**ARTICLE 1 – RECOGNITION, BARGAINING UNIT AND TEMPORARY
EMPLOYMENT**

1.1 The City recognizes the respective Unions as the exclusive collective bargaining representatives for the purpose stated in Chapter 108, Extra Session Laws of 1967 of the State of Washington for employees employed within the bargaining units defined in Appendices A through L of this Agreement. For purposes of this Agreement and the bargaining units described herein, the following definitions shall apply:

1.1.1 The term "employee" shall be defined to include probationary employees, regular employees, full-time employees, part-time employees and temporary employees not otherwise excluded or limited in the following Sections of this Article.

1.1.2 The term "probationary employee" shall be defined as an employee who is within their first twelve (12) month trial period of employment following their initial regular appointment within the classified service.

1.1.3 The term "regular employee" shall be defined as an employee who has successfully completed a twelve (12) month probationary period and who has had no subsequent break in service as occasioned by quit, resignation, discharge for just cause, or retirement.

1.1.4 The term "full-time employee" shall be defined as an employee who has been regularly appointed and who has a usual work schedule of forty (40) hours per week.

1.1.5 The term "part-time employee" shall be defined as an employee who has been regularly appointed and who has a usual work schedule averaging at least twenty (20) hours but less than forty (40) hours per week.

1.1.6 The terms temporary employee and temporary worker shall be defined to include both temporary and less than half time employees and means a person who is employed in a temporary assignment defined as one of the following types:

- A. Position Vacancy - An interim assignment(s) for up to one (1) year to perform work associated with a regularly budgeted position that is temporarily vacant and has no incumbent; or
- B. Incumbent Absence - An interim assignment for up to one (1) year to perform work associated with a regularly budgeted position when the incumbent is temporarily absent; or
- C. Short-term Assignment - An assignment for up to one (1) year, to perform work in response to emergency or unplanned needs such as peak workload, special project, or other short-term work that does not recur and does not continue year-to-year; or

- D. Less than Half-time Assignment - For seasonal, on-call, intermittent or regularly scheduled work that normally does not exceed one thousand forty (1040) hours in a year, except as provided by Personnel Rule 11; or
- E. Term-limited Assignment - An assignment to perform time-limited work of more than one (1) but less than three (3) years for:
 1. Special time-limited project work that is clearly outside the routine work performed in the department and that requires skills and qualifications that are not typically used by the department; or
 2. Replacement of a regularly appointed employee who is assigned to special term-limited project work; or
 3. Replacement of a regularly appointed employee whose absence of longer than one (1) year is due to disability time loss, union leave pursuant to this Agreement, military leave of absence, or authorized absence for medical reasons.

1.1.7 Temporary workers in the following types of assignments shall cease receiving premium pay at the time indicated and begin receiving wage progression and benefits as provided in SMC 4.20.055 D:

1.1.7.1.1 Interim and short-term assignments after one thousand forty (1,040) regular straight time hours for the remainder of the assignment unless the Seattle Human Resources Director determines that the assignment will terminate so imminently that the benefits package would be of minimal value to the worker.

1.1.7.1.2 Term-limited assignments starting with the first day and for the duration of the assignment.

1.1.7.1.3 Any assignment that the appointing authority has proposed be converted to regular position authority regardless of the number of hours worked.

1.1.8 The term "interim basis" shall be defined as an assignment of a regular or probationary employee or employees to fill a vacancy in a position for a short period while said position is waiting to be filled by a regularly appointed employee.

1.2 Temporary employees shall be exempt from all provisions of this Agreement except Sections 1.2; 1.2.1; 1.2.2; 1.2.2.1; 1.2.2.2; 1.2.3; 1.2.3.1; 1.2.4; 1.2.5 (only applies if Temporary Employees are benefited); 1.2.6; 1.2.7; 1.2.8; 1.2.9; 1.2.10; 1.2.11; 1.2.12, 1.2.13, 1.2.14; 3.1.1; 5.1.1; 5.1.2; 5.1.3; 5.2; 5.4; 5.4.1; 5.4.2; 5.4.3; 5.4.4; ; 5.6; 5.6.2 (only applies if Temporary Employees are benefited); 8.2 (only applies to Temporary Employees as defined in Article 1.1.6 A-C and 1.1.6.E); 14.5; 14.5.1; 14.6.1; 14.6.2, 14.6.3; 14.10; 14.11; 14.12; 14.13; 14.18; 14.29; 14.29.1; 14.29.2; 14.29.3; 14.29.4; and Article 20, Grievance Procedure; provided however, temporary employees shall be covered by the Grievance Procedure solely for purposes of adjudicating grievances relating to Sections identified within this Section. Where the provisions in Personnel Rule 11 do not conflict with the expressed provisions of this Agreement, the Personnel

Rule 11 shall apply and be subject to the grievance procedure as provided for in Article 20.

1.2.1 Temporary employees who are not in benefits-eligible assignments shall be paid for all hours worked at the first pay step of the hourly rates of pay set forth within the appropriate Appendix covering the classification of work in which the employee is employed. Temporary employees who are in a benefits-eligible assignment shall receive step increases consistent with Article 4.2.1 and 4.2.4 and 4.2.5.

1.2.2 Premiums Applicable Only To City Of Seattle Temporary Employees who are not in benefits-eligible assignments - Each temporary employee shall receive premium pay as hereinafter set forth based upon the corresponding number of cumulative non-overtime hours worked by the temporary employee unless the employee is in a benefits eligible assignment:

- A. 0001st hour through 0520th hour 5% premium pay
- B. 0521st hour through 1,040th hour 10% premium pay
- C. 1,041st hour through 2,080th hour 15% premium pay (If an employee worked 800 hours or more in the previous twelve [12] months, they shall receive twenty percent [20%] premium pay.)
- D. 2,081st hour + 20% premium pay (If an employee worked eight hundred [800] hours or more in the previous twelve [12] months, they shall receive twenty-five percent [25%] premium pay.)
- E. The appropriate percentage premium payment shall be applied to all gross earnings.

1.2.2.1 Once a temporary employee reaches a given premium level, the premium shall not be reduced for that temporary employee as long as the employee continues to work for the City without a voluntary break in service as set forth within Section 1.2.8. Non-overtime hours already worked by an existing temporary employee shall apply in determining the applicable premium rate. In view of the escalating and continuing nature of the premium, the City may require that a temporary employee be available to work for a minimum number of hours or periods of time during the year.

1.2.2.2 The premium pay in Section 1.2.2 does not include either increased vacation pay due to accrual rate increases or the City's share of any retirement contributions. Any increase in a temporary employee's vacation accrual rate percentage shall be added on to the premium pay percentages for the temporary employee to whom it applies.

1.2.3 Medical, Dental and Vision Coverage to Temporary Employees who are not in Benefits-Eligible Positions - Once a temporary employee has worked at least one thousand forty (1,040) cumulative non-overtime hours and at least eight hundred (800) non-overtime hours or more in the previous twelve (12) months, the employee may within ninety (90) calendar days thereafter elect to participate in the City's medical, dental and vision insurance programs by agreeing to pay the required monthly premium. To participate, the temporary employee must agree to a payroll deduction equal to the amount necessary to pay the monthly health care premiums, or the City, at

its discretion, may reduce the premium pay of the employee who chooses this option in an amount equal to the insurance premiums. The temporary employee must continue to work enough hours each month to pay the premiums and maintain eligibility. After meeting the requirements stated in this Section, a temporary employee shall also be allowed to elect this option during any subsequent open enrollment period allowed regular employees. An employee who elects to participate in these insurance programs and fails to make the required payments in a timely fashion shall be dropped from City medical, dental and vision coverage and shall not be able to participate again while employed by the City as temporary unless the employee is converted from receiving premium pay to receiving benefits. If a temporary employee's hours of work are insufficient for their pay to cover the insurance premium, the temporary employee may, on no more than one occasion, pay the difference, or self-pay the insurance premium, for up to three (3) consecutive months.

1.2.3.1 Cumulative sick leave computed at the same rate and with all benefits and conditions required by Seattle Municipal Code 14.16 and other applicable laws, such as RCW 49.46.210 shall be granted to all temporary employees not eligible for fringe benefits pursuant to SMC 4.20.055 (C).

1.2.4 Holiday Work for Non-Benefits-Eligible Temporary Employees - A temporary employee who works on any of the specific calendar days designated by the City as paid holidays shall be paid at the rate of one and one-half (1½) times their regular straight-time hourly rate of pay for hours worked during their scheduled shift. When a specific holiday falls on a weekend day and most regular employees honor the holiday on the preceding Friday or following Monday adjacent to the holiday, the holiday premium pay of one and one-half (1½) times the employee's regular straight-time rate of pay shall apply to those temporary employees who work on the weekend day specified as the holiday.

1.2.5 Benefits-Eligible Temporary Employee Holiday Pay - A temporary employee shall be compensated at their straight-time rate of pay for all officially recognized City holidays that occur subsequent to the employee becoming eligible for fringe benefits, for as long as the employee remains in such eligible assignment.

