

The City of Seattle is proposing amendments to Land Use Code to implement a proposed new program, Mandatory Housing Affordability (MHA). MHA would require that all new multifamily and commercial developments meeting certain thresholds either build affordable housing units on-site or make an in-lieu payment to support the development of new affordable housing. The MHA program would focus primarily on creating housing reserved for community members earning 60% of the Area Median Income or below.

The City is beginning work on an Environmental Impact Statement (EIS) on this proposal and wants to hear from you about what aspects of the environment you think we should consider. Complete this comment form at the August 13th or August 20th public meeting, or submit your comments by **September 9, 2016** by:
