhancements during the 2023-2024 and 2024-2025 school years.

#### **Expansion of K-12 Culturally Specific and Responsive Programming**

\$2,164,357

This item allocates \$2 million in Families, Education, Preschool and Promise (FEPP) levy reserve and additional FEPP levy funds to expand K-12 culturally specific and responsive programming (CSR) and to continue funding for a 1.0 FTE K-12 CSR program position added in the 2022 Adopted Budget. The FEPP levy's K-12 CSR investment area currently focuses programming on Black and African American young men. This item will allow DEEL to build upon this existing focus to continue programming and pilots aimed at increasing access and achieving outcomes through CSR programming for BIPOC and other

## **Race and Social Justice Initiative (RSJI)**

underrepresented K-12 youth. This funding included in the 2023-2024 Adopted Budget will continue these investments through the 2023-2024 and 2024-2025 school years.

### **Data Analyst for K-12 Culturally Specific and Responsive Programming**

\$164,357

This item allocates Families, Education, Preschool and Promise (FEPP) funds to continue funding a 1.0 FTE data analyst position supporting DEEL's K-12 culturally specific and responsive programming (CSR). This position was added in the 2022 Adopted Budget and was supported by one-time funding.

## **Department of Human Services**

### **Seattle Community Safety Initiative**

\$4,318,786

This item continues the City's investment of \$4.3 million in 2023 and \$4.5 million in 2024 for the Seattle Community Safety Initiative (SCSI) contract held by Community Passageways. Previously, this item was funded through one-time funds, now this ongoing funding will continue investment that support regional and ongoing gun violence prevention. Community Passageways serves youth and young adults of color (ages 12-30) and their families from Black and Brown neighborhoods who live, go to school, or work in Southeast Seattle, Central District, and West Seattle.

### **King County Regional Peacekeepers Collective**

\$1,500,000

This item continues the City's investment of \$1.5 million in the Public Health (PH) - Seattle & King County Regional Approach to Gun Violence Reduction- Regional Peacekeepers Collective (RPKC). This ongoing funding will support community-based organization-Community Passageways- to support restoration services for youth and families impacted by gun violence and referred to community-based care by King County's Hospital Based Intervention team at Harborview Medical Center. Maintaining this investment ensures that services continue without disruption and negative impact on affected community.

### **Continued Funding for Re-Entry Programs for BIPOC Communities**

\$1,400,000

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$33 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$1.4 million backed by payroll to HSD to continue funding for Re-Entry programs for BIPOC communities disproportionately impacted by incarceration. This funding will allow nine community-based organizations to continue serving BIPOC communities.

### **Equity Action Plan**

\$250,000

This item funds the implementation of externally-focused racial equity initiatives to improve outcomes in safety, health, economic justice, and education for Seattle's historically underserved communities and community members. Programs will emphasize tangible direct-service activities (e.g., mentoring programs or job-skills training initiatives) with immediate impacts and demonstrable long-term benefits.

### **Healthy Seattle Initiative Pilot**

\$335,000

This item adds \$335,000 of one-time funding in 2023 and 2024 for the Healthy Seattle Initiative pilot program to improve access to quality care for the uninsured and underinsured, especially in BIPOC, immigrant and refugee, and historically marginalized communities. The funding will expand the number

## **Race and Social Justice Initiative (RSJI)**

of Community Health Workers who help individuals navigate the health care system, follow-through with visits to providers, and act upon providers' recommendations.

### **Rise Above Capacity Building**

\$200,000

This item adds \$200,000 in one-time funding to the Rise Above organization for capacity building. Rise Above delivers education, prevention skills and mentorship through programs tailored to the needs of Native youth. They work closely with tribes and partners, and build tailored education programs with basketball clinics at the center.

## **LIVABLE & INCLUSIVE COMMUNITIES**

### **Office of Economic Development**

#### **Expand Investments in Economic Revitalization**

\$16,119,683

OED will receive \$16.1 million in 2023 and \$15.9 in 2024 of Jumpstart Payroll Expense Tax Fund (payroll tax). Funding will continue, expand or launch 14 different programs in OED to support a just recovery and revitalization of our local and regional economy. Programs will use a variety of criteria to focus on closing the racial disparities found in core economic indicators. More information about these investments can be found in the Office of Economic Development's Adopted Budget chapter.

### **Office of Immigrant and Refugee Affairs (OIRA)**

#### **Workforce Policy and Partnerships Manager**

\$163,289

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$33 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$163,289 backed by payroll tax to the Office of Immigrant and Refugee Affairs to add 1.0 FTE – a Workforce Policy and Partnerships Manager position. The new staff will engage with immigrants and refugees in the City of Seattle's workforce and businesses in its strategy for economic revitalization. This position will also provide direct technical support and language access assistance to businesses and property owners, and assist with re-employment pathways for immigrants and refugees through the City of Seattle's Ready to Work Initiative.

### **Office of Planning and Community Development**

#### **JumpStart Payroll Expense Tax for Equitable Development Initiative (EDI) Grants**

\$5,468,411

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to the City's Equitable Development Initiative. This item adds \$5.5 million backed by payroll tax to provide funding for OPCD's Equitable Development Initiative (EDI). This is in addition to the baseline amount of \$13.8 million, bringing total payroll tax support for EDI grants to \$19.5 million. EDI provides grants to community-based organizations that seek to minimize economic displacement, increase access to economic mobility and opportunity, and enable equitable access to neighborhoods throughout Seattle.

## **Race and Social Justice Initiative (RSJI)**

### **Department of Neighborhoods**

#### **Provide Program Expenses for Indigenous Advisory Council**

\$27,300

This item adds \$27,300 in ongoing funding to the Community Building BSL for program expenses to implement and coordinate the City of Seattle's Indigenous Advisory Council (IAC).

### **PUBLIC SAFETY**

#### **Law Department**

#### **Domestic Violence Survivors Support**

\$437,807

Several additions to the Law Department budget address domestic and non-domestic violence, and the impact on survivors. Recently passed House Bill 1901 expanded the definition of domestic violence to include coercive control. With protection orders being more inclusive, survivors will be able to petition for orders they previously could not under the more limited definition. More protection orders are anticipated requiring an additional Assistant City Prosecutor (ACP). In addition, another ACP is added to return to the national best practice of a vertical representation model establishing a Review and Filing Unit in the Domestic Violence Unit. This will better serve victims, ensure consistency in filing, training, and public safety.

Further, a Victim Advocate is added to support victims of non-domestic violence related crimes. There is currently only one Victim Advocate assigned to non-DV cases. With more felony cases tried as misdemeanors, an additional advocate will allow the Law Department to support more survivors providing:

- Consistency for the survivor.
- Update the survivor of the crime after each hearing.
- Trial preparation assistance.
- Notify the survivor of the crime on a dismissal of a Mental Health Court case (many times these are random, stranger assaults).
- Confirming the survivor received the Victim Impact Statement (VIS) and/or restitution letter.
- Opportunity to help historically disadvantaged communities and immigrant communities receive additional resources as well as interpreting services.

#### **Seattle Police Department**

#### **Relational Policing and Before the Badge Training**

\$446,143

This proposal converts the term-limited Relational Policing Coordinator to a permanent position. This position will oversee the newly created Before the Badge Training Program. The Before the Badge training was launched in May 2022 to immerse SPD recruits in community-based, peer-based, and

## **Race and Social Justice Initiative (RSJI)**

introspective experiences to gain a more comprehensive understanding of the people they will eventually swear to serve and protect.

### **UTILITIES AND TRANSPORTATION**

#### **Office of Sustainability and Environment (OSE)**

##### **Oil Home Heating Conversion, Funding for Rebates and Outreach**

**\$600,000**

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$20 million is allocated to investments in Green New Deal programs. This Green New Deal item provides \$800,000 of payroll tax to OSE for the Clean Heat Program to fund rebates for middle income households who convert from oil home heating to electric heat pumps. This funding replaces \$200,000 in ongoing General Fund appropriations and represents a \$600,000 net increase in funding over the department baseline. Compared to 2022 funding levels, this amount will support 400 additional conversion rebates for middle-income households and will allow the city-funded portion of the rebate to increase from \$1,000 to \$1,500. (With an additional \$500 contributed to each rebate by Gensco, the total rebate will increase from \$1,500 to \$2,000.) Funding will also support targeted outreach to BIPOC and historically disadvantaged communities and provide temporary staffing to support program implementation.

##### **Funding and Position Authority for a Climate Justice Workforce Development Advisor**

**\$160,285, 1.0 FTE**

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$20 million is allocated to investments in Green New Deal programs. This Green New Deal item adds and funds a 1.0 FTE, Strategic Advisor 2, Gen Gov't. This position will serve as a Climate Justice Workforce Development Advisor and will lead strategy development for clean energy workforce pathways, prioritizing racial equity, economic opportunity, and addressing the disproportionate impacts of climate change. This position will lead Citywide coordination with other City departments working in this space, including direct coordination with OED and Economic Revitalization Strategy as well as with FAS on administering funds for Clean Energy Pre-Apprenticeship Scholarships. The position will also oversee workforce investments in the Duwamish Valley Program, convene a Clean Energy Workforce Development Committee that will make recommendations on city actions to effect a just transition from fossil fuels, and participate in monthly coordination meetings with regional partners in labor, industry, and in other governing authorities in the Seattle region.

##### **Continue Environmental Justice Fund Increase**

**\$550,000**

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$20 million is allocated to investments in Green New Deal programs. This item provides \$550,000 in ongoing Green New Deal payroll tax funding for the Environmental Justice Fund (EJF), bringing total EJF awards to \$750,000. This level of funding has been provided in both 2021 and 2022 on a non-recurring basis at the recommendation of the Equitable Communities Initiative Task Force. The Green New Deal Oversight Board has recommended that this funding continue. The Environmental Justice Fund provides funding

## **Race and Social Justice Initiative (RSJI)**

for community-based efforts that address health disparities through investments in food access and environmental justice, youth leadership, environmental restoration, and green jobs.

### **Greening Industrial Properties in Equity Focus Areas**

**\$300,000**

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$20 million is allocated to investments in Green New Deal programs. This item provides \$300,000 in ongoing payroll tax-backed Green New Deal funding for community-led efforts to green industrial areas in the City of Seattle. This funding includes support for contracts with community-based organizations (CBOs) for outreach, engagement, and implementation of greening efforts in private properties in industrial and industrial-adjacent neighborhoods. These efforts focused on South Park and Georgetown in 2022.

Funding will continue to support greening and tree-planting in these neighborhoods as well as potentially expanding to include parts of Beacon Hill and the International District. Funding will also be available as needed to support Seattle Department of Transportation and Seattle Public Utilities in these departments' efforts to green the right-of-way in these neighborhoods.

### **Continue Duwamish Valley Program Green Workforce Development and Technical Assistance**

**\$200,000**

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$20 million is allocated to investments in Green New Deal programs. This item adds \$200,000 in 2023 and \$400,000 in 2024 in ongoing Green New Deal payroll tax funding for the Duwamish Valley Program for green and equity-focused workforce development. This builds on relief provided in the 2022 budget that provided support for small and minority-owned businesses in Duwamish and South Park struggling with the impacts of COVID. One-time funding in 2022 has also supported research on developing jobs pathways to clean energy jobs for Duwamish area residents.

In 2023 and 2024, this funding will support small and industrial businesses in South Park and Georgetown with technical assistance and contracting and procurement for local vendors, with a focus on climate resiliency. Funding will also address priorities from the Industrial and Maritime Strategy as well as the Duwamish Valley Action Plan, and will focus on green economy careers, aiming to facilitate pathways to jobs in manufacturing, logistics, and the maritime sector, as well as work supporting sea level rise adaptation, the electric vehicle industry, and climate change resilience. These collaborations will also serve to advance development of the Duwamish Valley Resilience District, which is parallel work funded by a grant from Robert Wood Johnson Foundation. These actions are aligned with the Citywide Economic Revitalization Strategy and is coordinated with OED.

### **Continue Clean Energy Pre-Apprenticeship Scholarships**

**\$1,000,000**

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$20 million is allocated to investments in Green New Deal programs. This item adds \$1 million in ongoing Green New Deal payroll tax funding to continue a one-time add from the 2022 Adopted Budget for clean energy pre-apprenticeship scholarships. This project aims to expand equitable access to careers in clean energy industries. Funding will support outreach & engagement efforts, in-language services needed to support recruitment, training, and development, as well application and enrollment costs, equipment costs, and supplemental courses. Post-training support services for new apprentices will also be provided with the goal of increasing retention in the clean energy workforce. Funding will also support targeted inclusive outreach (in-language and through trusted networks) to advance green and just workforce development and priority hire goals.

## **Race and Social Justice Initiative (RSJI)**

### **Tree Canopy Equity and Resilience Plan**

\$150,000

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$20 million is allocated to investments in Green New Deal programs. This item provides \$150,000 in one-time payroll tax-backed Green New Deal funding for a tree canopy equity and resilience assessment and plan. This comprehensive plan will identify the best strategies and locations for planting, growing, and maintaining trees on private and public land and in the right-of-way, with a focus on low-canopy neighborhoods in environmental justice priority areas. This plan would pave the way for leveraging future federal, state, and philanthropic funds that support the resilience of the tree canopy. This action is aligned with the recommendations of the Green New Deal Oversight Board and the Urban Forestry Commission.

### **Building Emissions Performance Standards – Funding for Staffing and Implementation**

\$828,228

As part of the JumpStart Payroll Expense Tax (payroll tax) resources included in the adopted budget, \$20 million is allocated to investments in Green New Deal programs. This item adds \$828,000 backed by payroll tax in 2023 to OSE for developing and implementing Building Emissions Performance Standards for the City of Seattle.

<b>ADMINISTRATION</b>
-----------------------

### **City Budget Office**

#### **Affordable Seattle**

\$289,709

This item increases funding for the Affordable Seattle program, which includes the CiviForm application. Affordable Seattle reduces barriers for low-income residents to access programs such as utilities, childcare, transportation, and food. CiviForm is a common application across multiple departments that decreases the time and effort for residents and their trusted intermediaries (e.g., Community Based Organizations) to apply for City of Seattle programs. Affordable Seattle and the CiviForm application increase access to programs by translating applications into multiple languages, highlighting programs for which an applicant is eligible, automatically reusing information provided on one application to complete new applications, enables community-based organizations to submit applications on behalf of clients, and continuously gathering feedback from the people served to improve the tool and business processes.

### **Information Technology Department**

#### **Affordable Seattle**

\$548,420

This item increases JumpStart Payroll Expense Tax funding for the Affordable Seattle program, which includes the CiviForm application. Affordable Seattle reduces barriers for low-income residents to access programs such as utilities, childcare, transportation, and food. CiviForm is a common application across multiple departments that decreases the time and effort for residents and their trusted intermediaries

## **Race and Social Justice Initiative (RSJI)**

(e.g., Community Based Organizations) to apply for City of Seattle programs. Seattle IT is working in partnership with City Budget Office Innovation & Performance Team and Office of Economic Development to accomplish this work. Seattle IT is responsible for maintenance and development of the pilot platform into a fully-featured application. This adds 2.0 FTE Information Technology Professional, B positions as Database Engineers, and 1.0 FTE Information Technology Professional, A position as Manager of the staff in ITD related to the program. The three current staff in ITD working on Affordable Seattle would also be moved from CLFR funding to the JumpStart Payroll Tax fund in 2024.

## General Fund Revenue Overview

### City Revenue Sources and Fund Accounting System

The City of Seattle budget authorizes annual expenditures for services and programs for Seattle residents. State law authorizes the City to raise revenues to support these expenditures. There are four main sources of revenues. First, taxes, license fees, and fines support activities typically associated with City government, such as police and fire services, parks, and libraries. Second, certain City activities are partially or completely supported by fees for services, regulatory fees, or dedicated property tax levies. Examples of City activities funded in-whole or in-part with fees include certain facilities at the Seattle Center, recreational facilities, and building inspections. Third, City utility services (electricity, water, drainage and wastewater, and solid waste) are supported by charges to customers for services provided. Finally, grant revenues from private, state, or federal agencies support a variety of City services, including social services, street and bridge repair, and targeted police services.

The City accounts for all revenues and expenditures within a system of accounting entities called “funds.” The City maintains numerous funds. The use of multiple funds is necessary to ensure compliance with state budget and accounting rules and is desirable to promote accountability for specific projects or activities. For example, the City of Seattle has a legal obligation to ensure revenues from utility use charges are spent on costs specifically associated with providing utility services. As a result, each of the City-operated utilities has its own fund. For similar reasons, expenditures of revenues from the City’s various property tax levies are accounted for in separate funds. As a matter of policy, several City departments have separate funds. For example, the operating revenues and expenditures associated with those revenues for the City’s parks are accounted for in the Park and Recreation Fund. The City also maintains separate funds for debt service and capital projects, as well as pension trust funds, including the Employees’ Retirement Fund, the Firefighters’ Pension Fund, and the Police Relief & Pension Fund. The City holds these funds in a trustee capacity, or as an agent, for current and former City employees.

The City’s primary fund is the General Fund. The majority of resources for services typically associated with the City, such as police and fire or libraries and parks are received into and spent from one of two funds of the City’s general government operation: the General Fund for operating resources and the Cumulative Reserve Fund for capital resources.

All City revenue sources are directly or indirectly affected by the performance of the local, regional, national, and even international economies. For example, revenue collections from sales, business and occupation, and utility taxes, fluctuate significantly as economic conditions affecting personal income, construction, wholesale and retail sales, and other factors in the Puget Sound region change. The following sections describe the current outlook for the regional and national economies, and present greater detail on forecasts for revenues supporting the General Fund and the Cumulative Reserve Fund.

### National Economic Conditions and Outlook

The year 2022 has experienced considerable economic instability and uncertainty at the national level. Just as the case-loads associated with the COVID-19 Omicron variant had begun to stabilize early in the year, Russia began its invasion of Ukraine. Inflationary pressures that had already emerged because of tightening labor markets and increased consumer demand, associated at least in part with the federal COVID relief spending, were quickly exacerbated by a spike in commodity prices. The war in Ukraine disrupted, and continues to disrupt, the global markets for fuel, food, and other basic commodities. The net result has been a sharp rise in inflation. As of October, annual inflation as measured at the national

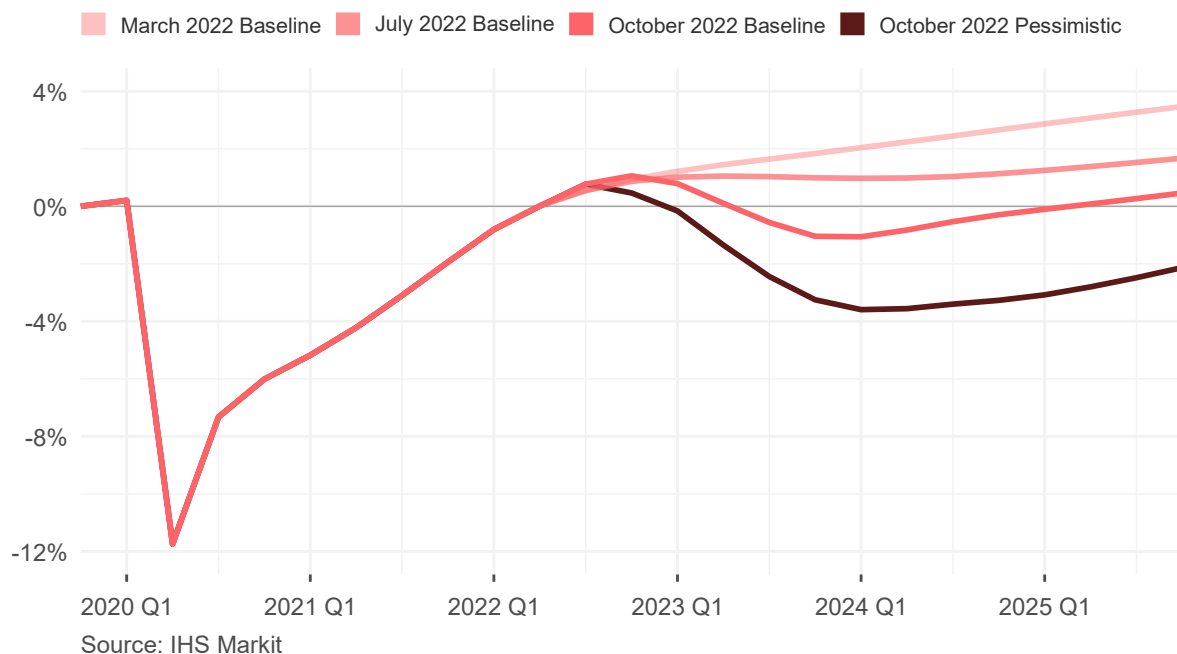

## Revenue Overview

level was 7.7%, just below the high of 9.1% seen in June. These levels of inflation have not been experienced in more than 40 years. In turn, the Federal Reserve Bank (Fed) has responded to these inflationary pressures with a commitment to aggressively increase interest rates in an attempt to cool demand and reduce the rate of price escalation. This commitment has been reflected in both words and action. Since the beginning of the year the Fed has been steadily increasing rates, including four successive 0.75% increases in June, July, September, and November with an additional 0.5% anticipated for December. This all represents a dramatic shift from the Fed's stance in 2021, when rates were reduced as part of the overall effort to stimulate economic recovery in the wake of COVID-19.

This shift, in part, reflects the fact that the overall economic recovery from the COVID-19 disruption has been quite strong. As of August, employment levels in the US matched those seen before the pandemic. While overall consumer sentiment about the economy has weakened over the course of this year, actual consumer spending has remained strong and actually grown. Spending patterns have shifted away from goods, which were in high demand during the pandemic, and towards services such as restaurant dining and travel as social distancing requirements have eased. The overall recovery is perhaps most evident in the continued strength of the labor market. The addition of 261,000 jobs in October at the national level extended the current period of sustained labor market growth to 22-months.

Looking forward, the question that remains is whether this job growth will continue even as the Fed takes purposeful steps to cool demand and reduce inflation. The consensus among national forecasters is that inflation can be brought under control and back to more recent trends by the latter part next year (2023), but a mild recession is likely to begin in the last quarter of 2022 and continue through the second quarter of 2023. Growth is expected to return by 2024, and the forecasts indicate that the impacts on jobs will be modest, with total employment declining by roughly 2% from current levels before employment growth returns. The graphic below, which compares employment forecasts from national forecasting firm IHS Markit over the course of this year, illustrates these points.

**Figure 1. U.S. Employment Outlook**

# Revenue Overview

## Seattle Metropolitan Area Economic Conditions and Outlook

The dynamics of the regional economy have generally tracked those seen at the national level. The regional labor market remains strong, although as illustrated below, some sectors have shown considerably more strength than others. Employment growth in the technology sector was particularly strong throughout the pandemic, but recent news about hiring slowdowns and potential layoffs among the region's larger technology firms suggests that this will likely not continue. The region has also experienced the same elevated rates of inflation as seen at the national level. In fact, local inflation has somewhat out-paced national levels. Increasing housing costs, reflected both in residential rental rates and home prices, have been a key driver of an overall escalation in the regional cost of living.

**Labor Market.** The recovery of the regional labor market has trailed the nation since the recovery began in mid-2020, but has been closing the gap in recent months. As the graph below illustrates, employment at the national level is essentially back to pre-pandemic levels, while regionally the number of filled jobs remains just barely below the levels seen in early 2020.

**Figure 2. Job Losses, COVID Recession and Great Recession**

Source: U.S. Bureau of Labor Statistics and Washington State Employment Security Department

The region's dependence on tourism and aerospace manufacturing (Boeing), together with its more cautious public health approach and sustained commitment to social distancing likely led to a slower employment recovery. A sector-level analysis confirms this assessment. As shown below, as of October, total regional employment was about 5,000 jobs below pre-pandemic levels, but the overall impacts varied significantly by sector. While employment in the Leisure & Hospitality and Manufacturing sectors remains well below pre-pandemic levels, there has been significant job growth since February 2020 in various other sectors, led by both Information and Professional & Business Services. Whether these sectors will continue to lead the local recovery has come into question with concerns about the overall outlook for the region's large technology-based companies.

## Revenue Overview

**Figure 3. Change in Seattle MD employment Since February 2020**

Another dynamic that distinguishes the local and regional employment recovery is the trend toward “work from home”. Relative to other parts of the nation, a larger share of the region’s employees continues to work from home. There is no evidence that this has had a negative impact on the region’s overall economic recovery, but it has affected City revenues by reducing the overall level of taxable activity that is occurring in the city.

**Inflation** Regional inflation tends to track national inflation because commodity prices and national economic conditions are key drivers of regional prices. Seattle inflation has, however, been running on average about 0.5% higher in recent years due to the region’s higher population and income growth and high housing price inflation compared to the nation. However, overall inflation rates had been quite low. For example, from 2011 to 2019, regional prices grew an average of just 2.2% per year.

In the initial phases of the pandemic, depressed consumer demand put downward pressure on prices, but that trend reversed in late 2021. As noted previously, accelerating inflation has become a dominant factor in the economy, both its direct impacts on the cost-of-living and the potential near-term impacts of the Fed’s aggressive approach to bringing it under control. On the regional level, recent cost-of-living impacts have outpaced the national figures. For the 12 months ending in October of this year, the regional consumer price index reflected an increase of 8.9%, compared to the national level of 7.7%. Fortunately, current forecast is that inflation will cool late in 2022 and early 2023, with a return to more moderate levels anticipated by mid to late next year.

**Regional Economic Outlook** Overall, the region appears to have weathered the economic shocks created by the COVID-19 pandemic relatively well. Total regional employment is fast-approaching pre-pandemic levels, and the sectors most negatively affected by the social distancing requirements appear to be in recovery. While not necessarily at pre-pandemic levels, this summer’s tourist season saw the return of the cruise industry and overall tourism traffic was up from last year. Through July, overall

# Revenue Overview

passenger traffic at SeaTac airport reached 25.4 million, down 13.9% from 2019 levels, but up 37% from 2021. The rebound in airline traffic was not unique to Seattle and increasing overall demand for air travel also represents good news for Boeing and the region's aerospace manufacturing sector. After reducing regional employment by more than 20,000, the company has returned to hiring and currently has several thousand openings region-wide.

At the same time, employment growth in the technology sector continued at a robust pace through the pandemic and continued to be a driving force behind the growth of the regional economy. On average, the jobs offered in this sector pay well and help drive demand in other sectors such as hospitality, entertainment, and construction. However, as post-pandemic consumption patterns have shifted back towards services, there are early indications that the robust employment growth seen at firms such as Amazon, Microsoft, Facebook (Meta), Apple, and Google (Alphabet Inc.) will not be sustained in the immediate future. Hiring has slowed and layoffs have been announced by some firms.

More broadly, even when this sector returns to a growth phase, whether the city of Seattle remains the focus of technology sector's regional growth is a point of uncertainty looking forward. Several of the region's larger employers are making capital investments in office facilities elsewhere in the region, and this could preview a shift in where growth will be focused in future years. Seattle will still benefit from an overall economic growth perspective whether the jobs are here in the city or elsewhere in the region, but slower in-city growth will likely impact the pace of both commercial (office-space) and residential construction. The city's building boom slowed during the pandemic and the projections are for a slower pace of activity in the next few years.

At the same time, the "work from home" model, which was established by necessity during the pandemic, appears to have permanently shifted employment patterns for at least some industries. At present, Seattle's daily, downtown workforce is only about 40% of its pre-pandemic levels. Some workers are facing increasing pressure to be in the office on at least a part-time basis, but a return to a fulltime, 5-day a week office presence seems unlikely for many. Uncertainty about these once fundamental employment patterns is another challenge for the City going forward, particularly in terms of municipal finances. A smaller commuting work force will translate into less day-time demand for restaurants, retailers and other downtown businesses. At the same time, fewer productive employees working in the city will also reduce or at least slow the growth of the taxable economic activity supporting revenue streams such as the Business and Occupation Tax and the Payroll Expense Tax.

## City Revenue

The following sections describe revenues supporting the City's primary operating fund, the General Fund, its primary capital funds – the Cumulative Reserve Funds, and three other funds – the Sweetened Beverage Tax Fund, the Short-Term Rental Tax Fund and the JumpStart Payroll Expense Tax Fund.

## General Fund Revenue Forecast

Taxes primarily support expenses paid from the General Fund. The COVID-19 pandemic caused a 5.3% drop in total revenue and a 9.1% drop in tax revenue in 2020. Inclusive of the new revenues generated by the new Payroll Expense Tax, 2021 General Fund revenues grew by more than 20%, relative to 2020. However, without the additional revenue from the new tax, 2021 revenue growth would have been just 7.7%, consistent with the moderate recovery experienced last year.

## Revenue Overview

For 2022, the overall revenue picture is complicated by the infusion of significant one-time resources. Fund balance transfers, grants, and a significant property sale, accounted for more than \$200 million of total General Fund resources. For 2023, the one-time amounts made possible by federal grants, property sales and fund balances are no longer available. As shown in Figure 5 below, the 2023-2024 Adopted Budget anticipates continued support for the General Fund from the JumpStart Payroll Expense Tax Fund. While critical to supporting City expenditures in 2022, these one-time factors also distort an assessment of how the underlying City revenues are recovering as the pandemic eases. Focusing on those core revenues, and again excluding fund balance transfer, grants and property sales, the updated forecasts for year-end 2022 revenues anticipate somewhat lower revenue growth, at 4.8%. Looking forward, a comparable growth of 3.4% is projected for these core revenues in 2023, while a slower rate of just 2.6% is expected for 2024. These lower rates of growth reflect national and regional forecasts that anticipate slower overall economic growth in the post-pandemic period.

The total General Fund revenue forecast for the 2023 Adopted Budget is \$1,623.4 million, its composition by source is in Figure 4 and Figure 5. This total includes an additional \$95.7 million in 2023 and \$93.6 million in 2024 relative to the forecast presented and approved by the Revenue Forecast Council on August 8, due to select revenue changes approved after August 8 as part of the Executive's Proposed Budget development process. These amounts include the transfer amounts from the JumpStart Payroll Expense Tax Fund. The Council adopted these additional forecast changes and made the following changes to General Fund revenue in the 2023 Adopted and 2024 Endorsed Budget: a repeal of the heating oil tax, which reduces revenues by \$1.4m in 2023 and \$1.3m in 2024; an additional transfer from the Payroll Expense Tax Fund in 2023 of \$14.7m; and position changes that reduce revenues by \$0.8m in 2023 and 2024.

# Revenue Overview

## Property Tax

Property tax is levied primarily on real property owned by individuals and businesses. Real property consists of land and permanent structures, such as houses, offices, and other buildings. In addition, property tax is levied on various types of personal property, primarily business machinery and equipment. Under Washington State law, property taxes are levied by governmental jurisdictions in accordance with annual levy-amount growth and total tax rate limitations. Taxes paid in the current year are based on valuations as of January 1, of the previous year. So, taxes collected this year (2022) were based on valuations as of January 1, 2021. Accordingly, the revenue forecasts and projected tax rates for 2023 will be based on January 1, 2022 valuations. Over the course of this year, the King County assessor has been conducting the research and appraisals needed to retroactively determine those valuations.

*Assessed Value (AV)* – Based on the partially completed work of the assessor and other modeling, we anticipate that AV as of January 1, 2022 will have grown 10.3% over the previous year. As described immediately above, these new valuations will underlie the 2023 tax collections. This significant increase is driven largely by growth in residential property values. Although the pandemic slowed growth in commercial values, strong demand has continued to drive up residential valuations. Looking forward, we are anticipating somewhat slower growth of 7.5% for the valuations for 2024 collections. These valuation changes do not themselves drive increases in total property tax collections. Per state law, the City’s property tax revenues from existing property and improvements cannot grow by more than 1%. To the extent that valuations increase by more than 1%, the net effect is to lower the tax rates applied to the higher valuations.

**Figure 6. Seattle Total Assessed Value**

## Revenue Overview

**New Construction** -- In addition to the allowed annual maximum 1% levy growth, state law permits the City to increase its regular levy in the current year by an amount equivalent to the previous year's tax rate times the value of property constructed or remodeled within the last year, as determined by the King County Assessor. For 2022 tax collections, the City is receiving nearly \$9.5 million in additional levy revenues from new construction based on \$4.4 billion in new construction added to the tax roll. The 2023 Adopted Budget assumes a new construction value of \$4 billion, generating approximately \$8.4 million in 2023 revenue.

**Figure 7. Seattle New Construction Property Tax Revenue**

**The 2023-2024 Adopted Budget assumes 1% growth plus new construction.** The forecast for the 2023-24 Adopted Budget's General Fund (General Purpose) portion of the City's property tax is \$314.2 million for 2023 and \$316.3 million for 2024. Additionally, the City is levying approximately \$274.9 million for 5 voter-approved lid lifts in 2022. There are no new lid lifts added in 2023 and none expire in 2022. All levy lid lift proceeds are accounted for in other funds than the City's General Fund. Finally, the City is levying \$16.3 million in 2023 to pay debt service on voter-approved bond measures.

**Seattle Parks District.** In August 2014, voters approved creation of a Metropolitan Park District (MPD). Pursuant to RCW 35.61, the MPD is a legally separate taxing jurisdiction from the City of Seattle, whose property tax levy authority of \$0.75 per \$1,000 assessed value is outside of the City's statutory rate limit of \$3.60 per \$1,000 assessed value and whose revenues will not be accounted for in the City's General Fund. The MPD is levying approximately \$56.0 million in 2022, \$118.4 in 2023 and \$122.5 in 2024.

**Medic 1/Emergency Medical Services.** Voters in November 2019 approved a 6-year (2020-2025 collection years) renewal of the Medic 1/EMS levy at \$0.265 per \$1,000 of AV. Seattle's share of this revenue is based on Seattle's assessed value multiplied by the County rate. These revenues are recorded in the General Fund and expended by the Seattle Fire Department. The levy generates a downwardly revised \$67.8 million in revenue in 2022, \$66.3 million in 2023 and \$70.3 million in 2024. The downward revision in this period is due to the relative rates of increase of total assessed value in Seattle versus the rest of King County.

Figure 8 shows the different jurisdictions whose rates make up the total property tax rate imposed on Seattle property owners, as well as the components of the City's 2022 property tax.

# Revenue Overview

Figure 8.

# Revenue Overview

## Retail Sales and Use Tax

The retail sales and use tax (sales tax) is imposed on the sale of most goods and certain services in Seattle. The tax is collected from consumers by businesses which, in turn, remit the tax revenue to the state. The state sends the City its share of the collections each month.

The sales tax rate in Seattle increased from 10.1% to 10.25% on April 1st, 2021 as a result of the new county housing services tax and the increased transportation benefit district rate approved by voters in November 2020. The basic sales tax rate of 10.25% is a composite of separate rates for several jurisdictions as shown in Figure 9. The City of Seattle's portion of the overall rate is 0.85%. In addition, Seattle receives a share of the revenue collected by the 0.1% King County Criminal Justice Levy. Revenue collected by the Seattle Transportation Benefit District is accounted for in a separate fund and is used to make transportation improvements in Seattle.

**Figure 9. Sales and Use Tax Rates in Seattle**

Of the City's four major taxes, the sales tax is the most volatile because it is the most sensitive to changing economic conditions. Over half of sales tax revenue comes from retail trade and construction activities, which are very sensitive to changing economic conditions.

Seattle's sales tax base grew rapidly in the late 1990s, driven by a strong national economy, expansion at Boeing in 1996-1997, and the stock market and technology booms. The recession that followed the bursting of the stock market bubble and the September 11, 2001 terrorist attacks ushered in three successive years of declining revenue. This was followed by four years of healthy growth, 2004–2007, led by a surge in construction activity. That expansion ended in 2008 with the onset of the Great Recession, which caused the largest contraction in the sales tax base in more than 40 years. In a period of five quarters beginning with the third quarter 2008, the sales tax base shrunk by 18.2%. The decline was led by a steep drop in construction along with falling sales in almost every industry.

After hitting bottom in 2010, Seattle's sales tax base has rebounded strongly, with construction leading the way. Other fast-growing industries include motor vehicle and parts retailing, e-commerce retailing, professional, scientific and technical services, accommodation, and food services. Over the 2011-2018 period sales tax revenue increased at an average rate of 8.4% per year.

# Revenue Overview

Sales tax revenue fell 13.0% in 2020. The biggest decline took place in tax revenue from leisure and hospitality services which fell by 60.5%. Construction sector revenue declined by 10.8%, but trade services just by 0.2% thanks to online sales. Revenue from the rest of the industries was lower by 7.3%. As fiscal stimulus fueled consumer spending in 2021, sales tax revenue recovered and reached \$274.2 million, which is about \$5.2 million or 1.9% above the 2019 level. In nominal terms, revenue is predicted to grow by 10.5% to \$303.1 million in 2022, in large part as a direct result of high inflation, but also because consumer spending continues to show resilience in face of high prices. Significantly slower growth, 1.2% and 2.1%, is expected in 2023 and 2024, reflecting less construction in Seattle and an overall economic slowdown consistent with a mild national recession.

## Business and Occupation Tax

Seattle's principal business tax is the business and occupation (B&O) tax, levied on the gross receipts of most business activity that takes place in the city. Small businesses with taxable gross receipts below \$100,000 are exempt from the tax. Between January 1, 2008 and January 1, 2016, the City's B&O tax also included a square footage tax that was complementary to the gross receipts tax. The square footage tax was implemented to offset an expected revenue loss from state mandated changes in the allocation and apportionment of B&O income.

The City levies the gross receipts tax at different rates on different types of business activity, as indicated in Figure 10. Most types of business activity, including manufacturing, retailing, wholesaling, and printing and publishing, are subject to a tax of 0.222% on taxable gross receipts. Services and transporting freight for hire are taxed at a rate of 0.427%. In 2017 and 2018, the City increased B&O tax rates to the maximum allowed under state law. In addition, the special 0.15% rate for international investment management services was eliminated on January 1, 2017.

**Figure 10. Seattle Business and Occupation Tax Rates, 2016 – Present**

	2016	2017	2018-present
Wholesaling, Retail Sales and Services	0.215%	0.219%	0.222%

B&O receipts have fluctuated with the economy's ups-and-downs, rising rapidly during the late-1990s stock market and dot-com boom and the housing bubble of the mid-2000s, going flat from 2001–2004 during the previous decade's first recession, and falling sharply during the Great Recession. During the Great Recession, the B&O tax base lost 16.8% of its value between first quarter 2008 and second quarter 2010. B&O tax revenue has grown at a healthy pace during the recovery from the Great Recession. Over the 2011-2018 period, revenue increased on average at a 7.2% annual rate. Growth was weak in 2013 because of a drop in revenue from audit activity and an increase in refund payments, not because of a weakening of tax base growth. Industries growing rapidly during the recovery have been construction, information, real estate, management of companies and enterprises, food services, and accommodation.

B&O revenue payments fell 17.6% in 2020. The leisure and hospitality sector is the biggest contributor to total B&O revenue decline, accounting for 26.4% of the drop in payments for the 2020 obligation

# Revenue Overview

year. Professional and business services accounted for an additional 22.9% of the drop, trade 16.9% and construction 12.3%. B&O tax revenue from information services increased by 6.3% and offset some of the loss. In addition to the negative effects of the pandemic, revenue dropped in 2020 as a result of HB 1059, which changes the due date for annual payments from January 31 to April 15 beginning with 2020 obligations. January and February payments are accrued to the previous year, but March and April are not. In addition to smaller revenue in 2020, HB 1059 increased the uncertainty regarding the revenue received in a given year, since not all of the annual filers take advantage of the later due date.

Just like sales and use tax, B&O revenue recovered in 2021, reaching \$312.4 million which is \$9.7 million, or 3.2%, above 2019 revenue. In nominal terms revenue is expected to grow by 4.5% in 2022 and reach \$326.6 million. After that, the predicted growth for the following two years is 2.6% and 2.7% respectively. Other things being equal, the B&O tax base is more stable than the retail sales tax base. The B&O base is broader than the sales tax base, which does not cover most services. In addition, the B&O tax is less reliant than the sales tax on the relatively volatile construction and retail trade sectors. These sectors significantly contribute to the predicted slowdown in sales tax revenue in 2023 and 2024, the effect on B&O is much smaller.

## Utility Business Tax - Private Utilities

The City levies a tax on the gross income derived from sales of utility services by privately owned utilities within Seattle. These services include telephone, steam, cable communications, natural gas, and refuse collection for businesses.

**Natural gas.** The City levies a 6% utility business tax on gross sales of natural gas and on sales of steam which has natural gas as an energy source. The bulk of revenue from the natural gas tax is received from Puget Sound Energy (PSE). PSE's natural gas rates are approved by the Washington Utilities and Transportation Commission (WUTC). Another tax is levied on consumers of gas delivered by private brokers. It is also assessed at 6% on gross sales. The revenue forecast has been revised upward quite dramatically, compelled by a sharp increase in gas prices in 2022 that is expected to reverse only partially over the next few years.

**Telecommunications tax revenues continue to decline.** The utility business tax is levied on the gross income of telecommunication firms at a rate of 6%. Revenue from traditional land-line services has been on a steady decline. This was initially counteracted by the increasing prevalence of mobile/wireless phones. However, while new smartphone users have added to the potential wireless tax revenue base, the increased use of data and internet services, which are exempt from the City tax, have caused declines in the actual taxable revenue streams. As more and more wireless phone users are using the devices for data transmission instead of voice or text applications, and telecom companies change their rate plans to respond to this consumer behavior, the City expects to see further declines in this revenue stream. The forecast for 2023 and 2024 reflects this expectation.

**"Cutting the cord" is decreasing Cable Tax revenues.** The City has franchise agreements with the cable television companies operating in Seattle. Under the current agreements, the City levies a 10% utility tax on the gross subscriber revenues of cable TV operators, which accounts for about 90% of the operators' total revenue. The City also collects B&O taxes on miscellaneous revenues not subject to the utility tax. The imposition of a 4.4% franchise fee makes funds available for cable-related public access purposes. This franchise fee is deposited into the City's Cable Television Franchise Fund. Overall

# Revenue Overview

revenues from cable services have been in decline for several years as more and more residents shift away from cable (cutting the cord) and toward internet-based streaming services. These latter services are exempt from the City's cable tax. The forecast for 2023, 2024 and beyond reflects a prediction that this behavior will continue in the coming years.

## Utility Business Tax - Public Utilities

The City levies a tax on most revenue from retail sales collected by City-owned utilities (Seattle City Light and Seattle Public Utilities). Tax rates range from a State-capped 6% on City Light up to a current 15.54% on the City Water utility. The 2023-24 Adopted Budget assumes moderate growth in usage and utility rates yielding a combined \$186.2 million in 2023 and \$191.9 million in 2024 for all public utility revenues.

## Other Notable Taxes

**Admission Tax.** The City imposes a 5% tax on admission charges to most Seattle entertainment events, the maximum allowed by state statute. This revenue source is highly sensitive to swings in attendance at events and is dependent on economic conditions, as people's ability to spend money on entertainment is influenced by the general prosperity in the region. The COVID-19 pandemic almost completely wiped-out admissions tax revenue in 2020 when it fell by almost 85%. Revenue recovered partially over the next two years and is expected to exceed pre-pandemic levels in 2022, aided by the revenue generated by the new Climate Pledge Arena. Beginning in 2022, all admissions tax revenues will be receipted into the Arts & Culture Fund. The Office of Arts and Culture section of this document provides further detail on the office's use of Arts Account revenue from the admission tax and the implementation of this change.

**New Heating Oil Tax.** Effective September 1, 2020, Council imposed a \$0.236 per gallon tax on heating oil service providers for every gallon of heating oil sold and delivered within Seattle. In consideration of the pandemic's effects on households and businesses, Council had deferred implementation first until September 1, 2021, then further until April 1, 2022, and most recently until January 1, 2023. The 2022 forecast was eliminated with a reduction of \$780,000. As noted above, the Council repealed the tax with the 2023 Adopted and 2024 Endorsed Budget. Repeal eliminated revenues of \$1.4 million and \$1.25 million in 2023 and 2024 respectively. The revenues were intended primarily to support low-income household oil furnace conversion programs administered by the Office of Sustainability and Environment.

**Transportation Network Company Tax.** In November 2019, Council approved a tax on transportation network companies (TNC), such as Uber and Lyft, effective July 1, 2020. As approved, the tax of \$0.57 per trip is owed for all rides originating in Seattle by TNC's with more than 1 million rides per calendar quarter. Council has reduced the ride threshold to 200,000 rides per quarter effective in October 2020. In compliance with HB2076, the 2023-2024 Adopted Budget assumes the City Council reduces the tax rate to \$0.42 per trip effective January 1, 2023. At the start of the COVID-19 pandemic in early 2020, both the demand for rides and the number of drivers fell, significantly reducing TNC tax revenue. This revenue has since risen slowly as the market struggles to recover. This tax is estimated to raise \$5.9 million in 2023 and \$6.7 million in 2024.

# Revenue Overview

## Licenses and Permits

The City requires individuals and companies conducting business in Seattle to obtain a City business license. In addition, some business activities, such as taxi cabs and security systems, require additional licenses referred to as professional and occupational licenses. The City also assesses fees for public-safety purposes and charges a variety of fees for the use of public facilities and rights-of-way.

In 2005 the City instituted a two-tier business license fee structure. The cost of a license, which had been \$80 per year for all businesses, was raised to \$90 for businesses with worldwide revenues of more than \$20,000 per year and lowered to \$45 for businesses with worldwide revenues less than \$20,000 per year. The City increased the fees for 2015 license renewals to \$110 and \$55, respectively. To provide funding for additional police officers, a new business license fee structure took effect for 2017 licenses. Fees increased for businesses that have a taxable income (reported for B&O tax purposes) greater than \$500,000. Fees for all other businesses remain at 2016 levels until 2020. Fee increases were being phased in over a three-year period, 2017–2019, and will increase with inflation annually thereafter.

**Figure 11. Business License Fee Schedule, 2016 – 2022**

Taxable income	2016*	2017	2018	2019	2020	2021	2022
Less than \$20,000	\$55	\$55	\$55	\$55	\$56	\$56	\$59
\$20,000 - \$500,000	\$110	\$110	\$110	\$110	\$113	\$114	\$120
\$500,000 - \$2 mil.	\$110	\$480	\$480	\$500	\$511	\$515	\$543
\$2 mil. - \$5 mil.	\$110	\$1,000	\$1,000	\$1,200	\$1,227	\$1,238	\$1,306
More than \$5 mil.	\$110	\$1,000	\$2,000	\$2,400	\$2,455	\$2,476	\$2,613

\*2016 fee is based on worldwide gross income, not taxable income.

## Parking Meters/Traffic Permits

As part of the overall response to the Corona virus, the City suspended on-street parking rates as of April 4, 2020. On July 13 the system was restarted with rates set at \$0.50 per hour and are anticipated to increase gradually at intervals as occupancy levels increase with the recovery into 2023 and 2024. Overall, 2020 revenue losses, relative to 2019 Actuals were about \$28 million, falling from \$38.3 million to \$10.4 million. 2021 revenues increased slightly to \$11.0 million. In accordance with occupancy measures, the Seattle Department of Transportation is implementing more frequent rate adjustments across the City's paid parking areas. As a result, revised 2022 revenues from on-street parking is expected to reach \$19.7 million, then more substantially to \$34.2 and \$40.1 million in 2023 and 2024 respectively.

**Street Use and Traffic Permits.** Traffic-related permit fees, such as meter hood service, commercial vehicle load zone, truck overload, gross weight and other permits are tied to construction and trade services primarily. The 2023-2024 Adopted Budget revises 2022 expectations downward from \$7.4 million to \$5.1 million, primarily due to slower growth in commercial load zone permits, which are significantly influenced by downtown activity. Trade services remain stable and these revenues overall are projected to increase modestly in 2023 and 2024, but will be affected by slower construction activity. The 2023-2024 Adopted Budget assumes revenues of approximately \$4.7 million in 2023 and \$5.5 million in 2024.

# Revenue Overview

## Court Fines

Typically, between 50% and 60% of court fine revenues collected by the Seattle Municipal Court are from parking citations written by Seattle Police Department parking enforcement (PEOs) and traffic officers. Fines from photo enforcement in selected intersections and school zones now comprise approximately 35-45% of revenues and 5-10% comes from traffic and other non-parking related citations. These percentage shares have shifted considerably throughout the pandemic with school closures and other factors leading to changes in citation volumes. Overall, parking citation volume is comparable to pre-pandemic levels, but all other citation categories remain significantly lower. Revenues have been adjusted down reflecting refunds given on the 200,000 voided but paid citations from approximately October 2021 to April 2022 related to the Parking Enforcement Officer certification issue, the elimination of a non-cash, balance sheet revenue accounting requirement, and an adjustment of the payment rate on citations.

Total 2022 to 2024 General Fund court fines revenues are projected at \$12.7 million in 2022 (revised down from \$20.2 million in the 2022 Adopted), \$19.7 million in 2023 and \$24.3 million in 2024. Of this total, red-light camera enforcement revenues (i.e., non-school zone cameras) are anticipated to be \$3.5 million in 2022, \$3.6 in 2023 and \$3.9 in 2024. Beginning in 2021 the City will again direct 20% of total red-light camera revenues to the School Safety Traffic and Pedestrian Improvement (SSTPI) Fund after Council suspended this allocation for 2018-20. These allocated amounts into the SSTPI Fund are estimated at \$875,000 in 2022, \$911,000 in 2023 and \$988,000 in 2024.

The 2023 Adopted and 2024 Endorsed Budget includes revenues from 6 new school zone speeding enforcement cameras active for the fall 2022 term. Assumed revenues are \$13.9 million for 2023 and \$13.0 for 2024. School zone camera revenues are accounted for in the School Safety Traffic and Pedestrian Improvement (SSTPI) Fund.

## Interest Income

Through investment of the City's cash pool in accordance with state law and the City's own financial policies, the General Fund receives interest and investment earnings on cash balances attributable to several of the City's funds that are affiliated with general government activities. Many other City funds are independent, retaining their own interest and investment earnings. Interest and investment income to the General Fund varies widely, subject to significant fluctuations in cash balances and changes in earnings rates dictated by economic and financial market conditions. Rates are projected to increase gradually throughout the current forecast period as the economy stabilizes and the Federal Reserve continues then stabilizes its actions in its efforts to reduce inflation.

## Revenue from Other Public Entities

***Washington State shares revenues with Seattle.*** The State of Washington distributes a portion of tax and fee revenue directly to cities. Specifically, portions of revenues from the State General Fund, liquor receipts (both profits and excise taxes), and motor vehicle fuel excise taxes, are allocated directly to cities. Revenues from motor vehicle fuel excise taxes are dedicated to street maintenance expenditures and are deposited into the City's Transportation Fund. Revenues from the other taxes are deposited into the City's General Fund.

***Criminal Justice revenues.*** The City receives funding from the State for criminal justice programs. The State provides these distributions out of its General Fund. These revenues are allocated on the basis of

# Revenue Overview

population and crime rates relative to statewide averages. These revenues have been affected by State budget changes in the recent past and, while not expected, could be affected in future budgets out of Olympia.

***Marijuana related revenues are being shared with local jurisdictions.*** As part of the State's 2016 budget, marijuana related tax revenues are being shared with local jurisdictions for public safety purposes. The state has adopted a complicated allocation of these revenues, but in general only those cities in counties that have legalized marijuana sales will receive excise tax distributions based on both their jurisdictions proportion of marijuana related sales as well as a per capita basis.

***State budgeted liquor related revenues to cities.*** Cities in the state of Washington typically receive two liquor related revenues from the State. One is related to the liquor excise tax on sales of spirits and the other is a share in the State Liquor and Cannabis Board's profits accrued from the operation from their monopoly on spirits sales. The State no longer holds the monopoly in liquor sales in the state due to the passing of Initiative 1183 in November of 2011. The initiative guaranteed the cities would continue to receive distributions in an amount equal to or greater than what they received from liquor board profits prior to the implementation of the initiative as well as an additional \$10 million to be shared annually. There was no guarantee concerning liquor excise taxes.

## Service Charges and Reimbursements

***Internal service charges reflect current administrative structure.*** In 1993, the City Council adopted a resolution directing the City to allocate a portion of central service expenses of the General Fund to City utilities and certain other departments not supported by the General Fund. The intent is to allocate a fair share of the costs of centralized general government services to the budgets of departments supported by revenues that are largely self-determined. These allocations are executed in the form of payments to the General Fund from these independently supported departments. More details about these cost allocations and methods are detailed in the Cost Allocation section of this budget.

## Interfund Transfers

***Interfund transfers.*** Occasionally, transfers from departments to the General Fund take place to pay for specific programs that would ordinarily be executed by a general government department or to capture existing unreserved fund balances. A detailed list of these transfers is included in the General Fund revenue table.

## Cumulative Reserve Fund – Real Estate Excise Tax

Cumulative Reserve Fund resources are used primarily for the maintenance and development of City general government capital facilities. These purposes are supported mainly by revenues from the Real Estate Excise Tax (REET), but also, to a lesser degree, by the proceeds from certain property sales and rents, street vacation revenues, General Fund transfers, and interest earnings on fund balances.

The REET is levied by the City at a rate of 0.5% on sales of real estate measured by the full selling price. Because the tax is levied on transactions, the amount of revenue that the City receives from REET is determined by both the volume and value of transactions.

REET revenue spiked in 2019, as sellers, particularly those of large real estate, rushed to close sales before the scheduled increase in state tax rates in January 2020. This, and the increased uncertainty

## Revenue Overview

brought about by the pandemic, led to a large drop in 2020 revenue from real estate valued above \$10 million. But in 2021, a number of large properties were sold again and together with rising home prices and the generally high residential sales, this led to a record high REET revenue. While initial 2022 REET revenues continued this pattern, increasing interest rates and growing uncertainty regarding overall economic conditions, led to a dramatic slowdown in both commercial and residential real estate activity in the latter half of the year. The slowing emerged quickly and led to a significant downward revision in the forecast for REET revenues between the Proposed and Adopted Budgets. The Proposed Budget anticipated revenues of \$106.6 million in revenue in 2022, but this was revised downward to \$95.3 million for the Adopted Budget. The forecast revisions for 2023 and 2024 were even more significant. Forecasts of approximately \$95 million in REET revenue for each of these two years were revised down to approximately \$68 million in annual revenues. This revision reflects expectations that transactions volume will drop sharply and significantly below 2020-2021 levels, and even pre-pandemic level, at the same time as home prices decline somewhat from the 2022 peak, before resuming to grow in 2025.

### Sweetened Beverage Tax Fund

On June 5, 2017, the City Council approved the Sweetened Beverage Tax (SBT) effective January 1, 2018. Distributors of sweetened beverages are liable for the tax of \$0.0175 per fluid ounce of sweetened beverage distributed into the city of Seattle for final sale to the consumer. Sweetened beverages include sodas, energy drinks, sweetened juices and teas, sport drinks and ready-to-drink coffee drinks.

Revenues will be used to fund educational and food access programs primarily through the Department of Education and Early Learning (DEEL), the Human Services Department (HSD) and the Office of Sustainability and Environment (OSE). Beginning in 2020 these revenues and associated expenditures were moved from the General Fund to the Sweetened Beverage Tax Fund in the City's accounting system. The 2023 Adopted and 2024 Endorsed Budget assumes SBT revenues of an upwardly revised \$20.7 million in 2022 based on actuals received (\$20.4 million in the 2022 Adopted Budget), \$20.4 million in 2023 and \$20.7 million in 2024.

### Short-Term Rental Tax Fund

Effective January 1, 2019, the State legislature authorized the public facilities district that is the Washington State Trade and Convention Center to impose a 7% tax on the sale of or charge made for the furnishing of lodging (including but not limited to any short-term rental). The proceeds generated from short-term rental charges in Seattle are distributed to the City of Seattle to support community-initiated equitable development and affordable housing programs. Beginning in 2020 these revenues and associated expenditures were moved from the General Fund to the Short-Term Rental Tax Fund in the City's accounting system.

These revenues were severely affected by the reduction in travel due to COVID-19 concerns, but have seen a strong recovery in 2022 due to a resurgence in tourism. The 2023-24 Adopted Budget assumes 2023 and 2024 revenues of \$9.4 million and \$10.1 million, respectively.

### JumpStart Payroll Expense Tax Fund

2022 is the second year that businesses operating in the city have been subject to the JumpStart Payroll Expense Tax. The tax applies only to businesses with total revenues of more than \$7.4 million. That

## Revenue Overview

latter threshold, like all those incorporated into the payroll expense tax structure are indexed for inflation; the original 2021 threshold was \$7 million. The tax rates are tiered according to the size of the business' payroll (less than \$105.5 million/\$105.5 million to less than \$1.055 billion/\$1.055 billion or more) and the employee's compensation (less than \$158,282/\$152,282 to less than \$422,085/\$422,085 or more). Tax rates range from 0% for employees with annual compensation less than \$158,282, regardless of the size of the business' overall payroll, to 2.4% for employees with annual compensation of \$422,085 or more, working in businesses with total payroll of \$1.055 billion or greater. For 2021, businesses made one annual tax payment that was due January 31, 2022. For this year and going forward, the payroll expense tax has been, and will be, reported and paid on a quarterly basis

To date, the tax has significantly outperformed initial projections. Accounting for all late payments and penalties received to date, total 2021 payments have reached approximately \$290 million. This compares to the November 2021 revised forecast of \$200 million. Based on the pace of payments received to date, the current forecast for 2022 is approximately \$280 million. The slower pace of payments reflects an anticipation on the firm level that their total payroll subject to taxation will be lower in 2022 than it was in 2021. Given that much of the revenue generated by the tax comes from technology firms, this is the result of two known factors: technology stock valuations have been in decline this year, which influences a significant share of compensation in this sector; and continued "work from home" means that at least some of the working hours of employees living outside the City are not subject to the tax. In addition, at the time the November revenue forecast was being prepared public announcements around hiring slowdowns and potential layoffs raised concerns about a potential downturn in the technology sector. The available information was largely anecdotal and there was insufficient data to support a revised forecast for the JumpStart Payroll Tax, however the Office of Economic and Revenue Forecast did highlight the potential risk of a shortfall in final 2022 revenues and the risks of downward revision in the 2023 and 2024 forecasts when updated projections are presented in April of 2023.

Beginning in 2022 the Payroll Expense Tax revenues and associated expenditures were moved from the General Fund to the JumpStart Payroll Expense Tax Fund in the City's accounting system, so they are no longer a direct component of the General Fund. However, as shown in figure 5 above, the General Fund is receiving transfers of payroll expense tax revenues of approximately \$85, \$100.6 and \$84.9 million in 2022, 2023 and 2024 respectively to support general government services as well as \$7.9 million in 2023 and \$8.1 million in 2024 to support the administration and evaluation work anticipated as part of the overall programming of the payroll expense tax.

## Multi-Department Revenue Summary

In recent years, the City of Seattle has implemented new dedicated revenues for specific purposes in multiple departments. The revenues and expenditures for these multi-department revenues are summarized in the financial plan section of the budget, and additional detail on the expenditure changes in the 2023-2024 Proposed Budget is included below.

This section includes a summary of the following revenues:

JumpStart Payroll Expense Tax

Sweetened Beverage Tax

Short-Term Rental Tax

Transportation Network Company Tax

Community Development Block Grant (federal grant used in multiple departments)

### JumpStart Payroll Expense Tax

The 2023 Adopted and 2024 Endorsed budgets include \$321.4 million in appropriation backed by JumpStart Payroll Expense Tax (payroll tax) revenues in 2023 and \$309.3 million in 2024.

The Mayor's proposed 2023 budget included an \$85.9 million transfer from the JumpStart Payroll Expense Tax Fund to the City's General Fund to support general operating expenses. The proposed General Fund transfer for 2023 was comprised of \$71.2 million in projected 2023 payroll tax revenues and \$14.7 million in unanticipated 2022 payroll tax revenues. The City Council added an additional transfer to the General Fund of \$14.7 million, bringing the total General Fund transfer for general operating expenses to \$100.6 million in 2023. The City Council funded this additional transfer by reducing a \$29.4 million revenue stabilization reserve in the Mayor's proposed budget from ten percent (\$29.4 million) to five percent (\$14.7 million) of 2023 forecasted revenues. 2023 payroll tax revenues were forecasted to be \$294.1 million at the time the budget was passed.

The amount remaining after the General Fund transfers described above is allocated according to the spending plan outlined in Section 5.38.055 of the Seattle Municipal Code (SMC), and amended in Ordinance 126719, which provides temporary flexibility to spend payroll tax proceeds on items deemed by the City Council to not be in alignment with Section 5.38.055 of the SMC. These amounts available after General Fund transfers total \$220.9 million in 2023 and \$225.2 million in 2024. For 2023, this includes:

**Housing and Services:** \$137.6 million in payroll tax-backed investments in affordable housing for low-income households. This funding will support the Office of Housing's work to develop, acquire, preserve, and operate affordable housing and foster affordable homeownership opportunities.

**Economic Revitalization:** \$32.1 million in payroll tax-backed investments spread across ten City departments to support a wide range of economic development and affordability programs. The Office of Economic Development will receive \$15.3 million to support commercial affordability, downtown and neighborhood economic recovery, and workforce development. Major one-time

## Multi-Department Revenue Summary

investments will also go to the Human Services Department to support the development of the Rainier Valley Early Learning Campus, to the Department of Education and Early Learning to support hiring and retention bonuses for child care workers who work in a licensed facility in the city, and to the Department of Neighborhoods to support equitable economic development -and wealth-building programs.

**Green New Deal:** \$20.3 million spread across eight City departments for Green New Deal programs and initiatives. Of this amount, over \$15 million will go to the Office of Sustainability and Environment to support a range of investments in green economy workforce development, building performance and emissions standards, electric vehicles, and environmental justice. Other major investments include nearly \$2 million to the Office of Housing to support residential oil-to-electric heat conversions, \$1 million to Seattle Parks and Recreation to implement Climate Resilience Hubs and Climate Conscious Buildings, and \$1 million to the Seattle Public Library for facility decarbonization.

**Equitable Development Initiative:** \$20.1 million to support the Equitable Development Initiative (EDI) in the Office of Planning and Community Development. EDI invests in neighborhoods most impacted by displacement and low access to economic opportunities, and aims to expand opportunity, prevent displacement, and build on local cultural assets. The 2023 adopted budget provides a total of \$23.9 million for EDI grants, including contributions coming from the Short-Term Rental Tax and Community Development Block Grant.

**Administration and Evaluation:** \$7.9 million to support the administration of the payroll tax and evaluation of the programs funded by its proceeds. This amount includes two transfers from the JumpStart Payroll Expense Tax Fund to the General Fund: a \$3 million transfer to cover costs not yet quantified through a formal central rate allocation formula, and a \$4.9 million transfer to cover specific administrative and evaluation expenses identified in the City Budget Office, Department of Neighborhoods, Office of Economic Development, Office of Housing, Office of Sustainability and Environment, Department of Finance and Administrative Services, Seattle Department of Human Resources, and Legislative Department.

**Temporary Flexibility:** \$2.8 million authorized on a one-time basis in 2023 and 2024 to support four specific investments that would not otherwise be deemed eligible by the Council as payroll tax expenditures. These items include a transfer to the Sweetened Beverage Tax Fund to offset decreasing revenues, funding for the Department of Education and Early Learning to support mental health services in schools, funding for the Seattle Department of Construction and Inspections for eviction legal defense, and funding for the Office of Planning and Community Development to support outreach and planning related to Sound Transit 3.

The proposed budget also set aside \$29.4 million in unallocated 2022 payroll tax revenues to fully fund a revenue stabilization reserve in the JumpStart Payroll Expense Tax Fund. This amount complies with a proposed revenue stabilization reserve policy, which was included as a companion Resolution with the proposed budget. This policy proposed to maintain in the adopted budget each year a reserve equal to ten percent of the following year's projected payroll tax revenue. As of August 8, 2022, the City's Office of Economic and Revenue Forecasts projected 2023 payroll tax revenues at \$294.1 million. As discussed above, the City Council subsequently reduced this proposed reserve from ten percent to five percent by transferring an additional \$14.7 million to support general government expenses in the General Fund.

## Multi-Department Revenue Summary

Department	Payroll Tax Expenditure Category	2023 Allocation
Department of Education and Early Learning	Economic Revitalization	\$5,300,000
	Temporary Flexibility (Mental Health in Schools)	\$1,000,000
	<b>DEEL Total:</b>	<b>\$6,300,000</b>

## Multi-Department Revenue Summary

<p>This item includes \$3 million for general administration costs and \$4,940,300 to support payroll tax-specific administrative needs identified in the City Budget Office, Department of Neighborhoods, Office of Economic Development, Office of Housing, Office of Sustainability and Environment, Finance and Administrative Services, Department of Human Resources, and the Legislative Department.</p>
---

### Sweetened Beverage Tax

The 2023 Adopted and 2024 Endorsed Budget provides \$21.6 million for SBT or Sweetened Beverage Tax-funded programming. This includes \$20.4 million in direct SBT revenues and \$1.2 million in one-time transfers (in both 2023 and 2024) from JumpStart revenues. Due to a decrease in projected revenues from 2022 through 2026, SBT-funded programs were evaluated for reductions that would not impact direct services and benefits for individuals and families in need. After 2023 base budget increases of approximately \$545,000 for items that include contract inflation and AWI adjustments, reductions of \$578,000 were then taken in 2023 and ongoing reductions of \$478,000 were taken in 2024 in various SBT-funded programs (please see department budgets for more details). This budget supports ongoing funding for programs such as Fresh Bucks and Healthy Food in Schools at the Office of Sustainability and Environment (OSE), the Childcare Assistance Program (CCAP) at the Department of Education and Early Learning (DEEL), food system support at the Human Services Department (HSD), and Summer of Safety and Food and Fitness programming at Seattle Parks and Recreation (SPR).

### Short-Term Rental Tax

The Short-Term Rental Tax (STRT) supports the Equitable Development Initiative (EDI), permanent supportive housing and related debt service. The EDI was established in 2016 to provide investments in neighborhoods that support those most impacted by displacement and low access to opportunity. The program's objectives include advancement of economic opportunity and wealth-building strategies, preventing displacement, and building on local cultural assets. Short-term rental tax revenues are projected to be in decline in 2023 due to the COVID-19 pandemic and general economic conditions. Ordinance 125872 allocates the first \$5 million of STRT to the Office of Planning and Community Development (OPCD) for EDI grants to outside organizations, allocates the next \$2.2 million to debt service, and allocates the next \$3.3 million to the Human Services Department for permanent supportive housing. Because the projected revenues (\$9.4 million) are insufficient to support all of these allocations, the City Council adopted Ordinance 126719 as part of the 2023 Adopted and 2024 Endorsed Budgets to provide, on a one-time basis for two years, temporary flexibility to spend STRT as follows: \$4.4 million of STRT in OPCD's budget for EDI grants, \$3.5 million for permanent supportive housing investments in the Human Services Department and \$2 million for debt service payments on low-income housing.

### Transportation Network Company (TNC) Tax

The 2023 Adopted and 2024 Endorsed Budget projects \$5.9 million in 2023 and \$6.8 million in 2024 from the Transportation Network Company (TNC) tax. The TNC Tax began collecting revenue in 2021 and has seen a reduction to the anticipated revenue due to a slower rebound of users and the creation of a state led Transportation Network Company tax. Washington State Engrossed Substitute House Bill

## Multi-Department Revenue Summary

2076 preempts the City from Washington State passed ESHB 2076 which creates a state level Transportation Network Company tax and preempts the City from enforcing the TNC Driver Minimum Compensation and TNC Driver Deactivation Rights Ordinances starting on January 1, 2023. ESHB 2076 also reduces the per trip fee from \$0.57/trip to \$0.42/trip effective January 1, 2023.

Accounting for the reduced per trip fee and slow recovery in trip volumes, the 2023 Adopted and 2024 Endorsed Budget assumes \$5.9 million of TNC tax revenue in 2023, a 35% reduction over the 2022 Adopted revenue forecast.

The previously passed Spending Resolution 31914 outlined how the proceeds of the TNC Tax were to be spent, which includes functions that are preempted beginning in 2023. The City Council approved temporary modifications to the spending resolution for the 2023-24 biennium. The Department of Finance and Administrative Services (FAS) is responsible for the accounting, collection, and enforcement of the tax and is appropriated \$296,000 in 2023 and \$338,000 in 2024 to perform these functions. The Seattle Department of Transportation is appropriated \$6.1 million in 2023 and \$6.5 million in 2024 to support ongoing transportation-related work. After 2024, TNC tax proceeds will be available for affordable housing near frequent transit, transportation, and administration.

### Community Development Block Grant (CDBG)

#### Funding Source Overview

In 2017, as part of the implementation of a new enterprise-wide financial management system, the Community Development Block Grant (CDBG) Fund (17810) was dissolved, and budget was distributed to various other funds in alignment with the direct fund model. The Human Services Department (HSD) acts as custodian for all grants from the U.S. Department of Housing and Urban Development, including CDBG funding which is utilized for programming in several City departments.

#### Budget Overview

In the 2023 Adopted and 2024 Endorsed budgets' CDBG funds are distributed to departments and projects as detailed in Table 1. All projects are subject to federal CDBG eligibility requirements, and final eligibility has not yet been determined for all projects currently under consideration. As with the 2022 project plan, the 2023 project plan notes that funds supporting services previously provided by HSD will continue to be part of the City's contribution to the King County Regional Homelessness Authority (KCRHA). Table 2 below shows expected income from CDBG-funded loan programs managed by the Office of Housing.

**Table 1: Community Development Block Grant (CDBG) 2023 Project Plan**

Department	Title	2023CDBG
Human Services Department (HSD)	Human Services CDBG Admin & Planning	\$1,009,886
	Homeless Services (KCRHA subrecipient grants)	\$3,154,270
	Homeless Services (KCRHA admin)	\$24,600
	Community Facilities Development	\$1,000,000
	Mount Baker Family Resource Center	\$155,734
	Minor Home Repair	\$449,917
	<b>HSD Total</b>	<b>\$5,794,407</b>

## Multi-Department Revenue Summary

Office of Housing (OH)	Office of Housing CDBG Admin & Planning	\$160,972
Office of Economic Development	Small Business Support	\$1,363,675
Office of Immigrant and Refugee Affairs	ESL for Work (Ready to Work)	\$650,200
Office of Planning and Community Development	Equitable Development Initiative	\$430,000
Seattle Parks and Recreations	Seattle Conservation Corps Park Upgrades	\$808,000
<b>Total</b>		<b>\$9,207,254</b>

Expected Resources      \$9,207,254

**Balance**      \$0

	Homebuyer Assistance Revolving Loan Program	\$315,004
	Rental Housing Preservation and Development Revolving Loan Program	\$366,435
<b>Total</b>		<b>\$1,286,901</b>

## City Fiscal Reserve Funds

The State of Washington permits the City to maintain two financial reserves to draw upon in the event of certain unanticipated expenditure or revenue pressures.

### Emergency Fund

Under the authority of RCW 35.32A.060, the City maintains the Emergency Fund (EMF) of the General Fund. The EMF is the principal reserve for the City to draw upon when certain unanticipated expenses occur during the fiscal year. Eligible expenses include costs related to storms or other natural disasters. State law limits the amount of money the City can set aside in this reserve to 37.5 cents per \$1,000 of assessed value of property within the city.

Prior to 2017, the City's practice was to fully fund the emergency reserve to this maximum limit. In 2017, the City modified the existing financial policies for the EMF to establish a minimum balance of \$60 million, and to adjust that target balance each year with the rate of inflation. This policy struck a balance between ensuring that resources will be available to address unanticipated expenditures and making resources available to address current needs. In 2022, the City updated its financial policies to define a process for rebuilding the EMF reserve following a significant drawdown of funds, requiring that the EMF be replenished to its target balance within a period of five years.

During the COVID-19 pandemic and related economic downturn, the City withdrew \$31.3 million from the EMF over two years, reducing the reserve balance to \$33.7 million at the end of 2021. The 2022 Adopted Budget initiated the five-year rebuilding cycle by contributing \$10 million to the EMF; the 2023 Adopted and 2024 Endorsed budget makes annual contributions of \$6.5 million, rebuilding the reserve to \$56.7 million over the biennium. Contributions of \$15 million in 2025 and 2026 would rebuild the fund to a projected target balance<sup>1</sup> of \$86.7 million within the prescribed five-year timespan.

### Revenue Stabilization Fund

Under the authority of RCW 35.21.070, the City maintains a second financial reserve called the Revenue Stabilization Fund (RSF), also known as the Rainy Day Fund. The RSF provides resources for the City to draw upon to maintain City services in the event of a sudden, unanticipated shortfall in revenue due to economic downturns or other factors. City code limits the balance of this reserve to five percent of General Fund tax receipts. Ordinance 123743 requires the City to deposit an amount equivalent to 0.5% of General Fund tax revenues into the RSF, with some limited exceptions. In addition, City policy requires the deposit of 50% of any unplanned year-end fund balance in the General Fund into the RSF. The RSF has a fund balance cap equal to five percent of total annual General Fund tax revenue.

In 2011, following the Great Recession of 2009 and 2010, the City adopted significant RSF funding enhancements via Ordinance 123743, including the required annual deposit of 0.5% of General Fund tax revenues into the RSF. The new policies facilitated the rebuilding of this reserve fund from a low of \$10.5 million in 2010 to \$60.8 million by 2020. Additionally, the policies specified that contributions to the fund are suspended when tax revenues decline and are reduced to 0.25% in the following year.

During the COVID-19 pandemic and related economic downturn, the City withdrew \$54.7 million from the RSF, reducing the reserve balance to \$6.0 million at the end of 2021. The 2022 Adopted Budget called for a \$15.4 million contribution to the RSF as part of a multi-year strategy to rebuild the fund

---

<sup>1</sup> 2026 anticipated target balance calculated using CPI-U 12 Months Ending June from the August 2022 Revenue Forecast.

balance to 5% of total annual General Fund tax revenue. However, the 2021 year-end fund balance in the General Fund generated a \$55.7 million mid-year deposit, which funded the RSF to its cap. Therefore, 2023 Adopted and 2024 Endorsed budget makes the maximum contributions of \$3.6 million in 2023 and \$1.7 million in 2024 to reach an ending fund balance of \$67 million.

## City Bond Issuance and Debt Service

In addition to cash resources, the City also uses bonds and property tax levies to fund a variety of capital improvement projects. The City's budget must include funds to pay interest and principal on outstanding and proposed bonds. The City has issued three types of debt to finance its capital improvement programs: unlimited tax general obligation bonds, limited tax general obligation bonds and revenue bonds.

### Unlimited Tax General Obligation Bonds

The City may issue Unlimited Tax General Obligation (UTGO) Bonds for capital purposes if a proposition authorizing their issuance is approved by 60% of the voters in an election in which the number of voters exceeds 40% of the voters in the most recent general election. Payment of principal and interest is backed by the "full faith and credit" of the City. This means that the City commits itself to include in its property tax levy an amount that is sufficient to pay principal and interest on the bonds. Property taxes levied to pay debt service on UTGO bonds are not subject to the statutory limits in state law on the taxing authority of local governments, which is why UTGO bonds are "unlimited" (see the "Property Tax" section of the "Revenue Overview" for a description of statutory limits on property tax rates and growth). However, state law does limit the amount of UTGO bonds that can be outstanding at any time to 7.5% of assessed valuation of property in the city: 2.5% for open space and park facilities, 2.5% for utility purposes, and 2.5% for general purposes. As of December 31, 2021, there were approximately \$239 million in UTGO bonds outstanding.

### Limited Tax General Obligation Bonds

The City Council may authorize the issuance of Limited Tax General Obligation (LTGO) Bonds, also known as Councilmanic bonds, in an amount up to 1.5% of assessed valuation, without a vote of the people. The City pledges its full faith and credit to the payment of principal and interest on LTGO bonds, but this pledge must be fulfilled within the City's statutory property tax limitations. Thus, these are "limited" general obligation bonds. The combination of UTGO bonds issued for general purposes and LTGO bonds cannot exceed 2.5% of assessed property valuation. If LTGO bonds are issued up to the 1.5% ceiling, then UTGO bonds for general purposes are limited to 1% of assessed value.

The City also guarantees debt issued by the Seattle Indian Services Commission and the Museum Development Authority. As of December 31, 2021, the guarantees totaled \$31.65 million in addition to approximately \$701.6 million in LTGO bonds outstanding. Guarantees count against the City's LTGO debt capacity.

### Revenue Bonds

Revenue bonds are used to provide financing for the capital programs of City Light and the three other utilities - Water, Drainage and Wastewater, and Solid Waste - which are grouped together in Seattle Public Utilities. The City does not pledge its full faith and credit to the payment of debt service on revenue bonds. Payment of principal and interest on the bonds issued by each utility is derived solely from the revenues generated by the issuing utility. No tax revenues are used to pay debt service.

When revenue bonds are sold, the City commits itself to set fees and charges for the issuing utility that will be sufficient to pay all costs of operations and maintenance, and all payments of principal and

interest on the bonds. While the amount of revenue bonds is not subject to statutory limits, the utility's ability to repay debt with interest is a practical constraint.

### Forms of Debt Authorized by State Law

Table 1 below summarizes the conditions and limitations that apply to the issuance of the general obligation debt issued by the City.

**Table 1: Summary of Conditions and Limitations for City Debt Issuances**

Form of Debt	Voter Approval Required	Source of Repayment	Statutory Limitation	Current Limit <sup>1</sup>	Total Debt Outstanding 12-31-21 <sup>1</sup>
<b>Unlimited Tax General Obligation Bonds (UTGO)</b>					
Parks & Open Space	Yes	Property Tax	2.5% of AV	\$6.9 Billion	\$0
Utility	Yes	Property Tax	2.5% of AV	\$6.9 Billion	\$0
General Purposes	Yes	Property Tax	1.0 % of AV <sup>2</sup>	\$2.8 Billion	\$239 Million
<b>Limited Tax General Obligation Bonds (LTGO)</b>	No	Taxes & Other Revenues	1.5% of AV <sup>2</sup>	\$4.1 Billion	\$821 Million <sup>3</sup>

<sup>1</sup> As of 12/31/21, assuming the latest certified assessed value of \$276.3 billion, issued on February 10, 2022 for taxes payable in 2022.

<sup>2</sup> The sum of UTGO and LTGO debt for general purposes cannot exceed 2.5% of assessed valuation.

<sup>3</sup> Includes \$31.65 million of PDA debt guarantees.

### City Debt Management Policies and Bond Ratings

The use of debt financing by the City is subject to federal and state laws as well as the City's own debt management policies ([Resolution 31553](#)).

The City has earned very high ratings on its bonds as a result of a strong economy and prudent financial practices. The City's UTGO debt is rated Aaa by Moody's Investors Service (Moody's), AAA by Fitch IBCA (Fitch), and AAA by Standard & Poor's (S&P), which are the highest possible ratings. The City's LTGO debt is also rated Aaa by Moody's, AAA by Fitch, and AAA by S&P. In addition, the City's utilities have very high ratings for revenue debt, reflecting sound finances and good management.

### 2023 Projected Bond Issues

In 2023, the City is authorized to issue approximately \$128 million of limited tax general obligation (LTGO) bonds for a variety of purposes. Table 2 lists the financed projects and other details of the financing plan. Bond proceeds will be deposited into the 2023 Tax Exempt and Taxable Multipurpose Bond Funds. City departments responsible for all or portions of projects listed in Table 2 will then draw money from the funds as appropriated to implement the projects. The appropriation authority for spending these bond funds is included in the respective departments' sections of this budget.

**Table 2: 2023 Multipurpose LTGO Bond Issuance Costs - Informational Only (\$1,000s)**

<i>Project</i>	<b>Capital Cost</b>	<b>Approx. Par Amount (1)</b>	<b>Max. Term</b>	<b>Approx. Rate</b>	<b>Debt Service Adopted 2023</b>	<b>Debt Service Estimated 2024</b>	<b>Debt Service Funding Source</b>

### 2023 Multipurpose LTGO Fund Issuance Costs - Informational Only (\$1,000s)

<b>Approximate Par Amount</b>	<b>Issuance Costs &amp; Pricing Adjustments</b>	<b>Approximate 2023 Issuance Cost</b>
\$127,915	3%	\$3,726

### 2023 Debt Service

In 2023, debt service associated with outstanding LTGO bond issues as well as the planned 2023 bond issuances is expected to be approximately \$112 million. Appropriation authority for debt service costs is included in the respective departments' sections of this budget. The Debt Service Appendix lists debt service amounts by paying fund.

### Council Changes to the Proposed Budget

As part of the 2023 Adopted Budget, the City Council authorized an additional \$13 million of bonding for the acquisition and rehabilitation of the Waterfront Operations and Tribal Interpretive Center on the central waterfront. Council also added appropriation for the related debt service payments.

## Selected Financial Policies

Through a series of Resolutions and Ordinances, the City has adopted a number of financial policies that are designed to protect the City's financial interests and provide a framework and guidelines for the City's financial practices. For additional information about these policies, please refer to the City of Seattle website: [http://www.seattle.gov/financedepartment/financial\\_policies.htm](http://www.seattle.gov/financedepartment/financial_policies.htm).

### Budgetary Basis

- The City budgets on a modified accrual basis. Property taxes, sales taxes, business and occupation taxes, and other taxpayer-assessed revenues due for the current year are considered measurable and available and, therefore, as revenues, even though a portion of the taxes may be collected in the subsequent year. Licenses, fines, penalties, and miscellaneous revenues are recorded as revenues when they are received in cash since this is when they can be accurately measured. Investment earnings are accrued as earned.
- Expenditures are considered a liability when they are incurred. Interest on long-term debt, judgments and claims, workers' compensation, and compensated absences are considered a liability when they are paid.

### Appropriations and Execution

- The adopted budget generally makes appropriations for operating expenses at the budget control level within departments, unless the expenditure is from one of the General Fund reserve accounts, or is for a specific project or activity budgeted in the General Subfund category called Finance General. These projects and activities are budgeted individually.
- Capital projects programmed in the Capital Improvement Plan (CIP) are appropriated in the budget at the program or project level. Grant-funded activities are controlled as prescribed by law and federal or state regulations.
- Within the legally adopted budget authorizations, more detailed allocations, as approved by CBO, are recorded in the City's accounting system, PeopleSoft 9.2, at the lowest levels of each department's organizational structure and in detailed expenditure accounts. Throughout the budget year, CBO monitors revenue and spending performance against the budget to protect the financial stability of the City and ensure spending remains within legal limits.
- In accordance with Washington state law, any unexpended appropriations for operating or ordinary maintenance expenditures automatically lapse at the close of the fiscal year, except for any appropriation continued by ordinance. Unexpended appropriations for capital outlays remaining at the close of the fiscal year are carried forward to the following year, except for any appropriation abandoned by ordinance.

### Budget Transfers

The Budget Director may approve, without ordinance, appropriation transfers within a department or agency of up to 10%, and with no more than \$500,000 of the appropriation authority for the particular budget control level or, where appropriate, line item, being increased. In addition, no transfers can reduce the appropriation authority of a budget control level by more than 25%.

## Selected Financial Policies

### Debt Policies

- The City of Seattle issues various categories of short and long-term debt for purposes of making investments in the community. The City seeks to maintain the highest possible credit ratings for all categories of debt that can be achieved without compromising delivery of basic City services and achievement of adopted City policy objectives.
- The City will reserve \$100 million of legal limited tax (councilmanic) general obligation debt capacity, or 12% of the total legal limit, whichever is larger, for emergencies. The 12% reserve is now significantly greater than \$100 million.
- Except in emergencies, net debt service will not exceed 7% of the total General Fund budget.

### General Fund - Fund Balance and Reserve Policies

- State law allows the City to maintain an emergency reserve at a maximum statutory-authorized level of 37.5 cents per \$1,000 of assessed property value in the city. The City's previous practice had been to fully fund the emergency reserve to this maximum limit. However, over the past several years assessed values have undergone significant growth and are expected to continue at a rate that far outpaces the projected City's revenue growth rate. In 2017 the City modified the existing financial policies for the Emergency Subfund (ESF) to establish a minimum balance of \$60 million, and to adjust that level each year with the rate of inflation. This implies that the ESF would continue to grow, but at somewhat lower rate than under the previous policy. This policy change strikes a balance between ensuring that resources will be available to address unanticipated expenditures and making resources available to address current needs.
- Annual contributions of 0.50% of forecasted tax revenues are automatically made to the Revenue Stabilization Account of the Cumulative Reserve Subfund (commonly referred to as the "Rainy Day Fund").<sup>1</sup> In addition, 50% of any unanticipated excess General Subfund fund balance at year's end is automatically contributed to the Rainy Day Fund. These automatic contributions are temporarily suspended when the forecasted nominal tax growth rate is negative or when the total value of the Rainy Day Fund exceeds 5% of total tax revenues. In addition to the automatic contributions, the City may also make contributions to the Rainy Day Fund via ordinance. Expenditures from the Rainy Day Fund require the approval of a majority of the members of the Seattle City Council and must be informed by the evaluation of out-year financial projections.

### Other Citywide Policies

- As part of the Mayor's budget proposal, the Executive develops a revenue estimate that is based on the best available economic data and forecasts.
- The City intends to adopt rates, fees, and cost allocation charges no more often than biennially. The rate, fee, or allocation charge structures may include changes to take effect at specified dates during or beyond the biennium. Other changes may still be needed in the case of emergencies or other unanticipated events.

---

<sup>1</sup> The 0.50% contribution is lowered to 0.25% of forecasted tax revenues for any year immediately following the suspension of contributions as a result of negative nominal tax revenue growth.

## **Selected Financial Policies**

- In general, the City will strive to pay for general government current operating expenditures with current revenues, but may use fund balance or other resources to meet these expenditures. Revenues and expenditures will be monitored throughout the year.
- In compliance with State law, no City fund whose purpose is restricted by state or local law shall be used for purposes outside of these restrictions.
- Working capital for the General Fund and operating funds should be maintained at sufficient levels so that timing lags between revenues and expenditures are normally covered without any fund incurring negative cash balances for greater than 90 days. Exceptions to this policy are permitted with prior approval by the City Council.

# Office of Arts and Culture

royal Alley-Barnes, Acting Director

(206) 684-7171

<http://www.seattle.gov/arts/>

## Department Overview

The Office of Arts & Culture (ARTS) builds and strengthens community resilience through investments in arts and culture that support artists and cultural institutions in the city. The Office promotes Seattle as a cultural destination and invests in Seattle's arts and cultural sectors to ensure the City provides a wide range of high-quality programs, exhibits, and public art. ARTS also supports job opportunities for artists to create "art everywhere." In alignment with the City's Race and Social Justice Initiative (RSJI), ARTS seeks solutions that use race and social justice as strategies to drive our programmatic and 1% for public arts investments. Racial equity continues to be central to ARTS and is incorporated into department policies, procedures, and practices. The Office is supported by the 16-member volunteer Seattle Arts Commission appointed by the Mayor and City Council who provide recommendations on the needs of the arts sectors in the city. The mission of ARTS is to activate and sustain Seattle through arts and culture. ARTS's program investments are centered around Cultural Investments, Creative Youth, Cultural Districts and Cultural Facilities Fund programs, Art and Cultural Facilities programs, Public Art, and Cultural Recovery.

**Cultural Investments:** ARTS annually manages seven ongoing grant programs available to cultural organizations, artists, and community arts programs to ensure all residents have equitable access to cultural programming and to support the economic development of neighborhoods and the creative sector within Seattle. In addition, ARTS is currently implementing 2 one-time Hope Corp investments and partners with regional arts agencies on 2 on-going programs in support of arts and cultural organizations in Seattle. ARTS is committed to removing barriers in under- and unserved communities through its funding opportunities.

**Creative Youth:** ARTS invests in a strong, vibrant, creative youth culture from K-to-career to further positive educational outcomes for students, and foster connections to creative sector employment. Investments include partnerships with artists, teaching artists, educators, and organizations to create programming for and with young people, and workforce and career development in partnership with other City departments.

**Cultural Districts and Cultural Facilities Fund Programs :** ARTS provides support for areas in the City of Seattle that would like to be designated as cultural districts as part of its Cultural Districts Program. There are currently four cultural districts: Uptown Arts & Cultural District; Columbia Hillman Arts & Cultural District; Historic Central Area Arts & Cultural District and the Capitol Hill Arts District. In addition, the Georgetown Arts & Design District Coalition is in the process of applying to become the fifth cultural district in Seattle. ARTS cultural space efforts transitioned to the newly formed Cultural Space Agency Public Development Authority (PDA), along with its B.A.S.E. program, in 2022 in support of cultural space funding for arts and cultural organizations in the City of Seattle. In addition, ARTS provides funding for four programs in support of cultural facilities including: Square Feet, Power Station, Space Finder, and Space Labs NW. ARTS is currently funding a Tiny Space opportunity in partnership with SPU and FAS.

**Art and Cultural Facilities:** ARTS manages two cultural facilities, the Langston Hughes Performing Arts Institute (LHPAI), and ARTS office and Gallery at King Street Station (KSS). Both facilities provide opportunities for Seattle artists to generate and present their work. ARTS manages the KSS Gallery- featuring local artists with a focus on BIPOC community- on a rotating exhibition schedule and coordinates programming for the plaza at KSS. ARTS also works with the non-profit partners such as LANGSTON and the Central District Forum for Arts & Ideas, CD Forum, to provide community, arts programming at LHPAI. Separately, ARTS staff at LHPAI support community use of facility spaces in the LHPAI building.

**Public Art:** The public art program integrates artwork and the ideas of artists into a variety of public settings, advancing Seattle's reputation as a cultural center for innovation and creativity. Ordinance 102210 (SMC 20.32) specifies that 1% of eligible city capital improvement project funds be set aside for the commission, purchase, and

## Office of Arts and Culture

installation of art. The public art program engages emerging and established artists for permanent artwork commissions and purchases, temporary installations, social practice activations and artist-in-residence opportunities. These collections are put on display at locations around the city, including a gallery at the Seattle Municipal Tower and two at City Hall.

The **Cultural Recovery** set of term-limited programs are responsible for providing financial and workforce development support to artists and creative workers negatively impacted by the COVID-19 pandemic. These programs are funded by federal Coronavirus Local Fiscal Recovery Funds (CLFR) and JumpStart Payroll Expense Tax (Payroll Tax) funding. These programs include Created Commons (CLFR), Technical Assistance (CLFR), Cultural Reopening grants (CLFR), Neighborhood Recovery Fund grants (Payroll Tax), Hope Corps (CLFR/Payroll Tax/Admissions Tax), and Non-Shuttered Venues Opening grants (General Fund).

### Budget Overview

The Office of Arts & Culture (ARTS) is funded primarily by Admission Tax revenue and the 1% for Art Program. This funding supports arts-related programs and capital expenditures to keep artists living and working in Seattle, builds community through arts and cultural events and the placement of public art, and increases arts opportunities for youth. ARTS commits to an anti-racist work practice that centers the creativity and leadership of LGBTQIA+ and Black, Indigenous, and People of Color (BIPOC)— those most impacted by structural racism – to move toward systems that benefit us all.

In 2022, ARTS shifted to using current year revenue to develop its budget, a change from the pre-pandemic practice of basing appropriations on revenue collected from two years prior. This new funding structure allowed ARTS to avoid 2020's COVID-induced revenue shortfalls in 2022. ARTS developed its 2023 Adopted and 2024 Endorsed budgets using forecasted Admission Tax revenue. As the city began to recover from the economic impacts of COVID-19, and events slowly returned to operate at pre-pandemic levels, the forecasted revenues for the Admissions Tax increased. This forecasted increase allows ARTS to include modest adjustments to their operating budget. To protect against fluctuations in revenue actuals, the Arts and Culture Fund is required to maintain an operating reserve set at 20% of its operating budget.

The 2023 Adopted and 2024 Endorsed budgets make ongoing a part-time visitor services coordinator who will provide staffing support for ARTS' office and the public gallery located at the King Street Station. The adopted

## Office of Arts and Culture

budget also includes funding to reclassify two existing positions to better meet the operational needs of the department.

In addition, the 2023 Adopted and 2024 Endorsed budgets include a one-time increase of \$1 million from the Arts & Culture Fund to fund a one-year extension of ARTS' Hope Corps program. Hope Corps fosters post-pandemic economic recovery by connecting under- and unemployed artists with job opportunities across Seattle. Hope Corps received one-time \$1.5 million of JumpStart Payroll Expense Tax funding in 2022 and one-time \$250,000 of Coronavirus Local Fiscal Recovery (CLFR) funds in 2021.

### City Council Changes to the Proposed Budget

The Council added \$250,000 of one-time Payroll Expense Tax (PET) to support the Cultural Space Agency (CSA) Public Development Authority's operating and capital costs. In addition to that, Council also added \$250,000 of one-time PET to support Station Space, a project of the CSA PDA. Finally, Council added \$50,000 in one-time funding to improve signage at the AIDS Memorial Pathway. See the Council Changes section for more details.

<b>Total 2023 Adopted Budget</b>	<b>\$18,885,122</b>	<b>41.34</b>

## Description of Incremental Budget Changes

### Baseline

#### **Remove One-time Funding for ECI**

Expenditures \$(500,000)

This item removes a one-time General Fund add in the 2022 Adopted Budget for Equity and Cultural Education. This add was based on the recommendation from the Equitable Communities Initiative Task Force to increase leadership and empowerment opportunities for BIPOC youth through the creation of culturally-relevant programming.

#### **Reverse One Time Funding for Individual Artist Relief**

Expenditures \$(1,500,000)

This item removes one-time JumpStart Payroll Expense Tax funding added in the 2022 Adopted Budget to support the Hope Corps recovery program which addressed negative impacts of the pandemic on artists.

#### **Remove One Time Funding for Neighborhood Recovery**

Expenditures \$(1,500,000)

This item removes one-time Jump Start Payroll Expense Tax funding allocated in the 2022 Adopted Budget for neighborhood recovery and activations.

#### **Remove One Time Funding for Non SVOG Orgs**

Expenditures \$(1,000,000)

This item removes a one-time General Fund add in the 2022 Adopted Budget to support organizations who did not qualify for grant funding through the federal Shuttered Venue Operators Grant (SVOG) program.

#### **Remove One Time Funding for Mural Restoration**

Expenditures \$(50,000)

This item removes a one-time General Fund add in the 2022 Adopted Budget to support a community effort to restore and repaint a damaged mural on N 63rd St. under Aurora Ave.

# Office of Arts and Culture

## Proposed Operating

### **Staffing for King Street Station Gallery**

Expenditures	\$58,485
Position Allocation	0.50

This item adds a part-time visitor services coordinator to provide staffing support for ARTS' office and the public gallery located at the King Street Station which hosts rotating art exhibits featuring local artists. This staff member will greet visitors, provide information about the gallery, and offer administrative operational support to the office.

### **Position Reclassifications**

Expenditures	\$44,044
Position Allocation	-

This item provides funding for the reclassification of two existing and unfilled positions to better meet the operational needs of the department. The budget provides funding to reclassify a Strategic Advisor 1 position to a Manager 2 position to create an Operations Director which will report to the Deputy Director. It also reclassifies an Admin Spec III position to a Management Systems Analyst which advances race and social justice practices throughout ARTS' programs.

### **Hope Corps**

Expenditures	\$1,000,000
--------------	-------------

This item allocates one-time funding to Hope Corps, a program that connects under and un-employed artists to work opportunities. ARTS will use the funding to provide employment opportunities to artists and creative workers in Seattle. The 2022 Adopted Budget included one-time funding for Hope Corps to address the impacts of the pandemic on creative workers. This item will continue the program through 2023 and support creation of opportunities.

### **Increase Staffing for Public Arts Maintenance**

Expenditures	\$53,434
Position Allocation	0.50

This item increases a part-time Art Conservation Tech position from 0.5 FTE to 1.0 FTE. This position will support an existing staff member in maintaining art installations situated across the city. The City has a collection that includes more than 400 permanently sited and integrated works and nearly 3,000 portable works. Public Arts staff steward and maintain these artworks through an ongoing program of coordinated conservation activities, which include inspections, major restorative work, and routine maintenance. This position will support the existing 1.0 FTE responsible for this body of work. ARTS received position and appropriation authority in the 2022 Mid-year Supplemental Budget. This is a technical item to annualize this staffing change.

### **Vehicle Maintenance Costs**

Expenditures	\$12,000
--------------	----------

This item makes ongoing the maintenance costs of operating a conservation maintenance truck which is used to maintain and preserve ARTS' publicly owned outdoor art installations. ARTS received appropriation in the 2022 Mid-Year Supplemental Budget to acquire the truck. This is a technical item to annualize the maintenance costs of the vehicle.

# Office of Arts and Culture

## Proposed Technical

### **Fund Balancing Entries**

Revenues	\$1,937,689
----------	-------------

This is a technical item to record a fund balancing entry for the Arts and Culture (12400) and Municipal Arts (12010) funds, which are primarily managed by this department.

### **Revenue Adjustment**

Expenditures	\$(1,400)
Revenues	\$2,600,406

This technical item adjusts revenues for the Arts and Culture Fund.

### **1% for Art Revenue Adjustment**

Revenues	\$904,691
----------	-----------

This technical item adjusts revenues for the Municipal Arts Fund.

## Council

### **One-time Funding Increase to Support the Cultural Space Agency Public Development Authority**

Expenditures	\$250,000
--------------	-----------

This Council Budget Action adds \$250,000 of one-time Payroll Expense Tax in 2023 to support operating and capital costs for the Cultural Space Agency (CSA) Public Development Authority (PDA).

The CSA PDA was chartered in late 2020 to be an independent “cultural space real estate development company and to secure long-term affordable commercial cultural space with community partners.” The City has dedicated \$1 million dollars to the PDA since its inception in 2020 to cover initial operating costs. This budget action adds an additional \$250,000 bringing total City contribution to the PDA to \$1.25 million.

### **One-time Funding Support for the Station Space Project**

Expenditures	\$250,000
--------------	-----------

This Council Budget Action adds \$250,000 of one-time Payroll Expense Tax in 2023 to support Station Space, a project of the Cultural Space Agency (CSA) Public Development Authority (PDA).

Station Space is intended to be a creative youth empowerment lab located on the second floor of King Street Station, anchored by five youth-serving arts organizations providing community connections, mentorship, and career pathways in the creative sector. This funding will support tenant improvements for King Street Station.

### **Signage Improvements to the AIDS Memorial Pathway**

Expenditures	\$50,000
--------------	----------

This Council Budget Action adds \$50,000 of one-time Municipal Arts Fund in 2023 to improve signage at the AIDS Memorial Pathway (AMP) in Capitol Hill. The AMP uses public art to create a physical place for remembrance and reflection of the AIDS crisis, utilizes technology to share stories about the epidemic and the diverse community responses to the crisis, and provides a call to action to end HIV/AIDS, stigma, and discrimination.

The AMP is a public-private partnership, with ARTS responsible for the artwork installation and private partners

## Office of Arts and Culture

designing the signage. Funding comes from a variety of public and private sources. A recent assessment of the AMP recommended adding wayfinding signage to mark the entrance of the pathway, as well as more accessible informational kiosks for each piece of artwork that utilizes additional communication formats and technologies for people with disabilities.

### Fund Balancing Adjustment(s) – Post Adoption

Revenues \$50,001

This is a technical item to record a fund balancing entry for fund 12010. This entry is necessary to balance funds following changes made during the Council phase of the budget process.

# Seattle Parks and Recreation

AP Diaz, Interim Superintendent

(206) 684-4075

<http://www.seattle.gov/parks/>

## Department Overview

Seattle Parks and Recreation (SPR) works with all residents to be good stewards of the environment and to provide safe, welcoming opportunities to play, learn, contemplate, and build community. SPR manages a [6,400+ acre park system of over 485 parks](#) and extensive natural areas. SPR provides athletic fields, tennis courts, play areas, specialty gardens, and more than 25 miles of boulevards and 120 miles of trails. The system comprises about 12% of the city's land area. SPR also manages many facilities, including 26 [community centers](#), eight [indoor swimming pools](#), two [outdoor \(summer\) swimming pools](#), three [environmental education centers](#), two [small craft centers](#), four [golf courses](#), an outdoor stadium, and much more. The Woodland Park Zoological Society operates the Zoo and the Seattle Aquarium Society operates the Seattle Aquarium; both properties are owned by and receive financial support from the City.

Department employees work hard to develop partnerships with park neighbors, volunteer groups, non-profit agencies, local businesses, and Seattle Public Schools to effectively respond to increasing requests for use of Seattle's park and recreation facilities. Perhaps the most significant partnership is with the Associated Recreation Council (ARC) which provides child care and supports recreation programs at SPR-owned facilities, including community centers and small craft centers. ARC, a non-profit organization, also supports and manages the recreation advisory councils. These advisory councils are made up of volunteer community members who advise SPR's staff on recreation programming at community centers and other facilities. This collaborative relationship with ARC enables the department to offer quality child care and a wide range of recreation programs to the public.

SPR's funding is a combination of tax dollars from the City's General Fund, Seattle Park District funds, Real Estate Excise Tax and revenue from a variety of other sources including grants, user fees and rental charges. Funding for new parks facilities historically came from voter-approved levies. In 2014, Seattle voters approved the formation of a new taxing district known as the Seattle Park District. Property taxes collected by the Seattle Park District provide funding for City parks and recreation including maintaining parklands and facilities, operating community centers and recreation programs, and developing new neighborhood parks on previously acquired sites.

## Budget Overview

On September 6, 2022, Mayor Harrell proposed a Cycle 2 Park District Financial Plan to guide investment of Park District resources from 2023 through 2028, representing an historic investment in parks and recreation services. The City Council, acting as Park District Board, reviewed, amended, and adopted the Cycle 2 financial plan, and most changes in the 2023 Adopted and 2024 Endorsed budgets for Seattle Parks and Recreation (SPR) work to bring the budget into alignment with this adopted financial plan. Additional changes include sustaining enhanced maintenance previously funded through one-time federal funds, supporting the sustainability of SPR's earned revenue fund, and adjustments to other funds supporting SPR's capital projects and operations (including Real Estate Excise Tax, JumpStart Payroll Expense Tax, Sweetened Beverage Tax, the Bond Interest Redemption Fund), as well as a variety of budget neutral technical changes.

