HALA.Consider.it Interactive web map seattle.gov/HALA October 19, 2016

### proposed zoning

white labels identify changes:

existing zone | draft MHA zone

Solid areas have a typical increase in zoning (usually one story)

Hatched areas have a larger increase in zoning or a change in zone type.

### MHA requirements

vary based on scale of zoning change (residential proposal shown)

**(M)** 6% of homes must be affordable or a payment of \$13.25 per sq. ft

**(M1)** 9% of homes must be affordable or a payment of \$20.00 per sq. ft

**(M2)** 10% of homes must be affordable or a payment of \$22.25 per sq. ft

### zone categories

**Principle 8a:** Neighborhood Commercial zoning encourages more pedestrian-friendly development to strengthen the "heart" of the neighborhood.

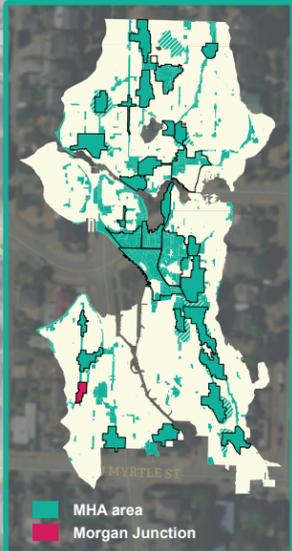

The draft suggests Residential Small Lot (RSL) zoning in this area with steep topography rather than a higher-scale zone.

**Principle 1a:** A range of Lowrise and RSL zoning encourages a wide variety of housing sizes, including family-sized homes.

**Principle 3b:** Consider Lowrise (LR) zones to help transition between commercial and single-family areas.

**Principle 5:** Expand housing options near neighborhood assets like parks and schools.

**Principle 1b:** Encourage small-scale, family-friendly housing, such as cottages, duplexes, and rowhouses.

## DRAFT ZONING CHANGES to implement Mandatory Housing Affordability (MHA)

This is a *simplified* version of the draft MHA zoning changes released in October 2016. For the detailed draft zoning map, visit [HALA.Consider.it](http://HALA.Consider.it) or explore our [interactive web map](#).

Mandatory Housing Affordability (MHA) is a new program that will create affordable housing and expand housing options as our city grows. This map shows proposed areas where new development would either include affordable homes or pay into a City fund for creating and preserving affordable housing throughout Seattle. To put MHA into effect, we must make zoning changes that allow taller or larger buildings and increase housing choices. A set of community-generated MHA Principles guided the draft zoning changes.

### Mandatory Housing Affordability requirements

MHA will vary based on the scale of zoning changes and location in the city. This map shows suggested areas of change. In some areas, zoning would not change and new development would not contribute to affordable housing.

 no affordable housing contribution

-  6% of homes must be affordable or pay approximately \$13 per square foot
-  9% of homes must be affordable or pay approximately \$20 per square foot
-  10% of homes must be affordable or pay approximately \$22 per square foot
