DRAFT ZONING CHANGES to implement Mandatory Housing Affordability (MHA)

proposed zoning
white labels identify changes:

Solid areas have a typical increase in zoning (usually one story)

Hatched areas have a larger increase in zoning or a change in zone type.

MHA requirements
vary based on scale of zoning change (residential proposal shown)

(M) 5% of homes must be affordable or a payment of \$7.00 per sq. ft

(M1) 8% of homes must be affordable or a payment of \$11.25 per sq. ft

Principle 5a:
More housing near neighborhood
assets like parks and schools.

Principle 1b:
Encourage small-scale, family-
friendly housing, such as cottages,
duplexes, and rowhouses.

Principle 3a:
Zone full blocks instead of partial
blocks to soften transitions.

Principle 5b:
Consider Lowrise (LR) zones to help
transition between commercial and
single-family zones.

Principle A.9:
Evaluate MHA using a social and racial
equity lens. The draft zoning map reflects the
high risk of displacement and low access
to opportunity in South Park. RSL zoning is
shown in many existing single-family areas.
Local input also identifies environmental
justice issues as a concern.

DRAFT ZONING CHANGES to implement Mandatory Housing Affordability (MHA)

This is a *simplified* version of the draft MHA zoning changes released in October 2016. For the detailed draft zoning map, visit [HALA.Consider.it](#) or explore our [interactive web map](#).

Mandatory Housing Affordability (MHA) is a new program that will create affordable housing and expand housing options as our city grows. This map shows proposed areas where new development would either include affordable homes or pay into a City fund for creating and preserving affordable housing throughout Seattle. To put MHA into effect, we must make zoning changes that allow taller or larger buildings and increase housing choices. A set of community-generated MHA Principles guided the draft zoning changes.

Mandatory Housing Affordability requirements

MHA will vary based on the scale of zoning changes and location in the city. This map shows suggested areas of change. In some areas, zoning would not change and new development would not contribute to affordable housing.

no affordable housing contribution

- 5% of homes must be affordable or pay approximately \$7 per square foot
- 8% of homes must be affordable or pay approximately \$11 per square foot
- 9% of homes must be affordable or pay approximately \$12 per square foot