### Cycle 2 Park District Investments

Following months of community and stakeholder engagement, the Cycle 2 Park District financial plan invests approximately \$118 million in 2023 and \$122 million in 2024 toward ensuring Seattle's nearly 500 parks, playfields, and community centers remain welcoming places for recreation, learning, and vibrant communities. The plan prioritizes core maintenance needs while making critical investments toward safety, climate action, restroom access, youth opportunities, and equity. This budget translates the first two years of the financial plan into specific changes to SPR's budget. Each investment in the biennial budget is detailed below in Incremental Changes section; selected major categories of new investment in 2023 and 2024 include:

- *Continuation of Cycle 1 Services.* The budget includes \$58.2 million in 2023 in Park District funds supporting services added in Cycle 1 and continued in the Cycle2 financial plan, including grounds maintenance, tree planting and care, community center operations, teen programs, scholarships, community grant program, and more.
- *New and renovated parks and facilities.* The Mayor's proposed Cycle 2 included significant investment in the development of new parks and the renovation or renewal of recreational facilities. In the 2023-2024 Adopted Budget, the Council approved many of the Mayor's proposed investments, including:
  - \$4.3 million in 2023 and \$7.4 million in 2024 for development of certain land-banked sites into parks
  - \$3.5 million in 2023 for planning and design related to the expansion or rebuild of Green Lake Community Center and Evans Pool, pending identification of additional resources
  - \$4 million in 2023 to begin the renovation of Amy Yee Tennis Center
  - \$750,000 in 2023 for planning and design related to the stabilization and other improvements at Loyal Heights Community Center
  - \$2.6 million in revenues to support existing expense authority in 2023, and an additional \$3.4 million in 2024 to begin development of Smith Cove Park Phase 1
  - Additionally, Council added funds for a major renovation of Queen Anne Community Center (\$2 million), and for planning, design, or construction for Rainier Beach Skate Park (\$2 million), improvements at Little Brook Park (\$1 million), public art in Be'er Sheva Park (\$252,000), a protected path along Lake Washington Boulevard (\$200,000), and Kubota Garden planning (\$200,000).
- *New and expanded programs.* The adopted budget invests \$40 million in 2023 and \$41.6 million in 2024 in launching new or expanding existing programs and services, focused on clean, safe, and open parks, advancing climate action, furthering youth opportunity, and driving equity. See the Incremental Changes section below for more details. In 2023, selected annual investments proposed by the Mayor and approved by the Council include:

## Seattle Parks and Recreation

- Rebooting and expanding the Park Ranger Program (\$3 million)
- Expanding community center operating hours, and adding evening and weekend hours to many sites (\$3.4 million)
- Decarbonizing recreation facilities (\$2 million)
- Increasing evening and weekend maintenance across the system, especially of park restrooms (comfort stations) (\$1 million)
- Moving more quickly to remove accessibility barriers, to ensure parks and facilities are accessible to all (\$1.3 million)
- Increasing the rate of replacement or major rehabilitation of park features including restrooms (\$1.2 million) and playgrounds (\$1.1 million)
- Developing Seattle's first dedicated pickleball site and increased major maintenance on existing racket courts (\$2.5 million)
- Doubling the Equitable Park Development Fund, and building capacity for communities in underserved areas to partner with SPR to improve their neighborhood parks (\$1 million)
- Increasing tree-canopy through additional resources to the Green Seattle Partnership (\$970,000) and to tree planting and care citywide (\$320,000)
- Expanding youth employment opportunities (\$665,000) and engaging community-based organizations in providing youth opportunity programming (\$800,000)
- Launching a dedicated graffiti and vandalism response team (\$630,000)
- Strengthening activation of parks and public spaces through the Park Concierge program (\$600,000) and the Parks Commons Program (\$160,000)
- Increasing the reach of the mobile recreation program Rec N the Streets by adding two teams (\$840,000)
- Expanding the capacity of the Seattle Conservation Corps, a jobs training program for homeless adults (\$900,000)
- Formalizing and expanding the Community Engagement Ambassador program, an innovative pilot to connect diverse communities to SPR programs (\$490,000)
- Additionally, Council added the following items: an additional \$2 million for decarbonizing recreation facilities in 2024, an additional \$900,000 in 2023 and 2024 to replace or renovate park restrooms, an additional \$500,000 to the Equitable Park Development Fund (with 2023 funds dedicated to Marra-Desimone Park and the Garfield Super Block), \$637,000 to plant and maintain trees in developed parks, and \$200,000 to expand park activation in neighborhoods outside downtown.

Cycle 2 of the Park District will support a number of other new programs and projects, with more details to be found in the Incremental Changes section. Specifically, Park District changes are also related to supporting Park Fund sustainability and enhanced maintenance, described in more detail below.

### *Sustaining enhanced maintenance through the Unified Care Team*

In order to continue to provide access to clean and safe parks and rights of way, the budget includes ongoing funding to operationalize a coordinated Unified Care Team (UCT). The intent is to maintain increased levels of cleaning begun under the pandemic with one-time federal funding. Included in this pilot in other departments is funding for system navigators to connect unsheltered people sleeping in public spaces to shelter and housing.

In SPR, these UCT resources total \$5.3 million in 2023 and include 30 FTE for cleaning and maintenance (20.0 FTE Maintenance Laborer, 4.0 FTE Grounds Maintenance Leads), field coordination, compliance, data tracking and reporting (2.0 FTE Strategic Advisor 1 as Field Coordinators, 2.0 FTE Admin Staff Analyst as Field Admins), and overall leadership and training (1.0 FTE Manager 2, 1.0 FTE Senior Training and Education Coordinator).

The adopted budget utilizes a multi-fund approach to maintain these increased service levels:

## Seattle Parks and Recreation

- \$5.3 million of General Fund resources in SPR's base budget are reprioritized from parks utilities to fund UCT resources, and \$5.3 million of new Park District revenues will backfill parks utility costs, to prevent a reduction in service levels. Council action subsequently reduced the amount of General Fund resources to this effort by \$70,000 in both 2023 and 2024, due to a reduction in forecasted General Fund revenues.
- Since 2019, SPR's special maintenance team's base budget has utilized Transportation funding to perform maintenance in street rights of way (\$1.1 million in the 2022 Adopted Budget); in the adopted budget, these Transportation resources are being reprioritized to allow the Seattle Department of Transportation (SDOT) to add their own UCT staff, and \$1.1 million in new General Fund resources is added to SPR to prevent a reduction in service levels.

An additional \$140,000 General Fund is added to SPR to fund the Senior Training and Education Coordinator, which will serve as a citywide resource across departments for training.

### Ensuring Park Fund Sustainability

SPR's Park Fund is made up of earned revenues from program fees, permits, grants, and more, and makes up more than 17% of SPR's operating budget in 2023. Revenue projections continue to lag due to the lingering impacts of the pandemic on the ramp up of SPR's revenue-generating services. The adopted budget takes a balanced approach to ensuring Park Fund sustainability without impactful reductions to services valued by community:

- *Fee increases* to community center room rentals, aquatics services and programs, specialty garden admissions, and special event facilities will strengthen revenue collection, and support some additional expenses (including an increase to the Swim Safety Equity Fund).
- *Use of Park District revenue*, aligned with the Cycle 2 financial plan, is assumed to (i) fill short-term Park Fund revenue shortfalls in the Aquatics line of business in 2023 (\$3.1 million) and 2024 (\$1.8 million), and (ii) relieve the Park Fund of certain inflationary expenses in 2023 (\$735,000) and 2024 (\$1.5 million), reducing the pressure to raise annual fees to cover wage increases and other inflationary costs.

### REET and Bond Interest Redemption Fund Funding in SPR Capital Projects

The proposed budget sought to restore REET resources to SPR's capital budget, which had been significantly reduced due to pandemic-era budget impacts. However, due to a reduction in forecasted REET revenues, the Council reduced SPR's allocation of REET in several capital projects. Specifically:

- The Mayor's proposed budget added REET funding to three capital projects (Major Maintenance Backlog, Community Center Rehabilitation and Development, and Zoo Major Maintenance) in line with a 2019 fund realignment, for a total of \$6.7 million in 2023 and \$4.4 million in 2024. The budget as adopted reduces REET resources to these and several other projects by \$2.2 million in 2023 and \$8.6 million in 2024, anticipating that some of these funds would be added back in later years. See below for more details.
- The proposed budget included \$1 million in REET in 2023 to support the rehabilitation of restrooms in parks. However, the budget as adopted does not include these resources.
- The adopted budget utilizes unprogrammed resources from the Bond Interest Redemption Fund for eligible purposes in SPR's capital program, and releases an equivalent amount of REET for other citywide priorities (\$3.4 million in 2023 and \$2.4 million in 2024).

### Supporting the Seattle Aquarium Ocean Pavilion

Legislation in 2022 increased the City's contribution to the Seattle Aquarium Society (SEAS) Ocean Pavilion project by \$20 million, provided to SEAS through an Interfund Loan, to be refunded to the lending fund with 2023 LTGO Bonds, which will be issued in early 2023. Included in the modified funding package was an amendment to the existing Operations and Management Agreement between SEAS and SPR, adding a new "Enhanced Facility (EF) Fee" to be paid by SEAS to SPR monthly. SPR will use the proceeds from the EF Fee to pay the annual debt service for the \$20 million of bonds to be issued in 2023. The adopted budget includes the budget authority necessary to make the debt service payment, with the appropriation fully backed by revenue from SEAS.

### City Hall Park

In conjunction with King County and other community stakeholders, SPR will implement an activation plan to create a safe outdoor space for all to gather in the City's South Downtown Core. SPR will undertake an overall park planning

# Seattle Parks and Recreation

and design process that may anticipate capital improvements. Programming would include resources to help those with limited means access public services. Pending additional planning and design, additional resources will be needed to fully complete the project.

## City Council Changes to the Proposed Budget

On September 27, 2022, the City Council, acting as Park District Board, adopted a six-year, Cycle 2 financial plan for the Seattle Park District. The adopted plan builds off of the Mayor's proposed plan, making several adjustments and additions. Council also amended the biennial budget to reflect their changes to the Park District financial plan. The impact of these changes on the biennial budget are summarized below, and more detail is included in the descriptions of individual changes:

- Added \$2 million in 2024 for design and construction of the Rainier Beach Skate Park.
- Added \$2 million in 2024 to strengthen the climate conscious buildings initiative.
- Added \$2 million in 2023 for planning for a significant improvement to Queen Anne Community Center, with the assumption of a bond issuance to finance the physical improvements later in Cycle 2.
- Added \$1 million in 2024 for improvements to Little Brook Park.
- Added \$900,000 in both 2023 and 2024 to retrofit at least 4 more comfort stations.
- Added \$637,000 in 2023 and \$662,000 in 2024 to increase tree planting and maintenance in developed parks.
- Added \$500,000 in 2023 and \$520,000 in 2024 to the Equitable Park Development Fund, and put in place a proviso that up to \$3 million in equity fund spending in 2023 should focus on Marra Park and the Garfield Super Block (GSB), with \$200,000 in 2023 under proviso to support community planning costs for the GSB project.
- Added \$252,000 in 2024 for installation of public art in Be'er Sheva Park.
- Added \$202,000 in both 2023 and 2024 to support a protected path along Lake Washington Blvd.
- Added \$200,000 in 2023 and \$208,000 in 2024 to increase activation in parks outside of the downtown core.
- Added \$200,000 in both 2023 and 2024 for planning related to three new off leash areas, with funding for construction of two of them planned later in Cycle 2.
- Added \$200,000 in 2023 to support planning at Kubota Garden.
- Added \$50,000 in 2023 for the installation of buoys in Andrews Bay.
- Adjusted the approach to planning and implementing unreinforced masonry improvements; while the Mayor had proposed \$1.5 million in cash per year, adjusted for inflation, for this work, Council adopted a strategy that provides \$300,000 cash for planning and assessment in both 2023 and 2024, and assumes a bond issuance to finance the physical improvements later in Cycle 2.

In addition to the changes related to Park District funding described above, the City Council also made the following changes to the proposed budget in other funds:

- Because of a reduction in forecasted REET revenues, the Council reduced SPR's allocation of REET in the following capital projects (summarized above and described in more detail here and in the Incremental Changes section below):
  - Reduced \$2.2 million in 2023 and \$3.6 million in 2024 from the Major Maintenance and Asset Management project.
  - Reduced \$1.5 million in 2024 from the Americans with Disabilities Act Compliance project, anticipating that some of these funds will be added back in the later years of the CIP.
  - Reduced \$2.8 million in 2024 from the Community Center Rehabilitation and Development project, anticipating that these funds will be added back in the later years of the CIP.
  - Reduced \$500,000 in 2024 from the Urban Forestry / Green Seattle Partnership project.
  - Reduced \$322,000 in 2024 from the Play Area Renovations project, anticipating that these funds will be added back in the later years of the CIP.
- Through several budget actions, described in detail in their individual changes below, the Council changed the amount and funding source of resources available to activate City Hall Park. While the Mayor's proposed budget included \$300,000 GF in both 2023 and 2024 as well as \$2.5 million in REET in 2023, the

## Seattle Parks and Recreation

adopted budget instead includes \$300,000 PET and \$1 million GF in 2023, and \$300,000 GF and \$1 million PET in 2024.

- Through several budget actions, Council reduced the amount of PET resources supporting SPR's decarbonization efforts, from \$3.5 million in 2023 in the proposed budget to \$1 million in 2023 in the adopted budget.
- Reduced non-labor resources for the UCT by \$70,000 in both 2023 and 2024.

### City Council Provisos in the Adopted Budget

The following provisos were included in the 2023 Adopted Budget:

- Proviso \$200,000 of Seattle Park District Funding in 2023 to support community planning costs for the Garfield Super Block Project.
- Proviso funding to prohibit the purchase of gas-powered leaf blowers in the Park and Facility Maintenance and Repairs BSL.
- Proviso \$1M in payroll tax funds for the decarbonization of facilities that serve communities directly impacted by racial, economic, and environmental injustice.

District Fund (2024) to SPR to align with the final Seattle Park District Six-Year Spending Plan adopted by the Park District Board

Change funding source for City Hall Park activation in 2023, and add \$1 million for 2024	-	-
Add funding for City Hall Park Activation	1,000,000	-
Reduce proposed funding for decarbonizing SPR facilities by \$3.5 million	(3,500,000)	-
Add Green New Deal funding for facility decarbonization	1,000,000	-
Reduce proposed funding for non-labor supplies and costs related to the Unified Care Team	(70,000)	-
Reduce proposed funding for the Americans with Disabilities Act (ADA) Compliance project	-	-
Reduce proposed funding for the Community Center Rehabilitation & Development project	-	-
Reduce proposed funding for the Major Maintenance and Asset Management CIP project by \$2.2 million REET in 2023 and \$3.6 million REET in 2024	(2,202,727)	-
Reduce proposed funding for the Play Area Renovations project	-	-
Reduce proposed funding for the Urban Forestry - Green Seattle Partnership project	-	-
Reduce REET funding for improvements at City Hall Park	(2,500,000)	-

### Council Provisos

Proviso \$200,000 of Seattle Park District Funding in 2023 to support community planning costs for the Garfield Super Block Project	-	-
Proviso funding to prohibit the purchase of gas-powered leaf blowers in the Park and Facility Maintenance and Repairs BSL	-	-
Proviso \$1 million in Green New Deal funding to support decarbonization of facilities that serve communities impacted by racial, economic, and environmental injustice	-	-

<b>Total Incremental Changes</b>	<b>\$62,008,907</b>	<b>159.35</b>
<b>Total 2023 Adopted Budget</b>	<b>\$328,941,463</b>	<b>1117.98</b>

## Description of Incremental Budget Changes

### Baseline

#### Add Community Development Block Grant fund source code

Expenditures	-
Revenues	-

This budget neutral technical change adds a 2023 funding source code to Community Development Block Grant appropriation in the CIP.

## Seattle Parks and Recreation

### Add Community Services Block Grant funding and fund source code

Expenditures	\$95,486
Revenues	\$95,486

This technical baseline change request adds a grant funding source code the 2023 Community Services Block Grant funding supporting the Seattle Conservation Corps (SCC), and increases total appropriation from that fund source.

### Appropriations for 2022 Annual Wage Increase

Expenditures	\$4,047,492
--------------	-------------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### Citywide technical changes for internal service costs

Expenditures	\$2,582,611
--------------	-------------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department.

### Park District capital budget baseline inflation

Expenditures	\$133,704
--------------	-----------

Cycle 2 of the Park District assumes that baseline appropriations will inflate by 4% annually, including from 2022 to 2023. This item inflates baseline Park District resources in the capital budget to align with the 2023 adopted financial plan. Note the related inflationary increase of operating items as well.

### Park District operating budget baseline inflation

Expenditures	\$1,206,745
--------------	-------------

Cycle 2 of the Park District assumes that baseline appropriations will inflate by 4% annually, including from 2022 to 2023. This item inflates baseline Park District resources in the operating budget to align with the 2023 adopted financial plan. Note the related inflationary increase of capital items as well.

### Removal of one-time federal funding from baseline

Expenditures	\$(2,800,000)
--------------	---------------

This baseline change request removes one-time funding for the Clean City initiative added in the 2022 budget.

### Removal of one-time federal funds from CBA SPR-001-B-001

Expenditures	\$(1,408,860)
--------------	---------------

This baseline change request removes \$1.4M of one time general fund resources included in Council Budget Action SPR-001-B-001 that extended the Clean City Initiative through the end of 2022.

## Seattle Parks and Recreation

### Removal of one-time funding for Rise Above

Expenditures \$(200,000)

This baseline change request removes one time funding for the Rise Above organization that was added in the 2022 budget.

### Removal of one-time funding from CBA SPR-002-A-001

Expenditures \$(171,000)

This baseline change request removes one time funding included in Council Budget Action SPR-002-A-001 that added \$171,000 in general fund resources to fund the Kids and Paper an after-school program.

### Removal of one-time funding from CBA SPR-007-A-002

Expenditures \$(188,000)

This baseline change request removes one time funding included in Council Budget Action SPR-007-A-002 that added \$188,000 in general fund resources to support community capacity building for the Garfield Super Block Project.

### Reverse one-time use of fund balance reallocated to support capital acquisitions and land banked site development

Revenues \$(4,714,372)

This technical baseline change reverses the one time use of fund balance in the 2022 Adopted Budget used to support capital acquisitions and land banked site development.

## Proposed Operating – Park District Cycle 2

### Park Safety Program

Expenditures \$448,640

Position Allocation 2.00

To meet increasing community demand for security services and Park Code compliance support, this proposal adds funding to hire 2 additional Animal Control Officers (ACOS) in FAS and 2 Maintenance Laborers in SPR, supporting 2 additional teams dedicated to enforcement on SPR property, and makes other related safety investments.

### Evening and Second Shift Maintenance for Restroom Access

Expenditures \$1,042,354

Position Allocation 12.00

Expanding access to additional comfort stations year-round will require additional grounds maintenance staff and an expansion in service hours to meet increased cleanliness demands and to provide consistent access to the public, including those living unsheltered. This proposal adds new team members to expand comfort station maintenance. This investment will allow additional seasonal restrooms to remain open year-round, and increases non-peak season comfort station cleaning from 5 to 7 days a week.

### Comfort Station Autolocking and Winterization

Expenditures \$545,714

Position Allocation 1.00

## Seattle Parks and Recreation

This proposal supports year-round restroom access, in combination with the Evening & Second Shift Maintenance proposal, by providing funding for winterization of 60 restrooms (over Cycle 2) that close seasonally. It also supports autolocking and other restroom access initiatives by providing staff capacity to manage, track, operate, and facilitate repairs in existing autolock sites, and as new sites are added (with funding from the Comfort Station Renovation proposal).

### Restoring and Increasing Urban Canopy

Expenditures	\$323,482
Position Allocation	2.00

The Council altered this item by adding \$637,000 Park District funding, to focus specifically on trees for developed parks. Refer to the Council Changes section below for more details. The proposed budget description follows:

This proposal expands the capacity of SPR's urban forestry teams to respond to climate change through tree planting and extending the tree care establishment period. Specifically, it will allow SPR to plant an additional 100 trees per year (with a focus on developed parks) and to extend the period of mulching and watering from 4 years to 5.

### Trails Program Support

Expenditures	\$323,482
Position Allocation	4.00

This proposal invests additional resources toward maintaining and preserving our trail systems and providing access, connectivity, and safety for the public by adding additional dedicated maintenance staff to the existing team and provide the equipment, tools, and materials required to support this work. It will increase the number of trail miles maintained each year (from 4-5 to 7-8).

### Facility Maintenance Life Safety and Regulatory Compliance

Expenditures	\$975,936
Position Allocation	6.00

As Seattle continues to grow, increased visits to and use of City facilities and parks impacts the level of wear on assets. The more use amenities see, the faster the facilities and assets age, and the more maintenance is needed, both to respond to emergent, demand-based maintenance needs and to continue our commitment to preventative maintenance. This proposal bolsters support for scheduled preventative maintenance and regulatory compliance work by adding positions in skilled trades including on the plumbing, electrical, metal fabrication, and concrete crews.

### Human Resources Safety Compliance and Training

Expenditures	\$334,464
Position Allocation	2.00

This proposal adds resources for SPR to operate a more dynamic and responsive Safety and Health Unit to maintain a healthier workforce that will be fully compliant with workplace safety and training programs. This includes expanding staff capacity within the Safety and Health Unit to meet the needs of a growing workforce and increasingly complex safety requirements and protocols, implement more robust training programs, conduct more rigorous site audits, and install a new software system to track, assess, and monitor all safety-related data records across the department.

### Custodial Support

Expenditures	\$399,360
--------------	-----------

# Seattle Parks and Recreation

Position Allocation 4.00

This proposal supports the Custodial Unit's body of work that has experienced significant growth in expectations due to the pandemic, including additional hours of cleaning, increased cleaning frequency and protocols, support to shower program sites, expanding operating hours, and in general increased level of service requests. This proposal would expand level of service to provide better 7-day coverage, including evenings and weekends, to support facility rentals and better meet demand from expanded programming.

## Community Center Pre-Electrification

Expenditures \$242,611

This proposal prepares community centers for decarbonization by first shrinking energy use intensity through energy conservation interventions (such as use of LEDs, advanced lighting controls, and destratification fans for air mixing). Funding provides for 2 centers to see energy conservation interventions annually, with an estimated 40-60% reduction in energy use per facility.

## Replacing Fossil Fuels in Small Mechanical Systems

Expenditures \$242,611

Position Allocation 1.00

This proposal installs electric heat pumps in smaller SPR facilities (crew quarters, concessionaires, rental sites, etc) that currently use oil heat. It funds full conversion for 4 of the 6 remaining oil heat sites, and funds condition assessments for the remaining 2 sites. The sites include Victory Heights, Lower Woodland Lawn Bowling, Jackson Golf Clubhouse, West Seattle Golf Clubhouse, Jefferson Golf Crew Quarters, West Seattle Golf Crew Quarters.

## Vandalism Response

Expenditures \$632,237

Position Allocation 5.00

This proposal creates an emphasis team to serve as SPR's first response for key repairs and maintenance in response to vandalism and graffiti abatement. This crew would be comprised of Painters and Installation Maintenance Workers (IMWs) trained and specialized in repair work including graffiti abatement, irrigation, lighting, play areas, roof and gutter cleaning, downspout cleaning and furnishing replacements.

## Access Controls and Technology Management (2023 only)

Expenditures \$175,000

SPR currently has hundreds of buildings that house technology systems that support the operation, safety, security, and accessibility of those buildings. This proposal adds one-time resources to upgrade to newer technologies needed for several outdated systems and software.

## Business Systems and Customer Service Unit

Expenditures \$307,308

Position Allocation 3.00

This proposal creates a consolidated customer service work unit to increase customer satisfaction by providing customers with a single point of contact, consistent information across department functions, and service by trained staff who perform this body of work regularly. This streamlines customers' ability to navigate our large, complex department with multiple lines of business. It is estimated to improve many customer service metrics, including reducing refund wait time from 2 weeks to 1, increasing email response time from 5 days to 2-3, and more.

# Seattle Parks and Recreation

## Seattle Conservation Corps Expansion

Expenditures	\$898,560
Position Allocation	3.00

This proposal supports expanding the size of the Seattle Conservation Corps (SCC) to meet a higher need for employment and training for homeless adults. Specifically, it would return Corps enrollment to the pre-pandemic level of 50 and add capacity for an additional 10 enrollees.

## Aquatics Safety

Expenditures	\$505,440
Position Allocation	1.00

This proposal invests in improving safety and mitigating risk at summer beaches and pools through increased lifeguard training and other safety and job training. Specifically, it aligns SPR practices with American Red Cross standards for safety and pre- and in-service training, and allows for increased safety audits.

## Community Center Operations

Expenditures	\$2,036,539
Position Allocation	14.75

This proposal expands public access to SPR's community centers system and realigns public operating hours to increase evening and weekend access in response to stated community preference. This investment increases facility availability for free drop-in activities, preschool and licensed childcare programs, recreation programming, community events, and building rentals. Specific allocation of hours will be informed by an index tool the Recreation Division developed which gives an overall numeric score based on the diversity, income, health disparities, age demographics, population density, and displacement vulnerability of community center service areas. Specifically, it would increase total operating hours systemwide by 8%, and no site would see a reduction in hours.

## Community Center Operations - Classification Review

Expenditures	\$1,335,060
--------------	-------------

SPR uses Recreation Attendants and Cashiers as the "front desk support" at facilities including pools and community centers. It has become clear that current classification descriptions no longer reflect job duties or business need, and presents equity, managerial, and customer service issues. Subject to bargaining, this proposal supports reconsideration and alignment of these front desk support position classifications and compensation.

## Rec N the Streets

Expenditures	\$687,398
Position Allocation	7.25

SPR's mobile recreation program, Rec N the Streets (RNTS) brings recreation to the people that do not have easy access to recreational opportunities, and eliminates the barriers of cost and travel for the populations that are most impacted by disparities in health, racial and economic factors. This proposal expands program impact by adding 2 additional teams, more than doubling program delivery over baseline. Specifically, it increases weekly activations from an average of 15 to an average of 50+.

## Teen Development Program

Expenditures	\$282,029
--------------	-----------

# Seattle Parks and Recreation

Position Allocation	2.75
---------------------	------

This proposal supports targeted teen development programming for ages 11-19 (grades 6-12) under the leadership of a centralized Teen and Youth Development unit, including expanding service at Teen Life Centers by adding service on Mondays and increasing annual hours of teen programming by 20% over baseline (from 14,500 to 17,400).

## Youth Mentorship and Employment

Expenditures	\$665,720
--------------	-----------

Position Allocation	1.00
---------------------	------

SPR is a major provider of youth mentorship, employment, and job training programs across several divisions, with hundreds of youth and young adults gaining job skills annually. This proposal expands these efforts by adding a wage-based rather than stipend-based program, and centralizes oversight and coordination of all current department efforts by adding a dedicated position to serve as the Youth Employment and Job Training Coordinator for the department and connects these efforts to the larger City Youth Employment Initiative. Specifically, this proposal provides for 80 youth to work 20,000 hours annually.

## Neighborhood Park Activation

Expenditures	\$161,741
--------------	-----------

Position Allocation	1.00
---------------------	------

This proposal allocates additional resources to support the Parks Commons and Neighborhood Park Activation programs, enabling SPR to work with community partners to increase safety in parks through activation, including additional staff support and resources for buskers, supplies, and event support. The Parks Commons program is designed to sustain positive programming in parks and to build a strong sense of ownership and safety among community members. This proposal would expand annual program capacity for Parks Commons from 2 to 4 park locations needing full, intensive services.

## Inclusive Outreach and Engagement

Expenditures	\$489,266
--------------	-----------

Position Allocation	3.00
---------------------	------

This proposal builds on SPR's successful Recreation for All, Get Moving, and Community Engagement Ambassador (CEA) programs by increasing grant allocations and staff time devoted to inclusive engagement, training, and outreach. Get Moving and Recreation for All are two grants programs that provide innovative, culturally relevant, free programming to immigrants and refugees, communities of color, and low-income people through partnerships with diverse community-based organizations. Specifically, this proposal allows for 10-15 additional annual grant allocations (above a baseline of ~40), and doubles the hours of the CEA program (from 3,000 to 6,000).

## Park Concierge

Expenditures	\$603,418
--------------	-----------

SPR's Park Concierges provide positive activation and staff presence that deter negative activities in our urban parks and make these public spaces accessible and welcoming to all members of the community. This proposal seeks to expand a level of service that will continue positive activation services in the downtown core and other high-priority park locations while ensuring staff safety by shifting our staffing model to deploy concierges in pairs when needed and investing in workforce equity by transitioning in our partnership with ARC to an operating model that uses benefitted positions with pay commensurate with the complexity and training required to perform this work.

# Seattle Parks and Recreation

## Organizational Capacity

Expenditures	\$727,949
Position Allocation	5.70

This proposal provides resources to increase the indirect services needed to support Cycle 2 Park District investments. Resources are being added to accounting, contracting, and the business services center to support and sustain new operating and capital programs starting in 2023.

## Waterfront Funding Adjustment

Expenditures	\$(376,329)
--------------	-------------

This item reflects a technical change to realign existing Park District appropriation for the Waterfront from capital to operating to reflect the transition to operations and maintenance starting in 2023. Please note, beginning in 2023, waterfront operations will be managed by Seattle Center. Park District funding for waterfront operations will be reflected in Seattle Center's budget.

## Youth Opportunity Fund

Expenditures	\$800,000
Position Allocation	2.00

This proposal launches a fund to engage community-based organizations and community members in providing mentorship and related programs to youth, as part of the Mayor's vision to mobilize community centers and other SPR assets as engines for safety and opportunity for all Seattle's youth.

## Park Ranger Expansion

Expenditures	\$3,060,000
Position Allocation	29.00

This proposal reestablishes the Park Ranger program by adding 26 Rangers (for a total of 28) to enhance safety and promote voluntary compliance of park rules. This program will begin in 2023 in downtown parks, and expand to neighborhood parks (subject to bargaining). This change adds \$3 million of Park District resources, but also repurposes \$600,000 of General Fund resources in the base budget, for a total program cost of \$3.6 million.

## Add Cycle 2 Park District revenues

Revenues	\$56,707,629
----------	--------------

The Council altered this item to align Park District revenues in the biennial budget with the adopted Cycle 2 financial plan. Refer to the Council Changes section below for more details. The proposed budget description follows:

This item adds Park District revenue expectation, in compliance with relevant financial policies, to bring SPR's budget in line with Cycle 2. This also includes several changes to true up baseline: removing contributions to fund balance for 2022 Annual Wage Increase (which was appropriated via 2022 supplemental legislation) and one-time interest earnings from 2021, not needed in 2023 and 2024. It also includes \$2.6 million in revenues needed for existing Smith Cove appropriation (\$2.6 million).

## COVID Recovery Reserve

This proposal realigns a portion of SPR's aquatics line of business to the Park District to address anticipated Park Fund shortfalls in operating revenues at least in the next biennium. Note that the financial plan assumes revenues will recover and that a declining amount of Park District funding will be required for this purpose each year (\$3.1 million in 2023, \$1.8 million in 2024, and \$900,000 in 2025).

# Seattle Parks and Recreation

## Fee Stabilization Reserve

Expenditures	\$735,000
--------------	-----------

This proposal reduces pressure to increase program fees by shifting some future inflationary costs from the Park Fund (SPR's earned revenue account) to the Park District.

## Other Proposed Operating

### Add organizational capacity to parks and facilities planning and development

Expenditures	-
Position Allocation	11.20

This proposal adds 11.2 FTE to allow for the Planning and Development Division to better align staffing with capital project management needs. Four of the 11 positions are currently or recently working in term limited temp (TLT) or out of class (OOC) roles, and this proposal would sustain these positions starting in 2023. Additional permanent staff would be added to supplement existing teams. This proposal brings needed resources to the department's capital delivery division to address an increased number of projects funded through a variety of capital funds especially in light of the increased resources planned for the capital program with the Park District Cycle 2. Positions will be funded through capital projects.

### Fee increase for Japanese Garden admissions

Expenditures	\$125,116
Revenues	\$125,116
Position Allocation	1.00

This proposal increases the general admission fees at Japanese Garden. The increase is estimated to generate approximately \$125,000 in new revenues beginning in 2023. The revenue increase will offset the cost of a new frontline supervisor position for the Specialty Gardens (Japanese Garden, Kubota Garden, Volunteer Park Conservatory). To reduce barriers to access, the fee structure includes free entry on the first Thursdays of every month, free admissions for youth under 5, monthly free admissions for youth older than 5 on Saturdays, and lower fees for youth and seniors.

### Fee increases for Volunteer Park Conservatory admissions

This proposal increases the general admission fees at the Volunteer Park Conservatory for individual admission by \$2 and group and annual passes by \$10. It also aligns fees for youth, seniors, special populations, and military attendees to make them consistent with other fees across the department. The increase is estimated to generate approximately \$89,000 in new revenues in 2023 to help mitigate Park Fund revenue gaps in the short term, as post pandemic revenues across the department have not stabilized. As such, SPR will be assessing the longer-term revenue forecast over the next biennium.

### Fee increases for special events

This proposal increases fees for special events and use permit fees to help offset ongoing post pandemic revenue impacts on the Park Fund. While the fees increases can help mitigate Park Fund revenue gaps in the short term, post pandemic revenues across the department have not stabilized. As such, SPR will be assessing the longer-term revenue forecast over the next biennium.

### Athletic Revenue Adjustment

Revenues	\$(600,000)
----------	-------------

## Seattle Parks and Recreation

This proposal reduces Athletic Scheduling's revenue goal by \$600,000 to better align with actual revenues. Previous budgets assumed that excess revenues from field rentals could support increases capital projects at athletic fields, but revenue generation has not materialized to the extent needed to support these projects. Note the related reduction in expense expectation to the capital budget.

### Fee increase for room rentals

The department is proposing increases in rental fees for community center rooms, kitchens, and gyms, and related staff and booking fees which are expected to generate approximately \$215,000 of additional revenue beginning in 2023 to help mitigate Park Fund revenue gaps in the short term, as post pandemic revenues across the department have not stabilized. As such, SPR will be assessing the longer-term revenue forecast over the next biennium. To reduce barriers to access, SPR maintains a fee waiver process that organizations may request.

### Fee increases for Aquatics programs and services, and add to Swim Safety Equity Fund

Expenditures	\$35,000
Revenues	\$35,000

This proposal increases fees for swim lessons, drop-in swimming, and pool rentals. These fee changes are expected to generate approximately \$224,000 of revenues in 2023 and \$448,000 in 2024 to help mitigate Park Fund revenue gaps in the short term, as post-pandemic revenues across the department have not stabilized. As such, SPR will be assessing the longer-term revenue forecast over the next biennium. A portion of the revenues generated by the fee increases will augment the Swim Safety Equity Fund to support free swim lesson to young people in most need of these services.

### Utilities and Enhanced Maintenance

Expenditures	\$5,434,889
Revenues	\$(1,108,000)
Position Allocation	30.00

The Council altered this proposal in the adopted budget by reducing non-labor expenses by \$70,000 General Fund in 2023 and 2024. Refer to the Council changes section below for more details. The proposed budget description follows:

In order to continue to provide access to clean and safe parks and rights of way, the proposed budget includes funding to operationalize a coordinated Unified Care Team program. The initiative maintains increased levels of cleaning begun under the pandemic with one-time federal funding. For additional information on this pilot, please see the Budget Overview. This specific change increases Park District support to existing utility costs, freeing up a similar amount of General Fund resources that will be repurposed to support ongoing funding of the SPR portion of UCT/Clean Seattle work. Additionally, Transportation resources used in SPR's base budget are being reprioritized to allow the Seattle Department of Transportation (SDOT) to add their own Clean Seattle staff, and \$1.1 million in new General Fund resource are added to SPR to prevent a reduction in service levels. Finally, an additional \$140,000 General Fund is added to fund a Senior Training and Education Coordinator, which will serve as a citywide resource across departments for training.

### Sweetened Beverage Tax Funding Realignment

Position Allocation	2.00
---------------------	------

This budget neutral proposal realigns a portion of the SPR's Sweetened Beverage Tax (SBT) funding based on feedback from the SBT Advisory Board about ways to better align SBT programming with community needs. Specifically, funds will support dedicated staff to increase programming related to the Summer of Safety and free

## Seattle Parks and Recreation

summer lunch programs.

### Support for the Seattle Asian Art Museum

Expenditures	\$25,000
--------------	----------

This item provides a \$25,000 increase in General Fund support to align with the Seattle Asian Art Museum (SAAM) agreement's inflation schedule. In 2023 the SAAM operating support payments will increase from \$250,000 to \$275,000 for the next 5 years per the legislated agreement Ordinance 109767.

### Support for the Woodland Park Zoo

Expenditures	\$468,000
Revenues	\$100,000

This change request adds General Fund support to partially cover the contractual inflationary increases required as part of the Master Operating Agreement with Woodland Park Zoological Society (WPZS). The relevant agreement with WPZS, signed in 2022, increases the inflation adjustment that SPR is required to pay. Also as part of the agreement, SPR's Park Fund pays for the zoo utility costs, which are then reimbursed by WPZS. As these utility costs have also increased with inflation, this item increases SPR's Park Fund expense budget by \$100,000, fully backed by revenue from WPZS.

### Lifelong Recreation budget neutral staffing realignment

Expenditures	-
Position Allocation	0.50

This budget neutral proposal realigns staffing resources in the Lifelong Recreation program to better align with program implementation.

### City Hall Park planning & activation

Expenditures	\$300,000
--------------	-----------

The Council altered this proposal in the adopted budget by changing the funding source in 2023 from General Fund to the payroll tax. Refer to the Council changes section below for more details. The proposed budget description follows:

Discussions continue with King County and community stakeholders to determine a long-term plan for City Hall Park. In 2023, SPR will collaborate with the County and relevant community organizations to develop and implement an interim activation plan, with a goal of ensuring that the park is safe and accessible for all. This item adds \$300,000 General Fund for interim activation. Note the related allocation of REET for City Hall Park to the capital budget.

## Proposed Capital – Park District Cycle 2

### Magnuson Park Major Maintenance

Expenditures	\$778,752
--------------	-----------

This proposal provides dedicated funding for major maintenance at Magnuson Park, tackling some of the most pressing building and infrastructure needs that exist primarily due to the condition and design of facilities handed over with the original acquisition from the U.S. Navy. Identified major needs pertain primarily to buildings, roads, and pathway infrastructure.

# Seattle Parks and Recreation

## Comfort Station and Shelterhouse Renovations

Expenditures \$1,230,528

The Council altered this item by adding \$900,000 Park District funding in both 2023 and 2024. Refer to the Council Changes section below for more details. The proposed budget description follows:

This proposal increases resources available to provide much needed refreshes to comfort stations and shelterhouses including replacing windows, finishings, plumbing fixtures, partitions, and roofs, meeting accessibility requirements, and providing non-gender specific restroom options. It reduces the lifecycle replacement time from the current 42 years to an average of 34 years.

## Play Area Renewal

Expenditures \$1,060,800

This proposal provides additional funding for SPR to renovate play areas on a 26-year cycle, a timeline more closely aligned with industry standards and the expected service life of most equipment. Specifically, these funds would allow SPR to renovate 1 additional play area annually, for a total of 5-6 annually including base funding.

## Pool Major Maintenance

Expenditures \$1,018,368

This proposal provides additional funding for SPR to address a backlog of pool major maintenance and accessibility upgrades. Investments include roof replacements, structural upgrades, mechanical system upgrades, and locker room renovations (many of which have not been upgraded since their construction in the 40's, 50's or 70's and do not meet accessibility standards). Specifically, these resources would allow for an additional 2 pool renovations in Cycle 2, for a total of 5 pool renovations including baseline funding and assuming receipt of external grants.

## Racket Sport Maintenance and Expansion

Expenditures \$2,485,531

This proposal improves conditions for indoor and outdoor tennis and pickleball play and increase capacity for both sports. It would allow SPR to build a new dedicated pickleball court during Cycle 2 and catch up with deferred maintenance of tennis and pickleball courts across the city.

## New Park Development

Expenditures \$1,797,120

This proposal provides funding for SPR to continue development of 8 sites for which land has been acquired but has not been developed into parkland. SPR estimates this would provide enough funding to fully develop 4 parks (Cayton Corner, Gateway Park North, Lake City Floodplain Park, Terry Pettus addition), and fund phase 1 development of Bitter Lake Reservoir and Duwamish Waterway Expansion (some may open in Cycle 3). In addition, a minimum of 2 sites will complete planning and preliminary design in Cycle 2 (1125 Harvard Avenue North and Ursula Judkins Viewpoint).

## Accessibility Barrier Removal

Expenditures \$1,349,837

This proposal adds additional funding to increase efforts to make parks and facilities accessible to all users. Funding supports compliance with the Americans with Disabilities Act (ADA), enabling SPR to make significant progress toward addressing all items listed on the Citywide Barrier Removal Schedule, a list of documented accessibility barriers at some of the most heavily programmed City-owned facilities that has been gathered through a

## Seattle Parks and Recreation

combination of Department of Justice (DOJ) citations and consultant assessments. Specifically, the addition of these new funds to an existing baseline would reduce the timeline for removal of all barriers from approximately 48 years to 28 years.

### **Unreinforced Masonry (URM) Retrofits**

Expenditures	\$1,502,093
--------------	-------------

The Council altered this proposal in the adopted budget by including only \$300,000 in both 2023 and 2024 for URM project planning and design, and assuming construction costs would be covered by debt in subsequent years. Refer to the Council changes section below for more details. The proposed budget description follows:

This proposal launches a program to assess and retrofit SPR's portfolio of unreinforced structures in anticipation of new city requirements to be developed by Seattle Department of Construction and Inspections (SDCI) within the next few years. It will enhance the safety of these facilities for users and increase the possibility that they will be serviceable after a major earthquake.

### **Climate Conscious Buildings**

Expenditures	\$1,996,800
--------------	-------------

The Council altered this proposal in the adopted budget by including an additional \$2 million in 2024. Refer to the Council changes section below for more details. The proposed budget description follows:

This proposal launches a new program to decarbonize certain SPR facilities, by reducing reliance on fossil fuels for heating, air conditioning, and water heating within its building portfolio. The projects in this program will convert our facilities away from the use of fossil fuel (primarily natural gas) heating systems to systems that rely on electricity primarily generated through hydropower, and would support conversion of the HVAC system, electrical service upgrades, and building envelope improvements to meet energy code requirements. These funds would support decarbonization of approximately 6 buildings in Cycle 2.

### **Green New Deal funding for SPR Climate Resilience Hubs and Climate Conscious Buildings**

Expenditures	\$3,500,000
--------------	-------------

Through several budget actions, the Council altered this item by reducing the payroll tax funding for this purpose from \$3.5 million in 2023 to \$1 million. Refer to the Council Changes section below for more details. The proposed budget description follows:

The City's 2023 Proposed Budget spends approximately \$294 million in JumpStart Payroll Expense Tax ("payroll tax") proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds \$3.5 million backed by payroll tax to support decarbonization of SPR facilities, and development of climate resilience hubs in SPR's community centers, aligned with the Executive's climate resilience hub strategy.

### **Equity Fund Increment**

Expenditures	\$1,040,000
--------------	-------------

The Council altered this item by adding an additional \$500,000 ongoing, and placing a proviso on all 2023 funds. Refer to the Council Changes section below for more details. The proposed budget description follows:

This proposal expands the resources available for the Equitable Park Development Fund (formerly Major Projects Challenge Fund) focused on partnering with communities to make improvements to parks and facilities in neighborhoods that have a history of racial disparities in access to green space and in safety from environmental harms. This investment would also help build capacity to ensure that the voices of those communities are heard, and their needs are met. Specifically, it would double the funding available for grant allocation over the existing base

# Seattle Parks and Recreation

budget.

## **Sustainable Irrigation Replacement and Upgrade**

Expenditures \$329,472

This proposal increases funding to replace SPR's aging irrigation infrastructure before it fails, and to install more efficient and climate change ready operating equipment that includes weather-based scheduling and leak detection. It also funds installation of remote water monitoring systems to provide early and actionable information to better protect the public and conserve resources. Along with the Water Reuse Partnerships proposal, these funds allow irrigation systems for 3-5 acres of to be renovated annually and 3-5 controllers to be upgraded annually.

## **Water Reuse Partnerships**

Expenditures \$314,496

This proposal funds pre-engineering evaluation of 1-2 potential water re-use projects capturing stormwater runoff or rainwater harvest for use in irrigation. This work would be done in partnership with Seattle Public Utilities (SPU) and builds off a 2019 SPR Water Reuse Study. If feasible, future year funding would partially fund capital projects for implementation.

## **Trails Major Maintenance**

Expenditures \$648,960

This proposal creates a new dedicated asset renewal program focused on large-scale trail restoration. It enables SPR to address trails in the worst condition and those requiring significant capital investment (i.e., installation of check steps, elevated walkways, and bridges) for which design and permitting are likely required and which the trail maintenance crew or volunteers are not able to address.

## **Development of Remaining Cycle 1 Land-Banked Sites**

Expenditures \$2,500,000

This proposal provides funding in Cycle 2 for SPR to complete 5 new park development projects promised in Cycle 1 of the Park District, but for which funding was reallocated as a result of COVID reductions. Specifically, it would fund development of West Lake Junction, 48th and Charlestown, Morgan Junction, Wedgwood, and A.B. Ernst Park.

## **Amy Yee Tennis Center Renovation**

Expenditures \$4,000,000

This proposal continues critical identified major maintenance improvements at Amy Yee Tennis Center. An initial phase of this work brought the facility up to minimum accessibility and safety standards, however the roof remains in poor condition, the lighting, heating, and ventilation is poor, and structural upgrades are needed.

## **Loyal Heights Community Center Renovation**

Expenditures -

This proposal funds a Loyal Heights Community Center stabilization project intended to be completed in Cycle 1, but not completed due to the unexpected cost estimate – primarily for seismic work related to the exterior brick. It also expands the scope beyond pure stabilization to improve the customer experience and potentially partner with the Department of Education and Early Learning to support childcare services. Funding assumes some cash for planning purposes and debt for construction costs.

# Seattle Parks and Recreation

## Smith Cove Phase 1

Expenditures -

This proposal provides funding for SPR to construct Smith Cove Park Phase 1, for which funding from Park District Cycle 1 had been reallocated as a result of COVID reductions. While there are no new appropriations in 2023, the budget includes \$3.4 million in 2024. See the Park District financial plan for intended future appropriations.

## Mercer & 8th Community Center Development

Expenditures -

This proposal funds tenant improvements to a future community center in South Lake Union, approved by City Council as a public benefit in the sale of City-owned property in that location. Funding assumes some cash for planning purposes and debt for construction costs.

## Lake City Community Center Redevelopment

Expenditures \$(5,000,000)

This proposal transitions planned one-time funding for the redevelopment of Lake City Community Center in conjunction with Office of Housing to debt financing. Current appropriation is sufficient to continue planning and design so this increment is removed and debt will be issued later in Cycle 2 for construction costs.

## Green Lake Community Center and Evans Pool Substantial Alteration

Expenditures \$3,500,000

The Council did not alter the resources allocated to this item in 2023, but did make clear their intent that this facility should undergo an expansion or rebuild, pending identification of additional resources. The proposed budget description follows:

This proposal would provide funding for planning and design to renovate Green Lake Community Center and Evans Pool, significantly extending the life and service of these highly used facilities. Funding assumes some cash for planning purposes and debt for construction costs.

## Other Proposed Capital

### Green Seattle Partnership Funding Restoration

Expenditures \$970,000

This proposal adds \$970,000 in capital funding to the Green Seattle Partnership, an innovative collaboration between SPR, community organizations, and hundreds of volunteers and Forest Stewards to restore Seattle's natural areas. This restores a reduction taken by the program in the 2019 budget. Funding will be used for tree-planting and care, and related restoration activities in natural areas -- especially on steep slopes, wetlands, and other areas that are not amenable to volunteer-based restoration work.

### Athletic Field Appropriation Adjustment

Expenditures \$(600,000)

This item removes the capital appropriation for minor athletic field capital improvements to align with actual revenues generated by Athletic Scheduling. Previous budgets assumed that excess revenues from field rentals could support increases capital projects at athletic fields, but revenue generation has not materialized to the extent needed to support these projects. Note the related reduction in revenue expectation to the operating budget.

# Seattle Parks and Recreation

## REET Restoration

Expenditures \$6,658,727

Due to a reduction in forecasted REET revenue, the Council altered this proposal in the adopted budget by reducing REET allocation to SPR in several projects. Refer to the Council Changes section below for more details. The proposed budget description follows:

In 2019, a realignment of Real Estate Excise Tax (REET) revenues, Park District revenues, and General Fund revenues was implemented to efficiently utilize these funding sources in support of park and recreation services. A \$10 million REET commitment was made to support asset management projects and major maintenance at community centers and the Zoo. Due to pressure on REET funding, the 2022 – 2027 CIP does not currently meet this commitment. As such, this item restores the REET funding to the major maintenance backlog, community center renovation, and zoo major maintenance projects.

## Adding 2023 Municipal Energy Efficiency Program funding

Expenditures \$189,750

This item accepts 2023 program funding to the departments spending the funds directly from the Citywide Resource Conservation program budget.

## Add REET for City Hall Park

Expenditures \$2,500,000

Through several budget actions, the Council altered this item by removing \$2.5 million in REET funding for this purpose, but adding \$1 million payroll tax and \$1 million General Fund in 2024. Refer to the Council Changes section below for more details. The proposed budget description follows:

Discussions continue with King County and community stakeholders to determine a long-term plan for City Hall Park. In 2023, SPR will collaborate with the County and relevant community organizations to develop and implement an interim activation plan, with a goal of ensuring that the park is safe and accessible for all. This item adds \$2.5M in REET to support safety improvements. Note the related item adding resources for an interim activation plan to the operating budget.

## Add REET for restroom improvements

Expenditures \$1,000,000

Due to a reduction in forecasted REET revenue, the Council altered this proposal in the adopted budget by eliminating this \$1 million in REET. Refer to the Council Changes section below for more details. The proposed budget description follows:

The proposed Cycle 2 of the Park District, building on baseline resources across several funds, invests in rehabilitating and rebuilding comfort stations and standalone restrooms in parks. This item adds \$1 million of REET funding to that effort, funding the rehabilitation of approximately 1 additional comfort station in 2023.

## Aquarium Debt Service Payment through Enhanced Facility Fee

Expenditures \$1,257,759

Revenues \$1,257,759

This item is related to the 2022 Stand Alone Legislation that increased the City's funding to the Seattle Aquarium Society (SEAS) for the construction of the aquarium expansion project, known as the "Ocean Pavilion" by \$20 million. The \$20 million was provided to SEAS through an Interfund Loan, to be refunded to the lending fund with 2023 LTGO

## Seattle Parks and Recreation

Bonds, which will be issued in early 2023. Included in the modified funding package was an amendment to the existing Operations and Management Agreement between SEAS and SPR, adding a new "Enhanced Facility (EF) Fee" to be paid by SEAS to SPR monthly. SPR will use the proceeds from the EF Fee to pay the annual debt service for the \$20 million of bonds to be issued in 2023. This item includes the budget authority necessary to make the debt service payment. The appropriation is fully backed by revenue from SEAS.

### Proposed Technical

#### **Fund Balancing Entries**

Revenues	\$(2,322,000)
----------	---------------

This is a technical item to record a fund balancing entry for the Park Fund and the Park District fund, which are primarily managed by this department, as well as the General Bond Interest Redemption Fund.

#### **Adjust debt service amounts**

Expenditures	\$(150,268)
--------------	-------------

This technical change adjusts debt service for various CIP Projects to align with the 2023-2028 budget cycle, MPD Spending Plan, and the updated debt service tables. This also creates a new CIP Project: "Debt Service: Park District." It also updates Aquarium related bonding to note that bonds were issues as tax-exempt rather than taxable.

#### **Budget neutral adjustments to project accounts**

Expenditures	\$718,064
Revenues	\$730,151

This budget neutral change adjusts expense and revenue budget within projects to correctly align budget and expenditures.

#### **Position Adjustments**

Expenditures	\$28,071
Revenues	\$28,071
Position Allocation	0.20

This technical change adjusts expense and revenue budgets within projects to correctly align the budgets and accounts with position reclassifications done outside of the previous budget process and/or APEX/SAM adjustments, and other technical position changes.

#### **Position transfer**

Expenditures	\$(106,931)
Revenues	\$(106,931)
Position Allocation	(1.00)

This item transfers a position from SPR to FAS, formalizing an existing employee-on-loan arrangement because the associated work better aligns with FAS than SPR.

#### **Use of BIRF in place of REET**

Expenditures	-
--------------	---

This item is a budget neutral change to utilize unprogrammed resources from the Bond Interest Redemption Fund

## Seattle Parks and Recreation

for eligible purposes in SPR's capital program, and releasing an equivalent amount of REET for other citywide priorities.

### Fort Lawton maintenance funding adjustment

Expenditures	\$(214,372)
--------------	-------------

SPR and Finance and Administrative Services (FAS) jointly operate a section of the Fort Lawton property at Discovery Park which the City leases from the U.S Army. This change request eliminates approximately \$215,000 in appropriation authority to reflect a technical change in how FAS will bill the department for the shared maintenance of Fort Lawton. Rather than direct billing the department, FAS will include the expense and corresponding appropriation in SPR's central cost allocations.

### Council

#### **Add \$3.7 million Seattle Park District Fund (2023) and \$6.7 million Seattle Park District Fund (2024) to SPR to align with the final Seattle Park District Six-Year Spending Plan adopted by the Park District Board**

Expenditures	\$3,686,907
Revenues	\$3,686,907
Position Allocation	3.00

The Mayor's Proposed Budget was built on the assumptions made in the Mayor's proposed Cycle 2 Park District financial plan. Prior to adopting the Cycle 2 financial plan, the Council (acting as Seattle Park District Board) increased Park District investments in a variety of SPR program areas; this Council Budget Action aligns the biennial budget with the adopted Cycle 2 financial plan by adding \$3.7 million Seattle Park District Fund in 2023 and \$6.7 million Seattle Park District Fund in 2024. This increased funding will support a variety of projects and programs, including:

- \$2 million in 2024 for design and construction of the Rainier Beach Skate Park.
- \$2 million in 2024 to strengthen the climate conscious buildings initiative.
- \$2 million in 2023 for planning for a significant improvement to Queen Anne Community Center, with the assumption of a bond issuance to finance the physical improvements later in Cycle 2.
- \$1 million in 2024 for improvements to Little Brook Park.
- \$900,000 in both 2023 and 2024 to retrofit at least 4 more comfort stations.
- \$637,000 in 2023 and \$662,000 in 2024 to increase tree planting and maintenance in developed parks.
- \$500,000 in 2023 and \$520,000 in 2024 to the Equitable Park Development Fund, including a proviso that up to \$3 million in equity fund spending in 2023 should focus on Marra Park and the Garfield Super Block (GSB), and, through a separate budget action, including a proviso that \$200,000 in 2023 should support community planning costs for the GSB project.
- \$252,000 in 2024 for installation of public art in Be'er Sheva Park.
- \$202,000 in both 2023 and 2024 to support a protected path along Lake Washington Blvd.
- \$200,000 in 2023 and \$208,000 in 2024 to increase activation in parks outside of the downtown core.
- \$200,000 in both 2023 and 2024 for planning related to three new off leash areas, with funding for construction of two of them planned later in Cycle 2.
- \$200,000 in 2023 to support planning for upgrades at Kubota Garden.
- \$50,000 in 2023 for the installation of buoys in Andrew's Bay.
- An adjusted approach to planning and implementing unreinforced masonry improvements; while the Mayor had proposed \$1.5 million in cash per year, adjusted for inflation, for this work, Council adopted a strategy that provides \$300,000 cash for planning and assessment in both 2023 and 2024, and assumes a bond issuance to finance the physical improvements later in Cycle 2.

#### **Change funding source for City Hall Park activation in 2023, and add \$1 million for 2024**

Expenditures	-
--------------	---

## Seattle Parks and Recreation

This Council Budget Action changes the 2023 funding source for City Hall Park activation from \$300,000 General Fund to \$300,000 payroll tax, from the Jump Start Economic Revitalization funding category. Consistent with the Mayor's proposed budget, these funds would be used to activate City Hall Park, including food trucks, concerts, arts activities, games, etc. Additionally, this budget action adds \$1 million of payroll tax in the JumpStart Fund in the Economic Revitalization funding category in 2024, to be used for capital improvements that assist in activating the park, including: a stage for music and other performances; stalls for displaying art, food, and other saleable items; sound and lighting improvements, etc.

### **Add funding for City Hall Park Activation**

Expenditures	\$1,000,000
--------------	-------------

This item adds \$1 million of one-time 2023 General Fund resources to SPR to support activation in City Hall Park. Activation could include food trucks, concerts, arts activities, games, and more.

### **Reduce proposed funding for decarbonizing SPR facilities by \$3.5 million**

Expenditures	\$(3,500,000)
--------------	---------------

This Council Budget Action reduced proposed funding for decarbonizing SPR facilities by \$3.5 million in 2023 of JumpStart Fund in the Green New Deal funding category of the payroll tax. This action was taken to better align the biennial budget with the recommendations of the Green New Deal Advisory Board. Through other budget actions, Council added \$1 million of payroll tax in the Green New Deal funding category to SPR for facility decarbonization in 2023; see the relevant change request below.

### **Add Green New Deal funding for facility decarbonization**

Expenditures	\$1,000,000
--------------	-------------

This item adds \$1 million in JumpStart payroll tax, from the Green New Deal funding category, to support decarbonization of SPR facilities. It included a proviso that these funds must support decarbonization of facilities that serve communities impacted by racial, economic, and environmental injustice.

### **Reduce proposed funding for non-labor supplies and costs related to the Unified Care Team**

Expenditures	\$(70,000)
--------------	------------

This Council Budget Action reduces proposed General Fund funding for non-labor supplies and costs related to the Unified Care Team by \$70,000 in 2023 and \$70,000 in 2024 in Seattle Parks and Recreation (SPR). Even with this reduction, the total annual proposed budget for non-labor costs in 2023 and 2024 is approximately \$2 million annually, leaving significant resources for UCT activities such as activation of parks, bio-clean contract costs, dump fees, purchase or rental of vehicles, supplies, and staff training.

### **Reduce proposed funding for the Americans with Disabilities Act (ADA) Compliance project**

Expenditures	-
--------------	---

This Council Budget Action reduced proposed REET funding by \$1.5 million in 2024 (one-time) in the Americans with Disabilities Act (ADA) Compliance capital project, to balance spending after a revised forecast reduced total projected REET revenues. Assuming REET revenues are available, funding would be restored to this project in 2025 (\$270,000) and 2026 (\$1.23 million).

### **Reduce proposed funding for the Community Center Rehabilitation & Development project**

Expenditures	-
--------------	---

## Seattle Parks and Recreation

This Council Budget Action reduces REET funding by \$2.8 million in 2024 in the Community Center Rehabilitation & Development capital project, to balance spending after a revised forecast reduced total projected REET revenues. Assuming REET revenues are available, \$1.4 million a year in funding would be restored to this project in 2025 and 2026.

### **Reduce proposed funding for the Major Maintenance and Asset Management CIP project by \$2.2 million REET in 2023 and \$3.6 million REET in 2024**

Expenditures	\$(2,202,727)
--------------	---------------

This Council Budget Action reduces REET funding for the Major Maintenance and Asset Management capital project by \$2.2 million in 2023 and \$3.6 million in 2024, to balance spending after a revised forecast reduced total projected REET revenues. Remaining funding in the Major Maintenance and Asset Management project totals \$23.9 million in 2023 and \$22.2 million in 2024.

### **Reduce proposed funding for the Play Area Renovations project**

Expenditures	-
--------------	---

This Council Budget Action reduces REET funding by \$322,000 in 2024 for the Play Area Renovations Capital Improvement Program capital project, to balance spending after a revised forecast reduced total projected REET revenues. Assuming REET II revenues are available, the Council intends that funding of \$322,000 would be restored to this project in 2025.

### **Reduce proposed funding for the Urban Forestry - Green Seattle Partnership project**

Expenditures	-
--------------	---

This Council Budget Action reduces proposed REET funding by \$500,000 in 2024 to the Urban Forestry - Green Seattle Partnership capital project, to balance spending after a revised forecast reduced total projected REET revenues. Remaining funding for this CIP project totals \$1.2 million in 2024.

### **Reduce REET funding for improvements at City Hall Park**

Expenditures	\$(2,500,000)
--------------	---------------

This Council Budget Action reduced proposed REET funding for capital improvements at City Hall Park by \$2.5 million in 2023. This action was taken subsequent to a reduction in forecasted REET revenues. Through other budget actions, Council added funding for similar purposes for other funding sources (\$1 million in 2023 from the General Fund, and \$1 million in 2024 from the payroll tax; see the relevant change requests in this section for more details).

## **Council Provisos**

### **Proviso \$200,000 of Seattle Park District Funding in 2023 to support community planning costs for the Garfield Super Block Project**

This Council Budget Action imposes a proviso on \$200,000 of Seattle Park District funding in 2023 to continue support of the community planning costs related to the Garfield Super Block Project. Funds will allow continued work by community project staff leading up to project construction. In addition, funding could be used for artist stipends, community outreach events, project fundraising, and project management. Of the appropriation in SPR's 2023 budget for the Equitable Park Development Fund (MC-PR-21002) project in the 2023-2028 Capital Improvement Program, \$200,000 is appropriated solely to support community planning costs for the Garfield Super Block Project and may be spent for no other purpose

# Seattle Parks and Recreation

## Proviso funding to prohibit the purchase of gas-powered leaf blowers

This Council Budget Action imposes a proviso on funding in SPR to prohibit the purchase of gas-powered leaf blowers, consistent with the intent of Resolution 32064. None of the money appropriated in the 2023 budget for Seattle Parks and Recreation's Maintenance & Repair Grounds Crews Budget Summary Level (SPR-PO-PR-12000) may be spent on the purchase of gas-powered leaf blowers.

## Proviso \$1 million in Green New Deal funding to support decarbonization of facilities that serve communities impacted by racial, economic, and environmental injustice

The Council Budget Action that added \$1 million in JumpStart payroll tax to SPR also imposed a proviso that those funds must be used to decarbonize facilities that serve communities impacted by racial, economic, and environmental injustice.

## Expenditure Overview

Appropriations	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
<b>SPR - BC-PR-10000 - 2008 Parks Levy</b>				
30010 - REET I Capital Fund	195	-	-	-

## Department Overview

Seattle Center is home to cultural and educational organizations, sports teams, festivals, community programs (including cultural and community celebrations), and entertainment facilities. Millions of people visit the 74-acre Seattle Center campus annually. Consistently rated as one of the City's top attractions, Seattle Center is a premier urban park whose purpose is to create exceptional events, experiences, and environments that delight and inspire the human spirit and build a stronger community.

The history of Seattle Center dates back to a time well before it existed as a City department in its current form. Before the 1850s, the land on which Seattle Center sits was a part of a Native American trail which was later occupied by the David Denny family and eventually donated to the City of Seattle. In 1927, the new Civic Auditorium, now Marion Oliver McCaw Hall, and Arena, now the newly rebuilt Opera Center, were constructed with funding from a levy and a contribution from a local business owner. In 1939, a large military Armory was constructed. In 1948, the Memorial Stadium was built, and the Memorial Wall honoring Seattle students killed in World War II was added in 1952. Finally, in 1962, the community pulled together these facilities and added new structures to host the Seattle World's Fair/Century 21 Exposition. At the conclusion of the fair, the City took ownership of most of the remaining facilities and campus grounds to create Seattle Center. Since its creation in 1963, Seattle Center has nurtured artistry and creativity by providing a home for and technical assistance to a wide variety of arts and cultural organizations. These organizations play a critical role in the arts and cultural landscape of the region.

Originally created for the World's Fair, the Coliseum, later called KeyArena, was operated by Seattle Center as a public assembly venue for sports and concert events. The aging facility needed updating and following an RFP process, the City selected Oak View Group (OVG)/Seattle Arena Company (ArenaCo) to renovate the Arena using private funding. The renovation was completed in 2021, and ArenaCo leases and operates the facility. The new building, now Climate Pledge Arena, is hosting the NHL's newest franchise, the Kraken, as well as the WNBA's Seattle Storm, along with a variety of concerts, family shows, and other events.

Seattle Center is financed by a combination of tax dollars from the City's General Fund and revenue earned from commercial operations. Major sources of commercial revenues include facility rentals, parking fees, long-term leases to for-profit and non-profit organizations, sponsorships, concession sales, and monorail fares.

Due to its reliance on commercial revenues, Seattle Center encounters many of the same market factors as other commercial businesses. Changing consumer preferences, fluctuating demand, and the many options customers have in terms of discretionary spending all influence the financial performance of Seattle Center. Seattle Center's situation is also unique in that it must meet the simultaneous financial challenges of competition with other facilities that host events, the presence on campus of long-term, non-profit tenants, and the need to balance its public and private event offerings.

### Budget Overview

As public health restrictions on gatherings and events began to be lifted in 2021, Seattle Center realized a gradual return to normal operations in 2022. Climate Pledge Arena opened in October 2021. Some of Seattle Center's largest revenue sources are events and parking, and with headlining concerts and long-awaited Kraken hockey games at the Arena, Seattle Center's revenues are close to what was anticipated in the 2022 Adopted Budget.

Despite this return to events, Seattle Center is still dealing with the long-term financial impacts of the pandemic. Seattle Center hosted fewer events in 2022 than it did in 2019, with fewer patrons attending those events. Seattle Center also provided rent relief for tenants for most of 2020 and 2021. The 2021 Adopted Budget included legislation that increased Seattle Center's interfund loan from \$5 million to \$18 million and extended the repayment period from 2026 to 2033.

While the ongoing reductions identified in the 2021 Adopted Budget and the increase in the interfund loan in 2021 addressed the known budget issues, the impacts of the pandemic on the department's ability to generate revenue continue. To avoid employee layoffs and further adverse reductions on revenue-generating programming that serves youth and families, the reductions in the 2023 Adopted and 2024 Endorsed budgets are limited to vacant positions and reductions that do not largely impact operations.

The 2023 Adopted and 2024 Endorsed budgets include reductions to the Seattle Center's operating fund's budget to align with revenues so that Seattle Center can work towards repayment of its interfund loan. In total, the Seattle Center's operating fund reductions represent a 4% reduction. These reductions include holding positions vacant for one to two years assuming the number of events and patrons will gradually return to the 2019 levels. In the 2023 Adopted and 2024 Endorsed budgets, one vacant administrative position that was funded by General Fund is removed from the budget on an ongoing basis.

The economic revitalization funding from the JumpStart Payroll Expense Tax will add workforce development and training programming for Bumbershoot's future BumberWorks program. Bumbershoot, the beloved Seattle music festival, will return to Seattle Center in 2023.

## Seattle Center

Starting in 2023, Seattle Center will be the department responsible for maintaining the Waterfront Park. They will partner with Friends of the Waterfront to maintain the facilities and property owned by the City within the Waterfront Park boundary.

Seattle Center's 2023 Capital Improvement Program (CIP) includes funding for the City's contribution to the Memorial Stadium Redevelopment project, which is being developed in partnership with Seattle Public Schools. The project will create connections across the Seattle Center campus that is currently disjointed and provide a facility that will accommodate large scale events, prioritizing the School District's uses first. The 2023 budget includes funding for project design and planning that will help further refine the design choices and the total project cost. In total, the project will be funded with up to \$40 million of Real Estate Excise Tax from the City. Lastly, Seattle Center's 2023 CIP includes funding for roof replacements and replacements of emergency generators. For more details on Seattle Center's capital projects, see the 2023-2028 CIP Overview.

### City Council Changes to the Proposed Budget

The Council made the following changes to the Proposed Budget:

- Reduced funding for the Memorial Stadium project and changed funding sources
- Reduced the Capital Improvement Project Budget to address the forecasted drop in Real Estate Excise Tax (REET) revenues

For additional information on the Council changes, see the Incremental Budget Changes section below.

## Description of Incremental Budget Changes

### Baseline

#### **Add General Fund to McCaw Hall Budget**

Expenditures	\$31,286
--------------	----------

This is a technical inflationary adjustment for McCaw Hall.

#### **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures	\$912,873
--------------	-----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### **Budget for Juneteenth and Indigenous Peoples Day Holidays**

Expenditures	\$62,005
--------------	----------

This item adjusts appropriations for certain departments to reflect increased personnel costs associated with two new City Holidays in 2022: Juneteenth and Indigenous Peoples Day.

#### **Citywide Adjustments for Standard Cost Changes**

Expenditures	\$632,868
--------------	-----------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### **Reverse One Time General Fund Support**

Expenditures	-
--------------	---

This item reverses one-time 2022 General Fund revenue support of \$1,200,000 to the Seattle Center Campus Fund. The one-time money added in 2022 was a short-term solution to the revenue problems that the Center Campus Fund experienced due to COVID-19.

### Proposed Operating

#### **Add Position for Memorial Stadium Project Management**

Position Allocation	1.00
---------------------	------

This item adds a sunseting position through 12/21/2025 that will work on the Memorial Stadium Project; they will coordinate across departments to ensure the project is on track.

## Seattle Center

### Economic Revitalization through Bumbershoot Workforce Development Program

Expenditures	\$100,000
--------------	-----------

This item provides funding for the relaunched Bumbershoot to implement a focused effort by providing workforce development and economic revitalization programming.

### Event Equipment Replacement Ongoing Budget Update

Expenditures	\$50,000
--------------	----------

This item funds ongoing needs for event equipment fund replacement This equipment ranges from tables and chairs to high tech sound and video equipment. All equipment must be replaced on a rotating basis, either due to wear and tear, or because the technology is obsolete.

### New Content Team Offset by 5G Customer Revenues

Expenditures	\$178,260
Revenues	\$178,260
Position Allocation	0.50

This item creates a small, dedicated technology and digital content workgroup, led by a Strategic Advisor of Technology and Digital Content, and supported by a digital systems analyst. Their duties would include, but not be limited to, management of Seattle Center's technology portfolio, strategic planning, budget administration, digital platform oversight (excluding social media), content creation, Seattle IT relationship management, data analytics, governance, and enterprise systems implementation. This item is funded by the Seattle Center Campus fund.

### Programmable Tree Lighting

Expenditures	\$100,000
Revenues	\$100,000

This ongoing item supports an annual programmable tree lighting program to create a festive and welcoming environment on the campus, provided in partnership with ArenaCo (Climate Pledge Arena). The funding will go toward overtime for stage labor costs that will be fully reimbursed by Climate Pledge Arena.

### Stage Maintenance and Parking System Costs

Expenditures	\$56,000
--------------	----------

This item adds \$33,000 to cover operating stage maintenance expenses for Washington Industrial Safety and Health Act (WISHA) and Occupational Safety and Health Administration (OSHA) certification, and \$23,000 for additional licensing fees for the new parking system (PARC).

### Waterfront Operations and Maintenance Transfer from Seattle Parks & Recreation

Expenditures	\$3,512,809
Revenues	\$3,512,809
Position Allocation	15.00

The Waterfront Operations and Maintenance Work that is proposed in the Municipal Parks District proposal will be functionally operating in Seattle Center. This item adds 15 FTE in 2023 and 10 FTE in 2024. The 2023 Adopted and 2024 Endorsed budgets include budget legislation to transfer the park rules enforcement to Seattle Center. Seattle Center will partner with Friends of Waterfront to operate and maintain the Waterfront on an ongoing basis.

## Seattle Center

### Accounting Vacant Position Temporary Budget Reduction

Expenditures \$(51,000)

This item partially unfunds an accounting position in the Seattle Center budget. The position remains in Seattle Center, but half of their time will be funded via direct charge to Waterfront (Parks District Fund).

### Other Labor Vacant Position Temporary Budget Reduction

Expenditures \$(297,000)

This item temporarily unfunds three vacant laborer positions. Due to the impacts of the pandemic, fewer events are happening at Seattle Center than there were in 2019. With reduced events and patrons, the department will be able to maintain the facilities and grounds with reduced staff until usage returns to 2019 levels. The positions' budget will be proposed to be restored in 2025.

### Part-Time Vacant Admin Position Reduction

Expenditures \$(153,000)

Position Allocation (0.50)

This item removes a currently vacant, regular part-time Strategic Advisor 3 and reduces the general fund budget for the position. The position reports to the Seattle Center director and responsible for negotiation and monitoring of contracts, preparation of legislation, and variety of other projects as assigned. Future tasks will be transferred to other executives.

### Stage Tech Lead Vacant Position Temporary Budget Reduction

Expenditures \$(120,000)

This item temporarily unfunds a Stage Tech Lead for 2023 and 2024. Due to the impacts of the pandemic, fewer events are happening at Seattle Center than there were in 2019. With reduced events and patrons, the department fewer staff working events until usage returns to 2019 levels. The position is currently vacant.

### Admissions Employee Position Temporary Budget Reduction

Expenditures \$(72,000)

This item temporarily unfunds one vacant admissions/guest services position in 2023 and 2024. This position works in a guest services capacity, performing admissions guard, door attendant, ushering, and other related functions. A portion of the work is performed for clients and is reimbursed. This position will be needed as events and patrons return to pre-pandemic levels.

### Janitor Vacant Position Temporary Budget Reduction

Expenditures \$(91,000)

This item temporarily unfunds one vacant janitor position. The positions' budget will be proposed to be restored in 2025. Due to the impacts of the pandemic, fewer events are happening at Seattle Center than there were in 2019. With fewer events and patrons, the department will be able to maintain cleanliness of the facilities with reduced staff until usage returns to 2019 levels.

## Seattle Center

### Temporary Reduction of Budget for Intermittent Staff

Expenditures \$(168,200)

This item unfunds intermittent staff salary and benefits. The reduction in the number of events at Seattle Center does not require the full funding of the 2022 Adopted intermittent staff budget.

### Campus Fund Revenue Update

Revenues \$2,433,306

This item updates the incremental budgeted revenue in the campus fund from 2022 Adopted to 2023 Adopted and 2024 Endorsed revenues. As the number of events and attendees at events continue to rise, the estimated revenue for the campus fund is expected to increase in 2023 and 2024.

### McCaw Hall Revenue Update

Revenues \$360,426

This item updates the incremental budgeted revenue in the McCaw fund from 2022 Adopted to 2023 Adopted and 2024 Endorsed.

### McCaw Hall Facility Fee Rate Increase

Revenues \$5,800

This item recognizes the additional revenue expected for McCaw Hall due to adopted budget legislation. The adopted legislation adjusts the minimum and maximum facility fee and facility surcharge ranges at McCaw Hall.

### McCaw Capital Reserve Contribution

Expenditures \$46,000

This item resumes the annual contribution to the McCaw Hall Capital Reserve Fund.

### McCaw Hall General Fund Contribution Increase

Expenditures \$4,392

This item increases the general fund contribution to McCaw Hall per contract.

## Proposed Capital

### Memorial Stadium Redevelopment

Expenditures \$5,000,000

The Council altered this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

This item adds design funds for the initial stages of the redevelopment of Memorial Stadium at Seattle Center. The City's investment will be part of a public-private partnership, including \$66.5 million from the Seattle Public Schools district (SPS) approved by Seattle voters in the BTA V levy last February, philanthropic contributions, and, potentially, private entity investments.

The school district secured the redevelopment funds in the Levy with a promise to replace the stadium with a new and safer facility. Without the City's participation in this project, the school district will build a new facility with their \$66.5 million that may not integrate as well with Seattle Center. This would be a lost generational opportunity to

## Seattle Center

create a world class facility that will benefit Seattle Center and our entire region; the investment may even attract professional women's soccer and men's rugby teams to use the new stadium as their home field.

### 2028 Capital Improvement Program Planning

Expenditures	-
--------------	---

This item establishes the 2028 costs of the ongoing Capital Improvement Program (CIP).

### Roof Repairs

Expenditures	\$1,800,000
--------------	-------------

This item adds Real Estate Excise Tax funding to repair roofs at Seattle Center. This funding will protect and extend the lifespans of Seattle Center's existing facilities, including the landmarked Northwest Rooms, McCaw Hall, Seattle Repertory Theater, and the Central Utility Plant.

### Additional Real Estate Excise Tax (REET) for Roof Repairs

Expenditures	\$949,000
--------------	-----------

This item adds Real Estate Excise Tax funding to repair roofs at Seattle Center. This funding will protect and extend the lifespans of Seattle Center's existing facilities, including the landmarked Northwest Rooms, McCaw Hall, Seattle Repertory Theater, and the Central Utility Plant.

### McCaw Hall Asset Preservation

Expenditures	-
--------------	---

Revenues	-
----------	---

This proposal resumes the annual contribution of \$327,000 of REET to the McCaw Hall Capital Reserve/Asset Preservation Fund.

## Proposed Technical

### Balancing Campus Revenues and Expenses

Expenditures	-
--------------	---

This technical item balances revenues to expenditures for General Fund and Campus Fund.

### Central Cost Distribution

Expenditures	-
--------------	---

This net-zero item distributes central costs to the correct projects where the costs will be incurred.

### Climate Pledge Arena Parking Revenue Share Transfer

Expenditures	\$606,645
--------------	-----------

This item adds expenditure authority to pay Climate Pledge Arena for incremental parking revenue. This arrangement is a contractual obligation.

## Seattle Center

### Interfund Loan Payment

Expenditures	\$505,688
--------------	-----------

This item adds appropriation authority for Seattle Center to pay the debt service for Seattle Center's interfund loan.

### Seattle Police Department Event Revenue Payment

Expenditures	\$100,000
Revenues	\$100,000

This technical item adds authority for expenditures for Center's campus events that have Seattle Police Department (SPD) event traffic related costs. Previously, the costs were paid by the client directly to SPD. Now, Center will directly charge the clients for these costs and pay SPD.

### Signage Debt Service True-Up

Expenditures	\$(2,451)
--------------	-----------

This item reduces authority in 2023 and increases authority in 2024 to pay for the debt service on a campus-wide signage package. The debt service will be funded by increased sponsorship revenues.

### Technical Capital Improvement Program Transfers

Expenditures	-
--------------	---

This item is a technical change to reallocate existing Capital Improvement Program budgets into specific capital projects during the year the projects are expected to need resources.

### Technical Update to Administrative Costs due to Waterfront Transfer

Expenditures	\$(178,048)
--------------	-------------

This item reduces the budget in the Seattle Center Campus fund due to expectation that a portion of Citywide Allocations will be charged to the Municipal Park District as administrative costs of maintaining the Waterfront.

### Debt Service Adjustment on McCaw Hall

Expenditures	\$(250)
--------------	---------

This technical item adjusts the debt service expenditure for McCaw Hall based on actuals.

### McCaw Labor Expenditure Adjustment

Expenditures	\$151,034
--------------	-----------

This technical item adjusts the McCaw Labor expenditures to match the anticipated costs of McCaw Hall labor.

### Adjust McCaw Hall Expenditures to Match McCaw Hall Revenues

Expenditures	\$51,790
--------------	----------

This technical item balances the McCaw Hall fund by matching revenues to expenditure budget.

# Seattle Center

## Council

### One-time General Fund Support for the Memorial Stadium Redevelopment Project

Expenditures \$300,000

This Council Budget Action adds \$300,000 of one-time General Fund in 2023 to the Seattle Center for the Memorial Stadium Redevelopment CIP project.

### Funding Swap for the Memorial Stadium Redevelopment Project

Expenditures \$(4,280,000)

Revenues -

This Council Budget Action (CBA) reduces funding for the Memorial Stadium Redevelopment project by \$4.3 million Real Estate Excise Tax I (REET I) in 2023 and \$4.3 million REET I in 2024 and adds additional \$10 million Limited Tax General Obligation (LTGO) Bond funding for the project in 2024. The net effects of this Council Budget Action and the CBA above is as follows:

- \$300,000 GF and \$720,000 REET I in 2023
- \$20 million LTGO bond proceeds in 2024.

### One-time Funding Reduction to the Capital Improvement Program Budget

Expenditures -

This Council Budget Action reduces funding by \$2 million Real Estate Excise Tax I (REET I) in 2024 from multiple Capital Improvement Program (CIP) projects in Seattle Center's (CEN) 2023 - 2028 CIP. The reductions are expected to have low to medium impacts on activities funded through the affected CIP projects.

# Seattle Public Library

Tom Fay, Chief Librarian

(206) 386-4636

<http://www.spl.org>

## Department Overview

Seattle Public Library (SPL), founded in 1891, includes the world-renowned Central Library, 26 neighborhood libraries, a robust "virtual library" available 24/7 through SPL's popular website and Mobile Services. While the Central Library supports library services for downtown residents and workers, it is also the hub for planning and developing system-wide programs and services and serves as the site for administration and support services. In addition, the Central Library provides critical computer and Wi-Fi access, access to a collection of roughly one million books and library materials, as well as community meeting rooms and an auditorium for cultural and educational programs. The 26 neighborhood libraries provide essential services such as library collections, computers and Wi-Fi access, meeting rooms and study rooms, along with programs close to where people live, go to school and work, and serve as neighborhood anchors for lifelong learning, civic engagement, and economic vitality.

SPL is governed by a five-member Library Board of Trustees, who are appointed by the Mayor and confirmed by the City Council. Board members are eligible to serve two five-year terms. The Revised Code of Washington (RCW 27.12.240) and the City Charter (Article XII, Section 5) grant the Board of Trustees "exclusive control of Library expenditures for Library purposes." The Library Board adopts an annual Operations Plan in December after the City Council approves SPL's budget appropriation.

## Budget Overview

The Seattle Public Library (SPL) is still recovering from the effects of the COVID-19 pandemic. By fall 2021, SPL reopened the Central Library and all library branches following systemwide closures at the beginning of the pandemic in spring 2020. However, per public health guidance, SPL continued with modified services through much of 2022. For example, SPL adjusted their services to meet patrons' needs in new and innovative ways, including continuing Curbside Pickup Service and/or book returns, offering virtual services and programming, providing access

## Seattle Public Library

to restrooms to help support the insecurely housed, installing self-service holds pick-up lockers to enhance access materials outside of branch operating hours, and increasing the number of Wi-Fi hotspots available to borrow by patrons.

Due to the significant modifications in SPL services in 2020, 2021, and 2022, SPL has budget savings (generally from vacant personnel positions) that it proposes to use along with other fund balances in 2023-2024 to support operations. In total, \$2,950,000 from current and prior year budgets will be used to support SPL operations in 2023, and \$1,700,000 in fund balances will be used to support SPL operations in 2024.

The 2023-2024 Adopted and Endorsed budgets include funding for two full-time Security Officers to increase patrols in high-need branches. This funding will allow the security team to help deter and deescalate adversarial situations and respond quickly to violent incidents, which have increased during the COVID-19 pandemic.

The budget also includes capital investments that will help the City realize its Green New Deal goals. These investments will help fund decarbonization and other efforts at certain library branches. Finally, the budget reflects technical budget changes due to inflation and sales tax increases, personnel reclassifications, and other citywide technical adjustments.

### City Council Changes to the Proposed Budget

The Council reduced funding for SPL capital investments. For additional information, see the Council Changes section of the Incremental Budget Changes Section below.

----------------------------------	--------------------	----------

<b>Total 2023 Adopted Budget</b>	<b>\$98,941,186</b>	<b>-</b>
----------------------------------	---------------------	----------

## Description of Incremental Budget Changes

### Baseline

#### Restore Operating Budget from COVID-19 Reduction

Revenues	\$700,000
----------	-----------

This baseline item restores General Fund resources for SPL operations to bring its operating budget back to pre-pandemic levels. The 2021 Adopted Budget included a \$5.8 million reduction in General Fund resources for the SPL budget, due to the pandemic's impact on General Fund revenues. The 2022 Adopted Budget restored \$5.1 million in General Fund resources, and SPL used \$700,000 in unspent resources in 2022 to support operations.

#### Removal of One-Time Library Authority

Expenditures	\$(533,188)
--------------	-------------

This item removes one-time authority associated with funding Wi-Fi hotspot devices (\$99,000) and repairs for window and minor structural damages resulting from vandalism (\$434,188).

#### Public Services Position Reclassifications

Expenditures	\$59,000
--------------	----------

This ongoing item increases salary appropriations for 27 positions that reflect union-negotiated reclassification from Library Assistant Managers to Branch Operations Managers. Reclassification will ensure that the work staff conduct in SPL locations is reflected in their job descriptions and their compensation.

#### Seattle Sales Tax Increase

Expenditures	\$16,000
--------------	----------

## Seattle Public Library

Sales taxes increased from 10.1% to 10.25% in 2021, which was related to the establishment of a Transportation Benefit District. This item will help maintain purchasing power of the Library's physical materials collection along with IT infrastructure, computing, and building maintenance as it relates to sales taxes.

### **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures	\$1,605,029
--------------	-------------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### **Citywide Adjustments for Standard Cost Changes**

Expenditures	\$258,900
--------------	-----------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

## **Proposed Operating**

### **Reduce General Fund Support to Reflect Use of Library Budget Savings**

Revenues	\$(2,950,000)
----------	---------------

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. Due to the COVID-19 pandemic, SPL has accumulated fund balances related to branch closures and staff vacancies. This item uses SPL fund balances for its operating budget on a one-time basis for the biennium, which reduces the need for General Fund support by the same amount. This includes continued use of \$700,000 in accumulated fund balances in both 2023 and 2024, and accumulated personnel savings due to vacancies of \$2,250,000 in 2023 and \$1,000,000 in 2024 to address General Fund shortfalls.

### **Add 2.0 FTE Security Officers**

Expenditures	\$244,500
--------------	-----------

This adds 2.0 FTE Security Officers to increase security patrols in 26 branch libraries. SPL has a total of 14 Security Officers who are deployed in two shifts, which results in five to seven Security Officers patrolling the 26 neighborhood branch libraries on any given day. This proposal will allow the security team to deploy additional Security Officers to high-need branches to help deter and deescalate adversarial situation and mitigate their impacts to staff and patrons.

### **One-Time Levy Operations Authority Related to Inflation**

Expenditures	\$208,000
--------------	-----------

This one-time additional budget authority from the 2019 Library Levy fund balance will cover the costs of higher-than-expected inflation on non-labor items funded by the levy. The baseline assumptions built into the levy factored in 4% for annual inflation, but actual inflation since 2021 has been much higher. This additional appropriation reflects a 2% additional increase for inflation on SPL's operating budget and will allow SPL to preserve their buying power to purchase goods, services, and materials like books for the collection, as promised in the levy.

# Seattle Public Library

## Proposed Capital

### **Library Branch Resilience Hubs**

Expenditures \$3,500,000

The Council altered this proposal in the 2023 Adopted Budget. Refer to the Council Changes section below. The proposed budget description follows:

The City's 2023 Adopted Budget spends approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds \$3.5 million backed by the payroll tax to SPL to help reduce its reliance on fossil fuels and mitigate greenhouse gas emissions by decarbonizing library branches through electrification and other measures. This request will help the city better achieve the goals of the Green New Deal for Seattle, which aims to invest in strategies that address the climate crisis and the disparate impacts of climate change on communities of color and the economically disadvantaged.

### **Electrification of Northeast and Southwest Branches**

Expenditures \$300,000

This is an allocation of Real Estate Excise Tax (REET) funding as directed by the Office of Sustainability and Environment to help fund the electrification and installation of air conditioning at the Northeast and Southwest branches. This funding is part the Municipal Energy Efficiency Program.

### **One-Time Levy CIP Authority Related to Inflation**

Expenditures \$572,000

This item allocates the existing levy fund balance from the 2019 Library Levy to cover the costs of higher-than-expected inflation. The baseline assumptions built into the levy factored in 4% for annual inflation. Since June 2021, inflation has increased at a much faster pace, particularly in construction. This additional appropriation reflects an 8% additional increase for inflation on SPL's CIP budget for 2023 and will allow SPL to preserve their buying power to purchase materials for the capital projects promised in the levy.

### **REET Incremental Adjustments 2023-2028**

Expenditures \$50,000

The Council altered this proposal in the 2024 Endorsed budget. Refer to the Council Changes section below. The proposed budget description follows:

This item allocates additional Real Estate Excise Tax (REET) funding to support SPL's Major Maintenance Capital Projects. Specifically, these funds will support the planning and design of the Columbia and University branch seismic retrofit projects, which will reduce the risk of injury and loss of life during an earthquake.

## Proposed Technical

### **Library Revenue Updates**

Revenues \$2,253,927

This item includes General Fund resources transferred from Finance General as well as SPL-generated revenues used for SPL operations. SPL-generated revenues are projected to slowly recover to pre-pandemic levels. SPL's enterprise revenues are expected to recover at different rates due to SPL's efforts as well as the continued impacts of the pandemic. For example, private event revenues are expected to experience the slowest recovery. The SPL-generated revenue portion of this item reflects installation of automated on-site garage operations and an increase in collection of levy property tax revenues and interest earnings.

# Seattle Public Library

## Align 2019 Library Levy Operations to Spending Plan

Expenditures \$390,873

This is a technical adjustment to bring the beginning balance for Fund 18200 into alignment with the Operations spending plan associated with the voter approved 2019 Library Levy.

## Align 2019 Library Levy CIP to Spending Plan

Expenditures \$(36,700)

This is a technical adjustment to bring the beginning balance for Fund 18200 into alignment with the Capital Improvement Program (CIP) spending plan associated with the voter approved 2019 Library Levy.

## Capital IT Budget Technical Adjustment

Expenditures -

This technical change corrects budget changes made during fiscal year 2022 to accurately reflect them as part of the 2023-2028 Adopted Capital Improvement Program.

## Fund Balancing

Revenues \$3,457,675

This is a technical item to record fund balancing entries for the Library Fund (10410), the 2012 Library Levy Fund (18100), and the 2019 Library Levy Fund (18200).

## Council

### Reduce Proposed REET funding in 2024 for Major Maintenance Projects

Expenditures -

The Real Estate Excise Tax (REET) revenue forecast from November 2022 for the City's 2023 Adopted and 2024 Endorsed budgets is insufficient to cover expected costs. This Council Budget Action reduces proposed funding for building upgrades within SPL's Major Maintenance Capital Projects in 2024 by \$320,000. Specifically, a reduction in REET funds will affect available resources to support the planning and design of the Columbia and University branch seismic retrofit projects. This REET reduction will help address the decreased revenues and support other Council priorities.

### Reduce Proposed Funding for Library Facility Decarbonization

Expenditures \$(2,500,000)

The City's 2023 Adopted Budget spends approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. Two Council Budget Actions reduce proposed one-time JumpStart Payroll Expense Tax funding to SPL for Green New Deal programs from \$3.5 million to \$1 million. The overall addition in the 2023 Adopted Budget of \$1 million in payroll tax revenues to SPL will help reduce SPL's reliance on fossil fuels and mitigate greenhouse gas emissions by decarbonizing library branches through electrification and other measures. This is a one-time add.

Funding for this item will be used to implement recommendations from the forthcoming Climate Resilience Hub Study -- originally funded by Council in September 2022 under Ordinance 126675. Through this study, which will be led by the Office of Sustainability and the Environment and is funded separately from this item, the City will engage with community to identify needs and placement of potential climate resilience hubs.

# Seattle Public Library

# Department of Education and Early Learning

Dwane Chappelle, Director

(206) 233-5118

[www.seattle.gov/education](http://www.seattle.gov/education)

## Department Overview

The mission of the Department of Education and Early Learning (DEEL) is to transform the lives of Seattle's children, youth, and families through strategic investments in education. DEEL lives its mission by investing in equitable education opportunities, high-quality learning environments, and student and family supports. DEEL investments contribute to four department results for all Seattleites: (1) families have access to affordable, quality childcare, (2) children are kindergarten ready, (3) students graduate high school college and career ready, (4) students attain a postsecondary degree, credential, or certificate.

DEEL investments span prenatal-to-postsecondary and weave together a continuum of supports for children, youth, and families that address educational opportunity gaps and disparities. By braiding and blending resources from the Families, Education, Preschool, and Promise (FEPP) Levy, the Sweetened Beverage Tax (SBT), the City's General Fund, and the Early Childhood Education and Assistance Program (ECEAP), DEEL stewards direct-service programs, contracts with community-based and institutional partners, and provides quality teaching and professional development supports to service providers.

DEEL builds linkages across the youth-service continuum, and partnership is at the core of all we do. DEEL's Child Care Assistance Program (CCAP) and the Seattle Preschool Program (SPP) are implemented by a network of community-based child care and early education providers including the Seattle Public School District. School Based Health Centers are implemented in partnership with Public Health Seattle—King County, Seattle Public School District, and community-based health care providers. Finally, the Seattle Promise Program is a collaboration between the City, the Seattle Colleges, and Seattle Public School District. Indeed, DEEL's approach to education investments depends on collective impact.

DEEL uses a results-based accountability framework and performance monitoring to track progress toward outcomes. DEEL also convenes an Oversight Committee to monitor and advise on FEPP Levy investments, as well as regularly attends and presents to the SBT Community Advisory Board.

# Department of Education and Early Learning

## Budget Overview

DEEL carries out its mission to support Seattle's children, youth, and families by leveraging its funding from various sources including: 1) the Families, Education, Preschool, and Promise (FEPP) Levy; 2) the City's General Fund; 3) Sweetened Beverage Tax (SBT) revenues; 4) JumpStart Payroll Expense Tax (payroll tax) revenues; 5) federal, state, and private grants; and 6) partnerships with other City departments and community-based organizations. DEEL's 2023 Adopted and 2024 Endorsed budgets includes funding for Early Learning, K-12, and Postsecondary programs, and Child Care worker compensation strategies.

The budget also allocates the entirety of a FEPP levy funding reserve toward Seattle Promise equity enhancements and K-12 culturally specific and responsive programming. Due to the COVID-19 pandemic, FEPP Levy spending in 2020 was about \$10 million less than planned, due to service disruptions as partner organizations pivoted from in-person services to hybrid and remote service provision models, leading to underspend. These resources were available for reallocation for purposes consistent with the FEPP Implementation and Evaluation plan adopted by Ordinance 1256041. In 2021, DEEL proposed and the FEPP Levy Oversight Committee (LOC) voted to support holding the \$10 million in a reserve to be used at a later date.

### Seattle Promise

The 2023 Adopted and 2024 Endorsed budgets allocate \$2 million in 2023 and \$3.7 million in 2024 in FEPP Levy reserves to maintain Seattle Promise universal access and address socio-economic and racial disparities in college persistence and completion. Funding will support ongoing and modified equity enhancements supported by the FEPP Levy and Federal CLFR funding in past school years. These enhancements will help Promise scholars by offering additional college preparation and persistence support for recent public high school graduates, particularly low-income students and Black, Indigenous, and People of Color (BIPOC) students, participating in the program. These funds, in addition to base FEPP Levy support, will address educational equity toward three key program outcomes: 1) student preparation for college-level coursework; 2) retention in college; and 3) completion of certificate, credential, degree or transfer to four-year institution.

### K-12 Investments

In 2022, DEEL used one-time funding to further invest in BIPOC and other underrepresented youth as recommended by the Equitable Communities Initiative (ECI) Task Force. The 2022 Adopted Budget also included one-time funding for community-based organizations to provide programming that provides targeted support for Black girls and young women, and Black queer and transgender youth, and mental health services in School-Based Health Centers; these investments were continued in the 2023 Adopted and 2024 Endorsed budgets. The 2023 Adopted and 2024 Endorsed budgets allocate \$2 million in FEPP Levy reserves in both 2023 and 2024 to build upon existing programs and pilots aimed at increasing access and achieving outcomes through culturally specific and responsive programming targeted for BIPOC K-12 and other underserved youth. This investment complements existing FEPP strategies in Opportunities and Access, Mentoring, Kingmakers, and Educator Diversity and integrates a focus on youth leadership, family support, and Black Girls / LGBTQ+ Youth Investments. Programming will be adapted based on learning and evaluation from rounds of investments in community-based organizations in 2022.

### Child Care

The COVID-19 pandemic has highlighted challenges in the child care system, including affordability and access for families. The onset of COVID-19, with new guidelines for health, safety, and class ratios has increased the burden of providers to operate safely while maintain financial solvency. There has been recognition at the national, regional and local level that the child care sector is both crucial to keeping our economy functioning during COVID-19 and particularly financially vulnerable.

There are significant investments being made in child care at the state, regional, and local levels of government. Some of the investments include funding for child care facilities, provider stabilization grants, and expanded eligibility for the State's Working Connections Child Care (WCCC) program. In addition, the recently renewed King

## Department of Education and Early Learning

County Best Starts for Kids Levy includes funding for a new County-wide child care subsidy program which began in winter 2022. The 2023 Adopted and 2024 Endorsed budgets continue to fund child care subsidies but also reflects achieved budget savings due to more families being served by other government support.

The 2023 Adopted and 2024 Endorsed budgets also allocates \$5.3 million in payroll tax revenues toward one-time hiring and retention bonuses for child care workers who work in a licensed facility in the city. This proposal continues the City's efforts to support such a critical labor force during the COVID-19 pandemic, including three rounds of funding DEEL has provided to child care providers and workers in 2021 and 2022.

### City Council Changes to the Proposed Budget

The Council added one-time funding to expand mental health services for K-12 youth, including those available in School-Based Health Centers. For additional information, see the Council Changes section of the Incremental Budget Changes Section below.

## Description of Incremental Budget Changes

### Baseline

#### Restore General Fund Support for ParentChild+ Program and Related Labor Costs

Expenditures \$2,075,838

This item restores General Fund support to DEEL's Early Education ParentChild+ program and related Birth to 12 labor costs. Due to the economic impacts of the COVID-19 pandemic and the resulting decline in General Fund revenues, these programs were temporarily funded in 2021 and 2022 by the 2011 Families & Education Levy

#### Remove 2022 One-Time Adds

Expenditures \$(9,611,641)  
Revenues \$1,540,042

This is a technical change to remove one-time budget adds from the baseline budget. The adjustments include removing JumpStart Payroll Expense Tax-funded child care stabilization grants, the one-time shift of Seattle Promise Program funding from the Coronavirus Local Fiscal Recovery Fund to the Families, Education, Preschool and Promise (FEPP) Levy, and FEPP Levy revenue fund balancing. This also removes one-time CLFR funding that was erroneously coded as ongoing in the 2022 Adopted Budget.

#### Align Budget to Central Cost Manual

Expenditures -

This is a technical change to align the 2023 baseline budget to the 2022 adopted central cost manual.

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$372,136

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget

# Department of Education and Early Learning

process.

## **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures \$136,339

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

## **Proposed Operating**

### **Child Care Hiring or Retention Bonuses**

Expenditures \$5,300,000

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds one-time \$5.3 million backed by payroll tax to DEEL to support hiring or retention bonuses for child care workers who work in a licensed childcare facility in the city. These funds will be used to support a critical industry whose wages are in the bottom 3% of the state's occupational groups. Providing accessible, affordable child care is a stabilizing force from which our economy can recover. Hiring bonuses could encourage growth in the industry, which is experiencing a significant labor shortage. A portion of these funds (up to 15%) will be used to administer these bonuses to workers.

### **Sustain Seattle Promise Programming and Equity Enhancements**

Expenditures \$2,000,000

This item allocates funding held in Families, Education, Preschool and Promise (FEPP) levy reserve to sustain equity enhancements for the Seattle Promise program supported by the federal Coronavirus Local Fiscal Recovery (CLFR) in 2021 and the FEPP levy in 2022. These enhancements include items such as: continuing to fund enhanced equity scholarships for eligible students, allowing students impacted by the COVID-19 pandemic up to one year of additional program support, lowering staff to student ratios for enhanced academic support, and increasing the amount of overall tuition funding available to sustain higher-than-projected program enrollment. This funding included in the 2023 Adopted and 2024 Endorsed budgets will continue those enhancements during the 2023-2024 and 2024-2025 school years.

### **Expansion of K-12 Culturally Specific and Responsive Programming**

Expenditures \$2,164,357

This item allocates \$2 million in Families, Education, Preschool and Promise (FEPP) levy reserve and additional FEPP levy funds to expand K-12 culturally specific and responsive programming (CSR) and to continue funding for a 1.0 FTE K-12 CSR program position added in the 2022 Adopted Budget. The FEPP levy's K-12 CSR investment area currently focuses programming on Black and African American young men. This item will allow DEEL to build upon this existing focus to continue programming and pilots aimed at increasing access and achieving outcomes through CSR programming for BIPOC and other underrepresented K-12 youth. This funding included in the 2023 Adopted and 2024 Endorsed budgets will continue these investments through the 2023-2024 and 2024-2025 school years.

### **Data Analyst for K-12 Culturally Specific and Responsive Programming**

Expenditures \$164,357

This item allocates Families, Education, Preschool and Promise (FEPP) funds to continue funding a 1.0 FTE data analyst position supporting DEEL's K-12 culturally specific and responsive programming (CSR). This position was

## Department of Education and Early Learning

added in the 2022 Adopted Budget and was supported by one-time funding.

### Contract Inflation

Expenditures	\$228,889
--------------	-----------

This is a technical baseline change to include an inflationary adjustment on General Fund and Sweetened Beverage Tax contracts.

### General Fund Reduction - CCAP Program Savings

Expenditures	\$(400,000)
--------------	-------------

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item uses projected budget savings in DEEL's Child Care Assistance Program (CCAP) to help mitigate the General Fund shortfall. CCAP's baseline budget across all funds is approximately \$7.7 million, and this item represents about 7% reduction to its budget in 2023 and a 3% reduction in 2024. CCAP aims to provide lower income families with access to affordable childcare for kids 0 - 12. Due to eligibility changes in 2022 for the state-funded childcare subsidy program, Working Connections Child Care (WCCC), many CCAP families are now covered by WCCC and have transitioned to receiving WCCC subsidies in lieu of CCAP. This has led to projected underspend in the CCAP program, which is expected to continue but at a declining rate as cost increases are anticipated to offset some of the budget savings in future years.

### Sweetened Beverage Tax Revenue Reduction - CCAP Professional Development

Expenditures	\$(273,198)
--------------	-------------

Sweetened Beverage Tax (SBT) revenues have not recovered from COVID declines as quickly as originally forecast and are now projected to be approximately \$800,000 lower annually through 2026. Consequently, departments receiving this revenue reviewed their operating budgets for reductions that would not impact direct services and benefits for individuals in need. In line with recommendations from the SBT Community Advisory Board, this item reduces appropriations from SBT for DEEL's Child Care Assistance Program (CCAP), specifically reducing the amount of funding available to offer professional development for CCAP providers. CCAP's baseline budget from all funds is approximately \$7.7 million, and this item represents about a 4% reduction to this budget. CCAP aims to provide lower income families with access to affordable childcare for kids 0 – 12, and provides support to participating providers.

## Proposed Technical

### Early Learning FEPP Levy Spending Plan Alignment

Expenditures	\$3,335,114
Revenues	\$100,000
Position Allocation	2.00

This is a technical change to align the budget with the Families, Education, Preschool and Promise Levy Implementation & Evaluation Plan. The plan includes a 7-year program budget summary and is based on cost model projections that include non-labor inflation, labor cost changes and other programmatic changes.

### K-12 FEPP Levy Spending Plan Alignment

Expenditures	\$1,121,635
--------------	-------------

This is a technical change to align the budget with the Families, Education, Preschool and Promise Levy Implementation & Evaluation Plan. The plan includes a 7-year program budget summary and is based on cost model

## Department of Education and Early Learning

projections that include non-labor inflation, labor cost changes and other programmatic changes.

### Post-Secondary FEPP Levy Spending Plan Alignment

Expenditures	\$168,016
--------------	-----------

This is a technical change to align the budget with the Families, Education, Preschool and Promise Levy Implementation & Evaluation Plan. The plan includes a 7-year program budget summary and is based on cost model projections that include non-labor inflation, labor cost changes and other programmatic changes.

### Leadership & Administration FEPP Levy Spending Plan Alignment

Expenditures	\$295,175
--------------	-----------

This is a technical change to align the Leadership & Administration budget with the Families, Education, Preschool and Promise Levy Implementation & Evaluation Plan. The plan includes a 7-year program budget summary and is based on cost model projections that include non-labor inflation, labor cost changes and other programmatic changes

### Appropriation for 2022 Q2 Supplemental Policy Position

Expenditures	\$170,126
Position Allocation	1.00

This is a technical adjustment to continue funding for a 1.0 FTE position on DEEL's policy team. This position was added in the 2022 mid-year supplemental budget.

### FEPP Levy Revenues

Revenues	\$3,990,019
----------	-------------

This is a technical adjustment to align FEPP Levy revenues with expenditures.

### Fund Balancing

Revenues	\$(300,000)
----------	-------------

This is a technical item to record fund balancing entries for the 2011 Families and Education Levy (17857) and the Seattle Preschool Levy Fund (17861).

### General Fund Revenue Adjustment

Revenues	\$(63,972)
----------	------------

This is a technical adjustment to capture centrally-projected and forecast General Fund revenue increments for this department.

