Residential Urban Village

DRAFT ZONING CHANGES to implement Mandatory Housing Affordability (MHA)

proposed zoning
white labels identify changes:

existing zone | draft MHA zone

Solid areas have a typical increase in zoning (usually one story)

Hatched areas have a larger increase in zoning or a change in zone type.

MHA requirements
vary based on scale of zoning change (residential proposal shown)

(M) 5% of homes must be affordable or a payment of \$7.00 per sq. ft

(M1) 8% of homes must be affordable or a payment of \$11.25 per sq. ft

(M2) 9% of homes must be affordable or a payment of \$12.50 per sq. ft

zone categories
follow the links below to see examples of how buildings could look under MHA

Residential Small Lot (RSL)
cottages, townhouses, duplexes/triplexes similar in scale to single family zones

Lowrise (LR)
townhouses, rowhouses, or apartments

Lowrise 1 (LR1) max height 30 ft.
Lowrise 2 (LR2) max height 40 ft.
Lowrise 3 (LR3) max height 50 ft.

Midrise (MR)
apartments with 7-8 stories

Highrise (HR)
apartments with heights of 240-300 ft.

Seattle Mixed (SM)
buildings with a mix of offices, retail, and homes

Neighborhood Commercial (NC)
mixed-use buildings with 4-9 stories

Commercial (C)
auto-oriented commercial buildings

Industrial Commercial (IC)
MHA applies only to commercial uses

urban villages
areas designated for growth in our Comprehensive Plan

Existing boundary

Proposed boundary

Seattle 2035 10-minute walkshed

Open space

Public school

Light rail

Bus stop

Principle 8a: Neighborhood Commercial zoning supports pedestrian-oriented, high-quality urban design.

Principle 3b: Consider using lowrise zones to transition between commercial and single-family areas.

Principle 6c: Development in expansion areas should be compatible in scale with existing neighborhood context.

Principle 6b: Expand urban villages using an approximately 10-minute walkshed from frequent transit.

Principle 5 (more housing options near infrastructure like transit) suggests LR1 here rather than RSL.

Principle A.9: Evaluate MHA using a social and racial equity lens. Given the high risk of displacement in Othello, the draft zoning map shows mostly LR1 and RSL in the expansion area.

DRAFT ZONING CHANGES to implement Mandatory Housing Affordability (MHA)

Mandatory Housing Affordability (MHA) is a new program that will create affordable housing and expand housing options as our city grows. This map shows proposed areas where new development would either include affordable homes or pay into a City fund for creating and preserving affordable housing throughout Seattle. To put MHA into effect, we must make zoning changes that allow taller or larger buildings and increase housing choices. A set of community-generated MHA Principles guided the draft zoning changes.

MHA will vary based on the scale of zoning changes and location in the city. This map shows suggested areas of change. In some areas, zoning would not change and new development would not contribute to affordable housing.

- | | |
|----|--|
| 5% | 5% of homes must be affordable or pay approximately \$7 per square foot |
| 8% | 8% of homes must be affordable or pay approximately \$11 per square foot |
| 9% | 9% of homes must be affordable or pay approximately \$12 per square foot |