- A. To qualify for a holiday pay, the employee must be on active pay status the normally scheduled workday before or after the holiday as provided by Section 6.2.
- B. Officially recognized City holidays that fall on Saturday shall be observed on the preceding Friday. Officially recognized City holidays that fall on Sunday shall be observed on the following Monday. If the City's observance of a holiday falls on a temporary employee's normal day off, the employee shall be eligible for another day off, with pay during the same workweek.
- C. Temporary employees who work less than 80 hours per pay period shall have their holiday pay pro-rated based on the number of straight-time hours compensated during the preceding pay period.

- D. A temporary employee shall receive two personal holidays immediately upon becoming eligible for fringe benefits, provided the employee has not already received personal holidays in another assignment within the same calendar year.
- E. Personal holidays cannot be carried over from calendar year to calendar year, nor can they be cashed out.
- F. A temporary employee must use any personal holidays before their current eligibility for fringe benefits terminates. If an employee requests and is denied the opportunity to use their personal holidays during the eligibility assignment, the employing unit must permit them to use and be compensated for the holidays immediately following the last day worked in the assignment, prior to termination of the assignment.

1.2.6 Premium pay set forth within Section 1.2.2 shall be in lieu of the base level of vacation and all other fringe benefits, such as sick leave benefits that exceed legal requirements, holiday pay, bereavement leave, military leave, jury duty pay, disability leave, and medical and dental insurance, except as otherwise provided in Sections 1.2.2.2, 1.2.3, and 1.2.4.

1.2.7 The City may, at any time after ninety (90) calendar days' advance notification to and upon consultation with the affected collective bargaining representatives, provide all fringe benefits covered by the premium pay set forth within Section 1.2.2 to all or some groups (departmental or occupational) of temporary employees to the same extent that they are available to regular employees within the same group, and in such event the premium pay provision in Section 1.2.2 shall no longer be applicable to that particular group of temporary employees. The City, at its discretion, may also after ninety (90) calendar days' advance notification to and upon consultation with the affected collective bargaining representatives, provide paid vacation and/or sick leave benefits to all or some groups (departmental or occupational) of temporary employees to the same extent that they are available to regular employees without providing other fringe benefits and in such event the premium pay in Section 1.2.2 shall be reduced by a percentage amount equivalent to the value of vacation and/or sick leave benefits. The applicable amount for base-level vacation shall be recognized as four-point eight one percent (4.81%) which could be higher dependent upon accrual rate increases. The applicable amount for base-level sick leave shall be four-point six percent (4.6%). The City shall not use this option to change to and from premiums and benefits on an occasional basis. The City may also continue to provide benefits in lieu of all or part of the premiums in Section 1.2.2 where it has already been doing so and it may in such cases reduce the premium paid to the affected employees by the applicable percentage.

1.2.8 A temporary employee who is assigned to a benefits eligible assignment will receive fringe benefits in-lieu-of premium pay until the assignment is converted or terminated.

1.2.9 The premium pay provisions set forth within Section 1.2.2 shall apply to cumulative non-overtime hours that occur without a voluntary break in service by the temporary employee. A voluntary break in service shall be defined as quit, resignation, service

retirement or failure to return from an unpaid leave. If the temporary employee has not worked for at least one year (twelve [12] months or twenty-six [26] pay periods), it shall be presumed that the employee's break in service was voluntary.

1.2.10 The City may work temporary employees beyond one thousand forty (1,040) regular hours within any twelve (12) month period; provided however, the City shall not use temporary employees to supplant regular positions. The City shall not assign or schedule temporary employees (or fail to do so) solely to avoid accumulation of regular hours that would increase the premium pay provided for in Section 1.2.2, or solely to avoid considering creation of regular positions.

1.2.10.1 In the event that an interim assignment of a temporary employee to a vacant regular position accrues more than one thousand five hundred (1500) hours or accumulates hours in eighteen (18) or more consecutive pay periods, the City shall notify the union that a labor-management meeting shall take place within two (2) weeks for the purpose of discussing the status of filling the vacant position prior to one (1) year.

1.2.11 A temporary employee who has worked in excess of five hundred twenty (520) regular hours and who is appointed to a regular position in a step progression pay program without a break in service greater than thirty (30) days shall have their temporary service counted towards salary placement provided the service was in a job title corresponding to the same or higher classification in the same series as the regular appointment. In addition, a temporary employee who is in a term-limited assignment shall receive service credit for layoff purposes if the employee is immediately hired (within thirty (30) business days without a break in service) into the same job title and position after the term is completed.

1.2.12 Temporary employees covered by this Agreement are eligible to apply for all positions advertised internally.

1.2.13 A temporary employee who has worked one thousand forty (1,040) straight-time hours and is receiving benefits from the City may by mutual agreement be allowed to accrue compensatory time if the work unit in which the temporary employee is assigned has a practice/policy of accruing compensatory time. Scheduling compensatory time shall be by mutual agreement with the supervisor. If the temporary employee does not use their accrued compensatory time prior to the termination of the benefits eligible assignment, the compensatory time will be cashed out upon termination of the assignment.

1.2.14 A temporary employee who receives fringe benefits in-lieu-of premium pay may be eligible for the sick leave transfer program.

1.2.15 On an annual basis, the City will provide the Union with a copy of the Temporary Employee Utilization Report.

1.3 The City may establish on-the-job training program(s) in a different classification and/or within another bargaining unit for the purpose of providing individuals an

opportunity to compete and potentially move laterally and/or upwardly into new career fields. Prior to implementation of such a program(s) relative to bargaining unit employees, the City shall discuss the program(s) with the appropriate Union or Unions and the issue of bargaining unit jurisdiction and/or salary shall be a proper subject for negotiations at that time upon the request of either party.

1.4 As part of its public responsibility, the City may participate in or establish public employment programs to provide employment and/or training for and/or service to the City by various segments of its citizenry. Such programs may result in individuals performing work for the City which is considered bargaining unit work pursuant to RCW 41.56. Such programs have included and may include youth training and/or employment programs, adult training and or employment programs, vocational rehabilitation programs, work-study and student-intern programs, court-ordered community service programs, volunteer programs and other programs with similar purposes. Some examples of such programs already in effect include Summer Youth Employment Program (SYEP), Youth Employment Training Program (YETP), Work-Study, Adopt-a-Park, Seattle Conservation Corps, and court-ordered Community Service. Individuals working for the City pursuant to such programs shall be exempt from all provisions of this Agreement.

1.4.1 The City shall have the right to implement new public employment programs or expand its current programs beyond what exists as of December 31, 2014, but where such implementation or expansion involves bargaining unit work and results in a significant departure from existing practice, the City shall give thirty (30) days' advance written notice to the union of such and upon receipt of a written request from the Union thereafter, the City shall engage in discussions with the Union on concerns raised by the Union. Notwithstanding any provision to the contrary, the expanded use of individuals under such a public employment program which involves the performance of bargaining unit work within a given City department, beyond what has traditionally existed, shall not be a cause of (1) a layoff of regular employees covered by this Agreement, or (2) the abrogation of a regular budgeted full-time position covered by this Agreement that recently had been occupied by a regular full-time employee who performed the specific bargaining unit work now being or about to be performed by an individual under one of the City's public employment programs.

1.5 An employee who is worked out of classification or who is promoted on an interim basis from a classification falling under one bargaining unit to another bargaining unit shall remain under the jurisdiction of the initial bargaining unit until such time as their promotion becomes permanent.

ARTICLE 2 – NON-DISCRIMINATION

2.1 The City and the Council shall not unlawfully discriminate against any employee by reason of race, creed, age, color, sex, national origin, religious belief, marital status, sexual orientation, gender identity, veteran status, political ideology, ancestry or the presence of any sensory, mental or physical handicap unless based on a bona fide occupational qualification reasonably necessary to the operations of the City.

2.1.1 Wherever words denoting a specific gender are used in this Agreement, they are intended and shall be construed so as to apply equally to any gender.

ARTICLE 3 – UNION ENGAGEMENT AND PAYROLL DEDUCTIONS

- 3.1 The City agrees to deduct from the paycheck of each employee, who has so authorized it, the regular initiation fee, regular monthly dues, assessments and other fees as certified by the Union. The amounts deducted shall be transmitted monthly to the Council Union on behalf of the employees involved.
- 3.1.1 The performance of this function is recognized as a service by the City and the City shall honor the terms and conditions of each worker’s Union payroll deduction authorization(s) for the purposes of dues deduction only.
- 3.1.2 The Council agrees to indemnify and hold the City harmless from all claims, demands, suits or other forms of liability that arise against the City for deducting dues from Union members pursuant to this Article, including those that have communicated a desire to revoke a previous deduction authorization, along with all other issues related to the deduction of dues or fees.
- 3.2 The City will provide Council Union’s access to all newly hired employees and/or persons entering the bargaining unit within thirty (30) days of such hire or entry into a Council union’s bargaining unit.
- 3.2.1 A Council Union and a shop steward/member leader will have at least thirty (30) minutes with such individuals during the employee’s normal working hours and at their usual worksite or mutually agreed upon location.
- 3.3 The City will require all new employees to attend a New Employee Orientation (NEO) within thirty (30) days of hire. The NEO will include an at-minimum thirty (30) minute presentation by a Council Union representative to all employees covered by the Joint Crafts Council collective bargaining agreement.
- 3.3.1 At least five (5) working days before the date of the NEO, the City shall provide the Union with a list of names of the bargaining unit members attending the Orientation.
- 3.4 The individual Union meeting and NEO shall satisfy the City’s requirement to provide a New Employee Orientation Union Presentation under Washington State law.
- 3.5 The City of Seattle, including its officers, supervisors, managers and/or agents, shall remain neutral on the issue of whether any bargaining unit employee should join the Union or otherwise participate in Union activities at the City of Seattle.
- 3.6 New Employee and Change in Employee Status Notification - The City shall supply Council Unions with the following information as soon as possible. The City will supply the Union with the following information on a monthly basis for new employees:
- A. Name
 - B. Home address

- C. Personal phone
- D. Personal email (if a member offers)
- E. Job classification and title
- F. Department and division
- G. Work location
- H. Date of hire
- I. FLSA status: Hourly or salary
- J. Compensation rate

Upon transition to a new Personnel Management System (Workday) the City agrees to notify the appropriate Union with New Hire information no later than one work week after the employee's first day of work. In the event that the transition is delayed or the system is unable to send weekly notice, the Parties agree to meet to discuss alternative notification processes no later than May 1, 2024.

3.6.1 The City shall also notify Council Unions on a monthly basis regarding employee status changes for employees who have transferred into a bargaining unit position and any employees who are no longer in the bargaining unit.

3.6.2 For employees who have transferred into the bargaining unit, the City shall supply the Union with the employee's name, home address, personal phone and email (if a member offers), job classification and title, department, division, work location, date of hire, hourly or salary status, compensation rate.

3.7 Any employee may revoke their authorization for payroll deduction of payments to their Union by written notice to the Union in accordance with the terms and conditions of the Union dues authorization rules.

3.7.1 Every effort will be made by the City to end the deductions effective on the first payroll, and not later than the second payroll, after receipt by the City of confirmation from the Union that the terms of the employee's authorization regarding dues deduction revocation have been met.

3.7.2 The City will refer all employee inquiries or communications regarding union dues to the Union.

ARTICLE 4 – CLASSIFICATIONS AND RATES OF PAY

- 4.1 The classifications of employees covered under this Agreement and the corresponding rates of pay are set forth within Appendices A through L which are attached hereto and made a part of this Agreement.
- 4.1.1 Effective January 4, 2023, base wage rates shall be increased by five percent (5%).
- 4.1.2 Effective January 3, 2024, base wage rates will be increased by four and one half percent (4.5%)
- 4.1.3 Effective January 4, 2025, base wage rates will be increased by one hundred percent (100%) of the annual average growth rate of the bi-monthly Seattle-Tacoma-Bellevue Area Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the period June 2022 through June 2023 to the period June 2023 through June 2024. However, this percentage increase shall not be less than two percent (2%) nor shall it exceed four percent (4%).
- 4.1.4 Effective January 10, 2026, base wage rates will be increased by one hundred percent (100%) of the annual average growth rate of the bi-monthly Seattle-Tacoma-Bellevue Area Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the period June 2023 through June 2024 to the period June 2024 through June 2025. However, this percentage increase shall not be less than two percent (2%) nor shall it exceed four percent (4%). After calculating new base wage for 2026 using the formula above, the base wage will have an additional one-point-zero percent (1.0%) added, the total not to exceed five percent (5%).
- 4.1.5 The base wage rates referenced above shall be calculated by applying the appropriate percentage increase to base hourly rates or as otherwise provided for herein. The rates in each Appendix are understood to be illustrative of the increases provided in Articles 4.1.1 through 4.1.4, and any discrepancies shall be governed by those Articles.
- 4.1.6 Employees will pay the employee portion of the required premium [listed as the WA Paid Family Leave Tax and the WA Paid Medical Leave Tax on an employee's paystub] of the Washington State Paid Family and Medical Leave Program effective December 25, 2019.
- 4.1.7 Language Premium - Employees assigned to perform bilingual, interpretive and/or translation services for the City shall receive a two hundred dollar (\$200.00) per month premium pay. The City shall ensure employees providing language access services are independently evaluated and approved. The City may review the assignment annually and may terminate the assignment at any time.
- 4.2 An employee, upon first appointment or assignment shall receive the minimum rate of the salary range fixed for the position as set forth within the appropriate Appendices attached hereto.

- 4.2.1 An employee shall be granted the first automatic step increase in salary rate upon completion of six (6) months of "actual service" when hired at the first step of the salary range, and succeeding automatic step increases shall be granted after twelve (12) months of "actual service" from the date of eligibility for the last step increase to the maximum of the range. Actual service for purposes of this Section shall be defined in terms of one month's service for each month of full-time employment, including paid absences. This provision shall not apply to temporary employees prior to regular appointment, except as otherwise provided for in Section 1.2.11 and except that step increments in the out-of-class title shall be authorized when a step increase in the primary title reduces the pay differential to less than what the promotion rule permits, provided that such increment shall not exceed the top step of the higher salary range. Further, when an employee is assigned to perform out-of-class duties in the same title for a total of twelve (12) months (each 2088 hours) of actual service, the employee will receive one-step increment in the higher-paid title; provided that the employee has not received a step increment in the out-of-class title based on changes to the primary pay rate within the previous twelve (12) months, and that such increment does not exceed the top step of the higher salary range. However, hours worked out-of-class that were properly paid per Article 5.9 of this Agreement, shall apply toward salary step placement if the employee's position is reclassified to the same title as the out-of-class assignment within twelve (12) months of the end of such assignment.
- 4.2.2 Those employees who have been given step increases for periodic "work outside of classification" prior to the effective date of this Agreement shall continue at that step but shall not be given credit for future step increases, except as provided for in Section 4.2.1.
- 4.2.3 For employees assigned salary steps other than the beginning step of the salary range, subsequent salary increases within the salary range shall be granted after twelve (12) months of actual service from the appointment or increase, then at succeeding twelve (12) month intervals to the maximum of the salary range established for the class.
- 4.2.4 In determining actual service for advancement in salary step, absence due to sickness or injury or other protected basis for leave under SMC 14.16 or other laws including RCW 49.46.210, for which the employee does not receive compensation may at the discretion of the City be credited at the rate of thirty (30) calendar days per year. Unpaid absences due to other causes may, at the discretion of the City, be credited at the rate of fifteen (15) calendar days per year. For the purposes of this Section, time lost by reason of disability for which an employee is compensated by Industrial Insurance or Charter disability provisions shall not be considered absence. An employee who returns after layoff, or who is reduced in rank to a position in the same or another department, may be given credit for such prior service.
- 4.2.5 Any increase in salary based on service shall become effective upon the first day immediately following completion of the applicable period of service.
- 4.2.6 Changes in Incumbent Status Transfers - An employee transferred to another position in the same class or having an identical salary range shall continue to be compensated

at the same rate of pay until the combined service requirement is fulfilled for a step increase and shall thereafter receive step increases as provided in Section 4.2.1.

4.2.7 Promotions - An employee appointed to a position in a class having a higher maximum salary shall be placed at the step in the new salary range which provides an increase closest to but not less than one salary step over the most recent step received in the previous salary range immediately preceding the promotion, not to exceed the maximum step of the new salary range; provided that this provision shall apply only to appointments of employees from regular full-time positions and shall not apply to appointments from positions designated as "intermittent" or "as needed". However, hours worked out-of-class shall apply toward salary step placement if the employee is appointed to the same title as the out-of-class assignment within twelve (12) months of the end of such assignment.

4.2.8 An employee demoted because of inability to meet established performance standards from a regular full-time or part-time position to a position in a class having a lower salary range shall be paid the salary step in the lower range determined as follows:

- A. If the rate of pay received in the higher class is above the maximum salary for the lower class, the employee shall receive the maximum salary of the lower range.
- B. If the rate of pay received in the higher class is within the salary range for the lower class, the employee shall receive that salary rate for the lower class which, without increase, is nearest to the salary rate to which such employee was entitled in the higher class; provided however, the employee shall receive not less than the minimum salary of the lower range.

4.2.9 An employee reduced because of organizational change or reduction in force from a regular full-time or part-time position to a position in a class having a lower salary range shall be paid the salary rate of the lower range which is nearest to the salary rate to which the employee was entitled in their former position without reduction; provided however, such salary shall in no event exceed the maximum salary of the lower range. If an employee who has completed twenty-five (25) years of City service and who within five (5) years of a reduction in lieu of layoff to a position in a class having a lower salary range, such employee shall receive the salary the employee was receiving prior to such second reduction as an "incumbent" for so long as the employee remains in such position or until the regular salary for the lower class exceeds the "incumbent" rate of pay.

4.2.10 When a position is reclassified by ordinance to a new or different class having a different salary range, the employee occupying the position immediately prior to and at the time of reclassification shall receive the salary rate which shall be determined in the same manner as for a promotion; provided however, if the employee's salary prior to reclassification is higher than the maximum salary of the range for such new or different class, the employee shall continue to receive such higher salary as an "incumbent" for so long as the employee remains in position or until the regular salary for the classification exceeds the "incumbent" rate of pay.

4.2.11 Correction of Payroll Errors - In the event it is determined there has been an error in an employee's paycheck, an underpayment shall be corrected within two pay periods; and, upon written notice, an overpayment shall be corrected as follows:

- A. If the overpayment involved only one (1) paycheck;
 - 1. by payroll deductions spread over two (2) pay periods; or
 - 2. by payments from the employee spread over two (2) pay periods.
- B. If the overpayment involved multiple paychecks, by a repayment schedule through payroll deduction not to exceed twenty-six (26) pay periods in duration, with a minimum payroll deduction of not less than twenty-five dollars (\$25.00) per pay period.
- C. If an employee separates from the City service before an overpayment is repaid, any remaining amount due the City will be deducted from their final paycheck(s).
- D. By other means as may be mutually agreed between the City and the employee, the union representative may participate in this process at the request of the involved employee. All parties will communicate/cooperate in resolving these issues.

ARTICLE 5 – HOURS OF WORK AND OVERTIME

- 5.1 Hours of Work - Eight (8) hours within nine (9) consecutive hours shall constitute a normal workday. There shall be no split work shifts. Work schedules shall normally consist of five (5) consecutive days followed by two (2) consecutive days' off, except for relief shift assignments, four (4) day/ten- (10) hour work schedules and other special schedules.
- 5.1.1 Meal Period - Employees shall receive a meal period which shall commence no less than two (2) hours nor more than five (5) hours from the beginning of the employee's regular shift or when the employee is called in to work on their regular day off. The meal period shall be no less than one-half (½) hour nor more than one (1) hour in duration and shall be without compensation. Should an employee be required to work in excess of five (5) continuous hours from the commencement of their regular shift without being provided a meal period, the employee shall be compensated two (2) times the employee's straight-time hourly rate of pay for the time worked during their normal meal period and be afforded a meal period at the first available opportunity during working hours without compensation.
- 5.1.2 Rest Breaks - Employees shall receive a fifteen (15) minute rest break during the first four (4) hour period of their workday, and a second fifteen (15) minute rest break during the second four (4) hour period in their workday. Employees shall be compensated at their prevailing wage rate for time spent while on rest breaks.
- 5.1.3 Where work conditions require continuous staffing throughout a work shift for thirty (30) consecutive days or more the City may, in lieu of the meal period and rest periods set forth within Sections 5.1.1 and 5.1.2, provide a working meal period and working rest periods during working hours without a loss in pay so that such periods do not interfere with ongoing work requirements.
- 5.2 Overtime - All time worked in excess of eight (8) hours in any one (1) shift shall be paid for at the rate of two (2) times the straight-time rate of pay.
- 5.2.1 All time worked before an employee's regularly scheduled starting time shall be paid for at the rate of two (2) times the straight-time rate of pay.
- 5.2.2 All time worked on an employee's regularly scheduled days off shall be paid for at the rate of two (2) times the straight-time rate of pay.
- 5.2.3 Overtime shall be paid at the applicable overtime rate or by mutual consent between the employee and their supervisor in compensatory time off at the applicable overtime rate.
- 5.2.4 A "work week" for purposes of determining whether an employee exceeds forty (40) hours in a work week shall be a seven (7) consecutive day period of time beginning on Wednesday and ending on Tuesday except when expressly designated to begin and end on different days and times from the normal Wednesday through Tuesday work week.

5.2.5 All overtime work shall be offered to qualified regular employees in the classification before any temporary employees are asked to work overtime. (See J.4.11 for provision that relates to Seattle Center Laborers.)

5.3 Call Back - Employees who are called back to work after completing their regular shift shall be paid a minimum of four (4) hours straight-time pay for all time worked up to two (2) hours. Any time worked in excess of two (2) hours shall be paid for at double the straight-time rate of pay for actual hours worked.

Example: Zero (0) minutes to two (2) hours = four (4) hours' straight time pay.
Two and one-half (2½) hours = five (5) hours straight-time pay. Four (4) hours = eight (8) hours straight-time pay.

5.3.1 Definition of a Call Back - A Call Back shall be defined as a circumstance where an employee has left the work premises at the completion of their regular work shift and is required to report back to work prior to the start of their next regularly scheduled work shift. An employee who is called back to report to work before the commencement of their regular work shift shall be compensated in accordance with the Call Back provisions of their Labor Agreement; provided however, in the event the employee is called back to report to work within two (2) hours from the starting time of their next regularly scheduled work shift, the employee shall be compensated at the overtime rate of pay for only those hours immediately preceding the start of their next regularly scheduled work shift and the Call-Back provision shall not apply.

5.4 Meal Reimbursement - When an employee is specifically directed by the City to work two (2) hours or longer at the beginning or end of their normal work shift away from their place of residence of at least eight (8) hours or work two (2) hours or longer at the end of their work shift of at least eight (8) hours when the employee is called in to work on their regular day off, or otherwise works under circumstances for which meal reimbursement is authorized per Ordinance 111768 and the employee actually purchases a reasonably priced meal away from his place of residence as a result of such additional hours of work, the employee shall be reimbursed for the "reasonable cost" of such meal in accordance with Seattle Municipal Code (SMC) 4.20.325. In order to receive reimbursement, the employee must furnish the City with a dated original itemized receipt from the establishment indicating the time of the meal no later than the end of the following pay period; otherwise, the employee shall be paid twenty dollars (\$20) in lieu of reimbursement for the meal.

5.4.1 To receive reimbursement for a meal under this provision, the following rules shall be adhered to:

- A. Said meal must be eaten within a reasonable time after completion of the overtime work. Meals shall not be saved, consumed and claimed at some later date.
- B. In determining "reasonable cost" the following shall also be considered:
 1. The time period during which the overtime is worked.
 2. The availability of reasonably priced eating establishments at that time.
 3. The employee's dietary needs.

C. The City shall not reimburse for the cost of alcoholic beverages.

5.4.2 In lieu of any meal compensation as set forth within this Section, the City may, at its discretion, provide a meal.

5.4.3 When an employee is called out to the field or a City facility in an emergency to work two (2) hours or longer of unscheduled overtime immediately prior to their normal eight (8) hour work shift, said employee shall be eligible for meal reimbursement pursuant to Sections 5.4, 5.4.1 and 5.4.2; provided however, if the employee is not given time off to eat a meal within a reasonable time after completion of the overtime, the employee shall be paid twenty dollars (\$20.00) in lieu of reimbursement for the meal. Any time spent consuming a meal during working hours shall be without compensation.

5.4.4 Meal reimbursement while on Travel Status - An employee shall be reimbursed for meals while on travel status at the federal per diem rate. An employee will not be required to submit receipts for meals and may retain any unspent portion of an advance cash allowance for meals.

5.5 When management deems it necessary, work schedules may be established other than Monday through Friday; provided however, that where workweeks other than the basic departmental workweek schedules in force on the effective date of this Agreement are deemed necessary, the change(s) and reason therefore shall be provided to the Union at least forty-eight (48) hours in advance and, upon request, such change(s) shall be discussed with the Union.

5.5.1 Definitions - For the purpose of this section the following definitions apply:

A. Work Schedule - This is an employee's assigned workdays, work shift, and days off.

B. Workday - This is an employee's assigned day(s) of work.

C. Work Shift - This is an employee's assigned hours of work in a workday.

D. Days Off - This is an employee's assigned non-working days.

5.5.2 Extended Notice Work Schedule Change - At least fourteen (14) calendar days' advance notification shall be afforded affected employees when work schedule changes lasting longer than thirty (30) calendar days are required by the City. The fourteen (14) calendar day advance notice may be waived by mutual agreement of the employee and management, with notice to the Union.

5.5.3 Short Notice Work Schedule Change - At least forty-eight (48) hours advance notification shall be afforded affected employees when work schedule changes lasting less than thirty (30) calendar days are required by the City. In instances where forty-eight (48) hours advance notification is not provided to an employee, said employee shall be compensated at the overtime rate of pay for the first work shift worked under the new schedule.

5.5.4 Short Notice Work Shift Change - At least forty-eight (48) hours advance notification shall be afforded affected employees when work shift changes lasting less than thirty (30) calendar days are required by the City. In instances where forty-eight (48) hours advance notification is not provided to an employee, said employee shall be compensated at the overtime rate of pay for the first work shift worked under the new schedule.

5.6 Implementation of a four (4) day, forty (40) hour or other alternative work schedule shall be subject to consultation and agreement with the Union involved. In administering the four (4) day, forty (40) hour work schedule or other alternative work schedule, overtime shall be paid for any hours worked in excess of ten (10) hours per day or forty (40) hours per week. It will be clearly established whether an alternative work schedule is applicable for a temporary employee.

5.6.1 For employees who work a four (4) day, forty (40) hour work week or other alternative work schedule, the following shall apply:

If a holiday is observed on a Saturday or on a Friday that is the normal day off, the holiday will be taken on the last normal workday. If a holiday is observed on a Monday that is the normal day off or on a Sunday, the holiday will be taken on the next normal workday. This schedule will be followed unless the employee and their supervisor determine that some other day will be taken off for the holiday; provided, however, that in such case the holiday time must be used no later than the end of the following pay period. If the holiday falls on a Tuesday, Wednesday, or Thursday that is the employee's normal scheduled day off, the holiday must be scheduled off no later than the end of the following pay period.

5.6.2 Employees, including those on alternate work schedules, shall receive eight (8) hours pay per holiday (except as identified in 6.1.2. and 6.2.

Employees working an alternate work schedule during a holiday work week are permitted to make scheduling or pay status adjustments as follows:

- A. Employees may revert back to a 5-day/40-hour work week, in which the holidays falls, if available.
- B. Employees may use vacation or compensatory time to supplement the 8-hour holiday pay to achieve full pay for the work week without making other scheduling adjustments, or at the employees' discretion, to be unpaid.

C. By mutual agreement, pre-arranged between the employee and their supervisor, employees may work beyond their normally scheduled workday hours to make up holiday hours. These holiday make-up hours will not be counted as overtime and must be worked during the work week in which the holiday falls. In the event that a request for a modified holiday work week schedule cannot be accommodated, such denial shall not be arbitrary or capricious.

NOTE: Past practice with regard to holiday pay for employees on alternate work assignments consistent with the 1991 directive on holiday pay will continue.

5.7 Any past, present or future work schedule in which an employee, by action of the City, receives eight (8) hours pay for less than eight (8) hours work per day may be changed by the City, at any time, so as to require such an employee to work eight (8) hours per day for eight (8) hours pay.

5.8 Standby Duty - Whenever an employee is placed on Standby Duty by the City, the employee shall be available to respond to emergency calls and when necessary, report as directed. Employees who are placed on Standby Duty by the City shall be paid at a rate of ten percent (10%) of the employee's straight-time hourly rate of pay. When an employee is required to return to work while on Standby Duty the Standby Duty pay shall be discontinued for the actual hours on work duty and compensation shall be provided in accordance with Section 5.3. An employee may use paid sick leave to be compensated for eligible sick leave absences from scheduled standby duties.

5.9 Work Outside of Classification - Work out of class is a management tool, the purpose of which is to complete essential public services whenever an employee is assigned by proper authority to perform the normal, ongoing duties of and accept responsibility of a position.

5.9.1 When the duties of the higher-paid position are clearly outside the scope of an employee's regular classification for a period of three (3) hours or longer in any one (1) work week, the employee shall be paid at the out-of-class salary rate while performing such duties and accepting such responsibility. The out-of-class rate shall be determined in the same manner as for a promotion.

5.9.2 Proper authority shall be a supervisor and/or Crew Chief, who has been designated the authority by a manager or director directly above the position which is being filled out of class, and who has budget management authority of the work unit.

5.9.3 The City shall have the sole authority to direct its supervisors as to when to assign employees to a higher classification. Employees must meet the minimum qualifications of the higher class and must have demonstrated or be able to demonstrate their ability to perform the duties of the class. (If an employee is mistakenly assigned out-of-class who does not meet the above qualifications, the City will stop the practice immediately once discovered and will see that the out-of-class is paid for work already performed).

- 5.9.4 The City may work employees out of class across bargaining unit jurisdictions for a period not to exceed six (6) continuous months for any one position. The six (6) month period may be exceeded under the following circumstances: 1) when a hiring freeze exists and vacancies cannot be filled; 2) extended industrial or off-the-job injury or disability; 3) when a position is scheduled for abrogation; or 4) a position is encumbered (e.g., an assignment in lieu of a layoff).
- 5.9.5 When such circumstances require that an out-of-class assignment be extended beyond six (6) months for any one position, the City shall notify the union or unions which represent the employee who is so assigned and/or the body of work which is being performed on an out-of-class basis. After nine (9) months, the union which represents the body of work being performed out of class must concur with any additional extension of the assignment. The union that represents the body of work will consider all requests on a good faith basis.
- 5.9.6 The practice of no out-of-class pay for paid leave will continue except that any sick leave taken in lieu of working a scheduled out-of-class assignment, regardless of the length of the assignment, must be paid at the same rate as the out-of-class assignment. Such paid sick leave shall count towards salary step placement for the out-of-class assignment or in the event of a regular appointment to the out-of-class title within 12 months of the out-of-class assignment.
- 5.9.7 An employee may be temporarily assigned to perform the duties of a lower classification without a reduction in pay. When employees voluntarily apply for and voluntarily accept a position in a lower-level classification, they shall receive the salary rate for the lower class, which, without increase, is nearest to the salary rate to which such employee was entitled in the higher class. For such temporary period, the employee shall continue to pay dues to the union of the higher class. The overtime provisions applicable are those of the contract covering the bargaining unit position of the work being performed on an overtime basis. At management's discretion, an employee may be temporarily assigned the duties of a lower-level class, or the duties of a class with the same pay rate range as their primary class, across union jurisdictional lines, with no change to their regular pay rate. Out-of-class provisions related to threshold for payment, salary step placement, service credit for salary step placement and payment for absences do not apply in these instances.
- 5.9.8 An employee who is temporarily unable to perform the regular duties of their classification due to an off-the-job injury or illness may opt to perform work within a lower-paying classification dependent upon the availability of such work and subject to the approval of the City. The involved employee shall receive the salary rate for the lower class which, without increase, is nearest to the salary rate to which such employee was entitled in the higher class.
- 5.9.9 The City shall make a reasonable effort to accommodate employees who have an off-the-job injury or illness with light-duty work if such work is available.

5.9.10 Out-of-class work shall be formally assigned in advance of the out-of-class opportunity created in normal operating conditions. Where the work is not authorized in advance, it is the responsibility of the proper authority to determine immediately how to accomplish the duties which would otherwise constitute an out-of-class assignment. Any employee may request that this determination be made. The employee will not carry out any duty of the higher-level position when such duty is not also a duty of their own classification, if the employee is not formally assigned to perform the duties on an out-of-class basis.

5.9.11 No employee may assume the duties of the higher-paid position without being formally assigned to do so except in a bona fide emergency. When an employee has assumed an out-of-class role in a bona fide emergency, the individual may apply to their department director for retroactive payment of out-of-class pay. The decision of the department director as to whether the duties were performed and whether performance thereof was appropriate shall be final.

Whenever any paid holiday falls upon a Saturday, the preceding Friday shall be recognized as the paid holiday; provided however, paid holidays falling on Saturday or Sunday shall be recognized and paid pursuant to Section 6.4 on those actual days (Saturday or Sunday) for employees who are regularly scheduled to work those days. Payment pursuant to Section 6.4 shall be made only once per affected employee for any one holiday.

6.1.1.1 Employees who have completed eighteen thousand seven hundred and twenty (18,720) hours or more on regular pay status (Article 7.2) on or before December 31st of the current year shall receive an additional two (2) personal holidays for a total of four (4) personal holidays (per Article 6.1) to be added to their leave balance on the pay date of the first full pay period in January of the following year.

6.1.2 A permanent part-time employee shall receive paid holiday time off (or paid time off in lieu thereof) based upon straight-time hours compensated during the pay period immediately prior to the pay period in which the holiday falls. The amount of paid holiday time off for which the part-time employee is eligible shall be in proportion to the holiday time off provided for full-time employees. For example, a full-time employee working eighty (80) hours per pay period would be eligible for eight (8) hours off with pay on a holiday while a part-time employee who works forty (40) hours during the pay period preceding the holiday would be eligible for four (4) hours off with pay.

6.2 To qualify for holiday pay, City employees shall have been on pay status their normal workday before or their normal workday following the holiday; provided however, employees returning from non-pay leave who start work the day after a holiday shall not be entitled to pay for the holiday preceding their first day of work.