## Council

### Expand Mental Health Services in School-Based Health Centers

Expenditures	\$1,000,000
--------------	-------------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds. This item adds \$1 million backed by payroll tax in both 2023 and 2024 to DEEL to expand mental health services available in School-Based Health Centers (SBHCs). The CBA indicates that this is a one-time investment for 2023 and 2024 only. The City currently funds mental health services in schools through its Families,

## Department of Education and Early Learning

Education, Preschool, and Promise (FEPP) Levy investments in SBHCs, which are managed through a contract with Public Health - Seattle & King County. The 2022 Adopted Budget included \$500,000 to expand mental health services in SBHCs and that funding is continued in the 2023 Adopted and 2024 Endorsed budgets. In total from all fund sources, the budget includes an additional \$4 million specifically for K-12 mental health services in 2023 and 2024.

This action is permitted by Ordinance 126719, which the City Council adopted as part of the 2023 Adopted and 2024 Endorsed budgets to provide, on a one-time basis for two years, temporary flexibility to spend \$2.8 million backed by payroll tax on uses determined by the City Council to be not fully aligned with the policy intent or in conflict with permitted uses as described in Ordinance 126393 and Resolution 31957.

### Expand Mental Health Services for K-12 Students

Expenditures \$500,000

This Council Budget Action (CBA) adds \$500,000 Families, Education, Preschool, and Promise (FEPP) Levy Funds in both 2023 and 2024 to expand mental health services available for K-12 students. The CBA indicates that this is a one-time investment for 2023 and 2024 only. These funds can be used to expand on the existing mental health services for K-12 youth that the City funds, through School-Based Health Centers (SBHCs) and community-based organizations. SBHCs provide comprehensive medical and mental health services to youth in schools and are funded primarily by the FEPP levy with additional General Fund support. The FEPP levy also funds culturally specific and responsive programming and mentorship opportunities for K-12 students, targeted specifically for Black, Indigenous, People of Color (BIPOC) youth, which are generally offered through community-based organizations. These strategies offer non-clinical mental health supports for youth which are culturally responsive, localized to their communities, and directly informed by youth and family needs. In total from all fund sources, the budget includes an additional \$4 million specifically for K-12 mental health services in 2023 and 2024.

### Fund Balancing Adjustment

Revenues \$500,000

This is a technical item to record a fund balancing entry for the Families, Education, Preschool, and Promise Levy (17871). This entry is necessary to balance funds following changes made during the Council phase of the budget process.

### Council Provisos

#### Proviso \$250,000 in DEEL to expand mental health services at Ingraham High School

"Of the appropriations in the Department of Education and Early Learning's 2023 budget for the K-12 Programs Budget Summary Level (DEEL-BO-EE-IL200), \$250,000 is appropriated solely to expand mental health services available at Ingraham High School and may be spent for no other purpose."

## Expenditure Overview

# Human Services Department

Tanya Kim, Acting Director

(206) 386-1001

<http://www.seattle.gov/humanservices/>

## Department Overview

The mission of the Human Services Department (HSD) is to connect people with resources and solutions during times of need, so all Seattle residents can live, learn, work, and take part in strong and healthy communities. HSD contracts with more than 170 community-based human service providers and administers programs to ensure Seattle residents have food and shelter, job opportunities, access to health care, opportunities to gain social and economic independence and success, and many more of life's basic necessities. HSD also serves King County as the Area Agency on Aging. HSD is committed to working with the community to provide appropriate and culturally responsive services.

Through the lens of racial equity, HSD supports programs, initiatives, and policies that address six investment impact areas:

1. Preparing Youth for Success
2. Supporting Affordability and Livability
3. Addressing Homelessness
4. Promoting Public Health
5. Supporting Safe Communities
6. Promoting Healthy Aging

HSD's work is funded by a variety of revenue sources, including federal, state, and inter-local grants, as well as the City's General Fund, Sweetened Beverage Tax Fund, Short Term Rental tax revenues, and the Payroll Expense Tax Fund. External funding such as grants represent 26% of HSD's \$319 million 2023 Adopted Budget and 26% of HSD's \$319 million 2024 Endorsed Budget.

# Human Services Department

## Budget Overview

The 2023 Adopted and 2024 Endorsed budgets for the Human Services Department (HSD) are \$319.1 million and \$318.9 million respectively and prioritize investments for addressing homelessness and public safety. The 2023 Adopted and 2024 Endorsed budgets include investments to sustain and expand the City's shelter capacity, new investments for safe parking lots for people living in vehicles, and increased outreach support for people experiencing homelessness. The adopted budget continues public safety investments in the Seattle Community Safety Initiative and King County Regional Peacekeepers. These investments allow community-led organizations to develop and lead violence prevention initiatives.

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets is insufficient to cover expected costs. While the 2023 Adopted and 2024 Endorsed budget increases HSD's overall General Fund budget compared to the 2022 Adopted Budget, some General Fund reductions were identified to mitigate this shortfall in revenues.

The 2023 Adopted and 2024 Endorsed budgets for the Human Services Department include \$111.4 million in 2023 and \$114.8 in 2024 for addressing homelessness. Of this funding, approximately \$97 million will be transferred to the King County Regional Homelessness Authority (KCRHA) in 2023. The remaining \$14.5 million for addressing homelessness will support City managed homeless programs (\$12 million), contract oversight and administration (\$1.1 million), and City outreach support to connect unsheltered people sleeping in public spaces to shelter and housing (\$1.3 million). The 2023 Adopted and 2024 Endorsed budgets include \$5.7 million in 2023 and \$7 million in 2024 to sustain existing homelessness programs and services previously funded with one-time funding. The adopted budget includes \$10.3 million in new homelessness investments including \$2.4 million for new Tiny Home Villages, \$5.1 million for new safe parking lots, \$1 million for recreational vehicle parking and storage associated with non-congregate shelter, and \$1.9 million for unsheltered outreach and behavioral services.

HSD's Safe and Thriving Communities (STC) Division manages the department's investments in community safety and violence prevention programs. The 2023 Adopted and 2024 Endorsed budgets invests \$325,565 in each year for two victim advocates and one administrative specialist to the Crime Survivors Services Unit. The adopted budget continues a prior one-time \$1.4 million investment for re-entry programs for Black, Indigenous and People of Color communities. In addition, STC continues a prior one-time \$1.5 million investment in the King County Regional Peacekeepers Collective and \$4.3 million for Seattle Community Safety Initiative to maintain community safety capacity developed since STC's initial 2021 funding.

The adopted budget invests \$5 million in 2023 for the development of UW Rainier Valley Early Learning Campus to address the inequities caused by the lack of early learning opportunities. The learning campus will increase child and family access to high-quality care and education services, increase the number of early education teachers, and create additional childcare and education facilities.

The 2023 Adopted and 2024 Endorsed budgets include funding to support inflationary increases for HSD's service provider contracts in 2023 (\$14.4 million) and 2024 (\$27.5 million).

### City Council Changes to the Proposed Budget

The City Council added \$13.6 million and \$11.5 million to the 2023-2024 Proposed Budget respectively. The City Council changes and additions to the proposed budget focused on provider wages, homelessness services, promoting public health, community safety, and support for food and nutrition programs. A full list of Council Changes to the proposed budget is in the Council Changes section of this budget chapter.

## Description of Incremental Budget Changes

### Baseline

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$800,299

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

# Human Services Department

## Central Cost True Up

Expenditures	-
--------------	---

This item adjusts central cost totals to align with the Central Cost Manual.

## Citywide Adjustments for Standard Cost Changes

Expenditures	\$1,299,761
Revenues	\$255,134

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

## Correction to Error Missed in the 2022 Adopted Budget

Revenues	\$(150,000)
Position Allocation	-

This item corrects an error missed in the 2022 Adopted Budget which placed \$150,000 of budget and 1.5 FTEs for an older adult case management program in the wrong fund.

## One-time Items Removed from Baseline Budget

Expenditures	\$(49,757,958)
Position Allocation	(1.00)

This item removes one-time revenue and expenditure budget appropriated in the 2022 Adopted Budget from 2023-24 proposed base budget.

- \$26.5 million in Coronavirus Local Fiscal Recovery Funds: \$22.3 million for shelters and \$4.2 million for food and nutrition programs.
- \$20.5 million of General Fund, including \$980,000 for homelessness programs (safe lots, tiny house villages, and day center services), \$3.7 million in food and nutrition programs, \$6.9 million for public safety alternatives (community safety initiative, regional peacekeepers, crisis connections one-call), \$500,000 for behavioral health services, and \$2.15 million for community facilities.
- \$2.125 million from the Human Services Fund: \$1.125 for safe lots and tiny house villages, and \$1 million for childcare facilities.
- \$350,000 from the Payroll Expense Tax Fund for workforce development for youth experiencing homelessness.
- \$300,000 from the Unrestricted Cumulative Reserve Fund for community facilities.

## Provider Contract Inflation

Expenditures	\$7,286,048
--------------	-------------

This item provides a 4% inflationary increase to HSD's service provider contracts. The Seattle Municipal Code currently requires an annual inflationary adjustment based on the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W). For 2023, this calculation would have led to a 7.6% increase. Instead, the 2023 Proposed Budget anticipates passage of a companion Council Bill that caps inflation increases in 2023 and future years to 4% or CPI-W, whichever is lower. A cap set at this level is consistent with how the majority of the City's labor contracts are structured.

# Human Services Department

## Remove 2022 Sunset Positions

Position Allocation (5.00)

This item removes positions with 2022 sunset dates from the 2023-24 Proposed Budget.

## Proposed Operating

### Programing and Operations for Safe Lots

Expenditures \$3,375,000

This item provides \$3.4 million for programing and operations of 136 vehicle spaces in safe lots, 35 of which are anticipated to be started before the end of 2022. The 2022 Adopted Budget added \$225,000 in ongoing funding for safe lots. This additional funding will sustain the 35 spaces and fund operations for an estimated additional 101 new spaces.

### Start-up Funding for New Safe Parking Lots

Expenditures \$2,600,000

This item adds \$2.6 million to the City's 2023-24 Proposed Budget for the start-up and development cost of multiple new safe parking sites. The King County Regional Homelessness Authority expects this funding to support the development of up to seven safe parking sites, that with turnover would have the capacity to serve up to 195 vehicles per year.

### Develop and Operate 50 New THV Units

Expenditures \$2,390,000

This item adds one-time funding for the start-up and development of 50 new Tiny Home Village Units and adds ongoing funding for operations and services. Of the total, \$870,000 of funding is for start-up and development costs and the \$1,520,000 in ongoing funding is for annual operations and services.

### Add Homeless Outreach System Navigators

Expenditures \$979,733

Position Allocation 6.00

The Council altered this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

In order to continue to provide access to clean and safe parks and rights of way, the proposed budget includes new funding to operationalize a coordinated Unified Care Team/Clean Seattle pilot program. The initiative maintains increased levels of cleaning begun under the pandemic with one-time federal funding and enhances SPU services. Included in this pilot is funding for system navigators to connect unsheltered people sleeping in public spaces to shelter and housing. For additional information on this pilot, please see the Budget Overview. In HSD, the budget adds \$979,732 and 6.0 FTE to the four system navigators in HSD's base budget. The addition of 6.0 FTE will result in a total of 10 system navigators expanding City resources to connect unsheltered people sleeping in public spaces to shelter and housing.

### Unified Care Team Support

Expenditures \$300,053

Position Allocation 2.00

In order to continue to provide access to clean and safe parks and rights of way, the proposed budget includes new

## Human Services Department

funding to operationalize a coordinated Unified Care Team/Clean Seattle pilot program. The initiative maintains increased levels of cleaning begun under the pandemic with one-time federal funding and enhances SPU services. Included in this pilot is funding for system navigators to connect unsheltered people sleeping in public spaces to shelter and housing. For additional information on this pilot, please see the Budget Overview. In HSD, the budget provides \$300,053 and 2.0 FTE to provide project coordination and data analysis for the Unified Care Team.

### **Sustain Funding for the Lighthouse SODO Shelter in 2024**

Expenditures

-

The City and King County together have been funding 240 beds at the Lighthouse SODO Shelter on 6th Ave South during the pandemic. The City has one-time Coronavirus Local Recovery Funds dedicated for the shelter in 2023. This item provides \$4.7 million of ongoing funding in 2024 to continue the City's portion of funding for operations and services at the shelter.

### **Continue Funding for Southend Tiny House Village**

Expenditures

\$750,022

This item continues funding for services and operations for the Southend Tiny House Village (40 units) that opened on Martin Luther King Way South in Rainer Beach in 2022. In 2022, Southend was supported with one-time federal COVID relief funding. This item makes the investment on-going, funding is \$750,000 in 2023 and \$780,000 in 2024.

### **Sustain Camp Second Chance Tiny House Village**

Expenditures

\$498,000

This item adds \$498,000 to operate the 68 units at LIHI's Camp Second Chance Tiny House Village on Myers Way South in SW Seattle. These units were in part funded with one-time funding in the 2022 Adopted Budget. The King County Regional Homelessness Authority estimated the total cost to sustain the village to be \$1.2 million and believes they have \$702,000 in ongoing funding to support Camp Second Chance. The remaining amount needed based on the King County Regional Homelessness Authority's estimate is \$498,000.

### **One-Time Homelessness Continuum of Care Contract Inflation**

Expenditures

\$643,506

Continuum of Care contracts backed by Federal grant funding were previously held by the City and were transferred to King County and the King County Regional Homelessness Authority in 2021 and 2022. The City anticipates that the contracts still held by King County will be transferred to the King County Regional Homelessness Authority in 2023. This item supplements the 2023 grant award amount on a one-time basis to provide a 4% inflationary increase for McKinney grant and Continuum of Care contracts. Beginning in 2024, the King County Regional Homelessness Authority will be responsible for inflationary adjustments for grants they receive directly.

### **Maintain LEAD and CoLEAD Programing and Open New Tiny House Villages for CoLEAD Clients**

Expenditures

\$2,500,000

This item adds \$2.5 million to open Tiny House Villages for CoLEAD clients and continue funding both LEAD and CoLEAD services. LEAD remains an integral tool in diverting individuals in need of assistance and services from incarceration and CoLEAD connects individuals who are unsheltered with shelter. This item adds \$1.25 million in one-time funding for start-up costs and \$1.25 million in ongoing funding for operations and services.

# Human Services Department

## Seattle Community Safety Initiative

Expenditures \$4,318,786

This item continues the City's investment of \$4.3 million in 2023 and \$4.5 million in 2024 for the Seattle Community Safety Initiative (SCSI) contract held by Community Passageways. Previously, this item was funded through one-time funds, now this ongoing funding will continue investment that support regional and ongoing gun violence prevention. Community Passageways serves youth and young adults of color (ages 12-30) and their families from Black and Brown neighborhoods who live, go to school, or work in Southeast Seattle, Central District, and West Seattle.

## King County Regional Peacekeepers Collective

Expenditures \$1,500,000

This item continues the City's investment of \$1.5 million in the Public Health (PH) - Seattle & King County Regional Approach to Gun Violence Reduction- Regional Peacekeepers Collective (RPKC). This ongoing funding will support community-based organization-Community Passageways- to support restoration services for youth and families impacted by gun violence and referred to community-based care by King County's Hospital Based Intervention team at Harborview Medical Center. Maintaining this investment ensures that services continue without disruption and negative impact on affected community.

## Continued Funding for Re-Entry Programs for BIPOC Communities

Expenditures \$1,400,000

The City's 2023 Proposed Budget spends approximately \$294 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$33 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$1.4 million backed by payroll to HSD to continue funding for Re-Entry programs for BIPOC communities disproportionately impacted by incarceration. This funding will allow nine community-based organizations to continue serving BIPOC communities.

## Increase Capacity for the Crime Survivors Services Unit

Expenditures \$325,565

Position Allocation 3.00

This item adds ongoing funding of \$325,565 in 2023 and 2024 to increase victim advocacy staffing. 1.0 FTE Administrative Specialist II and 2.0 FTE Crime Victim Advocates will support services for survivors of sexual assault by increasing capacity to intake and manage cases. This will address the backlog in cases due by reducing staff caseloads and reducing the amount of time survivors spend navigating the criminal justice system.

## Victim Support Staff

Expenditures \$176,186

Position Allocation 1.00

This item adds ongoing funding of \$176,186 for 1.0 FTE Strategic Advisor II, this position will provide capacity to address current gap in victim support advocacy. The Strategic Advisor II will conduct a complete and comprehensive analysis of the business needs of the Safe and Thriving Communities and develop recommendations for process improvement.

# Human Services Department

## Case Conference Advisor

Expenditures	\$176,186
Position Allocation	1.00

This item adds ongoing funding of \$176,186 for 1.0 FTE Strategic Advisor II to manage neighborhood public safety case conferencing between the Mayor's Office, Seattle Police, LEAD/REACH, and community stakeholders. Case conferencing is a services-first approach to public safety by creating by-name lists of high-impact individuals by neighborhood and developing responsive care plans that directly connect the individual to appropriate resources to ultimately divert harm or criminal activity. This pilot is currently being piloted in two neighborhoods. This position supports the expansion across Seattle neighborhoods.

## Continue Senior Grants & Contracts Specialist Position

Expenditures	\$118,894
--------------	-----------

This item adds \$118,894 of ongoing funding for a Sr. Grants and Contracts Specialist. The position was funded with one-time funding in 2022. This role will allow a more balanced workload per contract specialist.

## Group Violence Intervention Technical Consultant

Expenditures	\$50,000
--------------	----------

This item adds \$50,000 in one-time funding to hire a consultant who will work on developing strategies for groups at highest risk for violence. Group violence intervention programming will focus on Seattle residents ages 18-40 who are at the highest risk of violence, with the goal of keeping individuals alive, safe, and out of prison.

## Equity Action Plan

Expenditures	\$250,000
--------------	-----------

The Council eliminated this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

This item funds the implementation of externally-focused racial equity initiatives to improve outcomes in safety, health, economic justice, and education for Seattle's historically underserved communities and community members. Programs will emphasize tangible direct-service activities (e.g, mentoring programs or job-skills training initiatives) with immediate impacts and demonstrable long-term benefits.

## Senior Meal Delivery

Expenditures	\$100,000
--------------	-----------

Senior meal delivery programs serve seniors who may not be served by in-person community dining programs. In 2022, lunch delivery and to-go meal programs for seniors was funded with one-time funding. This item adds \$100,000 in ongoing funding to continue these programs.

## Healthy Seattle Initiative Pilot

Expenditures	\$335,000
--------------	-----------

The Council eliminated this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

This item adds \$335,000 of one-time funding in 2023 and 2024 for the Healthy Seattle Initiative pilot program to improve access to quality care for the uninsured and underinsured, especially in BIPOC, immigrant and refugee, and

## Human Services Department

historically marginalized communities. The funding will expand the number of Community Health Workers who help individuals navigate the health care system, follow-through with visits to providers, and act upon providers' recommendations.

### Capital Funding for Seattle Indian Health Board Detox Facility

Expenditures	\$800,000
--------------	-----------

This item a one-time investment of \$800,000 for the Seattle Indian Health Board. The funding will support the building of a detox facility.

### Northwest Abortion Access

Expenditures	\$250,000
--------------	-----------

This item adds \$250,000 of ongoing appropriation to fund expanded access to reproductive healthcare by making an investment in the Northwest Abortion Assess Fund through the City's public health contract with King County, Public Health-Seattle & King County (PHSKC).

### Rise Above Capacity Building

Expenditures	\$200,000
--------------	-----------

This item adds \$200,000 in one-time funding to the Rise Above organization for capacity building. Rise Above delivers education, prevention skills and mentorship through programs tailored to the needs of Native youth. They work closely with tribes and partners, and build tailored education programs with basketball clinics at the center.

### Facility Funding for Rainier Valley Early Learning Campus

Expenditures	\$5,000,000
--------------	-------------

The City's 2023 Proposed Budget spends approximately \$294 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$33 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$5 million in one-time funding backed by payroll tax to support development of the UW Rainier Valley Early Learning Campus. The project is a joint investment with the State of Washington, King County, the Federal government, and philanthropy,

Once completed, the anticipated programs at the UW Rainier Valley Early Learning Campus will include:

- Childcare for infants and toddlers, Seattle Preschool Program classrooms for three- and four-year-olds, adult classrooms, indoor/outdoor play areas, kitchen, admin offices
- Family support services
- UW BA/MA degree programs in early learning with full scholarships
- Professional development for existing workers, mentorship programs, national training
- Paid internships for Franklin High students

### Continue Funding for Finance Staff

Expenditures	\$486,720
--------------	-----------

This item adds \$468,720 in ongoing funding for eight positions in HSD's central finance team. A 2021 consultant review recommended an increase in finance staff due to the department's increasing size and financial complexity. In 2022 these positions were funded in part with one-time funding. This action dedicates ongoing funding for the positions.

## Human Services Department

### **Continue Senior Finance Analyst Position to Support the Safe & Thriving Communities Division**

Expenditures	\$148,690
Position Allocation	1.00

This item continues \$148,690 of funding for a Senior Finance Analyst, 1 FTE, to support HSD's Safe & Thriving Communities Division. The position was added to support the division in mid-2021 and funded by one-time Community Safety Capacity Building budget in 2022.

### **Delay Sweetened Beverage Program Evaluation until 2025**

Expenditures	\$(100,000)
--------------	-------------

The General Fund revenue forecast for the City's 2023-24 Proposed Budget is insufficient to cover expected costs. Additionally, Sweetened Beverage Tax revenue has not recovered from COVID declines as quickly as originally forecast. General Fund reductions were identified to mitigate the shortfall in revenues and departments reviewed their operating budgets for reductions that would not impact direct services and benefits for individuals in need. This item reduces \$100,000 of budget for food program evaluation in 2023 and 2024 and uses the funding to sustain funding levels for the Food Lifeline contract. The budget for program evaluation would be restored in 2025.

### **Phase Implementation of Mobile Crisis Services Expansion**

Expenditures	\$(1,783,290)
--------------	---------------

Currently, there are three Mobile Crisis Teams (MCTs) across King County, which dispatch to a person in crisis at the request of first responders, Crisis Connections, and Designated Crisis Responders. The 2022 Adopted Budget added \$2.5 million to expand the program and add 2 MCTs, however due to an influx of funding from other sources and capacity constraints of the current behavioral health agencies this funding was unable to be spent in 2022. The City is working with King County to review current services and align on how to move forward using a phased approach. This item delays funding for the full implementation of the additional 2 Mobile Crisis Teams (MCTs) to 2025 and reduces City funding for MCTs by \$1,783,290 in 2023 and 2024.

### **Repurpose Public Awareness Campaign Funding for Meal Programs**

Expenditures	\$(250,000)
--------------	-------------

The General Fund revenue forecast for the City's 2023-24 Proposed Budget is insufficient to cover expected costs. Additionally, Sweetened Beverage Tax revenue has not recovered from COVID declines as quickly as originally forecast. General Fund reductions were identified to mitigate the shortfall in revenues and departments reviewed their operating budgets for reductions that would not impact direct services and benefits for individuals in need. This item reduces the Sweetened Beverage Tax public awareness campaign budget by \$250,000 and uses this funding to sustain funding levels for the Food Lifeline contract.

### **Sweetened Beverage Tax Reductions**

Expenditures	\$(190,000)
--------------	-------------

Sweetened Beverage Tax revenue has not recovered from COVID declines as quickly as originally forecast and is now projected to be approximately \$800,000 lower annually through 2026. Consequently, departments receiving this revenue reviewed their operating budgets for reductions that would not impact direct services and benefits for individuals in need. This item reduces the budget by \$190,000 in 2023 and \$90,000 in 2024. In 2023, there is a one-time additional \$100,000 reduction for program evaluation. In 2023 and 2024, there is an ongoing reduction for indirect and overhead costs of \$90,000.

# Human Services Department

## **Reduce Statewide Poverty Action Network Contract**

Expenditures \$(27,866)

The General Fund revenue forecast for the City's 2023-24 Proposed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by \$27,866, which eliminates funding for the Statewide Poverty Action Network contract.

## **Remove Unallocated Budget from Youth Violence Program Data System**

Expenditures \$(87,348)

Seattle Youth Violence Prevention Initiative (SYVPI) is a former HSD initiative that sunset in 2019. This item removes \$87,348 of funding from the Youth and Family Empowerment Division's budget not rolled over to HSD's 2019 Safety RFP and has been unallocated since 2019.

## **Reduce Funding for Tax Preparation Assistance**

Expenditures \$(100,192)

The Council eliminated this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

The General Fund revenue forecast for the City's 2023-24 Proposed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by \$100,192, which eliminates City funding for providing free tax preparation services. However, the program would not be eliminated in Seattle, as it has other funders.

## **Reduce Seattle Neighborhood Group Contract**

Expenditures \$(125,000)

The Council eliminated this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

The General Fund revenue forecast for the City's 2023-24 Proposed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item removes \$125,000 in 2023 and 2024, this will reduce certain crime prevention activities, but the organization will continue maintaining current crime prevention activities. The budget is intended to be restored in 2025.

## **Reduce Funding Addressing Anti-Asian Hate Crimes**

Expenditures \$(167,000)

The Council altered this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

The General Fund revenue forecast for the City's 2023-24 Proposed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by \$167,000, this work is being incorporated into anti-hate and crime prevention efforts within HSD.

## **Reduce Master Home Environmentalist Contract**

Expenditures \$(167,755)

The General Fund revenue forecast for the City's 2023-24 Proposed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by

## Human Services Department

\$167,755, which will remove funding for community strategies to improve indoor air quality and eliminate pollutants that can contribute to, or exacerbate, asthma and other health problems. This work is not core to HSD's mission and the program was underutilized.

### **Reduce Funding for the Preparing Youth and Young Adults for Success RFP**

Expenditures	\$(177,111)
--------------	-------------

The General Fund revenue forecast for the City's 2023-24 Proposed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by \$177,111, which will reduce funding for the Preparing Youth and Young Adults for Success RFP. The budget is intended to be restored in 2025.

### **Reduce Restorative Justice Funding**

Expenditures	\$(250,000)
--------------	-------------

The General Fund revenue forecast for the City's 2023-24 Proposed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by \$250,000 which will reduce services provided by restorative justice organizations.

## **Proposed Technical**

### **Fund Balancing Entry**

Revenues	\$3
----------	-----

This is a technical item to record a fund balancing entry for the 162000 Human Services Fund, which is primarily managed by this department.

### **General Fund & Sweetened Beverage Tax Operating Adjustment**

Expenditures	-
--------------	---

This item adjusts the General Fund and Sweetened Beverage Tax Fund budgets to align with 2023-24 funding allocation for labor and contracts.

### **Human Services Fund Funding Source ID Update**

Expenditures	-
Revenues	-

This item updates funding source IDs in HSD's budget to align with the revised naming convention.

### **Human Services Fund Operating Adjustment**

Expenditures	\$(50,686)
Revenues	\$(50,690)

This item adjusts the Human Services Fund budget to align with the 2023-24 funding allocation for labor and contracts.

# Human Services Department

## Human Services Fund Revenue Adjustment

Expenditures	\$952,821
Revenues	\$952,821

This item right sizes the City's 2023-24 Proposed Budget for grant revenue in the Human Services Fund.

## Realignment of Homelessness Budget

Expenditures	-
--------------	---

The 2022 Adopted Budget had funding in the budget program for the King County Regional Homelessness Authority that is not part of the City's contract with the entity. This item is a technical correction to the budget programs within the Addressing Homelessness Budget Summary Level to accurately reflect the anticipated amount of HSD's contract with the King County Regional Homelessness Authority.

## Continue Positions Supporting Aging & Disability Services Programs from a 2022 Supplemental budget

Position Allocation	7.50
---------------------	------

This item continues the 7 full-time FTEs and change of 1 part-time position to full-time in the Q3 changes to the 2022 budget. These positions support the implementation of expanded Medicaid Long Term Services & Supports contracts that provide support to Medicaid Case Management clients, ensure compliance with applicable fiscal regulations, increase staff knowledge of program requirements through training, and support Washington State DSHS data collection and reporting requirements. These positions will be funded by revenue from the TXIX grant revenue and other existing Aging & Disability Services revenue sources.

## Continue Title XIX Grant Revenue Increase Made in the 2022 Supplemental Budget

Expenditures	\$10,000,000
Revenues	\$10,000,000
Position Allocation	16.00

Continues the new Title XIX (Medicaid) funding appropriated in the Q2 changes to the 2022 budget. The funding was received through a rate increase (not an expansion of services) in state fiscal year 2023 to fund case management, nursing services and contract management services focused on King County low-income older adults and adults with disabilities throughout the county who face numerous individual and systemic challenges accessing long-term care support services, including home based care, nutritional support, behavioral health and other supportive services. This represents a historic 23% increase to long-term care Medicaid services in Washington State. The budget funds \$10M in SY23 and SFY24 which will add critical case management, contracting, planning and training support staff. This is a rate increase designed to reduce caseloads by hiring additional case management staff and increase contracting, planning and training by adding staff.

## Continue Adjustments Made in the 2022 Supplemental Budgets

Expenditures	\$294,025
Position Allocation	0.50

This item continues budget adjustments made in the 2022 supplemental budget. It transfers contract inflation for contracts moved from Addressing Homelessness BSL to the Safe and Thriving Communities BSL, it transfers the pre-filing diversion program from the Law Department to HSD per the 2022 Adopted Budget and transfers \$360,000 of appropriation for the Duwamish Tribe services budget from the Public Health BSL to the Supporting Affordability and Livability BSL.

# Human Services Department

## Council

### **One-time funding for recreational vehicle parking and storage associated, one-time funding for Let Everyone Advance with Dignity (LEAD) and CoLEAD programs, and one-time funding for mobile advocacy services**

Expenditures \$2,250,000

The City Council added one-time General Fund in 2023:

- \$1 million for parking and storage of recreational vehicles,
- \$1 million for LEAD and CoLEAD programs
- \$250,000 for mobile advocacy services with flexible financial assistance for survivors of gender-based violence.

### **Increase 2023 Service Provider Contract inflation from 4.0% to 7.6%, and impose proviso**

Expenditures \$7,136,599

The City Council added \$7.1 million General Fund in 2023 and \$7.1 million General Fund in 2024 for service provider contract inflation.

The 2023-2024 Proposed Budget provided a 4% inflationary increase to HSD's service provider contracts. This budget action increases the inflationary rate for service provider contracts to 7.6% in 2023, in line with the CPI-W inflationary rate for 2023 and Seattle Municipal Code subsection 03.20.060 that requires HSD inflate service provider contracts annually based on the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W).

### **Increase 2024 Service Provider Contract inflation from 4.0% to 6.7%**

Expenditures -

The City Council added \$5.6 million in General Fund in the 2024 Endorsed budget for service provider contract inflation. The 2024 increase is in addition to the 7.6% contract inflation provided in the 2023 Adopted and 2024 Endorsed Budgets.

The 2023-2024 Proposed Budget provided a 4% inflationary increase to HSD's service provider contracts. This budget action increases the inflationary rate for service provider contracts to 6.7% in 2024, in line with the forecasted CPI-W inflationary rate for 2024 and Seattle Municipal Code subsection 03.20.060 that requires HSD inflate service provider contracts annually based on the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W).

### **One-time funding for vehicle residency outreach and parking offense mitigation**

Expenditures \$107,600

The City Council added \$107,600 in one-time General Fund in 2023 to expand a program for vehicle resident outreach, parking offense mitigation and flexible financial assistance for vehicle residents. HSD will contract with King County Regional Homelessness Authority (KCRHA) to administer and manage these funds.

### **One-time funding for abortion access**

Expenditures \$1,250,000

The City Council added a one-time investment of \$1.25 million General Fund in 2023 for abortion access, bringing total funding for abortion access to \$1.5 million in 2023.

## Human Services Department

### **One-time funding to support existing tiny home villages and enhanced shelter**

Expenditures	\$2,779,778
--------------	-------------

The City Council added a one-time investment of \$2.8 million General Fund for maintenance costs and additional operational needs at eleven existing tiny home villages and one enhanced shelter (Lake Front) with a total of 483 units. These funds will support the repair and replacement of units, refurbishment of common areas and improvements to hygiene facilities, and staffing for case management, behavioral health support, and security. HSD will contract with King County Regional Homelessness Authority (KCRHA) to administer and manage these funds.

### **One-time funding to maintain homelessness services**

Expenditures	\$600,000
--------------	-----------

The City Council added a one-time investment of \$600,000 General Fund in 2023 to maintain homelessness services supported with one-time funding in 2022. The Human Services Department will contract with King County Regional Homelessness Authority (KCRHA) to administer and manage these funds.

### **One-time funding for dedicated phone line crisis prevention and intervention services for first responders**

Expenditures	\$237,500
--------------	-----------

This Council Budget Action adds \$238,000 on a one-time basis in 2023 and 2024 for a dedicated 24/7/365 phone line providing crisis prevention and intervention services to first responders (police, fire, emergency medical). This program connects patients with behavioral health needs, but do not require immediate medical attention, with more appropriate resources.

### **One-time funding for an emergency food fund**

Expenditures	\$650,000
--------------	-----------

The City Council added a one-time General Fund investment of \$650,000 in 2023 to establish an emergency food fund to support neighborhood-based, culturally informed food banks.

### **Free, fresh produce for the Central District Community**

Expenditures	\$200,000
--------------	-----------

The City Council added \$200,000 of ongoing General Fund to support a program that provides free, fresh produce to people in the Central District Community such as Clean Greens Farm and Market. The 2022 Adopted Budget included a one-time investment of \$100,000 to expand a fresh produce program serving the Central District that expires at the end of 2022.

### **Use proposed funding for Unified Care Team positions and increase funding for homelessness outreach, and impose proviso**

Expenditures	\$400,000
--------------	-----------

Position Allocation	(5.00)
---------------------	--------

The City Council reduced system navigator positions added in the 2023-2024 Proposed Budget from 6.0 FTE to 1 FTE and repurposed the associated \$811,976 in ongoing General Fund for homelessness outreach, outreach data support, and program coordination, provided by the King County Regional Homelessness Authority (KCRHA). The Council Budget Action adds \$400,000 ongoing General Fund for homelessness outreach and imposes two provisos.

## Human Services Department

### **One-time funding to support equitable post-COVID recovery and prosperity**

Expenditures \$200,000

The City Council added \$200,000 in one-time funding from the Payroll Expense Tax Fund to support the leadership of Black, Indigenous and Person of Color (BIPOC) organizations in the region's post-COVID recovery and prosperity. The 2022 Adopted Budget included \$300,000 one-time funding for this purpose.

### **Funding to support workforce development for youth experiencing homelessness**

Expenditures \$350,000

The 2022 Adopted Budget included \$350,000 of one-time funds to support two workforce development programs for youth experiencing homelessness. This Council Budget Action makes the investment ongoing with \$350,000 from the Payroll Expense Tax Fund to support workforce development programs for youth experiencing homelessness.

### **One-time funding for tax preparation assistance services for low-income individuals and families**

Expenditures \$100,000

The City Council added \$100,000 in one-time funding in 2023 for tax preparation assistance services for low-income individuals and families. The 2022 Adopted Budget included ongoing General Fund for tax preparation assistance and the 2023-2024 proposed budget reduced the budget by \$100,192 and eliminated City funding for free tax preparation services.

### **Increase funding for behavioral health outreach in the Chinatown/International District neighborhood**

Expenditures \$220,000

The City Council added \$220,000 in on-going General Fund to increase outreach in the Chinatown/International District (CID) neighborhood in support of the Neighborhood Safety Model. The Neighborhood Safety Model was developed by local organizations, neighborhood businesses, mutual aid societies, and local and State Government staff to deliver a coordinated response to public safety needs in the CID and Little Saigon. The model incorporates neighborhood liaisons, coordinated outreach, street ambassadors, and city coordination to provide a full suite of responses to improve public safety in the area. HSD will contract with King County Regional Homelessness Authority (KCRHA) to administer and manage these funds.

### **Correct an error that omitted contract inflation**

Expenditures \$68,000

The City Council added \$68,000 General Fund to the Human Services Department (HSD) in 2023 to correct an error related HSD's contract with the Downtown Emergency Service Center (DESC) Mobile Crisis Team (MCT).

### **Wage parity across crisis responders**

Expenditures \$101,000

The City Council added ongoing funding to increase support for the Human Services Department's contract with the Downtown Emergency Service Center (DESC) to provide wage parity across DESC's team of crisis responders.

### **Add funding Seattle Neighborhood Group Safe Communities Program**

Expenditures \$292,000

This action adds \$292,000 GF in HSD for 2023 and 2024 to provide funding to the Seattle Neighborhood Group's (SNG's) Safe Communities Program. This program performs Crime Prevention through Environmental Design

## Human Services Department

(CPTED) activities, plans crime prevention and public safety work, and conducts the Safe Rental Property Workshop series. To fund this this contract, for the City Council reduced funding for sworn officer salaries in the Seattle Police Department by \$292,000 GF in 2023 and 2024 on the assumption of salary savings due to position vacancies.

### **Eliminate funding for Equity Action Plan**

Expenditures \$(250,000)

The City Council eliminated proposed funding for the Equity Action Plan by reducing \$250,000 General Fund in 2023 and 2024 in the Human Services Department (HSD).

### **One-time funding increase for Public Defender Association for the Let Everyone Advance with Dignity (LEAD) and CoLEAD programs**

Expenditures \$2,000,000

The City Council added \$2.0 million General Fund (one-time) in 2023 and \$2.0 million General Fund (one-time) in 2024 to increase funding for the Public Defender Association (PDA) for the Let Everyone Advance with Dignity (LEAD) and CoLEAD programs.

### **Eliminate proposed funding for Group Violence Intervention technical assistance**

Expenditures \$(50,000)

This Council Budget Action eliminates proposed funding for a Group Violence Intervention (GVI) technical consultant by \$50,000 GF in 2023 (one-time) in the Human Services Department (HSD). The 2023-2024 Proposed Budget included funding of \$50,000 GF to contract with a GVI expert to provide technical assistance to HSD and to help HSD create a GVI pilot program.

### **Use funding from Seattle Neighborhood Group Safe Communities program to address anti-Asian hate crimes**

Expenditures -

This Council Budget Action adds \$167,000 General Fund in 2023 and 2024 to the Human Services Department (HSD) to restore ongoing funds for addressing anti-Asian hate crimes and reduces proposed funding for the Seattle Neighborhood Group (SNG) Safe Communities Program by \$167,000 in 2023 and 2024 in HSD.

### **Expand the scope of a gun-violence reduction program and impose a proviso**

Expenditures \$300,000

This Council Budget Action adds \$300,000 GF in 2023 (one-time) to the Human Services Department (HSD) to increase its current investment in a gun-violence reduction program that is housed in Public Health – Seattle & King County Public Health. The additional funding will enable RPKC to develop and implement a new gun-violence reduction program that employs the existing critical incident and hospital-based response model to provide intensive engagement and wrap-around life-affirming care and services targeted to men ages 25-40.

### **Add funding for therapeutic services for survivors of commercial sexual exploitation, domestic violence, and sexual assault and impose a proviso**

Expenditures \$200,000

This Council Budget Action adds \$200,000 GF (one-time) in 2023 to the Human Services Department (HSD) and impose a proviso on that funding for therapeutic services for survivors of commercial sexual exploitation, domestic violence, and sexual assault. Council has identified the "Safe, Healthy, Empowered" (S.H.E.) Clinic for this funding and requests that the HSD Director waive the requirements of Seattle Municipal Code subsection 3.20.050.B, as

## Human Services Department

authorized by subsection 3.20.050.C. This funding shall be prioritized for behavioral health, advocacy, and medical wrap-around services for women who have experienced sexual exploitation on Aurora Avenue N.

### **Eliminate proposed funding for Healthy Seattle Initiative**

Expenditures \$(335,000)

The City Council eliminated one-time General Fund of \$335,000 in 2023 and \$335,000 in 2024 for the Healthy Seattle Initiative included in the 2023-2024 Proposed Budget for Community Health Workers.

### **Eliminate proposed funding for SODO Shelter Expansion**

Expenditures \$(5,200,000)

The 2023-2024 Proposed Budget included \$5.2 million in 2023 and \$5.4 million in 2024 to expand the existing SODO shelter site in partnership with King County to provide high-acuity shelter and behavioral health services. King County is no longer moving forward with the expansion. The City Council reduced ongoing funding for the SODO Shelter Expansion by \$5.2 million General Fund in 2023 and \$5.4 million General Fund in 2024.

## **Council Provisos**

"Of the appropriation in the 2023 budget for the Human Services Department, \$7,136,599 is appropriated solely for use in accordance with SMC 03.20.060 for service provider contract inflation and may be spent for no other purpose."

"Of the appropriation in the Human Services Department's 2023 budget for the Addressing Homelessness Budget Summary Level (BO-HS-H3000), \$1,211,976 is appropriated solely for King County Regional Homelessness Authority (KCRHA) and its contracted partners to provide geographically-based outreach, which may include data support, program administration and coordination for geographically-based outreach. Furthermore, none of the money so appropriated may be spent until the Human Services Department and KCRHA execute an agreement that outlines and memorializes the specific roles that each party would be responsible for as part of the geographically-based outreach services, either through an MOU or as part of the 2023 Master Services Agreement. This plan must be submitted and approved by HSD no later than March 1, 2023. In the event HSD and KCRHA cannot come to an agreement by March 1, 2023, the appropriation shall remain within HSD, and the Executive and the Council will discuss next steps."

"Of the appropriation in the Human Services Department's 2023 budget for the Addressing Homelessness Budget Summary Level (BO-HS-H3000), \$816,444 is appropriated solely for HSD to conduct site needs assessments, convene on-site meetings to assign City services to support identified site needs, facilitate coordination between stakeholders, neighbors, service providers, and KCRHA, and provide final referrals to individuals remaining onsite in the event of a removal, and may be used for no other purpose."

"Of the appropriation in the 2023-2024 budget for the Human Services Department, \$300,000 is appropriated solely to support the development and implementation of a gun-violence reduction program that is targeted to men age 25-40 and may be spent for no other purpose."

"Of the appropriation in the 2023 budget for the Human Services Department, \$200,000 is appropriated solely for therapeutic services including behavioral health, advocacy, and medical wrap-around services for women who have experienced sexual exploitation on Aurora Avenue N. and may be spent for no other purpose. Council has identified the 'Safe, Healthy, Empowered' (S.H.E.) Clinic for this funding and requests that the Human Services Department Director waive the requirements of Seattle Municipal Code subsection 3.20.050.B, as authorized by subsection 3.20.050.C. Furthermore, none of the money so appropriated may be spent until authorized by future ordinance. Council anticipates that such authority will not be granted until the Human Services Department announces the recipients of the funding awarded through the 2022 gender based violence survivor services request for proposals."

*The following information summarizes the programs in Addressing Homelessness Budget Summary Level:*

# Human Services Department

## City-Managed Homelessness Programs

The purpose of the City-Managed Homelessness Programs Budget Program is to provide funding for homeless services and provider contracts managed directly by the City and not under the purview of the King County Regional Homelessness Authority.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
City-Managed Homelessness Programs	-	8,787,321	12,054,064	12,593,579
Full Time Equivalents Total	-	-	2.00	2.00

## Contract Oversight and Administration

The purpose of the Contract Oversight and Administration budget program is to fund staff responsible for managing contracts and outcomes with the City's homelessness providers, including the City's contract with the King County Regional Homelessness Authority.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Contract Oversight and Administration	-	883,555	1,135,165	1,205,077
Full Time Equivalents Total	33.25	3.00	3.00	3.00

## Homeless Outreach and Provider Ecosystem (HOPE) Team

The purpose of the HOPE team budget program is to provide funding for the City's work to conduct outreach to and mitigate the impacts of those living unsheltered.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Homeless Outreach and Provider Ecosystem (HOPE) Team	-	1,408,846	1,345,948	1,365,892
Full Time Equivalents Total	8.00	8.00	9.00	9.00

## Homelessness Prevention and Support

The purpose of the Homelessness Prevention and Support Program is to provide outreach and support services to homeless individuals and prevention programs which assist those at risk of homelessness so they remain housed. This budget program is no longer in use as of the 2021 Proposed Budget.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Homelessness Prevention and Support	-	-	-	-

## King County Regional Homelessness Authority

The purpose of the King County Regional Homelessness Authority budget program is to provide funding to support the operations and programs of organization responsible for supporting those experiencing homelessness in the Seattle/King County region.

## Human Services Department

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
King County Regional Homelessness Authority	112,631,988	109,391,725	96,890,157	99,667,772

### Navigation Team

The purpose of the Navigation Team program is to coordinate a response to unauthorized homeless encampments by referring individuals to safe sleeping programs and addressing the environmental issues in the encampment areas. This budget program is no longer in use as of the 2021 proposed budget.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Navigation Team	41,099	-	-	-

### Shelters & Housing

The purpose of the Shelters and Housing Program is to support homeless individuals in moving to permanent housing through temporary safe sleeping spaces and supportive housing programs. This budget program is no longer in use as of the 2021 Proposed Budget.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Shelters & Housing	-	-	-	-

### **HSD - BO-HS-H4000 - Supporting Safe Communities**

The purpose of the Supporting Safe Communities Budget Summary Level is to support programs that help reduce instances of individuals experiencing trauma, violence, and crisis.

Program Expenditures	2021	2022	2023	2024

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in Leadership and Administration Budget Summary Level:*

### Citywide Indirect Costs

The purpose of the Citywide Indirect Costs program is to fund internal services costs originating from outside of the department such as allocated costs from the Department of Finance and Administrative Services and Seattle Information Technology Department.

## Human Services Department

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Citywide Indirect Costs	12,480	-	-	-

### Departmental Indirect Costs

The purpose of the Departmental Indirect Costs program is to fund costs associated with management of the department. This may include personnel costs related to department leadership and administration or other administrative costs such as external rent and operating supplies or services.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Departmental Indirect Costs	14,396,722	15,961,017	16,586,834	16,735,646
Full Time Equivalents Total	59.50	75.00	78.00	78.00

### Divisional Indirect Costs

The purpose of the Divisional Indirect Costs Indirect program is to fund administrative costs generated by sub-departmental units such as costs related to divisional management or training. The Human Services Department budgets all divisional indirect costs within the direct service Budget Summary Level beginning in the 2019 budget.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Divisional Indirect Costs	20,936	-	-	-

### Paid Time Off

# Office for Civil Rights

Derrick Wheeler-Smith, Interim Director

(206) 684-4500

<http://www.seattle.gov/civilrights/>

## Department Overview

The Office for Civil Rights (OCR) envisions a city of liberated people where community historically impacted by racism, oppression, and colonization hold power and thrive. OCR's mission is to end structural racism through accountable community relationships and anti-racist organizing, policy development, and civil rights enforcement.

OCR works to achieve equity and advance opportunity in Seattle by:

- developing policies and promoting partnerships to achieve racial equity and social justice;
- enforcing City, state and federal antidiscrimination in housing, employment, public accommodations, and contracting, and civil rights laws such as all-gender restroom ordinance, ban on conversion therapy provided to minors ordinance, fair chance housing ordinance, and closed captioning ordinance using restorative justice methods, investigations, compliance, and settlement negotiations;
- conducting housing and employment testing based on protected classes;
- staffing the Seattle Human Rights Commission, Seattle Women's Commission, Seattle Lesbian, Gay, Bisexual, Transgender, and Queer Commission, and the Seattle Disability Commission;
- administering the Title VI program of the 1964 Civil Rights Act, which relates to physical access to governmental facilities, projects, and programs, and Title II complaints alleging discrimination on the basis of disability in the provision of services, activities, programs or benefits by the City;
- leading the City of Seattle's Participatory Budgeting process, where members of the public decide how to spend allocated public funding;
- offering free civil rights trainings and technical assistance to businesses and community groups on civil rights laws; and
- making available a wide array of civil rights information, including translations into other languages.

OCR leads the City's Race and Social Justice Initiative (RSJI). The core focus for RSJI is to eliminate institutional and structural racism. The RSJI strategy team's approach has 4 key areas: 1) convene anti-racist networks within City government to shift internal practices and develop core decision-making approaches that increase racial equity; 2) transform the internal culture of the City through accountable organizing that galvanizes racial equity and inclusion, fosters humanistic relationships, and supports belonging and wellbeing; 3) align city efforts with local community organizing to center those most affected by racism/historic injustices, increase institutional accountability, and strengthen civic efforts toward racially equitable outcomes; and 4) connect with key national and regional racial justice leaders to advance racial equity and social justice.

## Office for Civil Rights

### Budget Snapshot

	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
<b>Department Support</b>				
General Fund Support	6,333,535	7,764,185	7,910,594	7,962,483
<b>Total Operations</b>	<b>6,333,535</b>	<b>7,764,185</b>	<b>7,910,594</b>	<b>7,962,483</b>
<b>Total Appropriations</b>	<b>6,333,535</b>	<b>7,764,185</b>	<b>7,910,594</b>	<b>7,962,483</b>
Full-Time Equivalents Total*	35.50	38.50	38.50	38.50

\* FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here

### Budget Overview

The 2023 Adopted and 2024 Endorsed budgets increase the OCR budget by about 2% over the 2022 Adopted Budget to reflect increased labor costs as well as other central rate adjustments. These increases are partially offset, by a one-time reduction to hold a position vacant. The budget also makes technical adjustments to move budget to the appropriate budget program. For additional information on these changes, see the incremental budget changes section below.

#### City Council Changes to the Proposed Budget

The Council made no changes to the 2023-2024 Proposed Budget.

### Incremental Budget Changes

<b>Total Incremental Changes</b>	<b>\$146,410</b>	<b>-</b>
<b>Total 2023 Adopted Budget</b>	<b>\$7,910,594</b>	<b>38.50</b>

## Description of Incremental Budget Changes

### Baseline

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$171,855

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$134,838

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### Equal Employment Opportunity Commission Revenues

Revenues \$(11,540)

This item anticipates revenues from a workshare agreement between OCR and the Equal Employment Opportunity Commission (EEOC). EEOC pays OCR for civil rights employment investigation cases that are dual-filed with EEOC and OCR. The revenues are anticipated to be \$29,000, which is lower than the 2022 Adopted amount of \$40,540.

#### Technical Transfer from Policy Budget Program to Community Investments Program

Expenditures -

This budget neutral change transfers \$1 million in 2023 and \$1.08 million in 2024 in budget for community alternatives to incarceration and policing from OCR's Policy Budget Program to its Community Investments Budget Program.

#### Reverse One-time Domestic Violence Community Expert and Stakeholder Workgroup

Expenditures \$(120,000)

This item reverses one-time 2022 Council Budget Action (OCR-002-A-001) which funded creating and staffing a work group of community members and stakeholders to issue recommendations about alternatives to incarceration for individuals accused of misdemeanor domestic violence.

# Office for Civil Rights

## Proposed Operating

### **Appropriation for Position Reclassification**

Expenditures	\$51,731
Position Allocation	-

This item increases appropriation authority in OCR's Leadership and Administration Budget Summary Level. This request is necessary to support reclassification of a 1.0 FTE full-time Administrative Specialist III to a 1.0 FTE full-time Executive Assistant. This position will enhance the administrative capacity of OCR; an Executive Assistant can proactively audit existing operations, identify strategic changes, and implement solutions across the department.

### **Temporarily Unfund Title VI Coordinator**

Expenditures	\$(92,014)
--------------	------------

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the Civil Rights Enforcement Budget Program by temporarily unfunding 0.50 FTE Citywide Title VI Coordinator and delaying hiring this position until 2024. This position is currently vacant and has been since 2020. The City of Seattle has placed Title VI compliance and monitoring responsibility with OCR. As a recipient of federal financial assistance, the City must comply with all Federal and state laws, regulations and statutes relating to Title VI of the Civil Rights Act of 1964. OCR is responsible for implementing, complying, training, and monitoring all aspects of the citywide Title VI Plan and Federal requirements pertaining to Title VI. OCR's Civil Rights enforcement leadership team will continue to maintain this body of work, in addition to their required duties, to ensure that the City remains in compliance with the Title VI mandates.

## Proposed Technical

### **Technical Adjustment for Participatory Budgeting positions**

Position Allocation	-
---------------------	---

This is a technical adjustment to move three positions added from Ordinance 126360 in the 2022 Adopted Budget to support the participatory budgeting process from OCR's Policy Budget Program to OCR's Community Investments Budget Program. OCR's participatory budgeting process is budgeted within its Community Investments Budget Program. No budget is required for this technical change, as the ordinance fully funded the positions in 2021 through 2023. The budget continues to include \$27.25 million in Finance General reserves for participatory budgeting.

### **Central Revenue Budget Load**

Revenues	\$425,234
----------	-----------

This is a technical adjustment to capture centrally projected and forecast General Fund revenue increments for this department.

### Appropriations by Budget Summary Level and Program

#### OCR - BO-CR-X1R00 - Civil Rights

The purpose of the Civil Rights Budget Summary Level is to encourage and promote equal access and opportunity, diverse participation, and social and economic equity in Seattle. OCR works to eliminate discrimination in employment, housing, public accommodations, contracting, and lending in Seattle through enforcement, and policy and outreach activities. In addition, OCR is responsible for directing the Race and Social Justice Initiative, which leads other City departments to design and implement programs that help eliminate institutionalized racism.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>

# Seattle Department of Construction and Inspections

Nathan Torgelson, Director

(206) 684-8600

[www.seattle.gov/sdc](http://www.seattle.gov/sdc)

## Department Overview

The Seattle Department of Construction and Inspections (SDCI) administers City ordinances regulating building construction, the use of land, and housing. It supports key City priorities, including delivering essential City services and building safer, more just communities.

SDCI is responsible for developing and enforcing policies and codes related to public safety, environmental protection, land use, construction and rental housing, including:

- Economic Displacement Relocation Assistance (EDRA) program
- Environmentally Critical Areas Ordinance (ECA)
- Housing and Building Maintenance Code (HBMC)
- Just Cause Eviction Ordinance
- Rental Registration and Inspection Ordinance (RRIO)
- Seattle Building and Residential Codes
- Seattle Condominium and Cooperative Conversion Ordinances
- Seattle Electrical Code
- Seattle Energy Code
- Seattle Grading Code
- Seattle Land Use Code
- Seattle Mechanical Code
- Seattle Noise Ordinance
- Seattle Rental Agreement Regulation Ordinance
- Seattle Shoreline Master Program (SSMP)
- Seattle Tenant Relocation Assistance Ordinance (TRAO)
- Seattle Tree Protection Ordinance
- State Environmental Policy Act (SEPA)
- Stormwater Code
- Side Sewer Code
- Tree Service Provider Registry

SDCI reviews land use and construction-related permits, annually approving more than 53,000 permits and performing approximately 185,000 on-site and 20,000 virtual inspections. SDCI's work includes permit review and community involvement with Master Use Permits (MUPs); shoreline permits and design review; review and approval of permits for construction, mechanical systems, site development, elevators, electrical installation, boilers, furnaces, refrigeration, signs and billboards; field inspections for all construction and trade-related permits; annual maintenance inspections of boilers, elevators, and refrigeration equipment; and home seismic retrofits.

SDCI also enforces compliance with the codes and handles more than 40,000 contacts per year at the Code Compliance Complaint Center.

SDCI operations are funded by a variety of fees and General Fund resources. SDCI must demonstrate that its fees are set to recover no more than the cost of related services. To provide this accountability, SDCI uses cost accounting to measure the full cost of its programs. Each program is allocated a share of departmental administration and other overhead costs to calculate the revenue requirements of the program.

## Budget Overview

Despite lowered overall permitting volumes from record levels at the end of the 2010s, the City of Seattle continues to see a high volume of trade permits. Building development activity also remains stable; through August 2022, SDCI brought in \$2 billion in intake valuation and has issued permits totaling \$2.1 billion in project valuation. SDCI anticipates an additional \$1.2 billion in intake valuation for the rest of 2022.

The department continues to have a backlog of permits to process and inspections to perform; therefore, the 2023 Adopted and 2024 Endorsed budget makes the following investments to address permitting bottlenecks:

- Adds two civil engineers to increase permit review capacity, respond to increasing workloads, and facilitate succession planning.
- Creates an Information Technology Client Engagement Liaison to implement workplace productivity tools, troubleshoot minor IT permitting issues, and implement enhancements to the Accela permitting system.
- Adds a position to enhance the Continuous Improvement program and develop training for SDCI staff.
- Adds an administrator for the virtual applicant services center. This new center was implemented during the COVID-19 pandemic and has proven to be an effective and efficient way for applicants to submit and modify permit applications.
- Adds two new accounting staff positions to assist with increasing workloads and complexity of job duties.
- Extends 27 positions that were due to expire at the end of 2022 in order to maintain current staffing capacity.

Tree protection is an area of growing concern in the City, and SDCI is involved in multiple efforts to enhance tree protections while promoting building activity. Therefore, the budget increases a vacant half-time position to full-time; this staff member will work on tree protection as well as other areas of interest, including housing complaints, junk storage, land use, abatements, historic preservation, noise and environmental complaints.

The adopted budget also addresses building safety issues. It adds resources for SDCI to respond to complaints that buildings are not being built according to SDCI-approved plans and respond to concerns that structures are being built without a valid permit. The budget also adds staff to develop a future proposal that will require buildings with unreinforced masonry to be seismically retrofitted. The retrofits will decrease the chance that the buildings will collapse in a large earthquake and increase the chance that they can be safely occupied after a small or moderate earthquake.

Except for Code Compliance and Land Use Code Development, SDCI is primarily fee supported and its fees and charges are necessary to fund its permitting and inspections operations. Per state law and Seattle Municipal Code,

## Seattle Department of Construction and Inspections

all fees collected by SDCI for processing and inspecting permits are used for that purpose, and the fee structure is established accordingly. The 2023 Adopted Budget aligns Construction and Inspections Fund revenues with current revenue forecasts. The budget also adjusts revenues to align with adopted budget legislation (Ordinance 126709) that increases most fees by 9.16%, adds a technology fee, and reduces electrical, refrigeration and mechanical equipment fees; these changes are necessary to align permit fee revenues with expenses.

### City Council Changes to the Proposed Budget

The City Council modified the proposed budget in the following ways:

- The City Council added \$1 million of one-time General Fund support for rental assistance grants to households facing eviction. These grants will be administered through contracts with organizations that provide eviction prevention services.
- The City Council added \$450,000 of ongoing General Fund support for eviction legal services.

## Description of Incremental Budget Changes

### Baseline

#### Central Cost Manual Adjustment

Expenditures \$9,726

This item aligns SDCI's baseline budget for employee benefit costs.

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$3,182,673

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### Reversal of One-Time Items

Expenditures \$(4,918,433)

This item includes budget adjustments to eliminate one-time changes in the 2022 Adopted Budget, including reductions of \$2,868 in Land Use related to technology; \$81,472 in Inspection Services related to technology and vehicles; \$1,421,702 in Code Compliance related to consultants, technology and training; \$827,340 in Leadership and Administration related to technology and supplies; \$104,024 in Government Policy, Safety and Support related to Unreinforced Masonry (URM) Program Support; and \$2,481,027 in Process Improvements & Technology for technology. Of the total amount, \$1.5 million of the reduction is in the General Fund and \$3.4 million is in the Construction and Inspections Fund.

### Proposed Operating

#### Add Capacity for Tree Protection and other Inspections Work

Expenditures \$54,961

Position Allocation 0.50

The 2023 Adopted and 2024 Endorsed Budget adds ongoing General Fund budget and position authority to increase an existing half-time Housing/Zoning Inspector to full-time. This position will respond to the significant increase in

## Seattle Department of Construction and Inspections

workload seen by the Compliance Inspections group at SDCI. The new staff member will work on tree protection as well as other focus areas, including housing inspections, junk storage and abatement actions, historic preservation issues, and land use and environmental issues.

### Administrative Support for Construction-Related Complaints

Expenditures	-
Position Allocation	-

This budget-neutral action transfers ongoing budget and position authority for a Land Use Planner II from Land Use to Code Compliance. This position will be utilized as an Administrative Specialist III position. This staff person will support a team dedicated to a growing number of construction-related complaints, including building without permits and building not according to the plans approved by SDCI.

### Increase Permit Services Staffing

Expenditures	-
Position Allocation	2.00

This action adds ongoing position authority for two Senior Civil Engineers and transfers existing budget authority between accounts to cover position costs. These positions will join the Geotechnical Engineering Review Group and will address continuing review capacity issues, succession planning, and anticipated increases in workload for permit coaching in the Virtual Applicant Services Center.

### Create IT Client Engagement Liaison

Expenditures	-
Position Allocation	1.00

This action adds ongoing position authority for a Management Systems Analyst, Senior and transfers existing budget authority between accounts to cover position costs. This position is intended to be an Information Technology (IT) resource and liaison for SDCI staff. This FTE will develop workplace productivity tools, conduct and route intake requests, troubleshoot minor issues, implement enhancements, and initiate business process improvement opportunities for the SDCI and IT enterprise application teams.

### Continuous Improvement Staffing

Expenditures	-
Position Allocation	1.00

The 2023 Adopted and 2024 Endorsed Budget adds ongoing position authority for a Strategic Advisor 2, Information Technology and transfers existing budget authority between accounts to pay for position costs. This position is necessary to advance the ongoing commitment to a Continuous Improvement Program in SDCI and follow the recommendations of the 2016 Quality Project Report. The person filling this role will work with others to identify the root causes of qualitative problems and develop training and process improvement initiatives.

### Virtual Applicant Services Center Administrator

Expenditures	-
Position Allocation	1.00

This item adds ongoing position authority for a Management Systems Analyst, Supervisor and transfers existing budget authority between accounts to cover position costs; the position will support the continued management, expansion and improvement of SDCI's new Virtual Applicant Services Center (ASC).

# Seattle Department of Construction and Inspections

## Increase Accounting Team Staffing

Expenditures	-
Position Allocation	2.00

This budget change adds ongoing position authority for two Accounting Tech III positions and transfers existing budget authority between programs and accounts to pay for the associated costs. These positions are needed due to increasing workloads and complexity of tasks. One of these accountants will be assigned to Accounts Receivable (AR) and the other one will be assigned to Accounts Payable (AP).

## Extend Sunset Positions to December 31, 2025

Position Allocation	-
---------------------	---

This action extends the sunset date for 20 Land Use Services sunset positions and 7 Inspections Services positions from December 31, 2022 to December 31, 2025. This will maintain staffing capacity to support the volume and complexity of land use reviews and inspections; it also decreases review times and addresses bottlenecks. These positions are funded by permit fees and the associated costs are included in the baseline budget.

## Increase Unreinforced Masonry Program Staffing

Expenditures	-
Position Allocation	1.00

The 2023 Adopted and 2024 Endorsed Budget adds ongoing position authority for a Senior Structural Plans Engineer and transfers existing budget authority from consultant services (currently used for peer reviews) to pay for staffing costs. This position will support the policy recommendations provided by the Unreinforced Masonry (URM) Policy Committee. The Committee recommends that the City require URM building owners to seismically retrofit their buildings in order to decrease the likelihood they will collapse in a large earthquake and increase the chance they can be safely occupied after a small or moderate earthquake. This item is paid for by permit fees in SDCI's Construction and Inspections Fund.

## Fee Legislation Revenue Change

Revenues	\$5,825,369
----------	-------------

This action aligns revenues in SDCI's 2023 Adopted and 2024 Endorsed Budget with SDCI's fee ordinance that was adopted as budget legislation during November 2022. The fee ordinance (Ordinance 126709) revises a portion of SDCI's fees and charges beginning on January 1, 2023. The fee revisions include a compounded inflationary adjustment of 9.16% for most fees, which have not been adjusted for inflation since January 1, 2020. The fee ordinance also includes the creation of a technology fee, makes minor technical changes, and includes fee reductions for administrative electrical, refrigeration and mechanical equipment fees.

## Change Funding for Eviction Legal Defense

Expenditures	-
--------------	---

The General Fund revenue forecast for the City's 2023 Adopted Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the General Fund budget by \$455,985, which will result in a corresponding increase in Payroll Expense Tax - Housing and Services funding. The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax proceeds, of which \$137 million is allocated to investments in affordable housing and services, primarily for households between 0% and 30% of Area Median Income. The funding in SDCI supports contracts that provide legal defense for tenants facing eviction and other tenant services.

## Seattle Department of Construction and Inspections

This action is permitted by Ordinance 126719, which the City Council adopted as part of the 2023 Adopted and 2024 Endorsed Budgets to provide, on a one-time basis for two years, temporary flexibility to spend \$2.8 million backed by payroll tax on uses determined by the City Council to be not fully aligned with the policy intent or in conflict with permitted uses as described in Ordinance 126393 and Resolution 31957.

### Economic Displacement Relocation Ordinance Payments

Expenditures	\$50,000
Revenues	\$50,000

This budget-neutral item adds \$50,000 of ongoing General Fund appropriation to fund initial payments to tenants who qualify for relocation assistance under the Economic Displacement Relocation Assistance (EDRA) program. This new program was created via Ordinance 126451 and became effective July 1, 2022. SDCI funds the relocation payments to the tenants, then bills the property owner for reimbursement of any funds expended. Therefore, this item also includes the associated General Fund revenues.

### Eliminate Half-Time Code Compliance Position

Expenditures	\$(68,829)
Position Allocation	(0.50)

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This ongoing item reduces the budget by \$68,829, which will result in the abrogation of a vacant half-time Code Compliance Analyst position. This position was added in the 2022 Adopted Budget and was intended to support the Economic Displacement Relocation Assistance (EDRA) program. SDCI has been unable to fill the half-time position.

### Transfer Fleet Budget

Expenditures	-
--------------	---

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the General Fund budget by \$80,415, which will result in a corresponding appropriation increase in the Construction and Inspections Fund. This ongoing item shifts the allocated costs for fleets from Code Compliance and Inspections Services to Leadership and Administration. This change enables SDCI to centrally manage their fleet costs in the Divisional Indirect Costs program.

## Proposed Technical

### Construction and Inspections Fund Revenue Adjustments

Revenues	\$3,891,552
----------	-------------

This item adjusts Construction and Inspections Fund revenues to align with current revenue forecasts. This item does not include revenue changes associated with SDCI's proposed fee changes.

### Fund Balancing Entries

This is a technical item to record a fund balancing entry for the Move Seattle Levy Fund (10398), Transportation Fund (13000), Seattle Transportation Benefit District Fund (19900), Seattle Streetcar Operations Fund (10800), School Safety Traffic and Pedestrian Improvement Fund (18500), and West Seattle Bridge Bond Fund (36810) which are primarily managed by SDOT.

# Seattle Department of Construction and Inspections

## Funding Adjustment for Unreinforced Masonry Program Manager

Expenditures \$46,514

This item represents a shift in ongoing funding for the Unreinforced Masonry (URM) Program. The 2022 Adopted Budget included new funding for a position in the URM program. Of the total amount funded in 2022, \$46,514 of General Fund costs are shifting to ongoing Construction and Inspections Fund because the Program Manager's work is shifting from program development to program management. Because this shift was foreseen in the 2022 Adopted Budget, the General Fund reduction is included as a baseline adjustment within the reversal of one-time items category.

## Overhead Technical Adjustment

Expenditures \$(1)

This technical item adjusts the distribution of indirect overhead expenses across SDCI's budget programs. This adjustment is necessary to account for 2023 Adopted Budget changes in the following programs: Compliance; Government Policy Safety & Support; Indirect Cost Recovery Offset; Inspections; Land Use Services; Permit Services; and Rental Housing.

## Fund Balancing Entries

Revenues \$(9,978,308)

This item is a technical adjustment to balance revenues and expenditures for fund 48100, the Construction and Inspections Fund, which is managed by SDCI.

## Council

### Add Funding for Eviction Legal Defense

Expenditures \$450,000

This item adds \$450,000 of ongoing General Fund to SDCI's budget for eviction prevention services. This is in addition to the \$2.12 million baseline budget for tenant services grants and contracts, bringing total funding to \$2.57 million.

### Add Funding for Rental Assistance

Expenditures \$1,000,000

This item adds \$1 million of one-time General Fund support to SDCI's budget for rental assistance grants to households facing eviction. Grants will be administered by organizations that provide eviction prevention services. This is a newly funded item in SDCI's budget.

## Errata Corrections to the Proposed Budget

Expenditures -

This item corrects an error which resulted in negative appropriations in SDCI's proposed budget. The errata correction moves appropriations from the Compliance BSL to the Leadership and Administration BSL and is budget neutral.

## Appropriations by Budget Summary Level and Program

### **SDCI - BO-CI-U2200 - Land Use Services**

The purpose of the Land Use Services Budget Summary Level is to provide land use permitting services.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Land Use Services	19,449,843	23,234,210	23,554,635	23,554,635
Land Use Services CBA	-	1,672,241	1,672,241	1,672,241
<b>Total</b>	<b>19,449,843</b>	<b>24,906,451</b>	<b>25,226,876</b>	<b>25,226,876</b>
Full-time Equivalents Total*	99.00	102.00	101.00	101.00

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in Land Use Services Budget Summary Level:*

### **Land Use Services**

The purpose of the Land Use Services Program is to provide land use permitting services to project applicants, City of Seattle departments, public agencies, and residents. Land Use staff provide

## Seattle Department of Construction and Inspections

permit process information and regulatory expertise to inform pre-application construction project design. Land Use staff also review development concepts as part of a developer's permit application. The Land Use review process includes eliciting public input and facilitating public meetings and design review board meetings. It may also include coordination with various city and county agencies, defending project decisions during appeal to the Hearing Examiner or coordinating the department recommendation for a development application through the City Council approval process. These services are intended to ensure that development proposals are reviewed in a fair, reasonable, efficient, and predictable manner, and to ensure that the plans substantially comply with applicable codes, legal requirements, policies, and community design standards.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Land Use Services	19,449,843	23,234,210	23,554,635	23,554,635
Full Time Equivalents Total	99.00	102.00	101.00	101.00

### Land Use Services CBA

The purpose of the Land Use Services CBA Program is to display the amount of unallocated Contingent Budget Authority (CBA) in the Land Use Services BSL that has not been accessed. In contrast, CBA that is accessed is appropriated in the programs in which it will be spent.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Land Use Services CBA	-	1,672,241	1,672,241	1,672,241

### **SDCI - BO-CI-U2300 - Permit Services**

The purpose of the Permit Services Budget Summary Level is to facilitate the review of development plans and processing of permits.

Program Expenditures	2021	2022	2023	2024

<b>Total</b>	<b>13,352</b>	<b>-</b>	<b>-</b>	<b>1,173,600</b>
Full-time Equivalents Total*	59.00	64.00	66.00	66.00

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in Leadership and Administration Budget Summary Level:*

### **Citywide Indirect Costs**

The purpose of the Citywide Indirect Costs Program is to collect and allocate departmental central costs such as pooled costs, paid-time-off, and other City central costs. The costs in this program are allocated to all department programs except the Contingent Budget Authority (CBA) Programs, the Process Improvements & Technology (PI&T) Program, and other programs in Leadership and Administration.

## Seattle Department of Construction and Inspections

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Citywide Indirect Costs	12,999	24,773,696	26,584,779	27,757,997

### Departmental Indirect Costs

The purpose of the Departmental Indirect Costs Program is to lead and support department employees; provide policy guidance and financial stewardship; manage the public disclosure of documents; and oversee relationships with the community, government agencies, and the media. The costs in this program are allocated to all department programs except the Contingent Budget Authority (CBA) Programs, the Process Improvements & Technology (PI&T) Program, and other programs in Leadership and Administration.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Departmental Indirect Costs	353	4,821,561	5,006,807	5,006,807
Full Time Equivalents Total	32.00	37.00	39.00	39.00

### Divisional Indirect Costs

The purpose of the Divisional Indirect Costs Program is to provide support functions for SDCI's primarily fee funded programs: Land Use Services, Permit Services, Inspections; and for the fee-funded portion of the Government Policy, Safety and Support Program. The costs in this program are allocated only to the programs described above.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Divisional Indirect Costs	-	3,377,118	3,682,965	3,683,347
Full Time Equivalents Total	27.00	27.00	27.00	27.00

### Indirect Cost Recovery Offset

The purpose of the Indirect Cost Recovery Offset Program is to offset the proportionate share of Citywide Indirect Costs, Departmental Indirect Costs, and Divisional Indirect Costs that allocate to the department's other Budget Summary Level programs as overhead. It is necessary to offset the full cost of indirect cost programs to calculate the budget appropriation and revenue requirements of the related programs.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Indirect Cost Recovery Offset	-	(32,972,375)	(35,274,551)	(35,274,551)

## Seattle Department of Construction and Inspections

### **SDCI - BO-CI-U2600 - Government Policy, Safety & Support**

The purpose of the Government Policy, Safety & Support Budget Summary Level is to develop and update land use code and technical code regulations, and provide appropriate support for disaster preparation, mitigation, response, and recovery services.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Govt Policy, Safety & Support	2,126,951	2,597,918	2,591,882	2,591,882

# Office of Economic Development

Markham McIntyre , Director

(206) 684-8090

[www.seattle.gov/economicdevelopment](http://www.seattle.gov/economicdevelopment)

## Department Overview

The Office of Economic Development (OED) is helping design the future of Seattle's economy with the guiding principle that an inclusive economy is more competitive and prosperous. OED is committed to building an inclusive economy in the City of Seattle by making strategic investments to break down barriers and open up access for individual, business, and community economic growth opportunities. OED focuses on:

- investing in our workforce and connecting talent with opportunity,
- providing support and removing barriers to success for our small, women and minority-owned businesses,
- unlocking wealth creation opportunities through asset ownership,
- revitalizing neighborhoods through investments in business districts, and
- growing businesses in key industries.

Seattle, like other cities and communities across the country, is transitioning from pandemic response to long-term recovery and revitalization for our small businesses, workers, key industries, and neighborhoods. As the city transitions from emergency COVID-19 response toward longer-term recovery, OED will play a leading and critical role in near- and long-term economic development and community resilience efforts.

It is important to acknowledge that Seattle's Black, Indigenous, people of color, women, LGBTQ+, immigrant, refugee, and low-income communities have been disproportionately impacted by existing inequities that were exacerbated by the pandemic and ongoing institutional racism. OED recognizes this reality and is working to change it; we have made strides toward building a more inclusive economy with federal relief dollars and seek to continue that critical work with the programs proposed in this budget. To build a One Seattle economy, we must ensure that everyone in the City can participate in and benefit from our success.

# Office of Economic Development

## Budget Overview

The Office of Economic Development's 2023 Adopted and 2024 Endorsed Budgets contains a mix of investments designed to help Seattle's economy transition from pandemic response to long-term revitalization. Existing programs will continue to provide support to residents who have been disproportionately impacted by the COVID-19 pandemic, while new investments will promote long-term growth.

The majority of new investments in OED's adopted budget are supported by revenues from the Jumpstart Payroll Expense Tax. OED will use this new funding source to advance a "bridge year investment strategy" while the department completes the Economic Revitalization and Workforce Development Strategy aka the Future of Seattle's Economy Project, which will serve as a road map for Seattle's long-term recovery and inclusive growth.

OED has worked closely with partners inside and outside of the City, including other City departments, neighborhood, community, and economic and workforce development organizations, and local businesses on the development of this budget. This collaboration has deeply informed the investment strategies and programs outlined below.

### **Business Wealth: Wealth creation through asset ownership**

Our region is grappling with a housing affordability crisis as well as a much-less-talked-about commercial affordability crisis. OED's largest investment support small businesses with commercial affordability programs. However, it is not enough to just help businesses pay the rent; the City needs strategies to help business owners, especially from marginalized communities, get on a pathway toward asset ownership. Programs include Seattle Restored, which activates vacant commercial properties with pop-up shops and art installations in neighborhoods throughout Seattle; the Tenant Improvement Fund, which provides small businesses with forgivable loans to renovate and build out new or existing commercial spaces; and the Small Business Ownership fund that helps put small business owners on a path to own ground-floor commercial space.

### **Workforce Development: Investing in Seattle's workforce and connecting talent with opportunity**

Our regional workforce system is fragmented and siloed. At a time when there are generational questions about the future of work, the City of Seattle has an opportunity to unite our workforce development system and make it more focused and effective by exerting leadership at the regional level and making smart investments. Those investments will include funding for the Seattle-King County Workforce Development Council (WDC) to help evolve it into a regional "backbone" for the system and seed funding for the Seattle Jobs Center in 2024, which will make it easier for job seekers to find employment and improve their skills.

### **Business Support: Removing barriers to success for small, women, and minority-owned businesses (WMBE)**

Small businesses face challenging barriers that require resources beyond their aptitude to run their business. Small businesses need help connecting to the resources they need to survive and thrive. Layer on that the pandemic was particularly difficult for small businesses and we reach a moment when we must rethink how we scale up our small businesses, especially those owned by women and people of color.

However, as a small department, OED cannot meet the needs of the small business community by doing case management. Instead, OED proposes to invest in scaling up the technical assistance infrastructure to increase capacity to help our small businesses succeed. For example, OED will improve language access resources by providing funding to trusted community partners who offer business technical assistance in a variety of languages. In addition, OED will partner with organizations that offer specific services, like legal guidance, accounting, and other core business needs. OED cannot do this work alone; we must operate in partnership and network together resources that can meet businesses where they are and help them solve practical problems.

## Office of Economic Development

### Business Growth: Connecting Seattle small businesses to capital

In nearly all needs assessment surveys of small businesses, access to capital is at the top of the list. The City has limitations in the capital tools it can provide, largely due to the state's prohibition on the gift of public funds. But we can be creative within those constraints, and, in 2022, OED worked in partnership with the state's Flex Fund and local Community Development Financial Institutions (CDFIs) to launch the Capital Access Program, which provides low-cost and partially forgivable loans to small business owners who have historically been denied access to development capital. New investments in 2023 will support the growth of this program and leverage additional resources from the CDFIs and the Flex Fund. This is a great example of the City creating innovative programs that meet business needs and help us build a more inclusive economy.

### Neighborhood Recovery: Revitalizing neighborhoods through placed-based investments

Another great example of OED creating innovative programs is the Neighborhood Economic Revitalization Fund (NERF), which launched in 2022 to deploy federal recovery funds into neighborhoods through both direct support to neighborhood organizations and a new Request for Proposal (RFP) process, with a focus on equity districts. This approach was designed to lift up community ideas and resulted in new types of projects getting funding, which revitalized neighborhoods and drove economic growth in new ways.

OED will expand the Neighborhood Economic Recovery Fund to make investments in local commercial business districts in downtown and throughout Seattle. Expanding this program will allow OED to invest in community driven solutions for economic development that support workers, businesses, residents, visitors, and neighborhoods across the city.

### City Council Changes to the Proposed Budget

The Council approved several amendments to the 2023 Proposed Budget detailed in the Council Changes section. The Proposed Budget was amended to eliminate the Affordable Seattle Expansion, Export Accelerator Initiative, and the Downtown Mobility Study. The Council reduced funding for the Seattle Jobs Center and the Downtown and Neighborhood Economic Recovery Fund. The Council requested two reports from OED that are detailed in the Statement of Legislative Intent budget chapter.

## Description of Incremental Budget Changes

### Baseline

#### Healthcare Cost Tech Adjustment

Expenditures \$(77,516)

This item removes \$77,695 in on-going funds from the Business Services BSL. This technical adjustment reverses a one-time increase in healthcare costs for a temporary positions.

# Office of Economic Development

## One Time Removals

Expenditures \$(14,836,242)

This item removes one-time appropriations for total one time reduction of (-\$14,836,242) in the Business Services BSL. The following one-time items were removed.

- Business outreach in Northgate (\$50,000)
- New and emerging business support in Lake City (\$50,000)
- Economic opportunity for immigrant and refugee women (\$300,000)
- Fee Reform - EIS and RET consultant services (\$50,000)
- Commercial Wealth Building Fund (\$7,600,000)
- Maritime Workforce Development (\$500,000)
- JumpStart Economic Revitalization Implementation Plan (\$650,000)
- Small Business Development Capital (\$3,735,621)
- Small Business Technical Assistance (\$1,240,311)
- Equitable Communities Initiative Healthcare Career Pipeline (\$420,000)
- Equitable Communities Initiative Youth Healthcare Career Exploration (\$151,310)

## Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$207,315

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

## Citywide Adjustments for Standard Cost Changes

Expenditures \$(31,449)

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

## Proposed Operating

### Commercial Affordability

Expenditures \$7,000,000

Position Allocation 1.00

The City's 2023 Adopted Budget spends approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$33 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$7,000,000 backed by payroll tax to the Office of Economic Development's Business Services BSL for the Commercial Affordability Program. New funding will include one-time program costs in 2023 and 2024 as well as on-going positions costs for one full time employee (FTE). The Commercial Affordability program is developing local strategies to address challenges of long-term affordability for small businesses. In 2021, OED invested one-time funds to pilot affordable commercial strategies to prevent displacement of small businesses and expand opportunities for growth—supporting a path from short-term to long-term affordability. New investments seek to address commercial affordability on multiple platforms: 1) Individual businesses and issues related to their tenancy, and 2) Create opportunities for control of small business real estate. Additionally, OED will expand the Seattle Restored program that provides temporary spaces for microenterprises and artists to access new markets.

## Office of Economic Development

These programs are further supported by OED’s investments in equitable access to capital and business technical assistance, described in subsequent changes.

### Seattle Jobs Center

Expenditures	\$250,000
--------------	-----------

The Council amended this item to eliminate funding in 2023 and reduce funding 2024. Refer to the Council Phase Changes section below. The Proposed Budget description follows:

The City’s 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$250,000 in 2023 and \$750,000 in 2024 backed by payroll tax to the Office of Economic Development’s Business Services BSL to create a Seattle Jobs Center. The Seattle Jobs Center will help Seattleites—especially BIPOC, youth, and dislocated workers—to access employment information and resources, find jobs and internships, and education and training pathways for career development. The design and content of these resources will be developed and described in the Workforce Development Strategic Plan that will be completed by OED with other City and external partners at the end of 2022.

### Workforce Development Realignment

Expenditures	\$14,013
--------------	----------

The City’s 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$500,000 in ongoing funding backed by payroll tax to the Office of Economic Development’s Business Services BSL. Additionally, this item removes \$485,987 of ongoing General Fund from the Business Services BSL. Payroll tax investments will provide services in support of transgender and gender nonconforming individuals, pivot education and training with the Seattle Colleges District toward evolving employer and employee needs, and provide youth employment support services. This realignment is necessary for the future implementation the Workforce Development Strategic Plan that will be completed by OED with other City and external partners at the end of 2022.

### Workforce Development Council

Expenditures	\$250,000
--------------	-----------

The City’s 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$250,000 in ongoing funding backed by payroll tax to the Office of Economic Development’s Business Services BSL to support the Workforce Development Council of Seattle-King County (WDC). A regional workforce development organization staffs and coordinates industry engagement, research and innovation, system fundraising, performance accountability, career pathway development, and contracting/oversight of services. This funding will be used by the WDC to perform the specific functions described above with emphasis on employer engagement (industry leadership tables) and research and innovation activities.

### Affordable Seattle Expansion

Expenditures	\$312,026
Position Allocation	2.00

The Council eliminated this proposal in the adopted budget. Refer to the Council Phase Changes section below. The Proposed Budget description follows:

## Office of Economic Development

This item adds \$312,026 in ongoing funding backed by the payroll tax to the Office of Economic Development's Leadership and Administration BSL for two new positions to expand the Affordable Seattle project and improve the CiviForm unified application portal. The expansion of the Affordable Seattle project will result in reduced application time and a more efficient approval process for residents seeking utility discounts and social services offered by the City of Seattle. These two new positions will increase awareness and adoption of CiviForm including user testing, design and community outreach. This work is implemented in partnership with the City Budget Office Innovation & Performance team. See City Budget Office Section for more details regarding Affordable Seattle and CiviForm.

### Cannabis Needs Assessment

Expenditures	\$200,000
--------------	-----------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$200,000 of one-time funding in 2023 backed by payroll tax to the Office of Economic Development's Business Services BSL for a Cannabis industry training needs assessment that will recommend investments and trainings for current cannabis industry employees and identify new career pathways into the cannabis industries for communities of color.

### Seattle Jobs Initiative Reduction

Expenditures	\$(100,000)
--------------	-------------

This item removes \$100,000 in ongoing funding from the Business Services BSL to right size OED's contract with the Seattle Jobs Initiative (SJI). This represents a 7% reduction in total funding for SJI. This reduction will realign OED's workforce development investments in preparation for the Workforce Development Strategic Plan that will be completed by OED with other City and external partners in at the end of 2022.

### Business Technical Assistance

Expenditures	\$800,000
--------------	-----------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$800,000 of one-time funding in 2023 backed by payroll tax to the Office of Economic Development's Business Services BSL. Funding will expand technical assistance services for key industries and small businesses, with an emphasis on culturally relevant and community-based services that meet the needs of Black, Indigenous, and People of Color (BIPOC) and immigrant owned businesses. Sustained and expanded key industry and business technical assistance supports business capacity and growth and provides a foundation for other equitable economic recovery strategies (e.g., affordable commercial and capital access). Technical assistance will focus on financial health, digital access, and legal assistance and are paired with intentional outreach and robust language access.

### Language Access and Outreach

Expenditures	\$332,658
Position Allocation	1.00

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$332,658 backed by payroll tax to the Office of Economic Development's Business Services BSL. Of this amount, \$200,000 will be one-time in 2023 and 2024, and \$132,658 will be for on-going position costs. This item will implement equitable communication and outreach strategies for economic development programs, services, and resources provided by the city and partners. OED will continue to work with

## Office of Economic Development

the Office of Immigrant and Refugees (OIRA) to develop culturally relevant language access resources for all OED programs.

### Small Business Development Capital

Expenditures	\$2,750,000
--------------	-------------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$2,750,000 of one-time funding in 2023 and 2024 backed by payroll tax to the Office of Economic Development's Business Services BSL to extend the Small Business Recovery Fund/Capital Access Program to provide low-cost, long-term financing to small businesses. Launched in 2022, the Capital Access Program (CAP) leveraged the State Small Business Flex Fund Loans in partnership with local Community Development Financial Institutions ("CDFIs") to provide: a) business loans and b) companion grants to make the loans partially forgivable and lower interest costs. OED's outreach to Black, Indigenous, and People of Color ("BIPOC") owned small businesses in Seattle, combined with robust technical assistance, will expand access to these resources for those who have been historically denied equitable access to capital.

### Seattle Export Accelerator Initiative

Expenditures	\$250,000
Position Allocation	1.00

The Council eliminated this proposal in the adopted budget. Refer to the Council Phase Changes section below. The Proposed Budget description follows:

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$250,000 backed by payroll tax to the Office of Economic Development's Business Services BSL for a Small Business Export Accelerator program. Of this amount, \$86,711 is one-time in 2023 and 2024, and \$163,289 is for ongoing position costs. OED research shows small businesses that export are projected to grow faster, add more jobs, and pay higher wages than small businesses that do not export. These exporting companies account for 98% of all identified U.S. exporters and support nearly four million jobs in communities across the United States. The Seattle Export Accelerator Initiative will bring together resources that provides small businesses with intensive supports through the process of becoming exporting businesses –resulting in real revenue growth and job creation. The initiative will focus on supporting women and minority-owned small businesses and immigrant/refugee business owners.

### Downtown Mobility Study

Expenditures	\$350,000
--------------	-----------

The Council eliminated this proposal in the adopted budget. Refer to the Council Phase Changes section below. The Proposed Budget description follows:

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds \$350,000 in one-time funding backed by payroll tax to the Office of Economic Development Business Services BSL for outreach and information gathering about the future needs, expectations, and challenges from residents and businesses on downtown mobility, including the proposed Center City Connector project, 3rd Ave improvements, and West Seattle Ballard Link Light Rail Extension (WSBLE), among others. This information will serve to help scope and evaluate future discussions related to the planning and implementation of these projects.

## Office of Economic Development

### Downtown and Neighborhood Economic Recovery

Expenditures	\$2,775,000
Position Allocation	1.00

The Council altered this proposal in the adopted budget. Refer to the Council Phase Changes section below. The Proposed Budget description follows:

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$2,775,000 backed by payroll tax to the Office of Economic Development's Business Services BSL. Of this amount \$2,611,711 is one-time in 2023 and 2024, and \$163,289 is for ongoing position costs. This item is for Neighborhood and Downtown Economic Recovery programs, using the program design established for the Neighborhood Economic Recovery Fund (NERF) piloted in 2022. This funding will serve downtown neighborhoods and neighborhood business districts, with a priority and emphasis on areas that continue to be negatively impacted by the COVID-19 public health emergency.

### Venue Services Coordinator

Expenditures	\$190,776
Position Allocation	1.00

This item adds \$190,776 in ongoing funding to the Leadership and Administration BSL to create a new position that will coordinate the range of City services necessary to effectively manage large public events at major venues: concerts and game days for the Seattle Storm, Reign, Sounders, Kraken, Mariners, Seahawks, and UW. These major venues include Climate Pledge Arena, Husky Stadium and Alaska Airlines Arena, Lumen Field, and T-Mobile Park.

### Seattle Sports Commission

Expenditures	\$200,000
--------------	-----------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$200,000 in one-time funding backed by payroll tax to the Office of Economic Development's Business Services BSL for an organization such as the Seattle Sports Commission (SSC) to advance economic development and sports tourism in the City of Seattle, including efforts to support the execution of the 2023 Major League Baseball All-Star Game and future major sporting events such as the 2026 FIFA World Cup.

### Special Event and Film Permit Review

Expenditures	\$150,000
--------------	-----------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$150,000 in ongoing funding backed by payroll tax to the Office of Economic Development's Business Services BSL to support the increased cost to the Seattle Department of Transportation (SDOT) for their review of all special event and film permit requests, with a focus on special events and/or film permits that will make use of the right of way or require traffic mitigation plans.

### Centralized Contracts Team

Expenditures	\$672,065
Position Allocation	5.00

## Office of Economic Development

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$672,065 in ongoing funding backed by payroll tax to the Office of Economic Development's Leadership and Administration BSL. This item is for a centralized contracts team that will consist of a new Grants & Contracts Policy Advisor (SA1), two Senior Grants & Contracts Specialists (Sr G & Cs), and two Community Development Specialists (CDS). This team will lead the Department in managing contracts in the newly implemented Citywide Contract Management System (CCMS) implementation, Fluxx system integration, and ensure that the Department is compliant with Federal regulations and the City's procurement and purchasing guidelines.

### Payroll Expense Tax Administration

Expenditures	\$591,790
Position Allocation	3.00

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$8 million is allocated to administration and evaluation. This item adds \$591,790 in ongoing funds backed by payroll tax to Office of Economic Development's Leadership and Admin BSL to provide funding for all payroll tax administration costs, including direct and indirect overhead costs related to the Economic Revitalization Strategy implementation. OED will manage 13 new or revised programs backed by \$16.8M in new payroll tax funding.

### Proposed Technical

#### Other Technical Revenue Adjustment

Revenues	\$63,919
----------	----------

This is a technical adjustment to correct an erroneous revenue entry in the Arts and Culture Fund.

#### General Fund Revenue Adjustment

Revenues	\$757,662
----------	-----------

This is a technical adjustment to capture centrally projected and forecast General Fund revenue increments for this department.

### Council

#### Eliminate Affordable Seattle Expansion

Expenditures	\$(312,026)
Position Allocation	(2.00)

This item eliminates proposed funding and position authority for 1.0 FTE Strategic Advisor 2 and 1.0 FTE Planning and Development Specialist II for the Affordable Seattle Program by \$312,000 of payroll tax in 2023 and \$312,000 of payroll tax in 2024. Affordable Seattle is intended to create a one-stop shop for low-income residents, and community-based organizations supporting these residents, to access City assistance programs through CiviForm (a common online application), thereby reducing the time and effort required to apply for City programs. These new positions in OED were proposed to continue the expansion and adoption of CiviForm including user testing, design, and community outreach.

#### Eliminate proposed funding for the Downtown Mobility Study

Expenditures	\$(350,000)
--------------	-------------

## Office of Economic Development

This item eliminates proposed funding for the Downtown Mobility Study by \$350,000 of one-time payroll tax in 2023 and directs the Seattle Department of Transportation (SDOT) to perform this work with existing funding. This work is intended to support outreach and information gathering about the future needs, expectations, and challenges from residents and businesses on downtown mobility, including, but not limited to, the proposed Center City Connector project and 3rd Ave improvements. This information would serve to help scope and evaluate future discussions related to the planning and implementation of these projects and future transit needs.

### **Eliminate the Export Accelerator Initiative**

Expenditures	\$(250,000)
Position Allocation	(1.00)

This item eliminates proposed funding and position authority for 1.0 for the Seattle Export Accelerator Initiative by \$250,000 of payroll tax in 2023 and \$250,000 of payroll tax in 2024.

The 2023-2024 Proposed Budget includes \$163,000 of payroll tax for a new position (1.0 FTE Strategic Advisor 1), and \$87,000 of payroll tax for one-time proposed expenditures in 2023 and 2024 to launch the program, which is intended to bring together intensive supports to guide small businesses through the process of becoming exporting businesses. This item eliminates all proposed funding and position authority for this initiative.

### **Reduce proposed funding for the Seattle Jobs Center**

Expenditures	\$(250,000)
--------------	-------------

This item reduces proposed funding for the Seattle Jobs Center by \$250,000 of payroll tax in 2023 and \$500,000 payroll tax in 2024. The 2023-2024 Proposed Budget included \$250,000 of payroll tax in 2023 and \$750,000 of payroll tax in 2024 for this initiative. This action eliminates all proposed funding for the Seattle Jobs Center in 2023 and retains \$250,000 in 2024.

The design and content of the Seattle Jobs Center has not yet been developed but is intended to align with OED's forthcoming Workforce Development Strategic Plan. This item was adopted in conjunction with Statement of Legislative Intent OED-301-A-001-2023 that requests OED provide a report on the investment and implementation strategy for the Seattle Jobs Center.

### **Support for Virtual Labor Hiring Hall**

Expenditures	\$120,000
--------------	-----------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$120,000 backed by payroll tax to OED to support an organization that connects job seekers with union jobs in King County, such as the Martin Luther King, Jr. County Labor Council (MLK Labor). Funding for this purpose is ongoing.

### **Reduce Downtown and Neighborhood Economic Recovery Fund**

Expenditures	\$(100,000)
--------------	-------------

This item reduces proposed funding by \$100,000 JumpStart Fund in 2023 (one-time) for the Downtown and Neighborhood Economic Recovery Fund (NERF) and increase \$100,000 JumpStart Fund in 2023 (one-time) for the Bumbershoot Workforce Development Program of the Seattle Center.

### **Permitting Portal Investment**

Expenditures	\$100,000
--------------	-----------

## Office of Economic Development

This item adds \$100,000 General Fund in 2023 (one-time) to develop, in coordination with the Seattle Information Technology Department, a scope, schedule, and budget to implement a permitting portal for economic activity permits, specifically Farmers Markets, Special Events and Film permits. The application portal may be created as part of the City's Accela permitting system or through a separate third-party system.

*The following information summarizes the programs in Leadership and Administration Budget Summary Level:*

# Office of Economic Development

## Citywide Indirect Costs

The purpose of the Citywide Indirect Costs program is to fund internal services costs originating from outside of the department such as allocated costs from the Department of Finance and Administrative Services and Seattle Information Technology Department.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Citywide Indirect Costs	700,572	793,428	788,993	849,903

## Departmental Indirect Costs

The purpose of the Departmental Indirect Costs program is to fund costs associated with management of the department. This may include personnel costs related to department leadership and administration or other administrative costs such as external rent and operating supplies or services.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>

# Office of Hearing Examiner

Ryan Vancil, Hearing Examiner

(206) 684-0521

<http://www.seattle.gov/examiner/>

## Department Overview

The Office of Hearing Examiner is Seattle's quasi-judicial forum for reviewing factual and legal issues raised by the application of City Code requirements to specific people or property. As authorized by the Seattle Municipal Code, the office conducts hearings and decides appeals in cases where members of the public disagree with a decision made by a City agency. Many of the matters appealed to the Hearing Examiner relate to land use and environmental permit decisions and interpretations made by the Seattle Department of Construction and Inspections. The Hearing Examiner also hears appeals in many other subject areas, and makes recommendations to the City Council on rezone petitions, major institution master plans, and other Council land-use actions.

The Hearing Examiner is appointed by the City Council, and Deputy Hearing Examiners are appointed by the Hearing Examiner. Examiners handle all pre-hearing matters, regulate the conduct of hearings, and prepare decisions and recommendations based upon the hearing record and applicable law. The Seattle Municipal Code requires all examiners to be attorneys with training and experience in administrative hearings. The Hearing Examiner also manages an executive assistant to oversee the administrative areas of the office, a legal assistant to assist with hearings and decision preparation, and an administrative specialist to support all other office positions and provide information to the public.

## Budget Overview

The 2023 Adopted and 2024 Endorsed budgets maintain support to the Office of Hearing Examiner (HXM) and preserves the services provided by the Hearing Examiner to members of the public and the City Council. Technical adjustments have been made to bring the adopted budget into alignment with an Annual Wage Increase, and other citywide adjustments to internal service costs.

### City Council Changes to the Proposed Budget

## Office of Hearing Examiner

The City Council made the following changes to the 2023 Proposed Budget:

- Eliminate funding for a new case management system

### Incremental Budget Changes

#### Office of Hearing Examiner

	Dollars	FTE
<b>2022 Adopted Budget</b>	<b>1,078,071</b>	<b>5.00</b>

<b>Proposed Technical</b>		
	-	-
Providing Hearing Examiner Services to Small Cities	-	-
<b>Council</b>		
Eliminate Funding for Hearing Examiner Case Management System	(1,992,186)	-
<b>Total Incremental Changes</b>	<b>\$85,225</b>	<b>-</b>
<b>Total 2023 Adopted Budget</b>	<b>\$1,163,296</b>	<b>5.00</b>

### Description of Incremental Budget Changes

#### Baseline

##### Citywide Adjustments for Standard Cost Changes

Expenditures \$57,732

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department.

##### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$27,493

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were finalized after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA,

## Office of Hearing Examiner

Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### Technical Corrections

Expenditures	-
--------------	---

This item is a net zero amendment to correct budget coding.

### Proposed Operating

#### Case Management Replacement

Expenditures	\$1,992,186
--------------	-------------

The Council eliminated this proposal in the adopted budget. Refer to the Council Phase Changes section below. The proposed budget description follows:

This item adds one-time funding in 2023 and 2024 and ongoing annual maintenance funding of \$92,000 to implement a new case management system. The Hearing Examiner's current case management system is nearing the end of its useful life and unable to keep up with increasing performance requirements. The case management system both improves public access to services and substantially increases the capacity of the Department by allowing the public to file appeals, access case documents, and listen to hearing recordings online. The new case management system will improve existing functionality and allow faster reporting, standardized work processes, and significantly expand storage capacity of case documents. The efficiencies gained by a new system gives the Hearing Examiner flexibility to accommodate increased caseload volume with existing staff. The Hearing Examiner and Seattle IT have worked together to identify the replacement and are prepared to implement the new system.

### Proposed Technical

#### Providing Hearing Examiner Services to Small Cities

Revenues	\$16,000
----------	----------

This item increases the revenue budget to recognize new contracts for hearing examiner services provided to City of Pacific and City of Milton. The Department expects to generate \$16,000 of revenue annually between these two contracts, equivalent to about 100 hours.

### Council

#### Eliminate Funding for Hearing Examiner Case Management System

Expenditures	\$(1,992,186)
--------------	---------------

This Council item eliminated the funding added in the proposed budget for a new case management system in the Office of the Hearing Examiner. Council removed \$1.9 million in 2023 and \$900,000 in 2024 of General Fund and repurposed it for other Council priorities.

# Office of Housing

Maiko Winkler-Chin, Director

(206) 684-3727

<http://www.seattle.gov/housing/>

## Department Overview

The mission of the Office of Housing (OH) is to build strong healthy communities and increase opportunities for people of all income levels to live in our city. To accomplish this mission, OH has three Budget Summary Levels:

- Multifamily Housing;
- Homeownership and Sustainability; and
- Leadership and Administration.

**Multifamily Housing** employs the Housing Levy, Jumpstart Payroll Expense Tax proceeds, Mandatory Housing Affordability proceeds, and other federal and local funding to make low-interest loans to developers to develop or preserve affordable multifamily rental housing. OH monitors the housing portfolio to ensure that the policy objectives of the City are achieved and the units remain in good condition. The portfolio now includes 19,000 units, representing a significant investment of City and other funding in affordable housing over 39 years. OH also operates programs to support affordable housing providers and low-income residents.

**Homeownership and Sustainability** includes three programs to assist low-income households:

- The **Home Ownership Program** supports first-time homebuyers and existing low-income homeowners through down payment assistance loans, subsidies for permanently affordable homes, and foreclosure prevention loans.
- The **Home Repair Program** provides grants or no- to low-interest loans to assist with critical home repairs.
- The **Weatherization Program** provides grants to increase energy efficiency and lower utility costs for low-income residents in both single-family and multifamily properties.

**Leadership and Administration** provides centralized leadership, coordination, technology, contracting, and financial management services to OH programs and capital projects. This includes the Policy and Planning program that establishes long-term strategic plans, develops and implements policy-based tools, and addresses housing-related aspects of citywide land use and community development planning.

# Office of Housing

## Budget Overview

Prior to 2021, the Office of Housing (OH) was primarily supported by the 2016 Housing Levy, the Mandatory Housing Affordability program, and federal and state grants. As of 2021, the Jumpstart Payroll Expense Tax Fund was added as an additional dedicated funding source, substantially increasing funding for affordable housing projects. Payroll expense tax proceeds comprise 56% of OH's \$252.9 million 2023 adopted budget. Funding policies for the Housing Levy and other funds are detailed in the Housing Levy Administrative and Financial (A&F) Plan and Housing Funding Policies, which are adopted and regularly updated by Council through a separate process. The A&F Plan and Housing Funding Policies can be found [here](#). Throughout the COVID-19 pandemic, the need for housing production, acquisition, and preservation has remained critical for equitable response and recovery. The Office of Housing has continued significant investment in affordable housing projects, in partnership with developers, to produce and preserve multifamily rental and for-sale housing that remains affordable under long-term income and rent or re-sale restrictions.

The 2023 Adopted and 2024 Endorsed Budget adds \$50.3 million in additional payroll tax proceeds to the Office of Housing, increasing the total amount to \$139.6 million. OH will also benefit from \$2.27 million included in a transfer from Finance General to cover administrative costs related to payroll tax funding. These new investments will support increased production and preservation of affordable multifamily rental housing and advance homeownership opportunities for low-income households. Proceeds may also be used for projects such as the Ft. Lawton redevelopment site. The City of Seattle, in coordination with County, State and Federal Partners will explore the development of a package of funding to address increased redevelopment costs as a result of inflation and supply chain challenges. OH will increase operating, maintenance, and service funding for newly-developed Permanent Supportive Housing Projects. Finally, they will continue to help low-income homeowners convert from oil heat to electrical heating systems.

### City Council Changes to the Proposed Budget

The City Council shifted Jumpstart Payroll Expense Tax-backed appropriation from multifamily rental production to homeownership development to correct for an error in the proposed budget and align with the payroll tax funding policies. The Council reduced OH Real Estate Excise Tax (REET) revenue by \$5 million in 2023 and \$5 million in 2024. Council added \$200,000 of General Fund to the Home for Good Program and imposed a proviso on those funds. Council requested two Statements of Legislated Intent (SLI). The Council requested OH and Seattle Parks and Recreation to report to Council on a plan to use the property known as the "Belltown Cottages" for low-income housing. The Council requests OH review options for non-permanent supportive housing services funding and pre-development and/or organizational capacity funding in development of the proposed housing levy renewal package. Further detail about the Council SLIs can be found in the appendix.

<b>Total Incremental Changes</b>	<b>\$44,570,779</b>	<b>12.50</b>
----------------------------------	---------------------	--------------

<b>Total 2023 Adopted Budget</b>	<b>\$252,994,635</b>	<b>63.50</b>
----------------------------------	----------------------	--------------

## Description of Incremental Budget Changes

### Baseline

#### Removal of One-Time 2022 Budget Adds

Expenditures	\$(10,686,500)
--------------	----------------

This baseline adjustment removes one-time budget adds made in the 2022 Adopted Budget. This item removes Non-PSH Capacity Building (\$1,000,000), Equitable Communities Initiative Homeownership Capital (\$4,875,000), Equitable Communities Initiative Ownership Retention (\$875,000), Home for Good (\$200,000), Pre Development Costs for North Seattle College (\$250,000), Oil Heat Conversion Capital and Staffing (\$1,375,000), Multifamily Electrification Fine Revenue (\$61,500), Transportation Network Companies Tax Revenue (\$1,300,000), and Workforce Development Start Up Funding (\$750,000).

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures	\$262,136
--------------	-----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements

## Office of Housing

were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### Citywide Adjustments for Standard Cost Changes

Expenditures \$397,394

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

### Proposed Operating

#### Investment In Affordable Housing Capital

Expenditures \$45,798,524

The Council altered this proposal in the Adopted Budget to align with the Payroll Expense Tax spending resolution. Of the amount in this proposal for Affordable Housing Capital, \$6.8 million in 2023 and \$7 million in 2024 should have been allocated to OH's Affordable Homeownership program. Refer to the Council Phase Changes section below. The Proposed Budget description follows:

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$137 million is allocated to investments in affordable housing and services, primarily for households between 0% and 30% of Area Median Income. This item adds \$45,798,524 in 2023 and \$48,510,875 in 2024 of ongoing funding backed by payroll tax to Office of Housing's Multifamily Housing BSL (OH-BO-HU-3000) to provide Housing and Services as described by the Jumpstart Payroll Tax Fund spending categories. This increment is in addition to the \$99.4M of payroll tax currently part of the departments baseline budget, for a total net increase of \$139.6 million in 2023. OH will also benefit from \$2.27M included in a transfer from finance general to cover administrative costs related to payroll tax funding.

#### Funding for Operating, Maintenance and Services for Permanent Support Housing

Expenditures \$2,666,520

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$137 million is allocated to investments in affordable housing and services, primarily for households between 0% and 30% of Area Median Income. This item adds \$2,66,250 of ongoing funding backed by payroll tax to Office of Housing's Multifamily Housing BSL (OH - BO-HU-3000) for operating, maintenance, and services for newly developed Permanent Support Housing facilities. Services will support residents as they transition from homelessness into permanent housing.

#### Oil to Electric Heat Conversions

Expenditures \$1,727,355

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds \$1,727,355 of ongoing funding backed by payroll tax to Office of Housing's Homeownership and Sustainability BSL (OH - BO-HU-2000) for the low income oil heat conversion program, and shifts the funding for the associated Property Rehab Specialist from one-time General Fund to ongoing Payroll Tax Fund.

## Office of Housing

### **Multifamily Electrification Fine Revenue**

Expenditures	\$25,000
--------------	----------

This item recognizes Multifamily Electrification Fine Revenue and adds \$25,000 in one-time funding to the Homeownership and Sustainability BSL (BO-HU-2000). Funding comes from the Office of Sustainability and Environment's fine-related revenue from enforcement of building tune-up regulation. OH will use these funds for electrification or energy efficiency improvements in affordable housing multifamily buildings.

### **2023 Housing Levy Development Costs**

Expenditures	\$296,035
--------------	-----------

This item adds \$296,035 in one-time funding to the Leadership and Administrative BSL (BO-HU-1000) for one-time costs necessary to develop the 2023 Housing Levy, funded by administrative balance of the 2016 Housing Levy.

### **Pre-development costs for affordable housing projects**

Expenditures	\$100,000
--------------	-----------

This item adds \$100,000 of one-time General Fund to the Office of Housing Multifamily Housing BSL. Funding will support pre-development costs for an organization serving native youth transitioning to permanent housing such as, Labateyah Youth Home.

## **Proposed Technical**

### **Continuation of 2022 Stand-Alone Staffing Legislation**

Expenditures	-
Position Allocation	12.50

In 2022, Council passed stand-alone CB 120318 which added 12.5 FTE and related authority to OH. All costs for those changes were paid for with payroll tax, which was already in OH's 2022 base budget. This technical adjustment continues the ongoing authority for those positions and related costs. As with 2022, the costs are proposed to be paid for by payroll tax that is already in OH's 2023 baseline budget. Therefore, this is a net-zero adjustment that shifts the ongoing operational costs to the appropriate budget programs.

### **Weatherization Grant Revenue True Up**

Expenditures	\$3,796,680
Revenues	\$3,796,680

This technical correction is an update of the various grant revenue sources in OH's Weatherization program. This item represents an increase in total revenue backed funds for OH to provide energy audits, insulation services, air sealing, and furnace repair or replacement for low-income homeowners. All adjustments represent authority only, and any increases are fully revenue-backed.

### **General Fund Technical True Up**

Expenditures	\$(12,366)
--------------	------------

This item is a technical change that removes \$12,366 in 2023 and \$12,357 in 2024 in ongoing General Fund appropriations from the Office of Housing.

# Office of Housing

## General Fund Revenue Adjustment

This item is a technical change that aligns revenue with 2023 projections.

Revenues	\$12,454,713
----------	--------------

## Council

### Reallocate Jumpstart funds from multifamily rental production to homeownership development

Expenditures	-
--------------	---

This item reallocates \$6.8 million (2023) of Jumpstart Payroll Expense Tax Fund and \$7 million (2024) of ongoing payroll tax in the Office of Housing (OH) proposed for multifamily rental production to homeownership development in areas at high risk for displacement.

This item corrects an error in the 2023-2024 proposed budget where PET-backed appropriation was not accurately distributed among housing programs specified in the Council's adopted payroll tax spending plan resolution.

### Reduce proposed REET funding for multifamily rental production

Revenues	\$(5,000,000)
----------	---------------

This item reduces proposed funding by \$5 million annually in 2023 and \$5 million in 2024 of Real Estate Excise Tax (REET) II in the Office of Housing (OH) for multifamily rental production. The Council intends to consider reducing REET II by \$5 million for this same program in OH in 2025.

## Council Provisos

### Add funding to Home for Good Program and impose a proviso

Expenditures	\$200,000
--------------	-----------

This item adds \$200,000 of one-time General Fund in 2023 for the Home for Good Program and imposes a proviso.

Funding for this item comes from a reduction of \$200,000 included in the 2022 year-end supplemental budget ordinance (CB 120451). That funding was appropriated for the Home for Good Program in the 2022 Adopted Budget but was not needed due to the pandemic which delayed full program implementation.

The Home for Good Program provides rental assistance and light case management services for individuals who are at risk of homelessness due to transitioning from HEN to federal Social Security Insurance or Social Security Disability Insurance, which provides a lower level of income support. This results in less income to cover costs, such as rent, for these individuals.

In order to support existing clients through the end of 2023, a total of \$325,000 is needed. Therefore, in addition to the funding included in this item, it is the Council's intent that \$125,000 in federal rental assistance funding proposed to be authorized in CB 120450 be provided to bring total funding for the Home for Good program to \$325,000 in 2023.

This item imposes the following proviso:

"Of the appropriation in the Office of Housing's 2023 budget for the Multifamily Lending BSL, \$200,000 is appropriated solely for the Home for Good Program and may be spent for no other purpose."

# Office of Housing

## Expenditure Overview

## Department Overview

The mission of the Office of Immigrant and Refugee Affairs (OIRA) is to improve the lives of Seattle's immigrant and refugee communities. OIRA does this by:

- Equitably engaging with immigrants and refugees to help advise on new City of Seattle issues and policies and enhance current ones.
- Ensuring that City of Seattle programs, services, and information are accessible to vulnerable immigrant and refugee community members regardless of their English-language proficiency and citizenship status.
- Partnering with community-based organizations, the Seattle Immigrant and Refugee Commission, and other partners to administer programs focused on helping immigrants successfully integrate into the civic life and culture of the city.

The City's Race and Social Justice Initiative guides OIRA's work, as direct and early engagement with community members and organizations informs the department's decisions, initiatives, and policies. OIRA operationalizes racial equity in all its workplans, especially in working with other City departments on outreach, engagement, and language accessibility.

The City of Seattle has a long history of welcoming immigrants, from the Vietnamese refugees who arrived in the 1970s to the Afghan and Ukrainian migrants of today. According to the 2019 American Community Survey (ACS), 19.4% of Seattle's residents (about 144,000 people) are foreign-born. Additionally, the nonpartisan think tank New American Economy has determined that immigrant household incomes in 2019 accounted for \$31 billion in household income and \$12.7 billion in taxes paid to support the Seattle Metropolitan Area.

# Office of Immigrant and Refugee Affairs

## Budget Overview

During the COVID-19 pandemic, OIRA received one-time funding to expand the Ready to Work program in an effort to mitigate the pandemic's disproportionate negative impacts on immigrant and refugee community members. As multiple COVID-19 state of emergency proclamations end and Seattle emerges from the pandemic, the focus of the 2023 Adopted Budget shifts to long-term economic recovery efforts.

A new position for a Workforce Policy and Partnerships Manager was added to provide support and to address the unique challenges faced by the immigrant workforce and immigrant business owners to improve their economic mobility. This action is funded with the JumpStart Payroll Expense Tax (PET) Fund for purposes outlined in Ordinance 126393. See the Proposed Operating section for more details.

### City Council Changes to the Proposed Budget

The City Council added \$78,000 in 2023 and \$78,000 in 2024 to OIRA for the New Citizen Program (NCP) in the General Fund. The number of NCP contracts with community-based organizations, who provide free naturalization services to low-income immigrants and refugees living in Seattle/King County, increased from 11 to 12 in July of 2022, following an RFP process. The increased funding ensures each organization maintains a similar level of funding as in the prior year.

# Office of Immigrant and Refugee Affairs

## Description of Incremental Budget Changes

### Baseline

#### **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures	\$58,943
--------------	----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### **Citywide Adjustments for Standard Cost Changes**

Expenditures	\$2,865
--------------	---------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### **Remove one-time Ready to Work COVID-19 expansion**

Expenditures	\$(250,000)
--------------	-------------

This item removes a one-time 2022 increase to address the negative economic impact of the pandemic on low-wage, limited-English-proficiency immigrant and refugee adults, further investing in their digital skill-building and device ownership through the Ready to Work (RTW) program. As multiple COVID-19 state of emergency proclamations end and Seattle emerges from the pandemic, the focus of the 2023 Adopted Budget shifts to long-term economic recovery efforts.

### Proposed Operating

#### **Workforce Policy and Partnerships Manager**

Expenditures	\$163,289
Position Allocation	1.00

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$163,289 backed by payroll tax to the Office of Immigrant and Refugee Affairs to add 1.0 FTE – a Workforce Policy and Partnerships Manager position. The new staff will engage with immigrants and refugees in the City of Seattle's workforce and businesses in its strategy for economic revitalization. This position will also provide direct technical support and language access assistance to businesses and property owners, and assist with re-employment pathways for immigrants and refugees through the City of Seattle's Ready to Work Initiative.

### Council

#### **New Citizen Program Funding**

Expenditures	\$78,000
--------------	----------

This Council Budget Action adds \$78,000 GF in 2023 and \$78,000 GF in 2024 to the Office of Immigrant and Refugee Affairs (OIRA) for the New Citizen Program (NCP). The NCP provides free naturalization services to low-

## Office of Immigrant and Refugee Affairs

income immigrants and refugees living in Seattle/King County. In 2021, OIRA allocated \$923,000 to 11 community-based organizations. In 2022, OIRA allocated \$922,000 to 12 partners, reducing the amount allocated to the 11 previously funded organizations by approximately \$1,000 - \$6,000 each. This \$78,000 increase in funding helps ensure that 12 organizations can continue to be funded at levels similar to prior years, while accounting for inflation, and would bring the total amount of funding to the program to \$1,000,000 in 2023 and 2024.

# Office of Labor Standards

Steven Marchese, Director

(206) 684-5397

[www.seattle.gov/laborstandards](http://www.seattle.gov/laborstandards)

## Department Overview

The mission of the Office of Labor Standards (OLS) is to advance labor standards through thoughtful community and business engagement, strategic enforcement, and innovative policy development, with a commitment to race and social justice. The Office of Labor Standards focuses on the implementation of labor standards for workers that perform work within Seattle city limits. As of September 1, 2022, there are 17 such standards, established through City ordinances:

- **Paid Sick and Safe Time Ordinance** requires employers with one or more full-time equivalent employees to provide paid sick and safe time;
- **Fair Chance Employment Ordinance** restricts how employers can use conviction and arrest records during the hiring process and course of employment;
- **Minimum Wage Ordinance** establishes a minimum hourly wage that increases each year based on rates set by ordinance and adjusted for the rate of inflation;
- **Wage Theft Ordinance** requires employers to provide written notice of employment information and pay all compensation due by reason of employment (including wages and tips) on a regular pay day;
- **Secure Scheduling Ordinance** establishes scheduling requirements for covered retail and food service establishments to provide schedule predictability and increased access to hours;
- **Domestic Workers Ordinance** provides protections for domestic workers and establishes a Domestic Workers Standards Board; and
- **Commuter Benefits Ordinance** requires employers to provide commuter benefits on a pre-tax basis.
- **Independent Contractor Protections Ordinance** requires commercial hiring entities to provide certain pre-contract disclosures, payment disclosures, and requiring timely payment of contracts.

Two ordinances protect the rights of drivers for transportation network companies (TNCs) (i.e. Uber and Lyft):

- **Transportation Network Company Driver Deactivation Rights Ordinance** gives TNC drivers the right to challenge unwarranted deactivations before a neutral arbitrator, and creates a Driver Resolution Center to provide representation for drivers; and
- **Transportation Network Company Minimum Compensation Ordinance** requires that TNCs provide a minimum guaranteed per-trip payment that is at least the equivalent of Seattle's large employer minimum wage plus compensation for reasonable expenses.

These two laws will be preempted by State law and no longer enforceable by the City of Seattle beginning on January 1, 2023.

Four ordinances protect the rights of hotel workers:

- **Hotel Employee Safety Protections Ordinance** requires employers to take certain steps to prevent and report violent and harassing conduct by guests and to support employees who report this conduct;
- **The Protecting Hotel Employees from Injury Ordinance** limits the workload of employees who clean hotel rooms to reduce the frequency and occurrence of injuries associated with room cleaning;
- **The Improving Access to Medical Care for Hotel Employees Ordinance** requires employers to provide employees working in large hotels with increased access to medical care; and
- **The Hotel Employees Job Retention Ordinance** requires employers to take certain actions to reduce job insecurity in the hospitality industry.

OLS is also responsible for the administration of three additional temporary ordinances that grant protections to

## Office of Labor Standards

certain workers during the COVID-19 civil emergency and that are enforceable for up to three years after the conclusion of the civil emergency:

- **Paid Sick and Safe Time for Gig Workers**, requiring covered transportation network and food delivery network companies to provide paid sick and safe time to gig workers during, and for 180 days following the conclusion of, the COVID-19 civil emergency.
- **Premium Pay for Gig Workers**, requiring covered food delivery network companies to provide premium pay to gig workers.
- **Grocery Employee Hazard Pay**, requiring certain grocery businesses to pay hazard pay to employees during the civil emergency. The requirement to pay hazard pay was suspended on September 1, 2022, but OLS retains enforcement responsibilities until September 1, 2025.

On January 13, 2024, an eighteenth labor standard will go into effect:

- **App-Based Worker Minimum Payment Ordinance**, establishing minimum pay requirements, and transparency and flexibility standards for certain app-based workers.

OLS provides education and technical assistance to the business and worker communities. As a part of these efforts, OLS manages the **Community Outreach and Education Fund** to foster collaboration between OLS and the community with funds to develop awareness and understanding of the worker rights provided by Seattle's labor standards. The office also manages the **Business Outreach and Education Fund** which provides technical assistance to small businesses to increase compliance with Seattle's labor standards. The fund emphasizes outreach to businesses owned by low-income and historically disenfranchised communities who typically are not served by traditional outreach methods. OLS manages the **Driver Resolution Center** contract which funds a community organization that provides no-cost, culturally appropriate, consultation, support, legal services and outreach to TNC drivers that are facing deactivation. The Driver Resolution Center funding and associated work will conclude at the end of 2022 due to State preemption.

OLS also provides administrative and policy support to two community boards and commissions: The Labor Standards Advisory Commission and the Domestic Worker Standards Board.

### Budget Snapshot

### Budget Overview

The 2023 Adopted and 2024 Endorsed budgets adjust funding and staffing levels to reflect the evolving responsibilities of the Office of Labor Standards (OLS). In early 2022 Washington State passed ESHB 2076 which

## Office of Labor Standards

creates a state level Transportation Network Company tax and preempts the City from enforcing the Transportation Network Company (TNC) Driver Minimum Compensation and TNC Driver Deactivation Rights Ordinances starting on January 1, 2023. OLS received \$3.8 million in TNC tax revenue in the 2022 Adopted Budget to fund driver resolution services through a Driver Resolution Center (DRC) and to enforce the TNC Driver Minimum Compensation Ordinance.

In addition to the TNC-related reductions, OLS will also see a reduction to its general operating expense budget to assist the City in its efforts to balance the general fund. This is a 19% reduction to the unprogrammed operating expense budget and was identified by OLS as the least harmful reduction the department could take. The Adopted Budget reduces the amount allocated to contract for outreach related to independent contractor provisions. The Adopted Budget prioritizes enforcement related work by preserving a Civil Rights Analyst position.

The 2023 Adopted and 2024 Endorsed budgets seek to avoid any additional reductions to the OLS budget to maintain necessary staffing levels in OLS. Current vacancies will be filled to support implementation of Ordinance 126595, the recently passed Pay Up legislation. Pay Up Legislation focuses on providing app-based workers labor standard protections including a minimum wage, creating transparency in employment terms, and protecting flexibility and transparency in employment issues.

Lastly, the 2023 Adopted and 2024 Endorsed budgets make several technical adjustments to the OLS budget including an annual wage increase for staff, increased costs for internal central services, and the removal of one-time items from the previous year's budget.

### City Council Changes to the Proposed Budget

The Council added funding and position authority to implement and enforce the Pay-Up legislation. The Council eliminated the proposed abrogation of the TNC Strategic Advisor 1 position and included the position for Pay-Up.

## Incremental Budget Changes

Implement and Enforce the App-Based Worker Minimum Payment Ordinance	551,497	3.00
--	---------	------

<b>Total Incremental Changes</b>	<b>\$(3,698,105)</b>	<b>2.00</b>
----------------------------------	----------------------	-------------

<b>Total 2023 Adopted Budget</b>	<b>\$8,432,555</b>	<b>36.00</b>
----------------------------------	--------------------	--------------

## Description of Incremental Budget Changes

### Baseline

#### Baseline Revenue Changes

Revenues	\$(2,013,783)
----------	---------------

This is a technical change to remove one-time budget items from the baseline revenue budget.

#### Remove 2022 One-Time Adds

Expenditures	\$(560,650)
--------------	-------------

This is a technical change to remove one-time budget adds from the baseline budget. The adjustment removes \$500,000 for the Domestic Worker Standards Board Recommendations and \$60,650 for the set up and initial implementation costs of the Independent Contractor Legislation Resourcing.

#### Citywide Adjustments for Standard Cost Changes

Expenditures	\$44,671
--------------	----------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures	\$160,417
--------------	-----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### Proposed Operating

#### Dissolution of City-Level Driver Resolution Center

Expenditures	\$(3,500,000)
--------------	---------------

This item removes \$3.5 million in appropriation backed by Transportation Network Company (TNC) Tax revenues to support the Driver Resolution Center (DRC). Washington State passed ESHB 2076 which created a state led TNC Tax and preempted the Driver Deactivation Rights Ordinance, starting January 1, 2023. The DRC contract is currently

## Office of Labor Standards

based around the Driver Deactivation Rights Ordinance and will be dissolved once the current contract ends in December 2022.

### Abrogate TNC Strategic Advisor 1

Expenditures	\$(162,395)
Position Allocation	(1.00)

The Council eliminated this proposal in the adopted budget. Refer to the Council Phase Changes section below. The proposed budget description follows:

This item abrogates the Strategic Advisor 1 position funded by the TNC Tax. Washington State passed ESHB 2076 which created a state led TNC Tax and preempted OLS activities related to TNC. This position will not have a TNC related body of work to perform in 2023.

### Reduction to Community Outreach Funds for Independent Contractor Protections Ordinance

Expenditures	\$(143,835)
--------------	-------------

This item reduces funding for community outreach related to the Independent Contractor Protections ordinance by \$143,835 in 2023 and 2024. OLS has already executed contracts with community organizations through 2023 and can use existing resources and the remaining \$17,165 for outreach in 2023 and 2024.

### Reduce General Operating Expense Budget

Expenditures	\$(87,810)
--------------	------------

This item reduces OLS' general operating expense appropriation for 2023-24. This reflects a 19% reduction to the total appropriation for general operating expenses and is being reduced as part of the effort to reduce expenditures for the biennium.

## Proposed Technical

### Office of Labor Standards Fund Balancing Entry

Revenues	\$477,881
----------	-----------

This is a technical item to record a fund balancing entry for the OLS Department Fund, which are primarily managed by this department.

### OLS Fund Revenue Updates

Revenues	\$(2,713,700)
----------	---------------

This item decreases revenue from the General Fund to the Office of Labor Standards fund to reflect the budget changes described above.

## Council

### Implement and Enforce the App-Based Worker Minimum Payment Ordinance

Expenditures	\$551,497
Revenues	\$551,497
Position Allocation	3.00

This City Council item adds 3.0 FTE and \$551,497 in 2023 and \$526,497 in 2024 to implement and enforce the App-

## Office of Labor Standards

Based Worker Minimum Payment Ordinance 126595. Effective in January 2024, the Ordinance will require network companies to comply with minimum payment standards for app-based workers, engage in transparent business practices with workers and customers, and routinely submit data to the City. This increased funding and position authority will allow OLS to do rulemaking, create an outreach campaign, and enforce on the new body of work.

## Office of Labor Standards

### Appropriations by Budget Summary Level and Program

#### **OLS - BO-LS-1000 - Office of Labor Standards**

The purpose of the Office of Labor Standards Budget Summary Level is to implement labor standards for workers performing work inside Seattle's city limits . This includes investigation, remediation, outreach and education, and policy work related to existing labor standards and those that the City may enact in the future.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>

*The following information summarizes the programs in Office of Labor Standards Budget Summary Level:*

#### **Business Outreach & Education**

The purpose of the Business Outreach and Education program is to facilitate assistance and outreach to small businesses owned by low-income and historically disenfranchised communities, who typically are not served by traditional outreach methods, to increase awareness and compliance with Seattle's labor standards.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Business Outreach & Education	570,091	600,000	600,000	600,000

#### **Community Outreach & Education**

The purpose of the Community Outreach and Education program is to strengthen the collaboration between OLS and the community by funding community-based organizations and enhancing their capacity to increase awareness and understanding of Seattle's labor standards among populations and industries with low-wage jobs and that experience high-incidents of workplace violations including: female-identifying workers, workers of color, immigrant and refugee workers, LGBTQ workers, workers with disabilities, veterans and youth workers.

## Department Overview

The Seattle Department of Neighborhoods (DON) mission is to strengthen Seattle by engaging all communities. DON provides resources and opportunities that help Seattle residents build strong communities, receive equitable access to government, and improve their quality of life. This is accomplished by fostering community partnerships, cultivating emerging leadership, and facilitating community inclusiveness.

DON has three lines of business:

**Community Building** provides programs and services that strengthen local communities by investing in community resources, engaging residents in community improvements, and centering the needs and solutions of historically harmed communities. The programs that support this work include:

- Community Engagement Coordinators
- Community Liaisons
- Community Safety
- Historic Preservation
- Major Institutions and Schools
- P-Patch Community Gardening
- People's Academy for Community Engagement (PACE)
- Reimagination and Recovery

**Leadership and Administration** provides executive leadership, communications, and internal operations and administration support for the entire department. This support includes financial, human resources, information technology, facility, and administrative functions.

**Community Grants** provides financial and technical support to local grassroots projects within neighborhoods and communities by providing funding to implement community-driven improvement projects. The programs that support this work include:

- Neighborhood Matching Fund
- Food Equity Fund

## Budget Snapshot

### Budget Overview

The 2023 Adopted and 2024 Endorsed Budgets for the Department of Neighborhoods (DON) focus on the identification of department efficiencies and realignment to continue providing core services without significant General Fund reductions. The budget includes several technical adjustments to move staff into the recently formed Reimagination and Recovery division in DON. Staff will focus on facilitation of the Jumpstart Payroll Expense Tax oversight board and outreach and engagement in the Chinatown International District related to community planning and transit infrastructure projects. The adopted budget transfers or eliminates under-utilized programs to maintain core lines of businesses and to better align broader citywide efforts. The adopted budget focuses reductions in areas that will have minimal impact on community.

#### City Council Changes to the Proposed Budget

The City Council made three changes to DON's Proposed Budget. The Council added funding for a Ballard Community Safety Hub Coordinator, increased the inflationary adjustment to the Rainier Beach: A Beautiful Safe Place for Youth program to 7.6% in 2023 and 6.7% in 2024, and moved \$1.85 million in one-time funding from Finance General to DON to continue the development of the Generational Wealth Initiative as recommended by the Equitable Communities Initiative Task Force in 2021.

## Department of Neighborhoods

## Department of Neighborhoods

### Description of Incremental Budget Changes

#### Baseline

##### **Removal of one-time funding**

Expenditures	\$(2,925,000)
Position Allocation	(3.50)

This item removes one-time funding of \$2.925M for Redistricting (\$275K), Guaranteed Basic Income Pilot (\$200K), Equitable Communities Initiative Generational Wealth (\$900K), Equitable Communities Initiative Food Equity Fund (\$750K), and CID Planning (\$800K) from the baseline.

##### **Citywide Adjustments for Standard Cost Changes**

Expenditures	\$70,464
--------------	----------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

##### **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures	\$364,638
--------------	-----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime, and temporary labor. There is no increase assumed from 2022 to 2023.

##### **Move Payroll Expense Tax Oversight Committee Facilitation to Reimagination & Recovery Division**

Expenditures	-
Position Allocation	-

This item is a budget-neutral position transfer to move the payroll tax oversight board facilitator position to the Reimagination & Recovery division to better align division responsibilities.

##### **Move CID Coordinator position to Reimagination & Recovery Division**

Expenditures	-
Position Allocation	-

This item is a budget-neutral position transfer to move the CID Coordinator position to the Reimagination & Recovery division to better align division responsibilities.

##### **Move Strategic Advisor 1 position to Reimagination & Recovery program**

Expenditures	-
Position Allocation	-

## Department of Neighborhoods

This item is a budget-neutral position transfer from Community Engagement Coordinator division to the Reimagination and Recovery division to better align division responsibilities.

### Central Cost Manual (CCM) Reconciliation and Alignment

Expenditures	-
--------------	---

This item is a budget-neutral reconciliation and alignment of accounts related to Central Costs.

### Health Care Reconciliation

Expenditures	-
--------------	---

This item is a budget-neutral reconciliation and alignment of Health Care accounts related to Central Costs.

### Inflation Adjustment to Rainier Beach: A Beautiful Safe Place for Youth

Expenditures	\$21,866
--------------	----------

The Council altered this proposal in the adopted budget. Refer to the Council Phase Changes section below. The Proposed Budget description follows: This item provides a 4% inflationary increase to DON's program, Rainier Beach: A Beautiful Safe Place for Youth. This contract was transferred to DON from the Human Services Department (HSD), and this inflationary adjustment is consistent with those HSD is providing its contracts.

## Proposed Operating

### Provide Program Expenses for Indigenous Advisory Council

Expenditures	\$27,300
--------------	----------

This item adds \$27,300 in ongoing funding to the Community Building BSL to implement and coordinate the City of Seattle's Indigenous Advisory Council (IAC). The Indigenous Advisory Council builds and strengthens Indigenous representation and Indigenous knowledge in public policy processes by promoting and advancing priorities and solutions identified by and for Indigenous communities. Funding will cover administrative costs and council member compensation to reduce barriers for participation.

### Transfer Duwamish River Opportunity Fund to Office of Sustainability and Environment

Expenditures	\$(249,799)
--------------	-------------

This item reduces \$249,700 in ongoing funding from the Community Building BSL. The Duwamish River Opportunity Fund (DROF) will be transferred to the Office of Sustainability and Environment (OSE) to align with OSE's broader Duwamish Valley investment strategy. DROF focus on community-driven climate justice initiatives, including health, education, housing, food security, and environmental restoration.

### Align Reimagination and Recovery Division Staff with Economic Revitalization

Expenditures	-
Position Allocation	-

This budget-neutral item shifts two positions in the Reimagination and Recovery Division from General Fund to Payroll Expense Tax Fund to increase alignment of generational and community wealth with economic revitalization programs.

### Eliminate Property Lease Funding

Expenditures	\$(360,000)
--------------	-------------

## Department of Neighborhoods

This item removes \$360,000 in ongoing funding from the Community Building BSL for a property lease and programing that was never utilized.

### Reduce interdepartmental revenue for shared services

Expenditures	\$(213,766)
Revenues	\$(213,766)

This item recognizes an ongoing revenue reduction of \$213,776 in the Community Building BSL. Funding was previously provided by Seattle Department of Transportation for outreach and engagement related to the West Seattle Ballard Link Light Rail Extension (WSBLE).

### Eliminate Grants & Contracts Specialist position

Expenditures	\$(114,923)
Position Allocation	(1.00)

This item removes \$114,923 of ongoing funding and abrogates a vacant Grants & Contracts Specialist position in the Community Building BSL. Sweetened Beverage Tax (SBT) revenue have not recovered from COVID declines as quickly as originally forecast and are now projected to be approximately \$800,000 lower annually through 2026. Consequently, departments receiving this revenue reviewed their operating budgets for reductions that would not impact direct services and benefits for individuals in need.

### Fund Source True Up

Expenditures	-
--------------	---

This item is a budget neutral technical change to correctly code the funding source for a position funded by Payroll Expense Tax in accordance with fiscal management policies.

### Proposed Technical

#### Revenue adjustments

Expenditures	\$50,000
Revenues	\$8,920

This item is a technical adjustment to align department revenue with updated 2023 revenue projections.

### General Fund Revenue Adjustment

Revenues	-
----------	---

This is a technical adjustment to capture centrally projected and forecast General Fund revenue increments for this department. This item adjusts revenue from the Historic Preservation and Major Institutions permit review to align with 2023 revenue projections.

### Council

#### Ballard Community Safety Hub Coordinator

Expenditures	\$100,000
--------------	-----------

This item adds ongoing General Fund to contract with a local business organization in the Ballard neighborhood to work as a Community Safety Hub Coordinator. Funds will be allocated in order to provide a central point of contact within the community to resolve issues the neighborhood is experiencing. Similar positions are currently funded in

## Department of Neighborhoods

the South Park and Chinatown/International District neighborhoods. The Community Safety Hub Coordinator position would liaise between the Office of the Mayor, City Council offices, City and County departments, Human Service providers, and neighborhood businesses, providing meaningful coordination between these departments and organizations.

### **Inflationary adjustment for Rainier Beach: A Beautiful Safe Place for Youth**

Expenditures	\$19,679
--------------	----------

This item adds \$19,679 of General Fund in 2023 and \$36,347 of General Fund in 2024 to provide inflationary increases to the Rainier Beach: A Beautiful Safe Place for Youth (RBABSPY) program. The 2023-2024 Proposed Budget would increase funding for RBABSPY by 4 percent annually in 2023 and 2024. This amendment will add additional funding in line with 7.6 percent (2023) and 6.7 percent (2024) increases proposed to be provided through human services contracts under Council Budget Actions HSD-001-B-001-2023 and HSD-002-A-001-2023.

RBABSPY is a community-oriented violence prevention initiative to reduce youth victimization and to improve relations between youth, police, and the community through evidence-based, non-arrest strategies. The goal of the project is to identify and address the underlying, place-based causes of youth victimization and crime in the Rainier Beach neighborhood.

### **Council Provisos**

#### **Generational Wealth Initiative**

Expenditures	\$1,850,000
--------------	-------------

Position Allocation	2.50
---------------------	------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item moves \$1.85 million in one-time funding backed by payroll tax from Finance General to the Department of Neighborhoods. This funding will support the work of the Generational Wealth Initiative as it delivers its initial report to the City Council in January 2023 and its final report in August 2023. The City Council expressed an intent to identify funding to continue the work of the Generational Wealth Initiative in 2024, with funding and staffing levels to be determined after the release of the Generational Wealth Initiative final report and Economic Revitalization Implementation Plan.

Of the amount included in this Council Budget Action, \$350,000 will fund staffing costs for 2.5 FTE, including a Strategic Advisor, a Planning and Development Specialist, and a half-time Public Relations Specialist. The remaining funding will be released in two phases: \$150,000 will be released upon the transmittal of a draft report on program path and deliverables, and the remaining \$1.35 million will be released upon delivery of the final report.

This item imposes the following two provisos:

"Of the appropriation in the 2023 budget for the Department of Neighborhoods (DON), \$1.5 million is appropriated solely for the implementation of the Generational Wealth Initiative and may be spent for no other purpose. Furthermore, no more than \$150,000 so appropriated may be spent until the Department submits a preliminary report on the Generational Wealth initiative that includes information on program path and deliverables and the Chairs of the Housing and Finance, and Neighborhoods, Education, Civil Rights and Culture Committee file a certification that DON has filed such a report. In addition, no more than \$1.35 million so appropriated may be spent until the Department submits their final report on the Generational Wealth Initiative to the entire City Council and the Chairs of the Housing and Finance, and Neighborhoods, Education, Civil Rights and Culture Committees file a certification that DON has submitted such a report."

*The following information summarizes the programs in Community Building Budget Summary Level:*

## Department of Neighborhoods

### Community Engagement Coordinators

The purpose of the Community Engagement Coordinators Program is to provide a range of technical assistance and support services for residents and neighborhood groups to develop a sense of partnership among neighborhood residents, businesses, and City government.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Community Engagement Coordinators	2,075,106	3,531,858	2,080,232	2,072,182
Full Time Equivalents Total	17.00	20.00	17.00	17.00

### Community Liaisons

The purpose of the Community Liaisons Program is to provide equitable outreach and engagement in a culturally competent manner to historically underserved communities. This is done for City departments through independent contractors who serve as resources and liaisons for community members, provide quality translations and interpretations and advise on best practices for engaging with their communities.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Community Liaisons	709,637	718,665	784,751	782,973
Full Time Equivalents Total	3.00	4.00	4.00	4.00

### Community Safety

The purpose of the Community Safety program is to support the City of Seattle's commitment to being a safe, vibrant, and interconnected city that ensures all residents can live safely and securely.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Community Safety	920,172	1,091,649	873,194	912,603

### Historic Preservation

The purpose of the Historic Preservation Program is to provide technical assistance, outreach, and education to the general public, owners of historic properties, government agencies, and elected officials to identify, protect, rehabilitate, and re-use historic properties

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Historic Preservation	1,005,461	838,541	869,901	866,628
Full Time Equivalents Total	7.00	7.00	7.00	7.00

### Major Institutions and Schools

The purpose of the Major Institutions and Schools Program is to coordinate community involvement in the development, adoption, and implementation of Major Institution Master Plans, and to facilitate community involvement in school re-use and development.

## Department of Neighborhoods

	2021	2022	2023	2024

# Office of Planning and Community Development

Rico Quirindongo, Acting Director

(206) 386-1010

<http://www.seattle.gov/opcd/>

## Department Overview

The Office of Planning and Community Development (OPCD) was established in December 2015 with a mission of strengthening citywide planning and implementation and ensuring City departments are aligned and coordinated in planning for Seattle's future development. OPCD coordinates City departments to ensure that development decisions and investments advance equitable growth, consistent with Seattle's Comprehensive Plan. The department is guided by its vision of "an inspiring city, in harmony with nature, where everyone thrives." In addition to partnering with other City departments, OPCD works closely with community partners and other agencies to implement that vision. During the last five years, OPCD has accomplished a wide range of projects, including annual amendments to the City's Comprehensive Plan, implementation of legislation to make it easier for property owners to create accessory dwelling units (ADUs) and develop affordable housing; development of new Design Guidelines in six neighborhoods; 130th Street and 145th Street station area planning; industrial and maritime strategy planning; funding 63 community-initiated projects to combat displacement and increase access to opportunity through the Equitable Development Initiative (EDI); and numerous other items.

The director of OPCD serves in the Mayor's various subcabinets to facilitate coordinated decision-making to address policies and investments that support Seattle's BIPOC communities. OPCD works with the Mayor's Office and members of the cabinet to ensure the City's investments support community development objectives and that department priorities are aligned and reflected in policies and budget resources.

OPCD is organized in five divisions: Equitable Development, Long Range Planning, Community Planning, Land Use Policy, and Urban Design. OPCD also houses two independent commissions: the Seattle Design Commission and the Seattle Planning Commission. OPCD also staffs the Equitable Development Initiative Advisory Board.

### Equitable Development

This division leads the City's Equitable Development Initiative (EDI) in collaboration with City departments and community groups to invest in community-led efforts aimed at addressing issues of racial equity, social justice, economic mobility and residential, cultural and commercial displacement. The Equitable Development Framework guides how the City prioritizes its work; shapes its budgets, policies, programs, and investments; and structures the implementation of targeted strategies and equitable development projects by using clear objectives for reducing disparities and achieving equitable outcomes for marginalized populations.

### Long Range Planning

This division leads the development of strategies, policies, and actions on issues of Citywide importance through efforts such as annual amendments and periodic major updates to Seattle's Comprehensive Plan. This division provides data support for OPCD and other City departments in the areas of demographics, land use, and related data monitoring and analytics. This division also represents the City in regional planning initiatives and works with partners to conduct research and analysis on current issues and trends to forecast potential future challenges and opportunities.

### Community Planning

This division works at the neighborhood, district, corridor or community scale to develop localized strategies for addressing community-defined priorities and outcomes. These efforts are typically undertaken in collaboration with community partners and involve multiple City departments as well as other agencies, such as Sound Transit. Outcomes range from community visioning and near-term tactical interventions to legislative actions such as adoption of design guidelines and rezoning. Decisions about where to focus these efforts are informed by data on

## Office of Planning and Community Development

racial equity, growth, displacement and access to opportunity, environmental issues and other topics. Projects are often in response to major capital investments or market forces that will catalyze community change and/or contribute to increased displacement. This division also leads site- and area-specific efforts to facilitate desired change in the built environment and property redevelopment that achieves community-benefit outcomes.

### Land Use Policy

Land Use Policy includes work on topics such as affordable and market-rate housing policy, and departmental efforts that implement changes to the City's land use (zoning) code and other City regulatory and incentive codes. The group coordinates closely with the Seattle Department of Construction and Inspections, the Office of Housing, the Office of Economic Development, and others. The division guides major policy updates, such as the industrial/maritime strategy. This division previously led several housing-related initiatives including the implementation of Mandatory Housing Affordability. The division provides technical support to other departmental and non-departmental efforts, such as State Environmental Policy Act (SEPA) review and preparation of legislation to implement actions. Members of the land use policy group are currently contributing substantially to the One Seattle Major Comprehensive Plan update.

### Urban Design

OPCD's urban design group supports near- and long-term planning efforts related to design and placemaking for the physical environment. The division prepares design guidelines, area planning, and project-specific placemaking efforts such as the Lid I-5 study, 520 corridor design, and ST3 station area design guidelines. They collaborate frequently with the Design Commission, other departments and partner agencies. The division provides technical support to other departmental and non-departmental functions related to design.

In addition, two independent commissions and the Equitable Development Initiative Advisory Board are housed within OPCD:

- The **Seattle Design Commission** advises the Mayor, City Council, and City departments on environmental and design excellence of capital improvement projects erected on land belonging to the City, financed in whole or in part with City funds, or subject to the approval of the City. The commission also evaluates projects that seek long-term or permanent use of a right-of-way. The commission focuses their recommendations on aesthetic, environmental and design principles and policies, and promotes interdepartmental and interagency coordination. The 10 Commissioners that comprise the Seattle Design Commission are supported by 3 FTE staff for meetings that occur twice a month. Examples of projects under Commission review include major transportation projects, community centers, park facilities, fire stations and police stations.
- The **Seattle Planning Commission** advises the Mayor, the City Council and City departments on broad planning goals, policies and plans for the physical development of the city. Comprised of 3.5 FTE staff and 16 volunteers, the commission's work is framed by the Comprehensive Plan and seeks public comment and participation as a part of the process to achieve the plan's vision. The commission provides independent analysis and promotes issues vital to livability.
- The **Equitable Development Initiative (EDI) Advisory Board** was made permanent by the passage of Ordinance 126173 in September 2020. The Board is comprised of 13 members representing those communities most harmed and impacted by disinvestment. The EDI program is foundational to the City's RSJI goals and strategy found in the Equitable Development Implementation Plan. The Board provides guidance and recommendations on the allocation of funds dedicated to reducing current and anticipated displacement, evaluates the Equitable Development Monitoring Program, and plays a critical role in contributing an equity lens for the City's Comprehensive Plan outreach and engagement efforts. This body of work is carried out through public Board meetings, standing committee work, relationship building with OPCD's Planning divisions, and other Boards and commissions such as the Planning Commission, all with the aim of aligning equitable development outcomes. Administrative support is provided solely by the EDI Division.

## Budget Overview

OPCD's 2023 Adopted and 2024 Endorsed Budget continues funding for the 8-year major update of the City's Comprehensive Plan and contains significant new investments for Regional Growth Center Subarea Plans. Other priority items include the Equitable Development Initiative, Sound Transit 3 staffing, community and long-range planning, and monitoring affordable housing and displacement.

### The Equitable Development Initiative

The Equitable Development Initiative (EDI) continues to be an important and growing program within OPCD. The EDI program is coordinated by OPCD and guided by an interdepartmental working group consisting of staff from the Office of Housing (OH), Department of Neighborhoods (DON), Office of Economic Development (OED), Office of Arts and Culture (ARTS), Mayor's Office (MO), and City Budget Office (CBO). It is also informed by an external board representing impacted communities. In 2017, the City Council identified the initial five projects for the EDI program. The program has grown to 41 community-based projects today. Support for each of these projects includes a mix of capacity building and capital development funding, which can include site acquisition.

The EDI program was initially funded with \$16 million in one-time proceeds from the sale of surplus property known as the Civic Square Block. The Washington State Legislature passed the Short-Term Rental Tax (STRT) in the 2018 legislative session and therefore, since 2019, the EDI program has also been funded with STRT revenues. In July 2019, the City Council passed Ordinance 125872, which created a new fund for STRT and directed that \$5 million from this fund be dedicated annually to EDI projects. Unfortunately, STRT revenues are in decline and therefore, the 2023 Adopted Budget includes \$4.415 million of STRT for EDI. However, this \$585,000 loss is more than offset by increased JumpStart Payroll Expense Tax funding (see below). The adopted budget also includes \$430,000 of Community Development Block Grant (CDBG) dollars for EDI grants. CDBG dollars are received as part of a grant from the federal government and will support construction or site development work. Ongoing General Fund supports some EDI staff and other administrative components of the program.

The most recent expansion of EDI occurred in the 2022 Adopted Budget with the additional allocation of \$14.3 million from the JumpStart Payroll Expense Tax. In addition to grant awards, the baseline budget from this funding source supports three positions to help the EDI team administer its funding and projects as well as to provide technical assistance to community organizations. This tax was imposed via Ordinance 126108, which was approved by the City Council in July 2020. In July 2021, the City Council established a spending plan for these revenues when they passed Ordinance 126393; this plan includes a nine percent allocation to the Equitable Development Initiative. Because payroll tax revenues are expected to be higher in 2023 than they were when the 2022 budget was adopted,

## Office of Planning and Community Development

the adopted budget provides an additional \$5.47 million of payroll tax for EDI grant awards; payroll tax also funds \$280,000 of EDI labor costs in 2023 that were formerly supported by the General Fund. Total payroll tax support for EDI grants in 2023 is \$19.4 million which, when combined with funding from Short-Term Rental Tax and CDBG grant dollars, will support an estimated 20-30 projects.

The ongoing funding of the Equitable Development Initiative through the Payroll Expense Tax and Short-Term Rental Tax means that City investments in these community-driven projects and land acquisitions will continue indefinitely and will provide a lasting legacy for Seattle and its BIPOC community members.

### Planning

One of the core functions of OPCD is to serve as the steward of the City's Comprehensive Plan, a 20-year vision and roadmap for Seattle's future. The Comprehensive Plan guides City decisions about where to accommodate and plan for new jobs and residences, how to improve the transportation system, and where to make capital investments such as utilities, sidewalks, and libraries. It provides a framework to guide most of Seattle's big-picture decisions on how to manage growth to achieve environmental sustainability, racial equity, shared prosperity, and healthy and vibrant neighborhoods.

The Washington State Growth Management Act (GMA) requires that cities undertake a major review and update of their comprehensive plans every eight years. Under the GMA, comprehensive plans must accommodate the growth that is anticipated over the next 20 years. The previous major update of the Seattle Comprehensive Plan anticipated growth of 70,000 housing units and 115,000 jobs during the 2015-2035 planning period. The next major update will extend the planning period to approximately 2044 and plan for Seattle to grow to nearly a million residents, along with continued strong growth as the region's employment center. With this update, the City will review and revise as needed the Urban Villages growth strategy and policies that guide City actions that include land use, transportation, housing, and public investments. The 2021 Adopted Budget added \$130,000 in one-time resources for OPCD to work on an Environmental Impact Study and engage in community outreach to support the next major update to the Comprehensive Plan. The 2022 Adopted Budget included \$895,000 and a term-limited position (through 2024) to continue community engagement work and complete major elements of the environmental review process, including State Environmental Policy Act (SEPA) scoping, a draft Environmental Impact Statement (EIS), and historic resources work. The adopted budget continues to support this effort with a \$162,500 allocation of a state-funded formula grant for Comprehensive Plan work.

The 2022 Adopted Budget also included \$150,000 to initiate work on Regional Growth Center Subarea Planning, which will be adopted as attachments to the Comprehensive Plan update. Completion and adoption of these six plans are a requirement for obtaining future transportation funding from the Puget Sound Regional Council. Therefore, the adopted budget includes \$650,000 for consultants and a term-limited (through 2025) staff position (\$170,000) to continue work on these plans.

OPCD leads the ST3 West Seattle Ballard Link Extensions (WSBLE) Planning Work Group, one of seven work groups in the Citywide WSBLE Work Plan. 2022 work plan activities fall into three main categories: 1) advancing station design; 2) engaging in station area planning; and 3) carrying out the City's Federal Transit Administration transit-oriented development pilot grant of \$1.75 million. The 2023 Adopted Budget includes \$162,000 to fund one term-limited position (through 2025) to support City work on WSBLE-related items. Early station area planning is underway in the Chinatown-International District through the Jackson Hub community planning process, which will produce planning and coordinated investment strategies in mid-2022. Early planning is also underway in the Maritime and Industrial station areas that include SODO, Smith Cove, Interbay, and Ballard. Delridge and Westlake station areas may also scope and launch early station area planning efforts in the near future.

### City Council Changes to the Proposed Budget

The City Council modified the proposed budget in the following ways:

- The City Council added \$415,000 of ongoing Short-Term Rental Tax support for Equitable Development Initiative grants due to increased revenues from the November 2022 revenue forecast.

## Office of Planning and Community Development

- The City Council added \$250,000 of one-time JumpStart funding for Community Investment Trusts, an alternative investment mechanism that allows community members to invest relatively small amounts of money in development projects that support economic revitalization.

# Office of Planning and Community Development

## Description of Incremental Budget Changes

### Baseline

#### **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures	\$268,098
--------------	-----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for OPCD personnel costs. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### **Central Cost Manual Adjustment**

Expenditures	-
--------------	---

This item is a net zero adjustment at the Fund and Budget Control Level. This item moves budget between accounts so that the 2023-24 Baseline is equal to the 2022 Adopted Central Cost Manual.

#### **Citywide Adjustments for Standard Cost Changes**

Expenditures	\$164,438
--------------	-----------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services; Seattle Information Technology Department; Seattle Department of Human Resources; and for healthcare, retirement, and industrial insurance charges. These adjustments reflect initial assumptions about these costs and inflation amounts early in the budget process.

#### **Reversal of One-Time Items**

Expenditures	\$(3,850,300)
Revenues	\$(430,000)

This item reverses one-time items added in the 2022 Adopted Budget.

### Proposed Operating

#### **JumpStart Payroll Expense Tax for Equitable Development Initiative (EDI) Grants**

Expenditures	\$5,468,411
--------------	-------------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to the City's Equitable Development Initiative. This item adds \$5.5 million backed by payroll tax to provide funding for OPCD's Equitable Development Initiative (EDI). This is in addition to the baseline amount of \$13.8 million, bringing total payroll tax support for EDI grants to \$19.5 million. EDI provides grants to community-based organizations that seek to minimize economic displacement, increase access to economic mobility and opportunity, and enable equitable access to neighborhoods throughout Seattle.

#### **Payroll Expense Tax Funding for EDI Labor**

Expenditures	-
--------------	---

The General Fund revenue forecast for the City's 2023 Adopted Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the General Fund budget by \$280,000, which will result in a corresponding increase in Payroll Expense Tax - EDI allocations. The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax)

## Office of Planning and Community Development

proceeds, of which \$20 million is allocated to the City's Equitable Development Initiative. This ongoing item transfers \$280,000 of costs for some Equitable Development Initiative positions from the General Fund to the Payroll Expense Tax to help balance the General Fund and recognize the increased share of EDI program staff time on work funded by the payroll tax.

### Reduce Short-Term Rental Tax Allocation to EDI

Expenditures	\$ (1,000,000)
--------------	----------------

The Council altered this proposal in the adopted budget. Please refer to the Council Changes section below. The proposed budget description follows:

Short-Term Rental Tax revenues are in decline. This item decreases the STRT allocations for the Equitable Development Initiative (EDI) by \$1 million in 2023 and 2024, bringing the annual allocations to \$4 million. This reduction is offset by increases in Payroll Expense Tax budget authority for EDI (please see the two items above).

### Regional Growth Center Subarea Plans

Expenditures	\$820,614
Position Allocation	1.00

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$650,000 of payroll tax support in 2023 for consultants and \$171,000 for one three-year sunset position as part of a larger 4-year phased approach to create six regional growth center subarea plans. In the 2024 Endorsed Budget, \$400,000 of payroll tax support for consultants is provided. In order to remain in good standing with the Puget Sound Regional Council, maintain eligibility for regional transportation funds, and adequately plan for growth and investment in the six Regional Growth Centers as defined by PSRC, the City must undertake and complete six subarea plans by 2025. Thus far, \$150,000 has been allocated in the 2022 budget and an additional \$252,000 is being included in the 2022 year-end supplemental to support preliminary work, including starting the first subarea planning effort in Downtown; these funds will be combined with \$198,000 of remaining Payroll Expense Tax due to staff vacancies in 2022. In addition to this, five more subarea plans will need to be completed between 2023 and the end of 2025 (Capitol Hill/First Hill, Uptown, South Lake Union, University District, and Northgate). The total budget for this work is \$600,000 in 2022; \$650,000 + 1 FTE in 2023; \$400,000 + 1 FTE in 2024; and \$350,000 + 1 FTE in 2025.

### Sound Transit 3 Staffing

Expenditures	\$162,395
Position Allocation	1.00

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds \$162,395 backed by payroll tax to add one Strategic Advisor 1 to OPCD's budget. This three-year position sunsets December 31, 2025. This staff person will support City planning efforts related to the West Seattle Ballard Link Extension project.

This action is permitted by Ordinance 126719, which the City Council adopted as part of the 2023 Adopted and 2024 Endorsed Budgets to provide, on a one-time basis for two years, temporary flexibility to spend \$2.8 million backed by payroll tax on uses determined by the City Council to be not fully aligned with the policy intent or in conflict with permitted uses as described in Ordinance 126393 and Resolution 31957.

# Office of Planning and Community Development

## Census Challenge Consultant

Expenditures	\$75,000
--------------	----------

This one-time item adds funding to enable OPCD to contract with a consultant to prepare to engage with the U.S. Census Bureau. The aim is to remedy the unexpectedly low population count for the city of Seattle in the 2020 Census and ensure an accurate count was achieved for Seattle. Population counts are the basis for many formula-based grant awards so a higher population count should yield additional grant dollars.

## Growth Management Act Formula Grant

Expenditures	\$162,500
Revenues	\$162,500

This one-time item appropriates funds from the Washington State Department of Commerce to support Growth Management Act (GMA) updates related to the City of Seattle's Comprehensive Plan. This funding will be used for community engagement and data analysis. The Washington State Department of Commerce awarded OPCD a total of \$325,000 over two years through a non-competitive formula grant. Due to the state biennial split, one half of this funding, or \$162,500, is included in the 2022 year-end supplemental budget legislation; the other half is appropriated here in the 2023 Adopted Budget. No local match is required for this formula grant.

## Replace GF Staffing Costs with FTA Grant Funding

Expenditures	\$(128,000)
--------------	-------------

The General Fund revenue forecast for the City's 2023 Adopted Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the General Fund budget by \$128,000, which is being replaced by utilizing a corresponding amount of Federal Transit Administration grant funding. The grant was previously accepted in Ordinance 126209 and the grant was appropriated as consultant dollars in Ordinance 126210. This is a one-time (2023 and 2024 only) change.

## Vacancy Rate Salary Savings

Expenditures	\$(128,000)
--------------	-------------

The General Fund revenue forecast for the City's 2023 Adopted Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This ongoing item reduces OPCD's General Fund budget by \$128,000, which will result in an increased labor savings assumption due to vacancies. This item is in addition to OPCD's \$140,000 baseline General Fund vacancy assumption.

## Proposed Technical

### CDBG Allotment for Equitable Development Initiative

Expenditures	\$430,000
Revenues	\$430,000

OPCD typically receives a \$430,000 annual allocation of Community Development Block Grant (CDBG) funding for the Equitable Development Initiative. This item assigns the appropriate funding source designation for the CDBG allocations in 2023 and 2024.

# Office of Planning and Community Development

## Council

### Increase Short-Term Rental Tax Funding for EDI Grants

Expenditures \$415,000

The November 2022 revenue forecast projects higher Short-Term Rental Tax (STRT) revenues than were forecast during the time that the proposed budget was being developed. Therefore, the 2023 Adopted Budget includes an additional \$415,000 of ongoing STRT revenues to support Equitable Development Initiative grants.

### Add Support for Community Investment Trusts

Expenditures \$250,000

The City's 2023 Adopted Budget spends approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds one-time JumpStart funding to enable OPCD to contract with a community-based organization to support learning, licensing, and implementation of Community Investment Trust (CIT) projects. A CIT is an alternative investment mechanism that allows community members to invest relatively small amounts of money in equitable development projects that support economic revitalization.

# Community Police Commission

Brandy Grant, Executive Director

(206) 256-5545

<http://www.seattle.gov/policecommission/>

## Department Overview

The Office of the Community Police Commission (CPC) is the administrative and policy support entity of the Community Police Commission. The CPC is charged with providing community oversight and input on the police reform efforts that are the subject of a Settlement Agreement between the City and the U.S. Department of Justice regarding police practices. Membership of the CPC was modified in 2017 through legislation addressing changes in civilian oversight of the police ([Ordinance 125315](#)). A 21-member board appointed by the Mayor, the City Council and the Community Police Commission governs the CPC. Each commissioner serves a three-year term.

The CPC provides an independent forum for dialogue and widespread input on the reform efforts embodied in the Settlement Agreement and Memorandum of Understanding established by the Department of Justice. Ongoing community input is a critical component of achieving and maintaining effective and constitutional policing.

The CPC leverages the ideas, talent, experience and expertise of the people of Seattle to ensure police services:

- fully comply with the Constitution of the United States;
- ensure public and officer safety; and
- promote public confidence in the Seattle Police Department and its officers.

In 2017, the CPC's role was further refined through legislation addressing changes in the civilian oversight of the police ([Ordinance 125315](#)). The CPC is still charged with fulfilling and prioritizing the responsibilities as specified under the Consent Decree and Memorandum of Understanding and its role now includes:

- reviewing and providing input to many city partners on the police accountability system, police services and the Seattle Police Department's policies and practices;
- engaging in community outreach to obtain the perspectives of the community on police-community relations, the police accountability system, police services, policies and practices and providing that input to other City departments;
- maintaining connections with representatives of disenfranchised communities and community groups; and
- advocating for reforms to state law that will enhance public trust and confidence in policing and the criminal justice system.

# Community Police Commission

## Budget Overview

The General Fund revenue forecast for the City's 2023 Adopted and 24 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. The Community Police Commission (CPC) budget provides a 3% reduction with an alternative internship plan and non-personnel cuts.

The budget is also adjusted for minor Citywide technical changes which are described below. In addition, funding of \$50,000 is reserved in the City Attorney's Office's budget for future external legal fees.

### City Council Changes to the Proposed Budget

The Council made no changes to the 2023-2024 Proposed Budget.

## Incremental Budget Changes

### Community Police Commission

	Dollars	FTE
<b>2022 Adopted Budget</b>	<b>1,871,363</b>	<b>9.00</b>
<b>Baseline</b>		
Citywide Adjustments for Standard Cost Changes	(9,128)	-
Appropriations for 2022 Annual Wage Increase (AWI)	50,019	-
<b>Proposed Operating</b>		
Executive Assistant Salary Adjustment	35,197	-
Internship Program Reduction	(32,044)	-
Non-personnel Reductions	(27,841)	-
<b>Total Incremental Changes</b>	<b>\$16,203</b>	<b>-</b>
<b>Total 2023 Adopted Budget</b>	<b>\$1,887,566</b>	<b>9.00</b>

## Description of Incremental Budget Changes

### Baseline

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$(9,128)

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

# Community Police Commission

## Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$50,019

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

## Proposed Operating

### Executive Assistant Salary Adjustment

Expenditures \$35,197

This provides the incremental funding for the reclassification of an Administrative Staff Assistant to an Executive Assistant. The position manages scheduling and communications for staff and a commission of 21 individuals. Additionally, they manage all technical, financial, and budgeting tasks. These responsibilities align closer to the new classification.

### Internship Program Reduction

Expenditures \$(32,044)

The Young Leader Fellowship/Internship program was added in the 2022 Adopted Budget; however, it was put on hold pending mid-year spending review. The CPC is partnering with local universities to build out a promising pilot that will not incur a cost to the City at this time.

### Non-personnel Reductions

Expenditures \$(27,841)

This reduction in non-personnel items along with the internship cut meets a 3% reduction for the CPC to mitigate the shortfall in the City's General Fund revenues. This item aligns the commission stipend budget from \$46,000 to \$18,000. In 2022, the commission has underspent this line item.

# Community Safety and Communications Center

Christopher Lombard, Interim Director

<https://www.seattle.gov/police/about-us/about-policing/csccl>

## Department Overview

The Community Safety and Communications Center (CSCC) was established as a new department in 2021 to provide timely, accurate, and vital information to the City's first responders, city service providers, and to the public.

[Ordinance 126237](#) transferred the primary 911 center from SPD to CSCC effective June 1, 2021. Since the transition, the department has continued working to establish itself as a new/independent city department, to identify internal ongoing needs, and to explore the integration of non-uniformed and alternate resources for dispatch CSCC is home to the primary Seattle 911 call center and is the largest of its kind in the Pacific Northwest, both by staff size and volume of calls received. The center employs between 148 employees who work 24 hours a day, 365 days a year.

In 2021, CSCC began working with the Mayor's office and City Council to explore alternatives to traditional police/fire response to many 911 calls. The effort has sought to identify if other resources might be better equipped to respond to select categories of calls (e.g. mental health, those seeking shelter). Two identified and legislated programs included 1) additional capacity in the 911 center for identifying and triaging such calls and 2) the identification of, and/or creation of non-uniform (e.g. police/fire) resources available to respond to select low acuity 911 calls.

To better identify and triage potential alternate-response calls, CSCC began the process of securing and implementing a protocol-based interrogation dispatch system. This project will help the 911 center standardize operational structures to call taking, reduce bias among call takers, and provide a basis to operationalize dispatching of non-uniformed and alternative response resources to 911 calls for service.

In addition, CSCC continues working closely with the Mayor's Office to identify if there are select police/fire call types where alternative resources may be available and able to provide more efficient delivery of services.

CSCC continues to develop as a new department. To support operations as an independent department, the 2022 Adopted Budget included staffing to help stand up staffing for Administrative and Management support for this stand-alone department, to include Human Resources, Finance, Accounting, Technology Integration, Public Information, Public Disclosure, a Director, and Deputy Director. This administrative support was previously provided by SPD, and due to the size of the 911 center, requires its own internal team to handle these functions.

# Community Safety and Communications Center

## Budget Overview

The City of Seattle continues to maintain its commitments to public safety investments in the budget. In 2022, like many industries around the nation, staffing shortages have impacted public safety departments including CSCC. While the department has begun to see improvements in recruitment and retention, it has not reached full staffing of its 127 designated call taker, dispatcher, and supervisor positions. Overall, the department continues to see improvements in call response metrics including improving answering time for non-emergency line.

Due to the City's economic forecast, CSCC strives to control spending while maintaining the best services for residents. CSCC's budget recognizes vacancy savings to meet reduction targets and to align resources with their forecasted staffing. CSCC continues to be a part of the ongoing alternative response conversations with the Mayor's Office and the City Council. In 2024, CSCC will implement two projects associated with the computer-aided dispatch system (CAD), to improve compatibility with SPD's record management system (RMS) and SFD's CAD system.

### City Council Changes to the Proposed Budget

- Add \$717,000 GF (2024) to CSCC to implement dual dispatch program and impose a proviso to ensure continued investment in expanding 911 emergency response.
- Add 2.0 FTE 911 Emergency Communications Dispatcher II in 2023 to enhance call takers' ability to answer the City's 911 emergency line.

# Community Safety and Communications Center

Total Incremental Changes	\$(1,638,545)	(24.00)
Total 2023 Adopted Budget	\$20,522,661	150.00

## Description of Incremental Budget Changes

### Baseline

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$(470,339)

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$647,938

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### Reduce one-time funding for Low Acuity 911 response

Expenditures \$(400,000)

This item reduces one-time funding of \$400,000 related to Low Acuity 911 response. Low Acuity 911 response is a part of ongoing alternative safety conversation with the Mayor's Office and Council.

#### Reduce one-time funding for 911 Center scoping study

Expenditures \$(150,000)

This item removes one-time funding of \$150,000 provided in the 2022 budget process. This funding was one-time consultant dollars that were put on hold in 2022 due to GF budget constraints. These funds were to update the 2016 staffing study and this work now will be part of staffing added in 2022.

### Proposed Operating

#### Reduction of additional positions and related funding

Expenditures \$(879,219)

Position Allocation (26.00)

This item reduces 26 additional call taker positions, dispatcher positions and the associated \$879,000 of funding added during the 2022 budget process, to align the budget with anticipated expenses and forecasted staffing plans. The department has been operating with 148 FTE, of which 127 FTE are designated call takers, dispatchers, and Supervisors. CSCC has been experiencing vacancies and attrition with the call taker positions but the staffing

## Community Safety and Communications Center

situation has been improving. Currently, CSCC call takers have a vacancy rate of 10% and are still in the process of hiring for current FTEs.

### Reduction based on projected staffing levels

Expenditures	\$(512,925)
--------------	-------------

This item reduces staffing by 2.6%, through an assumed vacancy rate (approximately 4.0 FTE positions), based on projected staffing levels in CSCC. This aligns the budget with current and forecasted staffing plans. The department has seen improvements in recruitment and retention over the last several months.

### Transfer ESLIP funding back to SPD

Expenditures	\$(67,423)
--------------	------------

This item returns Emergency Sign Language Interpretation Program (ESLIP) from CSCC back to SPD. The funding for this contract was inadvertently transferred to CSCC from SPD during the transition. The ESLIP service is primarily utilized by SPD officers in the field and SPD is responsible for paying for this contract.

### Update CSCC and SPD software for improved compatibility

Expenditures	-
--------------	---

In 2024, \$153,539 of one-time funding is for CSCC's computer-aided dispatch (CAD) system to improve compatibility with SPD's record management system. This will help resolve duplicate-entry problem within the CAD and RMS system, improve CSCC/SPD data management, improve data access (e.g. for Public Disclosure Requests, legal data requests, etc.). Funding will be available in 2024 after the completion of CSCC's computer-aided dispatch overall system in 2023.

### Updates to CSCC's and SFD's computer-aided dispatch (CAD) systems

Expenditures	-
--------------	---

In 2024, \$94,929 of one-time funding is for CSCC's computer-aided dispatch (CAD) system to improve compatibility with SFD's computer-aided dispatch (CAD) system. This update will develop two-way data integration that will enable dispatchers in the CSCC's 911 Center and SFD's Fire Alarm Center to coordinate response based on shared data. Funding will be available in 2024 after the completion of CSCC's computer-aided dispatch overall system in 2023.

## Council

### Add 2.0 FTE Emergency Communications Dispatcher II

Expenditures	\$193,423
Revenues	\$193,423
Position Allocation	2.00

This Council Budget Action adds 2.0 FTE 911 Emergency Communications Dispatcher II in 2023 to CSCC to enhance call takers' ability to answer the City's 911 Emergency line and better enable the CSCC to meet call-answering standards. These positions will be funded from an escrow account maintained by King County for the receipt of 911excise tax revenues due to the CSCC Public Safety Answering Point (PSAP).

## Council Provisos

### Add \$717,000 GF (in 2024) to implement dual dispatch program and impose a proviso

Expenditures	-
--------------	---

## Community Safety and Communications Center

This Council Budget Action adds \$717,000 GF (2024) to CSCC to support the implementation of dual dispatch of sworn officers and civilian staff to augment current response to calls with a mental/behavioral health nexus. This investment is in addition to \$1.9 million already reserved for the same purpose.

# Office of Emergency Management

Curry Mayer, Director

(206) 233-5076

<https://www.seattle.gov/emergency-management>

## Department Overview

The Office of Emergency Management (OEM) is responsible for the city-wide emergency management program. The mission of OEM is, “Bringing people together to reduce the impacts from disasters.” This office has the city-wide responsibility to:

- Facilitate citywide response which includes orchestrating coordination conference calls, managing response actions/activities and physically maintaining and managing the Emergency Operations Center (EOC) to ensure overall unity of effort when responding to emergencies and disasters of all sizes and impacts,
- Manage the City’s comprehensive activities related to emergency planning, preparedness, mitigation, response, and recovery operations,
- Administer trainings and exercises that prepare City responders, volunteers, and the public to respond and recover from disasters, and
- Seek and administer post disaster recovery costs and pre-disaster mitigation grants often totaling into the millions of dollars for the city and its departments.

OEM also focuses substantial effort in preparing the community for disaster through public education, capability-building with community organizations, vulnerable population outreach, limited English proficiency, low income and immigrant and refugee communities.

The dedicated staff of OEM ensure the city meets the national and international Emergency Management Accreditation Program (EMAP) standards and compliance with RCW 38.52 and WAC 118. Those standards and codes require that a program effectively carry out several functions (Planning, Operations, Mitigation & Recovery, Communications, Alert and Warning, Hazard Analysis, Training & Exercises, and Community Education & Outreach) to ensure a comprehensive emergency management program. OEM maintains plans as required by City codes including the Comprehensive Emergency Management Plan, Continuity of Government, Continuity of Operations Plans, and the City’s Hazard Mitigation Plan. The Mitigation Plan keeps the City eligible for millions of dollars in federal hazard mitigation grants, and staff assist in the recouping of millions of dollars in federal public assistance funds following any Federally declared disaster.

OEM personnel ensure that response coordination processes, systems, the physical EOC and those who staff it, are ready and prepared to coordinate disaster response and recovery efforts at any time. Response coordination through conference calls and physical EOC operations focus on coordination of action plans, information, and any needed resources through a unity of effort. The response coordination and EOC operations also assist elected officials and high-level managers in critical, policy-level decision making. Over the last two years, OEM has dealt with incidents such as: flooding risk, landslides, heavy rain, tsunamis, snow, large fire in a community building, high-rise fire, raw sewage release, POTUS visit, Verizon outage, vigils, abortion rights protests, school strike and student meal distribution, excessive heat, two large parades, active shooter, partial building collapse, cybersecurity threat, pandemic, smoke and air quality.

OEM also continues a very critical and instrumental role in securing reimbursable funds through the COVID Federal Emergency Management Agency (FEMA) public assistance recovery work. As the city’s designated Applicant Agent, OEM staff apply for and manage state and federal disaster recovery and mitigation funds for multiple projects with annual costs of several millions of dollars. Since 1990, OEM has managed twenty-two disaster declarations and to date has recouped more than \$46 million back to the city through the FEMA Public Assistance program. Beyond the COVID declaration, OEM is currently managing four additional open disaster declarations for winter storms and the like.

## Office of Emergency Management

There are three key groups that provide guidance and direction to the emergency management program: Disaster Management Committee, Strategic Work Group, and Emergency Executive Board. OEM engages in hundreds of interactions with various agencies every year to maintain mutual proficiency in response and recovery; for example, partnerships with colleges, universities, schools both public and private, healthcare facilities, the Coast Guard, Army and Navy, Pacific Northwest National Laboratory, businesses, non-profits such as the American Red Cross, agencies and private sector organizations with whom the city has emergency preparedness partnerships, such as Airbnb. OEM also works closely with dedicated emergency management staff housed in several departments (Human Services Department, Finance & Administrative Services, Department of Transportation, Parks & Recreation Department, Fire Department, Public Utilities, and City Light).

### Budget Snapshot

### Budget Overview

The 2023 Adopted and 2024 Endorsed budgets maintain the Office of Emergency Management's current service levels to support OEM's mission of providing emergency management services to the city. The budget makes a reduction of \$89,900 to OEM's rentals, maintenance, and supply budgets to address the City's anticipated shortfall in revenues in 2023-24.

#### Council Changes to the Proposed Budget

The Council made no changes to the 2023-2024 Proposed Budget.

### Incremental Budget Changes

#### Office of Emergency Management

	Dollars	FTE
<b>2022 Adopted Budget</b>	<b>3,181,159</b>	<b>15.00</b>

<b>Total Incremental Changes</b>	<b>\$(394,664)</b>	<b>-</b>
<b>Total 2023 Adopted Budget</b>	<b>\$2,786,495</b>	<b>15.00</b>

## Description of Incremental Budget Changes

### Baseline

#### Adjustments for One-Time Budget Changes

Expenditures \$(368,592)

This item includes budget adjustments for one-time changes in the 2022 Adopted Budget, including one-time funds from a 2022 Council Budget Action for a climate resilience plan and Coronavirus Local Fiscal Recovery (CLFR) funds.

#### OEM CCM Reconciliation

Expenditures \$(14,751)

This change makes adjustments to reconcile the 2023 Baseline with the 2022 Adopted Central Cost Manual.

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$9,477

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$69,002

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### Proposed Operating

#### OEM 2023 Budget Reductions

Expenditures \$(89,800)

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by 3%, which will result in \$89,800. This non-personnel reduction will not impact their daily operations.

# Seattle Fire Department

Harold D Scoggins, Fire Chief

(206) 386-1400

[www.seattle.gov/fire](http://www.seattle.gov/fire)

## Department Overview

The Seattle Fire Department (SFD) provides fire protection and prevention, technical rescue, and emergency medical services for the City of Seattle. It deploys engine companies, ladder companies, aid and medic units and fireboats to mitigate the loss of life and property resulting from fires, medical emergencies, and other disasters. SFD maintains 33 fire stations that are strategically located within six battalions to provide optimal response times to emergencies. Each battalion serves specific geographic areas in the city: the downtown/Central Area, north and northeast Seattle, northwest Seattle, south and southeast Seattle and West Seattle.

SFD has a strong record on prevention of fires. Seattle has fewer fires than the national average and of other cities with similar population size. Seattle averages 1.4 fires annually per 1,000 residents, which is lower than the national average of 4.2. Over the past five years, the average number of total structure fires per year in Seattle has been 757. Total fire dollar loss averaged \$22.2 million per year.

SFD provides emergency medical responses, which account for approximately 74% of all fire emergency calls in Seattle. To respond to the emergency medical demand, all Seattle firefighters are trained as emergency medical technicians (EMTs) to provide basic emergency medical care, or basic life support. SFD staffs eight medic units each with two firefighter-trained paramedics to provide more advanced medical care or advanced life support. Additionally, the department has five full-time and two peak-time aid units staffed by firefighters to provide basic life support citywide.

In 2016, SFD implemented the Low Acuity Alarm Program to reduce non-emergency calls to the 911 system and to provide improved service and care to individuals with non-emergent needs. In 2019, the program was renamed Mobile Integrated Health to better reflect its work, which now includes the Health One multidisciplinary response team of firefighters and case managers. Health One launched in 2019 to respond to individuals immediately in their moment of need and help them navigate the situation - whether they need medical care, mental health care, shelter, or other social services. Currently, core activities of Mobile Integrated Health are high utilizer intervention (individuals and locations), low acuity data and trend analysis, establishment of referral partnerships and alternate treatment/transportation development.

The department also has marine, hazardous materials, high-angle, tunnel and confined-space rescue teams. In addition, SFD officers and firefighters are members of local and national disaster response teams such as the Federal Emergency Management Agency (FEMA)'s Urban Search and Rescue Task Force and wild land firefighting. SFD's fire prevention efforts include fire code enforcement, building inspections, plan reviews of fire and life safety systems, public education and fire safety programs, regulation of hazardous materials storage and processes and regulation of places of public assembly and public events to ensure life safety.

## Budget Overview

The 2023 Adopted and 2024 Endorsed budgets for the Seattle Fire Department (SFD) increases investments in hiring and training of firefighters and paramedics in the face of historically high vacancy levels. As the City faces General Fund constraints SFD has aligned their budget to reflect current staffing levels and projects higher than usual vacancies in the upcoming year. This budget reinvests those savings to fund additional recruits. SFD's vacancy remains higher than normal, and this indicates it will be difficult for SFD to meet minimum daily staffing level. SFD expects some level of unit outages to continue in 2023 due these staffing shortages, although SFD is working to mitigate the impact. To address high vacancies, this budget includes investments to allow SFD to train an additional 30 recruits on top of the 60 recruits in their base budget. Also, to address the high level of vacancies among paramedics, additional training slots are funded in 2023 and 2024.

This budget further aligns SFD's resources with the department's operational needs. To provide a cost-effective 24/7 triage nurse services SFD is working with a private contractor for those services. This option delivers more hours of services than an in-house nurse consultant. Given this effective option, a vacant nurse consultant position has been abrogated as part of the budget.

The Mayor's office and City Council Central Staff continues to work on its alternative 911 response strategy to provide solutions that impact all the public safety and community safety departments. As the Triage Team Response program was not implemented in 2022, funding for this has been removed. Lastly, SFD has revised various fees and charges which include cost of service adjustments to several fees and to support the SFD fire prevention program.

### City Council Changes to the Proposed Budget

The Council made the following changes to SFD's 2023 Proposed Budget

- Added \$4.7 million GF (2023) and \$5.6 million GF (2024) to SFD to maintain the current emergency response capacity in West Seattle added in 2020 due to the bridge closure.
- Imposed a proviso on \$200,000 GF for advanced registered nurse practitioner (ARNP) services to Health One program.
- Added one-time funding of \$61,314 for seaplane activity and the floatplane zone awareness training
- Requested quarterly reporting on staffing, overtime, finances, and performances metrics.
- Passed SFD's Permit and Fee Ordinance, which includes permit and fee increases

# Seattle Fire Department

## Description of Incremental Budget Changes

### Baseline

#### **SFD Reversing One-Time Items**

Expenditures \$(6,482,618)

This item removes \$6.5 million in one-time funding from SFD's baseline budget. This funding was utilized to cover one-time cost of training additional 20 firefighter recruits in 2022, IT investments for software upgrades, and additional resources during the West Seattle bridge closure.

#### **Citywide Adjustments for Standard Cost Changes**

Expenditures \$5,849,619

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures \$973,188

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### **SFD Actuals, Salary Step & Longevity Baseline Adj**

Expenditures \$121,151

This item adjusts SFD's baseline to reflect the actual salary rates, projected salary step, and longevity pay increases.

#### **Juneteenth and Indigenous Peoples Day**

Expenditures \$224,000

This change adjusts appropriations for certain departments to reflect increased personnel costs associated with two new City Holidays in 2022: Juneteenth and Indigenous Peoples Day.

### Proposed Operating

#### **Funding for 30 additional Fire Fighter recruits**

Expenditures \$2,199,093

This item adds \$2.2 million for hiring and training 30 additional recruits. SFD continues to experience a high vacancy rate and projects it to remain high in 2023 until the positions are filled. The additional recruits will allow SFD to keep up with attrition and reduce the overall vacancy count. This is in addition to the funding for 60 recruits already in the SFD base budget.

#### **Add funding for additional paramedic students**

Expenditures \$303,102

# Seattle Fire Department

This item adds \$303,102 in 2023 and \$606,203 in 2024 for additional paramedic student training. SFD continues to experience a high vacancy rate within paramedic ranks and projects it to remain higher than normal in 2023 and 2024. This funding will allow SFD to keep up with attrition and reduce overall vacancy rate. This funding is in addition to the funding for 5 recruits in the SFD base budget.

## Overtime Savings

Expenditures	\$(2,500,000)
--------------	---------------

SFD has been experiencing a high number of vacancies, which are above normal levels, due to various factors. This aligns SFD's budget with current and forecasting staffing levels. This item recognizes that SFD has \$2.5 million in potential budget savings in 2023. SFD's staffing shortages will remain high until positions are filled and thus SFD may experience some level of unit outages that will result in overtime savings.

## Reduce Triage Team Response Program

Expenditures	\$(1,201,596)
--------------	---------------

This item reduces funding originally set aside for a triage team as an alternative 911 response program, but this program was not implemented during 2022. The Mayor's office and Seattle City Council Central Staff are in the process of discussing an alternative response strategy.

## Abrogate Nurse Consultant

Expenditures	\$(141,000)
Position Allocation	(1.00)

This item reduces SFD's budget by \$141,000 and abrogates 1.0 FTE Nurse Consulting position. This vacant position is no longer needed as SFD contracts with a private vendor to provide 24/7 nurse triage services to the Fire Alarm Center where 911 calls are taken and dispatched. The contract provides a 911-associated nurse triage line program, which is a secondary telephonic triage conducted by an Emergency Care Nurse (ECN). This option is a more cost-effective solution.

## Proposed Technical

### SFD Revenue

Revenues	\$(2,354,535)
----------	---------------

This item recognizes changes in revenue due to the King Countywide E911 Levy and adjustments to Fire Marshal permits and fees due to volume and increases for inflationary costs over the biennium.

### Central Cost Manual Reconciliation

Expenditures	-
--------------	---

This item is net zero technical adjustment to align the budget allocations with the Adopted Central Cost Manual.

### Technical Operating Adjustment

Expenditures	-
Position Allocation	-

This item allows SFD to align the budget with actual reporting structure. The Mobile Integrated Health program budget is allocated to a designated project code to better monitor and manage spending. Overall, these net zero budget transfers will make understanding the SFD budget more transparent.

# Seattle Fire Department

## **Position Add Technical Adjustment**

Position Allocation	1.00
---------------------	------

This item reconciles the FTE count for SFD by adding 1.0 FTE Fire Capt-80 position that was authorized by Ordinance 126257 in 2020 and not captured in the last budget process. This position is fully funded by Sound Transit and the position coordinates tunnel rescue training.

## **Council**

### **Add funding to SFD to maintain current emergency response capacity in West Seattle**

Expenditures	\$4,699,000
--------------	-------------

This item adds \$4.3 million GF in ongoing support for the staffing costs associated with the permanent operation of resources that were implemented temporarily during the closure of the West Seattle Bridge. In addition, one-time resources of \$439,000 GF in 2023 and \$1.2 million GF in 2024 are added for a medic unit at Fire Station 26 and a ladder truck at Fire Station 37.

### **Pass CB 120436 - SFD Permit and Fee Ordinance**

This item passes Council Bill (CB) 120436, SFD's 2023 Permit and Fee Ordinance. SFD's Fire Prevention Division, also known as the Fire Marshal's Office, collects fees that offset some of the costs associated with providing fire prevention services to direct service users. This legislation increases permit and fee costs by eight percent plus minor rounding adjustments, effective on January 1, 2023, resulting in an aggregate GF revenue increase of \$479,000 in 2023 and 2024.

### **Add one-time funding to SFD for seaplane activity and the floatplane zone awareness training**

Expenditures	\$61,314
--------------	----------

This Council Budget Action adds \$61,000 GF one-time funding in SFD to contract with a recreational boating organization to do on-shore safety and awareness work to educate non-motorized and motorized maritime vessel users about seaplane activity and the floatplane zone in Lake Union. These one-time items will be funded by reducing funding for sworn officer salaries in the Seattle Police Department (SPD) in recognition of savings that are projected to accrue in the upcoming biennium.

## **Council Provisos**

### **Proviso \$200,000 GF in SFD for consultant advanced registered nurse practitioner (ARNP) services to Health One program**

This Council Budget Action imposes a proviso on \$200,000 GF in 2023 in the Seattle Fire Department (SFD) for advanced registered nurse practitioner (ARNP) services to SFD's Health One program. This action restricts \$200,000 GF so that it may only be used to fund consultant services provided to the Health One program by one or more Advanced Registered Nurse Practitioners.

## SFD - BO-FD-F3000 - Operations

The purpose of the Operations Budget Summary Level is to provide emergency and disaster response capabilities for fire suppression, emergency medical needs, hazardous materials, weapons of mass destruction, and search and rescue. In addition, reduce injuries by identifying and changing practices that place firefighters at greater risk and provide communication services.

# Firefighter's Pension

Steve Brown, Executive Secretary

(206) 625-4355

<http://www.seattle.gov/firepension/>

## Department Overview

The Firefighters' Pension Fund (FPEN) provides pension and medical benefit services to eligible firefighters, active and retired, and their beneficiaries. FPEN is a closed plan that only covers firefighters who were hired before October 1, 1977. Retiree benefits for firefighters hired more recently are primarily covered through a separate state-managed plan.

Management of firefighter benefits funds transitioned in the 1970s from local to state control. Prior to that time, the City paid into FPEN to provide for firefighter retiree benefits. In March 1970, the state created the Law Enforcement Officers and Fire Fighters Retirement System Plan 1 (LEOFF 1). Seattle firefighters hired between March 1970 and October 1977 enrolled in LEOFF 1, but also received additional benefit coverage through FPEN. As a result, this group of firefighters receives retiree benefits primarily from the state's LEOFF 1 plan, but also any earned increment from the City's FPEN that exceeds LEOFF 1 coverage. Both FPEN and LEOFF 1 closed to new enrollees in October 1977. Firefighters hired after that date enroll in the state's LEOFF 2 plan and do not receive benefits from FPEN.

The Seattle Firefighters' Pension Board is a five-member quasi-judicial body chaired by the Mayor or his/her designee, which formulates policy, rules on disability applications, and provides oversight of the Firefighters' Pension Fund. Four staff employees of the board handle all of its operational functions. Staff positions associated with Firefighters' Pension Fund are not reflected in the City's position list.

The projections of annual pension and medical benefits, which comprise about 97% of the total annual FPEN budget, are based on the forecasts of an independent actuary. The Firefighters' Pension Fund has two statutory funding sources:

- The first is a component of the City's property tax levy. These revenues are placed in the City's General Fund, which funds the Fire Pension Fund's annual budget.
- The second is the state fire insurance premium tax.

These statutory funding sources are in addition to other smaller funding sources that support the Firefighters' Pension Fund obligations.

The Firefighters' Pension Fund includes two funds: the Fire Pension Fund, which pays current pension, medical, and death benefits; and the Actuarial Account, which was established by [Ordinance 117216](#) in 1994 to accumulate a balance sufficient to pay all future pension liabilities of the fund by 2028.

### Budget Overview

The Firefighters' Pension Fund (FPEN) receives almost all of its revenue from the City's General Fund. FPEN's expenditures pay the legally mandated pension and medical benefits, including long-term care, to eligible retired firefighters and qualified beneficiaries. Most of FPEN's retirees are represented by either Local 27 (firefighters' union) or Local 2898 (fire chiefs' union) and their total pension benefits are increased annually with a cost-of-living adjustment equal to the negotiated annual wage increases (AWI) for the active union members at the Seattle Fire Department and then offset by benefits paid by the state's Law Enforcement Officers and Fire Fighters (LEOFF 1) pension plan which has its own annual growth rate.

In November 2016, Council passed Ordinance 125190 which requires an actuarially determined level payment amount from the City to the FPEN Fund each year to cover pension benefit costs. Any remaining difference between the payment amount and actual pension benefit costs is transferred to the Actuarial Account for FPEN's future pension obligations. The account is invested in a portfolio managed by the Department of Finance and Administrative Services (FAS). The 2023 Adopted and 2024 Endorsed budgets assume an annual rate of return of 5.5% on the investment portfolio and that the returns are continuously reinvested.

The 2023 Adopted Budget increases \$1.05 million from the 2022 Adopted Budget. It includes an increase of \$28,870 for centrally adjusted administrative and labor costs, an increase of \$250,000 in medical and long-term care benefits and an increase of an estimated \$772,000 in pension costs, including the transfer to the Actuarial Account.

#### City Council Changes to the Proposed Budget

The Council made no changes to the 2023-2024 Proposed Budget.

## Description of Incremental Budget Changes

### Baseline

#### **Citywide Adjustments for Standard Cost Changes**

Expenditures	\$2,134
--------------	---------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### **Appropriations for 2022 Annual Wage Increases (AWI)**

Expenditures	\$26,736
--------------	----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### Proposed Operating

#### **Adjustments to FPEN revenues and expenditures (Fund 61040)**

Expenditures	\$1,022,240
Revenues	\$1,051,110

These changes adjust revenues and expenditures in the Fire Pension Fund (61040) to reflect anticipated changes in medical, long-term care and pension benefit costs and supporting revenues, including the transfer out of funds to the Fire Pension Actuarial Account (61050).

#### **Transfer Received by the Fire Pension Actuarial Account (61050)**

Revenues	-
----------	---

This item accounts for the receipt of the transfer of the required amount from the Fire Pension Fund (61040) to the Fire Pension Actuarial Account (fund 61050) in accordance with Ordinance 117216 as amended to achieve full funding of all future pension liabilities in the fund by 2028. The transfer amount of \$1,055,000 appears as \$0 here because the transfer amount is netted against a corresponding entry of the same amount as a contribution to fund balance as seen below in the Revenue Overview section for fund 61050.

# Office of Inspector General for Public Safety

Lisa Judge, Inspector General

(206) 684-3663

<http://www.seattle.gov/oig>

## Department Overview

The Office of Inspector General for Public Safety (OIG) was established in 2017 as part of the City of Seattle's police accountability system through [Ordinance 125315](#). The OIG oversees the management, practices, and policies of the Seattle Police Department (SPD) and Office of Police Accountability (OPA), in order to promote fairness and integrity in the delivery of law enforcement services and in the investigation of police misconduct. These goals are achieved through the issuance of systemic recommendations by OIG, aimed to promote lasting reforms which reflect the values of Seattle's diverse communities. The ordinance cloaks OIG with the responsibility for ensuring "ongoing fidelity" to reforms under the Consent Decree. Further, per the federal court's 2022 Monitoring Plan, OIG's responsibility for post-Consent Decree oversight of the City's fidelity to Consent Decree reforms is acknowledged and affirmed.

The summation of OIG's responsibilities now include:

- Conducting performance audits and reviews to ensure the integrity of SPD and OPA processes and operations;
- Reviewing OPA's intake and investigation of SPD misconduct allegations;
- Evaluating SPD response to incidents involving death, serious injury, serious use of force, mass demonstrations, or other issues of significant public concern, to assess the integrity of SPD investigative processes;
- Conducting reviews mandated by the Accountability Ordinance of: 1) SPD acquisition and use of surveillance technologies ([SMC 14.18](#)) and 2) gathering and use of "intelligence" information by SPD ([SMC 14.12](#));
- Ensuring SPD is meeting its mission to address crime and improve quality of life through the delivery of constitutional, professional, equitable, and effective police services that retain the trust, respect, and support of the community;
- Making recommendations to policymakers aimed at increasing fairness, equity, and integrity in the delivery of SPD services and related criminal justice system processes; and
- Conducting continued oversight of the City and SPD's fidelity to the Consent Decree, by periodical and permanent assessments of the core areas of consent decree (Bias Free Policing, Stops and Detentions, Use of Force, and Crisis Intervention) as previously performed by the Department of Justice (DOJ) and the Police Monitor Team.

## Budget Snapshot

# Office of Inspector General for Public Safety

## Budget Overview

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. The Office of Inspector General (OIG) budget provides a 3% reduction through non-personnel line items such as consultant services and travel/training that will not impact their daily operations. The budget is also adjusted for minor Citywide technical changes which are described below.

### City Council Changes to the Proposed Budget

Council added funding for 1.5 FTE at OIG. One full-time position will support OIG's review of the Seattle Police Department new surveillance technologies and annual usage reviews of previously approved surveillance technologies and provide additional audit capacity for work on consent decree topics. The other 0.50 position will increase a current part-time strategic advisor to full-time responding to public disclosure requests.

## Incremental Budget Changes

<b>Total Incremental Changes</b>	<b>\$211,209</b>	<b>1.50</b>
<b>Total 2023 Adopted Budget</b>	<b>\$3,933,922</b>	<b>19.00</b>

## Description of Incremental Budget Changes

### Baseline

#### Citywide Adjustments for Standard Cost Changes

Expenditures	\$75,118
--------------	----------

## Office of Inspector General for Public Safety

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures	\$97,883
--------------	----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### Baseline Change to Healthcare

Expenditures	\$19,382
--------------	----------

This item is a technical baseline change that aligns the department's budget for healthcare costs with the adopted Central Cost Manual.

### Reduction of One-Time Appropriation: Sentinel Event Review

Expenditures	\$(65,000)
--------------	------------

This item reduces appropriation in OIG by \$65,000 for Sentinel Event Review funding added to the 2021 Adopted Budget. This was a one-time expenditure to pay for Sentinel Event Review related to the protests in 2020.

### Reduction of Appropriation for One-time Adds in the 2022 Adopted Budget

Expenditures	\$(30,000)
--------------	------------

This item reduces appropriation by \$30,000 for one-time adds to the 2022 Adopted Budget related to new positions.

## Proposed Operating

### Non-Personnel Budget Reduction

Expenditures	\$(117,965)
--------------	-------------

This item cuts the OIG non-labor budget for consultant services, supplies, travel, training, and services. This includes a 12% reduction in consultant services budget for OIG to conduct annual reviews of Seattle Police Department (SPD) use of surveillance technology.

## Council

### Staffing for Surveillance Technology Review and Public Disclosure Requests

Expenditures	\$231,792
Position Allocation	1.50

This Council Budget Action would add \$232,000 GF (2023) and \$244,000 (2024) for 1.5 FTE at OIG. One strategic advisor will support the review of Seattle Police Department's new surveillance technologies and annual usage reviews of previously approved surveillance technologies. The position would also provide additional audit capacity for work on consent decree topics. A 0.5 FTE will increase a current part-time strategic advisor to full-time to reduce backlogs and increase the efficiency and speed of OIG's responses to public disclosure requests.

# Law Department

Ann Davison, City Attorney

Civil Division, (206) 684-8200; Criminal Division, (206) 684-7757

<http://www.seattle.gov/cityattorney>

## Department Overview

The department provides legal advice to City officials, represent the City in litigation, and protect the public health, safety, and welfare of the community by prosecuting violations of City criminal and civil ordinances and state law. The three department divisions are described below.

The **Administration Division** provides executive leadership, communications, and operational support for the entire department. It is comprised of the executive leadership team, human resources, finance, media relations, and information technology staff.

The **Civil Division** provides legal counsel and representation to the City's elected and appointed policymakers in litigation at all levels of county, state, federal courts, and administrative agencies. The Civil Division is organized into eight specialized areas of practice: Employment, Environmental Protection, Land Use, Constitutional and Complex Litigation, Government Affairs, Torts, Regulatory Enforcement & Economic Justice (REEJ), and Contracts & Utilities. Precinct Liaison services are specifically budgeted but are functionally a part of REEJ. These attorneys provide support to the City's police precincts, legal advice to police and other City departments, and address issues of concern to the community.

The **Criminal Division** prosecutes misdemeanor crimes in Seattle Municipal Court, provides legal advice to City clients on criminal justice matters, monitors state criminal justice legislation of interest to the City, and participates in criminal justice reform efforts, policy development and management of the criminal justice system. The Criminal Division is comprised of a Prosecution Support Unit, Case Preparation Unit, Domestic Violence Unit (prosecutors and victim advocates), Appeals, Review and Filing Unit, Specialty Courts Unit (Infractions, Mental Health, Veterans' Court, Let Everyone Advance with Dignity (LEAD), and Pre-filing Diversion), and Trial Team Unit.

## Budget Snapshot

	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
<b>Department Support</b>				
General Fund Support	34,622,255	38,659,829	40,023,100	40,308,921
<b>Total Operations</b>	<b>34,622,255</b>	<b>38,659,829</b>	<b>40,023,100</b>	<b>40,308,921</b>
<b>Total Appropriations</b>	<b>34,622,255</b>	<b>38,659,829</b>	<b>40,023,100</b>	<b>40,308,921</b>

*\* FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

## Budget Overview

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. The Law Department provides a 1% reduction of \$413,000 spread across the Administration, Civil and Criminal Divisions. These savings

## Law Department

will be achieved by holding vacancies. Overall, the department is increasing by \$2.5 million largely due to central cost changes and inflation. There are technical reduction adjustments totaling \$2 million.

**Domestic Violence Funding** An increase of \$438,000 to the Law Department budget addresses domestic and non-domestic violence, and the impact on survivors. Recently passed House Bill 1901 expanded the definition of domestic violence to include coercive control. With protection orders being more inclusive, survivors will be able to petition for orders they previously could not under the more limited definition. More protection orders are anticipated requiring an additional Assistant City Prosecutor (ACP). In addition, another ACP is added to return to the national best practice of a vertical representation model establishing a Review and Filing Unit in the Domestic Violence Unit. This will better serve victims, ensure consistency in filing, training, and public safety.

Further, a Victim Advocate is added to support victims of non-domestic violence related crimes. There is currently only one Victim Advocate assigned to non-DV cases. With more felony cases tried as misdemeanors, an additional advocate will allow the Law Department to support more victims providing:

- Consistency for the survivor.
- Update the survivor of the crime after each hearing.
- Trial preparation assistance.
- Notify the survivor of the crime on a dismissal of a Mental Health Court case (many times these are random, stranger assaults).
- Confirming the survivor received the Victim Impact Statement (VIS) and/or restitution letter.
- Opportunity to help historically disadvantaged communities and immigrant communities receive additional resources as well as interpreting services.

The budget is also adjusted for minor Citywide and departmental technical changes which are described below. Two positions will transfer from the Law Department to Seattle Police Department. One position will transfer to the Mayor's Office. One position which was revenue backed through the utilities is eliminated as the project is completed. A 0.50 FTE is added with funding from the Office of Housing. As described above positions are added for domestic violence priorities.

### City Council Changes to the Proposed Budget

The Council made no changes to the 2023-2024 Proposed Budget.

Council did pass a Statement of Legislative Intent (SLI) requesting the department conduct a racial equity toolkit regarding the impact of domestic violence (DV) prosecutions. Further, the SLI requests the department report on whether and how it intends to address the recommendations of the DV workgroup assessing alternatives to the criminal legal system for misdemeanor DV.

## Description of Incremental Budget Changes

### Baseline

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$1,216,351

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$1,111,804

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

## Law Department

### Annual Rent Adjustment

Expenditures \$101,028

This item increases budget to reflect increases in costs for leased space at the Columbia Center Tower (\$1 per sq ft for the main space and 2.5% for Suite 2010). It also increases the budget available for Common Area Maintenance (CAM) and Property Tax payments.

### King County Firearms MOU Inflation Adjustment

Expenditures \$51,178

This item increases the budget used to fund staff under the six-year Memorandum of Agreement (MOA) with the King County Prosecuting Attorney's Office for the Regional Domestic Violence Firearms Enforcement Unit (RDVFEU). The cost of staffing increases on an annual basis to reflect general annual wage increases, position step increases, and increases in benefit costs such as healthcare. Staff, supported by respective agency funding, for this Unit would come from both Seattle and King County agencies for durations set forth in the agreement.

### Align Healthcare to Central Cost Manual

Expenditures \$(78,766)

This item is a technical change that aligns the department's budget for healthcare costs with the adopted Central Cost Manual.

### Removal of One Time Items

Expenditures \$(14,000)

This technical change removes money included in the 2022 Adopted Budget for one time equipment purchases for new staff.

## Proposed Operating

### Increased Staffing for Domestic Violence Unit

Expenditures \$319,290

Position Allocation 2.00

This item adds an Assistant City Prosecutor (ACP) and a Senior ACP totaling \$319,290 to the Criminal Division of the Law Department. The Domestic Violence unit (DVU) deals with some of the most serious cases and marginalized victims in the city of Seattle. DVU also handles on more serious cases such as sexual assault, stalking and cyber stalking, indecent exposure, and child endangerment, many of these could arguably meet the felony threshold.

In 2016, the DVU was restructured in a reorganization, which changed the historically vertical prosecution model to a non-vertical prosecution model. To ensure consistency in filing, training, and public safety, staffing should return to vertical prosecution model. To achieve the vertical prosecution model, the DVU requires one additional position to review reports and manage case filings that are currently funneled through the Review and Filing Unit (RFU). Also adding one additional position to focus on tracking felony referrals and handle a caseload of high-risk offenders.

### Add Victim Advocate - Non-Domestic Violence

Expenditures \$118,517

Position Allocation 1.00

This item adds \$118,517 and 1.0 FTE Victim Advocate-BU to support victims of non-domestic violence (DV) related crimes. The department currently has one advocate not assigned to the DV Unit to support victims of more serious

## Law Department

misdeemeanor offenses referred to the Law Department. This resource will provide adequate advocacy services to victims, including providing post-disposition information. The department will expand this function in the Criminal Division as required by RCW 7.69.030, which outlines Victims' Rights. The city also employs victim advocates in the Human Services Department who work with victims of felony level offenses.

### Administration Division Target Reduction

Expenditures	\$(125,405)
--------------	-------------

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the Administration Division budget by \$125,405. These savings will be achieved by holding vacancies when and where they become available. This amount is approximately equivalent to holding 1.50 FTE Administrative Specialist positions vacant for the entire year.

### Civil Division Target Reduction

Expenditures	\$(144,000)
--------------	-------------

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the Civil Division budget by \$144,000. These savings will be achieved by holding vacancies when and where they become available. This amount is approximately equivalent to holding 0.75 FTE Assistant City Attorney vacant for the entire year.

### Criminal Division Target Reduction

Expenditures	\$(144,000)
--------------	-------------

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the Criminal Division budget by \$144,000. These savings will be achieved by holding vacancies when and where they become available. This amount is approximately equivalent to holding 1.00 FTE Assistant City Prosecutor vacant for the entire year.

### Eliminate Paralegal for Environmental MOA

Expenditures	\$(120,973)
Revenues	\$(120,973)
Position Allocation	(1.00)

This proposal eliminates a 1.0 FTE of a Paralegal-LAW and reduces expense authority by \$120,972. This position currently works on the East Waterway MOA between the City Attorney's Office, Seattle City Light and Seattle Public Utilities. The MOA entered into in 2020 provided three positions to support the work related to the preparation and support for the East Waterway allocation process and related matters, such as responding to information requests from the EPA and preparing for potential litigation. The work related to this agreement is decreasing and the Paralegal position is not anticipated to be required beyond 2022. As the position is being eliminated, the revenue associated with the billing for this position is also reduced.

## Law Department

### Transfer of Mayor's Office Counsel Position

Expenditures	\$(190,689)
Position Allocation	(1.00)

This proposal eliminates 1.0 FTE City Attorney, Asst and reduces expenses by \$190,689 related to the transfer of the Mayor's Counsel position. This position has been acting as counsel to the Mayor's Office under a Memorandum of Agreement between the Mayor's Office and the City Attorney's Office (MOA). The parties have agreed that moving forward, it is more appropriate to end the MOA and have this position housed entirely in the Mayor's Office under a new position title. This proposal is offset by a Change Request from the Mayor's Office creating a new position and appropriation for this role.

### Proposed Technical

#### Transfer Budget and Positions from LAW to SPD

Expenditures	\$(290,770)
Revenues	\$(165,387)
Position Allocation	(2.00)

This proposal adjusts the 2023-2024 budget for a transfer of two positions from Law to SPD in the 2022 year-end supplemental budget. A 1.0 FTE City Attorney, Asst and 1.0 FTE Legal Asst worked on an MOA which has been ended. As part of the ending of the agreement, these two positions will be moved to SPD while the third position, also a 1.0 FTE City Attorney, Asst, will remain with Law. This proposal also reflects a reduction of \$190,779 in revenue which was the portion of expenses that had been billed to SPD per the direction of the MOA.

#### Pre-Filing Diversion Program Contract Reduction

Expenditures	\$(294,225)
--------------	-------------

In the 2022 Adopted Budget, the Seattle City Council issued a Statement of Legislative Intent (LAW-003-A-001) that requested the Law Department transfer funding and contracts with community-based organizations that currently support the existing pre-filing diversion program to the Human Services Department. Per the directions of this SLI, the Law Department did include a transfer all existing contract funds to the Human Services Department in the 2022 mid-year supplemental budget ordinance. This item reduces funding of \$294,225 used to fund these contracts in the 2023 Proposed Budget. There is a change in HSD's budget that increases their funding by an offsetting amount.

#### Office of Housing MOA - Add Paralegal

Expenditures	\$70,877
Revenues	\$70,877
Position Allocation	0.50

The 2022 mid-year supplemental budget ordinance added a 0.5 FTE Paralegal-Law. This was to address the request from the Office of Housing (OH) to provide additional support for a Memorandum of Agreement to support OH's work by providing legal advice and representation to OH related to housing loans funded by City levies and other government sources, credit enhancement transactions, grants and agreements for use of housing funds, disposition of land, and any accompanying legislation and documentation. The Office of Housing requested an increase in the amount of support for this agreement. The mid-year supplemental added position authority and funding for a 0.50 FTE Paralegal-Law position. This item continues the funding and position authority included in the mid-year supplemental.

## Law Department

### Criminal Case Management System Project Costs Reallocation

Expenditures \$(222,948)

In the 2022 Adopted Budget, funding for licensing and maintenance was added to the Law Department for the new Criminal Case Management System (CCMS). Beginning in 2023, the licensing costs will be included in the department's centralized rates. This item reduces Law's budget in recognition that the amount is added to the internal rates charged by Seattle IT.

# Seattle Municipal Court

The Honorable Faye Chess, Presiding Judge

(206) 684-5600

<http://www.seattle.gov/courts/>

## Department Overview

As the judicial branch of Seattle City government, the Seattle Municipal Court (SMC or Court) provides our community a forum to resolve alleged violations of the law in a respectful, independent, and impartial manner. Timely case resolution is imperative to ensuring justice. SMC adjudicates misdemeanors, gross misdemeanors, infractions (e.g., traffic and parking tickets, traffic camera violations, and other violations), and civil violations related to building and zoning offenses. The Court has seven elected judges and five appointed magistrates. There are more cases processed here than any other municipal court in the State of Washington.

This is a transformational time for the Court emerging from the pandemic and continuing to work towards addressing institutionalized racism, working with stakeholders to transform the system and improve outcomes, and engaging the community. SMC is committed to excellence in providing fair, accessible, and timely resolution of alleged violations of the Seattle Municipal Code in an atmosphere of respect. The Court strives to take a holistic approach to address the root causes of criminal behavior and ensure ongoing public safety. Whether individuals come to the Court to resolve a ticket or appear at a criminal hearing, SMC seeks to meet people where they are and remove barriers to success, with the goals of reducing racial disparities and making the community safer.

In 2022, SMC has seen an increased caseload as activities have resumed that were paused (e.g., parking enforcement) and policy changes have been implemented by a new Seattle City Attorney (e.g., five-day filing and the High Utilizer Initiative). At the end of June 2022, SMC had already received nearly 85% of the total criminal filings received in 2021. The court worked internally and with system partners to increase criminal courtroom capacity to 100% in July 2022.

In early 2022, SMC realigned their organizational leadership structure to support the Court in realizing the strategic priorities of the MCIS 2.0 project and to help organize resources to move forward as one court with a shared vision centered around those served, court users and staff. This supports the Court in providing high-quality, efficient, and equitable services to court-users by making the best use of court resources, eliminating siloed operations and functions, and ensuring court services are easy to navigate. The realignment improves transparency in decision-making and communication throughout the court.

### Court Programs and Services

SMC's Programs and Services division includes Probation Services, Pre-Trial Services, and the Community Resource Center.

SMC continues to evolve their approach to probation through the following strategies:

- Focus probation services on high-risk case types: prioritizing probation referrals on domestic violence, driving under the influence, and mental health cases.
- Eliminated discretionary probation fees.
- Implemented a new case closure policy, requiring probation counselors to administratively close probation and stop monitoring as soon as a client's conditions are met.
- Collecting client-reported race and ethnicity data to improve the ability to track outcomes for different demographic groups.
- Implemented a client exit survey.
- As of March 21, 2022, eliminated the use of risk assessment tools for determining a probation client's reporting frequency.

## Seattle Municipal Court

- Engaging community and listening to feedback: the Court is engaging with stakeholders including attorneys, service providers and former probation clients on proposed changes and using feedback to inform policy design.
- Applying the City's Race and Social Justice toolkit to proposed changes to probation policies and practices.

In 2022, the Court is working towards:

- Working with community and legal system stakeholders to implement a standardized classification system, in accordance with court rules, that determines a probation client's frequency and method of reporting, without relying on factors that can produce a race/ethnicity/gender bias.
- Revising probation policies and procedures with a focus on reducing clients' length and intensity of supervision by rewarding and incentivizing completion of court-imposed therapeutic conditions.
- Developing on-going training opportunities for probation counselors focused on continuing education in the areas of trauma-responsive care, harm reduction, and motivational interviewing.
- Completing an analysis of race and gender disproportionalities across three primary probation case types: DV, DUI, and Mental Health Court.
- Create and track key performance indicators to ensure policies are equitable and achieving desired outcomes.

### Specialty Courts

In addition to three general trial courts, the jail arraignment calendar, and the master jury trial calendar, the Court serves individuals and the community through several specialty court calendars:

- **Seattle Community Court.** In August 2020, the Court launched a revitalized Seattle Community Court (SCC) in collaboration with the Seattle City Attorney's Office and King County Department of Public Defense. Structured as a pretrial release program, SCC is founded on a release-first principle where individuals choosing to participate are immediately released from jail so they can begin setting goals and connecting to community services. Unlike national community court models, SCC participants do not give up their constitutional right to trial to participate, and program eligibility is not affected by previous criminal history.
- **Mental Health Court** is a specialized court where the judge, defense, prosecution, probation counselors, and a mental health clinician work as a team to improve outcomes for the participant. Individuals are referred to this voluntary program by judges, defense attorneys, prosecutors, jail staff, or others.
- **Seattle Veterans Treatment Court** is a voluntary, court-monitored treatment program that addresses the mental health and/or substance use issues of veteran defendants. This program is a collaboration between the Court, prosecution, defense, the King County Department of Community and Human Services, the Washington State Department of Veterans Affairs, and the U.S. Department of Veterans Affairs.
- **Domestic Violence Courts** were established in 2004 and are staffed by designated judges and specialized probation counselors. A dedicated domestic violence court allows judges to ensure follow-through, aid domestic violence survivors, and hold individuals accountable, with the assistance of justice partners and social service agencies. The Court is a critical community partner in piloting the Domestic Violence Intervention Project (DVIP), an individualized treatment program for misdemeanor offenders who commit violence against their intimate partners. An alternative to jail, DVIP is a pretrial/pre-conviction diversion program that is also available for post-conviction probation. This pilot project is aimed at improving safety for survivors via individualized batterer intervention and is a multi-agency/system collaboration and response.
- **Seattle Youth Traffic Court**, established in 2012, provides eligible teen drivers charged with a traffic violation the opportunity to maintain a clean driving record. Youth appear before a court of their peers who act as judges, jurors, defense attorneys and prosecutors. The peer jury determines an appropriate sanction based on the nature of the violation and impact on the community. This program is a collaboration between the Court, Seattle University School of Law, Garfield High School, and the Seattle Police Department.

# Seattle Municipal Court

## Community Outreach

The Court recognizes undoing institutional racism within the legal system requires meaningful engagement with the community to identify solutions. SMC judges are committed to a community engagement process to listen to the community and to act upon input.

The Court will resume SMC in the Community outreach events in September 2022 after a three year pause due to the COVID pandemic. These events bring court services and resources to Seattle neighborhoods and are an opportunity for community members to receive assistance with resolving SMC warrants, learn about options for addressing Seattle and King County tickets by setting up a payment plan or community service plan, get help with reinstating their driver's license, and access supportive services through the Community Resource Center.

## Infractions

The Court processes hundreds of thousands of traffic, parking, and traffic camera tickets every year. In 2021, the Court processed 190,517 traffic camera tickets including school zone and HOV (West Seattle Bridge) violations, and 360,265 parking tickets. Individuals may schedule hearings with a magistrate to contest or mitigate their tickets; magistrates held 43,570 infraction hearings in 2021. SMC added options to conduct infraction hearings remotely via telephone or video and participants also have the option to submit a written statement online or by mail to participate in their hearing.

The Court works with individuals who are unable to pay their tickets through payment plans or by converting the amount owed into community service hours. Through the King County-City of Seattle PolicyLink Fine/Fee grant, the Court is routinely engaging with King County and community partners on how to reform local legal financial obligation practices.

In February 2022, the Court launched a Seattle Ticket Debt Reduction calendar to provide individuals with an opportunity to speak with a magistrate about their debt related to overdue parking, traffic, or camera tickets. Individuals may have their ticket debt reduced and removed from collections. The Court engaged community groups like LELO (Legacy of Equality, Leadership, and Organizing) in designing this program.

## Municipal Court Information System Replacement

The Court is replacing its 30+ year-old legacy municipal court information system, MCIS, with a modern and adaptable case management solution. The new system will streamline court processes, improve the accessibility of court services to the public, and make it easier for partners at the Seattle Police Department, King County, and others to work collaboratively with the Court.

In the second half of 2021, the project team refined the project's schedule and budget. When the project was initially conceived and initiated, the details of the complexity of this large, highly integrated system were not as clear as they are now that the Court has developed a comprehensive project schedule that includes a full picture of what level of effort and resources needed to successfully implement the system. Thus, these details were not considered in the initial cost estimate. The scope of the project has not changed.

The initial budget forecast for the MCIS 2.0 project was made very early on in the project with a high degree of uncertainty, and it has been refined along the way. The MCIS replacement project is a complex implementation that includes separate systems. Better-informed business requirements reflect the complex integration needs, extent of business transformation, and new protocols associated with COVID-19. As part of the refinement, the project has employed a data-driven approach for improved forecasting of schedule, which drives budget. The original full implementation date was 2021 at the time the project was first initiated. The current estimated go-live date is Q1 2024. The project is on schedule to meet this date.

The recently reorganized project includes a Program Management Team with significant experience managing projects of similar scope and complexity, including project recovery. The Program Management Team has restructured the program to place it in a better position to deliver the final product. The technology being

## Seattle Municipal Court

implemented is a Commercial Off the Shelf (COTS) product that was chosen for its ability to provide both the foundational functionality required by the Court and the flexibility to add custom development requested by the Court. The system will improve efficiencies, streamline processes, provide a better court user experience, and generate analytics in support of understanding the impact of the broader criminal legal system. Product user stories and human-centered design are informing the Court's business transformation.

### Language Access and Accessibility

A Court priority is ensuring access to justice for Limited English Proficiency (LEP) and deaf, hard-of-hearing, or deaf-blind (D/HH/DV) individuals. SMC has provided Interpreter Services in 149 languages since 2005, including American Sign Language. Free interpreter services are provided for criminal and civil matters, including court hearings, trials, attorney-client interviews, probation appointments, prosecution witnesses, mental health evaluations, customer service, and translation of court forms and letters.

In 2021, during the COVID pandemic, over 3,400 interpreted events were conducted with the help of 123 freelance interpreters in 55 languages, including American Sign Language. Approximately 45% of the requests are for Spanish language interpreters. Other frequent requests for interpretation include the Vietnamese, Somali, Amharic, Tigrinya, Cantonese, Mandarin, Russian, Punjabi, and Arabic languages.

In order to improve skills for credential and non-credentialed interpreters, the Court Interpreter Services team designed and implemented a dual architecture remote interpreting training (simultaneous remote interpretation) and created a protocol for the court to provide simultaneous remote interpretation.

The Court's Interpreter Services also developed a Manual of Standards of Practice and Ethics for Washington State Judiciary Interpreters and participated in the draft of GR 11.3 on Remote interpreting and GR 11.4 on Team interpreting. Both General Rules have been approved by the Supreme Court Interpreter Commission to be used by judges statewide. Also, Interpreter Services participated in the advisory group – Remote Jury Trials Work Group.

Court's Interpreter Services also assisted in translating much of the court's website into Spanish. Interpreter Services translated all the prompts for the web portal and IVR telephonic into Spanish to allow users to pay their citations, tickets, and other outstanding amounts for cases in SMC. Interpreter Services worked in collaboration with Seattle Information and Technology in the TSS (Text to speech) project. This project is part of the Unified Communications project. Interpreter Services researched and issued a recommendation of an AI voice that is suitable for the end users. The office translated all the necessary text prompt into Spanish.

# Seattle Municipal Court

## Budget Overview

A priority for the Court is to continue preparing for the replacement of the Municipal Court Information System (MCIS) mentioned in the Department Overview. This project, began in 2016, is included in the Seattle Information Technology Department (Seattle IT) Capital Improvement Program, as part of the Criminal Justice Information System Replacement Project which is bond funded through the General Fund. The schedule is now extended into 2024 and the cost has increased by \$17 million from \$37 million to \$54 million. The new system will streamline court processes, improve the accessibility of court services to the public, and make it easier for partners at the Seattle Police Department, King County, and others to work collaboratively with the Court.

### Schedule and Milestones:

- 2017: \$2.5 million was appropriated to Seattle IT to conduct an options analysis comparing available options, vendor demonstrations, and conduct research for information on technology capabilities, while concurrently documenting MCIS current business practices and requirements.
- 2018: \$5 million was appropriated to develop an RFP, data preparation, business process engagement and organizational change management.
- 2019: \$3 million was appropriated to finalize an RFP, evaluate proposals, specific vendor demonstrations and interviews, fit gap analysis and contract negotiations.
- 2020: \$8.3 million appropriated with the vendor on board.
- 2021: \$8.5 million appropriated for project team and vendor implementation.
- 2022: \$13 million appropriated to continue project execution.
- 2023: \$13 million appropriated to continue project execution, with a go-live date in early 2024.

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed Budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. The Court provides a 3% reduction of \$1.28 million including 5.5 FTE vacant positions as detailed below. This includes four Administrative Specialist positions, a .5 FTE Magistrate, a vacancy assumption along with a reduction in non-personnel line items. The vacant Executive 2 Probation Director is eliminated as part of the Court's leadership structure realignment, The Court will designate one manager as 'Probation Director' whose function is required per City ordinance. The budget is also adjusted for minor Citywide and departmental technical changes which are described below.

### City Council Changes to the Proposed Budget

The Council made no changes to the 2023-2024 Proposed Budget.

## Description of Incremental Budget Changes

### Baseline

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$1,033,047

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$877,392

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### Baseline Change to Align Healthcare

Expenditures \$19,380

This item is a technical baseline change that aligns the department's budget for healthcare costs with the 2022 Adopted Central Cost Manual.

# Seattle Municipal Court

## Reduction of One-time TCIA Fund Appropriation

Expenditures \$(168,000)

Reduction of one-time Trial Court Improvement Account appropriation from 2022.

## Reduction of one-time appropriation from 2022

Expenditures \$(42,289)

Reduction of one-time appropriation from 2022 related to MCIS licensing.

## Proposed Operating

### Vacancy Savings

Expenditures \$(275,953)

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by \$275,000 by holding vacancies when and where they become available.

### Eliminate Vacant Magistrate Position

Expenditures \$(89,126)

Position Allocation (0.50)

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item eliminates a vacant 0.5 FTE magistrate position. The court has used the vacancy saving to pay for magistrate out-of-class as judge pro-tem. Future expense could come from regular judge and magistrate pro-tem budget.

### Eliminate Vacant Administrative Positions in Court Operations

Expenditures \$(292,181)

Position Allocation (3.00)

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This eliminates three vacant Administrative Specialist II positions in the Court Operations division. At this time existing court staff are able to absorb this work.

### Eliminate a Vacant Administrative Specialist Position

Expenditures \$(97,393)

Position Allocation (1.00)

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item eliminates a vacant Administrative Specialist 2 position. At this time existing court staff are able to absorb this work.

### Reduce UA Testing Funding

Expenditures \$(48,000)

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the

## Seattle Municipal Court

UA (Urine Analysis) testing on defendants under supervision by 50%.

The court reduced the drug testing budget by 50% in 2021 as part the court's commitment to implement the recommendations identified in the Vera Institute report. Additionally, all UA testing was suspended due to COVID. Further, the court has developed a new policy that will allow for fewer clients to be tested and to be tested for a shorter period of time. The anticipated net result of the new policy is that fewer clients will take UA tests, which will correspond to savings on the UA testing supplies.

### Reduce Operating Expense Lines Items

Expenditures	\$(100,000)
--------------	-------------

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces certain discretionary line items by 50%. After analyzing pre-COVID and COVID-era spending practices, the Court re-prioritized line-item spending in anticipation of budget reduction.

### Eliminate Probation Director Position

Expenditures	\$(224,049)
Position Allocation	(1.00)

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets are insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item eliminates an Executive 2 position with the reorganization of the Executive Leadership and Management Teams. The court will designate one manager as "probation director", whose function is required per city ordinance.

### Trial Court Improvement Account Funding for MCIS 2.0 Organizational Change Management Staffing

Expenditures	\$187,000
Position Allocation	1.00

This item appropriate \$187,000 from the Trial Improvement Account to fund an organization change management (OCM) strategic advisor position. MCIS 2.0 is scheduled to go live in Q1 2024 and the strategic advisor is critical in preparing the organization in reengineering the court's various business processes. This position will support the business transformation side of MCIS 2.0, support the Probation Evolution project and consult with the Research Planning and Evaluation Group.

### Fund MCIS 2.0 Operations and Maintenance

Expenditures	\$141,258
--------------	-----------

This item increases General Fund support for the ongoing Operating and Maintenance costs of the MCIS 2.0/C-Track system when the system goes live in 2024.

- 1) Penetration Testing (Pen Test) security testing for Department of Licensing Security Audit \$36,500
- 2) IBM ACE Integration Toolset licensing \$113,936
- 3) C-Track/cFive Maintenance Agreement post go-live MCIS 2.0 - \$554,425 (2024)

### Judicial Salary Technical Adjustment

Expenditures	\$27,650
--------------	----------

Washington State elected judicial salaries are set by Washington Citizens' on Salaries for Elected Officials. As directed in Ordinance 122112, SMC judicial salaries are set at 95% of the district court. A salary schedule has been set and a wage increase was mandated for increase effective July 1, 2023. Setting SMC judicial salaries at this level

## Seattle Municipal Court

qualifies the city to receive a contribution from the state for one-time improvements. The state's contribution is generally \$150,000 annually and is applied to the Trial Court Improvement Account in Finance General. Ordinance 122112 permits appropriation by annual budget or by separate ordinance, solely to fund allowable SMC related expenditures.

### Fully Fund Mental Health Clinician Contract with King County

Expenditures \$115,741

In 2018 the Jail Health Services (JHS) Division of Public Health - Seattle & King County began providing court clinician services for the King County Regional Mental Health Court, King County Veterans' Court, and Seattle Veterans' Court that was previously provided by a community-based organization. Funding for this work (4.0 FTEs) was from King County MIDD and the Veterans, Seniors, and Human Services Levy (VSHSL).

In 2019 JHS began providing court clinician services for the Seattle Municipal Mental Health Court (MHC), with 1.0 FTE funded by the City of Seattle. In the 2023-2024 budget JHS proposed additional resources to keep up with the work in the various courts with additional staff.

This budget increase will fully fund the City's share for a total cost of \$237,700.

### Transfer of General Fund Positions to MCIS 2.0 Bond Fund

Expenditures \$(150,000)

This item transfers a portion of salaries for positions working directly on the MCIS 2.0 project to the project budget and reduce the General Fund budget by \$150,000 for 2023 and 2024. The amount is to be absorbed in the current MCIS 2.0 project staffing budget and is not a net increase to the overall project budget.

# Seattle Police Department

Adrian Diaz, Chief of Police

(206) 684-5577

<http://www.seattle.gov/police/>

## Department Overview

The Seattle Police Department (SPD) addresses crime, enforces laws, and enhances public safety by delivering respectful, professional, and dependable police services. SPD divides operations into five precincts. These precincts define east, west, north, south, and southwest patrol areas, with a police station in each area. The department's organizational model places neighborhood-based emergency response services at its core, allowing SPD the greatest flexibility in managing public safety. Detectives in centralized investigative units located at SPD headquarters downtown and elsewhere conduct follow-up investigations into property crimes, violent crime, and other types of crimes. Other parts of the department function to train, equip, and provide policy guidance, human resources, communications, and technology support to those delivering direct services to the public.

Interim Police Chief Adrian Diaz has committed the department to five focus areas to anchor itself throughout the on-going work around the future of community safety:

- **Re-envisioning Policing** - Engage openly in a community-led process of designing the role the department should play in community safety
- **Humanization** - Prioritize the sanctity of human life in every situation and affirm each individual's worth
- **Reinventing Community Engagement** - Establish true and lasting relationships through respectful interactions in every situation
- **Fiscal Stewardship** - Examine critically every dollar spent to ensure it meaningfully contributes to community safety
- **Employee Wellness and Morale** - Support exceptional police services by ensuring the department retains the best employees

In its May 2022 Comprehensive Assessment of the Seattle Police Department, the federal monitor found SPD had sustained "full and effective" compliance in each of its commitments under the 2012 U.S. Department of Justice ("DOJ") Settlement Agreement ("Consent Decree"), and that SPD had made notable improvements in the areas of crisis intervention, stops and detention, bias-free policing, and use of force. The report noted areas for improvement for SPD, including protest response and supervision, and analytical capabilities to address disparities in policing. It highlighted the lack of officers available to the community as a significant barrier to making progress in these commitments and in providing essential core public safety functions.

# Seattle Police Department

*\* FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

## Budget Overview

The Seattle Police Department (SPD) 2023 Adopted Budget makes multiple investments to improve the capacity for SPD to respond to community needs and deliver services efficiently. SPD continues to anticipate salary savings from officer attrition in 2023 and 2024. 80 officer FTEs are proposed to be unfunded in SPD's budget for an \$11 million reduction, as part of a larger measure to address the city's budget shortfall. In alignment with staffing projections, salary savings from an additional 120 officer vacancies are also being proposed to be reinvested in SPD's budget for equipment and technology upgrades, strategies to improve recruitment and retention, improvements to internal trainings and supportive services, and other community safety program enhancements.

### Community Safety

In response to community calls for a reimagined police force that addresses how the community interacts with policing and public safety efforts, the 2023 budget builds on the department's development of a Relational Policing program. Relational policing is the philosophy of listening to communities that law enforcement serves and evolving in response to that dialogue. The budget makes permanent a term-limited position from the 2022 budget to be responsible for: 1) coordinating the newly created Before the Badge program that serves as an entry point for new recruits, 2) working with SPD command staff to identify new opportunities in relational policing for the department, and 3) leading planning efforts around new relational policing programs and trainings at SPD. The department has already assembled a project team to begin work on the Before the Badge training program and associated modules, such as community-centered learning and dialogues, wellness training, and mentorship.

The administration continues to take action on establishing alternative responses to policing. The budget sets aside funding in Finance General for alternative responses programs.

### Equipment and Technology

The budget supports improvements to many of SPD's equipment and technology projects to ensure their proper function and use. SPD equipment changes include replacing the bullet trap at its Combat 1 firing range and acquiring Tasers. It also invests in technology solutions to improve data governance, privacy and transparency, and officer wellness, equity and accountability as well as meet requirements of the federal consent decree. Funding for service weapon replacement and increased ammunition costs were reduced by Council in the Adopted Budget.

To address the increase of gun violence in the city, the Proposed Budget included an investment in gunfire detection system technology and Council eliminated funding for this item in the Adopted Budget. In November 2021, the Mayor's Office hosted a listening session for family members who have lost children due to gun violence. Following this roundtable, Community Liaisons were established comprised of mothers who have been directly impacted by gun violence to address survivors' requests for an 'equal level of service' regardless of a family's socioeconomic status, race, experience navigating systems or the context surrounding a victim's death. This group made recommendations in favor of the gunfire detection system technology referencing multiple unsolved homicides in Seattle's Rainier Beach area. Council reduced funding for this item in the Adopted Budget.

### Staffing Levels

SPD has lost over 400 police officers in the last two and a half years, leading to an unprecedented shift in policing functions and a renewed focus on improving response times and providing efficient public safety services. The budget makes continued investments in the recruitment and retention plan that was established in 2022 by sustaining funding for recruiting professionals, improved branding and marketing materials, and hiring bonuses for new and lateral officers.

# Seattle Police Department

As part of a broader retention effort, the budget also makes investments in SPD's Wellness Unit, which uses best practices to treat the acute stress SPD employees are exposed to in the execution of their job duties. The budget establishes a permanent executive to lead the department's mental health and wellness efforts, as well as sustain the precinct-based mental health program established in 2021.

## Programmatic and Administrative Improvements

The budget makes specific administrative investments to enable SPD to operate more efficiently in order to provide high quality public safety services. These changes include providing an additional position to the Office of Police Accountability (OPA) to assist with drafting OPA findings for investigations and alleviate the backlog of Director Certified Memos (DCMs). They also include funding to support an additional emphasis patrol for Harbor Patrol to better provide public safety services for the city's waterways.

Lastly, the budget includes a transfer of Parking Enforcement Officers (PEOs) from the Department of Transportation (SDOT) to SPD. This transfer reverses a decision from 2020 to relocate the PEOs out of SPD, after recognizing that administrative efficiencies would be better realized under SPD. This move saves at least \$5 million in functional overhead expenses and eliminate annual special commission requirements for PEOs; the move also allows PEOs to continue utilizing SPD facilities and resources for regular work assignments. Additionally, access to law enforcement databases would eliminate PEOs unfair labor practice (ULP) complaints and SPDs disciplinary system (Office of Police Accountability) would provide full access to information needed for misconduct investigations.

## City Council Changes to the Proposed Budget

The Council made the following changes to the SPD 2023 Proposed budget:

- An ongoing \$50,000 increase to the Office of Police Accountability to examine the prospect of adding an Affected Person's Program
- Abrogate 80.0 officer positions and make SPD's \$11.4M budget reduction ongoing
- An ongoing \$300,000 reduction to funding for service weapons, and \$150,000 to funding for ammunition
- An ongoing \$450,000 reduction in 2023 and \$400,000 in 2024 to funding for recruitment and retention initiatives
- An ongoing \$1 million reduction to funding for the Gunfire Detection System
- An ongoing \$348,000 reduction to officer salaries to align with staffing projections
- A one-time \$240,000 reduction to officer salaries to align with staffing projections
- An ongoing \$1 million increase to expand the School Zone Camera program
- A proviso that restricts salary and benefit funding so that it may only be used to pay SPD's recruits and sworn officers
- Quarterly reporting requirements on staffing levels, salary savings, financial plans, Risk Management Demand project, emphasis patrols, backgrounding services, and other issues

## Description of Incremental Budget Changes

### Baseline

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$1,169,056

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### Baseline Adjustments for Personnel Costs

Expenditures -

This net zero change adjusts salary and benefit accounts (excluding healthcare) to better align anticipated costs by BSL, program, project and account.

#### Central Cost Manual (CCM) Reconciliation Adjustments

Expenditures \$206,114

This change makes adjustments to reconcile the 2023 Baseline with the 2022 Adopted CCM.

#### Chartfield Corrections

Expenditures -

This net zero change makes adjustments to correct budget program, project and account details for items in the 2022 Adopted Budget.

#### Juneteenth and Indigenous Peoples Day

Expenditures \$400,000

This change adjusts appropriations for certain departments to reflect increased personnel costs associated with two new City Holidays in 2022: Juneteenth and Indigenous Peoples Day.

#### One-Time Budget Changes

Expenditures \$4,045,000

This item includes budget adjustments for one-time changes in the 2022 Adopted Budget.

# Seattle Police Department

## Citywide Adjustments for Standard Cost Changes

Expenditures \$6,273,076

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

## Proposed Operating

### SPD General Fund Reduction

Expenditures \$(11,448,496)

The General Fund revenue forecast for the City's 2023-24 Adopted and Endorsed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by 3%, which will result in \$11,448,496. To achieve an \$11,448,496 cut target, 80.0 FTE police officer positions will be held vacant for the full duration of the target period. Currently, the department estimates the department's baseline supports between 1,300 and 1,317 sworn FTE. The 2022 budget supports 1,200 sworn FTE. The total amount of salary savings in both 2023 and 2024 will be determined by the average monthly filled level. Based on SPD's current and projected sworn staffing levels, the department is very confident the full cut target is achievable.

### Additional Salary Savings

Expenditures \$(16,951,504)

This item transfers anticipated sworn salary savings to fund several department priorities.

### OPA General Fund Reduction

Expenditures \$(157,000)

Position Allocation (1.00)

The General Fund revenue forecast for the City's 2023-24 Adopted and Endorsed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by 3%, which will result in \$157,000 from the abrogation of the Video Analyst position added in the 2022 Adopted Budget.

### Affected Person's Program

Expenditures \$50,000

This Council Budget Action (CBA) would add \$50,000 GF in 2023 and \$50,000 GF in 2024 to the Seattle Police Department's (SPD) Office of Police Accountability (OPA) to convene a workgroup to examine the prospect of adding an Affected Person's Program (APP) similar to the program housed in Ontario Canada.

### Data Analytics, Compliance, and Enterprise Risk Management

Expenditures \$2,950,000

This change adds funding for technology solutions and infrastructure to advance department goals related to data governance, privacy and transparency, officer wellness, equity and accountability. This item provides for sustainment of the Data Analytics Platform (DAP) and the continuation of technology projects funded in 2021 and 2022.

# Seattle Police Department

## Gunfire Detection System

Expenditures \$1,000,000

The Council eliminated this proposal in the adopted budget. Refer to the Council Phase Changes section below. The proposed budget description follows:

This item increases appropriation authority in the Technical Services BSL (BO-SP-P8000) by \$1M for project costs associated with establishing the region's first gunfire detection system (GDS) to combat increased gun violence in the City of Seattle. The technology would provide the Police department with evidence collection capabilities for use in homicide investigations or other incidents involving firearms.

## Harbor Patrol Augmentation

Expenditures \$250,000

This change increases appropriation authority in the Special Operations BSL (BO-SP-P3400) by \$250,000 for additional marine patrols during the summer boating season and associated vessel maintenance costs.

## Mental Health Practitioner

Expenditures \$490,591

Position Allocation 1.00

This change adds funding and position authority to the Chief of Police BSL for a permanent Executive-level Qualified Mental Health Practitioner to lead the department's mental health and wellness efforts in 2023 and beyond. This item also funds the continuation of contract mental health services for police employees.

## OPA Assistant Counsel and Legal Writer

Expenditures \$168,290

Position Allocation 1.00

This change adds a full time Assistant Counsel & Legal Writer to the Office of Police Accountability (OPA) to help draft Director Certified Memos (DCMs) and ensure that OPA has the capacity to issue administrative findings in compliance with the mandated deadlines for review, investigation, classification, and distribution of the case files.

## Overtime for Special Events, Patrol Augmentation and Emphasis Patrols

Expenditures \$2,600,000

This item increases appropriation authority in the Patrol Operations BSL (BO-SP-P1800) by \$2.6M for overtime needed to staff patrol shifts, special events, and violent crime emphasis patrols.

## Police Equipment

Expenditures \$1,330,000

This change includes funding for the replacement of equipment that have reached the end of their life cycle, including service weapons and the replacement of a bullet trap at the firing range used for training. It also includes funding to keep up with the rising cost of ammunition, and for purchase of less lethal weapons.

## Recruitment and Retention Initiatives

Expenditures \$4,252,030

## Seattle Police Department

This item provides \$4.3M to the Seattle Police Department (SPD) for police recruitment and retention initiatives, such as a hiring bonus program, new branding and marketing strategy, leadership training, third-party background and testing services, and automation of police candidate case management. Of the \$4.3M, \$556K will be reserved to reimburse Seattle Department of Human Resources (SDHR) for 4.0 FTE to support SPD's recruitment and retention efforts.

### Relational Policing

Expenditures	\$446,143
Position Allocation	1.00

This change adds funding and position authority to the Chief of Police BSL to convert the term-limited Relational Policing Coordinator to a permanent position. This individual will be responsible for developing and implementing a new Relational Policing program, including the creation of a new pre-academy, community-focused training for new recruits (i.e., SPD360: Before the Badge). This item also includes an ongoing program budget.

### Transfer 1.0 FTE from ITD to SPD

Expenditures	\$132,658
Position Allocation	1.00

This change transfers ongoing position authority for 1.0 FTE Information Technology Specialist from the Information Technology Department (ITD) to the Seattle Police Department's Chief of Police BSL (BO-SP-P1000). This position was added to ITD in 2021 to assist with email searches related to public disclosure requests for electronic records received by the Police department. The position was not filled and in 2022 it was determined the position should be transferred to the SPD Public Disclosure Unit.

### Transfer Parking Enforcement to SPD

Expenditures	\$19,987,262
Position Allocation	123.00

This item transfers the Parking Enforcement Officer division from the Seattle Department of Transportation (SDOT) to the Seattle Police Department. In 2020, the PEO division was transferred out of SPD and into the newly established Community Safety and Communications Center and was later again transferred to SDOT in 2021. This transfer back to the SPD reflects an interest in continuing to improve public safety in a post-pandemic environment and to maintain strong management of rights of way.

## Proposed Technical

### 2022 3rd Quarter Supplemental Ongoing Items

Expenditures	\$67,423
Position Allocation	(2.50)

This item transfers \$67,423 in ongoing funding from the Community Safety and Communications Center (CSCC) to SPD for the Emergency Sign Language Interpreter Program (ESLIP) contracts held by SPD. This item also abrogates formerly grant-funded positions that are no longer needed. The funding transfer and position abrogations are pending approval in the 2022 3rd Quarter Supplemental budget legislation.

### Budget Realignment

Expenditures	-
Position Allocation	-

## Seattle Police Department

This change makes changes to the functional organization of SPD's budget structure to streamline operations in response to the historic attrition that has impressed the need to increase efficiency of all bureaus.

### Central Revenue Budget Load

Revenues	-
----------	---

This is a technical adjustment to capture centrally projected and forecast General Fund revenue increments for this department.

### Revenue Adjustments

Revenues	\$1,007,674
----------	-------------

This change reflects updates to baseline revenues.

### SPMA Annual Wage Increases

Expenditures	\$2,731,307
--------------	-------------

This change provides ongoing funding for Seattle Police Management Association (SPMA) wage increases.

### Transfer Positions from LAW to SPD

Expenditures	\$292,254
Position Allocation	2.00

This item transfers ongoing budget and position authority for 2.0 FTE from the Law Department to the Seattle Police Department's Chief of Police BSL following a termination of a Memorandum of Agreement between the two departments in June 2022. The MOA was terminated as of June 6, 2022, and position authority for 1.0 Legal Assistant and 1.0 Assistant City Attorney was transferred back to SPD in the 2022 Q3 supplemental. The Assistant City Attorney position will be reclassified to a non-legal job classification on the effective date of the transfer.

## Council

### Abrogate 80.0 Positions and Make \$11.4M Reduction Ongoing

Expenditures	-
Position Allocation	(80.00)

This CBA would abrogate 80 unfunded, vacant police officer positions in the Seattle Police Department (SPD) and make the associated \$11.4 million reduction in the 2023-2024 Proposed Budget ongoing.

### Increase Funding for School Zone Camera Program

Expenditures	\$1,000,000
--------------	-------------

This CBA adds \$1 million of School Safety Traffic and Pedestrian Improvement (SSTPI) Fund in 2024 to the Seattle Department of Transportation's (SDOT's) Pedestrian Master Plan – School Safety (MC-TR-C059) CIP project, and adds \$1 million in 2023 and \$1.7 million in 2024 of SSTPI Fund to the Seattle Police Department (SPD) to develop and implement an expansion of the School Zone Camera program to double the number of cameras deployed by the School Zone Camera program to 70 over 2023 and 2024.

### Inflationary adjustment for Rainier Beach: A Beautiful Safe Place for Youth

Expenditures	\$(19,679)
--------------	------------

# Seattle Police Department

This CBA reduces funding for sworn officer salaries by \$20,000 GF in 2023 and \$36,000 GF in 2024 and adds \$20,000 GF in 2023 and \$36,000 GF in 2024 to the Department of Neighborhoods (DON) to provide inflationary increases to the Rainier Beach: A Beautiful Safe Place for Youth (RBABSPY) program.

## Reduction to Gunfire Detection System

Expenditures \$(1,000,000)

This CBA reduces proposed funding for the Gunfire Detection System (GDS) by \$1.0 million GF (2023) and \$1.0 million GF (2024).

## Reduction to Police Equipment Funding

Expenditures \$(450,000)

This CBA reduces proposed funding for police equipment purchases by \$450,000 GF in 2023 and \$450,000 GF in 2024 to extend use of existing weapons and encourage SPD to address increasing ammunition costs by finding efficiencies in its existing supplies budget.

## Reduction to Recruitment and Retention Initiative

Expenditures \$(450,000)

This CBA reduces proposed funding for retention initiatives by \$450,000 GF in 2023 and \$400,000 GF in 2024 to align with available resources, including the Develop our People Leadership Academy and funding for Bureau Advisory Councils as part of the strategies listed in Ordinance (ORD) 126654 (SPD Recruitment and Retention).

## Reduction to sworn officer salaries and increased funding for HSD and SFD

Expenditures \$(240,000)

This CBA reduces funding for sworn officer salaries by \$240,000 GF in 2023 and 2024 in the Seattle Police Department (SPD) in recognition of savings that are projected to accrue in the upcoming biennium. It concurrently adds one-time funding of \$238,000 GF in HSD for 2023 and 2024 to contract for a dedicated 24/7/365 phone line providing crisis prevention and intervention services to first responders (police, fire, emergency medical) in Seattle and King County and one-time funding of \$61,000 GF for SFD to contract with a recreational boating organization to do on-shore safety and awareness work to educate non-motorized and motorized maritime vessel users about seaplane activity and the floatplane zone in Lake Union.

## Reduction to sworn officer salaries and increased funding for HSD

Expenditures \$(292,000)

This Council Budget Action (CBA) reduces funding for sworn officer salaries by \$292,000 GF in 2023 and 2024 in SPD in recognition of savings that are projected to accrue in the upcoming biennium. It concurrently adds \$292,000 GF in HSD for 2023 and 2024 to provide funding to the Seattle Neighborhood Group's (SNG's) Safe Communities Program.

## Council Provisos

### Proviso Salary Savings

This CBA imposes the following proviso:

"Of the appropriation in the 2023 budget for the Seattle Police Department, none of the money that is necessary to support salary and benefits for 1,115 recruit and sworn officer FTE on an average annual basis may be spent for any other purpose unless authorized by a future ordinance."

# Seattle Police Department

# Police Relief and Pension

Stephanie Coleman, Executive Secretary

(206) 386-1286

<http://www.seattle.gov/policepension/>

## Department Overview

The Police Relief and Pension Fund (PPEN) provides pension and medical benefit services to eligible active and retired police officers and their beneficiaries. PPEN is a closed plan which only covers police officers who were hired before October 1, 1977. Retiree benefits for police officers hired more recently are primarily covered through a separate state-managed plan.

The management of police benefits funds transitioned in the 1970s from local to state control. Prior to that time, the City paid into PPEN to provide for police officer retiree benefits. In March 1970, the State of Washington took over the provision of certain police pensions through Revised Code of Washington (RCW) Section 41.26, the Law Enforcement Officers and Fire Fighters (LEOFF) Plan 1. Seattle police officers hired between March 1970 and October 1977 enrolled in LEOFF 1, but also received additional benefit coverage through PPEN. As a result, this group of police officers receives retiree benefits primarily from the state's LEOFF 1 plan, but also any earned increment from the City's PPEN that exceeds LEOFF 1 coverage. Both PPEN and LEOFF 1 closed to new enrollees in October 1977. Police officers hired after that date enroll in the state's LEOFF 2 plan and do not receive benefits from PPEN.

The Seattle Police Pension Board is a seven-member quasi-judicial body chaired by the Mayor or the Mayor's designee, which formulates policy, rules on disability applications, and provides oversight of the Police Pension Fund. Three staff employees of the board handle all of its operational functions. Staff positions associated with Police Relief and Pension are reflected in the City's position list.

The projections of annual pension and medical benefits, which comprise about 97% of the total annual PPEN budget, are based on the forecasts of an independent actuary. The City's General Fund provides funding for nearly all of PPEN's annual budget that supports the Police Relief and Pension Fund obligations. The Police Pension Fund also has a statutory funding source from police auction proceeds, which contribute a small amount towards the annual budget.

# Police Relief and Pension

## Budget Overview

The Police Relief and Pension Fund (PPEN) pays legally mandated pension and medical benefits, including long-term care, to eligible retired police officers and qualified beneficiaries. The total pension benefits for PPEN members are increased annually through locally negotiated cost of living adjustments (COLA) and local inflation. These increases are then offset by the benefits paid by the state's LEOFF 1 pension plan which has its own annual growth rate.

Most of PPEN's retirees are represented by either the Seattle Police Management Association (SPMA) or the Seattle Police Officer's Guild (SPOG).

The 2023 Adopted and 2024 Endorsed budgets' retiree medical and long-term care costs are \$15.38 million, unchanged from the 2022 Adopted Budget. The actuarial report anticipates medical and long-term care costs will increase over the next 15 to 20 years due to PPEN's aging membership and annual trend rates for medical and long-term care costs.

The 2023 Adopted and 2024 Endorsed budgets include appropriation increases of \$60,728 for centrally adjusted administrative and labor costs. The 2023 Adopted budget includes an intentional one-time use of \$10.0 million of existing fund balance in place of General Fund contributions in order to manage the size of existing fund balances available for anticipated pension adjustments. General Fund contributions in 2024 return to previous levels.

### City Council Changes to the Proposed Budget

The Council made no changes to the 2023-2024 Proposed Budget

## Police Relief and Pension

<b>Total Incremental Changes</b>	<b>\$60,728</b>	<b>-</b>
<b>Total 2023 Adopted Budget</b>	<b>\$26,741,006</b>	<b>3.00</b>

### Description of Incremental Budget Changes

#### Baseline

##### Citywide Adjustments for Standard Cost Changes

Expenditures \$34,169

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

##### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$26,559

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### Proposed Operating

##### Adjustments to PPEN revenues and expenditures

Revenues \$60,728

These adjustments reflect anticipated changes to the Police Pension and Relief Fund expenditure and revenue requirements

# Seattle City Light

Debra Smith, General Manager & CEO

(206) 684-3500

<http://www.seattle.gov/light/>

## Department Overview

Seattle City Light was created by the residents of Seattle in 1902 to provide affordable, reliable, and environmentally sound electric power to the City of Seattle and neighboring suburbs. Owned by the community it serves, City Light is a nationally recognized leader in energy efficiency, renewable resources, and environmental stewardship.

City Light provides electric power to approximately 485,000 residential, business, and industrial customers within a 131-square-mile service area. City Light provides power to the City of Seattle and surrounding jurisdictions, including parts of Shoreline, Burien, Tukwila, SeaTac, Lake Forest Park, Renton, Normandy Park, and areas of unincorporated King County.

City Light is the nation's ninth largest publicly owned electric utility in terms of customers served, and owns about 2,000 megawatts of very low-cost, environmentally responsible, hydroelectric generation capacity. In an average year, City Light produces about 50% of its energy supply with hydroelectric facilities that it owns directly, and purchases 30% through the Bonneville Power Administration (BPA) and 20% from other sources including short-term wholesale purchases.

## Budget Overview

The Seattle City Light 2023 Adopted and 2024 Endorsed budgets maintain investments at current service levels. In keeping with the department's commitment to financial health and affordability, changes are net-zero operating reprioritizations (not including technical and inflationary adjustments) necessary to support the business strategies outlined in the approved [2023-2028 Strategic Plan](#) and remain within the funding levels adopted in the 2023 rate ordinance.

# Seattle City Light

The 2023-2028 Strategic Plan focuses on four main business strategies and the budget proposals align closely with these strategies, as summarized below.

**Ensure Financial Health and Affordability** - adds funds and resources to support the rollout of a new Time of Day (TOD) rate option at the start of 2024; customer outreach and communication; training for customer-facing staff; and improved budget reporting and financial management.

**Improve Customer Service Experience** – adds funds to evaluate and enhance affordability programs that support affordable housing and respond to Executive Order 2021-09, which calls for City Light, and other City departments, to develop a report on potential options to lower upfront and operating costs of utilities to support affordable housing providers to build cost-effective, resilient, energy- and water-efficient, all-electric projects.

**Create Our Energy Future** - adds funding for increased participation in the development of a regional organized Western energy market. As the largest public utility in the Northwest, City Light’s strong presence in this regional effort, while it is in its nascent stages, will help ensure that Seattle’s interests are reflected in any new market design created.

**Develop Workforce and Organizational Agility** – funds the implementation of City Light’s seven-year Utility Technology Roadmap. The adopted budget includes funding for repurposed staffing, contract resources and non-labor funding.

To fund the business strategy proposals and ensure that all budget changes were net-zero, City Light increased the vacancy rate assumption from 6% to 8%; reduced the operating budgets in under-utilized areas like travel and training; and capitalized on a reduction of the annual fees charged by the Federal Energy Regulatory Commission. The utility plans to provide the same level of service despite these reductions.

City Light also developed a six-year capital program (CIP) that is within the overall amounts in the inflation-adjusted program budget and is consistent with the approved Strategic Plan rate path. This was achieved by identifying offsetting reductions and project deferrals in the adopted CIP to accommodate increased spending where needed to meet strategic priorities, fund new projects, or align funding with historical spending. Some areas of the program include an increase in customer-driven work; the associated increases in revenues are included in the budget. For more detailed information on the capital program, please see the 2023-2028 Capital Improvement Program.

To support the capital program and other eligible City Light costs, the 2023 Adopted Budget anticipates a 2023 bond issue of approximately \$250 million.

## City Council Changes to the Proposed Budget

The Council made the following changes to the proposed budget:

- Added \$63,000 in 2023 and \$203,000 in 2024 to replace a portion of the Payroll Expense Tax (PET) funding for the Affordable Seattle program.

## Incremental Budget Changes

### Seattle City Light

	Dollars	FTE
<b>2023 Beginning Budget</b>	<b>1,475,588,791</b>	<b>1801.80</b>

IT Position Transfer to SCL	-	5.00

### Council

Change in Funding for Affordable Seattle CiviForm Program	63,278	-
---	--------	---

<b>Total Incremental Changes</b>	<b>\$32,447,151</b>	<b>5.00</b>
----------------------------------	---------------------	-------------

<b>Total 2023 Adopted Budget</b>	<b>\$1,508,035,942</b>	<b>1806.80</b>
----------------------------------	------------------------	----------------

## Description of Incremental Budget Changes

### Baseline

#### Juneteenth and Indigenous Peoples Day

Expenditures	\$40,000
--------------	----------

This change adjusts appropriations for certain departments to reflect increased personnel costs associated with two new City Holidays in 2022: Juneteenth and Indigenous Peoples Day.

### Proposed Operating

#### Affordability Programs

Expenditures	\$380,657
--------------	-----------

This change allocates funding to advance key initiatives in City Light's "Improve the Customer Experience" business priority. It adds temporary staffing and consulting dollars to expand affordability program work in support of Executive Order 2021-09 and Washington State's Clean Energy Transformation Act (CETA). This work will include a redesign of utility bill assistance programs, including potential auto-enrollment options, as well as system improvements to support CETA reporting requirements.

# Seattle City Light

## **Cedar Falls Long-Term Plan**

Expenditures \$1,200,000

The Cedar Falls dam is used to regulate water supply for SPU and to generate electricity for City Light. In service for over 100 years, the facility is aging and will require major capital investment to keep it operational. A long-term planning effort began in 2019, but this work was deprioritized in 2020-2022 due to pandemic response and staffing shortages. This item reestablishes funding to complete an analysis of options to determine the best path forward.

## **Energy Imbalance Market Research Program Development**

Expenditures \$1,207,435

This item adds funding to support City Light's increased presence in emerging Western organized energy market efforts to advocate for policies that further the City of Seattle's climate action commitments and other reliability, sustainability and affordability priorities. Increasing leadership in regional power supply initiatives is a key component of City Light's Create Our Energy Future business priority.

## **Operations and Maintenance Reductions**

Expenditures \$(5,203,406)

To balance the incremental spending in business strategy priority areas, this item reduces operations and maintenance budgets throughout the organization. This item reduces budget in the following areas:

- \$2.5 million in lower Federal Energy Regulatory Commission fees,
- \$2.5 million in savings by increasing the vacancy rate to 8% from the budgeted 6%, and
- \$200,000 in savings from underutilized travel and service budgets.

## **Time of Day Rate Support**

Expenditures \$330,000

This item allocates funding to advance two key initiatives in City Light's Ensure Financial Health and Affordability business strategy. In 2024, City Light will introduce a new "time of day" (TOD) rate option for residential and small/medium business customers. Leveraging technology from new advanced meters, TOD rates provide a price signal to encourage efficient energy usage, helping to keep costs and rates low for everyone. To ensure a smooth and equitable rollout, this item adds one-time funding for customer communications, training for SCL/SPU staff, and targeted outreach to historically excluded populations. This change also executes an internal transfer of two positions to Finance to help support financial management and analyses critical to delivering a rate path at or near inflation.

## **Utility Technology Roadmap**

Expenditures \$1,786,000

City Light's 2021 Utility Technology Roadmap identifies technology investments needed over the next seven years to support business priorities outlined in the utility's Strategic Plan. This item funds the implementation of the Roadmap and includes funding for repurposed staffing, contract resources and non-labor funding.

## **Proposed Capital**

### **Newhalem Creek Hydroelectric Project Decommissioning**

Expenditures \$1,994,220

The current Federal Regulatory Energy Commission (FERC) license for the Newhalem Creek Hydroelectric Project expires on January 31, 2027. City Light has determined that the cost of relicensing and making the necessary repairs

## Seattle City Light

and upgrades to equipment and facilities far exceeds the estimated future value of the Project. Thus, City Light filed an Application for Surrender of License with FERC on January 28, 2022. This add funds the anticipated costs for surrendering the license and decommissioning the Project, including all associated coordination, engineering, permitting, planning, construction, restoration, and monitoring costs. Decommissioning activities entail removing the dam, headworks, powerhouse, penstock, and fish barrier, and sealing the power tunnel.

### Diablo Dam Trash Rack Replacement

Expenditures	\$4,900,000
--------------	-------------

City Light hydro projects rely on large steel trash racks to prevent debris from flowing into the dam penstocks and damaging the generators. In January 2022, the trash rack at Diablo Dam was severely damaged by an accumulation of woody debris, taking the generator offline and creating safety concerns as well as negatively impacting revenues while generators are offline. This request provides funding to repair and/or replace the Diablo trash rack as well as install automated rakes to preventatively remove debris from the trash racks at Ross, Gorge, Diablo, Cedar Falls, and Boundary dams.

### Annual Capital Spending Adjustments

Expenditures	\$9,722,793
--------------	-------------

This annual adjustment reprioritizes funding in the capital program (CIP) and aligns budgets with the most up-to-date information on planned project spending. It includes changes due to the normal refinement of work schedules and the ongoing reprioritization of capital work. This 6-year CIP plan is within the overall amounts in the Adopted 2022-27 CIP plan with a 4% increase for inflation and is consistent with the adopted Strategic Plan rate path. This was achieved by identifying offsetting reductions in various projects to accommodate increased spending for strategic initiatives and customer driven work.

## Proposed Technical

### Revenue Adjustments

Revenues	\$42,422,991
----------	--------------

This annual adjustment aligns City Light revenue accounts with the financial forecast used for the 2023 Adopted and 2024 Endorsed budgets.

### Technical Changes

Expenditures	\$16,026,174
Position Allocation	-

This technical adjustment includes increases associated with Inflation, COLA, inventory adjustments, maintenance, and electrification incentives. In addition, various adjustments to Purchase Power, Debt Service, and Taxes are represented. These adjustments are consistent with the Strategic Plan and adopted rates.

### IT Position Transfer to SCL

Position Allocation	5.00
---------------------	------

This technical adjustment adds 5.0 FTEs that were transferred from Seattle IT to SCL through the Q3 2022 supplemental. There are no dollars associated with this transfer as the positions will be funded by both a rebate from Seattle IT and through a reduction in future IT rates charged to SCL. These positions support specialized technology within Seattle City Light including compliance work for the North Electric Reliability Corporation (NERC).

# Seattle City Light

## Council

### Change in Funding for Affordable Seattle CiviForm Program

Expenditures \$63,278

This item removed some Payroll Expense Tax (PET) funding and replaced it with revenues from Seattle City Light and Seattle Public Utilities for the Affordable Seattle program. Affordable Seattle is intended to create a one-stop shop for low-income residents – including those applying for utility assistance programs - and community-based organizations supporting these residents, to access City assistance programs through CiviForm.

## Appropriations by Budget Summary Level and Program

### **SCL - BC-CL-W - Conservation & Environmental - CIP**

The purpose of the Conservation & Environmental - CIP Budget Summary Level is to provide for the costs of conservation incentives and other energy efficiency programs. This Budget Summary Level also supports the utility's renewable resource development programs, hydroelectric relicensing, and real estate.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Conservation & Environmental	-	42,723,625	47,642,520	47,588,281
<b>Total</b>	<b>-</b>	<b>42,723,625</b>	<b>47,642,520</b>	<b>47,588,281</b>

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

### **SCL - BC-CL-X - Power Supply – CIP**

The purpose of the Power Supply - CIP Budget Summary Level is to provide for the capital costs of electrification, facility improvements, maintaining the physical generating plant and associated power licenses, and regulatory requirements. This Budget Summary Level supports capital projects identified in the department's Capital Improvement Plan.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>

(206) 684-3000

<http://www.seattle.gov/util/>

## Department Overview

Seattle Public Utilities (SPU) provides reliable, efficient and environmentally conscious utility services to enhance the quality of life and livability in all communities SPU serves. SPU operates three distinct utilities: Drainage and Wastewater, Solid Waste, and Water. The three utilities each have unique revenue sources and capital improvement projects but share many operations and administration activities within SPU and the City.

**Drainage and Wastewater:** The Drainage and Wastewater Utility collects and disposes or discharges storm runoff and wastewater from residences, businesses, institutions, and public properties within the City. In addition to handling sewage and storm water runoff, Drainage and Wastewater works with other government agencies and private parties to address Federal EPA-mandated sediment cleanup projects where contamination is linked to storm water or sewage, such as Gas Works Park and the Lower Duwamish Waterway. Drainage and Wastewater systems include approximately 448 miles of separated sanitary sewers, 968 miles of combined sewers, 481 miles of storm drains, 67 pump stations, 82 permitted combined sewer overflow points, 591 storm drain outfalls, 578 water quality structures, 295 drainage flow control facilities, and 38 combined sewer overflow control detention tanks and pipes.

**Solid Waste:** The Solid Waste Utility collects and processes recycling, compostable, and residential and commercial garbage to promote public health and safety, quality of life, and environmental stewardship. The City owns and operates two transfer stations, two household hazardous waste facilities, a fleet of trucks and heavy equipment, and several closed landfills. The Solid Waste Capital Improvement Plan (CIP) supports the transfer stations, heavy equipment, and post-closure projects on landfills previously used by the City. In addition, SPU contracts with private companies who collect household refuse, compostable material, and recyclables. The companies deliver the material to recycling and composting facilities and to transfer stations for its ultimate processing or disposal. In concert with its waste handling and disposal activities, Solid Waste engages its customers in environmental sustainability programs that promote recycling, composting, and reducing waste generation. Solid Waste also works to keep Seattle clean by targeting illegal dumping and automobile abandonment, graffiti removal, and providing public litter cans and recycling bins across Seattle.

**Water:** The Water Utility provides reliable, clean, and safe water to more than 1.5 million customers in and around Seattle for consumption and other uses. The water delivery system extends from Edmonds to Des Moines and from Puget Sound to Lake Joy near Duval. SPU delivers water directly to its customers in Seattle and adjacent areas and provides wholesale water to 21 suburban water utilities and interlocal associations for distribution to their customers. The Water Utility includes over 1,900 miles of pipeline, 30 pump stations, two primary water treatment plants, 11 booster chlorination facilities, three groundwater wells and over 103,000 acres in two watersheds. The Utility builds, operates, and maintains the City's water infrastructure to ensure system reliability, to conserve and enhance the region's environmental resources, and to protect public health and safety. SPU engages the community in conservation efforts to reduce water consumption.

SPU monitors its funds using Council-adopted financial performance metrics developed in advisement with external financial advisors. These metrics include net income, cash balances, cash contributions to CIP, debt service coverage (a measure of revenue available to fulfill annual debt service obligations), and, for the Drainage and Wastewater Fund, debt to asset ratio. Based on these metrics, among other factors, rating agencies have assigned all three of the funds with strong, investment grade bond ratings in line with peer west coast utilities, noting specifically elected officials' commitment to sound financial management and a history of adopting prudent rates. Water bonds are rated AA+ and Aaa, Drainage and Wastewater bonds are rated AA+ and Aa1, and Solid Waste bonds are rated AA+ and Aa3 by S&P and Moody's, respectively. Strong ratings help to minimize borrowing costs and, in turn, customers' bills into the long-term.

### Budget Overview

The 2023 Adopted and 2024 Endorsed budgets for Seattle Public Utilities (SPU) continues SPU's role providing essential services to Seattle residents and businesses. During the acute phase of the COVID-19 pandemic, SPU has worked to support customers in need of financial assistance and has provided crucial public hygiene services for the unsheltered population. After a yearlong delay, SPU's 2021-2026 Strategic Business Plan was adopted in 2021. Updated Water and Drainage and Wastewater Rate ordinances also were approved in 2021. Revised rates for Solid Waste operations have been introduced to Council and will likely be approved by the end of 2022. This year's Adopted Budget includes routine adjustments to capital budgets that reflect updated capital planning, and \$46 million in increased operations and maintenance appropriations. This includes 20.0 FTE adds in 2023 and an additional 4.0 FTE in 2024. The net impact of these changes is a \$102 million total budget increase for 2023 relative to the 2022 Adopted Budget.

#### Strategic Business Plan Overview

The 2021-2026 Strategic Business Plan guides the Utility's operations and investments. The plan endorses a six-year rate path across all lines of business that limits annual rate increases to an average of 4.2%. The plan was approved by a nine-member Customer Review Panel, which oversaw the development of the plan. SPU will continue with programmatic reprioritization, efficiency improvements, and refinement of the CIP and operating budgets outlined in the 2021-2026 plan to streamline utility services and deliver on regulatory requirements.

#### Drainage and Wastewater Highlights

The City adopted Drainage and Wastewater Rates in September 2021 that are lower than the endorsed rates from the 2021-2026 Strategic Business Plan. Drainage rates will grow by 6.1% in 2023 and 2024, while wastewater rates will grow by 4.8% in 2023 and 3.8% in 2024. SPU wastewater rates include contractually obligated King County treatment rates that are passed through to customers.

The 2023 Adopted Budget includes \$30.6 million in Operating and Maintenance (O&M) budget changes. These changes include positions adds for construction inspectors, engineering staff, Ship Canal Water Quality Program

## Seattle Public Utilities

operations, consultant support, as well as technical changes related to taxes and fees, debt service, major service contracts, central costs, and labor-related changes.

The 2023-2028 Adopted CIP reduces the Drainage and Wastewater Fund budget by an overall \$13.8 million in 2023. This reflects updated project timelines and scopes. Major programming includes:

- Protection of Beneficial Uses: Reducing the harmful effects of stormwater runoff on creeks and receiving water bodies, as well as preserving storm water conveyance of creeks through stream culvert repair and rehabilitation.
- Sediments: Cleaning up contaminated sediments in the Lower Duwamish Waterway Superfund Site, the Harbor Island Superfund Site, and Gas Works Park, per requirements on the City of Seattle as a Potentially Responsible Party for cleanup liabilities.
- Combined Sewer Overflows: Projects mandated by State and Federal regulations to control combined sewer overflows (CSOs) into the City's receiving waters. Projects include large infrastructure projections, Green Stormwater Infrastructure (GSI), and the Ship Canal Water Quality Project (SCWQP) in conjunction with King County.
- Rehabilitation: Repair, rehabilitation, and replacement of existing drainage and wastewater assets to maintain and/or improve functionality. These include pump station structures, drainage facilities, and drainage and wastewater conveyance pipes and structures.
- Flooding, Sewer Back-Up, and Landslides: Preventing and alleviating flooding and sewer backups drainage infrastructure and sewer capacity improvements. Major projects include the Pearl Street side sewer overflow reduction project, the 12th Avenue drainage project, and the South Park Water Quality and Pump Station project.
- Shared Costs Projects: Capital improvement projects which benefit multiple Utility Lines of Business (LOB) such as Water, Drainage and Wastewater, whose costs are "shared." These include SPU facility improvements to operations centers, heavy equipment purchases, 1% for the Arts, as well as smaller projects. It also includes interdepartmental projects like the Alaskan Way Viaduct and Seawall Replacement, Move Seattle, Center City Streetcar, and Sound Transit Link Light Rail.
- Technology: Shared costs that cover department-wide information technology investments to address SPU's strategic business needs. In 2023, SPU will continue focusing its technology spending on the highest priority business needs. These projects would primarily be within the Customer Contact and Billing Program, the Project Delivery and Performance Program, and the IT Infrastructure Program.

For more information on SPU's capital projects, please see the accompanying 2023 – 2028 Adopted CIP.

### Water Highlights

The Water Line of Business delivers potable water directly to retail customers both inside the City and in adjacent areas. In 2021, retail customers provided about 74% of the Water Fund's operating revenues, with roughly equal revenues coming from residential and commercial users. SPU also delivers water to districts and agencies who then deliver water to their direct customers. This wholesaling of water represented about 20% of Water's operating revenues in 2021. The remaining revenue was generated by non-rate fees and other sources.

The City Council adopted Water Rates for 2022-2023 in September 2021. Retail water rates will increase an average of 3.6% in 2023. Legislation authorizing new water rates for 2024 through 2026 will be introduced to Council in 2023.

The 2023 Adopted Budget increases the Water Fund O&M budget by \$5.5 million. Changes include staffing additions for construction inspectors, engineering support, logistics maintenance, Ship Canal Water Quality Program operations, as well as consulting support. Additional changes reflect technical changes due to taxes and fees, debt service, central costs, and labor costs.

The 2023-2028 Adopted CIP increases Water Fund core and shared CIP budgets by \$9.5 million. The 6-year Adopted CIP emphasizes asset management-based rehabilitation and replacement of distribution system infrastructure (such

## Seattle Public Utilities

as mains, valves, hydrants, and meters), as well as water system infrastructure improvements related to transportation projects, such as the Move Seattle Levy, seismic upgrades for critical infrastructure following the 2018 water system seismic study, and dam safety projects. For more information on these changes, please see the 2023 – 2028 Adopted CIP.

### Solid Waste Highlights

The Solid Waste Line of Business provides collection services to residents and businesses within Seattle. Financial support of this service is primarily generated through charges based on the amount of garbage collected from residential and commercial waste collection contracts. Solid Waste will pursue opportunities for efficiencies in service delivery as it anticipates decreased demand for services as a result of its conservation efforts to reduce solid waste and increase recycling activity.

Solid Waste Utility Rates for 2022 are under the existing 2019 Solid Waste Rate Ordinance. Solid Waste rates for 2023 to 2025 have been introduced to Council and are 3.0% for 2023 and 2.3% for 2024. These rates are consistent with a 4.0% overall average rate increase across a six-year timeframe, within with the 4.2% annual rate increase endorsed by the 2021-2026 Strategic Business Plan.

The 2023 Adopted Budget increases the Solid Waste O&M budget by \$6.3 million in 2023. Changes include staffing for construction inspectors, engineering support, logistics and facilities maintenance, as well as funding for equipment, shared technology costs, and consulting services. Other O&M costs include updated projections for taxes, debt service, major service contract payments, and labor costs.

The 2023-2028 Proposed Capital Improvement Program (CIP) for the Solid Waste Fund funds \$18 million in capital expenditures for 2023. For Solid Waste, the six-year program covers planning for infrastructure maintenance, rehabilitation, and replacement. Major projects across the CIP include the South Transfer Station Facility Redevelopment, and cleanup of the historic South Park Landfill at the South Park Development Project.

For more information on these changes, please see the 2023-2028 Adopted CIP.

### General Fund

In addition to the three utility enterprise funds, SPU receives General Fund dollars to support activities that go beyond direct utility service provision and support general government services. The General Fund portion of the SPU budget provides resources for:

- The Clean City Program, which addresses public blight issues in Seattle including public litter, illegal dumping, graffiti on public property, and public litter abatement, including the Encampment Bag program for tent and recreational vehicle encampments;
- Public hygiene services for unsheltered individuals, which includes shower trailers, portable toilets, and handwashing stations;
- The Trees for Seattle Program (previously called ReLeaf), which works to maintain and increase the urban tree canopy in Seattle; and,
- General government functions like maintaining survey markers throughout Seattle, standardizing construction specifications and planning documents, and maintaining engineering records for the City.

The 2023 Adopted Budget increases SPU's General Fund budget authority by \$3.7 million. In addition to technical changes driven by labor costs and inflation, this will support increased services for the Clean City Program and the new Unified Care Team / Clean Seattle Pilot program. This includes:

- Funding to continue enhanced litter and graffiti abatement, as well as continued Encampment Bag Program expansion -- previously funded by federal Coronavirus Local Fiscal Recovery (CLFR) funds in 2022 -- as directed by the Unified Care Team;

## Seattle Public Utilities

- Three new vehicles for Clean City programming.

Total general fund costs are partially offset by the reallocations of \$1.1 million Hygiene Services funding. Adopted funding levels will support SPU, continuing to deploy three hygiene trailers with shower facilities, as well as up to 15 Hygiene Stations (featuring portable toilets and handwashing stations).

### Council Changes to the Proposed Budget

The Seattle City Council did not approve a proposed expansion of Graffiti Abatement services in the Proposed Budget. A Council Budget Action to reverse this proposed increase reduced SPU's net General Fund budget add by \$1.2 million and reduced net position authority by three (3.0 Full-Time Employees). For more, see Council section of "Incremental Budget Changes."

## Description of Incremental Budget Changes

### Baseline

#### Baseline Adjustments for Central Costs

Expenditures -

This action makes baseline adjustments in order to align SPU's budget with centralized costs.

# Seattle Public Utilities

## Juneteenth and Indigenous Peoples Day

This item adjusts appropriations to fund increased personnel costs associated with two new City Holidays in 2022: Juneteenth and Indigenous Peoples Day.

## Reversing One-Time Budget Changes for 2022

Expenditures	\$(1,355,824)
--------------	---------------

This item removes one-time budget changes in order to restore SPU's budgetary baseline for 2023 and 2024.

## Proposed Operating

### Clean City Fleet Additions

Expenditures	\$195,000
--------------	-----------

This General Fund item increases appropriation authority for the purpose of adding three vehicles to the Clean City program. Two of these vehicles will support Recreational Vehicle Remediation and the Encampment Trash programs. Incumbents must travel throughout the city 5-6 days a week to oversee onsite work and to conduct site assessments. The third vehicle will support illegal dumping enforcement investigators, which is required to assess and report on illegal dumping hotspots. These actions will support the Clean City program and will provide support to Unified Care Team operations.

### Combined Sewer Overflow Optimization Study

Expenditures	\$292,465
--------------	-----------

This item provides funding in 2023 and 2024 to study whether system controls or new infrastructure, in conjunction with the King County Wastewater Treatment Division (WTD), could reduce Combined Sewer Overflow (CSO) control volumes and frequencies. These actions are covered by regulatory requirements for Joint Planning with King County WTD and could reduce the size and need for future CSO capital projects.

### Construction Inspection Position and Fleet Additions

Expenditures	\$106,277
Position Allocation	2.00

This item provides funding and position authority for 2.0 Full Time Employees, both Civil Engineering Assistants I, as well as funding for two vehicles for Construction Inspection duties. These resources will primarily serve Capital Asset Protection and Oversight inspections for Street Improvement Projects by the Seattle Department of Transportation, as well as private development Watermain Extension Projects. These activities are currently supported by On-Call consultant contracts. Bringing capacity in-house will reduce overall expenditures over time due to consultant costs incurring hire hourly rates than direct employee support.

### Consultant Support for Design Standards & Guidelines Manual Update

Expenditures	\$81,890
--------------	----------

This item provides appropriation authority for consultant services that will provide routine updates the Design Standards and Guidelines (DS&G). The DS&G is used for capital project options analyses and provides a manual that details SPU's processes and requirements for capital project options analysis and design. This manual is used by internal staff and the SPU contractors on all capital projects. Updates are performed along a three-year cycle, with a process lasting between 12 and 15 months.

# Seattle Public Utilities

## Emergency Supplies and Seismic Equipment

Expenditures \$116,986

This item provides funding for the purchase of emergency supplies and seismic equipment for SPU facilities. This supports SPU's Risk and Resiliency Strategy, which aims to improve the Utility's capacity to minimize risks and respond to emergency events or natural disasters.

## Funding for Unified Care Team activities and Clean Seattle

Expenditures \$2,045,000

Position Allocation 1.00

In order to continue to provide access to clean and safe parks and rights of way, the proposed budget includes new funding to operationalize a coordinated Unified Care Team/Clean Seattle pilot program. The initiative maintains increased levels of cleaning begun under the pandemic with one-time federal funding and enhances SPU services. Included in this pilot is funding for system navigators to connect unsheltered people sleeping in public spaces to shelter and housing. For additional information on this pilot, please see the Budget Overview.

For Seattle Public Utilities, this item provides a net \$2 million in new funding to enhance Litter Abatement, Encampment Bag, and Graffiti Abatement services. These adds continue and expand upon services first provided with Coronavirus Local Fiscal Recovery funding in 2022. For 2023 and 2024, this funding will support proactive Litter Abatement cleaning services for the Right of Way five days per week. Funding will also provide for continuing the expansion of the Encampment Bag Program.

For Graffiti Abatement, the funding provided in this item will expand graffiti inspection and abatement services on private property and will coordinate with Washington State Department of Transportation. This will supplement SPU's existing graffiti abatement budget as well as other position and funding adds provided elsewhere in the proposed budget. This action adds a 1.0 FTE Executive 2 to plan and implement enhanced Graffiti Abatement efforts, and to coordinate these efforts with the Unified Care Team and Clean Seattle.

## Funding for Work Associated with Renewal of Stormwater Natural Pollutant Discharge Elimination System (NPDES) Permit

Expenditures \$146,232

This item provides one-time funding to cover expenses expected with renewal of the City of Seattle's Stormwater Natural Pollutant Discharge Elimination System (NPDES) permit. This permit enables SPU to minimize or control water pollution. The expected increase in this body of work is cyclical on a five-year cycle. Work includes updating the Drainage and Wastewater Code, revising manuals, and issuing revised director's rules and procedures.

## Hazardous Household Waste Up-Front Funding Needs

Expenditures \$315,862

This item provides funding to cover costs associated with collection contract increases and a vehicle purchase. Increased costs are driven by a newly negotiated hazardous waste disposal contract. These costs must be paid upfront by SPU but are ultimately reimbursed by the Hazardous Waste Management Program through King County.

## Increased Customer Services Contracting Costs

Expenditures \$795,504

This item increases appropriation authority for increased contracting costs associated with operating the Customer Contact Center. These increased costs reflect SPU's portion of split funding costs under an agreement with Seattle City Light and the vendor, Kubra Data Transfer Ltd. Increased costs are also driven by a decision to completely

## Seattle Public Utilities

outsource printing and packaging to an outside vendor due to obsolete in-house technology. Current appropriation levels within the Utility cannot support these costs.

### Logistics Maintenance Vehicles and Staffing

Expenditures	\$79,550
--------------	----------

This item increases funding levels for four vehicles to support the Logistics Support Team. This body of work includes on-site project work, pickup and delivery of non-Warehouse materials, emergency operations, and other operations support for the Utility's lines of business. Funding is also included in 2024 for a full-time Maintenance Laborer position.

### Maintenance Operations for Ship Canal Water Quality Program

Expenditures	\$(88,454)
Position Allocation	2.00

This item provides 2.0 full-time machinist positions and funds two vehicle adds for the Ship Canal Water Quality Program (SCWQP). This project will be fully operational by the end of 2025, under the terms of a Federal Consent Decree. Beginning in 2023, SPU will become responsible for maintaining and servicing significant volumes of equipment associated with the program. This item also provides funding for a Civil Engineer, Senior, in 2024.

This item is a net reduction in operating budget authority, due to a shifting of costs to the Capital Improvement Program.

### Operations and Maintenance Funding for Facilities Maintenance Services

Expenditures	\$350,958
--------------	-----------

This item provides funding for ongoing facilities maintenance operations. This funding supports non-capital, operations and maintenance funding such as paint, water damage repairs, roof repairs, fire alarm maintenance, plumbing, HVAC improvements, and compliance with the Americans with Disabilities Act.

### Permanent Staffing to Support Warehouse Operations, Solid Waste Operations, and Multifamily Recycling

Position Allocation	6.00
---------------------	------

This item converts six operations positions across the Utility from temporary or term-limited to permanent. These positions comprise:

- Senior Warehousemen (2.0 FTE) in order to accommodate an increased volume of equipment and work. Increases are driven by higher volumes and new kinds of required materials that must be housed, as well as higher volumes of personal protective equipment post-COVID. Additionally, at least three emergency containers and locations, which are currently stored and maintained by SPU, will be added in the next two years.
- Laborers (3.0 FTE) for Solid Waste Operations. This will reduce use of overtime and temporary hours and is expected to result in net budgetary savings.
- Planning & Development Specialist I (1.0 FTE) for multifamily recycling support. The multifamily recycling sector faces growing demands, and this body of work can no longer be supported with continued temporary and overtime support.

These positions all support ongoing bodies of work. These actions require no additional funds.

## Seattle Public Utilities

### Position Add for a Water Engineer

Expenditures	\$(43,932)
Position Allocation	1.00

This item adds and funds a full-time Senior Civil Engineer to support the Water Fund Line of Business. This position will provide support to transmission system seismic upgrades, watermain rehabilitation, and steel tank improvements. Funding is being provided through Water Fund Capital Changes, with this action representing a net decrease in operating expenses.

### Position Adds for Clean City Graffiti Abatement

Expenditures	\$198,814
Position Allocation	2.00

This action provides funding and position authority for 2.0 full-time graffiti enforcement inspectors, one providing support for Seattle Department of Transportation (SDOT) assets and the other providing support for abating graffiti on private property. These are ongoing budget actions and are supplemented by additional graffiti-related adds for SPU as well as Seattle Parks and Recreation and SDOT. This work will be coordinated with the Unified Care Team Pilot. A separate item funds an Executive 2 position to provide central oversight for graffiti abatement.

Please note that Council changes in the Adopted Budget remove these positions. For more, see "Council" item in this section.

### Position Adds to Support Federal Energy Regulatory Commission (FERC) Relicensing for the South Fork Tolt River Dam

Expenditures	\$(147,028)
Position Allocation	2.00

This item funds 2.0 Strategic Advisors 2 to support re-licensing and license implementation for the South Fork Tolt Dam, which is critical to water and electrical supply in the Seattle region. This item also includes funding in 2024 for two additional Strategic Advisor 2 positions.

The South Fork Tolt River provides 30-35% of the water for the City of Seattle and surrounding region. This water is stored by the South Fork Tolt Dam. This dam also provides hydroelectric power generation by Seattle City Light (SCL). The South Fork Tolt Dam operates under a 40-year license from the Federal Energy Regulatory Commission (FERC), which expires in July 2029. It is critical that SPU and SCL secure the next 30+ year license to continue to provide water and electricity from this facility to our region.

Re-licensing will take 8 years and is a large and intensive new body of work for SPU. Re-licensing will require SPU to evaluate and mitigate impacts from operation of the dam. Initial phases of re-licensing will focus on the development and implementation of natural resource studies on such areas as soils, water quality and quantity, fish, wildlife, cultural resources, recreation, aesthetics, land use, and tribal resources. The studies will be used to identify the resource protection, mitigation, and enhancement measures that the City of Seattle will need to implement as requirements for operating the South Fork Tolt Dam and associated land and facilities. SPU staff will also maintain close coordination with SCL, hire and manage consultants and attorneys, and coordinate with numerous stakeholders that include federal and state agencies, Tribes, and regional jurisdictions.

# Seattle Public Utilities

## Professional Services Budget Increase for IT Operations and Maintenance and Asset Management Systems

Expenditures \$292,465

This funds professional services in the Water and Drainage and Wastewater lines of business. Funding will be used to provide consultant support for asset management technology platform, as well as supporting trainings and professional services

## Restoring the Project Delivery and Engineering Branch Internship Program

Expenditures \$68,851

This item provides ongoing funding for the Project Delivery and Engineering Branch (PDEB) Intern Program. The internship program, run through the PDEB's Engineering and Technical Services Divisions (ETSD) was interrupted by the COVID pandemic. Interns would perform work in support of the dam safety program, the asset engineering program, the spot drainage program, and the cathodic protection program. This program provides an employment pipeline and provides an opportunity for junior ETSD employees to gain supervisory experience.

## RV Wastewater Program Staffing and Vehicle Add

Expenditures \$136,317

Position Allocation 1.00

This item funds and adds 1.0 Planning and Development Specialist, Senior, in Drainage and Wastewater System Operations. This body of work is currently being provided by temporary staffing. Funding is also provided for a one-time vehicle add. These actions continue the transition of the Recreational Vehicle (RV) Wastewater Program from a pilot initiative into an ongoing program.

## Senior Training Coordinator for Supervisor Trainings

Expenditures \$53,117

Position Allocation 1.00

This item provides funding and position authority for 1.0 Full-Time Employee, a Senior Training Coordinator, to deliver a supervisor training program for the Utility. This will add capacity, as training needs are currently staffed by two employees focused on mandated, core work such as safety and compliance, onboarding, and competency integration. SPU leadership has identified supervisor training as a high priority need and also intends that increased capacity in this space could increase employee productivity, reduce workplace harassment complaints and investigations, and promote retention.

## Staffing Support and Funding for Real Property Division

Expenditures \$130,817

Position Allocation 2.00

This item adds and funds 2.0 full-time positions: a Senior Real Property Agent and a Management Systems Analyst, Senior. These actions add capacity to SPU's Real Property Division, providing technical support for the Land and Rights System replacement project, and supporting implementation of the Encroachment Program currently being developed.

Real Property Services (RPS) is SPU's central point of contact for any property matter. Real Property serves all other Agencies and SPU functions, projects and programs for property uses, needs and inquiries. At the guidance of SPU's Asset Management Program, Real Property Services and the new Management Systems Analyst, Sr., will oversee implementation of new software platforms for managing the Utility's property assets.

## Seattle Public Utilities

The in-development Encroachment Program, with the help of the new Real Property Agent, will develop consistent policies and procedures for verifying, addressing, and resolving unauthorized property uses on SPU fee-owned properties.

### Strategic Technology Plan

Expenditures	\$526,437
--------------	-----------

This item provides funding for a consultant contract to develop SPU's Strategic Technology Plan. The Plan will outline key technology strategies and goals that align with SPU's 2021-2026 Strategic Business Plan as well as the Utility's internal operations goals. Deliverables will include evaluating current state of capabilities, current industry best practices and trends, customer surveys, and recommendations for future state technologies and applications. Final selection of the consultant will be conducted through a competitive bidding process, with the contract to be awarded in by the end of 2022. The plan's completion is expected in the third quarter of 2023.

### Temporary Staff Support for Side Sewer Pilot Program

Expenditures	\$256,196
--------------	-----------

This item funds a temporary Strategic Advisor position with the Side Sewer Assistance Pilot Program. This position will perform a time-limited effort to design, test, and pilot several strategies aimed to give financial support to low-income homeowners who experience a side sewer emergency and are unable to afford to pay for the necessary repairs. After program testing, customer feedback and evaluation phases are complete, the pilot program, if successful, will move to long term implementation using existing Drainage and Wastewater staff resources.

### Temporary Staffing for Rain City Program

Expenditures	\$117,568
--------------	-----------

This item increases funding for temporary staffing for evaluating the RainCity Partnerships Program. This program provides robust community-based outcomes through installation of green stormwater infrastructure (GSI) and riparian restoration to meet water quality, climate resilience, and equity goals. Temporary staffing will help evaluate a potential Community-Based Public Private Partnership and will manage a performance contract.

### Temporary Staffing Support for Solid Waste Development Reviews

Expenditures	\$158,445
--------------	-----------

This item provides one-time funding for a term-limited employee (TLE) to review development plans for code compliance, helping ensure safe and adequate solid waste storage and access in new buildings. This staffing will add critical subject-matter expertise for developers and Department of Construction & Inspections reviewers. Temporary staffing is needed to address a backlog in Solid Waste Land Use Reviews and will supplement an existing ongoing position add from the 2022 Adopted Budget as well as existing temporary staffing.

### Tolt and Cedar River Water Treatment Facilities Design, Build, and Operate Service Costs

Expenditures	\$594,288
--------------	-----------

This item provides additional funding in the Water Fund to cover additional Design, Build, Operate (DBO) costs for the Tolt and Cedar River Water Treatment Facilities.

### Utility Wide Asset Management Assessment

Expenditures	\$233,972
--------------	-----------

This item increases ongoing leadership and administration funding by \$233,972 in 2023 and \$243,331 in 2024 in all three Funds. Funding will be used to begin a Utility Wide Asset Assessment for all lines of business. The assessment

## Seattle Public Utilities

will be used as a guide to implement recommendations to manage risk, improve system resiliency and financial performance, make informed and sustainable investment decisions, and to improve efficiency and effectiveness.

### Proposed Capital

#### **Drainage and Wastewater Fund Capital Budget Changes**

Expenditures \$(10,230,908)

This item changes appropriation levels for the Water Line of Business, including Core Water Fund Capital expenditures and Shared Capital Improvement Costs. The primary focus for 2023 and 2024 will be on asset management for distribution and transmission pipes, water system impacts associated with the various Seattle and regional transportation projects, and upgrades to water system facilities such as operation buildings. For more information, please see Adopted 2023-8 Capital Improvement Program.

#### **Shared Technology Capital Budget Changes**

Expenditures \$5,250,000

This item adjusts funding levels for 2023 and 2024 for the Technology Capital Improvement Program (CIP), with costs spread across the Water, Drainage and Wastewater, and Solid Waste Funds. SPU master projects with major technology costs in 2023 and 2024 include Customer Contact and Billing, Enterprise Information Management, Information Technology Infrastructure, Project Delivery and Performance, Science and System Performance, and Asset Information Management. For more, please see Adopted 2023-8 Capital Improvement Program.

#### **Solid Waste Fund Capital Budget Changes**

Expenditures \$(265,786)

This item changes appropriation levels for the Solid Waste Line of Business, including Core Solid Waste Fund Capital expenditures and Shared Capital Improvement Costs to reflect updated project timelines and scopes and are in alignment with the approved 2021-2026 Strategic Business Plan. Major costs include South Transfer Station Phase 2 costs as well as the South Park Development Project. For more information, please see Adopted 2023-8 Capital Improvement Program.

#### **Water Fund Capital Budget Changes**

Expenditures \$9,073,920

This action changes appropriation levels for the Water Line of Business, including Core Water Fund Capital expenditures and Shared Capital Improvement Costs. The primary focus for 2023 and 2024 will be on asset management for distribution and transmission pipes, water system impacts associated with the various Seattle and regional transportation projects, and upgrades to water system facilities such as operation buildings. For more, please see Adopted 2023-8 Capital Improvement Program.

### Proposed Technical

#### **Fund Balancing**

Revenues \$(153,686,233)

This item is a technical change to account for use of fund balance in balancing revenue and expenditures.

#### **Fund Balancing for the Adopted Budget**

Revenues \$305,849

## Seattle Public Utilities

This item is a technical change to account for use of fund balance in balancing revenue and expenditures, in accordance with the Adopted Budget.

### Technical Changes for Annual Wage Increases, Inflation, and Revised Projections for Taxes, Debt Services, and Contracting Costs

Expenditures	\$40,409,538
--------------	--------------

This item adjusts the appropriations for the Water, Drainage and Wastewater, Solid Waste, and General Funds to account for labor budget increases tied to Annual Wage Increases, other inflationary costs, as well as revised projections for taxes, debt service, major service contract payments, and increased indirect Citywide costs.

### Utility Fund Revenues for 2023 and 2024

Revenues	\$251,186,343
----------	---------------

This item updates projected revenues for the Water, Solid Waste, and Drainage and Wastewater Funds for 2023 and 2024.

## Council

### Reduce Funding and Position Authority for Graffiti Abatement

Expenditures	\$(942,815)
Position Allocation	(3.00)

This item reduces General Fund appropriations for SPU by \$1.2 million in both 2023 and 2024 and removes three full-time positions (3.0 FTE), two painters and an Executive 2, for enhanced graffiti abatement services. These adds were included in the Mayor's Proposed Budget. Instead, the Adopted Budget will fund a continuing base of \$2.1 million in General Fund supported graffiti abatement efforts.

A portion of the resources freed up by this reduction will be used to fund the \$400,000 increase in appropriations in HSD-035-B-001-2023 for homelessness outreach, outreach data support, and program coordination, provided by the King County Regional Homelessness Authority (KCRHA).

This item also restores \$243,000 in 2023 and \$254,000 in 2024 to the Solid Waste Fund, reversing an appropriation in the Proposed Budget that provided indirect overhead support for the Mayor's proposed graffiti abatement expansion.

### Change in Funding for Affordable Seattle CiviForm Program

Expenditures	\$63,280
--------------	----------

This item removed some Payroll Expense Tax (PET) funding and replaced it with revenues from Seattle City Light and Seattle Public Utilities for the Affordable Seattle program. Affordable Seattle is intended to create a one-stop shop for low-income residents – including those applying for utility assistance programs - and community-based organizations supporting these residents, to access City assistance programs through CiviForm.

### Errata Corrections to the Proposed Budget

Expenditures	-
Position Allocation	-

This item corrects errors in appropriations, revenues, and positions for the 2023-2024 Proposed Budget and the 2023 – 2028 Proposed Capital Improvement Program (CIP, as well as correcting erroneous information shown on individual CIP project pages. The City Budget Office and Central Staff identified these errata after transmittal to the

# Seattle Public Utilities

City Council.

The list below describes corrections included for SPU:

- Adding 2024 position authority to SPU for 4.0 FTE: a Maintenance Laborer (1.0 FTE) for Logistics Maintenance; a Senior Civil Engineer (1.0 FTE) for Lake Washington Ship Canal Water Quality Project Operations; and two Strategic Advisors 2 (2.0 FTE) for FERC Relicensing for the South Fork Tolt River Dam.
- Technical corrections reducing Water Fund appropriations by \$104,811 in 2023.
- Technical corrections increasing Drainage and Wastewater Fund appropriations by \$89,203 in 2023.
- Technical corrections increasing Solid Waste Fund appropriations by \$15,607 in 2023.

## Expenditure Overview

Appropriations	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
<b>SPU - BC-SU-C110B - Distribution</b>				
43000 - Water Fund	26,247,472	35,688,387	39,327,664	51,239,400
<b>Total for BSL: BC-SU-C110B</b>	<b>26,247,472</b>	<b>35,688,387</b>	<b>39,327,664</b>	<b>51,239,400</b>
<b>SPU - BC-SU-C120B - Transmission</b>

Taxes and Fees	144,594,718	151,611,849	157,676,383	163,983,389
<b>Total</b>	<b>716,558,861</b>	<b>634,467,041</b>	<b>661,713,854</b>	<b>684,327,307</b>
Full-time Equivalents Total*	-	1.00	1.00	1.00

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in General Expense Budget Summary Level:*

#### **Budget Reserves**

The purpose of the Budget Reserves Program is to appropriate funds to maintain a necessary working reserve for unanticipated expenditures that may develop during the fiscal year. These are important due to the utility need to plan revenue on a six-year horizon.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Budget Reserves	-	13,019,732	13,535,516	14,071,747

#### **Capital Purchases**

The purpose of the Capital Purchases Program is to provide appropriation for the utility to purchase equipment that cannot purchased using bond proceeds.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Capital Purchases	24,263	313,636	391,308	399,135

#### **Debt Service**

The purpose of the Debt Service Program is to provide appropriation for new bond issuance costs as well as principal and interest payments on previously issued bonds and loans.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Debt Service	286,223,907	166,747,774	175,379,166	176,155,050

# Seattle Public Utilities

## Major Contracts

The purpose of the Major Contracts Program is to provide appropriation for large service contracts that SPU has with solid waste contractors and for water and wastewater treatment costs.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Major Contracts	285,715,974	302,774,050	314,731,480	329,717,986
Full Time Equivalents Total	-	1.00	1.00	1.00

## Taxes and Fees

The purpose of the Taxes Program is to provide appropriation for payment of city and state taxes.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Taxes and Fees	144,594,718	151,611,849	157,676,383	163,983,389

### **SPU - BO-SU-N100B - Leadership and Administration**

The purpose of the Leadership and Administration Budget Summary Level is to provide overall management and policy direction for Seattle Public Utilities and to provide core management and administrative services like finance, human resources, and facility management.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Citywide Indirect Costs	65,464,358	66,778,969	76,206,711	79,281,864
Departmental Indirect Costs	69,738,108	88,426,694	93,100,051	97,500,963
Divisional Indirect Costs	1,652,749	1,279,806	1,576,751	1,649,308
Indirect Cost Recovery Offset	(24,789,411)	(22,293,753)	(22,465,443)	(23,593,182)
Paid Time Off Indirect Costs	546,889	4,353,109	4,828,182	5,115,753
Pooled Benefits Indirect Costs	4,634,035	8,808,284	7,429,334	7,155,171
<b>Total</b>	<b>117,246,728</b>	<b>147,353,108</b>	<b>160,675,587</b>	<b>167,109,877</b>
Full-time Equivalents Total*	118.60	139.60	146.60	148.60

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in Leadership and Administration Budget Summary Level:*

### **Citywide Indirect Costs**

The purpose of the Citywide Indirect Costs program is to fund internal services costs originating from outside of the department such as allocated costs from the Department of Finance and Administrative Services and Seattle Information Technology Department.

## Seattle Public Utilities

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Citywide Indirect Costs	65,464,358	66,778,969	76,206,711	79,281,864

### Departmental Indirect Costs

The purpose of the Departmental Indirect Costs program is to fund costs associated with management of the department. This may include personnel costs related to department leadership and administration or other administrative costs such as external rent and operating supplies or services.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Departmental Indirect Costs	69,738,108	88,426,694	93,100,051	97,500,963
Full Time Equivalents Total	118.60	139.60	142.60	143.60

### Divisional Indirect Costs

The purpose of the Divisional Indirect Costs program is to fund administrative costs generated by sub-departmental units.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Divisional Indirect Costs	1,652,749	1,279,806	1,576,751	1,649,308

### Indirect Cost Recovery Offset

The purpose of the Indirect Cost Recovery Offset program is to reflect the adjustment to the Leadership and Administration BSL occurring as a result of the Utility's general and administrative overhead allocation.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Indirect Cost Recovery Offset	(24,789,411)	(22,293,753)	(22,465,443)	(23,593,182)
Full Time Equivalents Total	-	-	2.00	3.00

### Paid Time Off Indirect Costs

The purpose of the Paid Time Off program is to fund salary and benefit costs associated with City-provided leave benefits such as holiday pay, sick time, vacation time, executive leave or other leave benefits, including termination payouts for vacation and sick leave.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Paid Time Off Indirect Costs	546,889	4,353,109	4,828,182	5,115,753

# Seattle Public Utilities

## Pooled Benefits Indirect Costs

The purpose of the Pooled Benefits program is to fund department costs associated with health and dental insurance, workers compensation, and unemployment insurance contributions.

Expenditures/FTE	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
Pooled Benefits Indirect Costs	4,634,035	8,808,284	7,429,334	7,155,171
Full Time Equivalents Total	-	-	2.00	2.00

### SPU - BO-SU-N200B - Utility Service and Operations

The purpose of the Utility Service and Operations Budget Summary Level is to fund the direct delivery of essential Customer Service programs and the operating expenses for Pre-Capital Planning & Development, Project Delivery, Drainage and Wastewater, Solid Waste, Water and General Fund programs.

Program Expenditures	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed

### DWW Facilities & Equip

The purpose of the DWW Facilities and Equipment Program is to provide appropriation for drainage and wastewater operating and decant facilities

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
DWW Facilities & Equip	1,587,091	1,292,747	1,117,803	1,167,430

### DWW System Operations

The purpose of the DWW System Operations Program is to provide appropriation for drainage and wastewater overall system planning, system modeling and analysis, source control, compliance and outreach and education.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
DWW System Operations	28,055,255	29,623,478	34,909,392	35,945,885
Full Time Equivalents Total	-	1.00	2.00	2.00

### Emergency Response

The Emergency Response Program provides appropriation to procure necessary equipment and provide maintenance and support services in case of emergencies.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Emergency Response	3,291,467	2,360,772	2,570,713	2,673,571

# Seattle Public Utilities

## Engineering

The purpose of the Engineering Program is to provide engineering design and support services, construction inspection, and project management services to capital improvement projects and to the managers of facilities.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Engineering	15,311,393	18,591,338	18,397,443	19,282,176
Full Time Equivalents Total	107.00	108.00	111.00	111.00

## Pre-Capital Planning

The purpose of the Pre-Capital Planning Program is to support business case development, project plans, and options analysis. This program will capture all costs associated with a project that need to be expensed during its life cycle, including any post-construction monitoring and landscape maintenance.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Pre-Capital Planning	3,701,063	4,243,265	4,660,732	4,590,000

## Solid Waste Facilities & Equip

The purpose of the Solid Waste Facilities & Equipment Program provides appropriation to maintain and support the solid waste facilities and landfills.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Solid Waste Facilities & Equip	5,237,028	5,929,372	5,516,432	5,739,947
Full Time Equivalents Total	-	1.00	1.00	1.00

## Solid Waste Operations

The purpose of the Solid Waste Operations Program provides appropriation for overall solid waste system planning, operations of the transfer stations, solid waste outreach and management of the Local Hazardous Waste Mitigation Program (LHWMP).

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Solid Waste Operations	32,134,397	38,188,980	46,103,014	47,444,734
Full Time Equivalents Total	91.56	97.56	101.56	101.56

## Wastewater System

The Wastewater System Program provides appropriation to maintain wastewater conveyance, pump stations and storage.

## Seattle Public Utilities

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Wastewater System	9,274,808	13,337,154	14,886,515	15,614,374
Full Time Equivalents Total	233.05	233.05	233.05	233.05

### Water Distribution System

The Water Distribution System Program provides appropriation to maintain water distribution conveyance, pump stations and reservoirs.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Water Distribution System	14,400,325	12,954,197	15,486,113	16,174,810
Full Time Equivalents Total	120.09	120.09	120.09	120.09

### Water Facilities & Equipment

The Water Facilities & Equipment Program provides appropriation to maintain water storage facilities.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Water Facilities & Equipment	3,198,690	2,869,012	3,356,103	3,511,640

### Water Supply & Transmssn Systm

The Water Supply and Transmission System Program provides appropriation to operate and maintain the water pipelines, reservoirs and water sheds.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Water Supply & Transmssn Systm	5,868,166	5,418,362	4,928,233	4,887,853

### Water System Operations

The Water System Operations Program provides appropriation to plan and monitor the overall water system and water quality lab, and includes the work for the Cedar River Habitat conservation.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Water System Operations	28,606,731	44,129,291	30,029,858	31,548,142
Full Time Equivalents Total	137.00	137.00	137.00	137.00

# Seattle Department of Transportation

Greg Spotts, Director

(206) 684-5000

<http://www.seattle.gov/transportation>

## Department Overview

The Seattle Department of Transportation (SDOT) develops, maintains, and operates a transportation system that promotes the safe and efficient mobility of people and goods, and enhances the quality of life, environment, and economy of Seattle and the surrounding region. The City's transportation infrastructure is estimated to be worth approximately \$28 billion, including these major system assets:

- 1,548 lane-miles of arterial streets;
- 2,396 lane-miles of non-arterial streets;
- 2,293 miles of sidewalks;
- 126 bridges;
- 499 stairways;
- 581 retaining walls;
- 2.2 miles of seawalls;
- 1,140 signalized intersections;
- 47 miles of multi-purpose trails;
- 2,277 miles of improved sidewalks and median pathways;
- 165 miles of on-street bicycle facilities;
- 38,565 street trees;
- 1,614 pay stations;
- 33,694 curb ramps;
- close to 202,000 signs

The SDOT budget covers three major lines of business:

The **Transportation Capital Improvement Program** includes the major maintenance and replacement of SDOT's capital assets; the program also develops and constructs additions to the City's transportation infrastructure. The program includes the Major Maintenance/Replacement, Major Projects, and Mobility-Capital Budget Summary Levels (BSLs).

**Operations and Maintenance** covers day-to-day operations and routine maintenance that keep people and goods moving throughout the city, which includes operating the city's movable bridges and traffic signals, cleaning streets, repairing potholes, issuing permits, maintaining trees, and transportation planning and engineering. The five BSLs in this area are: Bridges and Structures; Maintenance Operations; Mobility-Operations; Parking Enforcement; and Right-of-Way Management.

**Business Management and Support** provides overall policy direction and business support for SDOT and includes the Leadership and Administration and General Expense BSLs.

### Budget Overview

The 2023 Adopted and 2024 Endorsed budgets for the Seattle Department of Transportation (SDOT) reflect continued COVID recovery. Lingering adverse economic impacts of the pandemic on revenues, subsequent impacts of emergency budget action on core services and reductions taken in 2020-2021, and unusual circumstances due to across-the-board economic inflationary cost increases have created significant fiscal constraints that create challenges for both SDOT and the City as a whole.

To mitigate these unprecedented challenges, SDOT has employed numerous tools including increased funding from central revenue streams like additional General Fund (\$11.7 million new in Transportation Network Company Tax 2023-24) and Real Estate Excise Taxes (\$14 million new in 2023-24), reductions to non-critical projects, and prioritizing remaining limited funding to critical transportation priorities. It is within this context of fiscal constraint that investments are made to enhance safe environments for walking, biking, riding transit, driving, and moving freight based on geographic equity and community need. These investments are intended to further integrate SDOT's master plans and continue to implement a comprehensive Move Seattle strategy that maintains and expands the City's transportation infrastructure.

While the adopted budget makes investments in mobility and safety in the upcoming biennium, these funding levels are not sustainable, and the fiscal gap is not fully addressed in outyears. This budget is predicated on the assumption that a combination of a future transportation funding and federal infrastructure funding will provide the financial resources needed for SDOT to meet its mission.

Between 2020 and 2021, unprecedented City revenue shortfalls resulted in SDOT's operating and capital budget reductions of 25% and 12.5% respectively. Continuing in 2023, SDOT will aggressively pursue all revenue options including new Federal infrastructure funding.

#### Financial Challenges in 2023-2024 Budget

The August 2022 Revenue Forecast projected stagnant revenues for SDOT and the General Fund, and the November 2022 forecast worsened significantly. SDOT's most flexible dedicated transportation revenue stream, Commercial Parking Tax (CPT), was anticipated to generate a \$46 million cumulative shortfall by 2026—over \$100 million if

## Seattle Department of Transportation

including new initiatives or critical unfunded needs—under the August Forecast. The November Forecast increased that deficit to \$52 million by 2026. This revenue stream is dedicated to maintaining core functions of SDOT's programs and projects. This shortfall was the result of both unstable CPT revenue projections (falling 10.5% in 2023 and 10.6% in 2024 between the April and November 2022 Revenue Forecasts), increasing costs associated with debt service, inflation, greater emergency response needs, and reductions in partner support for Streetcar operations beginning in 2024.

To help address this challenge, the budget reallocates a substantial portion of the Transportation Network Company Tax revenue to support transportation priorities, as well as providing additional allocations of Real Estate Excise Tax funding in 2024. This central revenue support also helps to defray further reductions to SDOT projects.

### Major Investments and Budget Changes

As a result of actions described above, SDOT is able to make major new investments in critical infrastructure, transportation planning, emergency response, and clean-up efforts in the right of way. Below are highlights of major new or expanded efforts in the adopted budget:

- **Move Seattle Investments:** \$11.7 million in 2023 and \$29.0 million in 2024 for Sidewalk Safety Repair, Transit Corridor Improvements, Arterial Asphalt and Concrete projects, New Sidewalk Program, Protected Bike Lane improvements, Greenways, Arterial Major Maintenance, Heavy Haul Network improvements, and investments in the Market / 45th Multimodal Corridor project. These funds are available due to project savings for Move Seattle Levy projects that have met or exceeded levy targets, or reallocations from projects identified in consultation with the Levy Oversight Committee.
- **Emergency Response:** Due to worsening storms as a result of climate change, unpredictable social events, and the increasing complexity of the transportation network, SDOT's Emergency Response program has historically exceeded budget by as much as \$6 million per year over the last 5 years, requiring either SDOT or the General Fund to support overspending at year-end. The Proposed Budget attempted to solve this long-standing structural budget deficit by dedicating \$6 million per year to fund the Emergency Response program. The Adopted Budget modified this item to reduce this funding increase to \$4 million per year. See Council Changes section below for more detail.
- **Planning Investments:** SDOT is investing \$2.8 million to continue development of the Seattle Transportation Plan, a document that will bring together the many individual modal transportation plans into a coordinated strategic approach to overall transportation planning. The project will also help inform SDOT's future transportation funding strategy, as the Move Seattle Levy is scheduled to expire at the end of 2024.
- **West Seattle-Ballard Link Extension Staffing:** The Mayor proposed to invest almost \$3 million annually from the JumpStart Payroll Expense Tax to support 12 positions that will help develop, review, and plan Sound Transit's major light rail extension project through Downtown Seattle. This was modified by the City Council in the Adopted Budget to be supported with Transportation Benefit District and Transportation Fund dollars. This project represents the largest infrastructure investment in Downtown in the city's history and will require close coordination with Sound Transit to ensure the work best meets Seattle residents' needs.
- **UCT/Clean Seattle:** In order to continue to provide access to clean and safe parks and rights of way, the Adopted Budget includes new funding to operationalize a coordinated Unified Care Team/Clean Seattle pilot program. The initiative maintains increased levels of cleaning begun under the pandemic with one-time federal funding and enhances SPU services. Included in this pilot is funding for system navigators to connect unsheltered people sleeping in public spaces to shelter and housing. SDOT will invest \$4.5 million of existing and new resources to support the continuation of clean-up services (total program of \$13.7 million across Department of Parks and Recreation, Seattle Public Utilities, Human Services Department).
- **Parking Enforcement Officer Division Transfer:** SDOT will transfer the Parking Enforcement Officer (PEO) Division to the Seattle Police Department effective January 1, 2023. This division was originally transferred to SDOT in 2021 in response to emergency circumstances during COVID and a period of national protest. The Mayor is re-evaluating Public Safety needs and how services can be made more efficient. In addition, maintaining the PEO division in SDOT would require at least \$5 million in additional costs for unanticipated

# Seattle Department of Transportation

overtime and indirect costs.

- **Material Change:** During the 2022 state legislative session, lawmakers established a new grant to encourage transit agencies throughout the state to implement free fares for youth riders. The transportation agencies serving Seattle, including King County Metro and Sound Transit, implemented free youth fares in October 2022. This has freed up approximately \$3 million of annual revenues from the Seattle Transit Measure (STM), which has been paying for transit passes for students at Seattle Public Schools. In addition, operator shortages at Metro are restricting the City's ability to purchase additional service hours. The proposed budget recommended reallocating resources to invest in additional capital projects to increase transit efficiency and reliability. In order to implement this change, the Mayor transmitted budget legislation to increase annual Seattle STM allocations for capital projects from \$3 million to \$6 million. The City Council modified this proposal in the Adopted Budget to increase the allocations to \$9 million. See the Council Changes section below for more information

## **Budget Reductions**

Despite these new investments, SDOT was unable to maintain full funding even with a significant increase of central revenue to support base operations. Nevertheless, SDOT was able to minimize impact to reductions to close the remaining funding gap. The following are highlights of SDOT's reduction approach:

- **Your Voice, Your Choice:** Your Voice, Your Choice is a community decision-making program that funds small-scale neighborhood capital projects. The program is being sunset and re-evaluated in the context of the Office of Civil Rights efforts to invest \$30 million in 2023 to implement a Participatory Budget program that will focus on similar outcomes as the Your Voice, Your Choice program. Projects in progress with Your Voice, Your Choice will be completed before this program sunsets.
- **Thomas Street Redesigned:** This project is a green street/public realm project that connects South Lake Union with Seattle Center. The reduction would pause the remaining project scope indefinitely, and all remaining funding would be used to complete existing project work.

## **Various Capital Project and Other Investments**

In addition to the above, additional smaller investments in reimbursable activities that support capital projects and development activities (ADA curb ramps, design review), enhancement of capital safety programs in the School Safety, Traffic and Pedestrian Improvement Program Fund, and funding for long term capital projects like the Burke-Gilman Trail and E Marginal Way Heavy Haul Corridor will see increases in the 2023 Adopted Budget.