- 6.3 A Personal Holiday shall be used during the calendar year as a regular holiday. Use of the Personal Holiday shall be requested in advance. When the Personal Holiday has been approved in advance and is later canceled by the City with less than a thirty (30) day advance notice, the employee shall have the option of rescheduling the day or receiving holiday premium pay pursuant to Section 6.4 for all time worked on the originally scheduled Personal Holiday.
- 6.4 An employee who has been given at least forty-eight (48) hours advance notification and who is required to work on a holiday shall be paid for the holiday at their regular straight-time hourly rate of pay and, in addition, the employee shall receive one and one-half (1½) times their regular straight-time hourly rate of pay for those hours worked on the holiday; or by mutual agreement between the affected employee and the City, the employee may receive one and one-half (1½) times those hours worked in the form of compensatory time off to be taken at another mutually agreed-upon date.
- 6.5 In the event an employee is required to work without having been given at least a forty-eight (48) hours advance notification on a holiday the employee normally would have off with pay, said employee shall be paid for the holiday at their regular straight-time hourly rate of pay and, in addition, the employee shall receive two (2) times their regular straight-time hourly rate of pay for those hours worked on the holiday; or by mutual agreement between the affected employee and the City, the employee may receive two (2) times those hours worked in the form of compensatory time off to be taken at another mutually agreed-upon date.

ARTICLE 7 – ANNUAL VACATION

7.1 Annual vacations with pay shall be granted to eligible employees computed at the rate shown in Article 7.3 and 7.3.1 for each hour on regular pay status as shown on the payroll, but not to exceed eighty (80) hours per pay period.

7.2 Regular pay status is defined as regular straight-time hours of work plus paid time off such as vacation time, holiday time off, compensatory time and sick leave. At the discretion of the City, up to one hundred sixty (160) hours per calendar year of unpaid leave of absence may be included as service for purposes of accruing vacation. Time lost by reasons of disability for which an employee is compensated by Industrial Insurance or Charter Disability provisions shall not be considered absence. An employee who returns after layoff shall be given credit for such prior service.

7.3 The vacation accrual rate shall be determined in accordance with the rates set forth in Column No. 1. Column No. 2 depicts the corresponding equivalent annual vacation for a regular full-time employee. Column No. 3 depicts the maximum number of vacation hours that can be accrued and accumulated by an employee at any time.

7.5 An employee who is eligible for vacation benefits shall accrue vacation from the date of entering City service or the date upon which the employee became eligible and may accumulate a vacation balance which shall never exceed at any time two (2) times the number of annual vacation hours for which the employee is currently eligible. Accrual and accumulation of vacation time shall cease at the time an employee's vacation balance reaches the maximum balance allowed and shall not resume until the employee's vacation balance is below the maximum allowed.

7.6 Employees may, with Department approval, use accumulated vacation with pay upon accrual.

7.7 In the event that the City cancels an employee's already scheduled and approved vacation, leaving no time to reschedule such vacation before the employee's maximum balance will be reached, the employee's vacation balance will be permitted to exceed the allowable maximum and the employee shall continue to accrue vacation for a period of up to three (3) months if such exception is approved by both the Department Head and the Seattle Human Resources Director in order to allow rescheduling of the employee's vacation. In such cases the Department Head shall provide the Seattle Human Resources Director with the circumstances and reasons leading to the need for such an extension. No extension of this grace period shall be allowed.

7.8 “Service year” is defined as the period of time between an employee's date of hire and the one-year anniversary date of the employee's date of hire or the period of time between any two (2) consecutive anniversaries of the employee's date of hire thereafter.

- 7.9 The minimum vacation allowance to be taken by an employee shall be one-half (½) of a day, or at the discretion of the Department Head, such lesser amount as may be approved by the Department Head.
- 7.10 An employee who separates from City service for any reason shall be paid in a lump-sum for any unused vacation the employee has accrued.
- 7.11 Upon the death of an employee in active service, pay shall be allowed for any vacation earned in the preceding year and in the current year and not taken prior to the death of such employee.
- 7.12 Where an employee has exhausted their sick leave balance, the employee may use vacation for further leave for medical reasons subject to verification by the employee's medical care provider for absences of more than three (3) continuous days. Employees who are called to active military service or who respond to requests for assistance from Federal Emergency Management Agency (FEMA) may, at their option, use accrued vacation in conjunction with a leave of absence.
- 7.13 The Department Head shall arrange vacation time for employees on such schedules as will least interfere with the functions of the department, but which accommodate the desires of the employees to the greatest degree feasible.
- 7.14 Employees with prior regular City service who are appointed to regular positions within the City shall begin accruing vacation at the rate which was applicable upon their most recent separation from regular City service. Regular City service (on or before December 31, 1992) in the Seattle-King County Health Department will be considered as City service.

**ARTICLE 8 – SICK LEAVE, BEREAVEMENT LEAVE, EMERGENCY LEAVE,
UNION LEAVE AND VEBA**

8.1 Sick Leave – Sick leave shall be defined as paid time off from work for a qualifying reason under Article 8.1 of this Agreement. Employees shall accumulate sick leave credit at the rate of .046 hours for each hour on regular pay status as shown on the payroll, but not to exceed forty (40) hours per week. If an employee's overall accrual rate falls below the accrual rate required by SMC 14.16 (Paid Sick and Safe Time) the employee shall be credited with sick leave hours so that the employee's total sick leave earned per calendar year meets the minimum accrual requirements of SMC 14.16. New employees entering City service shall not be entitled to use sick leave with pay during the first thirty (30) days of employment but shall accrue sick leave credits during such thirty (30) day period. An employee is authorized to use paid sick leave for hours that the employee was scheduled to have worked for the following reasons:

- A. An absence resulting from an employee's mental or physical illness, injury, or health condition; to accommodate the employee's need for medical diagnosis, care, treatment of a mental or physical illness, injury, or health condition, or preventive care; or as otherwise required by SMC 14.16 and other applicable laws such as RCW 49.46.210; or
- B. To allow the employee to provide care for an eligible family member as defined by Seattle Municipal Code SMC 4.24.005 with a mental or physical illness, injury, or health condition; or care for a family member who needs preventative medical care, or as otherwise required by SMC 14.16 and other applicable laws such as RCW 49.46.210; or
- C. When the employee's place of business has been closed by order of a public official for any health-related reason, or when an employee's child's school or place of care has been closed for such reason, or as otherwise required by SMC 14.16 and other applicable laws such as RCW 49.46.210.
- D. Absences that qualify for leave under the Domestic Violence Leave Act, Chapter 49.76 RCW.
- E. The non-medical care of a newborn child of the employee or the employee's spouse or domestic partner; or
- F. The non-medical care of a dependent child placed with the employee or the employee's spouse or domestic partner for purposes of adoption, including any time away from work prior to or following placement of the child to satisfy legal or regulatory requirements for the adoption.

Sick leave used for the purposes contemplated by Article 8.1.E and F must end before the first anniversary of the child's birth or placement.

- 8.1.1 Abuse of paid sick leave or use of paid sick leave not for an authorized purpose may result in denial of sick leave payment and/or discipline up to and including dismissal
- 8.1.2 Unlimited sick leave credit may be accumulated.
- 8.1.3 Upon retirement, a portion of an employee's unused sick leave accruals will be directed in accordance with the VEBA provisions set forth in Section 8.4 of this Article.
- 8.1.3.1 Cash payments of unused sick leave may be deferred for a period of one (1) year or less, providing the employee notifies their Department Human Resources Office of their desires at the time of retirement. Request for deferred cash payments of unused sick leave shall be made in writing.
- 8.1.4 Upon the death of an employee, either by accident or natural causes, twenty-five percent (25%) of such employee's accumulated sick leave credits shall be paid to their designated beneficiary.
- 8.1.5 Change in position or transfer to another City department shall not result in loss of accumulated sick leave. An employee reinstated or re-employed within one (1) year in the same or another department, after termination of service for any reason, shall be credited with all unused sick leave accumulated prior to such termination.
- 8.1.5.1 Regular or benefits eligible temporary employees who are reinstated or rehired within twelve (12) months of separation in the same or another department after any separation, including dismissal for cause, resignation, or quitting, shall have unused accrued sick leave reinstated as required by Seattle Municipal Code 14.16 and other applicable laws, such as RCW 49.46.210.
- 8.1.6 In order to receive paid sick leave for reasons provided in Article 8.1.A – 8.1.D, an employee shall be required to provide verification that the employee's use of paid sick leave was for an authorized purpose, consistent with SMC 14.16 and other applicable laws such as RCW 49.46.210. However, an employee shall not be required to provide verification for absences of less than four consecutive days.
- 8.1.7 Conditions Not Covered - Employees shall not be eligible for sick leave when:
- A. Suspended or on leave without pay and when laid off or on other non-pay status.
 - B. Off work on a holiday.
 - C. An employee works during his free time for an Employer other than the City of Seattle and their illness or disability arises therefrom.
- 8.1.8 Prerequisites for Payment - The following applicable requirements shall be fulfilled in order to establish an employee's eligibility for sick leave benefits.