## **Council Changes to the Proposed Budget**

The City Council modified the proposed budget in the following ways:

- The City Council passed Ordinance 126720, which increased vehicle license fees ("car tab fees") by \$10, bringing the City's total vehicle license fee (VLF) to \$50. The revenues from this action are budgeted as follows: \$1.5 million to a new NE 45th St. Bridge I-5 Crossing Improvements project in 2023; \$461,000 in 2023 and \$2 million in 2024 to the Structures Major Maintenance project for bridge maintenance; and \$2 million in 2024 to the Vision Zero project for pedestrian safety improvements.
- The City Council added \$250,000 of General Fund to initiate design for pedestrian safety improvements in the Ballard Brewery District.
- The City Council allocated \$1 million of School Safety, Traffic and Pedestrian Improvement Fund dollars to expand the School Zone Camera Program and implement projects in the School Safety program as part of the Pedestrian Master Plan.
- The City Council added \$1 million in 2023 and \$500,000 in 2024 to increase investment on bridge repair and maintenance.
- The City Council reduced the Emergency Response budget by \$2 million of General Fund. This reduction still leaves a net increase of \$4 million to SDOT's Emergency Response funding ongoing starting in 2023, totaling \$8 million in funding annually.
- The City Council reduced funding for Bridge Painting and Sidewalk Repair by a combined \$5.2 million in

## Seattle Department of Transportation

2023.

- The City Council replaced \$300,000 of Seattle Transportation Benefit District vehicle license fees with Real Estate Excise Tax (REET) on the Vision Zero CIP. In the same action, the Council replaced \$300,000 of General Fund with STBD VLF in Maintenance-Operations. Similar replacements were made in separate actions for Commercial Parking Tax (CPT), totaling \$2.9M replaced by REET.
- The City Council passed Ordinance 126718, which increased the annual amount of Seattle Transit Measure (STM) sales tax revenues that can be used for capital projects from \$3 million to \$15 million. In 2023 and 2024, the operations budget was reduced by \$3.5 million. This funding and STM reserves were shifted to the STBD-Transit Improvements CIP as follows: \$9 million in 2023, \$9 million in 2024, \$3.5 million in 2025, and \$3.5 million in 2026.
- The City Council replaced \$2.6 million of VLF in 2023 and \$2.8 million of VLF in 2024 with Real Estate Excise Tax I (REET I) on five of SDOT's capital projects. It also replaced \$3.6 million of JumpStart funds in 2023 and \$2.8 million of JumpStart in 2024 with VLF on the Sound Transit 3 CIP project page.
- The City Council added \$250,000 of one-time JumpStart funds to plant and support establishment of trees in the public right-of-way.

*Note: The Adopted Budget Ordinance Attachment A includes an error that incorrectly appropriates \$850,000 for the First Hill Streetcar Repair to an incorrect Budget Control Level, and conflicts with the 2023-2028 Adopted CIP that City Council passed in November 2022. The 2023 Adopted and 2024 Endorsed budgets Book, 2023-2028 Adopted CIP and accompanying reference documents, and the Fund Financial Plans in the Appendix to the adopted budget are shown consistent with the correct Budget Control Level. The error will be corrected in an upcoming 2023 mid-year supplemental budget ordinance.*

## Description of Incremental Budget Changes

### Baseline

#### **2022 Annual Wage Increase (AWI)**

Expenditures	\$4,139,697
--------------	-------------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### **Baseline Revenue Adjustment**

Revenues	\$15,933,800
----------	--------------

This item adjusts baseline revenues to match baseline projections.

#### **Baseline Technical Corrections**

Expenditures	-
--------------	---

This change makes numerous technical fixes to SDOT's baseline budget.

#### **Citywide Adjustments for Standard Cost Changes**

Expenditures	\$6,405,582
--------------	-------------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### **Reversal of 2022 One-Time Items**

Expenditures	\$4,323,884
--------------	-------------

This item reverses one-time operating expense and reduction items from the 2022 budget.

### Proposed Operating

#### **Administrative Budget Reductions**

Expenditures	\$(910,235)
--------------	-------------

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This reduction represents staffing support approved by the City Council in 2021 that has been absorbed by other funding sources in SDOT. There is no impact to this reduction.

#### **Changes to Restricted Parking Zone fees**

Expenditures	\$448,233
Position Allocation	2.00

## Seattle Department of Transportation

This change increases appropriation and changes the Restricted Parking Zone fees from \$65 per two years to \$95 per two years, along with other fee changes for guest passes and temporary passes. Low-income passes will remain the same. The change is required to offset increasing costs of administering the restricted parking zone program, which was last updated in 2009. This increase represents a 3.2% annualized increase per year and is in line with numerous other cities of similar size.

### Clean Seattle Investments

Expenditures	\$3,621,866
Position Allocation	18.00

This item increases investment in Clean Seattle activities to support ongoing work to clean up trash and debris in the right-of-way. The change maintains levels of clean-up activities that will be delivered through the Unified Care Team. These activities were previously supported by one-time Federal emergency COVID funding.

### Emergency Response

Expenditures	\$6,000,000
--------------	-------------

This item funds additional budget to the Emergency Response program that supports SDOT's response to emergency events including snow, wind and rainstorms, major traffic incidents, protest and other unanticipated events, and other emergency scenarios that impact the right-of-way. Largely due to climate change, Seattle has seen significantly more severe storms which require a larger and larger response from SDOT. This funding ensures SDOT holds enough budget to respond quickly to emergency events.

### Finance and Administration Positions

Expenditures	\$395,486
Position Allocation	3.50

This item increases appropriation and adds new positions in accounting, contracts and procurement, and IT planning groups that perform essential services necessary to fulfill SDOT's mission and commitments to the community. SDOT has underfunded these core operations temporarily to reduce ongoing budget reductions during the pandemic, and now needs to fully fund these activities.

### General Fund Non-Labor Reductions

Expenditures	\$(908,198)
--------------	-------------

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This change reduces General Fund appropriation by approximately less than 15% of numerous program budgets, and in some cases continues reductions that have been taken in 2023 and 2024. While these reductions will impact SDOT performance, these items will not have a critical impact to operations. This change is part of a package of reductions required to meet General Fund reduction targets to balance the General Fund.

### Parking Enforcement Officer Division Transfer

Expenditures	\$(19,987,262)
Position Allocation	(123.00)

The 2023 Adopted and 2024 Endorsed budgets transfer the Parking Enforcement Officer (PEO) Division from SDOT to Seattle Police Department (SPD). The proposed budget also transfers 123 FTE.

The PEO Division plays a pivotal role in traffic management and enforcement through issuance of parking infractions,

## Seattle Department of Transportation

metered parking enforcement, boot program operations, assistance with RV remediation, disabled placards enforcement, assistance with special event traffic control, and identifying abandoned vehicles. In 2020, the PEO division was transferred out of SPD and into the newly established Community Safety and Communications Center and was later again transferred to SDOT in 2021. This transfer back to the SPD reflects an interest in continuing to improve public safety in a post-pandemic environment and to maintain strong management of rights of way. To that end, SDOT will continue to work closely with the PEO Division. In addition, unanticipated overtime costs associated with special events as well as indirect costs incurred in SDOT would require at least an additional \$5 million to maintain the division within SDOT.

### Reimbursable City Utility Work in the Right-of-Way

Expenditures	\$2,232,895
Revenues	\$2,232,895

This change increases the budget for an additional crew that will support SDOT work on curb ramp restoration and on utility cut restoration under a pilot program. The proposed increase will support 11.0 FTE 3-year term-limited positions and will be paid on a reimbursable basis from Seattle City Light (SCL) and Seattle Public Utilities (SPU).

### SDOT Staffing for Existing Commitments

Expenditures	-
Position Allocation	16.00

This item maintains staffing capacity within the Seattle Department of Transportation (SDOT) to restore or continue providing core services and voter-approved projects and programs. This item converts 12.0 FTE Term-Limited Assignment positions from temporary to permanent, lifts the sunset date on 6.0 FTE positions, and requests 4.0 FTE new positions. Three of the new position requests restore positions that were reduced or repurposed in the 2021 and 2022 Budgets. These positions perform essential services necessary to fulfill SDOT's mission and commitments to the community.

### Seattle Transportation Plan and Future Transportation Funding Plan

Expenditures	\$2,780,000
--------------	-------------

This item increases appropriation using overhead recovery revenue to support SDOT work on longer-term planning efforts including the Seattle Transportation Plan and the Future Transportation Funding Package. These planning efforts will incorporate review of transportation funding and citywide transportation needs to create a comprehensive set of future funding options with robust community outreach and language access strategies.

### Signal Maintenance Adjustment

Expenditures	-
--------------	---

This technical change allocates Gas Tax revenues to support Signal Maintenance, freeing up Commercial Parking Tax (CPT) to help close SDOT's CPT budget gap for 2023 and 2024. There are no impacts to the Signal Maintenance program as a result of this change.

### ST3 Position Authority

Position Allocation	12.00
---------------------	-------

This item creates 12.0 FTE new positions in the Seattle Department of Transportation's Sound Transit program. The new positions will advance the planning, permitting, and ultimate delivery of the West Seattle and Ballard Link Extensions project that extends light rail service for the first time to West Seattle, South Lake Union, Uptown and the Seattle Center campus, Interbay, and Ballard. These positions will be funded by a combination of Sound Transit

# Seattle Department of Transportation

reimbursement and Transportation Benefit District funding.

## Street Design Concept Plan

Expenditures	\$100,000
Revenues	\$100,000

This change establishes a reimbursable project through which private third-party development teams may pay SDOT Urban Design staff to lead the development of street design concepts, lead internal collaboration and review, and lead community engagement. Street Design Concept Plans, a requirement in some developments, can be a challenge for third-party developers to complete. This change would allow SDOT to complete this work in-house or through SDOT-managed contracts. It would also allow SDOT to support better cross-divisional review and community engagement that is consistent with SDOT and City requirements. Work will be strictly undertaken on a reimbursable basis, using SDOT fully loaded costs.

## Street Use Support for Signal Maintenance

Expenditures	-
--------------	---

This change transfers \$295,500 of Street Use fee budget to support Signal Maintenance activities that were previously supported by the General Fund, in order to reduce General Fund expenditures. This change is part of a package of required reductions to balance the General Fund.

## Streetcar Operating Reductions

Expenditures	\$(719,525)
--------------	-------------

This item continues service reductions that were initiated in the 2021 Adopted Budget, which reduced the frequency and span of service for the City's two existing streetcar lines. This item also includes reduced overtime costs and aligns the maintenance budget with anticipated maintenance needs. This reduction will relieve pressure on transportation-specific funding sources that are constrained due to the economic impacts of the pandemic.

## Transfer Climate Initiatives Position to OSE

Expenditures	\$(168,016)
Position Allocation	(1.00)

This change formalizes a position transfer 1.0 FTE from SDOT to the Office of Sustainability and Environment (OSE), where the position currently provides support and expertise to OSE on climate initiatives.

## Transportation Budget Analysis

Expenditures	\$200,000
--------------	-----------

This item adds 2-year only funding (\$200,000 in 2023, \$207,000 in 2024) of overhead recovery revenue for a consultant to review and prioritize programs that exist in the baseline budget to measure and evaluate how they align with Departmental and City values, priorities, and commitments, in preparation for the expiration of the Move Seattle Levy. This work will help to align the baseline budget with the highest-priority programs and focus resources on delivering measurable results. Further, as the City continues to address financial uncertainty in revenues and expenditures, SDOT hopes that this effort will help the Department be more confident that sudden changes have the lowest-possible impact to our costs and operations.

# Seattle Department of Transportation

## Transportation Equity

Expenditures	\$131,833
Position Allocation	1.00

This item creates 1.0 FTE Strategic Advisor 2 position in the Seattle Department of Transportation to support the Transportation Equity Program. The requested position will be funded by overhead (indirect cost allocation) and will support the portfolio by managing internal and external stakeholders as SDOT moves into the implementation phase of the Transportation Equity Framework.

## Transportation Fund Reductions

Expenditures	\$(852,163)
--------------	-------------

This change reduces appropriations in the Transportation Fund to offset declining transportation-specific revenues like Commercial Parking Tax and state Gas Tax, many of which were negatively impacted by the COVID-19 pandemic. The future of these revenues continues to be highly uncertain and SDOT is proposing reductions to preserve a more sustainable level of service until we have more certainty about the future of our revenues. This change is part of a package of reductions required to balance SDOT's Transportation Fund.

## Transportation Network Company Tax support for Debt Service

Expenditures	-
--------------	---

This item transfers appropriations of Transportation Network Company Tax to support debt service in SDOT's Transportation Fund. This transfer allows SDOT to unburden Commercial Parking Tax (CPT) to close the CPT budget gap in 2023-2024. Please refer to the Budget Overview section for more information on this item.

## Transportation Operations Budget Realignment

Expenditures	\$1,929,994
Position Allocation	3.00

The Transportation Operations Division (TOD) baseline budget is not sufficient to cover existing staffing levels and service-level expectations. Much of the TOD budget is for existing labor or for work that is required by law or for safety, and SDOT is proposing various adjustments to align the 2023 Adopted and 2024 Endorsed budgets with service levels that meet safety and operational needs. Of the total amount, \$889,000 will fund continued 24/7 service at the Transportation Operations Center, \$690,000 is for signal maintenance, and \$350,000 is for transportation spot improvements. All of these items are funded with street use fees.

## Proposed Capital

### Burke-Gilman Trail Funding

Expenditures	\$2,500,000
--------------	-------------

This change funds re-design work necessary for the completion of the Burke-Gilman Trail to address previously raised community concerns and to allow for the start of construction. The refined design adjusts the project to meet changing conditions along the corridor, such as eliminating the need to relocate railroad tracks on Shilshole Ave NW and NW 45th St.

### CIP Adjustments 2023-2028

Expenditures	\$(23,205,181)
--------------	----------------

This change is an annual true-up between SDOT's 2023-2028 capital spending plan and the 2023-2028 Proposed CIP. The intent of this action is to better align actual spending expectations with the budget every year. This change

## Seattle Department of Transportation

includes a companion appropriation change as part of the 2022 Year-End Supplemental Budget Legislation that abandons appropriations in the 2022 budget in order to reallocate them to future years.

### CIP Budget Reduction

Expenditures	\$(40,121,638)
--------------	----------------

This proposal removes all future year budget for “Neighborhood Parks Street Fund - Your Voice, Your Choice”. It also removes less than half of the budget authority for “Thomas Street Redesigned” and the remaining funding for the project is Utility Resources and the highly restrictive Landscape Conservation and Local Infrastructure Program (LCLIP) fund. Finally, this change anticipates the completion of a Downtown Mobility study in 2023 to help determine the funding plan for the Center City Connector Streetcar Project.

### City Planning Efforts for Sound Transit’s WSBLE Project

Expenditures	\$2,555,208
--------------	-------------

Revenues	-
----------	---

Voters approved Sound Transit’s West Seattle and Ballard Link Extensions (WSBLE) project in 2016 as a part of the Sound Transit 3 (ST3) ballot initiative. The project will extend light rail service for the first time to West Seattle, South Lake Union, Uptown and the Seattle Center campus, Interbay, and Ballard—ultimately connecting these neighborhoods to regional high-capacity transit lines (1-Line from Ballard to Tacoma and 3-Line West Seattle to Everett). The project will add stations and service at SODO, the Chinatown-International District, and Downtown, increasing the frequency and access to light rail service in these already served areas. The project also includes several large-scale elements along the alignment, including a second transit-only Downtown tunnel and water crossings at the Duwamish and Ship Canal. This change funds 12.0 FTE in Seattle to support this Sound Transit work, which was originally funded by a combination of reimbursable revenues from Payroll Expense Tax. The City Council replaced Payroll Expense Tax with Vehicle License Fees in the adopted budget. The positions for this change are captured in another incremental change in this budget.

### East Marginal Way Corridor Improvement

Expenditures	\$1,293,000
--------------	-------------

This change allocates additional funding to the East Marginal Way project which will reconstruct the roadway to meet the City’s Heavy Haul Corridor Network standards that help support freight loads. The project also includes a protected bike lane along this corridor. Additional funding for this project is needed due to unanticipated cost increases in construction.

### Enhanced SSTPI Capital Spending

Expenditures	\$1,915,000
--------------	-------------

This change will pay for safety projects on walking and biking routes to school including Neighborhood Greenways, Protected Bicycle Lanes, and New Sidewalks as a result of increased School Safety Traffic and Pedestrian Improvements Fund revenues (primarily school zone camera fines), as they recover from COVID-19 school closures.

### Labor Changes in Capital Projects

Expenditures	-
--------------	---

This item is a budget-neutral, technical change that shifts appropriation between accounts within several capital projects related to position requests in SDOT’s 2023 Adopted and 2024 Endorsed budgets.

# Seattle Department of Transportation

## LCLIP Capital Improvement Projects

Expenditures \$3,035,000

This change allocates accumulated and forecasted Land Conservation Local Infrastructure Program (LCLIP) funds to eligible capital projects such as the Harrison St. Transit Corridor, 3rd Ave Transit Corridor, 3rd Ave and Yesler Way Safety and Streetscape Improvement Project, and the Taylor Ave Sidewalk Widening project. These funds are generated through a proportion of funding from the transfer of development rights (TDR), a joint program with Seattle and King County. The scope of these projects includes improvements to heavily utilized transit corridors/stops, paving, streetscape and public space improvements, and sidewalk widening.

## Move Seattle Levy Workplan Update

Expenditures \$11,650,000

This change allocates balance in the Move Seattle Levy Fund to support Bicycle Safety, Sidewalk Safety Repair, Arterial Roadway Maintenance, Paving Spot Improvements, New Sidewalks and Heavy Haul Network programs. This balance comprises previously unprogrammed Levy funds, interest income, project savings and reduced Levy funding in operations and maintenance programs. The investments were identified during the Levy Workplan update exercise in 2021 in conjunction with the Levy Oversight Committee.

## Ongoing CIP in 2028

Expenditures -

This change adds spending estimates to the last year of the 2023-2028 Adopted CIP for ongoing capital projects.

## Program WSDOT Funding

Expenditures -

Revenues \$9,000,000

This item adds \$9,000,000 of WSDOT Partnership funding to the Central Waterfront Transportation Fund BCL. It removes \$9,000,000 of funding that was shown as unsecured, To Be Determined, funding in the 2022-2027 Capital Improvement Plan that was contingent upon approval of the funding by the Washington State Legislature. This funding was approved by the Legislature during the 2022 legislative session to cover increased costs for the Alaskan Way Main Corridor project due to delays in completing the SR-99 Tunnel and demolition of the Alaskan Way Viaduct.

## Real Estate Excise Tax Support for Debt Service

Expenditures -

This item transfers appropriations of Real Estate Excise Tax to support debt service in SDOT's Transportation Fund. This transfer allows SDOT to unburden Commercial Parking Tax (CPT) to close the CPT budget gap in 2023-2024. Please refer to the Budget Overview section for more information on this item.

## REET Support for CIP

Expenditures -

This item appropriates Real Estate Excise Tax II (REET II) to support the Vision Zero and Structures Major Maintenance capital projects. This support allows SDOT to free up Commercial Parking Tax (CPT) to help offset budget deficits facing CPT in 2023-24. More information on this change can be found in the Budget Overview section. This change will not impact funding for these projects.

## Seattle Department of Transportation

### Ryther Center Sidewalk Investment

Expenditures \$525,000

This change increases funding of REET I to support a new sidewalk on the north side of NE 95th St between Ravenna Ave NE and the Ryther Center. The Ryther Center provides outpatient mental health programs to help young people struggling with mental illness, trauma, substance use, and autism spectrum disorders. The new sidewalk would provide a safer place for people to walk between frequent transit service on Lake City Way NE and the Center.

### Seattle Transit Measure Capital Funding Increase

Expenditures \$3,000,000

The City Council altered this proposal in the adopted budget. Please refer to the Council Changes section below. The proposed budget description follows:

The Mayor's budget proposal includes legislation to increase the amount of Seattle Transit Measure revenues that can be spent on capital projects from \$3 million to \$6 million annually. This budget item incorporates the corresponding \$3 million increase into SDOT's proposed budget. Of the \$3 million, \$1.7 million is an increase in the Seattle Transit Benefit District - Transit Improvements CIP and \$1.3 million is an increase in the Vision Zero CIP. Funds will be used for Rainier Corridor safety projects, transit improvement projects along MLK, concept planning for the 130th West project, and other transit-related projects that will be identified in the coming months.

### WSDOT SR 520 Funding Commitments

Expenditures \$(62,000)

This proposal readjusts the timing of City budget authority and decreases appropriations in 2023 and 2024 and increases the City's budget commitment by from 2025 to 2028 to the Washington State Department of Transportation (WSDOT) State Route 520 (SR 520) program to match WSDOT's revised schedule for work on this project.

### Proposed Technical

#### 2022 Q2 Supplemental AWI Increment

Expenditures \$2,704,902

This technical item aligns 2022 2nd Quarter Supplemental Budget Legislation for the 2022 Annual Wage Increase with the 2023 Adopted Budget.

#### 2022 Q2 Supplemental Ongoing O&M Items

Expenditures \$(167,013)

Position Allocation (4.00)

This technical item aligns operating adjustments approved in the 2022 2nd Quarter Supplemental Budget Legislation with the 2023 Adopted Budget.

### Central Revenue Entry

Revenues \$(91,228,744)

This item enters base budget revenues that support funding in SDOT.

# Seattle Department of Transportation

## CIP Adjustments

Expenditures	\$203,353
--------------	-----------

This technical adjustment makes minor corrections to financial accounts and capital costs.

## Debt Service Adjustment

Expenditures	\$(3,285,864)
--------------	---------------

This technical adjustment modifies the budgeted baseline to reflect the most recent debt service information for updated financing cost assumptions and changes in annual bond needs based on current project spend plans.

## First Hill Streetcar Operations Technical Adjustment

Expenditures	\$337,108
--------------	-----------

This technical adjustment increases appropriations in the Streetcar Operating Fund – First Hill Streetcar Operating Budget Control Level to accommodate inflationary increases.

## Fund Balancing Entries

Revenues	\$(16,958,647)
----------	----------------

This is a technical item to record a fund balancing entry for the Move Seattle Levy Fund (10398), Transportation Fund (13000), Seattle Transportation Benefit District Fund (19900), Seattle Streetcar Operations Fund (10800), School Safety Traffic and Pedestrian Improvement Fund (18500), and West Seattle Bridge Bond Fund (36810) which are primarily managed by SDOT.

## O&M Technical Adjustment

Expenditures	\$(13,184,231)
--------------	----------------

This technical change adjusts operating budgets for various cost changes and budget transfers related to contract inflation, work group reorganizations, and central cost adjustments.

## Parking Enforcement Officer Division Transfer - IT Costs

Expenditures	-
--------------	---

This change transfers central costs associated with Information Technology activities that would have been undertaken by Parking Enforcement Officers at SDOT that now will not occur due to the transfer of PEOs to Seattle Police Department. Please see the Parking Enforcement Officer Division Transfer change item for more details on this transfer.

## Revenue Adjustments

Revenues	\$11,972,290
----------	--------------

This item is a technical revenue adjustment based on the August 2022 revenue forecast and SDOT forecasting of Gas Tax based on State data. This change also includes corrections for SDOT's baseline budget, as well as incremental changes to the Baseline Revenue Forecast and changes to grant and partnership funding.

## SDOT "Outyear" Base CIP Adjustment

Expenditures	\$(4,200,191)
--------------	---------------

Revenues	\$6,998,809
----------	-------------

## Seattle Department of Transportation

This technical change reconciles 2022 budget adjustments that affect the 2023-2028 years of the CIP.

### **SDOT Reimbursable Adjustment**

Expenditures	\$4,704,921
Revenues	\$4,893,923

This technical change identifies revenues and budget changes associated with work that is fully reimbursed by grants, partnerships, and other city departments.

### **SLU Streetcar Operations Technical Adjustment**

Expenditures	\$153,265
--------------	-----------

This technical adjustment increases appropriations in the Streetcar Operating Fund – South Lake Union Streetcar Operating Budget Control Level to accommodate inflationary increases.

### **Street Use Technical Adjustment**

Expenditures	\$3,080,824
Revenues	\$13,091,798

This technical adjustment aligns SDOT's budget with anticipated expenditures in SDOT's Street Use program, which is funded by permit issuance fees, hourly service fees, use and occupation fees, and modification fees.

## **Council**

### **Amend Aurora Avenue North Safety Improvements Project Description**

This Council Budget Action would amend the project description for the Seattle Department of Transportation's (SDOT's) Aurora Avenue North Safety Improvements (MC-TR-C118) CIP project to reference State grant funding authorized in the Move Ahead Washington transportation funding package.

This Council Budget Action would add the following statement to the existing project description:

"This project is supported, in part, by a State grant to implement strategic transportation investments for the Aurora Ave N Corridor from N 90th St to N 105th St that ensure slow vehicle speeds, walkability, multimodal mobility, safe routes to local schools, and safety for residents, which will demonstrate the benefits of similar transportation investments for other locations along Aurora Avenue and elsewhere."

### **Ballard Brewery District Safety Improvement Design**

Expenditures	\$250,000
--------------	-----------

This item adds one-time funding of \$250,000 General Fund in 2023 to SDOT's Urban Design Program to fund design for street and pedestrian safety improvements on Ballard Ave NW.

### **Fund Balancing Entries - Post Adoption**

Revenues	\$4,137,392
----------	-------------

This is a technical item to record fund balancing entries for the Seattle Streetcar Operations Fund, the Transportation Benefit District Fund, and Transportation Fund, School Safety Traffic and Pedestrian Improvement Fund, and the Move Seattle Levy Fund. This entry is necessary to balance funds due to changes made during the Council phase of the budget process.

# Seattle Department of Transportation

## Increase Funding for School Zone Camera Program

Expenditures

-

This Council Budget Action adds \$1 million of School Safety Traffic and Pedestrian Improvement (SSTPI) Fund in 2024 to the Seattle Department of Transportation's (SDOT's) Pedestrian Master Plan – School Safety (MC-TR-C059) CIP project, and adds \$1 million in 2023 and \$1.7 million in 2024 of SSTPI Fund to the Seattle Police Department (SPD) to develop and implement an expansion of the School Zone Camera program to double the number of cameras deployed by the School Zone Camera program to 70 over 2023 and 2024.

## Increase Seattle Transit Measure Capital Funding for Bridges

Expenditures

\$5,500,000

This item adjusts the budget to correspond to Ordinance 126718, which increases the annual spending limit of Seattle Transit Measure sales tax revenues for capital projects to \$15 million. The Mayor's budget proposed increasing the annual spending limit from \$3 million to \$6 million; the adopted budget increases the limit by another \$9 million. The 2023 Adopted and 2024 Endorsed budgets reduce the Mobility Operations - Seattle Transportation Benefit District (STBD) appropriations by \$3.5 million on an ongoing basis and adds \$9 million of STBD appropriations to the STBD-Transit Improvements CIP project (MC-TR-C108) in 2023 and \$9 million 2024. It also increases the CIP's planned funding by \$3.5 million in 2025 and \$3.5 million in 2026. The net effect of this change in 2023 is \$5.5 million across operating and capital investments, dedicating a total \$13.6 million for capital improvements. Of the total, \$12 million is intended for bridge-related transit improvements in 2023.

This item also includes the following proviso:

"Of the appropriations in the Seattle Department of Transportation's 2023 budget for the Seattle Transportation Benefit District - Transit Improvements (MC-TR-C108) CIP project, \$12,000,000 is appropriated solely for bridge-related or structures-related transit improvements, and may be spent for no other purpose."

## Increase Vehicle License Fees and Impose Provisos

Expenditures

\$1,961,000

Revenues

\$1,961,000

As part of the 2023 Adopted Budget process, The City Council passed Ordinance 120459 which increased vehicle license fees ("car tab fees") by \$10, resulting in \$1.9 million of additional revenue for the Transportation Benefit District Fund in 2023 and an additional \$4 million in annual revenues for 2024 and beyond. This item appropriates the corresponding budget as follows: \$1.5 million for a new NE 45th Street Bridge I-5 Crossing CIP project in 2023, \$461,000 in 2023 and \$2 million in 2024 for the Structures Major Maintenance CIP (MC-TR-C112), and \$2 million in 2024 for the Vision Zero CIP (MC-TR-C064) for pedestrian safety improvements.

This item also includes the following two provisos:

"Of the appropriations in the Seattle Department of Transportation's 2023 budget for the NE 45th St Bridge I-5 Crossing Improvements (MC-TR-C122) project in the 2023-2028 Capital Improvement Program, \$1.5 million is appropriated solely for pedestrian and bicycle safety improvements on the NE 45th St I-5 Overpass and may be spent for no other purpose."

"Of the appropriations in the Seattle Department of Transportation's 2023 budget for the Structures Major Maintenance CIP (MC-TR-C112) project in the 2023-2028 Capital Improvement Program, \$461,000 is allocated solely for bridge major maintenance expenses and may be spent for no other purpose."

## Add Funding for Bridges

Expenditures

\$1,000,000

This item adds \$1 million in 2023 and \$500,000 in 2024 of General Fund to support increased investments in bridge

# Seattle Department of Transportation

maintenance and repair in the Structures Major Maintenance CIP (MC-TR-C112).

## Reduce Emergency Response Budget

Expenditures \$(2,000,000)

This item reduces the emergency response budget by \$2 million of General Fund in 2023 and \$2.1 million of General Fund in 2024. SDOT's Proposed Budget included \$10 million annually to support historically underfunded emergency response activities; this Council action reduces that to about \$8 million annually. This reflects a \$4 million increase over 2022 the annual emergency response budget.

## Reductions to Bridge Painting and Sidewalk Repair

Expenditures \$(5,195,000)

This item reduces funding for the Bridge Painting Program (MC-TR-C007) CIP project by \$3.2 million in 2023 and reduces funding for the Sidewalk Safety Repair (MC-TR-C025) CIP project by \$2 million in 2023 and 2024. The revenue forecast updated in November reduced the resources available to balance the 2023-2024 Proposed Budget, requiring a reduction in proposed expenditures. This Council Budget Action would help address the decreased revenues and support other Council priorities.

## Replace Commercial Parking Tax with REET

Expenditures -

This item replaces \$2.9 million of Transportation Fund with \$2.2 million of Real Estate Excise Tax I (REET I) Capital Fund and \$700,000 of REET II Capital Fund in 2023 for the Seattle Department of Transportation's (SDOT's) Structures Major Maintenance (MC-TR-C112) CIP project; and it replaces \$655,000 of Transportation Fund with \$655,000 of REET I Capital Fund in 2023 for SDOT's Seawall Maintenance (MC-TR-C098) CIP project. The Transportation Fund resources replaced in this Council Budget Action are Commercial Parking Tax (CPT) revenues. This replacement is intended to continue funding support for these projects as CPT revenues originally dedicated to these projects are projected to fall according to the November 2, 2022 forecast for 2023 and 2024.

## Replace General Fund Using STBD and REET

Expenditures -

This item replaces \$300,000 of Seattle Transportation Benefit District (STBD) funding (vehicle license fees) with \$300,000 of Real Estate Excise Tax II (REET II) funding for the Vision Zero (MC-TR-C064) CIP project. This item also replaces \$300,000 of General Fund with \$300,000 of STBD funding in 2023 in SDOT's Operations Support program in the Maintenance Operations Budget Summary Level. The impact of this action is to use \$300,000 of REET funding to free \$300,000 of General Fund for other purposes, leaving no impact to the Vision Zero project.

## Replace Vehicle License Fees with Real Estate Excise Tax; Replace JumpStart Funds with Vehicle License Fees

Expenditures -

This item replaces Transportation Benefit District funds (Vehicle License Fees, or VLF) with Real Estate Excise Tax (REET I). In 2023, the amount is \$2.6 million, and in 2024 the amount is \$2.8 million. This item affects the following five SDOT CIP projects: 1) Pedestrian Master Plan - Stairway Rehabilitation (MC-TR-C031), Non-Arterial Street Resurfacing and Restoration (MC-TR-C041), SDOT ADA Program (MC-TR-C057), Arterial Major Maintenance (MC-TR-C071), and Neighborhood Traffic Control Program (MC-TR-C019). This replacement is intended to continue funding support for these projects, freeing up Transportation Benefit District resources for other uses.

This item also replaces JumpStart Fund with STBD Fund (VLF revenues) for the Sound Transit 3 (MC-TR-C088) CIP project. In 2023, the amount is \$2.6 million, and in 2024 the amount is \$2.8 million. This replacement intends to

## Seattle Department of Transportation

fund all of the WSBL staff for the ST3 Project with VLF funds from 2023 through 2028, freeing up JumpStart funding for other uses.

Please see the individual project pages in the 2023-2028 Adopted CIP for more detail on these projects.

### Tree Planting in the Right-of-Way

Expenditures	\$250,000
--------------	-----------

This item adds \$250,000 of one-time JumpStart funding in 2023 to the Urban Forestry Capital Establishment (MC-TR-C050) CIP project. Funds will be used to plant and establish trees in the public right-of-way in areas of Seattle that have low tree canopy cover.

### Errata Corrections to the Proposed Budget

Expenditures	\$(136,264)
Revenues	\$850,000

This Council Budget Action (CBA) would correct errors in appropriations, revenues, and positions for the 2023-2024 Proposed Budget and the 2023 – 2028 Proposed Capital Improvement Program (CIP). This CBA also would also correct erroneous information shown included on individual CIP project pages. The City Budget Office and Central Staff identified these errata after transmittal to the City Council.

Central Staff has reviewed the proposed corrections and finds that they do not represent policy choices and are appropriately addressed as a single budget action. Any conflicting effect of CBAs included in Council's final decision on the 2023-2024 Proposed Budget or the 2023-2028 CIP would override changes included in this Errata CBA.

The list below describes the corrections included in the transactions of this CBA:

1. Increases \$850,000 streetcar revenues to the Streetcar Fund that were inadvertently omitted in the Streetcar Fund.
2. Corrects the GF appropriation for Unified Care Team/Clean Seattle corresponding with position moved in the 2023-2024 Proposed Budget from SDOT to Seattle Parks and Recreation (SPR). The Proposed Budget includes the position change but not the SDOT appropriation change. The net impact is a reduction of \$136,264 GF appropriation in 2023 and 2024.

### November Revenue Forecast Update

Revenues	\$1,585,543
----------	-------------

This budget action recognizes the results from the City Budget Office's (CBO) November 2022 forecast update. In August of each year, Council receives a revenue forecast with the Mayor's budget proposal, followed by a fall update typically received in November. Details on the 2023 revenue forecast updates made in Finance General are listed below by Fund:

- General Fund (00100): This change reduces General Fund (GF) revenues by \$4.5 million in 2023 and \$14.5 million in 2024 due to decreases in Property Tax, Retail Sales Tax, and Business and Occupation Tax that are only partially offset by increases in parking meter revenues and interest income.
- Transportation Fund (13000): This change decreases Transportation Fund revenues by \$1.1 million in 2023 and \$2.1 million in 2024 due to decreases in Commercial Parking Taxes.
- Sweetened Beverage Tax Fund (00155): This change reduces revenues by \$1.6 million in 2023 and \$1.8 million in 2024, due to decreases in the Sweetened Beverage Tax.
- Transportation Benefit District (TBD) Fund (19900): This change reduces revenues by \$660 thousand in 2023 and

## Seattle Department of Transportation

\$990 thousand in 2024, due to decreases in TBD Sales Taxes.

- Short Term Rental Tax Fund (12200): The November forecast increased Short Term Rental Tax revenues by \$115,000 in 2023 and \$127,000 in 2024.
- Real Estate Excise Taxes (REET) (30010 and 30020): Finally, this change decreases total REET revenues by \$27 million in 2023 and \$26 million in 2024. These decreases, due to projected lower volumes of real estate transactions and price decreases, are divided equally between REET I and REET II.

### Council Provisos

#### **Ballard Greenway Proviso**

This item imposes the following proviso:

"Of the appropriations in the Seattle Department of Transportation's 2023 budget for the Bike Master Plan - Greenways (MC-TR-C063) project in the 2023-2028 Capital Improvement Program, \$375,000 is appropriated solely to extend the 6th Ave NW Neighborhood Greenway from NW 50th St to NW 58th St, and may be spent for no other purpose."

#### **Bike Lane Proviso**

This item imposes the following proviso:

"Of the appropriations in Seattle Department of Transportation's 2023 budget for the Bike Master Plan - Protected Bike Lanes (MC-TR-C062) project in the 2023-2028 Capital Improvement Program, \$1,000,000 is appropriated solely for the replacement of plastic bollards with concrete barriers on currently protected bike lanes in Council District Two and may be spent for no other purpose."

#### **Roosevelt Way NE and NE 41st Street Safety Enhancements Project Proviso**

This item imposes the following proviso:

"Of the appropriations in the Seattle Department of Transportation's 2023 budget for the Seattle Transportation Benefit District - Transit Improvements (MC-TR-C108) project in the 2023-2028 Capital Improvement Program, \$500,000 is appropriated solely for the Roosevelt Way NE and NE 41st St Safety Enhancements project to improve transit accessibility, and may be spent for no other purpose."

#### **Waterfront Shuttle Transit Service Proviso**

This item imposes a proviso on \$500,000 of Seattle Transportation Benefit District (STBD) Funds to fund Waterfront Shuttle transit service. The funding is intended to match King County Metro funding for Waterfront Shuttle transit service. The \$500,000 of STBD Funds falls under the emerging mobility needs category of spending authorized by the Seattle Transit Measure approved by voters in 2020.

This action imposes the following proviso:

"Of the appropriations in the Seattle Department of Transportation's 2023 budget for the Mobility Operations Budget Summary Level (BO-TR-17003), \$500,000 is appropriated solely for Waterfront Shuttle transit service as an emerging mobility need funded by the Seattle Transit Measure and may be spent for no other purpose."

#### **Increase Seattle Transit Measure Capital Funding for Bridges Proviso**

This action imposes the following proviso:

"Of the appropriations in the Seattle Department of Transportation's 2023 budget for the Seattle Transportation Benefit District - Transit Improvements (MC-TR-C108) CIP project, \$12,000,000 is appropriated solely for bridge-

## Seattle Department of Transportation

related or structures-related transit improvements, and may be spent for no other purpose."

### Increase Vehicle License Fees and Impose Provisos

This action imposes the following two provisos:

"Of the appropriations in the Seattle Department of Transportation's 2023 budget for the NE 45th St Bridge I-5 Crossing Improvements (MC-TR-C122) project in the 2023-2028 Capital Improvement Program, \$1.5 million is appropriated solely for pedestrian and bicycle safety improvements on the NE 45th St I-5 Overpass and may be spent for no other purpose."

"Of the appropriations in the Seattle Department of Transportation's 2023 budget for the Structures Major Maintenance CIP (MC-TR-C112) project in the 2023-2028 Capital Improvement Program, \$461,000 is allocated solely for bridge major maintenance expenses and may be spent for no other purpose."

### Downtown Mobility Study Proviso

This action imposes the following proviso:

"Of the appropriations in the Seattle Department of Transportation's 2023 budget for the Mobility Operations (BO-TR-17003) Budget Summary Level, \$350,000 is appropriated solely for a Downtown Mobility Study, and may be spent for no other purpose."

Full Time Equivalents Total	6.00	6.00	6.00	6.00

### Signs, Signals and Markings

The purpose of Signs, Signals and Markings Program is to design, plan and maintain the city's signs, signals, and street, sidewalk markings

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Signs, Signals and Markings	1,951,623	1,412,999	1,762,419	1,801,420
Full Time Equivalents Total	-	1.00	1.00	1.00

# Seattle Department of Transportation

## Streetcar Repair

The purpose of Streetcar Repair program is to repair and maintain the city's streetcar lines to ensure safe, efficient movement of people, goods and services throughout the city.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Streetcar Repair	-	-	850,000	-

## Trails and Bike Paths

The purpose of Trails and Bike Paths Program is to maintain and provide for safe and efficient use of the city's trails and bike paths to all residents of Seattle and adjacent regions to ensure movement of people, goods and services throughout the city.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Trails and Bike Paths	496,686	1,000,999	1,958,999	1,911,119
Full Time Equivalents Total	27.75	27.75	27.75	27.75

## Urban Forestry

The Tree and Landscape Maintenance program provides services to implement the citywide Urban Forestry Management Plan through education, stewardship, protection and maintenance of SDOT's green infrastructure assets including trees and landscapes. Arborists, Foresters, and the Landscape Architect provide design guidance, construction management support, citywide policy guidance and implementation including street tree permitting. Urban Forestry field operations provides critical maintenance of more than 40,000 SDOT street use tree assets and emergency response to over 350,000 right-of-way trees. Field operations is also responsible for the maintenance and operation of more than 200 formally landscaped right-of-way areas such as medians along Beacon Avenue South and Sand Point Way NE.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Urban Forestry	20,921	8,934	258,936	8,936
Full Time Equivalents Total	1.75	1.75	1.75	1.75

## Seattle Department of Transportation

### **SDOT - BC-TR-19002 - Major Projects**

The purpose of the Major Projects Budget Summary Level is to design, manage and construct improvements to the transportation infrastructure for the benefit of the traveling public including freight, transit, other public agencies, pedestrians, bicyclists and motorists.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Alaskan Way Viaduct	1,186,879	-	-	-
First Hill Streetcar	2,324	-	-	-
Mercer West	55,869	-	-	-
SR-520	1,035,620	1,951,405	1,922,000	1,971,000
<b>Total</b>	<b>2,280,693</b>	<b>1,951,405</b>	<b>1,922,000</b>	<b>1,971,000</b>
Full-time Equivalents Total*	24.50	24.50	24.50	24.50

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in Major Projects Budget Summary Level:*

#### **Alaskan Way Viaduct**

The purpose of the Alaskan Way Viaduct and Seawall Replacement Program is to fund the City's involvement in the replacement of the seismically-vulnerable viaduct and seawall. The Alaskan Way Viaduct is part of State Route 99, which carries one-quarter of the north-south traffic through downtown Seattle and is a major truck route serving the city's industrial areas

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Alaskan Way Viaduct	1,186,879	-	-	-
Full Time Equivalents Total	23.00	23.00	23.00	23.00

#### **First Hill Streetcar**

The purpose of the First Hill Streetcar program is to construct a Streetcar system that connects major medical facilities, Seattle Central College, Seattle University, and mixed income communities to the King Street mobility hub.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
First Hill Streetcar	2,324	-	-	-

#### **Mercer West**

The purpose of the Mercer West Program is to use existing street capacity along the west portion of Mercer Street more efficiently and enhance all modes of travel, including pedestrian mobility, and provide an east/west connection between I-5, State Route 99, and Elliott Ave W.

## Seattle Department of Transportation

Expenditures/FTE	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
Mercer West	55,869	-	-	-

### SR-520

The purpose of the SR-520 Program is to provide policy, planning and technical analysis support and to act as the City's representative in a multi-agency group working on the replacement of the State Route 520 bridge.

Expenditures/FTE	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
SR-520	1,035,620	1,951,405	1,922,000	1,971,000
Full Time Equivalents Total	1.50	1.50	1.50	1.50

### **SDOT - BC-TR-19003 - Mobility-Capital**

The purpose of the Mobility-Capital Budget Summary Level is to help maximize the movement of traffic throughout the city by enhancing all modes of transportation including corridor and intersection improvements, transit and HOV improvements, and sidewalk and pedestrian facilities.

Program Expenditures	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
Corridor & Intersection Imprv	45,772,360	56,314,194	48,042,051	38,134,038
Freight Mobility	4,345,002	3,884,438	14,721,193	2,807,000

*The following information summarizes the programs in Mobility-Capital Budget Summary Level:*

### **Corridor & Intersection Imprv**

The purpose of the Corridor & Intersection Improvements Program is to analyze and make improvements to corridors and intersections to move traffic more efficiently. Examples of projects include signal timing, left turn signals and street improvements.

Expenditures/FTE	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
Corridor & Intersection Imprv	45,772,360	56,314,194	48,042,051	38,134,038
Full Time Equivalents Total	38.50	38.50	39.50	39.50

# Seattle Department of Transportation

## Freight Mobility

The purpose of the Freight Mobility Program is to help move freight throughout the city in a safe and efficient manner.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Freight Mobility	4,345,002	3,884,438	14,721,193	2,807,000
Full Time Equivalents Total	4.50	4.50	4.50	4.50

## Intelligent Transp System

The purpose of the Intelligent Transportation System (ITS) Program is to fund projects identified in the City's ITS Strategic Plan and ITS Master Plan. Examples of projects include implementation of transit signal priority strategies; installation of closed-circuit television (CCTV) cameras to monitor traffic in key corridors; and development of parking guidance, traveler information and real-time traffic control systems.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Intelligent Transp System	3,511,603	1,005,004	1,377,719	1,323,096
Full Time Equivalents Total	9.25	9.25	9.25	9.25

## Neighborhood Enhancements

The purpose of the Neighborhood Enhancements Program is to plan and forecast the needs of specific neighborhoods including neighborhood and corridor planning, development of the coordinated transportation plans, traffic control spot improvements and travel forecasting. The program also constructs minor improvements in neighborhoods based on these assessments.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Neighborhood Enhancements	6,897,234	6,725,084	4,942,558	6,374,295
Full Time Equivalents Total	19.75	19.75	19.75	19.75

## New Trails and Bike Paths

The purpose of the New Trails and Bike Paths Program is to construct new trails and bike paths that connect with existing facilities to let users transverse the city on a dedicated network of trails and paths.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
New Trails and Bike Paths	16,965,490	18,917,598	39,056,330	11,476,952
Full Time Equivalents Total	1.00	1.00	2.00	2.00

## Sidewalks & Ped Facilities

The purpose of the Sidewalks & Pedestrian Facilities Program is to install new facilities that help

## Seattle Department of Transportation

pedestrians move safely along the city's sidewalks by installing or replacing sidewalks, modifying existing sidewalks for elderly and handicapped accessibility, and increasing pedestrian lighting.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Sidewalks & Ped Facilities	31,350,632	33,128,120	37,626,160	33,525,037
Full Time Equivalents Total	52.50	57.50	60.50	60.50

### Transit & HOV

The purpose of the Transit & HOV Program is to move more people in less time throughout the city.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Transit & HOV	35,002,485	47,410,717	90,419,697	64,302,037
Full Time Equivalents Total	13.00	14.00	26.00	26.00

### **SDOT - BO-TR-12001 - South Lake Union Streetcar Operations**

The purpose of the South Lake Union Streetcar Operations Budget Summary Level is to operate and maintain the South Lake Union Seattle Streetcar.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
S Lake Union Streetcar Ops	2,068,872	4,324,358	4,474,986	4,629,820
<b>Total</b>	<b>2,068,872</b>	<b>4,324,358</b>	<b>4,474,986</b>	<b>4,629,820</b>

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

### **SDOT - BO-TR-12002 - First Hill Streetcar Operations**

The purpose of the First Hill Streetcar Operations Budget Summary Level is to operate and maintain the First Hill Seattle Streetcar.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
First Hill Streetcar Ops	8,258,678	9,666,145	9,748,428	9,759,837

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in Bridges & Structures Budget Summary Level:*

#### **Bridge Operations**

The purpose of Bridge Operations is to ensure the safe and efficient operations and preventive maintenance for over 180 bridges throughout the city.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Bridge Operations	4,384,234	3,923,866	4,133,682	4,257,500
Full Time Equivalents Total	17.50	17.50	17.50	17.50

# Seattle Department of Transportation

## Engineering & Ops Support

The purpose of the Engineering Ops & Support program is to provide engineering support services to other SDOT projects, perform engineering related to bridges and structures, and manage stormwater pollution control.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Engineering & Ops Support	1,036,238	1,616,751	1,675,644	1,728,589
Full Time Equivalents Total	3.00	3.00	3.00	3.00

## Structures Engineering

The purpose of the Structures Engineering Program is to provide engineering services on all the bridges and structures within the city to ensure the safety of transportation users as they use or move in proximity to these transportation facilities.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Structures Engineering	1,761,930	1,356,154	1,433,213	1,477,679
Full Time Equivalents Total	3.50	3.50	3.50	3.50

## Structures Maintenance

The purpose of the Structures Maintenance Program is to provide for the maintenance of the city's bridges, roadside structures and stairways.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Structures Maintenance	7,319,482	9,419,236	9,937,416	10,241,547
Full Time Equivalents Total	33.00	35.00	35.00	35.00

## Seattle Department of Transportation

### SDOT - BO-TR-17003 - Mobility Operations

The purpose of the Mobility-Operations Budget Summary Level is to promote the safe and efficient operation of all transportation modes in the city. This includes managing the parking, pedestrian, and bicycle infrastructure; implementing neighborhood plans; encouraging alternative modes of transportation; and maintaining and improving signals and the non-electrical transportation management infrastructure.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Commuter Mobility	17,389,650	14,311,825	19,674,882	20,371,191
Neighborhoods	2,643,836	1,398,262	1,259,959	1,300,528
Parking & Curbspace	13,495,515	13,473,615	15,044,325	15,429,497
Signs & Markings	4,923,989	4,788,224	4,910,309	5,054,343
Traffic Signals	9,459,864	10,310,160	11,118,107	11,459,777
Transit Operations	24,799,054	46,314,062	44,492,330	46,165,775
Urban Planning	2,870,600	6,765,828	4,444,109	4,325,583
<b>Total</b>	<b>75,582,507</b>	<b>97,361,976</b>	<b>100,944,021</b>	<b>104,106,694</b>
Full-time Equivalents Total*	141.75	147.75	153.75	153.75

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in Mobility Operations Budget Summary Level:*

#### **Commuter Mobility**

The purpose of the Commuter Mobility Program is to provide a variety of services, including enforcement of City commercial vehicle limits, transit coordination, and planning, to increase mobility and transportation options to the residents of Seattle.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Commuter Mobility	17,389,650	14,311,825	19,674,882	20,371,191
Full Time Equivalents Total	51.25	51.25	53.25	53.25

#### **Neighborhoods**

The purpose of the Neighborhoods Program is to plan and forecast the needs of specific neighborhoods including neighborhood and corridor planning, development of the coordinated transportation plans, traffic control spot improvements and travel forecasting. The program also constructs minor improvements in neighborhoods based on these assessments.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Neighborhoods	2,643,836	1,398,262	1,259,959	1,300,528
Full Time Equivalents Total	2.50	2.50	2.50	2.50

# Seattle Department of Transportation

## Parking & Curbspace

The purpose of Parking and Curb Ramp Program is to manage the City's parking resources, maintain and operate pay stations and parking meters for on-street parking, manage curbspace, develop and manage the City's carpool program and Residential Parking Zones.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Parking & Curbspace	13,495,515	13,473,615	15,044,325	15,429,497
Full Time Equivalents Total	31.00	32.00	34.00	34.00

## Signs & Markings

The purpose of the Signs & Markings Program is to design, fabricate and install signage, as well as provide pavement, curb and crosswalk markings to facilitate the safe movement of vehicles, pedestrians and bicyclists throughout the city.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Signs & Markings	4,923,989	4,788,224	4,910,309	5,054,343
Full Time Equivalents Total	19.50	22.50	22.50	22.50

## Traffic Signals

The purpose of the Traffic Signals Program is to operate the Traffic Management Center that monitors traffic movement within the city and to maintain and improve signals and other electrical transportation management infrastructure.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Traffic Signals	9,459,864	10,310,160	11,118,107	11,459,777
Full Time Equivalents Total	24.25	25.25	25.25	25.25

## Transit Operations

The Purpose of the Transit Operations Program is to purchase Metro Transit service hours on transit routes with at least 65% of the stops within the city of Seattle and transit service to address emerging transportation needs. The program also funds ORCA Opportunity which provides ORCA cards for Seattle Public School, High School and low-income Middle School Students, Seattle Promise scholars, and income-eligible adults and seniors. In addition, the program includes community engagement, training, resources and partnerships to increase transit access for low-income riders. The Transit Operations program revenues support the implementation of City-wide improvements to maximize transit operations.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Transit Operations	24,799,054	46,314,062	44,492,330	46,165,775
Full Time Equivalents Total	2.75	3.75	4.75	4.75

# Seattle Department of Transportation

## Urban Planning

The Urban Planning Program is comprised of Adaptive Streets, Citywide & Community Planning, GIS, Urban Design, and the Center City Mobility Plan.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Urban Planning	2,870,600	6,765,828	4,444,109	4,325,583
Full Time Equivalents Total	10.50	10.50	11.50	11.50

### **SDOT - BO-TR-17004 - ROW Management**

The purpose of the (Right-of-Way) ROW Management Budget Summary Level is to review projects throughout the city for code compliance for uses of the right-of-way and to provide plan review, utility permit and street use permit issuance, and utility inspection and mapping services.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
St Use Permit & Enforcement	41,222,901	41,130,232	46,547,211	47,974,607
Street Use Contingent Budget	-	1,000,000	1,000,000	1,035,000
<b>Total</b>	<b>41,222,901</b>	<b>42,130,232</b>	<b>47,547,211</b>	<b>49,009,607</b>
Full-time Equivalents Total*	139.25	140.25	140.25	140.25

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in ROW Management Budget Summary Level:*

### **St Use Permit & Enforcement**

The purpose of the Street Use Permitting and Enforcement is to review projects throughout the city for code compliance for uses of right-of-way and to provide plan review, utility permit and street use permit issuance, and utility inspection and mapping services.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
St Use Permit & Enforcement	41,222,901	41,130,232	46,547,211	47,974,607
Full Time Equivalents Total	139.25	140.25	140.25	140.25

### **Street Use Contingent Budget**

The purpose of the Street Use Contingent Budget Program is to display the amount of unallocated Contingent Budget Authority (CBA) in the Right of Way Management BSL that has not been accessed. In contrast, CBA that is accessed is appropriated in the programs in which it will be spent.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Street Use Contingent Budget	-	1,000,000	1,000,000	1,035,000

## Seattle Department of Transportation

### **SDOT - BO-TR-17005 - Maintenance Operations**

The purpose of the Maintenance Operations Budget Summary Level is to maintain the City's roadways and sidewalks; maintain, protect and expand the City's urban landscape in the street right-of-way through the maintenance and planting of new trees and landscaping to enhance the environment and aesthetics of the city; and manage and administer street parking rules and regulations in the right-of-way.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Emergency Response	13,747,565	8,991,167	7,855,955	8,095,644
Operations Support	9,351,001	5,020,143	9,962,598	10,145,767
Pavement Management/Repair	15,692,418	15,064,084	17,405,921	17,915,680
Street Cleaning	7,662,273	8,445,636	8,978,039	9,201,492
Tree & Landscape Maintenance	6,044,133	6,367,133	6,604,187	6,794,638
<b>Total</b>	<b>52,497,389</b>	<b>43,888,163</b>	<b>50,806,700</b>	<b>52,153,221</b>
Full-time Equivalents Total*	145.50	145.50	163.50	163.50

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

The following information summarizes the programs in Maintenance Operations Budget Summary Level:

#### **Emergency Response**

The purpose of the Emergency Response Program is to respond to safety and mobility issues such as pavement collapses, severe weather, landslides and other emergencies to make the right-of-way safe for moving people and goods. This program proactively addresses landslide hazards to keep the right-of-way open and safe.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Emergency Response	13,747,565	8,991,167	7,855,955	8,095,644
Full Time Equivalents Total	19.00	19.00	19.00	19.00

#### **Operations Support**

The purpose of the Operations Support Program is to provide essential operating support services necessary for the daily operation of SDOT's equipment and field workers dispatched from three field locations in support of street maintenance activities. These functions include warehousing, bulk material supply and management, tool cleaning and repair, equipment maintenance and repair, project accounting and technical support, and crew supervision.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Operations Support	9,351,001	5,020,143	9,962,598	10,145,767
Full Time Equivalents Total	23.50	23.50	41.50	41.50

# Seattle Department of Transportation

## Pavement Management/Repair

The purpose of the Pavement Management and Repair Program is to assess the condition of asphalt and concrete pavements and establish citywide paving priorities for annual resurfacing, preservation and maintenance of all streets and adjacent areas such as sidewalks and road shoulders by making spot repairs and conducting annual major maintenance paving and rehabilitation.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Pavement Management/Repair	15,692,418	15,064,084	17,405,921	17,915,680
Full Time Equivalents Total	57.25	57.25	57.25	57.25

## Street Cleaning

The purpose of the Street Cleaning Program is to keep Seattle's streets, improved alleys, stairways and pathways clean, safe and environmentally friendly by conducting sweeping, hand-cleaning, flushing and mowing on a regular schedule.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Street Cleaning	7,662,273	8,445,636	8,978,039	9,201,492
Full Time Equivalents Total	22.50	22.50	22.50	22.50

## Tree & Landscape Maintenance

The purpose of the Landscape & Tree Maintenance Program is to provide planning, design, construction and construction inspection services for landscape elements of transportation capital projects, as well as guidance to developers on the preservation of city street trees and landscaped sites during construction.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Tree & Landscape Maintenance	6,044,133	6,367,133	6,604,187	6,794,638
Full Time Equivalents Total	23.25	23.25	23.25	23.25

## **SDOT - BO-TR-17006 - Parking Enforcement**

The purpose of the Parking Enforcement Budget Summary Level is to help manage the right-of-way by enforcing parking regulations, providing traffic control for events and incidents, and performing other related activities.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Parking Enforcement	-	18,446,040	-	-
<b>Total</b>	-	<b>18,446,040</b>	-	-
Full-time Equivalents Total*	-	120.00	(2.00)	(2.00)

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

# Seattle Department of Transportation

## **SDOT - BO-TR-18001 - Leadership and Administration**

The purpose of the Leadership & Administration Budget Summary Level is to provide executive, community, financial, human resource, technology and business support to the Seattle Department of Transportation.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Citywide Indirect Costs	46,059,560	47,369,503	54,096,018	56,788,106

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in Leadership and Administration Budget Summary Level:*

### **Citywide Indirect Costs**

The Purpose of Citywide Indirect Cost Program is to allocate the City's general service costs to SDOT in a way that benefits the delivery of transportation services to the public.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Citywide Indirect Costs	46,059,560	47,369,503	54,096,018	56,788,106

### **Departmental Indirect Costs**

The purpose of the Departmental Indirect Costs Program is to provide departmental leadership and operations support essential to accomplish the mission and goals of the department. the Office of the Director and the Finance & Administration Division are the two divisions included in this program. The Office of the Director oversees and provides strategic leadership and guidance for all the functions, staff, and services of the department, guiding and shaping SDOT's priorities and work plans to attain the vision, mission and goals of the department. In addition to guiding the overall work of the department, the Office of the Director houses the department's Human Resources, Communications, Office of Equity and Economic Inclusion, Emergency Management and Government and Council Relations functions. The Finance and Administration Division supports all SDOT programs, projects, and business activities by providing a wide variety of services, including: financial and accounting services; payroll services; consultant contract and procurement support; management of SDOT's facilities, fleet, radio communications network; assets condition review and management; performance management, data reporting and public dashboards; real property management, acquisition and surplus performance management; claims investigation and legal services; environmental hazardous waste management; safety and employee health support services; and IT project and service coordination.

## Seattle Department of Transportation

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Departmental Indirect Costs	17,175,526	18,427,975	23,937,510	23,108,941
Full Time Equivalents Total	120.00	129.50	138.00	138.00

### Divisional Indirect Costs

The purpose of the Divisional Indirect Costs Program is to provide division leadership and unique transportation technical expertise to accomplish the division's goals and objectives in support of the department's mission.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Divisional Indirect Costs	12,570,985	11,648,913	15,104,174	14,813,219
Full Time Equivalents Total	94.25	103.25	103.25	103.25

### Indirect Cost Recovery Offset

Indirect Cost Recovery Offset Program includes Department Management Indirect cost recovery and General Expense Indirect Cost Recovery. This program equitably recovers and allocates departmental and general expense indirect cost from all transportation activities and capital projects to fund departmental management and support services essential for delivery of transportation service to the public.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Indirect Cost Recovery Offset	(85,181,663)	(77,446,391)	(93,137,702)	(94,710,266)

### Pooled Benefits and PTO

This budget program contains the funding associated with employee leave, time off, and benefit-related costs for Workers' Compensation, healthcare and other centrally distributed benefit costs.

	2021	2022	2023	2024
Expenditures/FTE	Actuals	Adopted	Adopted	Endorsed
Pooled Benefits and PTO	(2,483,353)	-	-	-

## Seattle Department of Transportation

### **SDOT - BO-TR-18002 - General Expense**

The purpose of the General Expense Budget Summary Level is to pay for general business expenses necessary to the overall delivery of transportation services, such as Judgment and Claims contributions and debt service payments.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Citywide Initiatives	6,078,632	10,176,730	5,526,192	10,218,977
Debt Service	39,465,010	42,532,436	38,211,552	40,429,349
Judgment & Claims	8,100,469	9,897,522	8,550,422	8,721,431
<b>Total</b>	<b>53,644,111</b>	<b>62,606,688</b>	<b>52,288,166</b>	<b>59,369,757</b>

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

*The following information summarizes the programs in General Expense Budget Summary Level:*

#### **Citywide Initiatives**

The purpose of the Citywide Initiatives program is to support citywide or multi-departmental system or process improvement initiatives.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Citywide Initiatives	6,078,632	10,176,730	5,526,192	10,218,977

#### **Debt Service**

The purpose of Debt Service Program is to meet principal repayment and interest obligations on debt proceeds that are appropriated in SDOT's Budget

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Debt Service	39,465,010	42,532,436	38,211,552	40,429,349

#### **Judgment & Claims**

The purpose of the Judgement & Claims Program is to represent SDOT's annual contribution to the City's centralized self-insurance pool from which court judgements and claims against the city are paid.

<b>Expenditures/FTE</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Judgment & Claims	8,100,469	9,897,522	8,550,422	8,721,431

## The Office of the Waterfront and Civic Projects

Marshall Foster, Director

206-684-8413

[waterfrontseattle.org](http://waterfrontseattle.org)

The Office of the Waterfront and Civic Projects is responsible for coordinating the City's waterfront improvement efforts, including project management, design, construction, and financial management. The Office of the Waterfront and Civic Projects is charged with administering the overall program and ensuring that it is managed efficiently and delivers on the adopted Capital Improvement Program for the Central Waterfront.

The projects that make up the Central Waterfront program are included in SDOT's budget and in the budgets of two other City departments (Seattle Parks and Recreation and Finance and Administrative Services). Although there are multiple funding sources and multiple projects within the waterfront improvement program, the program itself includes all the projects listed below.

### Seattle Department of Transportation

- Alaskan Way Main Corridor project (MC-TR-C072)
- Overlook Walk and East/West Connections (MC-TR-C073)

### Seattle Parks and Recreation

- Parks Central Waterfront Piers Rehabilitation (MC-PR-21007)
- Aquarium Expansion (MC-PR-21006)

### Department of Finance and Administrative Services

- Pike Place Market PC-1 North Waterfront Entrance project (complete)
- Waterfront Operations and Tribal Interpretive Center (proposed)
- Local Improvement District Administration

In addition, there are funds budgeted in CIP projects for Seattle Public Utilities (SPU) and Seattle City Light (SCL) for utility relocations related to the Central Waterfront program. The Office of the Waterfront and Civic Projects is leading construction activities for these relocations, which in SDOT's budget are combined in a reimbursable project (MO-TR-R043). The Office of Arts and Culture also has funding from the Waterfront program's 1% for Arts contribution.

The Office of the Waterfront and Civic Projects manages two funds that support the administration of the funding related to the projects listed above: the Central Waterfront Improvement Fund, and the Waterfront LID #6751 fund.

The Central Waterfront Improvement Fund is a single fund from which multiple departments draw funding resources. The fund tracks the interfund loan and philanthropic funds as well as other revenues. The fund supports certain costs associated with the design and construction of the waterfront improvement program and related costs for City administration, including the Office of the Waterfront and Civic Projects. Appropriations made from the Central Waterfront Improvement Fund are for these purposes.

In 2019, the City Council legislated the Waterfront Local Improvement District (LID) Fund which holds LID assessment payments and LID bonds and pays for expenditures related to the Waterfront Local Improvement District (#6751). The pre-payment, and LID bond issuance occurred in 2021. For more information on LID and project status, visit the [Waterfront Seattle](http://Waterfront Seattle) website.

### **New in the 2023-2028 Adopted Capital Improvement Program**

The 2023-2028 Adopted Capital Improvement Program also includes \$13 million in LTGO bond funding in 2023 for FAS to acquire and rehabilitate the Integrus (Bakun) Building at 1426 Alaskan Way South, which is located on the new Alaskan Way at the Pike Street Hillclimb (FAS CIP Project "Waterfront Operations and Tribal Interpretive

Center”). Acquisition of the building from WSDOT will fulfill the City's permitting commitments from the Elliott Bay Seawall project to the Muckleshoot Tribe to provide 10,000 square feet in a building along the Waterfront for a Tribal Interpretive Center rent free, in perpetuity.

The Waterfront Operations and Tribal Interpretive Center will also provide space for an operations center for on-going maintenance and operations of the Waterfront Park, which is expected to be assigned to Seattle Center pending approval of legislation in early 2023. This building is centrally located on the new waterfront, and proximate to the new maintenance area being provided under the Overlook Walk for materials and vehicle storage and other maintenance activities. The facility will be updated to current City building standards and could include worksite amenities that would support the Waterfront’s maintenance crews.

FAS, the Office of the Waterfront, and Seattle Center will develop an operations plan for the facility and will coordinate agreements among the building’s multiple user departments and the Muckleshoot Tribe. The operations plan will include details on planned funding resources to meet the ongoing maintenance needs of the facility.

#### **City Council Changes to the Proposed Budget**

The Council made no changes to the 2023-2024 Proposed Budget for the Office of the Waterfront and Civic Projects.

# Office of Sustainability and Environment

Jessyn Farrell, Director

(206) 615-0817

[www.seattle.gov/environment](http://www.seattle.gov/environment)

## Department Overview

The Office of Sustainability & Environment (OSE) develops and implements citywide environmental policies and programs that propel Seattle toward a sustainable, equitable, and climate pollution-free future. OSE collaborates with a wide range of stakeholders to develop policies and programs that advance healthy communities and facilitate a just transition from fossil fuels, while prioritizing people and communities most affected by economic, racial, and environmental injustices. OSE's work focuses on the following areas:

**Climate and Environmental Justice:** OSE develops policies and conducts research on reducing and addressing the impacts of climate pollution. This includes goal assessment, action planning, community outreach, and performance measurement. OSE coordinates implementation of the Seattle Green New Deal, the One Seattle Climate Justice Agenda, and the Equity and Environment Initiative and plans and implements policies that transition buildings to 100% clean energy and advance zero carbon transportation.

**Healthy & Resilient Communities:** OSE works with key stakeholders to support sustainable communities. The office administers the Fresh Bucks and Healthy Food in Schools programs to provide equitable access to healthy, affordable, culturally relevant food. OSE also fosters leadership and interdepartmental coordination within the City of Seattle to help maintain, preserve, and restore Seattle's urban forest.

**Citywide Coordination:** OSE coordinates interdepartmental efforts to advance a healthy, equitable, and sustainable environment. These efforts include the Duwamish Valley Program, as well as interdepartmental planning around the Green New Deal, urban forestry, and energy efficiency. OSE is responsible for coordinating four prominent Boards and Commissions: the Urban Forestry Commission, the Sweetened Beverage Tax Community Advisory Board, the Environmental Justice Committee, and the Green New Deal Oversight Board.

## Budget Snapshot

# Office of Sustainability and Environment

## Budget Overview

The 2023 Adopted and 2024 Endorsed budgets continue OSE's existing work in food policy and climate justice while significantly expanding work aligned with the Seattle Green New Deal. OSE's budget will increase from \$17.9 million to \$22.1 million in 2023, an expansion driven by new and expanded Green New Deal programming and funded with JumpStart Payroll Expense Tax (payroll tax) dollars, consistent with the Green New Deal set-aside in the Seattle City Council's [Jumpstart Resolution \(Res 31957, 2020\)](#). Green New Deal programming is informed by the recommendations of the Green New Deal Oversight Board (GNDOB), which OSE staffs.

Included in the 2023 Adopted Budget for OSE are several payroll tax-funded Green New Deal items that were first proposed in the Mayor's budget. These include:

- Continuing key Duwamish Valley Program investments first added on a one-time basis in 2022. These include \$200,000 in 2023 and \$400,000 in 2024 for climate justice-aligned small business support and green workforce development and \$300,000 for trees on industrial properties. Administration of the \$250,000 Duwamish River Opportunity Fund grant program (formerly managed by the Department of Neighborhoods) is also being transferred to OSE in order to consolidate Duwamish-neighborhood programming.
- \$800,000 in City-provided rebate funding for oil-to-electric home heating conversions. This \$800,000 includes \$600,000 in new, ongoing funding. Rebates are provided in conjunction with the city's Clean Heat Program, which also includes \$1.8 million in funding at the Office of Housing for fully-funded oil-to-electric conversions for eligible low-income households.
- Funding and staffing for facilitating green jobs pathways, including \$160,000 in 2023 for a Climate Justice Workforce Development Advisor, and renewing \$1 million for clean energy pre-apprenticeship scholarships,
- \$2.8 million for Building Emissions Performance Standards. This funding will support policy development and regulatory efforts around helping business owners comply with both the State of Washington's Clean Buildings Act as well as proposed Building Emissions Performance Standards for large commercial and multifamily buildings in the City of Seattle. This program includes a particular focus on supporting under-resourced buildings. This funding includes three new positions in 2023 and funding for a customer-facing technology platform.
- Continuing \$1 million in rebates for heavy duty electric vehicles and transferring authority for the Citywide Coordinator for Climate Initiatives from Seattle Department of Transportation (SDOT) to OSE.
- \$550,000 to continue an expansion of the Environmental Justice Fund.
- \$150,000 in one-time funding for a Tree Canopy Equity and Resilience Plan.

**Council Additions to Green New Deal Programming:** The Adopted Budget limits ongoing payroll tax-funded items in the Proposed Budget to two years (2023 and 2024). It also adds additional Green New Deal funding to OSE:

- \$3.7 million in 2023 and \$2.5 million in 2024 for Indigenous-led sustainability projects, such as rooftop solar, water cisterns, and projects focused on energy and food sovereignty;
- \$1.5 million in 2023 for resilience hub planning and implementation as informed by the Resilience Hub Study funded by Ordinance 126675 in 2022;
- \$1.2 million in both 2023 and 2024 for the Environmental Justice Fund;
- \$455,000 in 2023 for a climate resilience hub in the South Beacon Hill neighborhood;

## Office of Sustainability and Environment

- \$147,000 in 2023 and \$190,000 in 2024 for a City Urban Forester position (1.0 FTE);

**Other Green New Deal Programming:** OSE will also help coordinate and oversee implementation of other payroll tax funded Green New Deal items in the 2023 Adopted and 2024 Endorsed budgets. This includes \$1.8 million for the Office of Housing (OH) to fully fund oil-to-electric home heating conversions for low-income households under the Clean Heat Program. It also includes \$1 million each for Seattle Public Library (SPL) and Seattle Parks and Recreation (SPR) for heating, cooling, air quality upgrades, and other decarbonizing retrofits to community facilities. This decarbonization funding is aligned with funding from the Metropolitan Parks District Levy and will support ongoing efforts to plan and implement Resilience Hubs in both City-owned and community managed properties. (For more on Green New Deal-aligned 2023 Jumpstart funding, please see "Climate and Environment" in the Adopted Budget Overview.)

These 2023 investments build on a companion piece of legislation, Ordinance 126675, which passed in fall 2022 and which appropriated \$6.5 million in 2022 payroll tax proceeds based on initial recommendations from the Green New Deal Oversight Board as follows:

- \$430,000 at OSE for resilience hub planning and community engagement, including (per the Oversight Board's recommendations) outreach to Indigenous organizations. This funding will develop recommendations on policy and program requirements for effective "resilience hub," as well as priorities for neighborhood placement.
- \$276,000 at OSE for developing cumulative community health and resilience indicators for policy planning around resiliency.
- \$100,000 at OSE for community engagement to provide climate justice focused recommendations to inform the Comprehensive Plan Update.
- \$2,000,000 for the OH for engineering analyses and capital costs to convert affordable housing projects currently in development to fully electrified energy systems.
- \$1,350,000 for OPCD for resiliency projects associated with the Duwamish Valley Action Plan.
- \$1,700,000 for SPL for decarbonizing the Southwest and Northeast Library Branches.
- \$610,000 for the Department of Finance and Administrative Services (FAS) for the Municipal Energy Efficiency Program or MEEP, providing funding for decarbonizing municipal facilities.
- \$25,000 for data purchases by SDOT for cross-departmental efforts with OSE and Seattle City Light to inform Transportation Electrification planning.

The budget for these 2022 items will carryforward into 2023 and will complement the 2023 Adopted budget. OSE will lead coordination on implementation.

**Ongoing initiative support:** The 2023 Adopted Budget continues to fund existing initiatives in OSE that support tackling the climate crisis and growing sustainable communities, including:

- Fresh Bucks & Food Policy Initiatives
- Equity and Environment Initiative
- Equitable Transportation
- Building Energy Policy & Programs
- Building Energy Benchmarking & Tune-Ups
- Urban Forestry

OSE will also continue to coordinate and provide technical assistance for the interdepartmental Municipal Energy Efficiency Project (MEEP). MEEP is a capital project spanning multiple departments that makes energy efficiency improvements to City-owned facilities. In 2023, this programming will be supported by \$1.5 million in Real Estate

## Office of Sustainability and Environment

Excise Tax (REET) revenues. This funding is appropriated in capital budgets for SPR, SPL, and FAS. For more detail about this project, please see the Municipal Energy Efficiency Project located in the Department of Finance and Administrative Services' 2023-2028 Capital Improvement Program.

<b>Total Incremental Changes</b>	<b>\$11,199,151</b>	<b>8.00</b>
<b>Total 2023 Adopted Budget</b>	<b>\$29,122,634</b>	<b>39.50</b>

### Description of Incremental Budget Changes

#### Baseline

##### **Removal of One-Time Items from Department Baseline**

Expenditures \$(3,908,000)

This item removes items from the department's baseline budget that were funded as one-time items in the 2022 Adopted Budget. This includes one-time appropriations from the Coronavirus Local Fiscal Recovery Fund, as well as Payroll Expense Tax-funded investments in the Duwamish Valley Program and the Seattle Green New Deal. Funding for Green New Deal and Duwamish Valley Program adds is being reauthorized on an ongoing basis in the 2023 Adopted Budget. See Proposed Operating budget changes for more information.

##### **Citywide Adjustments for Standard Cost Changes**

Expenditures \$376,957

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

##### **Appropriations for 2022 Annual Wage Increase**

Expenditures \$170,171

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### Proposed Operating

##### **Technology Platform for Building Emissions Performance Standards**

Expenditures \$1,981,000

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds \$1,981,000 backed by payroll tax in 2023 to OSE. This item provides funding for a technology solution to support implementation of Seattle Building Emissions Performance Standards (BPS) on existing commercial and multifamily buildings 20,000 square feet and larger. This software application will allow building owners and their representatives to comply with the BPS and Benchmarking data verification requirements by submitting information through an online form. The tool will include a Customer Relationship Management component to manage the thousands of building owner, manager, and other contacts involved with compliance. It will connect to or replace OSE's existing Energy Benchmarking Application. This item is double budgeted with Seattle Information Technology. Seattle IT will invoice OSE as work is completed.

# Office of Sustainability and Environment

## Continue Clean Energy Pre-Apprenticeship Scholarships

Expenditures	\$1,000,000
--------------	-------------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds \$1 million backed by payroll tax in 2023 and 2024 to continue a one-time add from the 2022 Adopted Budget for clean energy pre-apprenticeship scholarships. This project aims to expand equitable access to careers in clean energy industries. Funding will support outreach & engagement efforts, in-language services needed to support recruitment, training, and development, as well application and enrollment costs, equipment costs, and supplemental courses. Post-training support services for new apprentices will also be provided with the goal of increasing retention in the clean energy workforce. Funding will also support targeted inclusive outreach (in-language and through trusted networks) to advance green and just workforce development and priority hire goals.

## Incentives for Heavy-Duty Electric Vehicles

Expenditures	\$1,000,000
--------------	-------------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This Green New Deal item adds \$1 million backed by payroll tax in 2023 to OSE to renew and make ongoing city-funded incentives for electric heavy-duty vehicles. These are targeted at industrial operations. Eligible vehicles include drayage trucks, school buses, other industrial and commercial fleets. Currently, incentives are being piloted in South Park and Georgetown through the Duwamish Valley Program. Ongoing funding will allow expansion across the City. This program is a key component of Seattle's Transportation Electrification Blueprint.

## Building Emissions Performance Standards - Funding for Staffing and Implementation

Expenditures	\$828,228
--------------	-----------

Position Allocation	3.00
---------------------	------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds \$828,000 backed by payroll tax in 2023 to OSE for developing and implementing Building Emissions Performance Standards for the City of Seattle. This funding includes three positions in 2023 for policy development, staffing, and implementation of Seattle-wide Building Emissions Performance Standards. A separate piece of companion legislation enacting Emissions Performance Standards for Seattle buildings will be introduced to Council in late 2022 or early 2023. Funding provided in the Adopted Budget will support:

- Rulemaking, including support for temporary staffing and consultant services;
- Implementing regulatory requirements, including reclassifying a current Strategic Advisor 2 position to a Manager 3 to serve as program director, reclassifying a current Strategic Advisor 1 position to Strategic Advisor 2, and providing 2.0 FTE adds for outreach and data analytics in 2023.
- Expanding the Clean Buildings Accelerator Program, adding 1.0 FTE position authority in 2023 for managing the Accelerator, as well as consultant funding, and funding for engineering and design support starting in 2024.
- Funding for consultant services and language access;

In addition, this action provides funding in 2024 for three additional FTE adds for engineering expertise and to staff a help desk. Separate budget actions for OSE and Seattle Information Technology Department (ITD) provide funding for development of a technology platform for implementing Building Performance Standards.

## Office of Sustainability and Environment

### Oil Home Heating Conversions, Funding for Rebates and Outreach

Expenditures \$600,000

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item provides \$800,000 backed by payroll tax to OSE for the Clean Heat Program to fund rebates for middle income households who convert from oil home heating to electric heat pumps. This funding replaces \$200,000 in ongoing General Fund appropriations and represents a \$600,000 net increase in funding over the department baseline. Compared to 2022 funding levels, this amount will support 400 additional conversion rebates for middle-income households and will allow the city-funded portion of the rebate to increase from \$1,000 to \$1,500. (With an additional \$500 contributed to each rebate by Gensco, the total rebate will increase from \$1,500 to \$2,000.) Funding will also support targeted outreach to BIPOC and historically disadvantaged communities and provide temporary staffing to support program implementation.

### Continue Increased Funding for the Environmental Justice Fund

Expenditures \$550,000

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item provides \$550,000 in ongoing Green New Deal backed by payroll tax in 2023 and 2024 for the Environmental Justice Fund (EJF), bringing total EJF awards to \$750,000. This level of funding has been provided in both 2021 and 2022 on a non-recurring basis at the recommendation of the Equitable Communities Initiative Task Force. The Green New Deal Oversight Board has recommended that this funding continue.

The Environmental Justice Fund provides funding for community-based efforts that address health disparities through investments in food access and environmental justice, youth leadership, environmental restoration, and green jobs. The Adopted Budget adds a further \$1.2 million for the Environmental Justice Fund in 2023 and 2024. (For more, see "Council" items in this section.)

### Greening Industrial Properties in Equity Focus Areas

Expenditures \$300,000

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item provides \$300,000 backed by payroll tax in 2023 and 2024 for community-led efforts to green industrial areas in the City of Seattle. This funding includes support for contracts with community-based organizations (CBOs) for outreach, engagement, and implementation of greening efforts in private properties in industrial and industrial-adjacent neighborhoods. These efforts focused on South Park and Georgetown in 2022. Funding will continue to support greening and tree-planting in these neighborhoods as well as potentially expanding to include parts of Beacon Hill and the International District. Funding will also be available as needed to support Seattle Department of Transportation and Seattle Public Utilities in these departments' efforts to green the right-of-way in these neighborhoods.

### Duwamish River Opportunity Fund Transfer

Expenditures \$249,799

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds \$275,000 backed by payroll tax in 2023 and 2024 to OSE in order transfer funding and administration of the Duwamish River Opportunity Fund from the Department of Neighborhoods (DON) to the Office of Sustainability and Environment. This will allow a consolidation of Duwamish-related grant programming in OSE and will complement the Duwamish Valley Program and OSE's existing grant programming in the climate justice space, such as the

## Office of Sustainability and Environment

Environmental Justice Fund. For 2023, OSE will coordinate with DON to administer the fund and will draw on DON's expertise managing this program in prior years.

### Citywide Coordinator for Climate Initiatives Position Transfer

Expenditures	\$222,073
Position Allocation	1.00

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item uses payroll-tax backed Green New Deal funding to transfer 1.0 FTE Strategic Advisor 3 from Seattle Department of Transportation (SDOT) to OSE to meet departmental budget needs and priorities. The position currently serves in an SDOT pocket but serves as OSE's Citywide Coordinator for Climate Initiatives, leading OSE's interdepartmental efforts aimed at reducing transportation emissions, guiding the development of new incentive programs, and directing OSE's transportation-related engagement with City departments, advisory groups, community-based organizations, and philanthropies. This position serves as a manager for three OSE staff members and serves as a member of the office's leadership team.

This is a technical change that aligns budgets with departmental priorities and does not reflect a major change in direction for OSE, SDOT, or the role and responsibilities of this program manager. This position will continue to serve as the staff liaison between SDOT and OSE, as OSE drives policies and programs aimed at addressing climate justice, reducing emissions from the transportation sector, and improving air quality in areas most impacted both systemic racism and persistent air pollution.

### Continue Duwamish Valley Program Green Workforce Development and Technical Assistance

Expenditures	\$200,000
--------------	-----------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds \$200,000 in 2023 and \$400,000 in 2024 backed by payroll tax for Equity and Environment initiatives in the Duwamish Valley Program. This funding will build on one-time 2022 budget adds that currently support research on green jobs pathways for Duwamish Area residents and are supporting small and minority-owned businesses that are struggling with the impacts of COVID.

In 2023 and 2024, this funding will support technical assistance for small and industrial businesses in South Park and Georgetown with a focus on climate resiliency. Funding will also address priorities from the Industrial and Maritime Strategy as well as the Duwamish Valley Action Plan, and will facilitate pathways green jobs pathways for manufacturing, logistics, and the maritime sector, as well as work supporting sea level rise adaptation, the electric vehicle industry, and climate change resilience. These collaborations are also supported by grants from the Robert Wood Johnson Foundation and will contribute to the development of the Duwamish Valley Resilience District. These actions are aligned with the Citywide Economic Revitalization Strategy and are coordinated with the Office of Economic Development (OED).

### Departmental Finance and Budget Support

Expenditures	\$186,186
Position Allocation	1.00

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$8 million is allocated to administration and evaluation. This item adds 1.0 FTE and \$187,000 in payroll tax-backed administrative funding for a Strategic Advisor 2 (Finance/Budget/Accounting). This position will serve as a finance director and provide capacity to scale up payroll tax-funded Green New Deal investments. This additional strategic capacity will also allow OSE to better identify, coordinate, and execute on

## Office of Sustainability and Environment

funding opportunities from state, federal, and non-governmental grant programs that can support OSE's programming and help advance Seattle's climate goals.

### Funding and Position Authority for a Climate Justice Workforce Development Advisor

Expenditures	\$160,285
Position Allocation	1.00

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This Green New Deal item adds and funds a 1.0 FTE, Strategic Advisor 2, General Government. This position will serve as a Climate Justice Workforce Development Advisor and will lead strategy development for clean energy workforce pathways, prioritizing racial equity, economic opportunity, and addressing the disproportionate impacts of climate change. This position will lead Citywide coordination with other City departments working in this space, including direct coordination with the Office of Economic Development (OED) and OED's Green Economy Advisor, in conjunction with the Economic Revitalization Strategy. This position will also work closely with FAS on administering funds for Clean Energy Pre-Apprenticeship Scholarships. In addition, the position will oversee workforce investments in the Duwamish Valley Program, convene a Clean Energy Workforce Development Committee that will make recommendations on city actions to effect a just transition from fossil fuels, and participate in monthly coordination meetings with regional partners in labor, industry, and in other governing authorities in the Seattle region.

### Tree Canopy Equity and Resilience Plan

Expenditures	\$150,000
--------------	-----------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item provides \$150,000 backed by payroll tax for a tree canopy equity and resilience assessment and plan. This comprehensive plan will identify the best strategies and locations for planting, growing, and maintaining trees on private and public land and in the right-of-way, with a focus on low-canopy neighborhoods in environmental justice priority areas. This plan would pave the way for leveraging future federal, state, and philanthropic funds that support the resilience of the tree canopy.

### Administrative Support for Climate Justice

Expenditures	\$142,338
Position Allocation	1.00

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$8 million is allocated to administration and evaluation. This item adds payroll tax-backed administrative funding and position authority for 1.0 FTE, an Administrative Specialist II position. This position will provide support for the Environmental Justice Fund, including help with contracting, grant reporting, scheduling, outreach coordination, and other administrative needs. This position will also provide administrative support for the Green New Deal Oversight Board and Green New Deal Interdepartmental Team.

### Proposed Technical

#### Revenue

Revenues	\$436,605
----------	-----------

This item budgets revenue to OSE.

# Office of Sustainability and Environment

## Council

### **Funding for Indigenous-Led Sustainability Projects**

Expenditures \$3,687,438

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This Council action adds \$3.7 million in 2023 and \$2.5 million in 2024 backed by payroll tax to OSE for Indigenous-led sustainability projects, as recommended by the Green New Deal Oversight Board (Oversight Board). This funding is intended to help ensure a just clean energy transition that prioritizes frontline communities. Examples include solar installations, water cisterns, site improvements for religious sites, and energy and food sovereignty projects.

OSE should consult with both the Oversight Board and the Indigenous Advisory Council to determine how these funds should be allocated. This funding may be used to support capacity building, technical assistance, and project development and implementation.

### **Community Resilience Hubs and Funding for Decarbonizing Library and Parks Facilities**

Expenditures \$1,500,000

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This Council action provides \$1.5 million backed by payroll tax to OSE, \$1 million to Seattle Parks and Recreation (SPR), and \$1 million to Seattle Public Library (SPL). These items are all one-time adds.

Funding in these items will be used to implement recommendations from the forthcoming Climate Resilience Hub Study -- originally funded by Council in September 2022 under Ordinance 126675. Through this study, which will be led by OSE, the City will engage with community to identify needs and placement of potential climate resilience hubs.

\$1.5 million in funding for OSE will support community-led efforts to develop resilience hubs. Funding allocated for SPR and SPL will support decarbonizing SPR and SPL facilities. Funding for SPR is also subject to the following proviso:

"Of the appropriations in Seattle Parks and Recreation's 2023 budget for the Major Maintenance and Asset Management project (MC-PR-41001) in the 2023-2028 Capital Improvement Program, \$1,000,000 is appropriated solely to decarbonize facilities that serve communities directly impacted by racial, economic, and environmental injustice and may be used for no other purpose."

### **Expanded Funding for the Environmental Justice Fund**

Expenditures \$1,200,000

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This Council action adds \$1.2 million in 2023 and \$1.2 million in 2024 backed by payroll tax to OSE to increase for the Environmental Justice (EJ) Fund, in line with the Green New Deal Oversight Board's recommendations. This funding will provide expanded support for community-led responses to the impacts of climate change. Current and potential grant-funded projects include, but are not limited to, arts and storytelling, community education, organizational or community capacity building, climate change preparedness, skills building and trainings related to green jobs, and community planning or visioning.

The 2023-2024 Proposed Budget reauthorized \$550,000 Jumpstart Payroll Tax funds for both 2023 and 2024, continuing support first provided in 2022 as recommended by 2021's Equitable Communities Initiative Task Force. In addition to a pre-existing baseline of \$200,000 General Fund, this allowed for up to \$750,000 in grants under the Proposed Budget.

## Office of Sustainability and Environment

This Council action expands total available funding to \$1.95 million in both 2023 and 2024. For reference, OSE received 44 grant applications totaling nearly \$2.8 million in 2021. This additional funding is intended to increase both the amount and quantity of grant awards, with a particular emphasis on supporting capacity building for organizations and proposals that serve frontline communities -- "[those] that experience disproportionate environmental harms and risks due to exposures, greater vulnerability to environmental hazards, or cumulative impacts from multiple stressors" -- as defined by the Green New Deal Oversight Board.

### **Funding for Climate Resilience Hub in South Beacon Hill**

Expenditures	\$455,200
--------------	-----------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This Council action provides \$455,000 (one-time) backed by payroll tax to OSE for an organization leading the development of a community-led climate resilience hub in South Beacon Hill, such as the project located on the campus of Bethany United Church of Christ. This amount is anticipated to help cover the costs for decarbonizing and weatherizing existing buildings and installation of a solar photovoltaic array and a battery backup system. Total cost of the project is estimated to be \$735,000, of which \$280,000 would be covered by private donations.

This proposal aligns with the Green New Deal Oversight Board's recommended use of JumpStart Green New Deal funds for climate resilience hubs at existing community and cultural anchors.

### **Funding and Position Authority for a City Urban Forester**

Expenditures	\$147,475
--------------	-----------

Position Allocation	1.00
---------------------	------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This Council action provides \$147,000 in 2023 and \$190,000 in 2024 in order to fund a full-time Strategic Advisor 3 in OSE to serve as a City Urban Forester.

This position will work with executive leadership and staff across urban forestry departments to establish and/or affirm citywide and department-specific strategies intended to support a healthy and robust tree canopy and urban forest in Seattle; provide an on-going assessment on the efficacy of policies and programs in meeting these goals; and recommend changes as needed to decision-makers.

These responsibilities are in line with recommendations that the Executive provided to the City Council in their response to Statement of Legislative Intent (SLI) MO-001-A-002 in the 2022 Adopted Budget, which requested that the Mayor's Office provide "a report with recommendations for the creation of a 'chief arborist' position that would promote the preservation of Seattle's tree canopy and provide independent oversight of the City's management of trees, with an initial focus on the preservation of exceptional trees."

# Office of the City Auditor

David G. Jones, City Auditor

(206) 233-3801

<http://www.seattle.gov/audit/>

## Department Overview

The Office of City Auditor was established by City Charter and serves as Seattle's independent performance audit function. The City Auditor is appointed by the City Council to a four-year term of office.

The Office of City Auditor seeks to promote honest, efficient management and full accountability throughout City government. It serves the public interest by providing the City Council, the Mayor and City employees with accurate information, unbiased analyses and objective recommendations on how best to use public resources.

The Office of City Auditor conducts audits of City departments, programs, grantees and contracts, as well as some non-audit projects. Most of the office's work is performed in response to specific concerns or requests from City Councilmembers, but the City Auditor also independently initiates work to fulfill the office's mission. If resources are available, the City Auditor responds to requests from the Mayor, City departments and the public.

Through its work, the Office of City Auditor answers the following types of questions:

- Are City of Seattle programs being carried out in compliance with applicable laws and regulations, and is accurate information furnished to the City Council and Mayor on these programs?
- Do opportunities exist to eliminate inefficient use of public funds and waste?
- Are programs achieving desired results?
- Are there better ways to achieve program objectives at lower costs?
- Are there ways to improve the quality of service without increasing costs?
- What emerging or key issues should the City Council and Mayor consider?

<b>Total 2023 Proposed Budget</b>	<b>\$2,276,049</b>	<b>10.00</b>

## Description of Incremental Budget Changes

### Baseline

#### Appropriations for 2022 Annual Wage Increase

Expenditures \$68,589

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$23,779

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget

## Office of the City Auditor

process.

### Proposed Operating

#### Retention/Equity Increase for Utilities Auditor

Expenditures	\$10,000
Revenues	\$10,000

This item appropriates \$10,000 to the Office of the City Auditor for the purpose of increasing wages in the Utility Auditor program. This funding will be used to increase pay equity within the department as well as general retention purposes. Revenues will be derived from utility audit billings.

### Proposed Technical

#### General Fund Revenue Adjustment

Revenues	\$144,029
----------	-----------

This is a technical adjustment to capture projected General Fund revenue increments for this department.

### Council

#### Increased resources for anticipated staffing costs

Expenditures	\$32,000
--------------	----------

This Council Budget Action adds \$32,000 General Fund to fully fund anticipated staffing costs.

## Budget Overview

The 2023 Adopted Budget for the City Budget Office (CBO) has several changes, including three technical items increasing for standard costs, adjusting for wage inflation, and backing out \$3.8 million in Coronavirus Local Fiscal Relief Fund (CLFR) work that was budgeted like grant funding, a one-time resource to be used over three years.

### Affordable Seattle Expansion

The budget increases JumpStart Payroll Expense Tax (payroll tax) funding for the Affordable Seattle program, which includes the CiviForm application. Affordable Seattle reduces barriers for low-income residents to access programs such as utilities, childcare, transportation, and food. CiviForm is a common application across multiple departments that decreases the time and effort for residents and their trusted intermediaries (e.g., Community Based Organizations) to apply for City of Seattle programs. Affordable Seattle and the CiviForm application increase access to programs by translating applications into multiple languages, highlighting programs for which an applicant is eligible, automatically reusing information provided on one application to complete new applications, enables community-based organizations to submit applications on behalf of clients, and continuously gathering feedback

## City Budget Office

from the people served to improve the tool and business processes. Investments for the Affordable Seattle Expansion are across three departments:

- Within CBO's Innovation and Performance Team, one existing position currently funded with \$175,000 of CLFR funding will be moved to payroll tax funding in 2024. The City Council removed funding in the adopted budget that was proposed in the Executive's budget; this funding would have added \$100,000 of payroll tax funding for community outreach and \$189,000 to the City Budget Office Innovation & Performance Team to add one FTE Strategic Advisor, to manage the Affordable Seattle program, provide program analytics, lead the interdepartmental CiviForm feature roadmap, and drive internal business process improvements.
- In the Office of Economic Development's (OED's) budget, this program adds \$312,026 in ongoing funding backed by the payroll tax to OED's Leadership and Administration BSL for two new positions to increase awareness and adoption of CiviForm including user testing, design, and working with Innovation & Performance and Seattle IT to prioritize feature roadmap based on community response.
- In the Information Technology Department (ITD), \$525,998 is included for ITD's Applications Team to add three positions. Two Database Engineers will be dedicated to integrating CiviForm across technology platforms. One manager will be dedicated to overseeing the staff in ITD related to the program. The City Council changed a portion of the funding for this item to be charged to the utilities.

### Increased Capacity and Evaluation Staffing for the JumpStart Payroll Expense Tax Fund

With the creation of the JumpStart Payroll Expense Tax Fund, there has been an increased workload for CBO as the fund was implemented, requiring both program evaluation and monitoring, tracking and budgeting over \$300 million. The proposed budget added two staff to conduct evaluation of payroll tax programs required by the Seattle Municipal Code, as well as moved two existing staff to the payroll tax fund in 2024 to transition their evaluation work from CLFR programs to payroll tax programs; these positions were removed by the City Council to redirect payroll tax resources to other priorities. The adopted budget adds two staff for monitoring, tracking and budgeting this new resource. These two positions will provide fiscal and policy analyst capacity, as well as work with the increased data complexity in our budget and accounting systems.

### City Council Changes to the Proposed Budget

The Council made two changes to CBO's budget, eliminating funding for both an expansion of the Affordable Seattle program, and evaluation staff for the payroll tax spending.

## Incremental Budget Changes

### City Budget Office

<b>Total Incremental Changes</b>	<b>\$(3,220,080)</b>	<b>2.00</b>
<b>Total 2023 Adopted Budget</b>	<b>\$8,215,845</b>	<b>45.00</b>

## Description of Incremental Budget Changes

### Baseline

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$70,309

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### Removal of One-Time Budget Adds

Expenditures \$(3,823,019)

This item removes one-time federal funding added in the 2022 Adopted Budget, which for the City Budget Office is the removal of one-time Coronavirus Local Fiscal Recovery (CLFR) funding. These one-time resources provide support to CLFR activities such as reporting, monitoring and evaluation through 2024.

#### Ongoing Adjustment to Reflect the 2022 Annual Wage Increase

Expenditures \$223,080

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### Proposed Operating

#### Expansion of the Affordable Seattle Program

Expenditures \$289,710

Position Allocation 1.00

The Council eliminated this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

This item increases funding for the Affordable Seattle program, which includes the CiviForm application. Affordable Seattle reduces barriers for low-income residents to access programs such as utilities, childcare, transportation, and food. CiviForm is a common application across multiple departments that decreases the time and effort for residents and their trusted intermediaries (e.g., Community Based Organizations) to apply for City of Seattle

## City Budget Office

programs. Affordable Seattle and the CiviForm application increase access to programs by translating applications into multiple languages, highlighting programs for which an applicant is eligible, automatically reusing information provided on one application to complete new applications, enables community-based organizations to submit applications on behalf of clients, and continuously gathering feedback from the people served to improve the tool and business processes.

The City's 2023 Proposed Budget spends approximately \$294 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$33 million is allocated to investments promoting economic revitalization and workforce development. This item adds JumpStart Payroll Expense Tax funding of \$100,000 for community outreach, and \$189,000 to the City Budget Office Innovation & Performance Team to add one FTE Strategic Advisor, 3 positions to manage the Affordable Seattle program, provide program analytics, lead the interdepartmental CiviForm feature roadmap, and drive internal business process improvements. One existing position currently funded with \$175,000 of Coronavirus Local Fiscal Recovery funding will also be moved to JumpStart Payroll Expense Tax funding in 2024.

### Increased Staffing Capacity with Creation of New Funds

Expenditures	\$309,550
Position Allocation	2.00

The City's 2023 budget spends approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$8 million is allocated to administration and evaluation. This item adds \$309,550 and 1 FTE Strategic Advisor, 2 and 1 FTE Management Systems Analyst funding to increase capacity within the City Budget Office. With the creation of the JumpStart Payroll Expense Tax Fund, as well as other funds in recent years, the complexity of budgeting has grown considerably, as each fund requires monitoring, balancing and tracking. The two additional staff will add fiscal and policy analyst capacity, as well as staff to work with the increased data complexity in our budget and accounting systems.

### Payroll Expense Tax Evaluation Staff and Capacity

Expenditures	\$509,424
Position Allocation	2.00

The Council eliminated this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

The City's 2023 Proposed Budget spends approximately \$294 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$11 million is allocated to administration and evaluation. This item adds \$509,424 and two FTE Strategic Advisor, 2 evaluation advisors and services needed to conduct evaluation and reporting on the effectiveness of Payroll Expense Tax programs starting in 2023. This item also provides funding to increase administrative staffing capacity to support evaluation and administration in Innovation & Performance (IP) needed due to the increase in IP staffing related to Payroll Expense Tax.

### Fund Evaluation Staff Transition to JumpStart Payroll Expense Tax Funding

Expenditures	-
--------------	---

This item provides \$350,000 in JumpStart Payroll Expense Tax (PET) funding for two FTE evaluation advisors starting in 2024. The evaluation advisors will shift from CLFR funding, to the payroll tax fund to evaluate the effectiveness of the payroll tax programs.

## Council

### Remove Funding for Expansion of the Affordable Seattle program

Expenditures	\$(289,710)
--------------	-------------

## City Budget Office

Position Allocation (1.00)

This Council item rejected an expansion of the Affordable Seattle program in the City Budget Office, reprioritizing \$290,000 that would have funded 1.0 FTE and funding for community outreach.

### Eliminate Evaluation Staff for Payroll Expense Tax Spending

Expenditures \$(509,424)

Position Allocation (2.00)

This Council item rejected a proposed budget add of 2.0 FTE in the City Budget Office for evaluation of Payroll Expense Tax (PET) programs and spending.

# Civil Service Commissions

Andrea Scheele, Executive Director

(206) 233-7118

<http://www.seattle.gov/civil-service-commission>  
<http://www.seattle.gov/public-safety-civil-service-commission>

## Department Overview

The **Civil Service Commissions** is the small department that houses two City Charter-mandated commissions, the Seattle Civil Service Commission and the Seattle Public Safety Civil Service Commission. The two commissions exist to oversee the organized and fair operation of the City's two civil service systems, of which almost 10,000 of the City's 13,000 employees are members. The Seattle Municipal Code and Washington law charge both commissions with providing fair and impartial appeal hearings on serious disciplinary decisions and other civil service issues. Each commission is governed by its own three-member board, with one member appointed by the Mayor, one appointed by the City Council, and one elected by the employees.

The **Civil Service Commission (CSC)** conducts appeal hearings of alleged violations of the City's personnel rules, disciplinary actions, and alleged violations of the Personnel Ordinance. The CSC makes recommendations to the Mayor and the City Council regarding the administration of the personnel system. The CSC is authorized to investigate allegations of political patronage in hiring and promotion for positions within the civil service to ensure that they are in accordance with civil service merit principles described in the City Charter.

The **Public Safety Civil Service Commission (PSCSC)** oversees and directs a civil service system for sworn personnel of the Seattle Police Department (SPD) and uniformed personnel of the Seattle Fire Department (SFD). The Public Safety Civil Service system includes appointments, promotions, promotional testing, layoffs, recruitment, retention, classifications, removals, and discipline, pursuant to Charter Article XVI and in substantial compliance with RCW chapters 41.08, 41.12, and 41.56. The PSCSC directs and oversees entry-level and promotional civil services exams for ten ranks in the Police and Fire service. The PSCSC also conducts quasi-judicial appeals related to serious disciplinary decisions, examination and testing, and related issues.

## Civil Service Commissions

### Budget Overview

The 2023 Adopted and 2024 Endorsed budgets increases funding and associated staffing levels for CIV to carry out the office's purpose. The department has been operating with two staff and the 2023 Adopted and 2024 Endorsed budgets adds one position to balance the additional workload associated with the increased hiring and testing of Seattle Police Department recruits to address a staffing shortage.

The 2023 Adopted and 2024 Endorsed budgets also includes Citywide technical adjustments related to Annual Wage Increases (AWI), internal services costs, and personnel costs.

#### City Council Changes to the Proposed Budget

The Council made no changes to the 2023-2024 Proposed Budget

<b>Total 2023 Adopted Budget</b>	<b>\$895,020</b>	<b>3.00</b>

### Description of Incremental Budget Changes

#### Baseline

##### Citywide Adjustments for Standard Cost Changes

Expenditures \$65,346

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the

## Civil Service Commissions

department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

### **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures	\$15,625
--------------	----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### **Correction to Retirement Account Appropriation**

Expenditures	\$23,363
--------------	----------

This item reverses a reduction to CIV's retirement account by \$23,363 in CIV's BO-VC-VCIV BSL. The \$23,363 was reduced in the 2021 budget and left CIV underbudgeted for retirement. This corrects the on-going reduction and maintains the department's appropriate level of funding for retirement.

### **Increase to Salary and Benefits**

Expenditures	\$13,918
--------------	----------

This item increases salary and benefits appropriation authority by \$13,918 to the Civil Service Commission's CIV-BO-VCV1CIV BSL. This increase provides the department with sufficient budget authority to cover pay raises in the 2023-24 budget.

## **Proposed Operating**

### **Add Strategy and Policy Position**

Expenditures	\$175,212
Position Allocation	1.00

This item creates a five-year sunseting 1.0 FTE Strategic Advisor 2 position in the Civil Service Commission and increases appropriation by \$175,212 to the CIV-BO-VC-V1CIV Civil Service Commission BSL. CIV has an increased workload associated with the hiring and testing of Seattle Police Department to address the staffing shortage. The body of work for this position is project management and development of policies and rule making and will provide additional capacity for CIV to balance the needs of the commissions and employee members of the civil services.

## **Proposed Technical**

### **General Fund Revenue Adjustment**

Revenues	\$121,187
----------	-----------

This is a technical adjustment to capture centrally projected and forecast General Fund revenue increments for this department.

# Office of Economic and Revenue Forecasts

Ben Noble, Director

(206) 300-6933

<http://www.seattle.gov/economic-and-revenue-forecasts>

## Department Overview

In July 2021 via Council Bill 120124, the City Council created the Office of Economic and Revenue Forecasts (OERF). The office's responsibilities are to staff the Economic and Revenue Forecast Council, perform economic and revenue forecasts, conduct special studies at the request of the Forecast Council and provide ad hoc analytical support on economic and revenue estimation for legislative and executive staff consistent with the work program. Such analyses are to be nonpartisan and confidential to the extent allowed by law.