- 8.1.8.1 Prompt Notification - The employee shall promptly notify the immediate supervisor, by telephone or otherwise, on the first day off due to illness and each day thereafter unless advised otherwise by the immediate supervisor. For those absences of more than one day, notification on their first day off with an expected date of return shall suffice. The employee shall advise the supervisor of any change in expected date of return. If an employee is on a special work schedule, particularly where a relief replacement is necessary when the employee is absent, the employee shall notify the immediate supervisor as far as possible in advance of the scheduled time to report for work.
- 8.1.8.2 Notification While On Paid Vacation Or Compensatory Time Off - If an employee is injured or is taken ill while on paid vacation or compensatory time off, the employee shall notify their department on the first day of disability that they will be using paid sick leave. A doctor's statement or other acceptable proof of illness or disability, while on vacation or compensatory time off, must be presented for absences greater than three (3) continuous days.
- 8.1.8.3 Claims to be in 15-Minute Increments - Sick leave shall be claimed in fifteen (15) minute increments to the nearest full fifteen (15) minute increment, a fraction of less than eight (8) minutes being disregarded. Separate portions of absence interrupted by a return to work shall be claimed on separate application forms.
- 8.1.8.4 Limitations of Claims - All sick leave claims shall be limited to the actual amount of time lost due to illness or disability. The total amount of sick leave claimed in any pay period by an employee shall not exceed the employee's sick leave accumulation as shown on the payroll for the pay period immediately preceding their illness or disability. It is the responsibility of their department to verify that sick leave accounts have not been overdrawn; and if a claim exceeds the accrued number of hours an employee has to their credit, the department shall correct their application.
- 8.1.8.5 Rate of Pay for Sick Leave Used - An employee who uses paid sick leave shall be compensated at the straight time rate of pay as required by SMC 14.16, and other applicable laws, such as RCW 49.46.210. For example, an employee who misses a scheduled night shift associated with a graveyard premium pay would receive the premium for those hours missed due to sick leave. For employees who use paid sick leave hours that would have been overtime if worked, the City will apply requirements of Seattle Municipal Code 14.16 and applicable laws such as RCW 49.46.210. (See also Articles 5.8, 5.9.6 and 14.29.2 for sick leave use and rate of pay for standby duties, out-of-class assignments and shift premium).
- 8.1.8.6 Sick Leave Transfer Program - Employees shall be afforded the option to transfer and/or receive sick leave in accordance with the terms and conditions of the City's Sick Leave Transfer Program as established and set forth by City Ordinance. All benefits and/or rights existing under such program may be amended and/or terminated at any time as may be determined appropriate by the City. All terms, conditions and/or benefits of such program shall not be subject to the grievance procedure.

8.2 Bereavement Leave – All employees covered by this Agreement are allowed forty (40) hours off without salary deduction for bereavement purposes in the event of the death of any relative. Bereavement leave may be used in full day increments or increments of one (1) hour, at the employee’s discretion. Bereavement leave must be used within one (1) year; employees may submit for exceptions to this within thirty (30) days (requests that come in after the 30 days will be considered) of the death if they know they will need longer than one (1) year to use leave for that event. This benefit is prorated for less-than-full time employees.

For purposes of this Section, “relative” is defined as any person related to the employee by blood, marriage, adoption, fostering, guardianship, in loco parentis, or domestic partnership.

8.3 Emergency Leave - One (1) day or a portion thereof per Agreement year without loss of pay may be taken off subject to approval of the employee's Supervisor and/or Department Head when it is necessary that the employee be immediately off work to attend to one of the following situations, either of which necessitates immediate action on the part of the employee:

- A. The employee's spouse, domestic partner, child, parents, or grandparents has unexpectedly become seriously ill or has had a serious accident; or
- B. An unforeseen occurrence with respect to the employee's household (e.g., fire, flood or ongoing loss of power). “Household” shall be defined as the physical aspects, including pets, of the employee's residence or vehicle; or
- C. The emergency leave benefit must also be available to the employee in the event of inclement weather or natural disaster within the City limits or within the city or county in which the member resides that makes it impossible or unsafe for the employee to physically commute to their normal work site at the start of their normal shift.
- D. A “day” of emergency leave may be used for separate incidents in one (1) hour increments. The total hours compensated under this provision, however, shall not exceed eight (8) hours in a contract year.

8.4 Retirement VEBA - Each bargaining unit will conduct a vote to determine whether to participate in a Health Reimbursement Account (HRA) Voluntary Employee Benefits Association (VEBA) to provide post-retirement medical expense benefits to members who retire from City service.

8.4.1 Contributions from Unused Paid Time off at Retirement

- A. Eligibility-to-Retire Requirements:
 - 1. 5 – 9 years of service and are age 62 or older
 - 2. 10 – 19 years of service and are age 57 or older
 - 3. 20 – 29 years of service and are age 52 or older
 - 4. 30 years of service and are any age

- B. The City will provide each bargaining unit with a list of its members who are expected to meet any of the criteria in paragraph A above as of December 31, 2026.
- C. If the members of the bargaining unit who have met the criteria described in paragraph A above vote to require VEBA contributions from unused paid time off, then all members of the bargaining unit who are eligible to retire and those who become eligible during the life cycle of this contract shall, as elected by the voting members of the bargaining unit:
 - 1. Contribute 35% of their unused sick leave balance into the VEBA upon retirement; or
 - 2. Contribute 50% of their unused vacation leave balance into the VEBA upon retirement; or
 - 3. Contribute both 35% of their unused sick leave balance and 50% of their unused vacation leave balance upon retirement.
- D. If the members of the bargaining unit who have satisfied the eligibility-to-retain requirements described in paragraph A above as of December 31, 2026, do not vote to require VEBA contributions from unused sick leave, members may either:
 - 1. Transfer 35% of their unused sick leave balance to the City of Seattle Voluntary Deferred Compensation Plan, subject to the terms of the Plan and applicable law; or
 - 2. Cash out their unused sick leave balance at 25% to be paid on their final paycheck.

In either case, the remaining balance of the member's unused sick leave will be forfeited.

8.4.2 Contributions from Employee Wages (all regular employees who are part of the bargaining unit)

- A. Each bargaining unit will conduct a vote for all regular employees, as defined in the City's employer personnel manual, to determine whether to participate in a Health Reimbursement Account (HRA) Voluntary Employee Benefits Association (VEBA) for active employees to participate in an Active VEBA. Once they begin participating in the VEBA, employees may file claims for eligible expenses as provide under the terms of the VEBA.
- B. If the bargaining unit votes to require VEBA contributions from employee wages, then all members of the bargaining unit shall, as elected by the bargaining unit as to all of its members, make a mandatory employee contribution of one of the amounts listed below into the VEBA while employed by the City:
 - 1. \$25 per month, or
 - 2. \$50 per month.

8.4.2.1 Allocation of Responsibility - The City assumes no responsibility for the tax consequences of any VEBA contributions made by or on behalf of any member. Each union that elects to require VEBA contributions for the benefit of its members assumes sole responsibility for insuring that the VEBA complies with all applicable laws, including, without limitation, the Internal Revenue Code, and agrees to indemnify and hold the City harmless for any taxes, penalties and any other costs and expenses resulting from such contributions.

8.5 Sabbatical Leave and VEBA – Members of a bargaining unit that votes to accept the VEBA **and** who meet the eligible-to-retain criteria are not eligible to cash out their sick leave at 25% as a part of their sabbatical benefit. Members who do not meet the eligible-to-retain criteria may cash out their sick leave at 25% in accordance with the sabbatical benefit.

8.6 Paid Parental Leave - Employees who meet the eligibility requirements of the Seattle Municipal Code Chapter 4.27, “Paid Parental Leave,” may take leave for bonding with their new child.

8.7 Bea’s Law – SMC 4.29, Paid Family Care Leave, which includes “Bea’s Law” is hereby incorporated by reference into this Agreement.

8.8 Shared Sick Leave Pool

The City will standardize the current sick leave transfer (“donation”) program across all City departments through the following actions:

- Standardization of:
 - Forms
 - Processing templates
 - FAQs
 - Interdepartmental donation of sick leave
- Anonymizing sick leave requests for potential recipients
- Anonymizing sick leave donations from contributors

The intent of the program is to create a mandatory and uniform system that will function across departments as the established protocol for all sick leave donation requests and donations. The City agrees to perform this standardization using a Labor-Management Committee (“LMC”) meeting, which will work in consultation with appropriate subject matter experts (“SMEs”), including but not limited to Seattle Human Resources, FAS Citywide Payroll and Business Systems, ITD HRIS and Race and Social Justice SMEs. The City further agrees to convene the LMC no later than 90 days from execution of this Agreement and to meet no less than monthly on the standardization process beginning in the month following the initial convening of the LMC.

8.9 SPFML Top-Up

Employees receiving SPFML may use any of their accrued paid and/or granted leave (“leave”) to supplement the SPFML benefit payment, up to 100% of their weekly salary paid by the City of Seattle. The use of such leave to augment the SPFML benefit shall be called “supplemental leave pay.” Use of Leave by an employee to supplement SPFML is strictly voluntary. The City cannot require an employee to use accrued Leave to supplement SPFML benefits.