The legislation established the Economic and Revenue Forecast Council which shall receive and review the general forecasts of local economic activity and the forecasts of revenues that support the City's general government programs and services. The forecasts approved by the Forecast Council by the Director of the OERF are the official city economic and revenue forecasts and shall serve as the basis for the estimates of revenues described in RCW 35.32A.030 and 35.32A.040, provided that the Mayor or Council shall have the authority to deviate from the official forecasts as provided in Section 3.44.010. The Forecast Council shall be composed of the Mayor, the Council President, the Chair of the City Council Finance Committee, or their designees and the Director of Finance. If the Council President and the Chair of the Council Finance Committee are the same individual, the position held by the Chair of the Council Finance Committee shall be determined by the Council President. The Forecast Council shall select one member to serve as Chair of the Forecast Council annually.

## Budget Overview

For its first year of operation, the 2022 Adopted Budget established a budget and staffing for the new Office of Economic and Revenue Forecasts based on estimated costs for positions, startup expenses and other costs. The 2023 Adopted and 2024 Endorsed Budget makes several adjustments to the 2022 Adopted to reflect the actual salaries and costs given the personnel hired and to meet its intended purpose as described above. The net effect of this reallocation and right-sizing effort is an increase in total budget of approximately \$67,000.

# Office of Economic and Revenue Forecasts

## Description of Incremental Budget Changes

### Baseline

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$17,061

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$39,862

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

### Proposed Operating

#### Alignment of Costs

Expenditures \$10,626

This is the net increase resulting from several reallocations and adjustments of the baseline 2022, first year budget

## Office of Economic and Revenue Forecasts

made to reflect the actual costs of staffing and operating the OERF, which is now fully staffed.

## Department Overview

In 2018 [Executive Order 2018-04](#) created the Office of the Employee Ombud (OEO) following the recommendations issued by the Anti-Harassment Inter-departmental Team on improving the City's workplace culture. The OEO's mission is to support City employees in all branches of City government in assessing their concerns regarding workplace conduct that may be considered inappropriate; may constitute harassment, discrimination, or retaliation; and/or is in conflict with the City's Personnel Rules, Citywide workplace expectations, and other City policies. OEO is the primary conflict management resource for the City.

The OEO provides assistance to City employees through a variety of means including conflict management and resolution; clarifying the City's processes and systems for reporting and investigations; facilitating discussions to break down miscommunication; providing the contact for represented employees' unions; and understanding what remedies are available through State or Federal agencies. The OEO also supports employees with referrals to the City's contracted Employees Assistance Program (EAP) for appropriate emotional assistance.

In addition to individual employee services, the OEO reviews policy improvements that support the City's continuous effort to provide every City employee a safe and respectful workplace where they can do their best work in serving the residents of Seattle. OEO, as part of its systemic change mission, offers trainings and capacity building to City departments so that practices and behaviors that cause conflict among us can be addressed in a proactive manner.

The OEO submits an annual report to the Mayor's Office and City Council that addresses issues extending beyond the experiences of individual employees. The report includes recommendations to clarify the City's Personnel Rules, complaint and investigations systems or trainings, and share information on patterns of inappropriate workplace conduct at the City.

# Office of the Employee Ombud

## Budget Overview

The 2023 Adopted and 2024 Endorsed budgets provide OEO with technical adjustments in the baseline budget, reflecting adjustments for the Annual Wage Increase (AWI) and changes to internal services costs. The remainder of the OEO budget maintains the current level of spending and staff. OEO is staffed to an appropriate level for the 2023 Adopted and 2024 Endorsed budgets and does not require additional resources at this time.

OEO will be absorbing all remaining Alternative Dispute Resolution (ADR) work. The Seattle Department of Human Resources (SDHR) established an ADR program in 2001, prior to the creation of OEO. Most ADR services have since shifted to OEO, and the 2023 Adopted and 2024 Endorsed budgets eliminate the remaining components of the ADR program in SDHR and shifts the remaining work to OEO to consolidate and streamline services.

### City Council Changes to the Proposed Budget

## Description of Incremental Budget Changes

### Baseline

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$33,268

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

# Office of the Employee Ombud

## Citywide Adjustments for Standard Cost Changes

Expenditures \$26,650

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

## Proposed Technical

### General Fund Revenue Adjustment

Revenues \$157,455

This is a technical adjustment to capture centrally projected and forecast General Fund revenue increments for this department.

# Employees' Retirement System

Jeff Davis, Executive Director

(206) 386-1293

<http://www.seattle.gov/retirement/>

## Department Overview

The Seattle City Employees' Retirement System has two major functions: administration of retirement benefits and management of the assets of the Retirement Fund. Employee and employer contributions, as well as investment earnings, provide funding for the system. Approximately 9,000 active employee members, 3,300 terminated employee members and 7,300 retired employee members participate in the plan.

The provisions of the plan are set forth in [Chapter 4.36](#) of the Seattle Municipal Code. The plan is a "defined benefit plan" which means an employee's salary, years of service, and age at the time of retirement are used to determine the amount of retirement benefits. At retirement, members are given a choice of several payment options to collect their retirement benefit. The Retirement System is led by a seven-member Board of Administration and an Executive Director appointed by the Board.

Please note that the appropriations detailed in the following tables reflect only the costs to administer the system and do not reflect payment of retirement benefits or investment management fees.

## Budget Overview

The Seattle City Employees' Retirement System (SCERS) relies on the long-term health of its assets to sustain its long-term financial obligations to SCERS members. The long-term health of SCERS is measured by the annual January 1 funding status, a percentage that represents the value of the asset portfolio over the reserves needed to pay retirement benefits to employees.

As of January 1, 2022, SCERS net assets are valued at \$3.7 billion with a 75.0% funded status. This is an increase from 71.6% in 2021, and is still higher than the low of 62% in 2010. SCERS funding status has generally increased steadily since 2010 due to changes SCERS has made to positively impact the funding status over the long-term.

Annual Contributions: The plan's actuaries determine an "annual required contribution" (ARC) into SCERS so its

## Employees' Retirement System

assets grow in tandem with pension costs, which rise as new employees join SCERS, wages increase, and retirees live longer. In response to the drop in the value of its invested assets and its funded status coming out of the 2008-09 recession, SCERS and the City enhanced the plan in 2013 by revising its ARC calculation so SCERS will be fully funded after a fixed 30-year period beginning January 1, 2013 and ending January 1, 2043. The annual required contribution is composed of two parts: employee contributions, which are established by the City's labor agreements, and employer contributions. Employer contribution amounts are reflected in departmental budgets throughout the 2023 Adopted Budget.

**Investment Return Assumption:** In January 2014, SCERS decreased its long-term investment return assumption from 7.75% to 7.50% in anticipation of slower asset growth over the next 30 years. Effective January 2020, SCERS decreased this assumption to 7.25% and effective January 2023, SCERS will decrease the assumption further to 6.75%. This assumption raises the ARC so the plan relies more on employee and employer contributions that are based on salaries, which are less volatile than the investment returns affected by portfolio experience and the economy.

**Asset Smoothing:** SCERS implemented an asset smoothing policy in 2011 to protect the funded status from volatile year-to-year swings by recognizing annual investment return gains and losses evenly over five years. This policy results in gradual changes in the ARC so the City's contribution is more stable.

**Pension Plan for New Employees Hired On or After January 1, 2017:** The City began evaluating plan changes in 2012 to reduce the cost of the plan for employees and the City, thereby enhancing SCERS' fiscal stability over the long run, while still maintaining an adequate retirement benefit for employees. In 2016, the City and labor unions agreed, and Council approved, a new defined benefit plan (SCERS II) for new employees hired on or after January 1, 2017. SCERS II has a similar structure to the existing plan (SCERS I).

Under SCERS II, there is an estimated 3.8% combined savings for annual employer and employee contributions. Members of the new plan will contribute 7% of their salary toward their retirement benefit, compared to 10.03% under SCERS I. Given the lower contributions into the plan, the new SCERS II plan will provide a retirement benefit lower than the SCERS I plan, but consistent with the design of the current SCERS I plan. The SCERS II benefit will still provide City retirees with an adequate retirement income when combined with Social Security.

The 2023 Adopted Budget for the management of SCERS includes total appropriation increases of \$1,788,711. This increase primarily consists of adjustments to bring the budget in line with the SCERS Board's approved 2023-2024 budget, as well as annual adjustments for internal City service costs and wage increase. The 2023 Adopted Budget addresses the increased costs and personnel demands of managing the pension administration system and the new Member Self Service Portal.

## Description of Incremental Budget Changes

### Baseline

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures	\$165,146
--------------	-----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### Baseline Cost Adjustments

Expenditures	\$41,793
--------------	----------

This item adjusts baseline costs for pension contributions, FICA, Medicare, and Insurance (health, FML, and life) to the Adopted Central Cost Manual for 2023-2024.

#### Citywide Adjustments for Standard Cost Changes

Expenditures	\$73,984
--------------	----------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### Correction to Positions Added in 2021 Year-End Supplemental

Expenditures	-
Position Allocation	2.00

This item is a net-zero change that formally adds the two staff positions that were funded in the 2021 Year-End Supplemental and corrects the expenditure account.

# Employees' Retirement System

## Healthcare Baseline Correction

Expenditures	-
--------------	---

This item corrects employee healthcare costs to account for two positions added in the 2021 Year-End Supplemental that did not automatically roll over to 2023.

## Annual Wage Increase Adjustment for Missed Positions

Expenditures	\$9,934
--------------	---------

This item adjusts wages for two positions funded in the 2021 Year-End Supplemental and manually added to 2023 to reflect 2022 annual wage increases.

## Proposed Operating

### Alignment to SCERS Board Approved 2023-24 Budget

Expenditures	\$1,259,284
Revenues	\$2,037,056

This item adds funding to address increased maintenance costs of an update to the pension administration system, increased building rental costs, and costs of other supplies and services.

### Adds 1.5 staff positions

Expenditures	\$238,570
Position Allocation	1.50

This item adds one full-time Sr. Business Analyst and one part-time Customer Service Representative to SCERS Staff to handle the expanded workload of the pension administration system and new Member Self Service Portal. The addition of the full-time Sr. Business Analyst will help ensure that members' account data are accurate and complete and help optimize system and business processes. The addition of the part-time Customer Service Representative will help ensure timely communications with members encountering issues when using the Self Service Portal.

## Council

### Adopt Resolution 32070 - RET 2023 Credit Interest Rate Resolution

This Council Budget Action recommends adoption of Resolution 32070, which approves interest rates on member contributions as established by the Seattle City Employees Retirement System Board of Administration on July 14, 2022. The Board reviews and adjusts the interest rates annually, based on market conditions. The new interest rates for 2023 will grow member contribution balances on all contributions received after December 11, 2011, at an annual compounding rate of 2.20 percent. The annual rate prior to this change was 1.77 percent.

This change would increase the Retirement Fund's costs and incrementally increases the system's normal cost. These impacts are estimated along with other factors in the retirement system's periodic actuarial valuations.

### Adopt Resolution 32071 - Valuation and Actuarially Required Contribution for 2023

This Council Budget Action recommends adoption of Resolution 32071 that affirms the retirement contribution rate that the City will fund in 2023. As determined by an independent actuary using a set of assumption about member demographics and investment earnings, the actuarially required contribution (ARC) is the annual contribution to the Retirement Fund that the City must make to meet the objective of a 100 percent funded retirement plan (benefits sufficient funds to pay current and future benefits) by January 1, 2043. At the June 9, 2022, meeting of the Seattle City Employee Retirement System's Board of Administration (Board) meeting, the City's actuary reported that the

## Employees' Retirement System

minimum required contribution was 15.82 percent for 2023. Based on that information, the Board voted to recommend the 15.82 percent employer contribution rate.

The combined required contribution rate for 2023 is 25.06 percent, a 50 basis point reduction from the 2022 rate of 25.56 percent. The 2023 Adopted Budget includes the amounts necessary to fully fund the ARC to the Employee Retirement Fund in 2023.

# Ethics and Elections Commission

Wayne Barnett, Executive Director

(206) 684-8500

<http://www.seattle.gov/ethics/>

## Department Overview

The Seattle Ethics and Elections Commission (SEEC) helps foster public confidence in the integrity of Seattle city government by providing education, training, and enforcement of the City's Ethics Code, Whistleblower Code, and lobbying regulations. It also promotes informed elections through education, training, and enforcement of the City's Elections Code and Election Pamphlet Code. With the passage of [Initiative 122](#) in November 2015, the Commission now administers and funds the Democracy Voucher Program.

The Commission's work on behalf of the City of Seattle centers around five main lines of business:

**Ethics Code:** The Commission conducts ethics training for all City of Seattle employees upon request and through the City's New Employee and New Supervisor Orientation programs. It also provides ethics training information for City employees via the City's intranet site. The Commission issues advisory opinions regarding interpretations of the Code of Ethics and also investigates and rules upon alleged violations of the Code. More than thirty years of formal advisory opinions, organized and searchable by topic, are available on the Commission's website.

**Whistleblower Code:** The Commission helps to protect an employee's right to report improper governmental action and to be free from retaliation as a result of such reporting. The Commission either investigates allegations of improper governmental actions itself or refers allegations to the appropriate agency.

**Elections Code and Election Pamphlets Code:** The Commission fulfills the public's mandate of full campaign disclosure by:

- training organizations required to report campaign contributions and expenditures in proper reporting procedures;
- auditing campaign reports;
- working with organizations to correct errors; and
- making all campaign finance information available to the public.

Since 1993, the Commission has made summary reports of campaign financing information available to the public, and since 1995, the Commission has published campaign financing information on its website. The Commission also produces voters' pamphlets for City elections and ballot measures. It makes these pamphlets available in several languages and produces a video voters' guide with King County.

**Lobbying Regulations:** The Commission is charged with administering the City's lobbying regulations. The Commission collects and posts information so that residents know who is lobbying and how much they are being paid to lobby. The Commission also enforces compliance with the lobbying regulations.

**Democracy Voucher Program:** The Commission administers the Democracy Voucher Program which was approved with the passage of I-122 in November 2015. The primary goal of the program is to provide \$100 in vouchers to eligible Seattle residents so that they can contribute to candidates for City office who qualify to participate in the program.

# Ethics and Elections Commission

## Description of Incremental Budget Changes

### Baseline

#### **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures	\$50,201
--------------	----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### **Citywide Adjustments for Standard Cost Changes**

Expenditures	\$(67,374)
--------------	------------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

### Proposed Technical

#### **Bi-Annual Election Year Technical Adjustment**

Expenditures	\$5,862,903
--------------	-------------

This bi-annual increase funds the Democracy Voucher Program for the 2023 election cycle. It provides the funding needed for voucher payments of up to \$5.25 million, and an additional \$612,903 for voucher printing and mailing costs, and temporary staffing increases for voucher processing and outreach work. In 2023, the District City Council races, will be on the ballot. This is one-time funding for 2023 only.

#### **Technical Adjustment to Annual Contribution to/Use of Fund Balance**

Revenues	\$5,866,970
----------	-------------

This is a technical item to balance revenues and expenditures for the Funds managed by this department.

# Department of Finance and Administrative Services

Kiersten Grove, Interim Director

(206) 386-0041

<http://www.seattle.gov/fas>

## Department Overview

The Department of Finance and Administrative Services (FAS) is often the public's first interaction with the City of Seattle, operating as a customer-focused front door that assists with everything from starting a business or paying utilities, to reporting a pothole, requesting public information, or even adopting a new pet. The department's 600-plus employees span across 16 divisions and work behind-the-scenes providing critical functions, like processing payments to 13,000 City employees, managing 120 City facilities—including police and fire stations—and leading emergency management logistics for the City.

Broadly, FAS' work can be split into four categories.

### Customer Services

FAS oversees the City's Customer Service Bureau, the Downtown Customer Service Center and the six neighborhood customer service centers located throughout the city. Over the phone, online and in person, customers can get information, request services, pay bills, resolve problems, and voice opinions. The department also oversees the Find It, Fix It app, which operates similar to a 311 line for the City. Over most of the pandemic, FAS also operated a remote COVID-19 hotline that supported residents across King County in scheduling free COVID tests and vaccination appointments. In addition, FAS oversees the City's efforts to comply with Title II of the Americans with Disabilities Act. Finally, through the Seattle Animal Shelter, FAS advocates for animal welfare, reunites lost animals with their owners and finds suitable owners to adopt homeless animals.

### Regulatory Services

FAS ensures that all businesses operating in Seattle are properly licensed and pay the required business and occupation taxes. FAS issues regulatory licenses for certain business types including taxis, transportation network companies and for-hire vehicles, adult entertainment venues, door-to-door salespeople, short-term rentals, recreational cannabis establishments and trade shows—and enforces requirements related to those licenses. FAS also monitors certain types of businesses to increase consumer safety and ensure proper charges for services. This includes setting rate caps for tows on private property, as well as ensuring that consumers are not overcharged due to an inaccurate device, such as a gas pump or a supermarket scanner or scale. FAS also enforces animal-related ordinances, including the investigation of animal cruelty, neglect, and abuse. As the central coordinator for City purchasing and contracting, FAS establishes policies and procedures to ensure fair competition for City-funded procurements and oversees programs to ensure everyone in the community has equitable access to compete for contracts and work on City-funded projects. These efforts include the Citywide women- and minority-owned business (WMBE) program, which works to support equitable access to city contracting opportunities for women- and BIPOC-owned businesses. FAS also administers the City's Priority Hire program to increase employment within the construction trades among women, people of color and those living in economically distressed ZIP codes.

### Financial Services

FAS has also prioritized sustained fiscal health for the City in balance with the goals set forth by the Mayor and the City Council. The department has accomplished this by providing Citywide financial direction and cohesive policies to City departments. In 2022, ahead of the departure of the City's longtime City Finance Director, the City had an opportunity to rethink the Finance Director role and undertake a new chapter with respect to City Finance that ensures better consistency across all departments. The Finance Business Unit of FAS, which consisted of five divisions overseeing everything from licensing and tax administration, risk management, the City's debt management, bond issuances, business systems and Citywide payroll, have been transferred into a newly created

## Department of Finance and Administrative Services

and autonomous City Finance Division (CFD). A Memorandum of Agreement (MOA) was signed in July 2022 to formalize the transition with FAS, City Budget Office (CBO), CFD and the Mayor's Office. The MOA also establishes a Finance Transition Steering Committee to review the City's current finance structure and develop recommendations and legislation for consideration in 2024.

### Operational Services

FAS designs, builds, and maintains many City-owned buildings, including Seattle City Hall, the Seattle Municipal Tower, the Justice Center, the Joint Training Facility, 33 neighborhood fire stations and five police stations. When departments need to acquire property or when the City no longer has a purpose for a property, FAS is responsible for managing the acquisition or disposition of the property. FAS also maintains the City's 4,000-vehicle fleet, which includes police patrol cars, fire engines and heavy equipment. Finally, FAS leads all Citywide emergency management logistics. FAS's budget is split into the following 16 divisions, with those now part of CFD noted below:

### Public Facing Divisions

- **Consumer Protection** regulates 21 specific business types including short-term rentals, adult entertainment, cannabis businesses, taxis, for-hire or TNC vehicles and others to protect consumers.
- **Customer Service** leads the City's 311 phone service and serves constituents through its Customer Service Bureau and neighborhood customer service centers. The division also manages Americans with Disabilities Act Title II compliance.
- **CFD - License and Tax Administration** manages the new Payroll Expense Tax, the City business licensing process and collects more than \$500 million in annual fees and taxes from 100,000 commercial enterprises doing business in the City. This division is now part of City Finance.
- **Purchasing and Contracting** manages bids, public works and contracting needs. The division also supports the City's race and social justice initiative by expanding contracting equity for women- and minority-owned businesses and supporting labor equity on City construction projects.
- **Seattle Animal Shelter** promotes safety and animal welfare by enforcing animal laws, operating sheltering and adoption programs, managing a spay and neuter clinic and providing care and services for over 5,000 animals annually.
- **CFD - Treasury Services** receives, processes, reconciles, and distributes the City's funds. Treasury also collects debts and monitors cash flow to ensure City operations, like utilities and payroll, are funded. They are the legal stewards of the City's cash assets. This division is now part of City Finance.

### Internal Facing Divisions

- **Accounting and Budget Services** provides everything from budget oversight to financial planning for FAS, other small departments, and City executive offices to create transparent, understandable financial reports.
- **CFD - Business Systems** manages Citywide business processes and software to support financial activities across the organization, as well as across multiple jurisdictions in Western Washington. This division is now part of City Finance.
- **Capital Development** plans, designs, and builds City structures, facilities and workspaces in a manner that is fiscally responsible, environmentally sustainable and responsibly compliant with equal access for all.
- **CFD - Citywide Accounting and Payroll** prepares the City's Comprehensive Annual Financial Report and other reports required by the State and Federal government to facilitate transparency in the City's 420,000-plus annual transactions. The division also implements standard accounting practices and manages all payroll. This division is now part of City Finance.
- **Facility Operations** manages and maintains more than 120 public structures, including offices, parking garages, maintenance shops and police and fire stations.
- **Fleet Management** leads the procurement, maintenance and fueling for the City's 3,800-plus vehicle fleet, providing safe, cost-effective services and environmentally sustainable transportation for City employees.
- **Human Resources** partners with FAS' diverse group of divisions to support recruitment, hiring, compensation and classification, and performance management in a way that is equitable and fosters a respectful, collaborative, and safe work environment.

## Department of Finance and Administrative Services

- **Logistics and Emergency Management** leads emergency planning/procurement, security services, access management, janitorial services, warehouse operations and mail distribution for the City.
- **Real Estate Services** manages a Mayoral directive for innovative and efficient citywide real estate portfolio development. The team acquires, disposes of and leases real property for public purposes. The team also collaborates with City departments on real estate transactions.
- **CFD - Risk Management** reviews City contracts to specify appropriate insurance levels, advises City departments on how to reduce or avoid loss, adjusts claims for damages filed and administers all City insurance policies and the City's self-insurance program. This division is now part of City Finance.

Internal service operations in FAS are primarily supported through charges to other City departments and, in some cases such as when the City leases space, by private businesses or individuals. FAS also collects certain fees specifically to pay for its services, such as the Seattle Animal Shelter Spay and Neuter Clinic, pet licensing, the Weights and Measures program and for-hire driver licenses. The General Fund supports certain FAS services, including administration of the City's taxes and business licensing services.

### Organizational Structure

In addition to the central FAS services mentioned above there are several budgetary units across the City for which FAS is not directly responsible for staffing or service provision but are housed within the FAS budget. For these areas FAS works with the City Budget Office to facilitate resource requests and financial plans when required. Those units are:

- **Judgment and Claims**, which provides for the payment of legal claims and suits brought against the City government and is now part of City Finance.
- **Jail Services**, which provides for the booking, housing, transporting, and guarding of City inmates who are adults charged with or convicted of misdemeanor crimes alleged to have been committed within city limits.
- **Indigent Defense Services**, which secures legal defense services, as required by state law, for indigent people facing criminal charges in Seattle Municipal Court.
- **Transit Benefits**, which pays for the transit benefits offered to City employees.

## Budget Snapshot

# Department of Finance and Administrative Services

## Budget Overview

As an internal services department, the Department of Finance and Administrative Services (FAS) supports all City departments through its fleets, facilities, customer service, finance, contracting and purchasing functions. FAS bills many of its functions to other City departments through central rates and allocations. FAS also performs general government functions, like business licensing and tax collection, consumer protection, parking meter collections, and operation of the Seattle Animal Shelter, which are funded directly in the General Fund.

### Reductions to Finance and Administrative Services Budget

The revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets is insufficient to cover expected costs. General Fund reductions were identified in some departments to mitigate this shortfall in revenues. To help alleviate pressure on the General Fund, the budget also makes reductions in department specific operating funds. The FAS reductions impact some short-term projects that are now being held until future budget cycles. These projects are lighting upgrades that improve energy efficiency and a couple of solar panel upgrades. FAS also reduced the ongoing overtime budget for other departments who participate in the Nightlife Regulatory Enforcement Interdepartmental Team. This change mainly impacts the Seattle Fire Department and the Seattle Police Department who will absorb this work.

City Finance's 2023 Adopted and 2024 Endorsed budgets include reductions of labor budget from removing some vacant positions and holding others vacant. Additionally, City Finance adjusted its budget based on efficiencies achieved in its non-labor expenses that will have minimal impact on operations.

The budget also includes additional operations reductions across several FAS divisions. These reductions include changes to Accounting and Budget Services, Customer Service, Logistics and Emergency Management, Purchasing and Contracting, and the Seattle Animal Shelter. Reduction strategies include holding open vacant positions, reducing the budget for citywide archiving services and paper and postage supplies, and eliminating contingency reserves.

### Electrifying the City's Fleet

The 2023 Adopted and 2024 Endorsed budgets make significant investments in three critical projects to advance the City of Seattle's comprehensive transportation electrification strategy to transition the City vehicle fleet away from reliance on fossil fuels. In 2013, the City set a goal to be carbon neutral by 2050. Recognizing transportation is the largest single source of climate and air pollution in Seattle, the City set a goal to increase electric vehicle (EV) ownership to 30% by 2030 and launched the Drive Clean Seattle Initiative to significantly expand electrification of our transportation sector. One of the first Drive Clean Seattle implementation steps was an Executive Order directing City departments to reduce fleet-related pollution by purchasing low-emission vehicles or EVs to help the City meet the goal of 50% fleet emissions reduction by 2025, established by the Drive Clean Seattle Green Fleet Action Plan (GFAP).

The climate goals of the GFAP established the need for a Drive Clean Seattle capital program. This program initially funded four projects to install vehicle charging infrastructure and has successfully implemented nearly 400 charging stations to support the rapid electrification of the City's fleet. The adopted budget funds the next phase of priority projects to build out charging infrastructure. FAS Fleet Management expects to replace 300 gas-powered vehicles with EVs by the end of 2024. In order to support these new vehicles, both level 2 EV charging stations and level 3 EV fast charging stations will be needed at City fleet facilities and sites frequented by City fleet vehicles. Sites are expected to include North End Parking Enforcement, South, East and West Regional EV Hubs.

The 2023 Adopted and 2024 Endorsed budgets also invest in electrical infrastructure at two of the City's busiest fleet hubs with the highest levels of fuel use. The Charles Street and Haller Lake facilities currently lack the level of power required to support the electrical projects needed to meet future charging infrastructure needs. These two projects would upgrade the facilities from the secondary power supply they are currently on to a primary power supply. Once this conversion is complete, the EV charging capacity can be increased and decarbonization projects

## Department of Finance and Administrative Services

can move forward. Project design for Charles Street is scheduled to take place in 2023 with construction beginning in 2024. Haller Lake would follow with project design in 2024, and construction beginning in 2025. The scope of these projects is for the electrical upgrade only, with decarbonization work and charging station projects to follow. These projects will be the first electrical upgrade implemented at City facilities with the intent of supporting future decarbonization work at the campus and will inform the scope and budget for future electrification projects

### Investing in Critical Technology Systems

The 2023 Adopted and 2024 Endorsed budgets continue investments in FAS's budget system project and the existing enterprise-wide permitting system, Accela. The project replaces FAS's legacy budget system with a new system better meeting FAS's budget development needs, including improved compatibility with other City software systems and faster flow of information. The new functionality allows the annual budget and rates development to be more efficient and transparent, helping to support effective decision-making in the budget process. FAS expects to implement the new system in Spring 2023.

The budget also includes funding for the ongoing operation and maintenance costs of Accela, the City's online licensing portal. Accela is used by the short-term rental and the for-hire passenger transportation industry, including taxicab services and transportation companies like Lyft and Uber. More than 100,000 customers use the Accela portal to obtain regulatory licenses, pay fees, and conduct other business transactions with the City. Over 90% of Accela portal users in the taxicab and for-hire vehicle industries are from the Black, Indigenous, and people of color (BIPOC) communities and many rely on their mobile phones to conduct business on the road. Improving the portal experience for customers increases voluntary compliance with regulatory programs that protect consumers and enhances public safety.

### Supporting Effective First Response

FAS is responsible for all the City's public safety facilities, including maintenance on existing facilities and the design and construction of any new facilities. The 2023 Adopted and 2024 Endorsed budgets include capital investments in the design and construction of a new Fire Station 31 (FS31), located in North Seattle at 11302 Meridian Ave. North. This budget cycle updates total costs as the project has reached the 30% design stage.

The Seattle Fire Department (SFD)'s goals for the new FS31 include minimizing call response times while maximizing firefighter health and safety and designing a facility with the flexibility to meet operational needs for the next 30 years. Design priorities include minimizing impacts on surrounding residents, incorporating community benefits, and meeting the City's social equity and sustainability standards. FAS and SFD worked together to define the initial scope of the project as a three-story 22,000 sq. ft. fire station with drive-through apparatus bays sized for six fleet vehicles, an on-site fueling station, and housing for 13 on-duty staff with 15 dedicated employee parking stalls.

In March 2022, the project reached 30% design stage, marking the end of schematic design. Major design elements, the project schedule, and scope additions including traffic signalization, fast charging infrastructure and equipment for the integrated mobile health unit vehicle, and backup power for full building loads were defined.

In addition to the FS31 capital project, the budget supports FAS's ongoing work to maintain a robust inventory of Personal Protective Equipment (PPE) and other COVID-related supplies for the City's essential employees. The three warehouse positions funded in this budget will manage the City's inventory, while additional efforts are made to explore contributing to the regional stockpile for distribution to other jurisdictions. This continuing investment will help to ensure the City is well-equipped to handle any future COVID surges or other public health emergencies.

### Capital Projects

The 2023 Adopted and 2024 Endorsed budgets include further capital investments in the Municipal Energy Efficiency Projects in City-owned facilities, a one-time investment in the capital costs for Council Chambers security equipment, and environmental remediation at a Seattle Police Department facility. The budget also includes funding for the asset preservation program. Based on the increase in demand for project managers, the 2023 Adopted and

## Department of Finance and Administrative Services

2024 Endorsed budgets include three new project manager positions in Capital Development and one new property manager.

### **Waterfront Operations Tribal Interpretive Center (Bakun Building)**

On behalf of the Office of the Waterfront, FAS will purchase and manage the Bakun building. The 2023 Adopted and 2024 Endorsed budgets include \$13 million in bond financing in 2023 to acquire the Bakun building located on the new Alaskan Way at Pike Street Hillclimb from the Washington State Department of Transportation. Acquisition of this building would fulfill the City's permitting commitments to the Muckleshoot Tribe for construction of the Elliott Bay Seawall to provide 10,000 square feet in a building along the Waterfront for a Tribal Interpretive Center rent-free in perpetuity. The Tribe has indicated their interest in the space and that it could fulfill the conditions of the permit.

The Bakun building could also provide space for an operations center for on-going maintenance and operations of the Waterfront Park, which will be assigned to Seattle Center through an agreement with Seattle Parks and Recreation. This building is located approximately 600 feet from the new maintenance area being provided under the Overlook Walk for vehicle storage and other maintenance activities. The facility will be updated to current City building standards and could include worksite amenities that would support the Waterfront's maintenance crews.

FAS, the Office of the Waterfront, and Seattle Center will develop an operations plan for the facility and will coordinate agreements among the building's multiple user departments and the Muckleshoot Tribe. The operations plan will include details on planned funding resources to meet the ongoing maintenance needs of the facility.

### **Strengthening Regulatory Programs**

The 2023 Adopted and 2024 Endorsed budgets increase the existing fees in the Short-Term Rental (STR) and the Transportation Network Company (TNC) regulatory programs to achieve full program cost recovery.

The City began regulating TNCs in 2014 to protect public safety and consumer rights and to establish parity between the new TNC business model and the long-regulated taxicab and for-hire vehicle industry. In 2017, Seattle City Council passed a STR ordinance to balance the economic opportunity created by short-term rentals with the need to maintain supply of long-term rental housing stock. The estimated increase in revenue is expected to recover all existing regulatory costs and fund future increase in IT operations and maintenance costs related to the enterprise-wide online licensing portal.

### **Unified Care Team Customer Service Support**

In order to continue to provide access to clean and safe parks and rights of way, the adopted budget includes new funding to operationalize a coordinated Unified Care Team/Clean Seattle pilot program. The initiative maintains increased levels of cleaning begun under the pandemic with one-time federal funding and enhances SPU services. Included in this pilot is funding for system navigators to connect unsheltered people sleeping in public spaces to shelter and housing. For additional information on this pilot, please see the Budget Overview.

The Finance and Administrative Services department will hold two positions that are a part of the Unified Care Team. These two positions are dispatchers to coordinate communicate on and close-out of unauthorized encampment constituent service requests across departments.

### **Economic Revitalization Additions**

The City's 2023 Adopted Budget spends approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. As a part of this effort, the proposed budget included \$300,000 of Payroll Expense Tax for Women and Minority Owned Business (WMBE) technical assistance, a further one-time investment in this ongoing program that assists these enterprises who want to do business with the City. The City of Seattle defines WMBE firms as state-certified or self-identified firms at least 51% owned by women and/or minorities. FAS' technical assistance services

## Department of Finance and Administrative Services

program, in place since 2018, has been a highly successful program. This one-time investment was eliminated by Council Budget Action and ultimately, was not included in the 2023 Adopted and 2024 Endorsed budgets.

### Addressing Extraordinary Civil Litigation Expenses

In 2021 and 2022, expenses in civil litigation and claims involving the City have been significantly higher than projections based on historical expenditures. Rising litigation costs nationwide and racial justice protests in 2020 have led to an increase in the number of cases and claims and associated outside counsel costs. Expenses beyond prior projections are expected to continue into 2023. The 2023 Adopted and 2024 Endorsed budgets reflect the need to meet these higher expenses, which may begin to moderate in 2024.

### City Council Changes to the Proposed Budget

The City Council made the following changes to the 2023 Proposed Budget:

- Replace \$250,000 of Jumpstart Payroll Tax with General Fund to support the One Seattle Day of Service investment.
- Eliminate proposed funding increase of \$300,000 of Jumpstart Payroll Tax for Women and Minority Owned Businesses (WMBE) technical assistance.
- Replace \$13 million in Real Estate Excise Tax (REET I) funding with bond financing for the Bakun Building purchase.
- Reduce proposed funding for facility maintenance and improvements by approximately \$950,000 REET I in 2023 and by \$2.83 million REET I in 2024

## Incremental Budget Changes

## Description of Incremental Budget Changes

### Baseline

#### Baseline Adjustments

Expenditures	\$12,225,705
Revenues	\$13,783,125
Position Allocation	(1.50)

This item reflects baseline and technical adjustments to several Budget Control Levels, increasing appropriation across all funds and several programs in the Department of Finance and Administrative Services (FAS). This increase includes baseline updates, such as making past supplemental budget additions ongoing and adjusting the budget for external lease costs. It also includes technical adjustments and changes to inflation compared to the 2022 Adopted Budget.

#### Technical Adjustments

Expenditures	\$(2,850,413)
Revenues	\$3,415,797
Position Allocation	-

This technical adjustment impacts various categories, accounts and programs. The net impact of this adjustment the increases revenue budget by \$3.4 million in 2023 and \$10.2 million in 2024 and decreases the expenditure budget by \$2.8 million in 2023 and increase \$913,471 in 2024. The changes are primarily driven by the reversal of one-time items and transfers/realignments within the Department of Finance and Administrative Services (FAS).

### Proposed Operating

#### One Seattle Day of Service

Expenditures	\$250,000
--------------	-----------

The Council altered this proposal in the adopted budget. Refer to the Council Phase Changes section below. The proposed budget description follows:

The City's 2023 Adopted Budget spends approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds funding backed by payroll tax to Department of Finance and Administrative Services for the One Seattle Day of Service, an all ages, all abilities, citywide volunteer day of service and engagement.

This event helps build interpersonal community relationships and tangibly demonstrates how stakeholders and

## Department of Finance and Administrative Services

residents can be a part of Seattle’s collective problem-solving solutions. Activities include graffiti clean-up, tiny home shelter construction, food bank donation sorting, and outdoor landscaping/beautification. Volunteers who owe local municipal court fines can apply to have a portion of their fees relieved through their service.

### City Finance Reductions

Expenditures	\$(1,256,000)
Revenues	\$(789,128)
Position Allocation	(2.00)

This item reduces budget for and removes two positions that are vacant in City Finance. These position reductions will have limited operational impact to the Treasury team. The changes in customer behavior moving from mailed in check payment to utilizing online electronic payment methods has reduced the volume of work handled by the team. There are also several non-labor budget items included in this item:

- Reduction of \$100,000 in funding provided for the implementation of an Accounts Receivable (A/R) project in Treasury Services that City Finance reduced scope for, which resulted in savings.
- Reduction of \$185,000 in funding provided for the implementation of the JumpStart Payroll Expense Tax. The implementation estimates were higher than actual spending, resulting in underspend and these funds are no longer needed.
- Reduction of \$300,000 in funding provided for the Payment Card Industries (PCI) program. As this program has matured, the need for consultant contracts has reduced and these funds are no longer needed.
- Reduction of \$176,000 in funding provided for the annual ADP payroll processing system license. The change in processing of retirement paychecks has resulted in a reduction in the annual license fees and these funds are no longer needed.
- Reduction of \$168,000 in Business License budget for the annual agency payment to FileLocal, the City’s tax portal provider. As FileLocal adds new cities, the cost of operating the portal is spread to more organizations, and the City of Seattle payment has decreased. These funds are no longer needed.

### Operations Reductions

Expenditures	\$(3,900,107)
Revenues	\$(3,376,563)

This item reduces budget appropriation by \$3.9 million in 2023 and \$3.6 million in 2024 in several Department of Finance and Administrative Services (FAS) divisions (Accounting and Budget Services, Customer Service, Logistics and Emergency Management, Purchasing and Contracting and Seattle Animal Shelter) and impacts basic operations in order to meet reduction targets. Reduction measures include holding open vacant positions, reducing the budget for citywide archiving services and paper and postage supplies, and eliminating contingency reserves.

### City Finance Position Adjustments

Expenditures	\$(527,375)
Revenues	\$(199,731)

This proposal holds three positions temporarily vacant in City Finance. The positions that will be held vacant are in the License and Tax Administration and Citywide Accounting and Payroll teams. The current workload allows for these three positions to be held vacant; if new tax proposals are introduced in the future, the funding for the License and Tax Administration positions may need to be restored.

## Department of Finance and Administrative Services

### Facility Maintenance and Nightlife Regulatory Enforcement Programming Reductions

Expenditures	\$(906,256)
Revenues	\$(856,256)

This item reduces funding for the facility maintenance program and the nightlife regulatory enforcement program (JET). The reduction to the facility maintenance budget will pause two facilities' solar panel upgrades and two facilities' lighting upgrades. The ongoing program reduction of \$50,000 in the JET budget will reduce the overtime budget for employees of other City department representatives, primarily police and fire. As a result of this reduction, other City departments may choose not to participate in the interdepartmental nighttime outings and opt to schedule mandatory inspections with businesses separately.

### Facilities and Capital Projects Administrative Position Needs

Expenditures	-
Revenues	-
Position Allocation	4.00

This item adds three project managers to the Capital Development program and one property manager who will provide improved services to properties and tenants throughout the department's property portfolio. The project managers will work on the capital projects listed in the Capital Project Pages and their labor costs will be charged to the projects' budgets.

### Jumpstart Payroll Expense Tax Admin Budget Positions

Expenditures	\$352,797
Position Allocation	2.00

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$8 million is allocated to administration and evaluation.

This item adds two positions and \$352,797 to Finance and Administrative Services (FAS) to support the accounting and budget services group with its work related to indirect budget management of citywide payroll tax spending. Payroll tax revenues will be transferred to Finance General to fund FAS for the labor costs associated with this work.

### Unified Care Team Customer Service Support

Expenditures	\$219,432
Position Allocation	2.00

This item funds two dispatchers to coordinate communication and close-out of unauthorized encampment constituent service requests across departments. Seattle receives 15,000-20,000 unauthorized encampment service requests per year related to inspection, trash, and encampment removal.

### Parks Senior Gardener Transfer to Facilities

Position Allocation	1.00
---------------------	------

This item transfers a senior gardener position from Seattle Parks and Recreation to Finance and Administrative Services. This position has been under the Seattle Parks and Recreation reporting structure, but Parks charges all of this position's expenses to Finance and Administrative Services (FAS). This action transfers the position only, as the budget already resides in FAS.

## Department of Finance and Administrative Services

### Citywide Warehouse

Expenditures	\$392,331
--------------	-----------

This item increases the appropriation in 2023 and 2024 to fund the continuation of three temporary long term (TLT) positions through 2024 and the extension of the Department of Finance and Administrative Services' (FAS) main warehouse lease at 3807 2nd Ave. South to effectively continue warehouse operations. The three TLT positions support the ongoing donation and disposal process of Personal Protective Equipment (PPE) and other COVID-related supplies. Costs will be absorbed by FAS's operating fund balance.

### Park District Animal Control Officer Positions

Expenditures	\$499,112
Revenues	\$315,231
Position Allocation	2.00

This item adds two (2) 1.0 FTE Animal Control Officer II positions in the Finance and Administrative Services department in the Seattle Animal Shelter to meet increasing community demand for security services and Park Code compliance support in Seattle Parks and Recreation (SPR) property. The positions will be funded through the Park District's Levy.

### Women and Minority Owned Business Technical Assistance Funded by Economic Revitalization Jumpstart Payroll Expense Tax

Expenditures	\$600,000
Revenues	\$300,000

The Council eliminated this proposal in the adopted budget. Refer to the Council Phase Changes section below. The proposed budget description follows:

This item increases budget appropriation Women and Minority Owned Business (WMBE) program. The additional one-time funding for this program area specifically targets economic revitalization as part of the Economic Revitalization of Workforce Development programs being evaluated by Office of Economic Development as part of the Economic Revitalization Strategy utilizing payroll tax revenues. FAS Purchasing and Contracting provides support services to WMBEs. This request would increase \$300,000 of Jumpstart Payroll Expense Tax annual funding supporting City efforts to provide technical assistance and other supportive services to WMBE/BIPOC firms or other disadvantaged/marginalized businesses seeking to do business with the City of Seattle. The funding increases the number of firms the City can assist. The budget for this addition is budgeted in both the FAS operating fund and the Jumpstart Payroll Expense Tax fund because the operating fund needs to be reimbursed by the payroll tax.

### Regulatory Fee Increases

Revenues	\$2,286,150
----------	-------------

This item increases the existing fees from \$1 to \$4 per night in the Short-Term Rental (STR) and from \$0.08 to \$0.18 per ride in the Transportation Network Company (TNC) regulatory programs to reach full program cost recovery and permanently reduce the General Fund subsidy by \$2,286,150. The Department of Finance and Administrative Services is committed to an annual financial review of the STR and TNC regulatory programs and to making any necessary adjustments to ensure the fees achieve recovery of administrative, enforcement and other regulatory costs.

## Department of Finance and Administrative Services

### Online Licensing Portal (Accela) Resources

Expenditures	\$354,500
--------------	-----------

This item adds ongoing funding to support the increased operations and maintenance costs of Accela, the City's enterprise-wide permitting system. This ongoing funding is supported by the revenue generated by the regulatory fee increase in the Short-Term Rental and the Transportation Network Company regulatory program. Accela is the online licensing portal for the short-term rental and the for-hire passenger transportation industry, which includes transportation network companies, taxicabs, and for-hire vehicles.

### Increased Fleet Replacement Costs

Expenditures	\$608,838
--------------	-----------

Revenues	\$608,838
----------	-----------

This item increases the Fleet Capital Fund to accommodate increased market costs for fleet replacement. The acquisition and up-fitting costs of vehicles and equipment have increased significantly over the last two years. The Fleet Capital Fund collects funds from departments annually to purchase in-kind replacements when a vehicle reaches its end of life. The fund assumes vehicle acquisition costs will increase at 3% year-over-year (YOY) and estimates how much funding is needed at time of vehicle replacement. However, in the last two years, inflation, supply chain backlog, steel tariffs and other economic drivers are increasing acquisition costs by between 10 and 43%.

Since departments rely on in-kind replacements of vehicles to maintain service levels, increasing the annual rate collection helps ensure adequate funding is available to make vehicle purchases. These price increases are affecting vehicles across all departments, but the most significant impacts are to Seattle Fire Department's apparatus and Seattle Parks and Recreation maintenance equipment.

### Revenue Adjustments

Revenues	\$(2,375,638)
----------	---------------

This item increases revenues by \$2,375,638 in 2023, decreasing the need for General Fund resources. The revenue adjustments are primarily driven by the identification of alternative funding sources, including revenue from easement payments for City-owned properties, increased rebates on Citywide contracts, donations to the Seattle Animal Shelter and using fund balance for existing City facilities operations.

### Increase to Jail Services

Expenditures	\$2,900,000
--------------	-------------

The City has a long-term inter-local agreement with King County to provide jail services for the City's misdemeanants through 2030. Preliminary rates from King County for the biennium budget require an increase of \$2.9 million in 2023 and \$3.9 million in 2024 due to annual increase of 1.5-3.0% for surcharges plus CPI inflation to cover our contract obligation.

### Increase to Indigent Defense Services

Expenditures	\$3,000,000
--------------	-------------

This item increases appropriation for indigent defense costs due to anticipated inflation. The Inter-local Agreement with King County Department of Public Defense for indigent public defense services expires at the end of 2022. There is an extension provision allowing for mutual agreement of an additional 10 years (through December 2032).

## Department of Finance and Administrative Services

### Use of Judgment and Claims Fund Balance

Expenditures	\$5,000,000
Revenues	\$5,000,000

This item adds one-time funding to Judgment and Claims from the fund balance to cover extraordinary expenses associated with lawsuits against the City.

### Proposed Capital

#### Drive Clean Seattle Fleet - Electric Vehicle Infrastructure

Expenditures	\$3,000,000
--------------	-------------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs.

This item invests \$6 million over the next two years, 2023 and 2024 to continue to acquire and install the required charging station infrastructure for a fully electrified fleet. This funding supports the next phase of the Drive Clean Seattle capital program priority projects including the North End Parking Enforcement, South, East, and West Regional hubs. The investment will be bond financed with debt service payments funded by the Green New Deal allocation of the payroll tax starting in 2023.

#### Charles Street Fleet Hub Electrification

Expenditures	\$500,000
--------------	-----------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs.

This item invests \$10.5 million into a critical project to bring necessary power to the Charles Street facility that will support larger scale electric vehicle charging stations and future decarbonization projects for the full facility. The initial investment is \$500,000 of Green New Deal allocation of the payroll tax 2023, and the remaining investment will be bond financed with debt service payments funded by the payroll tax starting in 2024. This investment is a major step in advancing the City's Drive Clean Seattle Initiative, which was launched in 2016 to electrify the transportation sector and put Seattle on the path to meet its goal to be carbon neutral by 2050.

#### Haller Lake Fleet Hub Electrification

Expenditures	-
--------------	---

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs.

This item invests \$5.5 million into a critical project to bring necessary power to the Haller Lake facility that will support larger scale electric vehicle charging stations and future decarbonization projects for the full facility. The investment will be bond financed with debt service payments funded by the payroll tax starting in 2024. This investment is a major step in advancing the City's Drive Clean Seattle Initiative, which was launched in 2016 to electrify the transportation sector and put Seattle on the path to meet its goal to be carbon neutral by 2050.

#### City Hall Council Chambers Security Equipment

Expenditures	\$500,000
--------------	-----------

This item adds one-time funding for security equipment to be purchase and installed in City Hall to be used for open public meetings in Council Chambers.

# Department of Finance and Administrative Services

## Fire Station 31 Replacement Project Update

Expenditures

-

In October 2019, the Seattle Fire Department (SFD), Facilities and Administrative Services (FAS) and the Mayor's Office (MO) determined existing Fire Station 31 (FS31) at 1319 N. Northgate Way no longer met SFD's operational needs. Following a search process that included community input and considerations for technical criteria, the City approved and acquired, a location for the replacement station at 11302 Meridian Ave N. in April 2020.

This item establishes the baseline project costs of \$54 million for the replacement station at the 30% design phase. This funding also supports approved scope additions to the project requested by SFD including traffic signalization, fast charging infrastructure and equipment for the integrated mobile health unit vehicle, and backup power for full building loads. This project is currently 100% funded by Multipurpose LTGO Bond funds.

## Police Facilities Environmental Remediation

Expenditures

-

This item funds additional capital improvements at Seattle Police Facilities for environmental remediation work. The total additional project budget added in 2024 Proposed for the capital improvement program is \$4.6 million. The funding is Real Estate Excise Tax.

## Acquire Waterfront Operations & Tribal Interpretive Center (Bakun Building)

Expenditures

\$13,000,000

The Council altered this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

This item adds \$13 million in Real Estate Excise Tax (REET) funding in the 2023 budget for the Department of Finance and Administrative Services (FAS) to acquire and rehabilitate the Bakun building located on the new Alaskan Way at Pike Street Hillclimb. Acquisition of the building from the Washington State Department of Transportation will fulfill the City's permitting commitments from the Elliot Bay Seawall project to the Muckleshoot Tribe to provide 10,000 square feet in a building along the Waterfront for a Tribal Interpretive Center rent free, in perpetuity. The Tribe has indicated their interest in the space and that it could fulfill the conditions of the permit. The Bakun building could also provide space for an operations center for on-going maintenance and operations of the Waterfront Park, which will be assigned to Seattle Center through an agreement with Seattle Parks and Recreation.

## FAS Budget System Replacement

Expenditures

\$669,366

This item increases budget appropriation across multiple Department of Finance and Administrative Services (FAS) Budget Control Levels by \$669,366 in 2023 and \$186,823 in 2024 to complete the FAS budget system and pay for ongoing costs. The system replacement costs were incrementally funded in previous years as FAS partnered with IT to specify system requirements and identify possible systems that meet FAS needs. FAS has entered contract with the vendor with a targeted implementation of Spring 2023. This item includes the remainder of the anticipated costs to implement the new budget system and for the ongoing subscription costs.

## Asset Preservation of Downtown Office Buildings

Expenditures

\$500,000

The Council altered this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

## Department of Finance and Administrative Services

This item adds Real Estate Excise Tax (REET) in 2023 and 2024 for the Asset Preservation Schedule 1 (AP1) program to support the scope of planned projects in 2023 through 2028. AP1 supports major maintenance work in the City's downtown core properties, Seattle Municipal Tower, City Hall, and the Justice Center. The goal of this addition is to make further progress on deferred maintenance.

### Asset Preservation for Other City Owned Facilities

Expenditures	-
--------------	---

The Council altered this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

This item adds \$603,000 of Real Estate Excise Tax (REET) in 2024 for the Asset Preservation Schedule 2 (AP2) program to support the scope of planned projects in 2023 through 2028. AP2 major maintenance work in FAS-owned facilities outside of the downtown core.

### Municipal Energy Efficiency Projects Capital Budget Additions

Expenditures	\$(489,750)
--------------	-------------

This item transfers Real Estate Excise Tax (REET) from the Department of Finance and Administrative Services to increase the Energy Efficiency for Municipal Buildings (MEEP) program in support of planned projects in 2023 through 2028 in the Department of Parks and Recreation and the Seattle Public Library. MEEP supports energy efficiency and electrification projects in City owned buildings. These investments allow for continued progress in decreasing the City's use of fossil fuels.

### Proposed Technical

#### Technical Position Budget Adjustment

Expenditures	\$451,459
Revenues	\$295,982
Position Allocation	2.00

This item includes two position additions that were added in the 2022 Supplemental Budget. These positions include a position for the Seattle Animal Shelter, funded by donations to the Animal Shelter's foundation, and a position to monitor wages for the Office of Housing. This item also includes a one-time use of the Finance and Administrative Service Fund's fund balance to support improving security at the Customer Service Centers (CSCs).

### Seattle Municipal Tower Elevator Renovation Budget Update

Expenditures	\$(6,333,333)
--------------	---------------

This item aligns the approved appropriation for the Seattle Municipal Tower (SMT) Elevator project with the spending plan. This project was approved in the 2019-2024 CIP, with a scope to renovate the 32 elevators in SMT. Total funding does not change from the approved budget, however, the timeline is adjusted to accurately reflect the project schedule with the design-build contractor on board.

### Technical Debt Service Adjustment

Expenditures	\$352,897
--------------	-----------

This item adjusts the debt service obligation in 2023 and the outyears. The adjustment is primarily driven by a true up to debt service actuals on the 2022 limited tax general obligation (LTGO) bond issuance, updated rate assumptions for the 2023-2028 Capital Improvement Project (CIP), and updated issuance amounts for the Fire Station 31 project in 2024.

# Department of Finance and Administrative Services

## Transit Benefit Fund Expenditure Adjustment

Expenditures	\$(1,230,060)
Revenues	\$(1,230,060)

This change adjusts expenditures and revenues in the Transit Benefit Fund to reflect anticipated costs from employee use of ORCA and other transit pass services.

## Judgment and Claims Budget Adjustment

Expenditures	\$6,345,766
Revenues	\$6,345,766

In 2018, Resolution 31847 revised Judgment and Claims policies to gradually increase budget appropriation based on actuarial reports, beginning with a 50% confidence level of meeting actual expenditures in 2019, with increases of 10% each successive year until 90% is achieved by 2023. This item increases funding to achieve the 90% confidence level in 2023.

## General Fund Revenue Adjustment

Revenues	\$24,608,026
----------	--------------

This is a technical adjustment to capture centrally projected and forecast General Fund revenue increments for this department.

## General Fund Revenue Adjustment

Revenues	\$(1,162,492)
----------	---------------

This is a technical adjustment to capture centrally projected and forecast General Fund revenue increments for this department.

## Cost of Issuance and Bond Interest Redemption Funds Adjustment

Expenditures	\$(3,827,792)
--------------	---------------

This budget change is a technical adjustment to the appropriation related the debt service on behalf of the public development authorities and debt service related to the 2010 Build America Bonds in the LTGO Bond Interest and Redemption Fund, a technical adjustment to the UTGO Bond Interest and Redemption Fund adjusting the debt service amount to match actual debt service, and includes appropriation related to the Cost of Issuance for the 2023 LTGO Bond Issuance.

## Fund Balancing Entries

Revenues	\$9,533,256
----------	-------------

This is a technical item to record a fund balancing entry for the 50300 Finance and Administrative Services Fund, 50321 Fleet Capital Fund, and 12100 Wheelchair Accessible Fund, which are primarily managed by this department.

## Debt Service Payments for Bond-Financed Electric Vehicle Capital Projects

Expenditures	\$146,775
--------------	-----------

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$20 million is allocated to investments in Green New Deal programs. This item adds appropriation backed by payroll tax to Department of Finance and Administration to pay the debt service obligations for the three electric vehicle projects included in the proposed budget. The Drive Clean Seattle Fleet Electric Vehicle

# Department of Finance and Administrative Services

Infrastructure, Charles Street, and Haller Lake projects will be bond-financed with debt service paid from the Green New Deal allocation of the payroll tax.

## Council

### **Replace funding for One Seattle Day of Service with General Fund**

Expenditures -

This Council Budget Action changes the revenue source for \$250,000 in 2023 and \$250,000 in 2024 from the JumpStart Payroll Tax Fund to the General Fund in the Department of Finance and Administrative Services to support the One Seattle Day of Service.

### **Eliminate proposed funding increase for Women and Minority Owned Businesses (WMBE) technical assistance**

Expenditures \$(600,000)

Revenues \$(300,000)

This Council Budget Action reduces \$300,000 of proposed funding from the JumpStart Payroll Tax Fund for WMBE technical assistance in 2023 and 2024. The 2023-2024 Proposed Budget included this funding to increase the number of WMBE to which FAS's Purchasing and Contracting Division could provide technical support as part of the City's Economic Revitalization of Workforce Development programs.

### **Reduce proposed funding for facility maintenance and improvements**

Expenditures \$(952,000)

In response to the reduced Real Estate Excise Tax I (REET I) revenue forecast, this Council Budget Action reduces proposed expenditures for Finance and Administrative Service (FAS) facility maintenance and improvements by approximately \$950,000 REET I in 2023 and by \$2.83 million REET I in 2024.

The revenue forecast adopted by the Forecast Council on November 2, 2022, projects a reduction in anticipated revenues compared to the revenue forecast that was used to develop the Mayor's 2023-2024 Proposed Budget. This updated forecast reduces the resources available to balance the 2023-2024 Budget, requiring a reduction in proposed expenditures.

### **Replace Real Estate Excise Tax (REET I) funding with bond financing for the Bakun Building purchase**

Expenditures \$1,327,300

Revenues \$13,390,000

This Council Budget Action (CBA) replaces \$13 million REET I in 2023 with Limited Tax General Obligation (LTGO) bond proceeds in the Department of Finance and Administrative Services (FAS) for the purchase of the Bakun Building on Alaskan Way South. The CBA adds \$937,300 REET I in 2023 to pay debt service on the LTGO bonds and \$390,000 in LTGO bond proceeds for the cost of debt issuance., resulting in a net reduction of \$12.1 million REET I and a net increase of \$13.4 million in LTGO bond proceeds. This CBA also increases the REET I appropriation in 2024 by \$1.3 million to pay debt service on the 2023 LTGO bonds.

### **Fund Balancing Adjustments(s) - Post Adoption**

Revenues \$306,119

This is a technical item to record a fund balancing entry for Fund 50300. This entry is necessary to balance funds following changes made during the Council phase of the budget process.

# Department of Finance and Administrative Services

## Errata Corrections to the Proposed Budget

Expenditures \$(339,333)

This Council Budget Action (CBA) corrects errors in appropriations, revenues, and positions for the 2023-2024 Proposed Budget and the 2023 – 2028 Proposed Capital Improvement Program (CIP).

The list below describes the corrections included in the transactions of this CBA for the FAS budget:

- The FAS Operating Fund was reduced by \$184,000 in 2023 and \$255,000 in 2024 to correct a duplication of the labor cost budget lines for two Animal Control Officer positions.
- The JumpStart Payroll Tax Fund was reduced by \$155,000 in 2023 and \$157,000 in 2024 to correct an unnecessary appropriation for the Office of Housing wage monitoring position. FAS holds the appropriation in the FAS Operating Fund for budgeting purposes.

### Council Provisos

#### Proviso \$2.9 million for contracted jail services

“No more than \$18,539,147 of the money appropriated in the 2023 budget for Finance and Administrative Services may be spent for jail services until authorized by future ordinance. Council anticipates that such authority will not be granted until the Mayor's Office provides to the Chair of the Public Safety and Human Services Committee a finalized agreement between the City and the County addressing how funds from decreased jail bed usage will be used or a statement that no agreement between the City and County was reached.”

### **FAS - BC-FA-ADAIMPR - ADA Improvements**

The purpose of the ADA Improvements - FAS Budget Summary Level is to update or modify facilities for compliance with the standards contained in the American with Disabilities Act.

Program Expenditures	2021	2022	2023	2024
	Actuals	Adopted	Adopted	Endorsed
ADA Improvements	717,983	400,000	900,000	600,000
<b>Total</b>	<b>717,983</b>	<b>400,000</b>	<b>900,000</b>	<b>600,000</b>

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

### **FAS - BC-FA-APSCH1FAC - Asset Preservation - Schedule 1 Facilities**

This purpose of the Asset Preservation - Schedule 1 Facilities Budget Summary Level is to provide for long term preservation and major maintenance to the Department of Finance and Administration's schedule 1 facilities. Schedule 1 facilities consist of existing and future office buildings located in downtown Seattle, including but not limited to City Hall, the Seattle Municipal Tower and the Justice Center. Typical improvements may include, but are not limited to, energy efficiency enhancements through equipment replacement, upgrades/repairs to heating/ventilation/air conditioning systems, upgrades/repairs to electrical systems, upgrades/repairs to fire suppression systems, roof repairs or replacement, and structural assessments and repairs. This work ensures the long-term preservation of the operational use of the facilities.

Program Expenditures	2021	2022	2023	2024
	Actuals	Adopted	Adopted	Endorsed
Asset Preserv_Sch 1 Facilities	9,874,686	13,002,000	6,316,667	5,318,667
<b>Total</b>	<b>9,874,686</b>	<b>13,002,000</b>	<b>6,316,667</b>	<b>5,318,667</b>

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

## Department of Finance and Administrative Services

### **FAS - BC-FA-APSCH2FAC - Asset Preservation - Schedule 2 Facilities**

This purpose of the Asset Preservation - Schedule 2 Facilities Budget Summary Level is to provide for long term preservation and major maintenance to the Department of Finance and Administration's schedule 2 facilities. Schedule 2 facilities comprise existing and future structures, shops and yard located throughout Seattle, including but not limited to City vehicle maintenance facilities at Haller Lake and Charles Street, Finance and Administrative Services shops located at Airport Way S., fire stations, police precincts including the animal shelter, and other FAS managed facilities used for City Services. Typical improvements may include, but are not limited to, energy efficiency enhancements through equipment replacement, upgrades/repairs to heating/ventilation/air conditioning systems, upgrades/repairs to electrical systems, upgrades/repairs to fire suppression systems, roof repairs or replacement, and structural assessments and repairs. This work ensures the long-term preservation of the operational use of the facilities.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Asset Preserv_Sch 2 Facilities	3,554,121	2,348,000	1,848,000	1,954,000
<b>Total</b>	<b>3,554,121</b>	<b>2,348,000</b>	<b>1,848,000</b>	<b>1,954,000</b>

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

### **FAS - BC-FA-EXTPROJ - FAS Oversight-External Projects**

The purpose of the FAS Oversight-External Projects Budget Summary Level is to provide a structure for debt financing projects, including information technology projects, for City departments that lack their own capital program.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
FAS Oversight - External Proj	848,920	1,595,191	1,010,250	1,500,000
<b>Total</b>	<b>848,920</b>	<b>1,595,191</b>	<b>1,010,250</b>	<b>1,500,000</b>

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

### **FAS - BC-FA-FASPDs - FAS Project Delivery Services**

The purpose of the FAS Project Delivery Services Budget Summary Level is to execute capital projects in general government facilities.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
FAS Project Delivery Services	3,497,364	3,500,000	4,000,000	3,500,000
<b>Total</b>	<b>3,497,364</b>	<b>3,500,000</b>	<b>4,000,000</b>	<b>3,500,000</b>

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

### **FAS - BC-FA-GARDENREM - Garden of Remembrance**

The purpose of the Garden of Remembrance Budget Summary Level is to provide City support for replacing components of the memorial located at the Benaroya Concert Hall.

## Department of Finance and Administrative Services

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Garden of Remembrance	30,065	30,937	31,834	32,757
<b>Total</b>	<b>30,065</b>	<b>30,937</b>	<b>31,834</b>	<b>32,757</b>

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

### **FAS - BC-FA-GOVTFAC - General Government Facilities - General**

The purpose of the General Government Facilities - General Budget Summary Level is to execute capital projects in general government facilities.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>

### **FAS - BO-FA-CITYFINAN - City Finance**

The purpose of the City Finance Division Budget Summary Level (BSL) is to oversee and provide technical support to the financial affairs of the City. This BSL performs a wide range of technical and operating functions, such as debt issuance and management, Citywide payroll processing, investments, risk management and payment processing services and support to the City Budget Office economic forecasting efforts. In addition, this BSL develops and implements a variety of City financial policies related to the City's revenues, accounting procedures, and risk mitigation. Finally, the BSL provides oversight and guidance to financial reporting, City retirement programs, and public corporations established by the City.

## Finance General

Julie Dingley, Director

(206) 615-1962

<http://www.seattle.gov/city-budget-office/>

### Department Overview

Finance General is controlled by the City Budget Office and provides a mechanism for allocating General Fund and other central resources to reserve and bond redemption funds, City departments, and certain programs where the City Council, Mayor, or City Budget Office need additional oversight.

### Budget Snapshot

	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
<b>Department Support</b>				
General Fund Support	207,217,034	223,619,550	199,963,662	215,343,344
Other Funding - Operating	96,376,760	199,881,239	139,082,953	127,915,504
<b>Total Operations</b>	<b>303,593,794</b>	<b>423,500,789</b>	<b>339,046,615</b>	<b>343,258,848</b>
<b>Total Appropriations</b>	<b>303,593,794</b>	<b>423,500,789</b>	<b>339,046,615</b>	<b>343,258,848</b>

### Budget Overview

Finance General serves as a central repository for ongoing City costs; including General Fund contributions to the operations of City departments, debt service payments made from centrally-managed Funds and contributions to outside organizations. It also provides a mechanism to hold appropriations temporarily until the City determines the appropriate managing department; to execute complex transfers of funds; to act as a contingency reserve to respond to unpredictable situations; and, to cover costs that vary with economic conditions.

In the 2023 Adopted and 2024 Endorsed Budget, Finance General is the mechanism to transfer General Fund resources to the following departments:

- Seattle Public Library;
- Office of Labor Standards;
- Police Pension;
- Fire Pension;
- Finance and Administrative Services; and
- Information Technology.

## Description of Incremental Budget Changes

### Baseline

#### Removal of One-Time Items

Expenditures	\$(164,129,611)
Revenues	\$(5,855,214)

This technical modification removes one-time revenues, expenditures and fund balancing entries from the 2023-2024 baseline budget for Finance General.

#### Citywide Adjustments for Standard Cost Changes

Expenditures	\$230,609
--------------	-----------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process. The amount in Finance General also includes appropriations in the General Fund to transfer resources to City departments that do not spend funds directly out of the General Fund.

#### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures	\$1,818,741
--------------	-------------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023. The amounts in Finance General are appropriations in the General Fund to transfer resources in support of employees in City departments that do not spend funds directly out of the General Fund.

## Finance General

### Reduce Funds Held in Juneteenth Reserve

Expenditures \$(620,000)

This change reduces appropriations held in Finance General for the Juneteenth holiday and appropriates funds directly in the following department budgets: Seattle Police Department, Seattle Fire Department, Seattle City Light, Seattle Public Utilities, and Seattle Center.

### Rebuild Fiscal Reserves in the Revenue Stabilization Fund

Expenditures \$(11,809,723)

Revenues -

This item adjusts the General Fund transfer amount to the Revenue Stabilization Fund to continue re-building fiscal reserves. In response to the pandemic, the City used reserves to continue essential services and to ensure that the City's response was scaled for the emergency at hand. The total transfers from the General Fund into the Revenue Stabilization Fund are approximately \$3.6 million in 2023 and \$1.7 million in 2024.

## Proposed Operating

### Reserve for City Hall Security

Expenditures \$490,000

The proposed budget created a new reserve in Finance General to eventually transfer \$490,000 of General Fund resources to the Department of Finance and Administrative Services (FAS) in 2023 related to security for City Council Chambers. This reserve would be included in FAS' rates for 2024 and removed from Finance General reserves as part of the 2024 budget process.

The City Council made changes to this item during the budget process. See "Council Changes" for more details.

### Reserve for Alternative 911 Response

Expenditures \$708,950

This change creates a General Fund reserve to fund 911 alternative response programs. The Mayor's Office is currently working closely with City Council Central Staff on solutions to stand-up programs that perform a variety of public safety-related community service and outreach work that does not require the enforcement authority of a sworn officer. This work includes investments in programs at multiple departments for diversifying 911 responses and responding to behavioral health crisis calls and adds to \$1.2 million already in Finance General for the same purpose.

### Jumpstart Payroll Expense Tax Reserve for Equitable Economic Opportunity Program Implementation

Expenditures \$1,850,000

The City's 2023 Adopted Budget spends approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development.

This item establishes a reserve in Finance General for the purpose of Equitable Economic Opportunity Program Implementation funded by the JumpStart Payroll Expense Tax.

### Jumpstart Payroll Expense Tax Economic Revitalization Strategy Implementation Reserve

Expenditures -

## Finance General

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development.

The endorsed budget reserves \$13,100,000 in 2024 to implement the Jumpstart Payroll Expense Tax Economic Revitalization and Workforce Development strategic plans currently being developed by the Office of Economic Development.

### Increased Insurance Costs

Expenditures	\$2,083,340
--------------	-------------

This item aligns the General Fund budget for insurance renewal premiums with changes made in the 2022 Revised Budget, as well as increases in both 2023 and 2024. The total General Fund share of insurance costs budgeted in Finance General is approximately \$14.3 million in 2023 and \$15.3 million in 2024.

### Proposed Technical

#### Jumpstart Payroll Expense Tax Transfer to the General Fund

Expenditures	\$85,862,280
Revenues	\$85,862,280

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds . This change represents the planned use of JumpStart Payroll Expense Tax revenues to support programs and services within the General Fund.

The City Council made changes to the use of JumpStart Payroll Expense Tax revenues during the budget process. See "Council Changes" for more details.

#### Jumpstart Payroll Expense Tax Transfer for Administrative Costs

Expenditures	\$3,000,000
Revenues	\$3,000,000

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds . This item adds appropriation in the Payroll Expense Tax Fund to transfer funding to the General Fund in support of administrative costs related to the Jumpstart Payroll Expense Tax (payroll tax). With the development of new programs funded via the payroll tax there is increased demand on the City administrative functions, such as human resources, information technology, payroll, accounting and others. This funding is to support both direct, planned spending, as well as indirect costs not yet captured in the Central Cost Manual.

The City Council made changes to the use of JumpStart Payroll Expense Tax revenues during the budget process. See "Council Changes" for more details.

#### Jumpstart Payroll Expense Tax Transfer for Department-Specific Administrative Costs

Expenditures	\$5,774,514
Revenues	\$5,774,514

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds . This item adds appropriation in the Payroll Expense Tax Fund to transfer funding to the General Fund in support of administrative costs related to the JumpStart Payroll Expense Tax (payroll tax). With the development of new programs funded via the payroll tax there is increased demand on the City administrative functions, such as human resources, information technology, payroll, accounting, and others. This funding supports specific

## Finance General

administrative adds for the City Budget Office, Department of Neighborhoods, Office of Economic Development, Office of Housing, Office of Sustainability and Environment, and Legislative Department.

The City Council made changes to the use of JumpStart Payroll Expense Tax revenues during the budget process. See “Council Changes” for more details.

### Finance General Appropriations to Special Funds

Expenditures \$(19,145,001)

The item includes adjustments needed to maintain sufficient appropriation to execute General Fund transfers to the Finance and Administrative Services Fund, Information Technology Fund, Library Fund, Office of Labor Standards Fund, Police Relief and Pension Fund, and the Firefighters Pension Fund Workers. In addition, it adjusts the 2023 and 2024 Multipurpose LTGO Bond Fund transfers to the Information Technology Fund.

### Transfer General Fund to Judgment and Claims Fund

Expenditures \$3,200,000

The proposed budget increases appropriation in Finance General to transfer resources to the Judgment and Claims Fund in 2023 and 2024. This funding is needed to meet extraordinary expenses associated with recent tort cases against the City.

### Update Recurring Reserve Amounts

Expenditures \$(1,700,731)

The Finance General department pays a variety of recurring costs on behalf of the City each year, related to General Fund payments for election costs, fire hydrant maintenance, street lighting, debt service and other contracts. This item includes baseline budget changes to these recurring reserve amounts to maintain the same level of service.

### Revenue Adjustments

Revenues \$(239,124,659)

This is a technical adjustment to align General Fund revenues with forecast revenues for the 2023-2024 budget.

### Debt Service Adjustment

Expenditures \$2,159,283

This is a technical change request to true up debt service payments for Finance General in the Cumulative Reserve Subfund, the Real Estate Excise Tax Funds, the General Fund and the Short-Term Rental Tax Fund, as well as reduce budget appropriations associated with prior year bond funds. These are technical adjustments to budget the precise amount of debt service, which is only known after bond issuance.

### Fund Balancing Entries

Revenues \$90,274,680

This is a technical item to record a fund balancing entry for the General Fund, Payroll Tax Fund, Sweetened Beverage Tax Fund, Short-Term Rental Tax Fund, Real Estate Excise Tax Funds, Emergency Fund and Revenue Stabilization Fund, which are multi-departmental Funds without a primary custodian department.

### Technical Revenue Adjustment

Revenues \$(2,094,914)

## Finance General

This item is a technical, fund neutral adjustment to move revenues recorded in Finance General to the Arts Department.

### Council

#### **Transfer from JumpStart Payroll Expense Tax Fund to General Fund**

Expenditures	\$14,705,892
Revenues	\$14,705,892

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds . The City Council increased the JumpStart Fund transfer to the General Fund by \$14.7 million for revenue replacement in 2023.

#### **Transfer from JumpStart Payroll Expense Tax Fund to Sweetened Beverage Tax Fund**

Expenditures	\$1,200,000
Revenues	\$1,200,000

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds . This item transfers \$1.2 million in 2023 and 2024 from the JumpStart Fund to the Sweetened Beverage Tax Fund to replace revenue losses projected in the November revenue forecast update.

This action is permitted by Ordinance 126719, which the City Council adopted as part of the 2023 Adopted and 2024 Endorsed Budgets to provide, on a one-time basis for two years, temporary flexibility to spend \$2.8 million backed by payroll tax on uses determined by the City Council to be not fully aligned with the policy intent or in conflict with permitted uses as described in Ordinance 126393 and Resolution 31957.

#### **Implement and Enforce the App-Based Worker Minimum Payment Ordinance**

Expenditures	\$551,497
--------------	-----------

The City Council added funding to the Office of Labor Standards to implement and enforce the App-Based Worker Minimum Payment Ordinance. This item also increases appropriation authority to Finance General to transfer General Fund resources to the Office of Labor Standards' Fund.

#### **Reserve for Waterfront Operations and Maintenance**

Expenditures	\$500,000
--------------	-----------

The City Council created an ongoing, \$500,000 General Fund reserve in Finance General for the operating and maintenance (O&M) costs associated with the Waterfront Operations and Tribal Interpretive Center, pending development of an operations plan for the facility. The amount may be above the actual annual O&M costs for the Center and some of these funds may be available, after development of an operations plan, to absorb some of the capital costs associated with purchasing the building.

#### **Appropriate Reserve for Election Postage Costs**

Expenditures	\$500,000
--------------	-----------

This change creates an ongoing General Fund (GF) reserve in Finance General for costs charged to Seattle by King County for election expenses. This reserve has historically been accounted for in below-the-line planning reserves of the GF financial plan as a buffer against cost variability. Including them as part of the appropriated budget provides greater budget transparency into the City's GF financial planning assumptions.

## Finance General

### Reduce Jumpstart Payroll Expense Tax Transfer to the General Fund for SDHR Positions

Expenditures	\$(324,791)
Revenues	\$(324,791)

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds. The City Council reduced proposed funding and position authority for 1.0 FTE Public Disclosure Officer (Strategic Advisor 1) and 1.0 FTE Human Resources Investigator (Strategic Advisor 1) in the Seattle Department of Human Resources (SDHR). These positions were supported by a \$325,000 transfer of revenue from the JumpStart Fund to the General Fund in Finance General. This item reduces funding associated with that transfer in 2023 and 2024.

### Reduce SPD Reserve for Court-Appointed Monitor

Expenditures	\$(500,000)
--------------	-------------

The City Council reduced funding in Finance General reserves for the Seattle Police Department (SPD) Court-appointed Monitor by \$500,000 in 2023 and 2024. Finance General has historically held a \$2.17 million each year for the Court-appointed Monitor and other yet-to-be-identified accountability agency costs in 2023, which may include costs to allow the Office of the Inspector General for Public Safety (OIG) to assume some Monitor related duties after the city is released from the Consent Decree. City spending and forecasted costs are not anticipated to exceed \$850,000 in 2023 or 2024, allowing some flexibility to reprioritize funds for other Council purposes on a one-time basis.

### Eliminate Evaluation Staff for Jumpstart Payroll Expense Tax Spending

Expenditures	\$(509,424)
Revenues	\$(509,424)

The City's 2023 Adopted Budget appropriates approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds. This Council item rejected a proposed budget add of 2.0 FTE in the City Budget Office for evaluation of Payroll Expense Tax (PET) programs and spending.

### Reduce Transfer from General Fund to Emergency Fund

Expenditures	\$(3,500,000)
Revenues	\$(3,500,000)

This item reduces the baseline transfer of \$10 million from the General Fund to the Emergency Fund by \$3.5 million in 2023 and 2024; this will require higher transfers in the future to replenish the City's Emergency Fund.

### Reduce proposed REET funding for multifamily rental production

Expenditures	\$(5,000,000)
--------------	---------------

This item reduces a baseline transfer of Real Estate Excise Tax (REET) II funding from Finance General to the Office of Housing for multifamily rental production. The Finance General Transfer has historically been budgeted at \$5 million each year; this change removes one-time funding in 2023 and 2024.

The revenue forecast adopted by the Forecast Council on November 2, 2022, projects a reduction in anticipated revenues compared to the revenue forecast that was used to develop the Mayor's 2023-2024 Proposed Budget. This updated forecast reduces the resources available to balance the 2023-2024 Proposed Budget, requiring a reduction in proposed expenditures. This change would help address the decreased revenues and support other Council priorities.

## Finance General

### Reduce General Fund Revenue from Heating Oil Tax

Revenues \$(1,403,408)

This item recommends passage of Council Bill (CB) 120453 that would repeal the heating oil tax and reduce projected General Fund tax revenues by \$1.4 million in 2023 and \$1.25 million in 2024.

This tax was first legislated in 2019 and was intended to fund oil-to-electric home heating conversions through the Clean Heat Program (run by the Office of Sustainability and Environment and the Office of Housing). Council delayed the effective date of the tax three times beginning in August 2020 in order to avoid imposing additional financial burdens on residents during the COVID-19 pandemic.

When the Council established the heating oil tax in 2019, the City had no alternative source of ongoing funding for oil-to-electric home heating conversions. Given that the 2023-2024 Proposed Budget would use the JumpStart Fund to support these programs (as recommended by the Green New Deal Oversight Board), this revenue source is no longer essential to the City's efforts to eliminate climate emissions generated by oil-heated homes.

### November Revenue Forecast Update

Revenues \$(36,378,317)

This budget action recognizes the results from the City Budget Office's (CBO) November 2022 forecast update. In August of each year, Council receives a revenue forecast with the Mayor's budget proposal, followed by a fall update typically received in November. Details on the 2023 revenue forecast updates made in Finance General are listed below by Fund:

- **General Fund (00100):** This change reduces General Fund (GF) revenues by \$4.5 million in 2023 and \$14.5 million in 2024 due to decreases in Property Tax, Retail Sales Tax, and Business and Occupation Tax that are only partially offset by increases in parking meter revenues and interest income.
- **Transportation Fund (13000):** This change decreases Transportation Fund revenues by \$1.1 million in 2023 and \$2.1 million in 2024 due to decreases in Commercial Parking Taxes.
- **Sweetened Beverage Tax Fund (00155):** This change reduces revenues by \$1.6 million in 2023 and \$1.8 million in 2024, due to decreases in the Sweetened Beverage Tax.
- **Transportation Benefit District (TBD) Fund (19900):** This change reduces revenues by \$660 thousand in 2023 and \$990 thousand in 2024, due to decreases in TBD Sales Taxes.
- **Short Term Rental Tax Fund (12200):** The November forecast increased Short Term Rental Tax revenues by \$115 thousand in 2023 and \$127 thousand in 2024.
- **Real Estate Excise Taxes (REET) (30010 and 30020):** Finally, this change decreases total REET revenues by \$27 million in 2023 and \$26 million in 2024. These decreases, due to projected lower volumes of real estate transactions and price decreases, are divided equally between REET I and REET II.

### Change City Hall Security Reserve from General Fund to FAS Fund

Expenditures -

City Council changed the fund source for the City Hall Security Reserve from the General Fund to the Finance and Administrative Services (FAS) Fund. This item is currently budgeted in Finance General and will need to be transferred to the FAS Department in 2023 in order for FAS to spend the appropriation authority.

## Council Provisos

### Generational Wealth Initiative

Expenditures \$(1,850,000)

## Finance General

The City's 2023 Adopted Budget spends approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development.

This Council Budget Action moves \$1.85 million of JumpStart Funds from Finance General to the Department of Neighborhoods (DON) for Equitable Economic Opportunity Program Implementation and imposes provisos on \$1.5 million pending the release of draft and final reports on the Generational Wealth Initiative. The intent of placing the funding in DON, rather than Finance General, is to allow existing term-limited staff to continue to work on the project and allow for a faster release of funding to implement recommendations once draft and final reports have been submitted to Council.

This Council Budget Action would impose the following provisos:

"Of the appropriation in the 2023 budget for the Department of Neighborhoods (DON), \$1.5 million is appropriated solely for the implementation of the Generational Wealth Initiative and may be spent for no other purpose. Furthermore, no more than \$150,000 so appropriated may be spent until the Department submits a preliminary report on the Generational Wealth initiative that includes information on program path and deliverables and the Chairs of the Housing and Finance, and Neighborhoods, Education, Civil Rights and Culture Committee file a certification that DON has filed such a report. In addition, no more than \$1.35 million so appropriated may be spent until the Department submits their final report on the Generational Wealth Initiative to the entire City Council and the Chairs of the Housing and Finance, and Neighborhoods, Education, Civil Rights and Culture Committees file a certification that DON has submitted such a report.""

### Appropriations by Budget Summary Level and Program

#### **FG - BO-FG-2QA00 - Appropriation to Special Funds**

The purpose of the Appropriation to Special Funds Budget Summary Level is to appropriate General Fund and other centrally managed resources, several of which are based upon the performance of certain City revenues, to bond redemption or special purpose funds. These appropriations are implemented as operating transfers to the funds or accounts they support.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>
Appropriation to Special Funds	262,592,087	359,917,216	282,279,822	270,479,871
<b>Total</b>	<b>262,592,087</b>	<b>359,917,216</b>	<b>282,279,822</b>	<b>270,479,871</b>

*\*FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

#### **FG - BO-FG-2QD00 - General Purpose**

The purpose of the General Purpose Budget Summary Level is to provide appropriation authority to those programs for which there is no single appropriate managing department, or for which there is Council and/or Mayor desire for additional budget oversight.

<b>Program Expenditures</b>	<b>2021 Actuals</b>	<b>2022 Adopted</b>	<b>2023 Adopted</b>	<b>2024 Endorsed</b>

# Seattle Department of Human Resources

Kimberly Loving, Director

(206) 684-7999

<http://www.seattle.gov/personnel/>

## Department Overview

The Seattle Department of Human Resources (SDHR) is responsible for centrally setting the strategic direction for human resources services: identifying, hiring, and retaining the City's dynamic, diverse workforce, as well as developing and administering a compensation and benefits program to create a quality employee experience. SDHR also provides core human resources (HR) support services to all City employees. SDHR operations:

- create greater HR accountability and collaboration citywide so that consistent, cost-effective services are provided to all employees;
- provide full-service HR to 20 supported departments;
- ensure a culture of respect and dignity for all employees;
- develop consistent policies, improved services, and programs that enhance the workforce;
- provide executive recruitment and succession planning services.

SDHR establishes Citywide personnel rules; offers strategic consultative assistance to departments, policymakers and employees; and ensures department staff and managers receive information and resources required to meet business needs and legal requirements such as leave administration.

The **Director's Office** establishes Citywide personnel rules; offers strategic consultative assistance to departments, policymakers, and employees; provides internal fiscal management and budget development; and spearheads Citywide Human Resources policies and programs in partnership with the multi-departmental Human Resources Leadership Team (HRLT).

**Citywide Shared Administrative Services** administers Citywide quality and cost-effective employee benefits, including health care and workers' compensation; provides Citywide safety, classification/compensation and Workforce Analytics & Reporting services; manages the City's voluntary deferred compensation plan; and handles absence management.

**Citywide Workforce Equity** leads the Workforce Equity Strategic Plan and proactively addresses policies, processes, and practices that advance the City's ability to maintain consistent and equitable treatment of employees Citywide. Partners include the Office for Civil Rights, Office of the Employee Ombud and the broader community to end racial disparities and create fair and equitable City career pathways.

**Citywide Labor Relations** develops and implements labor relations strategies in collaboration with labor management teams across the City and develops training in coordination with HR systems administration and operations, while bargaining the impacts of management strategy and philosophy with labor partners.

**Citywide Human Resources Investigations Unit and Learning & Development** HRIU responds to and thoroughly investigates employee allegations of harassment, discrimination, retaliation, and harassment-related misconduct in a manner which reflects an acknowledgement of the historical limitations of the employment law; utilizes the organizational alignment of the L&D Team's training resources and Cornerstone platform to provide proactive response to building a positive workplace culture across the City; provides employee compliance training, resources, and support; and the career development opportunities offered by L&D aim to encourage a culture of innovation, positively impact retention rates, and develop future City leaders.

# Seattle Department of Human Resources

**Human Resources Service Delivery** provides HR support to executive offices and direct HR services to 20 departments; strategic alignment with department HR leaders and staff; and a consistent network for HR practitioners across the City.

**Talent Acquisition** provides talent recruitment to executive offices and direct recruitment to 20 departments; manages the NEO Gov software platform for Talent Management strategic alignment with department HR leaders and staff; provides a City focused standard for talent engagement, selection, and staffing accountability for equitable outcomes through the Talent, Experience, Alignment branded model of equitable recruiting practices; and Workforce Development provides Citywide internship programming and supportive alignment with Civil Service Commission for recruitment and testing of the City's Police and Fire officers.

## Personnel Compensation Trust Funds

The Seattle Department of Human Resources (SDHR) administers five Personnel Compensation Trust Funds related to employee benefits. These funds are managed through Citywide contractual obligations on behalf of employees and City departments. The administering department collects funds from other City departments, which are then paid out to various insurance companies, service providers, and individuals.

**Health Care Fund:** contains the revenues and expenses related to the City's medical, dental and vision insurance programs; Flexible Spending Account program; Employee Assistance Program; COBRA continuation coverage; and other healthcare related items. The City is self-insured for both the Aetna and Kaiser medical plans, the vision plan, and one dental plan and carries insurance for the remaining dental plan.

**Fire Fighters Health Care Fund:** was created to track fire fighter employee contributions previously held within the larger Health Care Fund. Fire fighter premium collections are distributed directly to the trust that provides fire fighters' healthcare.

**Industrial Insurance Fund:** captures the revenues and expenditures associated with the City's Workers' Compensation and Safety programs. Since 1972, the City of Seattle has been a self-insured employer as authorized under state law. The Industrial Insurance Fund receives payments from City departments to pay for these costs and related administrative expenses. Overall costs include fees levied by the Washington State Department of Labor and Industries, reinsurance premiums, and administrative costs to manage the program.

**Unemployment Insurance Fund:** contains the revenues and expenditures associated with the City's unemployment benefit and administration costs. The City is a self-insured employer with respect to unemployment insurance.

**Group Term Life Insurance Fund:** contains the revenues and expenses related to the City's group term life insurance, long-term disability insurance, and accidental death and dismemberment insurance plans.

## Budget Overview

The 2023 Adopted and 2024 Endorsed budgets include increased appropriation and adds seven positions to the department. The 2023 Adopted and 2024 Endorsed budgets also streamlines certain city services, abrogates vacant positions, and eliminates the City Leadership Academy.

### SPD/SDHR Recruitment and Retention

In 2022, the Mayor proposed a recruitment strategy to hire more police officers and the City Council added four positions to SDHR. Three of these positions will be dedicated to recruiting new employees for Seattle Police Department, and one will be dedicated to increasing the capacity of the Public Safety Civil Service Examinations Unit. In addition to other duties, the Exams Unit position will administer the Community Service Preference Points program in lieu of a vacant half-time position added in the 2022 Adopted to provide some Community Service Preference Points support. The half-time support position is abrogated in the 2023 Adopted and 2024 Endorsed budgets.

### JumpStart Payroll Expense Tax

The JumpStart Payroll Expense Tax has led to an expansion of the City workforce. In anticipation of this increased workload for SDHR, the proposed budget added five positions to the department funded by payroll expense revenues under 5% administration and evaluation spending category. In a subsequent action the Council reduced the positions from five to three. This additional support will enable SDHR to handle the influx of new employees and their associated needs.

### Alternative Dispute Resolution Program

In 2001, the Alternative Dispute Resolution (ADR) Program was established to provide third-party mediation, training, and group facilitation. In 2019, the Office of Employee Ombud (OEO) was created and has since become the primary conflict management resource for the City, including ADR work. The 2023 Adopted and 2024 Endorsed budgets eliminate the remaining components of the ADR program in SDHR including a vacant half-time position and shifts all remaining ADR work to OEO to consolidate and streamline services.

### City Leadership Academy

The City Leadership Academy (CLA) is a nine-month development program for City of Seattle employees who want to expand their leadership skills, create change, and model racial equity, social justice, and inclusion. The program ended after the Fall 2019-20 cohort to meet cost reductions and then was restored in the 2022 Adopted Budget. The program did not restart in 2022 due to additional reductions made during the year to balance the budget. In the 2023 Adopted and 2024 Endorsed budgets the CLA is eliminated to reduce ongoing expenditures and after a review of program outcomes showed that the program was not meeting expectations.

### Citywide HR Planning

The 2023 Adopted and 2024 Endorsed budgets eliminate a vacant Executive 3 position to meet budget reductions. The Executive 3 position was created as a deputy director position to manage operational needs and the reporting structure necessary to deliver HR services for each City department when the City was moving to a shared governance model for HR. The proposed consolidation did not happen, and the abrogation of the position reflects the changing needs of the department.

### **Other 2023 Adopted and 2024 Endorsed Budget Items**

Several additional baseline and operational adjustments are included in the adopted budget, which:

- adjust appropriation for changes to central costs including internal services, health care, retirement, and workers' compensation charges;

## Seattle Department of Human Resources

- align the personnel budget with actual costs;
- adjust the Annual Wage Increase (AWI);
- remove one-time budget authority; and
- include net-neutral budget changes for reorganization or consolidation of programs and projects.

### Personnel Compensation Trust Funds

The following provides a summary of each of the five individual funds that comprise the Personnel Compensation Trust Funds and are administered by SDHR.

**Health Care Fund:** Total City health care costs including medical, dental and vision care, plus administration costs, are estimated to increase to \$323.9 million in 2023 and \$346.9 million in 2024. Growth in medical claims in 2023 and 2024 is projected at 7.1% due to typical trends plus possible inflationary pressures, as well as patients continuing to seek care that was foregone during the pandemic. The 2023 Adopted Budget assumes an estimate of 11,849 regular and 340 benefits-eligible temporary employees enrolled in healthcare, while the 2024 Endorsed Budget assumes nearly the same at 11,866 regular employees and 340 benefits-eligible temporary employees.

**Fire Fighters Health Care Fund:** Firefighter payments remain level at \$2.0 million in the 2023 Adopted and 2024 Endorsed budgets.

**Industrial Insurance Fund:** The 2023 Adopted Budget reflects increased expenditures in the Industrial Insurance Fund of approximately 18%, or \$6.0 million, relative to the 2022 Adopted Budget. For 2024, the increase is 9.0% or \$3.5 million. This increase is due to projected expansion of time-loss claims across 2022-24, due in part to first responders' use during COVID related quarantine and delayed medical procedures causing delayed recovery (factors not captured in 2022 rates). The projected 2023 increase is 51%, from \$12.5 million to \$18.9 million. Meanwhile, this increase is tempered by reductions in expected expenses for all other costs: medical claims are projected to fall by 4%, from \$10.0 million to \$9.7 million; administrative costs are also projected to decline by 4%, from \$9.9 million to \$9.6 million; and pensionable claims are projected to fall by 10%, from \$1.4 million to \$1.3 million.

**Unemployment Insurance Fund:** The 2023 Adopted and 2024 Endorsed budgets for unemployment expenses is increased \$330,000 in 2023 to \$2.8 million and reduced to \$2.5 million in 2024. The 2022 Adopted Budget at \$2.5 million assumed a return to trend (an increase) in unemployment claims volume and costs following lower costs experienced in 2020 and 2021. Due to increasing costs in 2022, in large part from larger than anticipated COVID-19 related claims, the 2023 Adopted and 2024 Endorsed budgets anticipate a slowing of cost growth related to COVID claims in 2023, but an overall increase in total costs to the fund relative to the 2022 Adopted Budget.

**Group Term Life Fund:** Total costs in the fund are expected to remain at approximately \$6.6 million in 2023 and 2024.

### City Council Changes to the Proposed Budget

The Council reduced proposed funding and position authority for new citywide positions funded with JumpStart Payroll Expense Tax by 2.0 FTE and \$325,000. These proposed positions were a Public Disclosure Officer and Human Resources Investigator.

## Incremental Budget Changes

## Description of Incremental Budget Changes

### Baseline

#### Align the Industrial Insurance Fund Administrative Costs

Expenditures \$(320,819)

This item redistributes and right-sizes the existing Industrial Insurance budget to support improved expense monitoring and budget development.

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$299,942

## Seattle Department of Human Resources

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

### **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures	\$626,765
--------------	-----------

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

### **Align SDHR labor budget**

Expenditures	-
--------------	---

This item rebalances across the Leadership and Administration BSL the 2023-2024 baseline budget salaries and benefits costs to improve labor budget tracking and monitoring.

### **Consolidate copier lease budget**

Expenditures	-
--------------	---

This item consolidates the copier lease budget in the indirect SDHR administration project and assigns the budget to the new Citywide 560100 Lease Expense GASB87 account created on January 1, 2022 to facilitate GASB compliance reporting.

### **Remove one-time budget authority**

Expenditures	\$(450,000)
--------------	-------------

This item reverses one-time 2022 \$450,000 Coronavirus Local Fiscal Relief (Fund 14000) and 2024 \$247,931 out-year funding for the two-year 2022-2023 Executive Recruitment pilot project (Fund 00100).

### **Move CDL costs to correct project**

Expenditures	-
--------------	---

This item moves Commercial Driver License (CDL) compliance costs from the Industrial Insurance Fund to the SDHR operating budget. These expenses are currently allocated to City departments through the Workers Compensation pooled costs (about 63% GF) and will in future be allocated to the six departments that use SDHR's CDL program services (about 14% GF).

## **Proposed Operating**

### **Support for new citywide positions funded with JumpStart Payroll Expense Tax**

Expenditures	\$861,547
Position Allocation	5.00

The Council altered this proposal in the adopted budget. Refer to the Council Phase Changes section below. The proposed budget description follows:

The City's 2023 Proposed Budget spends approximately \$294 million in JumpStart Payroll Expense Tax (payroll tax)

## Seattle Department of Human Resources

proceeds, of which \$11 million is allocated to administration and evaluation. This item adds \$861,547 backed by payroll to SDHR to add 5.0 FTE to ensure continued timely, effective, and responsive services for the departments and City employees receiving full HR support from SDHR as well as meet the increased demand for Citywide investigation and public disclosure. Supported department employment growth averaged 7.4% year-over-year since 2019, with 39.5 additional positions anticipated in 2023 to implement the housing, economic equity and development, and Green New Deal investments funded by JumpStart Payroll Expense Tax revenues.

### **Eliminate 1.0 FTE Executive 3 pocket**

Expenditures	\$(247,998)
Position Allocation	(1.00)

The General Fund revenue forecast for the City's 2023 Adopted Budget and 2024 Endorsed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by \$247,998, which will result in 1.0 FTE reduction to the Citywide HR Planning and Innovation team. This position has been vacant since June 2021.

### **Remove Alternative Dispute Resolution program from SDHR**

Expenditures	\$(94,339)
Position Allocation	(0.50)

The General Fund revenue forecast for the City's 2023 Adopted Budget and 2024 Endorsed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by \$94,339, which will eliminate the vacant 0.5 FTE Dispute Resolution Mediator position and end the Alternative Dispute Resolution (ADR) program housed within SDHR. In 2001, SMC 4.04.075 established an ADR program to provide third-party mediation, training and group facilitation. The Office of the Employee Ombud (OEO) established in 2019 also provides ADR services including Mediation and Early Interventions, Trainings, Group Facilitation, and Coaching. Unlike the legacy ADR program, which transfers cases out to a third-party neutral, the OEO provides a full portfolio of services including in-house trained conflict resolution professionals to take all cases that come to them, from case intake to case resolution. The remaining work from SDHR will be shifted to OEO to consolidate and streamline services.

### **Eliminate Community Preference Points Support Position**

Expenditures	\$(65,551)
Position Allocation	(0.50)

The General Fund revenue forecast for the City's 2023 Adopted Budget and 2024 Endorsed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by \$65,551, which will eliminate the vacant 0.5 FTE Personnel Analyst position. This position was approved in 2022 to support implementation and administration of the community service preference points program for police position applicants. This body of work will be administered by 1.0 FTE added to the SDHR Public Safety Civil Services Exams Unit in 2022 CB 120389.

### **Eliminate the City Leadership Academy Program**

Expenditures	\$(250,539)
Revenues	\$(85,000)
Position Allocation	(1.00)

The General Fund revenue forecast for the City's 2023 Adopted Budget and 2024 Endorsed Budget is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item reduces the budget by \$250,539, which will eliminate the City Leadership Academy Program. The program has been

## Seattle Department of Human Resources

on hold to meet cost reductions and in the 2023 Adopted and 2024 Endorsed Budget, the CLA is eliminated after a review of program outcomes showed that the program was not achieving anticipated outcomes.

### Intradepartmental Program Transfer for Reorganization

Expenditures	-
Position Allocation	-

This item moves Workforce Development from the Work Force Equity Division back to the Talent Acquisition Division. This unit of 3.0 FTE was under Work Force Equity in anticipation of Citywide HR consolidation and will now return to the original division with which the units' skills and mission better align. The combined resources will provide an opportunity for more targeted recruitment and leverage the professional skills to advance the City as an employer of choice.

### Proposed Technical

#### 2023 Health Care Fund Expenditure Adjustment

Expenditures	\$21,746,434
Revenues	\$21,746,434

Total City health care costs including medical, dental and vision claims, plus administration costs, are estimated to be \$323.9 million in 2023. Growth in medical claims in 2023 is expected to be around 7.1% due to typical trend plus possible inflationary pressures, as well as patients continuing to seek care that was foregone during the pandemic. The 2023 Adopted Budget assumes an estimate of 11,849 regular and 350 benefits-eligible temporary employees enrolled in healthcare.

#### Industrial Insurance Fund expenditure and revenue adjustments

Expenditures	\$6,383,549
Revenues	\$6,035,791

This item adjusts various workers compensation related claims and administrative costs, as well as the associated recovery revenues in the Industrial Insurance Fund (10110). The 2024 Endorsed Budget provides for additional revenues to replenish reserves after significant claims costs in 2022 forced a draw-down of reserve balances.

#### Unemployment Insurance Fund expenditure adjustment

Expenditures	\$330,000
Revenues	\$330,000

This item adjusts Unemployment Insurance Fund expenditures to reflect anticipated increases in claims costs and volume, driven by a larger than anticipated number of COVID-related claims in 2022.

#### Add 4 FTE for the SPD Recruitment and Retention Plan

Expenditures	\$595,023
Position Allocation	4.00

This item adds 4.0 FTE positions approved in 2022 CB 120389 and moves the Police Exams position from budget program Work Force Equity to Talent Acquisition to synchronize with the 2023-2024 intradepartmental program transfer for reorganization.

# Seattle Department of Human Resources

## Indirect Cost Balancing

Expenditures -

This item balances indirect cost distribution from BSL N5000 Leadership & Administration to N6000 HR Services.

## Technical Revenue Changes

Revenues \$890,805

This item updates anticipated interdepartmental and other revenues to SDHR.

## Council

### Reduce Jumpstart Transfer to the General Fund for SDHR Positions

Expenditures \$(324,791)

Position Allocation (2.00)

This City Council item reduces proposed funding and position authority for 1.0 FTE Public Disclosure Officer (Strategic Advisor 1) and 1.0 FTE Human Resources Investigator (Strategic Advisor 1) in SDHR. The 2023-24 Proposed Budget included 5.0 FTE for JumpStart Payroll Expense Tax administration and this reduces two of the five proposed positions.

<http://www.seattle.gov/seattleIT>

## Department Overview

Seattle IT is a trusted partner that provides secure, reliable, and compliant technologies enabling the City to deliver equitable and responsive services to the public.

The Seattle Information Technology Department (Seattle IT) provides strategic direction for and management of the City's information technology resources. Our services include data, telephone, and radio networks; applications and application infrastructure; desktop, mobile, and printing device support; website and digital engagement tools; data centers, servers, storage, and backup; video production and coverage of public meetings; and community support for digital equity, civic technology, and public internet access initiatives. Seattle IT also manages designated projects on behalf of the City, other departments, and regional partners.

With a full view of the City's IT needs, Seattle IT looks for opportunities to consolidate multi-department IT requests into one Citywide project, identifies similar programs that can share a common platform, and considers where a department may already have a solution that another department could utilize.

Seattle IT is organized into 8 divisions: 1) Applications; 2) Collaboration and Workplace Technologies; 3) Security and Infrastructure; 4) Project Delivery; 5) Client and Community Engagement; 6) Data Privacy, Accountability, and Compliance; 7) Chief of Staff; and 8) Finance.

The **Applications Division** is responsible for building, maintaining, and supporting applications that provide a variety of business functions performed by our clients. The division manages enterprise-wide software solutions including GIS, CRM, and Permitting; provides development and support for applications that are specific to departments' business needs, including finance and human resources, public safety and dispatch, and utility systems; and supports ongoing software maintenance and enhancements.

The **Collaboration and Workplace Technologies Division** provides the services, platforms, data, and modern tools and technologies to support City employees in performing their day-to-day work no matter where they are, including device and customer support, web support, automation, and IT service management. The division processes over 110,000 service tickets each year by solving problems, answering questions, and helping people seamlessly work together to effectively deliver City services and communicate information to the public.

The **Security and Infrastructure Division** delivers the City's extensive infrastructure technologies – servers, storage, backup, disaster recovery, phone and data networks – as well as middleware, identity management, security, and cyber risk functions that help ensure the City's data and other technology assets are safe.

The **Project Delivery Division** includes the project delivery teams, portfolio and resource management, and quality assurance to ensure the successful delivery of Citywide IT Portfolio projects.

The **Client and Community Engagement Division** oversees several business-critical areas including client engagement; governance; digital equity; broadband, cable television, and wireless telecommunication; the award-winning Seattle Channel; and ad hoc projects. The division serves as the primary liaison for our internal clients, our public, and our elected officials.

The **Data Privacy, Accountability & Compliance Division** provides structure and guidance essential for City departments to fully incorporate appropriate data management and compliance practices into daily operations, and to build public trust and confidence in how we collect and manage the public's information. This division oversees the City's privacy program and public records program.

## Seattle Information Technology Department

The **Chief of Staff Division** provides the services that enable the successful operation of the department including corporate performance management, human resources, communications, RSJI, change management, and administrative services.

The **Finance Division** provides budget, accounting, payroll, contracting, and purchasing services to the department.

### Internet for All

After the unanimous passage of Resolution 31956 by the City Council in July 2020 and the Executive's presentation to City Council of its Action Plan in September 2020, Seattle IT is focused on Internet for All strategies and will track outcomes from actions in the report. The resolution affirms the City Council's goal of enabling all Seattle residents the ability to access reliable and affordable broadband internet access.

In 2023 and 2024, Seattle IT has committed \$1.2M in funding to pay for a combination of staff time advancing digital equity priorities and grant programs available to community-based organizations. Additionally, CLFR funds appropriated during the 2021 mid-year supplemental and 2022 Adopted Budget continue to be spent on an expanded Technology Matching Fund (TMF) cohort. See Table 1 below for further information.

2021 Adopted	2021 Revised	2021 Total Spend	2022 Adopted <sup>1</sup>	2022 Revised <sup>2</sup>	2022 Projected Spend <sup>3</sup>	2023 Adopted	2024 Endorsed
1,083,439	1,163,812	982,198	1,759,625	2,590,420	1,800,000	1,440,434	1,471,646

1 Includes \$550,000 due to two Council Budget Actions (CBA).

2 Change from 2022 adopted to revised is the result of automatic 2021 Technology Matching Fund (TMF) carryforward. Grantees are given a year to execute the scope of work as proposed to Seattle IT.

3 Anticipated underspend due to vacancies, underspend targets, and 2022 TMF recipients needing time to execute on their scope of work.

### **Cable Fund Overview**

Beginning in 1996, the City of Seattle entered into cable franchise agreements that included a franchise fee as compensation for cable television providers locating in the public right-of-way. The City has approved franchises with Comcast and Wave Division I.

The Cable Television Franchise Fund (created by Ordinance 118196) revenues come from the franchise fee collected from the agreements. Related expenditures are budgeted in Seattle IT and charged to the Cable Television Franchise Fund. Resolution 30379 establishes usage policies for the fund. The fund pays for the following services:

- Administration of the Cable Customer Bill of Rights as well as the public, education, and government access costs the City is obligated to fund under the terms of its cable franchise agreements;
- Support of the Seattle Channel, including both operations and capital equipment;
- Programs and projects promoting technology literacy and access, including related research, analysis, and evaluation; and
- Use of innovative and interactive technology, including television and online content, to provide ways for residents to access City services.

# Seattle Information Technology Department

## Budget Snapshot

	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
<b>Department Support</b>				
General Fund Support	-	550,000	225,000	225,000
Other Funding - Operating	212,892,191	255,125,773	265,308,179	268,534,693
<b>Total Operations</b>	<b>212,892,191</b>	<b>255,675,773</b>	<b>265,533,179</b>	<b>268,759,693</b>
<b>Capital Support</b>

Full-Time Equivalents Total*	673.10	658.50	669.00	669.00

\* FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here

## Budget Overview

As an internal service department, Seattle IT provides services to other City departments that in turn fund Seattle IT's budget. Seattle IT will continue to achieve acceptable service levels across our service portfolio. However, several critical areas within IT's area of responsibility remain volatile and unpredictable:

- **Hybrid workforce.** The shift of the City's workforce to a hybrid-remote model will continue to put new and different pressures on the City and department.
- **Cybersecurity.** While Seattle IT has invested strategically in technologies and talent to meet these threats, cybersecurity remains one of the most volatile disciplines in IT.
- **Public records.** While improved tools and platforms Seattle IT implemented recently are helping, there remains a high degree of effort in this area across the City to meet increasing demand.
- **Unanticipated technology needs.** The City is rapidly responding to new and urgent challenges. The planning and desired delivery cycles for new IT solutions often do not align with budget development timelines and schedules.
- **Rapid and major changes in technology.** The continued rapid rate of change in technology presents a challenge for the City in anticipating costs of projects and services.
- **Recruitment and retention.** As the employment landscape shifted over the last 2-1/2 years, it's resulted in increased market competition for qualified IT staff. Seattle IT is investing in programs focused on employee well-being and satisfaction, prioritizing recruiting and retaining top IT talent.

### Reductions in Response to Citywide Direction

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed budgets is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. For ITD this resulted in \$11.1M in reductions (numbers represent total budget reduction, not just General Fund amount):

- (\$2.3M) – Increasing the personnel vacancy rate from 4% to 6%
- (\$5M) – reducing the reserve for public safety radios
- (\$1.2M) – decreasing replacement of PCs in General Fund-supported departments by 50%
- (\$800,000) – reducing the training and consultant budget by 15%
- (\$1.8M) – replacing General Fund support in digital equity, and correcting a wage inflation error

# Seattle Information Technology Department

## Large IT Projects

The City is underway with two large IT projects replacing critical infrastructure that underwent additional review in the last year, looking at the projects scope and cost among other planning factors. Both resulted in items included with the budget: conversion of the City to network-based phones, and replacing the Municipal Court's IT system.

Unified Communications and Coordination (UCC) is the project to move the City from 30-year old phoneline systems to a modern network-based phone system using soft phones through computers and devices. This project was created in 2017 and in hindsight under scoped for the complexity of the City's network and the many department-specific call centers. COVID also created capacity issues and delays impacting the timeline and budget. This budget funds \$20.8M to complete the conversion of all the remaining City phones and call centers to the modern phone system.

Municipal Court Information System (MCIS) is the main technology platform used by Seattle Municipal Court, which is critically reliant on the software that's past its useful life and in need of replacement. The MCIS project went under review and came back with an updated project plan funded in this budget. The \$17.7M for the MCIS project will complete the replacement and enable to SMC to continue its operations under the new system.

## Support for Newer Enterprise and Department Systems

Operating and maintaining the City's multiple software systems newly implemented to the City, or to replace aging ones, is a core line of business. In working with departments, ITD sought funding for resource issues arising in this area, and three items funded in this budget include:

- \$3.9M – IT systems implemented as projects in recent years become license costs, operation and maintenance needs, which is represented in this funding.
- \$767,000 – staffing support for the growing Accela permitting system
- \$418,000 – staffing and service level support for the Citywide Contract Management System

## Affordable Seattle

The City's 2023 Adopted Budget spends approximately \$321.4 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$32 million is allocated to investments promoting economic revitalization and workforce development. This item adds \$422,000 in 2023 backed by payroll tax in ITD to expand the technology support behind the Affordable Seattle and CiviForm program led out of the Innovation and Performance team in the City Budget Office. This expansion of three staff will support the CiviForm platform that links community members to City support services in a streamlined and efficient process.

## City Council Changes to the Proposed Budget

The Council made four changes to ITD's budget for 2023-2024. An ongoing add of \$225,000 was made to support digital equity work. Appropriation of \$1.4 million in legal budget, but not revenue, was added for the RecordPoint records management system project in the City Clerk's office. A funding swap was also made to the Affordable Seattle program, removing some Payroll Expense Tax (PET) funding and replacing it with revenues from the utilities. Finally, Council eliminated the budget for a replacement of the Hearing Examiner's case management system.

## Incremental Budget Changes

### Seattle Information Technology Department

	Dollars	FTE
2023 Beginning Budget	276,322,142	658.50

<b>Total 2023 Adopted Budget</b>	<b>\$312,775,474</b>	<b>669.00</b>
----------------------------------	----------------------	---------------

## Description of Incremental Budget Changes

### Baseline

#### Removing 2022 Budget One-Time Items

Expenditures	\$(10,495,792)
Revenues	\$(4,552,959)

This item includes budget adjustments for one-time changes in the 2022 Adopted Budget.

#### Citywide Adjustments for Standard Cost Changes

Expenditures	\$(423,427)
--------------	-------------

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

# Seattle Information Technology Department

## Baseline Technical Adjustments

Expenditures	\$976,219
Revenues	\$2,989,789

This baseline change reflects a variety of technical changes to Seattle IT's 2023-24 budget.

- \$55,000 - Adds ongoing funding for the Video Voter's guide that was inadvertently removed during the 2021 baseline process
- \$360,000 - Recognizes 2.0 FTE positions for the direct bill Enterprise Content Management System (ECM) that were added during the 2021 year-end supplemental. These positions are direct bill to Seattle City Light.
- \$1,080,000 - Recognizes 6.0 FTE quality assurance / quality control positions that were added during the 2021 year-end supplemental. These positions are direct bill only and are only funded if project funding is available.
- (\$550,000) - Removes one-time 2022 council changes for Technology Matching Fund and Digital Equity.
- \$0 - Realigns existing budget to reflect reorganizations that were executed in the 2021 calendar year.

## Inflation to ITD Base Budget

Expenditures	\$6,186,852
Revenues	\$6,157,111

This baseline change reflects inflation factors proved centrally by the City Budget Office for the budget.

## Adjusting the Retirement Rate for Personnel Costs

Expenditures	\$(659,185)
--------------	-------------

This item reduces appropriation to match updated retirement assumptions sent out centrally.

## Changes to CADD and 911 Calls Funding Methodologies

Expenditures	\$(55,007)
Revenues	\$(55,007)

This item requests two changes to how Seattle IT collects revenues for services provided and results in an appropriation decrease. ITD is changing the cost recovery methodology for Computer Aided Design and Drafting (CADD) from floating licenses to named users, and the cost recovery methodology for 911 from number of radios to the number of 911 calls based on data provided by the King County 911 office.

## Updates to the Counts Used to Cost Department IT Budgets

Expenditures	\$726,377
Revenues	\$725,433

This baseline change updates the counts (of devices, licenses, employees, etc) used in Seattle IT's various cost recovery methodologies to better reflect current IT usage across the City. The increase in total budget is the result of changes to the double budgeting policy used in the City's overhead model.

## Labor and Maintenance Realignment

Expenditures	\$(32,761)
Revenues	\$(31,817)

## Seattle Information Technology Department

This baseline change realigns Seattle IT's existing FTEs with the area of IT service that their corresponding body of work is in the budget resulting in an appropriation decrease. This baseline change also realigns Seattle IT's funding for annual software maintenance contracts with the projected IT service needs for the 2023-24 budget.

### Adjustments to Capital Projects Outyears

Expenditures	-
Revenues	\$13,539,760

This item adjusts capital project budgets with the 2023–2024 budget.

### Depreciation, Principal and Interest True-Up

Expenditures	\$1,661,027
Revenues	\$5,878,821

This baseline change adjusts the amount and distribution of Seattle IT's depreciation, principal and interest budget based on the debt service schedule and planned spending in the 2023-24 CIP.

### Realign Post-Rate Revenue Changes

Expenditures	\$50,921
Revenues	\$1,559,550

This annual baseline change updates budget and revenues to reflect changes made to Seattle IT's budget after customer rates were locked during the 2022 budgeting process.

## Proposed Operating

### Increase Vacancy Rate from 4% to 6%

Expenditures	\$(2,265,346)
Revenues	\$(2,265,346)

Responding to Citywide direction for budget reductions, this item increases Seattle IT's budgeted vacancy rate from 4% to 6%, resulting in approximately \$2.3 million annually in budget savings. ITD will continue and increase its management of department vacancies to meet the higher target, meaning certain bodies of work could be delayed as positions are held open.

### Correcting for Overbudgeting in Annual Wage Increases

Expenditures	\$(1,435,390)
Revenues	\$(1,435,390)

This item aligns Seattle IT's labor budget with anticipated AWI adjustments made in 2022. The 2022 Adopted Budget was built on AWI assumptions that were higher than actuals, resulting in higher budget in 2023-2024 being corrected in this item.

### Reduction to the Radio Reserve and Rebate for the General Fund

Expenditures	\$2,500,000
Revenues	-

## Seattle Information Technology Department

This item executes a one-time general fund transfer of \$5.0 million (\$2.5M in 2023, \$2.5M in 2024) from Seattle IT's public safety radio reserves. These reserves have been collected by Seattle IT and accumulated a significant fund balance that is not needed at this time.

### Reduction to the Computer Replacement Program for General Fund Departments

Expenditures	\$(1,244,551)
Revenues	\$(1,244,551)

Responding to Citywide direction for budget reductions, this item reduces the PC Replacement Program for departments funded completely or mostly by the General Fund by approximately 50%, a reduction sustainable for only a short period of time as it will increase the lifecycle of some computers by one to five years. ITD will need to address potential increases this in future budget processes as technology impacts are better understood.

### Reduce Training and Consultant Budget

Expenditures	\$(799,070)
Revenues	\$(799,070)

Responding to Citywide direction for budget reductions, this item reduces ITD's training and consultant budget by 15%. This reduction could result in supplemental budget requests, as ITD supports training required and paid for by service departments.

### Eliminate Digital Equity General Fund Backfill

Revenues	-
----------	---

This item removes a \$400,000 General Fund subsidy of the otherwise 100% Cable Fund-funded digital equity program. This does not impact the level of support for the digital equity program in 2023 and 2024. Support from the General Fund for Cable Fund programs will need to be reevaluated as a part of the 2025-2026 budget.

### Additional Funding for New Public Safety Emergency Radio Network (PSERN)

Expenditures	\$1,283,256
Revenues	\$383,256

The Puget Sound Emergency Radio Network is a region-wide public safety radio system used for communicating between agencies during emergencies. King County is leading the project to update the outdated system with the new PSERN system which will be operational in 2023. As one of the participants in this network, City of Seattle, will pay a per radio fee to PSERN for accessing the new network which will be collected from participating departments by Seattle IT and passed on to PSERN. The additional budget needed for the new system are \$383,000 in 2023 and \$767,000 in 2024. This item reflects the additional budget identified as needed during the budget process, but ITD will continue to monitor PSERN implementation and bring additional budget revisions in future budget processes as needed.

### Expansion of the Affordable Seattle and CiviForm Program

Expenditures	\$548,420
Position Allocation	3.00

The Council altered this proposal in the adopted budget. Refer to the Council Changes section below. The proposed budget description follows:

This item increases JumpStart Payroll Expense Tax funding for the Affordable Seattle program, which includes the CiviForm application. Affordable Seattle reduces barriers for low-income residents to access programs such as

## Seattle Information Technology Department

utilities, childcare, transportation, and food. CiviForm is a common application across multiple departments that decreases the time and effort for residents and their trusted intermediaries (e.g., Community Based Organizations) to apply for City of Seattle programs. Seattle IT is working in partnership with City Budget Office Innovation & Performance Team and Office of Economic Development to accomplish this work. Seattle IT is responsible for maintenance and development of the pilot platform into a fully-featured application.

This item adds 2.0 FTE Information Technology Professional, B positions as Database Engineers, and 1.0 FTE Information Technology Professional, A position as Manager of the staff in ITD related to the program. The three current staff in ITD working on Affordable Seattle would also be moved from CLFR funding to the JumpStart Payroll Tax fund in 2024. See City Budget Office Section for more details regarding Affordable Seattle and CiviForm.

### **Increase in GIS Costs**

Expenditures	\$270,000
Revenues	-

This item adds funding to support the work ITD's GIS mapping team is doing on executive projects to increase transparency.

### **Ongoing Funding for the Citywide Public Records Act (CPRA) Program**

Expenditures	\$(21,265)
Revenues	\$1,220,626

This item provides ongoing funding of \$1.2M for 3.0 FTEs and a software system put in place in 2021 by a Mayoral directive to add public disclosure officers to Seattle IT. The software funding is for a SMS message capture solution and 25 licenses for NUIX ringtail are being recognized. For 2022, these costs were mostly funded by fund balance, and 2023 will be the first year these costs will be built into customer rates.

The City received over 16,000 public records requests in 2021, a workload that increases 15% annually. This workload requires better tools for public disclosure officers to expedite identification, review, and production of responsive records. Continuing the existing CPRA program will support this increasing body of work.

### **Product Manager for Accela Permitting Team**

Expenditures	\$226,848
Revenues	\$226,848
Position Allocation	1.00

This item is for 1.0 FTE Information Technology Professional, A to fill the role of Accela Product Manager to increase support platform-wide. This position will sunset in 2024. Use of the Accela system has grown considerably, and the Product Manager will help strategically plan for the whole platform, including areas of need around improvements and growth in the platform.

### **Additional Support Team Resources for Accela Needs**

Expenditures	\$540,201
Revenues	\$540,201
Position Allocation	3.00

This item is for 3.0 FTE Information Technology Professional, B positions to add a support team to the Accela permitting program. These positions will sunset in 2024. Adding this team will provide designated support for OSE, FAS and SDOT, focusing on improvements and issues related to department-specific work. This addition along with a

## Seattle Information Technology Department

reorganization of staff will also lead to a designated support team working on platform-wide work to address issues and improvements to the permitting system as a whole.

### Increased O&M support for Citywide Contract Management System

Expenditures	\$417,917
Revenues	\$417,917
Position Allocation	1.00

This item funds an increased support level from the software vendor, and 1.0 FTE Information Technology Professional, B for additional staffing support of the Citywide Contract Management System (CCMS), a new enterprise software to be used by all City departments for the management of contracts in 2022. This program was originally intended to have 2.0 FTEs to support the enterprise software and program, and this brings their FTEs to that level.

### Carbon-Based Performance Standards Application for Buildings

Expenditures	\$1,981,062
Revenues	\$1,981,062
Position Allocation	4.50

This item funded by JumpStart Payroll Expense Tax will support the potential implementation with the Office of Sustainability (OSE) of a Seattle carbon-based building performance standards (BPS) mandate for existing commercial and multifamily buildings 20,000 SF and larger. The software application will allow building owners and their representatives to comply with the BPS and benchmarking data verification requirements by submitting information through an online form.

### Improved Technology to Provide Information for 911 Response Calls - SPD

Expenditures	-
Revenues	-

The item funds \$154,000 of work to create a better link between systems used by public safety departments, allowing Community Safety and Communications Center 911 dispatchers to support safety for emergency responders and the people they interact on 911 calls, by providing more information to the responders. This is funded for 2024 after the existing CAD system is upgraded.

### Improved Technology to Provide Information for 911 Response Calls - SFD

Expenditures	-
Revenues	-

The item funds \$95,000 of work to create a better link between systems used by public safety departments, the Seattle Fire Department a link to Community Safety and Communications Center information that will support safety for emergency responders and the people they interact with on calls, by providing more information to the responders. This is funded for 2024 after the existing CAD system is upgraded.

### Improved Health and Safety Tracking in the Seattle Fire Department

Expenditures	\$28,600
Revenues	\$28,600

This item provides \$50,000 over 2023 and 2024 in budget appropriation for IT to create a central platform to identify, track and address safety concerns across SFD, replacing manual file keeping and offline documentation.

# Seattle Information Technology Department

## Maintenance Funding for New Systems and Department Specific Technology

Expenditures	\$3,923,100
Revenues	\$3,923,100

This item adds funding to add annual maintenance budget for newly implemented technologies and existing contracts with significant increases. As IT projects are implemented, annual maintenance budget is needed to support the products and pay for licensing.

## Additional Technologist in the Fiber Program

Expenditures	\$180,067
Revenues	\$180,067
Position Allocation	1.00

This item adds a 1.0 FTE Information Technology Professional, B for a third technologist in order to support the approximately 700 miles of high bandwidth fiber optic network that connect many of our critical networks and services within the City of Seattle. This position is funded by billing fiber network partners using the system.

## Transfer Public Records Position to SPD

Position Allocation	(1.00)
---------------------	--------

This item transfers 1.0 FTE from Seattle IT to the Seattle Police Department (SPD). This position is intended to increase capacity for SPD to perform e-mail searches and be more responsive to Public Records requests. The position was originally added to Seattle IT in the 2021 2Q Supplemental.

## Proposed Capital

### Funding to Complete Conversion of the City's Phone System

Expenditures	\$13,600,000
Revenues	\$12,951,000

This item adds \$20.8M funding over 2023-2024 for ITD to complete the conversion of the City's telephone network and call centers to new network-based lines, bringing the total project cost to \$49.6M. The Unified Communication and Collaboration (UCC) is replacing the City's 30-year old phone system. It was initially scoped in 2017, resulting in inadequate resources for the complexity of the project and over forty department- specific call centers, in addition to delays created by the pandemic. With the additional funding, ITD will work with the vendor to complete the conversion of phones and call centers, estimated by the end of 2024.

### Completing the Court's Municipal Court Information System (MCIS) Project

Expenditures	\$12,995,926
Revenues	\$12,995,926

This item provides \$17.7M funding over 2023-2024 to complete the replacement of the Seattle Municipal Court's legacy MCIS system, bringing the total project cost to \$55.5M. The Court is critically dependent upon MCIS for all court operations to provide a continuing, permanent record of all case events, dates and outcomes. As the project has proceeded, a refinement of scope, schedule, and budget was conducted, leading to the new proposal and funding needed to complete the replacement of the MCIS system.

### Hearing Examiner Case Management System Replacement

Expenditures	\$1,837,382
--------------	-------------

# Seattle Information Technology Department

Revenues \$1,837,382

This item funds \$1.8M in 2023 and \$900,000 in 2024 to replace the Hearing Examiner's Case Management System which has reached the end of its lifecycle, it's at high risk of failure as only one resource can address problems, and would be better served by an off the shelf solution. The system includes case records back to 2010, and allows members of the public to directly access files, file appeals and track cases.

## Proposed Technical

### Indirect Cost Adjustment

Expenditures \$(73,437)  
Revenues \$(73,437)

This item represents the impacts of 2023-2024 budget items on Seattle IT's indirect cost model. As funding changes with budget decisions made, it affects the level of indirect cost charges made as levels increase or decrease in changing programs.

### Cable Fund Technical Adjustments

Expenditures \$528,374  
Revenues \$528,374

This item adjusts the Cable Television Franchise Fee Fund (10101) budget to reflect the impact of changes with the Seattle Information Technology Operating Fund (50410) involving the use of Franchise Fee revenue. This change reflects budget changes as well as changes in methodologies that impact Cable-funded projects and shared services.

### Bond Payments for the UCC Phone System Transition Project

Expenditures \$485,663  
Revenues -

This item reflects the operating impacts of the UCC project proposed in the budget, completing the transition of the City's phones to network-based lines, which is being bonded. As a result of the Technology Infrastructure CIP adjustment, this funding request is to cover the first and second year of principal and interest costs on the proposed bond issuances.

### Eliminate Two Sunset Positions in the Radio Program

Position Allocation (2.00)

This eliminates two positions in the Radio Program, both set to sunset by the end of 2022.

### Seattle Public Utilities Technology Budget Adjustment

Expenditures \$5,250,000  
Revenues \$5,250,000

This item revises appropriation authority to the Applications BSL budget with the anticipated Seattle Public Utilities' budget for technology projects in 2023-2024.

### Seattle City Light Technology Budget Adjustment

Expenditures \$(1,374,400)  
Revenues \$(1,374,400)

## Seattle Information Technology Department

This item revises appropriation authority to the Applications BSL budget with the anticipated Seattle City Light's budget for technology projects in 2023-2024.

### Reduction in Rates for SCL to Reflect Transfer of VPN

Revenues	\$(405,000)
----------	-------------

This item reduces rates for Seattle City light, reflecting the transfer of SCL's VPN community from ITD to SCL.

### Transfer of Staff from the Information Technology Department to Seattle City Light

Position Allocation	(5.00)
---------------------	--------

This item annualizes the transfer of five full-time positions from the Seattle Information Technology Department (ITD) to Seattle City Light (SCL) made in the 2022 Third Quarter Supplemental. These staff support technologies deemed operational to SCL and as a result, should be located in that department. There will be no funding change in 2022, but Seattle IT and SCL will work together to ensure any rate changes are reflected in future budgets.

### Utility Customer Service System (UCSS) Staffing Support

Position Allocation	3.00
---------------------	------

This item annualizes three FTE positions created in the 2022 Third Quarter Supplemental. These positions are needed to support the Utility Customer Service System (UCSS) which is scheduled to go-live in October 2022. This system is the public customer interface to the Utilities billing system and enables customers to access their billing information, make payments and other transactions associated with their utility service accounts.

### Staffing for the SPU Construction Contract Management System

Expenditures	\$180,067
Revenues	\$180,067
Position Allocation	1.00

This item annualizes a 2022 2nd Quarter Supplemental position add for a 1.0 FTE Information Technology Professional, B in the ITD Applications Division, funded by Seattle Public Utilities (SPU). This position will be dedicated to the ongoing operation and maintenance (O&M) of SPU's Construction Contract Management Division (CMD), and will also participate in the active CIP project to select and implement a replacement for these systems.

### Staffing for the Utility Assistance Program

Expenditures	\$180,067
Revenues	\$180,067
Position Allocation	1.00

This item annualizes a 2022 2nd Quarter Supplemental position add for a 1.0 FTE Information Technology Professional, B to be added to the Enterprise Content Management IT team for ongoing operation and maintenance (O&M) support of the Utilities Assistance Program application. This position will be funded by Seattle City Light and Seattle Public Utilities.

## Council

### Increase in Technology Matching Fund and Digital Navigators Funding

Expenditures	\$225,000
--------------	-----------

## Seattle Information Technology Department

This Council item adds \$225,000 in ongoing General Fund support to ITD for digital equity programs. Council directed \$135,000 of the funding for Technology Matching Fund grants, which are award to community groups increasing access and opportunities to the internet. Council directed the remaining \$90,000 to the Digital Navigator program which aims to support community members working to build digital equity directly in their capacity.

### RecordPoint Records Management System Project

Expenditures	\$387,000
--------------	-----------

This Council item adds \$387,000 in 2023 and \$980,000 in 2024 in one-time funding to continue the RecordPoint record management system project in the City Clerk's office. The project aims to better retain records across cloud and network drives, and increase efficiencies and consistently in responding to records requests. Revenue was not identified for this add, so rates for this project will need to come through the 2024 budget process.

### Change in Funding for Affordable Seattle CiviForm Program

Expenditures	-
Revenues	\$126,558

This item removed some Payroll Expense Tax (PET) funding and replaced it with revenues from Seattle City Light and Seattle Public Utilities for the Affordable Seattle program. In 2023 the funding swap is \$126,000 and in 2024 it is \$507,000. Council justified that utility revenues could replace PET funding because they are a part of the work plan for Affordable Seattle, however there is remaining work that needs to be done to ensure utility revenues aren't used for general government expenses.

### Eliminate Funding for Hearing Examiner Case Management System

Expenditures	\$(1,837,382)
Revenues	\$(1,837,382)

This Council item eliminated the funding added in the proposed budget for a new case management system in the Office of the Hearing Examiner. Council removed \$1.9 million in 2023 and \$900,000 in 2024 of General Fund and repurposed it for other Council priorities.

### Errata Corrections to the Proposed Budget

Expenditures	-
Revenues	-

This Council Budget Action (CBA) would correct errors in appropriations, revenues, and positions for the 2023-2024 Proposed Budget and the 2023 – 2028 Proposed Capital Improvement Program (CIP). This CBA also would also correct erroneous information shown included on individual CIP project pages. The City Budget Office and Central Staff identified these errata after transmittal to the City Council.

Central Staff has reviewed the proposed corrections and finds that they do not represent policy choices and are appropriately addressed as a single budget action. Any conflicting effect of CBAs included in Council's final decision on the 2023-2024 Proposed Budget or the 2023-2028 CIP would override changes included in this Errata CBA.

The list below describes the corrections included in the transactions of this CBA:

- Two capital projects had incorrect funding splits for future years, and the edits made in the errata set them back to previously adopted levels.
- The other errata item correctly identifies revenues in 2024 instead of using fund balance.

# Seattle Information Technology Department

# Office of Intergovernmental Relations

Gael Tarleton, Director

(206) 684-0213

[www.seattle.gov/oir](http://www.seattle.gov/oir)

## Department Overview

The Office of Intergovernmental Relations (OIR) provides advice and information to, and on behalf of, City elected officials, City departments, and external partners. The primary goal of these efforts is to ensure the City's interests are advanced with regional, state, federal, tribal, and international entities to enable the City to better serve the Seattle community.

OIR is also responsible for engaging with other jurisdictions and governmental entities to collaborate and advocate for outcomes that are in the interest of the City and region. OIR implements and manages lobbying contracts and ensures the City's lobbying resources align with the City's strategic advocacy priorities.

## Budget Snapshot

	2021 Actuals	2022 Adopted	2023 Adopted	2024 Endorsed
<b>Department Support</b>

*\* FTE totals are provided for informational purposes only. Changes in FTEs resulting from City Council or Human Resources Director actions outside of the budget process may not be detailed here*

## Budget Overview

In response to projected resource constraints, the 2023 Adopted and 2024 Endorsed Budgets reduce funding to OIR for state lobbying contracts. Additionally, the adopted budget includes technical adjustments in the baseline budget reflecting increases in annual membership dues and Citywide adjustments related to internal services costs and personnel costs.

### City Council Changes to the Proposed Budget

The Council made no changes to the 2023-2024 Proposed Budget.

## Office of Intergovernmental Relations

### Incremental Budget Changes

#### Office of Intergovernmental Relations

	Dollars	FTE
<b>2022 Adopted Budget</b>	<b>3,059,062</b>	<b>10.00</b>
<b>Baseline</b>		
Baseline Increase for Annual Dues Increase	20,000	-
Appropriations for 2022 Annual Wage Increase (AWI)	66,398	-
Citywide Adjustments for Standard Cost Changes	28,317	-
<b>Proposed Operating</b>		
Reduce State Lobbying Contracts	(68,000)	-
<b>Total Incremental Changes</b>	<b>\$46,715</b>	<b>-</b>
<b>Total 2023 Adopted Budget</b>	<b>\$3,105,778</b>	<b>10.00</b>

### Description of Incremental Budget Changes

#### Baseline

##### **Baseline Increase for Annual Dues Increase**

Expenditures \$20,000

This baseline item provides additional ongoing appropriation authority of \$20,000 for anticipated increases in membership dues to regional, state, and national organizations. This item includes expected annual dues increases for Puget Sound Regional Council, Association of Washington Cities, National League of Cities, and US Conference of Mayors.

##### **Appropriations for 2022 Annual Wage Increase (AWI)**

Expenditures \$66,398

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

##### **Citywide Adjustments for Standard Cost Changes**

Expenditures \$28,317

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

# Office of Intergovernmental Relations

## Proposed Operating

### Reduce State Lobbying Contracts

Expenditures \$(68,000)

The General Fund revenue forecast for the City's 2023 Adopted and 2024 Endorsed Budgets is insufficient to cover expected costs. General Fund reductions were identified to mitigate this shortfall in revenues. This item is an ongoing reduction in appropriation authority of \$68,000 for the reduction of state lobbying contracts. This item results in an 18% reduction to OIR's consulting budget.

### Appropriations by Budget Summary Level and Program

#### **OIR - BO-IR-X1G00 - Office of Intergovernmental Relations**

The purpose of the Intergovernmental Relations Budget Summary Level is to promote and protect the City's federal, state, regional, tribal, and international interests by providing strategic advice, representation, and advocacy to, and on behalf of, City elected officials on a variety of issues. These include: federal and state executive and legislative actions; issues and events relating to the City's tribal and international relations; and jurisdictional issues involving King County, suburban cities, and regional governmental organizations.

# Legislative Department

Debora Juarez, Council President

(206) 684-8805

<http://www.seattle.gov/council/>

## Department Overview

The Legislative Department is comprised of the Seattle City Council, as well as two primary divisions: Central Staff and the Office of the City Clerk. Each division supports various aspects of the Council and works with members of the public and City departments to facilitate and develop effective and responsive public policy. The Council and Legislative Department are part of the legislative branch of government, which also includes the Office of City Auditor, the Office of Hearing Examiner, and the Office of Inspector General for Public Safety.

The Council is composed of two at-large and seven district-elected seats for a total of nine, nonpartisan, elected Councilmembers. In November 2019, seven district Councilmembers were elected to a four-year term beginning in 2020. Two at-large Councilmembers are elected to align with the election for a four-year term with the Mayor and City Attorney election in 2021. This approach staggers the district and at-large elections two years apart.

The City Council establishes city laws; creates, evaluates and approves policies, legislation, and regulations; approves the City's annual operating and capital improvement budgets; and provides oversight to the City's executive departments. Each Councilmember has a staff of legislative assistants who assist in this work.

Central Staff provides policy and budget analysis for Councilmembers and their staffs, as well as consultant contract services for the Legislative Department. The Office of the City Clerk advances principles of open government and inclusive access through effective facilitation of the legislative process and transparent, accountable stewardship of public information and the official record, including City Council proceedings and legislation. The City Clerk serves as ex-officio elections administrator and filing officer. The office manages the City's Boards and Commissions Registry Program; coordinates public records disclosure requests; and provides information technology, administrative and operational support to the Legislative Department.

Communications and Human Resources/Finance teams are also a part of the Legislative Department. Communications staff assist Councilmembers and the Council as a whole in communicating values, goals and issues to the public by providing marketing and public relations services, including website and social media management, strategic media relations and public affairs work. Human Resources/Finance staff provide employee relations, talent acquisition, employee development, performance management, benefits administration services, finance, budget, accounting, and payroll for the Legislative Department and Office of City Auditor.

# Legislative Department

## Budget Overview

The 2023 Adopted and 2024 Endorsed budgets include technical adjustments to bring the department's baseline budget into alignment with internal service cost changes and annual wage increases.

Additionally, the budget includes an additional \$200,000 in ongoing JumpStart Payroll Expense Tax Administrative funds to support the Council Central Staff's ability to analyze issues and make recommendations to Councilmembers related to payroll tax-funded initiatives. See the Incremental Budget Changes section below for more details.

## Incremental Budget Changes

	Dollars	FTE
<b>2022 Adopted Budget</b>	<b>19,910,165</b>	<b>100.50</b>
<b>Baseline</b>		
Appropriations for 2022 Annual Wage Increase	528,186	-
Citywide Adjustments for Standard Cost Changes	178,912	-
<b>Proposed Operating</b>		
Add JumpStart Payroll Expense Tax Administration Support	200,000	-
<b>Total Incremental Changes</b>	<b>\$907,098</b>	<b>-</b>
<b>Total 2023 Proposed Budget</b>	<b>\$20,817,262</b>	<b>100.50</b>

## Description of Incremental Budget Changes

### Baseline

#### Appropriations for 2022 Annual Wage Increase

Expenditures \$528,186

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime and temporary labor. There is no increase assumed from 2022 to 2023.

#### Citywide Adjustments for Standard Cost Changes

Expenditures \$178,912

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department.

# Legislative Department

## Proposed Operating

### Add JumpStart Payroll Expense Tax Administration Support

Expenditures \$200,000

The City's 2023 Adopted and 2024 Endorsed budgets spend approximately \$321 million in JumpStart Payroll Expense Tax (payroll tax) proceeds, of which \$8 million is allocated to administration and evaluation. This item adds \$200,000 backed by payroll tax to the Legislative Department to support analytical capacity.

# Office of the Mayor

Bruce Harrell, Mayor

(206) 684-4000

<http://www.seattle.gov/mayor/>

## Department Overview

The Office of the Mayor works to provide leadership to the residents, employees, and regional neighbors of the City of Seattle and to create an environment that encourages ideas, civic discourse, and inclusion for the City's entire diverse population.

In the municipality of Seattle, the Mayor governs the Executive Branch as its chief executive officer. The many legal roles and responsibilities of the Mayor, and those working directly for the Mayor, are prescribed in the City Charter, state statutes and municipal ordinances. Elections for this nonpartisan office are held every four years.

## Budget Overview

The 2023 Adopted and 2024 Endorsed Budget is the Harrell administration's first budget and provides an opportunity to align the Mayor's Office budget with the resources needed to implement the Mayor's support of One Seattle policies and programs. In addition to resources directly budgeted in the Mayor's Office, the Mayor's Office coordinates a variety of citywide activities requiring Executive oversight, including the Unified Care Team/Clean Seattle and public and community safety initiatives.

Specifically for 2023-2024, the adopted budget increases funding to pay for a new Mayor's Fellow program, transfers the Mayor's Counsel position from the City Attorney's Office to the Mayors' Office, and appropriates, and provides a local match for, a grant from Casey Family Programs to research public safety issues. The adopted budget also includes technical Citywide adjustments related to internal service costs and personnel costs as well as some one-time costs stemming from prior administration activities. These central cost adjustments are the primary driver of the growth in the Mayor's Office adopted budget.

### City Council Changes to the Proposed Budget

The Council made no changes to the 2023-2024 Proposed Budget.

## Office of the Mayor

<b>Total Incremental Changes</b>	<b>\$2,767,774</b>	<b>1.00</b>
<b>Total 2023 Adopted Budget</b>	<b>\$10,406,048</b>	<b>40.50</b>

### Description of Incremental Budget Changes

#### Baseline

##### Citywide Adjustments for Standard Cost Changes

Expenditures \$1,397,725

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

##### Appropriations for 2022 Annual Wage Increase (AWI)

Expenditures \$219,096

This centrally administered change adjusts appropriations to reflect an annual wage increase in 2022, as outlined in the agreements between certain City unions, for personnel costs included in this department. These agreements were not finalized until after the 2022 budget had been adopted. This change includes ongoing cost increases to salary, FICA, Medicare, retirement, overtime, and temporary labor. There is no increase assumed from 2022 to 2023.

#### Proposed Operating

##### 2023 Casey Family Programs Grant to Support Public Safety

Expenditures \$650,000

Revenues \$500,000

## Office of the Mayor

The Mayor's Office is receiving a grant from Casey Family Programs for \$500,000, that will support 3.0 temporary FTE for research, planning, and implementation of programming related to public safety. This item appropriates funds from the Casey Family Programs grant and provides additional \$150,000 of General Fund support to meet the local match required by the grant. It is anticipated that the Mayor's Office will also receive this grant in 2024.

### **Mayor's Fellow Program - Small Department Cost Waivers**

Expenditures	\$28,000
--------------	----------

This item increases funding in the Mayor's Office by \$28,000 to cover the costs associated with a Mayor's Fellow Program for small departments that are unable to support fellows. Beginning in 2023, the Mayor's Fellow program will competitively identify eight graduate students pursuing their master's or doctorate in public policy administration from an accredited university. Fellows will work on department-specific projects that support mayoral initiatives and priorities. During their fellowship, the cohort of eight Fellows will work on their assigned project and meet as a team to discuss their work, gain exposure to other City departments, and participate in special cohort events. Departments may request the assignment of a Fellow to work on a project and are expected to cover all associated labor costs within existing appropriation authority. Small departments may request a cost waiver, and if granted, the Mayor's Office will fund their Fellow.

### **Transfer Mayor's Counsel position from City Attorney's Office to Mayor's Office**

Expenditures	\$190,689
--------------	-----------

Position Allocation	1.00
---------------------	------

This item, in conjunction with a change in the City Attorney's Office, transfers the Mayor's Counsel funding and position to the Mayor's Office. This item adds 1.0 FTE, Executive 4 and shifts budget of \$191,000. This position has been acting as counsel to the Mayor's Office under a Memorandum of Agreement between the Mayor's Office and the City Attorney's Office. The parties have agreed that moving forward, it is more appropriate to have this position housed in the Mayor's Office. A corresponding item in the City Attorney's Office budget abrogates 1.0 FTE City Attorney, Asst and reducing expenses by \$191,000.

### **Align Budget with Anticipated Costs**

Expenditures	\$282,264
--------------	-----------

This item makes technical adjustments and provides funding to the Mayor's Office to align budget with anticipated actuals for 2023-24 for consulting, travel, training, intern support, and labor costs.

**Notes:**

<sup>1</sup> 2022 Budget Adjustments include AWI, carryforwards, supplementals and 2021 encumbrance carryforwards.

<sup>2</sup> Through CBA FG-903-A-001-2023, Council transferred \$1.2 million in JumpStart revenue into the Sweetened Beverage Tax Fund in both 2023 and 2024 to temporarily buffer a shortfall in Sweetened Beverage Tax (SBT) revenue. This action is in response to the November 2022 revenue forecast.

<sup>3</sup> If the current revenue projection were to remain accurate and no other revenue sources are utilized to supplement SBT revenues, expenditure reductions of this magnitude would be necessary to keep the fund balanced.

<sup>4</sup> Due to a technical error, the revenues in the funds section of the 2023 Adopted and 2024 Endorsed budget overstates total anticipated revenues for the SBT fund; they are accurately represented in this financial plan. The error will be corrected through 2023 legislation to align them with this financial plan.

Assumptions

<sup>1</sup> Revenue projections reflect a continuing decline in Franchise Fees and associated PEG revenues. In addition, one of the three Cable providers, CenturyLink, ended its Cable service as of 12/31/20, with only a modest amount of Nov/Dec franchise fee revenue from CenturyLink arriving in 2021.

<sup>2</sup> 2021 Revenues came from a \$150,000 settlement with CenturyLink to wrap up that franchise agreement plus one-time corrective payments from Comcast for prior year shortfalls for Franchise Fees & PEG. 2022 reflects a one-time Comcast payment to resolve issues from Nov. 2015 through Dec. 2019.

<sup>3</sup> Abandonment of the Seattle Channel's CIP carryforward

<sup>4</sup> This represents a transfer from ITD fund 50410. The refund shown for 2021 is estimated and still being reviewed.

<sup>5</sup> Placeholder for covering the shortfall currently projected for the Cable Fund

Notes:

- Chapter 296-15 establishes the requirement to maintain a reserve of 25% of claims costs. This required reserve amounts for 2022 and 2023 are \$5.7 million and \$7.4 million respectively. This financial plan indicates an expectation in 2022 and 2023 that excessive claims and pensionable costs will require use of some portion of the 25% reserve. This financial plan shows a "worse case" expectation and the City replenishing this reserve, as necessary, at the 25% level with the 2024 Proposed/Adopted Budget, when the final short-fall will be known.
- City policy is to establish a reserve to manage the volatility of pensionable claims payments for those employees who are unable to return to work after a workplace injury, or death. A high level of pension payouts is occurring in 2022, which will deplete the existing reserve as indicated above. This financial plan shows the City re-establishing this reserve to a \$3 million level in the 2025 Proposed/Adopted budget process.

**Notes:**

<sup>1</sup> The Democracy Voucher Program is funded by a voter-approved, ten-year levy that expires December 31, 2025. In this scenario, the program is not renewed, however if another ballot measure is put forth and approved by voters, the program may continue in 2026 and beyond.

**Note 1** - Based on the terms of the State and Local Fiscal Recovery Fund grant, Coronavirus Local Fiscal Recovery Funds are required to be obligated by 12/31/2024 and spent by 12/31/2026. Spending for some programs is expected to continue into 2023 and 2024, but funding was appropriated in 2021 and 2022, with outyear funding being carried forward via grant carryforward processes. Projections for outyear spending have not been included in this document.

**Note 2** - Several net-zero adjustments were made to the 2022 Budget in supplemental ordinances. Appropriation was decreased in several departments as a result of actual or expected underspend and an equivalent appropriation increase was provided in Finance General. Finance General appropriations support cash transfers to the General Fund to effectuate additional revenue replacement-supported spending. Revenue replacement is one eligible use of CLFR funds.

**Notes:**

1. 2022 Early Learning revised expenditures includes one time resources for Birth to 12 labor costs and ParentChild+ Program typically funded with General Fund resources.
2. 2022 K-12 Revised Expenditures includes 2020 BIPOC investments, 2021 Black Girls Council Budget Action (CBA) and Opportunity Promise.
3. 2022 Revised Expenditures for Seattle Parks and Recreation (SPR) is the remaining balance for the Parks COVID Co-Pay relief program.
4. 2023 - 2026 K-12 Expenditures are for Opportunity Promise. Reserves decline over time to offset this expenditure.
5. The FEL Levy Reserves automatically carry forward annually per ordinance through the administrative carryforward process.
6. K-12 BIPOC Commitments Reserve includes remaining funding from \$4M 2020 BIPOC investments and 2021 Black Girls CBA.
7. FEPP Levy Commitment reflects the adopted levy plan contribution of \$12M fund balance from the FEL levy undesignated fund balance to FEPP levy.

**Notes:**

- 2022 Early Learning revised expenditures include 3-classrooms expansion costs; summer extension; and Seattle Parks and Recreation (SPR) renovations for preschool facilities.
- Includes Capital Expenditures carryforward for SPR preschool facility renovations which will be complete in 2023.
- The SPP Levy Reserves automatically carry forward annually per ordinance through the administrative carryforward process.
- Summer Extension is a program to help address the learning loss and to better prepare preschoolers, especially rising kindergarteners, for the fall.

**Notes:**

1. Outyear property tax growth estimated at 1% based on CBO forecast.
2. Families and Education Levy (2011) Fund Balance is based on the adopted FEPP levy implementation plan.
3. 2024-2026 expenditure growth rate matches the rate of growth in the FEPP implementation plan.
4. 2022 Supplemental Changes include changes in the Q2 mid-year supplemental, and \$1.6 million in Council Budget Actions previously funded with General Fund.
5. These provide resources to continue FEPP programming in 2026 and was anticipated in the levy.
6. These are resources set aside in the 2021 budget for additional programmatic needs.
7. These reserves are drawn down by proposals in Seattle Promise and K-12 Culturally Specific and Responsive programming.
8. These are adjusted to reflect the 2022 mid-year supplemental changes which drew down \$0.3 million of the reserve.
9. These are resources set aside in the 2023-24 budget for additional programmatic needs for the 2024-2025 and 2025-2026 school years.
10. This item restores \$1 million in Early Learning's budget that council reallocated from the 2024 budget to fund school-based mental health services.<sup>10</sup>

**Notes:**

1. Per CBO, 2012 levy estimated to collect 99.6% of total levied amount. Revenues collected in 2020 and beyond are delinquent payments of prior year taxes.
2. SPL has set aside remaining fund balance from the 2012 levy for its capital program to address construction inflation and unforeseen emergent projects

**Notes:**

1 - Per CBO, levy only estimated to collect 99.6% of property tax revenues once all payments have been received.

2 - Per CWA, 2020 revenues were understated by \$373,638. Revenues have been adjusted in 2021.

3 - SPL experienced higher than projected inflation in 2022--long-term financial plan includes 2023 purchasing power adjustment of +2% for Collection, Technology, Facilities; +8% for CIP

**Notes:**

Legislated changes from STBD stand-alone ordinances (Ordinance 126327 and Ordinance 126289) are reflected in the corresponding funding source/BSL line in the "2021 Legislated" column.

Expenditures in 2023-2025 are in alignment with the STBD Proposition One spending plan as Presented in the Transportation and Utilities Committee on March 3, 2021 and the 2022 \$20 VLF spending plan as presented in the Transportation and Utilities Committee on May 5, 2021.

Reserves for "ramp down" and "ramp up" are set asides for future transit service hour purchase.

Financial plan does not include future CRSSA credits for transit service.

"New \$20 VLF Reserve" denotes an opportunity to reaffirm or reprioritize the 2021 community priorities for the first four years of spending on this funding source.

<sup>1</sup>Cash Balance Reserve of \$5 million required by CRS Policy 12 (Resolution 31952). The Cash Balance Reserve was used during COVID and will be fully replenished by 2023.

<sup>2</sup>An Economic Forecast Reserve in the REET Capital Funds is being created in the 2023-2024 Budget process. This reserve is intended to help absorb significant fluctuations in the REET revenue forecast, as well as right size the cash reserve size in proportion to the 10 year increase in REET revenue. CBO will work with City Council to officially incorporate this reserve in the CRS/REET policies as part of the 2024 budget process.

Ordinance 125990 authorized an interfund loan of \$12,225,000 from the REET I Capital Projects fund for the Central Waterfront Improvement Fund to be repaid by 12-31-2023.

**Notes:**

<sup>1</sup> Beginning fund balance is based on the cash balance on January 1, 2022, and that is utilized to calculate our-year beginning fund balances.

<sup>2</sup> Out year assumptions represent forecasted cash flows in the utility's Financial Planning Model which is used to evaluate City Light rate impacts, potential bond offerings, and the overall financial performance of the utility.

<sup>3</sup> 2022 Budget adjustments include AWI, carryforwards (CIP and operating), supplementals and 2021 encumbrance carryforwards.

**Water Fund (43000)**

Amounts in \$1,000s	2021 Actuals	2022 Adopted	2022 Revised	2023 Adopted	2024 Endorsed	2025 Projected	2026 Projected
<i>Ending Unreserved Budgetary Fund Balance</i>	(850)	2,839	(3,952)	0	(0)	(0)	(0)

**Assumptions:**

<sup>1</sup>Billable Project Revenues: Double budget appropriation for IT Project Management resources that are not assigned to specific Projects.

<sup>2</sup>ITD's Cost of Technology Consumption: ITD's consumption of ITD projects and services. Represents intra-fund (50410) revenue.

<sup>3</sup>Non-City Agency Revenues: Revenue collected from Agencies outside of the City of Seattle (e.g., King County).

<sup>4</sup>Rates Direct Billed (2021 CIP Carryforward Items): Unspent CIP budget, carried forward from FY 2021 to FY 2022, that will be direct billed to customers (i.e., ITD bills customers based on actual expenses).

<sup>5</sup>Rates Direct Billed (2021 Operating Carryforward Items): Unspent operating budget, carried forward from FY 2021 to FY 2022, that will be direct billed to customers (i.e., ITD bills customers based on actual expenses).

<sup>6</sup>Rates: Direct Billed (2021 Grants Carryforward): Unspent Rainier Beach Grant budget, carried forward from FY 2021 to FY 2022, that will be direct billed to customers (i.e., ITD bills customers based on actual expenses).

<sup>7</sup>CIP Delayed Revenue Collection: Revenues Seattle IT was unable to collect in 2021 that will be collected in 2022.

<sup>8</sup>One-Time Projects: Reserves for various one-time ITD projects.

<sup>9</sup>Expenditures in the out years are reflecting the real debt service schedule in the out years instead of standard inflation per CBO.

<sup>10</sup>Current Year Grant/Svc Contract/Capital CFD Revenues: Includes the direct billed revenues to be collected in FY 2022 for CIP (excluding PC-IT-C7050 'Radio Communications CIP'), Encumbrances, Grants, and Special Carryforward budgets.

<sup>11</sup>Current Year Grant/Svc Contract/Capital Expenditure CFD's: Includes the allocated revenues collected in FY 2021 for CIP (excluding PC-IT-C7050 'Radio Communications CIP'), and Special Carryforward budgets.

<sup>12</sup>Computer Replacement: PC replacements for various departments, including the Law Department which replaces all of its PCs every five years, versus a portion each year.

<sup>13</sup>Revenue for Un-funded Items Added Late in the 2022 Budget: These items were added late in the budget process and did not include revenue for 2022. Revenue collection is reflected in the out years.

**Note:**

ORD 126227 authorized an interfund loan of \$25 million from the Information Technology Fund (50410) to the Transportation Fund (13000), to be repaid within four years to avoid a permanent diversion of funds in compliance with BARS Section 3.9.1.

### **Cost Allocation Tables:**

These tables provide information about how the City allocates internal service costs (i.e. overhead provided by City agencies to other City agencies) to customer agencies.

# Cost Allocation

## Central Service Departments and Commissions - 2023 Cost Allocation Factors

Central Service Department	Cost Allocation Factor
City Auditor	Count of audit reports per department over prior two-year period.
City Budget Office	Percent of FTE time spent on cost allocation departments/funds.
Civil Service Commission	Two-year average number of cases by department.
Office of Civil Rights	Enforcement: 2-year average number of cases filed by department. RSJI: 2-year average number of department-specific trainings Policy: 100% General Fund Administration: Applied proportionally to department programs.
Office of Employee Ombud	Budgeted FTE by department.
Office of Intergovernmental Relations	Staff time and assignments by department.
Office of Sustainability and Environment	Management assessment of FTE time on work programs.
Department of Finance and Administrative Services	Various factors and allocations. See Appendix B(1) for details on services, rates, and methodologies.
Seattle Information Technology	Various factors and allocations. See Appendix B(2) for details on services, rates, and methodologies.
Law Department	Two-year average of civil attorney and paralegal service hours by department (excludes hours that are covered by direct billing via MOAs), including proportionate amount of overhead.
Legislative Department	City Clerk's Office based on number of Legislative items; Central Staff and Legislative Assistants on assignments; City Council 100% General Fund or by MOA* and City Clerk based on workload.
Seattle Department of Human Resources	Various factors and allocations. See Appendix B(3) for details on services, factors, and methodologies.
State Examiner (State Auditor)	75% by PeopleSoft data points; 25% by budgeted FTEs.
Emergency Management	Actual expenditure dollar spread.

*\*Memorandum of Agreement (MOA) on charges*

# Cost Allocation

## Department of Finance and Administrative Services Billing Methodologies – B(1)

Service Provider	Org	Service Provided	Billing Methodology	Billing Method
<b>Fleet Management Division</b>				
Vehicle Leasing	FAD03	<ul style="list-style-type: none"> <li>Vehicles owned by, and leased from, Fleet Services</li> <li>Vehicles owned directly by Utility Departments</li> </ul>	<ul style="list-style-type: none"> <li>Calculated rate per month per vehicle based on three lease-rate components: 1) vehicle replacement; 2) routine maintenance; and 3) overhead.</li> <li>Charge for overhead only as outlined in MOUs with Utilities.</li> </ul>	Fleets rates.
Motor Pool	FAD04	Daily or hourly rental of City Motor Pool vehicles.	Actual vehicle usage by department per published rates. Rates vary by vehicle type and are based on time usage, with a set minimum and maximum daily charge.	Direct bill.
Vehicle Maintenance	FAD05	<ul style="list-style-type: none"> <li>Vehicle Maintenance labor.</li> <li>Vehicle parts and supplies.</li> </ul>	<ul style="list-style-type: none"> <li>Actual maintenance service hours, not included in the routine maintenance component of the Lease Rate (above). Billed at an hourly rate.</li> <li>Actual vehicle parts and supplies, used in vehicle maintenance services, and not included in the routine maintenance component of the Lease Rate (above). Billed at cost plus a percentage mark-up.</li> </ul>	Direct bill.
Vehicle Fuel	FAD07	Vehicle fuel from City-operated fuel sites or private vendor sites through the Voyager Fuel Card program.	Actual gallons of fuel pumped, billed at cost plus per-gallon mark-up.	Direct bill.
<b>Facility Services</b>				
Property Management Services	FAC03	Office & other building space.	Property Management Services for City-owned buildings.	Space rent rates.
Property Management Services	FAC03	Leased spaces.	Service agreements with commercial tenants, building owners and/or affected departments.	Direct bill.
Real Estate Services	FAC03	Real estate transactions including acquisitions, dispositions, appraisals, etc.	Applicable operating costs based on staff time per customer department.	Cost Allocation to Relevant Funds.
Facilities Maintenance	FAC04	Crafts Services: Plumbing, carpentry, HVAC, electrical, painting.	<ul style="list-style-type: none"> <li>Regular maintenance costs included in office space rent and provided as part of space rent.</li> <li>Non-routine services charged directly to service user(s) at an hourly rate.</li> </ul>	Space rent rates; direct bill.
Janitorial Services	FAC05	Janitorial services.	Janitorial services included in rate charges for the downtown core campus buildings.	Space rent rates.
Parking Services	FAC06	Parking services.	Monthly parking costs for City vehicles are charged to department based on actual use. Hourly parking vouchers are sold to departments in advance of use, as requested. Vouchers for private tenants and personal vehicles of City staff are sold on monthly and hourly bases, as requested.	Direct bill; direct purchase

# 2023 Seattle City Council Statement of Legislative Intent

Council Budget Action: Agenda

Tab	Action	Option	Version
CBO	320	A	001-2023

**Budget Action Title:** Request that CBO's Innovation & Performance Team provide recommendations for a permanent home department for the City's parking enforcement unit

Ongoing: No Has Attachment: No

Primary Sponsor: Teresa Mosqueda

Council Members:

Staff Analyst: Greg Doss

Date		Total	LH	TM	KS	AP	DJ	DS	AL	BC	SN
	Yes	0									
	No	0									
	Abstain	0									
	Absent	0									

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request an interdepartmental team (IDT) to be formed to determine which existing or new city department would provide an optimal permanent home for the city's Parking Enforcement Unit, including parking enforcement officers (PEOs) and PEO Supervisors. The IDT should produce a report by April 15,, 2023 that recommends a department that aligns with the City's codified policy goals in Ordinance 126233 to:

1. "Bolster public trust and confidence in a reimagined system of community safety;" and
2. Maintain consistency of PEO mission and core responsibilities, with a potential for expanded and greater role in the provision of civilian provided safety services, including interest in some or all of the functions identified in SPD-500-B-002 are desired.

To determine which new or existing department might best align with the above goals, the IDT should consider the unique needs of the PEOs and PEO supervisors, some of which include:

- A. Operational infrastructure necessary to support 123 FTEs (105 PEOs, 12 PEO Supervisors and six management and support positions), continuation of executive support, human resources staff, safety and training staff, field operations, fleet management and support positions such as finance and budget staff;
- B. Adequate office space and fleet facilities;
- C. Options to access to information technology infrastructure and data, including real time information on vehicle licensees, stolen vehicles, disabled parking placards, and criminal history data, if it is necessary to perform existing or envisioned PEO and PEO Supervisor duties;
- D. Options to interface with SPD staff during special events planning sessions and under changing conditions in the field;
- E. A collaborative working relationship between department management, the Parking Enforcement Officer's Guild and PROTEC 17 supervisors, ensuring that PEOs and PEO Supervisor voices are heard as the department undergoes any structural changes, and that PEOs and PEO Supervisors are properly prepared, equipped, and supported to thrive through change.
- F. Access to employee wellbeing and development programs that offer wellness resources and opportunities for professional growth such as leadership or specialty trainings;

# 2023 Seattle City Council Statement of Legislative Intent

Council Budget Action: Agenda

Tab	Action	Option	Version
CBO	320	A	001-2023

- G. Access to opportunities that allow PEOs and PEO Supervisors to interact with community, businesses, and other important constituencies; and
- H. Maintenance of a supervisory support structure to ensure that PEOs are not forced to work out-of-class in managerial roles.

The report may also recommend the addition of new resources, a reorganization of existing city department staff and space or any other change necessary to ensure that the identified department is equipped to support the Parking Enforcement Unit and the goals identified above. If new resources or a reorganization are recommended, the IDT should also identify the next steps that must be taken to facilitate the change process.

The IDT should include the Chair of the Council's Public Safety and Human Services (PSHS) Committee (or a representative), Chair of the Finance & Housing Committee or her Representative, Council Central Staff, Labor Representatives from the Parking Enforcement Officers Guild and PROTEC 17, Labor Relations staff, the Senior Deputy Mayor and/or her executive branch appointees.

The Performance & Innovation Team should submit the report to the PSHS Committee and the Central Staff Director by April 15, 2023.

# 2023 Seattle City Council Statement of Legislative Intent

Council Budget Action: Agenda

Tab	Action	Option	Version
CBO	600	A	001-2023

**Budget Action Title:** Request that CBO report on use of 9-1-1 excise tax revenue

Ongoing: No Has Attachment: No

Primary Sponsor: Teresa Mosqueda

Council Members:

Staff Analyst: Ann Gorman

Date		Total	LH	TM	KS	AP	DJ	DS	AL	BC	SN
	Yes	0									
	No	0									
	Abstain	0									
	Absent	0									

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the City Budget Office (CBO) report on the use of 9-1-1 excise tax revenue, policies around such use, and planned one-time and ongoing expenditures from this revenue.

The Revised Code of Washington (RCW 82.14B.030) authorizes King County to impose a county 9-1-1 excise tax on consumers of switched access (wireline) lines, radio access (wireless telephone numbers) lines, Voice over Internet Protocol (VoIP) services, and prepaid wireless services to support the operational costs of providing 911 services and efforts to modernize its existing 9-1-1 communications system. King County collects this tax, at a current rate of \$.70 per line per month, and the King County 9-1-1 Program Office allocates revenues to the County's 12 Public Safety Answering Points (PSAPs) on the basis of call volume. King County maintains an escrow account for each PSAP and deposits tax revenues on a quarterly basis. Unspent revenues accrue in these escrow accounts as account balance.

The City's two PSAPs are the Fire Alarm Center (FAC) at the Seattle Fire Department (SFD) and the Community Safety and Communications Center (CSCC). This SLI requests that CBO provide separate reports on county 9-1-1 excise tax revenue that flows to the FAC and the CSCC. Each report should provide (1) a list of reimbursement requests from the escrow account for 2018 through 2022 and a list of planned or anticipated reimbursement requests from the escrow account for 2023 through 2025, including a description of each expenditure and whether it was/will be one-time or ongoing; (2) any applicable policies or accepted practices governing the use of these revenues and/or the treatment of account balance in the escrow account; (3) a description of how the department and/or CBO determines that 9-1-1 excise tax revenue is an appropriate funding source for a given expenditure thus a reimbursement request should be made; and (4) financial plans, if any, related to funds in the escrow account.

CBO should submit the report to the Chair of the Public Safety and Human Services Committee and the Central Staff Director by June 1, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that Seattle Center (CEN) collaborate with Seattle Public Schools (SPS), other City departments, and non-City stakeholders and partners to produce a report on the project scope, timing, cost estimates, and funding sources for the redevelopment of Memorial Stadium. The report should, at a minimum, quantify funding commitments from King County, the State, philanthropy, and private investors in addition to SPS' \$66.5 million in Buildings, Technology, and Academics/Athletics Capital Levy V (BTA V) funding and the City's funding. The City's planned funding for the Memorial Stadium redevelopment and the associated debt service is identified in the 2023-2028 Capital Improvement Program in the Memorial Stadium Redevelopment project (MC-SC-S9505) and the Memorial Stadium Redevelopment – Debt Service project (MC-SC-S9506).

This SLI would express Council's intent to continue working with the Mayor and SPS to identify additional funding, above the \$21 million of cash and debt in the 2023-2024 budget, with a goal of reaching a combined total contribution of \$40 million from the City for this project.

CEN should report to the Public Assets and Homelessness Committee by July 1, 2023.

## Responsible Council Committee(s):

Public Assets and Homelessness

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the Community Safety and Communications Center (CSCC) provide a report to the Public Safety and Human Services Committee (PSHS) Committee on its staffing and call answering performance.

The report should be submitted on June 1, 2023 and include (1) an analysis of current staffing levels that includes recommendations for the appropriate FTE level for each job classification housed at the CSCC and a rationale for those recommendations; (2) an analysis, informed by staff input, of the extent to which (a) current staffing levels are impacting staff well-being and morale and (b) staff have sufficient paid time to engage in training and professional development and activities that support mental health and well-being and/or that mitigate the effects of stress or trauma; (3) a list of all current positions at the CSCC including the date that filled positions were filled and the date that vacant positions became vacant; (4) a description of the CSCC's recruitment activities and their results from 2022 to date; (5) for September 2022 through April 2023, data that show the CSCC's performance against National Emergency Number Association (NENA) call-answering standards and the call-answering standards in CSCC's Interlocal Agreement (ILA) with King County 911; and (6) a timeframe for the CSCC's ability to count incoming non-emergency calls separately from incoming 911 calls and for its development of a proposed call-answering standard for non-emergency calls. The report should be submitted to the Chair of the PSHS Committee and the Central Staff Director.

It is anticipated that the information provided in the report will inform the future analysis of the CSCC's operational and technical needs, including an understanding of the funding that would be required to meet those needs.

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that the Department of Education and Early Learning (DEEL) provide draft legislation for the Council's consideration to prioritize enrollment in the Seattle Promise program, consistent with the priorities established in the Families, Education, Preschool, and Promise (FEPP) Levy Implementation & Evaluation (I&E) Plan. Council requests that DEEL present the draft legislation to the FEPP Levy Oversight Committee (LOC) and seek the LOC's recommendation on a proposed prioritization model prior to submitting draft legislation to the Neighborhoods, Education, Civil Rights and Culture Committee.

DEEL currently expects enrollment in the 2022-2023 school year to exceed initial projections by 388 students, with projected enrollment in the following three school years to exceed projections by approximately 500 students each year. The FEPP Levy I&E Plan states: "In the event that demand for Seattle Promise tuition supports exceed supply, tuition funds will be prioritized for low-income, first-generation (i.e. students who are first in their family to attend college), and/or African American/Black, Hispanic/Latino, Native American, Pacific Islander, underserved Asian populations, other students of color, refugee and immigrant, homeless, English language learners, and LGBTQ students. In collaboration with Seattle Colleges, DEEL will collect and analyze Promise Student enrollment, persistence, and completion trends to better understand how FEPP-funds are being utilized. DEEL and the Colleges will use this analysis to inform the further refinement of a student prioritization mechanism that responds to Seattle student and family needs, and promotes equitable access to post-secondary opportunity."

The Council requests that DEEL provide the draft legislation to the Neighborhoods, Education, Civil Rights and Culture Committee by June 1, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent requests that the Department of Education and Early Learning (DEEL) create a proposal for the use of all remaining Families, Education, Preschool, and Promise (FEPP) Levy underspend through 2022 to go toward Early Learning and K-12 programs. The proposal must include a detailed description of the programs proposed for investment and equity outcomes anticipated from the investments. Council requests that DEEL present the proposal to the FEPP Levy Oversight Committee and seek its recommendations prior to submitting the proposal to the Neighborhoods, Education, Civil Rights, and Culture Committee.

FEPP Levy underspend includes any prior year program appropriations that were not spent in those anticipated years, and which will continue to be held in FEPP Levy reserves after the adoption of the 2023 budget and endorsement of the 2024 budget.

The Council requests that DEEL provide a written proposal to the Neighborhoods, Education, Civil Rights, and Culture Committee by June 1, 2023.

## Responsible Council Committee(s):

## Statement of Legislative Intent:

Request that Finance and Administrative Services (FAS) and the Law Department (LAW) brief Council in Executive Session on particular cases and claims that cause a need for proposed increases to the Judgment and Claims Fund (JCF) in advance of each proposed mid-year and third quarter Supplemental Budget.

The City annually budgets General Fund (GF) revenue to cover expected eligible litigation, claims and settlement costs for GF Departments. Utilities budget separately for anticipated legal expenses and pay actual expenses as they are incurred. Consistent with policies adopted in 2018 by Resolution 31847, the budget for the JCF for the 2023-2024 Proposed Budget is intended to provide funding sufficient to meet an actuarially based 90 percent confidence level, meaning that sufficient funds should be available to cover expenses in nine out of ten years based on historical data.

That resolution also established a formula to determine GF departmental contributions to the JCF, primarily defined as the average percentage of judgments, claims, and other eligible expenses incurred by each department over the previous five years. Attachment A shows contributions from 2021- 2024 by GF departments for which the average is more than 2% of historical (five-year average) judgment and claim expenses.

Council receives a semi-annual report from the City's Risk Management Director on all claims and lawsuits for damages against the City, as directed by Resolution 31847, with the most recent report sent to Council by email on October 28, 2022.

In addition to costs related to litigation, claims and settlements paid by the JCF, the City at times budgets separately for certain costs related to actual or potential litigation. For example, the 2023-2024 Proposed Budget for FAS includes up to \$4.6 million in 2024 for remediation of the Seattle Police Department's shooting range in Tukwila. These costs relate to a potential enforcement action by the City of Tukwila for alleged grading without a permit.

It is the Council's intent that the City is transparent about JCF expenses and any other expenses related to legal actions after they have been paid, while maintaining appropriate attorney-client and work-product

### Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the Human Services Department (HSD) provide a report on contracting with human services providers.

In 2019, Council passed Ordinance (ORD) 125865 requiring HSD to provide annual inflationary adjustments for contracts with human services providers and submit a report evaluating this requirement to the Council by March 31, 2022. The 2023-2024 Proposed Budget includes funds for an inflationary adjustment for HSD contracts that is less than the amount required by ORD 125865 and budget legislation that would cap the inflationary adjustment at a 4.0 percent increase.

In consideration of HSD's workload and the proposed changes to the required inflationary adjustments, this SLI would provide HSD with more time to submit the report required by ORD 125865 and request additional information.

Consistent with ORD 125865, the report should address:

- Impacts of the required annual inflationary adjustments on the City of Seattle's (City's) budget and contracted service providers' financial stability, employee wages and retention, and provision of services;
- Evaluation of the Seattle-Tacoma-Bellevue Metropolitan Area Consumer Price Index for Urban Wage Earners and Clerical Workers, termed CPI-W, as a measure of changes in service providers' cost of providing services; and
- Recommendations for changes, if any, to regulations requiring annual inflationary adjustments.

The report should also address:

- Findings and recommendations of HSD's comparable worth wage analysis of human services work, being conducted by the University of Washington (City 2022 Adopted Budget, CBA HSD-002-B-001);
- Findings and recommendations of the Homeless Service Providers workforce study by the Washington State Department of Commerce (State 2022 Supplemental Operating Budget, ESSB 5693-Section 128);
- Recommendations for strategies to address the staffing shortage among service providers; and
- Recommendations for potential funding sources to increase service providers wages.

In developing the report, HSD should create a team of key partners and human service providers and

advocates that includes the Office of Housing, King County, Seattle Human Services Coalition, Seattle/King County Coalition on Homelessness, and King County Regional Homelessness Authority.

HSD should submit the report to the Public Safety and Human Services Committee and the Central Staff Director by June 20, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the Human Services Department (HSD) provide a quarterly report to City Council that provides basic performance metrics of the Unified Care Team (UCT), or its successor, and the collaborating departments and agencies that manage the City's response to unsanctioned encampments. This report would be similar to what was provided by HSD as requested by HOM-018-A-001 in 2022. These reports would ensure consistent reporting to the public by HSD, the King County Regional Homelessness Authority (KCRHA), other departments (as applicable), and contracted homelessness outreach providers to assess the outcomes and efficacy of responses to unsheltered homelessness. Reports should be submitted by January 31, April 30, July 31, and November 17, 2023. The report due January 31, 2023 should cover activities conducted from October 1 through December 31, 2022.

The metrics to report on would convey the performance in the following areas:

- 1) Number of people experiencing unsheltered homelessness who were engaged and connected to services;
- 2) Number of people experiencing unsheltered homelessness who were engaged and connected to safer spaces, including permanent housing, enhanced shelter, basic shelter, tiny home villages, or motel/hotel rooms;
- 3) Number of people declining referrals to shelter or housing and, if possible, their stated reason for declining referral;
- 4) Number of people living in an encampment who are displaced during encampment removals or resolutions; and
- 5) Number of hazardous and unsafe conditions stemming from, and found within, unauthorized encampments and any actions taken to address them

HSD should submit the reports to the Chair of the Public Assets and Homelessness Committee with a copy provided to the Central Staff Director, and copy filed with the City Clerk.

### Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the Mayor's Office (MO) and Human Services Department (HSD) collaborate on a plan to develop a Request for Qualifications (RFQ) process in HSD that would result in the award of funding to one or more facilities for addiction treatment, using a portion of Seattle's anticipated \$14.1 million in proceeds from a settlement against opioid medication distributors.

The State of Washington reached a settlement with McKesson Corp., Cardinal Health Inc., and AmerisourceBergen Drug Corp. in October 2022 for \$518 million. Local jurisdictions that receive a share of the funds must use that share in approved ways, including improving and expanding substance use disorder treatment and supporting people in recovery by providing wrap-around services like housing, transportation, and education.

It is the intent of the Council that some portion of the funding from settlement proceeds would be used to allow the facility or facilities to make addiction treatment available to individuals living in Seattle, and that each facility would submit quarterly reports on program activities. These reports would include how many people were referred to the facility for contract-funded addiction treatment, by whom or what organization they were referred, how many of those referred enrolled for contract-funded addiction treatment, how many people are currently enrolled for such treatment, and how many have completed such treatment.

This Statement of Legislative Intent uses the term addiction treatment as it is defined by the National Institute on Drug Abuse and the American Society of Addiction Medicine. According to those bodies, addiction treatment is treatment designed to help people recover from a chemical dependency and that is based on an individualized continuum of care which includes, at a minimum, an evaluation, detoxification and withdrawal stabilization supervised by a healthcare professional, behavioral therapy at a residential ("inpatient") or intensive outpatient treatment facility, and continuing care with a certified addiction-treatment counselor to maintain recovery. MO and HSD are requested to report on the plan to the City Council's Public Safety and Human Services Committee by May 1, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that the City Attorney's Office (LAW) conduct a racial equity toolkit regarding the impacts of domestic violence (DV) prosecutions.

In addition, the Council funded a convening of community members to issue recommendations about alternatives to incarceration for individuals accused of misdemeanor DV. The workgroup is scheduled to meet until spring 2023 and plans to issue a report with recommendations for community-based alternatives to the criminal legal system response to misdemeanor DV. This SLI would request that LAW report back on whether and how it intends to address the forthcoming recommendations of the DV workgroup assessing alternatives to the criminal legal system for misdemeanor DV.

LAW should report to the Public Safety and Human Services Committee by September 1, 2023.

	Absent	0									

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the City Attorney's Office (LAW) provide quarterly reports on sexual assault cases in the Criminal Division's Domestic Violence Unit (DVU).

The DVU, comprised of attorneys, victim advocates, and support staff, works on cases involving misdemeanor intimate partner domestic violence, elder abuse, and child abuse/neglect cases. The DVU also handles cases involving sexual assault, stalking, cyber stalking, indecent exposure, and child endangerment that could meet the threshold for felony prosecution.

The 2023-2024 Proposed Budget includes funding and position authority to add 2.0 FTE to the DVU for an Assistant City Prosecutor (ACP) and Senior ACP to add capacity for an increased workload of domestic violence cases; ensure consistency in filing, training, and public safety; focus on tracking felony referrals; and handle a caseload of high-risk offenders.

This SLI would provide Council with regular updates on the DVU's staffing and handling of sexual assault cases. The reports should include:

- A status update on whether the employees hired for the new ACP positions have completed the Washington State Criminal Justice Training Commission client-centered training for serving sexual assault survivors;
- The number of sexual assault cases assigned to each ACP position in the DVU;
- The number of sexual assault cases prosecuted; and
- The number of cases with sexual assault allegations that were not charged as sexual assault.

The department should include this information in the quarterly reports required by Seattle Municipal Code 3.46.020 and should submit the reports to the Chair of Public Safety and Human Services Committee and the Central Staff Director by May 1, 2023, August 1, 2023, and November 1, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would express Council's intent to update the guidance currently provided in Resolution 28885 related to the annual budget process through new legislation and request a Central Staff and Central Budget Office (CBO) workgroup prepare recommendations; and expresses Council's intent to apply the \$10 million GF under spend assumption to the non-appropriated planning reserves in the 2023 statement of a balanced GF budget and requests that the City Budget Office (CBO) updates the GF financial plan in future version of adopted or proposed budget books accordingly.

Updating policies related to the annual budget process & treatment of GF planning reserves

In 1994, the City Council adopted Resolution 28885, which outlined a process for creating a City budget with elements of a biennial budget process. Chapter 35.34.040 of the Revised Code of Washington (RCW) allows certain Washington cities the option of passing a two-year (biennial) budget every two years, then amending it during the two years it is in effect. The City of Seattle, to date, has not chosen to invoke RCW 35.34.040. Instead, the City Council adopted Resolution 28885 in 1994, which outlined a process for creating a City budget with elements of a biennial budget process, namely, the non-binding endorsement of a second-year budget.

Due to the COVID-19 pandemic and resulting financial crisis, in 2020, via Resolution 31954, the City suspended that biennial process for the 2021-2022 biennium and provided direction to strengthen the financial plan and to provide more transparency to the Council about the assumptions embedded in that plan. Those improvements have begun with new leadership at CBO and the partnership between CBO and Central Staff to provide greater oversight and ongoing monitoring of the GF financial plan.

This Statement of Legislative Intent (SLI) would express Council's intent to update the guidance currently provided in Resolution 28885 related to the annual budget process through new legislation and request a Central Staff and Central Budget Office (CBO) workgroup prepare recommendations.

The workgroup should discuss and consider the following policy areas:

# 2023 Seattle City Council Statement of Legislative Intent

## Council Budget Action: Agenda

Tab	Action	Option	Version
LEG	322	A	001-2023

-GF financial plan policies including (a) policy to incorporate all growth in expenditures required by current law in the GF financial plan and (b) update requirements of the proposed budget to include additional information on the financial plan.

-Financial planning practices for other funds including (a) reviewing current practices and (b) propose a timeline and scope for any recommended financial planning policy updates for other funds.

-Unreserved Fund Balances including (a) review the current planning reserve practices and (b) explore financial policies for planning reserves.

-Financial monitoring tools beginning with (a) review the current use of financial monitoring tools, including new processes CBO is introducing in 2023 and then (b) develop a timeline to achieve a regular information about budget-to-actual spending throughout the year.

-The appropriate cadence of supplemental budget ordinances during the year.

-Financial policies related to the adequate authority and flexibility of the Budget Director to move funding within Departments mid-year; this discussion should acknowledge the changes in budget systems including the use of budget summary levels (BSLs) that may render current policy outdated or overly restrictive.

-Timeline goals for mid-year policy changes including exploring (a) preferred timelines for transmitting proposed changes to fund policies in advance of a proposed budget transmittal and (b) preferred timelines for introduction and adoption of policy that will have significant impact on the proposed budget.

-Biennial budgeting process including the pros and cons of the city formally adopting a biennial budgeting process.

The working group should include staff from the CBO and the Council Central Staff and should produce a recommendation for the Finance and Housing Committee by May 31, 2023.

The Council recognizes that successful implementation of the policy recommendations may require additional resources.

### Underspend Assumption

To demonstrate a balanced budget, the Proposed 2023-2024 Budget includes a \$10 million under spend assumption in 2023 and in 2024. This assumption represents the intent for actual expenditures to be \$10 million lower than appropriated levels in 2023 and \$10 million less than endorsed appropriations for 2024. The GF financial plan submitted with the budget includes this amount as adjustments to expenditures which means the budgeted GF expenditures shown in the plan for 2023 would be \$10 million lower than the proposed GF appropriations submitted to the City Council in the 2023-2024 Proposed Budget.

Moving the \$10 million under spend assumption to the planning reserves, which are unappropriated in the GF budget, would align budgeted GF expenditures in the GF financial plan with the final appropriation amount when demonstrating a balanced budget pursuant to RCW 35.32A.030, the state balanced budget law. The Council requests that the GF financial plan published in the 2023 Adopted Budget Book reflect this approach. For 2024, as an alternative, the Executive could identify specific spending reductions across departments that would result in reducing GF expenditures by \$10 million overall.

	No	0									
	Abstain	0									
	Absent	0									

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the Office of Economic Development (OED) provide a report on the impacts of business technical assistance in high displacement risk neighborhoods.

The 2023-2024 Proposed Budget includes \$800,000 from JumpStart Economic Revitalization funds to expand OED's provision of business technical assistance for key industries and small businesses with an emphasis on culturally relevant and community-based services for Black, Indigenous, and People of Color (BIPOC) and immigrant-owned businesses. OED would provide this assistance by working with community-based providers and an expanded network of contractors offering language access resources and specific services on financial health, digital access, legal assistance, and other core business needs.

In 2022, OED launched these programs with one-time Coronavirus Local Fiscal Recovery and Equitable Community Initiative funds. The funds in the 2023-2024 Proposed Budget would provide sustained funding for the programs to address on-going needs of small businesses.

This SLI would provide Council with information on the impacts of OED's business technical assistance with a focus on high displacement risk neighborhoods that have been targeted by systemic and institutional racism. The report should include general information on current programs and programs expected to continue with sustained funding:

- List of funded organizations with descriptions of how particular organizations work with businesses in high displacement risk neighborhoods;
- Number of participating businesses;
- Number and percentage of BIPOC owned businesses; and
- Number and percentage of women owned businesses.

The report should also include specific information on businesses in high displacement risk neighborhoods:

- Number and percentage of businesses in high displacement risk neighborhoods;
- Description of services provided to these businesses;
- Description of feedback from these businesses (e.g., percentage of businesses reporting improved business practices or feeling more confident about the financial management of their business; areas of

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that the Office of Housing (OH), in the preparation of the housing levy renewal package that will be submitted to the Council in the spring of 2023, explore the following:

- 1) The scale and types of need for resident services in non-permanent supportive housing (PSH) projects. Specifically, the Council requests that OH (1) utilize consultant work to examine this issue in consultation with providers who would use this funding in the future and (2) include recommended program design and funding for resident services in non-PSH housing projects that could be considered for inclusion in the housing levy renewal package.
- 2) The need for additional predevelopment funding for housing projects and/or organizational capacity funding, particularly to assist smaller, community-based housing developers.

	Abstain	0									
	Absent	0									

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that the Office of Sustainability and Environment (OSE) collaborate with the City Budget Office and Urban Forestry Interdepartmental Team (IDT) to develop a report on the City's funding and expenditures for tree planting, stewardship, and other related activities. Currently, there are nine City departments that have a role in managing Seattle's urban forest:

- OSE coordinates citywide policy development, updates the Urban Forest Management Plan and monitors its implementation, and provides administrative support for the Urban Forestry Commission;
- Seattle Department of Transportation manages trees in the public right-of-way;
- Department of Finance and Administrative Services (FAS), Seattle Center, Seattle Parks and Recreation, and Seattle Public Utilities (SPU) manage trees on their property;
- SPU engages community in urban forest stewardship on both private property and in the right-of-way;
- Seattle City Light maintains trees near power lines;
- Seattle Department of Construction and Inspections (SDCI) and the Office of Planning and Community Development develop policies and plans; and
- SDCI enforces regulations for trees on private property.

This distributed structure of the City's urban forest management functions makes it challenging for the public to have a comprehensive understanding of how the City invests in maintaining and enhancing Seattle's urban forest. FAS has recently agreed to create a Funding Source code to track revenue from illegal tree removal penalties and ensure that this revenue is used to support tree planting, stewardship, and planning activities. This modified accounting system will be implemented beginning on January 1, 2023.

The report should include funding and expenditures for tree planting, stewardship, planning, and other related activities by department. Where possible, the report should provide information over multiple years to help reveal trends. Additionally, the report should offer recommendations for how the City can improve its practices on reporting the requested information moving forward and identify areas where additional funding may be needed so that the City can successfully implement the actions described in Seattle's 2020 Urban Forest Management Plan.

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that Seattle City Light (SCL) report to Council on the costs and benefits of new green power generation developed and owned by SCL compared to new, green power generation developed and owned by separate private or public entities. Green power is generated with fuel sources including the sun, wind, moving water, organic plant and waste material, and the earth's heat. The Inflation Reduction Act (IRA) of 2022 provides a federal subsidy for public utilities to consider building and operating their own generation resources. The Council expects that SCL's report will include consideration of potential federal subsidies.

SCL's 2022 Integrated Resource Plan (IRP) projects that in the next decade SCL will likely need to acquire additional power resources, such as local commercial or community solar projects, wind generated offshore and in Montana, and customer demand response programs. The Council adopted the 2022 IRP via Resolution 32061 in August 2022 and will consider an updated IRP again in 2024.

SCL should report to the Economic Development, Technology, and City Light Committee by October 1, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the Seattle Department of Construction and Inspections (SDCI) provide a work program to the Land Use Committee (LUC) to implement Mayor's Office and SDCI recommendations from the Small Landlord Stakeholder Group.

The 2022 Adopted Budget included SLI SDCI-009-B-001-2022, which requested that SDCI convene a stakeholder group, "to advise the City on regulatory and rental market challenges for small landlords and their tenants." See Attachment A. That 2022 SLI requests a report to the Finance and Housing Committee.

SDCI convened a stakeholder group from August to November 2022. A report from the Mayor's Office and SDCI based on the stakeholder group's work will come to the Council later this year or early in 2023.

This SLI requests that SDCI develop a work program based on that report that identifies actions for implementing any recommended regulatory or procedural changes for small landlords and their tenants. The work program should distinguish actions by whether they can be accomplished administratively or legislatively and identify the cost, including any additional personnel costs, of implementing each action.

SDCI should provide the work program to the LUC by July 10, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the Seattle Department of Construction and Inspections (SDCI) complete internal deliberations and promulgate a Director's Rule, or recommend a Council Bill, to codify new regulations for alleys, loading berths, and solid waste storage facilities.

SDCI has been developing a Director's Rule to address increased pedestrian and vehicle conflicts, among users, for service access to new development, particularly downtown. That rule would contain new development standards for loading berths, alley access, and solid waste storage facilities. SDCI's analysis of new regulations began in 2019, and SDCI has yet to promulgate a rule.

This SLI would request that SDCI, by June 30, 2023: (1) promulgate a rule related to service access for new development, and report to the Council's Land Use Committee on rule implementation; or (2) if SDCI determines that proposed regulatory changes must be accomplished by ordinance, transmit legislation to the Council.

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that the Seattle Department of Transportation (SDOT) provide a report on recommendations to improve coordination between Council and SDOT on constituent issue tracking and response. The report should, at a minimum, answer the following questions:

1) When residents have a request to improve their street for safety (whether it is a crosswalk, roundabout, four-way stop, a safe route to school, or a Vision Zero project), where and how do they send the request at SDOT?

2) When a Councilmember office receives a resident's request to improve their street for safety (whether it is a crosswalk, roundabout, four-way stop, a safe route to school, or a Vision Zero project), where and how should the request be communicated with SDOT?

3) How will SDOT respond to the resident directly or provide the Councilmember's office the necessary information to facilitate communication?

SDOT should report to the Transportation and Seattle Public Utilities Committee by April 1, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that the Seattle Department of Transportation (SDOT) work in coordination with the City Archivist to identify the historic street names for those Seattle neighborhoods that were once separately incorporated municipalities, which were subsequently annexed to the City of Seattle. Those former municipalities include old Ballard, Georgetown, Leschi, West Seattle, and Bryant.

The report should include a cost estimate, by formerly incorporated municipality, for replacing current street signs with street signs that include historic street names using the green and brown street sign design.

SDOT should report to the Transportation and Seattle Public Utilities Committee by July 17, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that the Seattle Department of Transportation (SDOT) provide recommendations to the Transportation and Seattle Public Utilities (TSPU) Committee on rate-setting policy for on-street parking and the authorized use of parking revenue. Seattle Municipal Code (SMC) 11.16.121.C assigns parking rate-setting authority to the SDOT Director, establishes a performance-based standard, and articulates policy goals. These policies have been largely unchanged since 2010 (Ordinance 123462).

Specifically, this Statement of Legislative Intent requests that SDOT:

1) Review the parking performance standard and performance goals articulated in SMC 11.16.121.C, and recommend any legislative changes in consideration of the role that curbside management and parking rates play or could play in the future. The review should consider the interaction between parking and traffic safety in the multi-modal transportation system.

2) Consult with the Office of Intergovernmental Relations (OIR) to review existing state authority for establishing on-street parking rates and the authorized use of parking revenues, and recommend any changes that the City should pursue with the State legislature if changes are necessary consistent with potential policy updates to SMC 11.16.121.C or other related parking policy goals.

SDOT should submit the report to the TSPU Committee and the Central Staff Director by July 1, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that the Seattle Department of Transportation (SDOT) and the Seattle Police Department (SPD) produce a report on the expansion of automated traffic cameras by July 1, 2023. The report should include:

(1) A detailed implementation plan for the doubling of the School Zone Camera program contemplated by Council Budget Action SDOT-103-B-001-2023. The implementation plan should include a schedule of school zone camera deployment by location; documentation of the race and social justice analysis used to inform the new school zone camera deployments; the anticipated budget adjustments to program administration and school safety programs based on the deployment schedule; and any anticipated legislation necessary to implement the camera deployment.

(2) An evaluation of the costs and benefits for expanding other automated traffic safety camera programs, including red light cameras, block-the-box/transit-lane enforcement cameras, speed zone cameras, and other traffic camera authority provided under state law. The evaluation should include a recommendation and proposed schedule for deployment of additional automated traffic safety cameras and programs.

SDOT and SPD should submit the report to the Transportation and Seattle Public Utilities (TSPU) Committee and the Central Staff Director by July 1, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that the Seattle Department of Transportation (SDOT) address specific issues of interest to the Council in the development of the Seattle Transportation Plan, as follows:

- 1) Identify policies and opportunities to promote pedestrian uses through woonerfs, shared spaces, traffic calming, and other design treatments, including the Capitol Hill Super Block.
- 2) Detail how the individual modal plans (Pedestrian Master Plan, Bicycle Master Plan, Freight Master Plan, and Transit Master Plan) are integrated and how potential conflicts are prioritized in the Seattle Transportation Plan.
- 3) Identify policies and opportunities for expansion of high-capacity transit, including future expansion of the light rail network beyond Sound Transit 3, and provide a map showing the high-capacity transit network and potential future light rail expansion.
- 4) Identify ways to support community engagement, community-based design, planning and visioning efforts to transform rights-of-way into vibrant public spaces.
- 5) Identify funding strategies for implementation, including seeking federal funding for design treatments that enhanced safety, support local businesses, and reduce vehicular emissions.

The Council anticipates consideration of these issues when future legislation is presented to adopt the Seattle Transportation Plan. This Statement of Legislative Intent is consistent with the Council's direction in the 2022 Budget proviso SDOT-004-B-001-2022.

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the Seattle Police Department (SPD) provide quarterly reports to the Public Safety and Human Services (PSHS) Committee on police staffing, overtime, finances, and performance metrics, including:

- (1) Staffing data including: (a) the "SPD Sworn Staffing Model;" (b) the "Precinct Staffing Report;" and (c) demographic data on hires and separations.
- (2) Overtime data including two years of actual and planned expenditures at the bureau and program level and accounting for both dollars spent and hours worked.
- (3) Financial data including three years of General Fund expenditures for: (a) salary and benefits; (b) interfund charges; (c) overtime; (d) personnel contracts, including consultants; (e) training and travel, including conferences; and (f) discretionary expenditures.
- (4) Performance data including: (a) 911 call response time metrics; (b) priority call (Z-Disposition) handling metrics; and (c) an explanation of how changes to patrol and department staffing have affected SPD's ability to meet its response time and call handling goals.
- (5) An update on the Work Schedule and Timekeeping project (WST), or a successor project, that will allow SPD to fully comply with the overtime and off duty work management recommendations made in the City of Seattle 2016 SPD Overtime Controls Audit.

All data should be submitted consistent with the format used in SPD-001-A-001-2022. Department budget staff should assume that the Chair of the PSHS Committee will request their presence at a hearing in the second week of the month following submittal of the data.

SPD should submit the reports to the PSHS Committee and Central Staff Director as follows: By February 24 the report should include the 2022 year-end staffing data requested in the first item (1) above. By April 24, and July 24 the reports should address all items (1-5) above.

## Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) would request that the Seattle Police Department (SPD) provide quarterly reports to the Public Safety and Human Services (PSHS) Committee on Stage 2 of the Risk Management Demand (RMD) project. The reports should address:

- (1) Whether the department is planning to request that external experts and/or the public review the specific call classifications that were recommended by the RMD algorithm or SPD staff (when overriding the RMD algorithm), as responsive to concerns raised during the PSHS Committee presentation on September 27, 2022;
- (2) A briefing on the Call Classifier technology, a real-time call triaging solution, integrated with the CAD system and available for access by CSCC workstations. The Call Classifier is a machine learning tool that will classify the severity of risk for any given call based on historical data of an emergency call's final type and associated outcomes. SPD staff should address how the Call Classifier system will interact with the final call classifications as presented in the PSHS Committee on September 27, 2022.
- (3) The status of fully integrating SPD and Seattle Fire Department call management system data (e.g., Computer Aided Dispatch (CAD) data) to eliminate the need for imperfect processes resulting in failed match conditions and further improve the accuracy of call triage;
- (4) The status of SPD's work with the Community Safety and Communications Center (CSCC) to reduce the scale and redundant nature of the call types;
- (5) Identification of the system go-live date and specific milestones for the "Deploy and Dashboard" phase that will be completed before June 2023;
- (6) Post go live - an overview of the data analysis process and identification of any preliminary findings that may be affecting the deployment of alternative 911 responders; and
- (7) Progress toward using the data to create a staffing model that will allow the city to determine its need for alternative 911 responders.

SPD should submit the reports to the PSHS Committee and Central Staff Director per the following schedule: by January 31, 2023, a report that covers items 1-4 above, by April 1, 2023, a report that covers item 5; and August 1, 2023, a report that covers items 6-7.

	No	0									
	Abstain	0									
	Absent	0									

## Statement of Legislative Intent:

This Statement of Legislative Intent requests that the Seattle Police Department (SPD) report to the Public Safety and Human Services Committee the following information and analysis related to emphasis patrols:

### A. SPD Data

All stops and detentions resulting from "proactive policing," "on-view" or "officer generated events" in the Computer Aided Dispatch (CAD) system and all data from criminal incident reports, and trust and safety survey results. In particular, SPD should report on the details of the CAD events and separate positive interactions (e.g., discussions with business owners) from criminal justice related interactions (e.g., stops and detentions).

### B. Outcomes and Impacts

1. Does SPD have a theory of change for emphasis patrols? If so, what is it?
2. What are the long- and short-term outcomes SPD has set for emphasis patrols?
  - a. Does SPD measure actual public safety or only perception of public safety? How is "public safety" defined?
3. How will SPD measure whether these patrols are successful? What data will be used?
4. How often will SPD assess emphasis patrols against its success indicators?
5. What will SPD do if its assessment shows little to no progress against those indicators?
6. How does SPD plan to assess whether emphasis patrols are causing harm? What data will be used?
7. Has SPD conducted any racial equity analysis on emphasis patrols? If so, please provide it and answer the following:
  - a. Does SPD have racial equity outcomes associated with the use of emphasis patrols? If so, what are they and what did SPD consider when setting them?
  - b. In what areas are emphasis patrols used and what are the racial demographics of the people living in those areas?
  - c. What factors may be producing and perpetuating racial inequities associated with the need to implement such emphasis patrols?
  - d. What are the root causes of these racial inequities, and what role does SPD have in addressing them?

# 2023 Seattle City Council Statement of Legislative Intent

Council Budget Action: Agenda

Tab	Action	Option	Version
SPD	303	A	001-2023

- e. What adverse impacts or unintended consequences could result from this policy? Which racial/ethnic groups could be negatively affected? How could adverse impact be prevented or minimized?
- f. How does/will SPD evaluate whether emphasis patrols increase or decrease racial equity?

## C. Other Services and Alternatives

1. Did SPD research other alternatives to emphasis patrols? If so, what did SPD consider and why did SPD decide on emphasis patrols?
2. What community violence prevention initiatives or services, such as housing and mental health care are being offered to individuals in the areas of emphasis patrols?
3. Does SPD proactively engage with service providers (City or community-based) to ensure services are offered to individuals in the areas of emphasis patrols before, during, or in lieu of arrest? If so, please describe that work and the data about how many people are diverted to services and which services.

## D. Emphasis Patrols and Individuals on the High Utilizers List

Work with the City Attorney's Office (LAW), necessary court systems, the jail, and other parties as needed to provide data and demographic information for the following:

1. How many individuals on the high utilizers list has SPD has arrested through emphasis patrols?
2. What is the average length of stay for those booked through emphasis patrols?
3. How many of those booked individuals were released on personal recognizance?
4. For how many of these individuals was bail was imposed and for how much? Did they post bail or remain in jail?
5. Did these individuals receive services at the jail? If so, which ones?
6. Were the individuals charged? If so, on what charges?
7. Were there competency reasons for not moving forward with some cases? If so, how many individuals are included in this category?
8. What was the outcome of court proceedings for charges stemming from the emphasis patrol arrest, including convictions, pleas, and sentencing/jail time for these individuals?
9. Were any of the individuals arrested again after sentencing? If so, where were they arrested, and were they were arrested through emphasis patrols?
10. How much has the City spent on jail beds for those arrested via emphasis patrols on the high utilizers list?
11. How many individuals on the high utilizers list arrested under this program had competency issues raised during adjudication?
12. How many individuals required psychiatric or specialized housing?
13. How many individuals were already connected to a social service provider?

SPD should report to the Public Safety and Human Services Committee by April 1, 2023.

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that Seattle Parks and Recreation (SPR) provide a report on the funding provided in 2023 to an organization, such as Kids and Paper, that provides after-school programs for resettled and immigrant children who are predominantly low income living in Magnuson Park. The Council understands that the Executive intends to provide funding of \$180,000 in 2011 Families and Education Levy underspend administered by the Department of Education and Early Learning (DEEL) to support such a program in 2023. A Memorandum of Understanding between DEEL and SPR would provide the mechanism by which this funding would be allocated for this purpose.

SPR is requested to provide a report to the Public Assets and Homelessness Committee by January 31, 2023 to confirm this funding has been allocated for the intended support of this type of program.

**Budget Action Title:** Request that SPU support the Lake Washington sockeye salmon co-managers as they assess the ongoing feasibility of transporting sockeye salmon through the Lake Washington Ship Canal, and provide a report describing those efforts

Ongoing: No Has Attachment: No

Primary Sponsor: Andrew Lewis

Council Members: Lisa Herbold, Dan Strauss

Staff Analyst: Brian Goodnight

## Statement of Legislative Intent:

This Statement of Legislative Intent would request that Seattle Public Utilities (SPU) support the co-managers of Lake Washington sockeye salmon as they assess the ongoing feasibility of transporting sockeye salmon captured near the Hiram M. Chittenden Locks, commonly known as the Ballard Locks, through the Lake Washington Ship Canal.

The Washington Department of Fish and Wildlife (WDFW) and the Muckleshoot Indian Tribe are the co-managers of Lake Washington sockeye salmon and, as such, are responsible for leadership and implementation of sockeye salmon transport efforts.

According to WDFW, less than half of the sockeye salmon returning to the Ballard Locks in recent years have been able to complete their journey and spawn in the Cedar River or at the Cedar River Sockeye Hatchery. Among other factors, the health and survival of the salmon are impacted by the high temperatures and low dissolved oxygen in the Lake Washington Ship Canal.

In 2021 and 2022, the Muckleshoot Indian Tribe, with the assistance of WDFW and the support of SPU and King County, initiated a project to capture adult sockeye salmon at the Ballard Locks and transport them by truck directly to the Cedar River Sockeye Hatchery, which is owned by SPU. Preliminary analysis of the data in 2021 indicate that about 97 percent of the transported fish survived to spawning.

The Council further requests that SPU provide a report or presentation to the Transportation and Seattle Public Utilities Committee by September 1, 2023 that describes SPU's efforts to support the co-managers in sockeye salmon transport, provides the results of any assessments that have occurred on the transport program, and discusses the feasibility of other transport methods (such as barges) or related actions that the co-managers are considering.

## Glossary

**Annual Comprehensive Financial Report of the City (ACFR):** The City's audited annual financial statements prepared by the Department of Finance & Administrative Services.

**Appropriation:** A legal spending authorization granted by the City Council, the City's legislative authority, to make expenditures and/or incur obligations for specific purposes.

**Biennial Budget:** A budget covering a two-year period. Under state law, a biennium begins with an odd-numbered year.

**Budget - Adopted and Proposed:** The Mayor submits to the City Council a recommended revenue and expenditure level for all City operations for the coming fiscal year as the Proposed Budget. When the City Council agrees upon the revenue and expenditure levels, the Proposed Budget becomes the Adopted Budget, funds are appropriated, and legal expenditure limits are established.

**Budget - Endorsed:** The City of Seattle implements biennial budgeting through the sequential adoption of two one-year budgets. When adopting the budget for the first year of the biennium, the Council endorses a budget for the second year. The Endorsed Budget is the basis for a Proposed Budget for the second year of the biennium, and is reviewed and adopted in the fall of the first year of the biennium.

**Budget Control Level:** The level at which expenditure appropriations are controlled to meet State and City budget law provisions.

**Capital Assets:** Assets of significant value and having a useful life of at least 10 years or more. Capital assets may also be referred to as "fixed assets."

**Capital Improvement Program (CIP):** Annual appropriations from specific funding sources are shown in the City's budget for certain capital purposes such as street improvements, building construction, and some kinds of facility maintenance. These appropriations are supported by a six-year allocation plan detailing all projects, fund sources, and expenditure amounts, including many multi-year projects that require funding beyond the one-year period of the annual budget. The allocation plan covers a six-year period and is produced as a separate document from the budget document.

**Chart of Accounts:** A list of expenditure, revenue, and other accounts describing and categorizing financial transactions.

**Community Development Block Grant (CDBG):** A U.S. Department of Housing and Urban Development (HUD) annual grant to Seattle and other local governments to support economic development projects, human services, low-income housing, and services in low-income neighborhoods.

**Cost Allocation:** Distribution of costs based on some proxy for costs incurred or benefits received.

**Cumulative Reserve Subfund (CRS):** A significant source of ongoing local funding to support capital projects in general government departments. The CRS consists of two accounts: the Capital Projects Account and the Revenue Stabilization Account. The Capital Projects Account has six subaccounts: REET I, REET II, Unrestricted, South Lake Union Property Proceeds, Asset Preservation Subaccount - Fleets and Facilities, and the Street Vacation Subaccount. The Real Estate Excise Tax (REET) is levied on all sales of real estate, with the first .25% of the locally imposed tax going to REET I and the second .25% to REET II. State law specifies how each REET can be spent.

**Debt Service:** Annual principal and interest payments the City owes on money it has borrowed.

**Errata:** Adjustments, corrections, and new information sent by departments through the City Budget Office to the City Council during the Council's budget review as an adjunct to the Mayor's Proposed Budget. The purpose is to adjust the Proposed Budget to reflect information not available upon submittal and to correct inadvertent errors.

# Glossary

**Full-Time Equivalent (FTE):** A term expressing the amount of time for which a position has been budgeted in relation to the amount of time a regular, full-time employee normally works in a year. Most full-time employees (1.00 FTE) are paid for 2,088 hours in a year (or 2,096 in a leap year). A position budgeted to work half-time for a full year, or full-time for only six months, is 0.50 FTE.

**Fund:** An accounting entity with a set of self-balancing revenue and expenditure accounts used to record the financial affairs of a governmental organization.

**Fund Balance:** The difference between the assets and liabilities of a particular fund. This incorporates the accumulated difference between the revenues and expenditures each year.

**General Fund:** A central fund into which most of the City's general tax revenues and discretionary resources are pooled, and which is allocated to support many of the operations of City government. Beginning with the 1997 Adopted Budget, the General Fund was restructured to encompass a number of subfunds, including the General Fund Subfund (comparable to the "General Fund" in prior years) and other subfunds designated for a variety of specific purposes. These subfunds are listed and explained in more detail in department chapters, as well as in the Funds, Subfunds, and Other section of the budget document.

**Grant-Funded Position:** A position funded 50% or more by a categorical grant to carry out a specific project or goal. Seattle Municipal Code 4.04.030 specifies that "categorical grant" does not include Community Development Block Grant funds, nor any funds provided under a statutory entitlement or distribution on the basis of a fixed formula including, but not limited to, relative population.

**Neighborhood Matching Subfund (NMF):** A fund supporting partnerships between the City and neighborhood groups to produce neighborhood-initiated planning, organizing, and improvement projects. The City provides a cash match to the community's contribution of volunteer labor, materials, professional services, or cash. The NMF is administered by the Department of Neighborhoods.

**Operating Budget:** That portion of a budget dealing with recurring expenditures such as salaries, electric bills, postage, printing, paper supplies, and gasoline.

**PeopleSoft 9.2:** The City's central accounting system managed by the Department of Finance & Administrative Services.

**Position/Pocket Number:** A term referring to the title and unique position identification number assigned to each position authorized by the City Council through the budget or other ordinances. Positions may have a common title name, but each position has its own unique identification number assigned by the Records Information Management Unit of the Seattle Department of Human Resources at the time position authority is approved by the City Council. Only one person at a time can fill a regularly budgeted position. An exception is in the case of job-sharing, where two people work part-time in one full-time position.

**Program:** A group of services within a department, aligned by common purpose.

**Reclassification Request:** A request to change the job title or classification for an existing position. Reclassifications are subject to review and approval by the Classification/Compensation Unit of the Seattle Department of Human Resources and are implemented upon the signature of the Director of Human Resources, as long as position authority has been established by ordinance.

**Reorganization:** Reorganization refers to changes in the budget and reporting structure within departments.

**SUMMIT:** The City's former central accounting system managed by the Department of Finance & Administrative Services.

**Sunsetting Position:** A position funded for only a specified length of time by the budget or enabling ordinance.

**TES (Temporary Employment Service):** A program managed by the Seattle Department of Human Resources. TES places temporary workers in departments for purposes of filling unanticipated, short-term staffing needs, such as vacation coverage, positions vacant until a regularly-appointed hire is made, and special projects.

# Glossary

**Type of Position:** There are two types of budgeted positions. They are identified by one of the following characters: **F** for Full-Time or **P** for Part-Time.

- **Regular Full-Time** is defined as a position budgeted for 2,088 compensated hours per year, 40 hours per week, 80 hours per pay period, and is also known as one full-time equivalent (FTE).
- **Regular Part-Time** is defined as a position designated as part time, and requiring an average of 20 hours or more, but less than 40 hours of work per week during the year. This equates to an FTE value of at least 0.50 and no more than 0.99.