Supplemental Leave Pay Utilization Process

- A. Leave for the purposes of this proposal, is defined as all accrued and/or granted leave as set forth and defined in the City of Seattle Municipal Code Title 4 (Personnel) Sections 4.24 through 4.34 (vacation, sick leave, floating, merit, comp time, executive, etc.).
- B. Supplemental leave pay may be accessed starting the first pay period after the City has received the final SPFML claim determination notice from the Washington State Employment Security Department (“ESD”).
- C. Supplemental Leave Supplemental leave can be used by employees based on the date range signified in the SPFML eligibility letter. For instances in which that date has passed, employees can submit time sheet correction requests to add the use of supplemental leave, as defined above. No time sheet corrections or reactivity shall be applied to any date or SPFML prior to the execution of this Agreement.
- D. The use of supplemental leave to “top-up” an employee’s SPFML benefit shall not exceed the amount of accrued and/or granted leave the employee has available in their balances.
- E. The use of accrued and/or granted paid leave to supplement the SPFML benefit will be available in 15 minute increments, except for when the accrued and/or granted paid Leave the employee requests to be used to supplement the SPFML must be used in full day increments as specified by a given collective bargaining agreement or by City code or Personnel rules (e.g. personal holidays), and then shall be only available in full-day increments.
- F. An employee must have already accrued the paid/granted leave they seek to use for the pay period in which they seek to use it.
- G. It is the employee’s responsibility for determining whether they have the accrued/and or granted leave they seek to use in a given pay period to supplement the SPFML.

8.10 Union Leave - Upon written request, a regular employee elected or appointed to a Union office that requires all of their time will be given a leave of absence without pay from work, not to exceed one (1) year, with approval of the appointing authority based on the business needs of the department. The appointing authority will respond to such requests in writing within fourteen (14) calendar days. Should the appointing authority reject a request for Union Leave, the written response will include an explanation of the business need for the denial. Requests for Union Leave will not be unreasonably denied.

Leave may not be approved for more than one (1) employee at a time per Department. To be eligible for union leave under this provision, the employee must not currently be serving a probation or trial service.

A regular employee designated by the Union to serve on official union business that requires a part of their time will be given a leave of absence without pay from work, provided it can be done without detriment to City services and at least forty-eight (48) hours written notice is given to the Director. The employee will not suffer a loss of bargaining unit seniority rights and will accumulate the same during such leave.

The parties agree that at the City's sole discretion, the leave may be terminated in the event of layoff. The City will provide one month notice before recalling an employee. The parties further agree that the City may at its sole discretion hire term limited temporary employees to backfill for the absent employee.

ARTICLE 9 – INDUSTRIAL INJURY OR ILLNESS

- 9.1 Any employee who is disabled in the discharge of their duties and if such disablement results in absence from their regular duties, shall be compensated, except as otherwise hereinafter provided, in the amount of eighty percent (80%) of the employee's normal hourly rate of pay, not to exceed two hundred and sixty-one (261) regularly scheduled workdays counted from the first regularly scheduled workday after the day of the on-the-job injury; provided the disability sustained must qualify the employee for benefits under State Industrial Insurance and Medical Aid Acts.
- 9.1.1 Whenever an employee is injured on the job and compelled to seek immediate medical treatment, the employee shall be compensated in full for the remaining part of the day of injury without effect to their sick leave or vacation or other paid leave account. Scheduled workdays falling within only the first three (3) calendar days following the day of injury shall be compensable through accrued sick leave. Any earned vacation or other paid leave may be used in a like manner after sick leave is exhausted, provided that, if neither accrued sick leave nor accrued vacation or other paid leave is available, the employee shall be placed on no pay status for these three (3) days. If the period of disability equals or extends beyond fourteen (14) calendar days, then (1) any accrued sick leave, vacation, or other paid leave utilized due to absence from their regular duties as provided for in this section shall be reinstated and the employee shall be paid in accordance with Section 9.1 which provides payment at the eighty percent (80%) rate, or (2) if no sick leave, vacation, or other paid leave was available to the employee at that time, then the employee shall thereafter be compensated for the three (3) calendar days at the eighty percent (80%) compensation rate described in Section 9.1.
- 9.1.2 Such compensation shall be authorized by the Seattle Human Resources Director or their designee with the advice of such employee's Department Head on request from the employee supported by satisfactory evidence of medical treatment of the illness or injury giving rise to such employee's claim for compensation under SMC 4.44, as now or hereinafter amended.
- 9.1.3 In no circumstances will the amount paid under these provisions exceed an employee's gross pay minus mandatory deductions (taxes, retirement). This provision shall become effective when SMC 4.44 - Disability Compensation is revised to incorporate this limit.
- 9.1.4 Employees must meet the standards listed in SMC 4.44.020 to be eligible for the benefit amount provided herein which exceeds the rate required to be paid by state law, hereinafter referred to as supplemental benefits. These standards require that employees: (1) comply with all Department of Labor and Industries rules and regulations and related City of Seattle and employing department policies and procedures; (2) respond, be available for and attend medical appointments and treatments and meetings related to rehabilitation, and work hardening, conditioning or other treatment arranged by the City and authorized by the attending physician; (3) accept modified or alternative duty assigned by supervisors when released to perform such duty by the attending physician; (4) attend all meetings scheduled by the City of

Seattle Workers' Compensation unit or employing department concerning the employee's status or claim when properly notified at least five (5) working days in advance of such meeting unless other medical treatment conflicts with the meeting and the employee provides twenty-four (24) hours' notice of such meeting or examination.

9.1.4.1 The City will provide a copy of the eligibility requirements to employees when they file a workers' compensation claim. If records indicate two (2) no-shows, supplemental benefits may be terminated no sooner than seven (7) calendar days after notification to the employee.

9.2 Compensation for holidays and earned vacation falling within a period of absence due to such disability shall be at the normal rate of pay, but such days shall not be considered as regularly scheduled workdays as applied to the time limitations set forth within Section 9.1. Disabled employees affected by the provisions of SMC 4.44 shall continue to accrue vacation and sick leave as though actively employed during the period set forth within Section 9.1.

9.3 Any employee eligible for the benefits provided by SMC 4.44 whose disability prevents them from performing their regular duties, but in the judgment of their physician could perform duties of a less strenuous nature, shall be employed at their normal rate of pay in such other suitable duties as the Department Head shall direct, with the approval of such employee's physician until the Seattle Human Resources Director requests closure of such employee's claim pursuant to SMC 4.44, as now or hereinafter amended.

9.4 Sick leave shall not be used for any disability herein described except as allowed in Section 9.1.

9.5 The afore-referenced disability compensation shall be understood to be in lieu of State Industrial Insurance Compensation and Medical Aid.

9.6 Appeals of any denials under this Article shall be made through the Department of Labor and Industries as prescribed in Title 51 R.C.W.

9.7 The parties agree either may reopen for negotiation the terms and conditions of this Article.

ARTICLE 10 – PROBATIONARY PERIOD AND TRIAL SERVICE PERIOD

- 10.1 The following shall define terms used in this Article:
- 10.1.1 Probationary Period - A twelve (12) month period of employment following an employee's initial regular appointment within the Civil Service to a position.
- 10.1.2 Regular Appointment - The authorized appointment of an individual to a position covered by Civil Service.
- 10.1.3 Trial Service Period/Regular Subsequent Appointment - A twelve (12) month trial period of employment of a regular employee beginning with the effective date of a subsequent, regular appointment from one classification to a different classification; through promotion or transfer to a classification in which the employee has not successfully completed a probationary or trial service period; or rehire from a Reinstatement Recall List to a department other than that from which the employee was laid off.
- 10.1.4 Regular Employee - An employee who has successfully completed a twelve (12) month probationary period and has had no subsequent break in service as occasioned by quit, resignation, discharge for just cause or retirement.
- 10.1.5 Revert - To return an employee who has not successfully completed their trial service period to a vacant position in the same class and former department (if applicable) from which the employee was appointed.
- 10.1.6 Reversion Recall List - If no such vacancy exists to which the employee may revert, the employee will be removed from the payroll and their name placed on a Reversion Recall List for the class/department from which the employee was removed.
- 10.2 Probationary Period/Status of Employee - Employees who are initially appointed to a position shall serve a probationary period of twelve (12) months.
- 10.2.1 The probationary period shall provide the department with the opportunity to observe a new employee's work, to train and aid the new employee in adjustment to the position, and to terminate any employee whose work performance fails to meet the required standards.
- 10.2.2 An employee shall become regular after having completed their probationary period unless the individual is dismissed under provisions of Section 10.3 and Section 10.3.1.
- 10.3 Probationary Period/Dismissal - An employee may be dismissed during their probationary period after having been given written notice five (5) working days prior to the effective date of dismissal. However, if the department believes the best interest of the City requires the immediate dismissal of the probationary employee, written notice of only one (1) full working day prior to the effective date of the dismissal shall

be required. The reasons for the dismissal shall be filed with the Seattle Human Resources Director and a copy sent to the Union.

10.3.1 An employee dismissed during their probationary period shall not have the right to appeal the dismissal. When proper advance notice of the dismissal is not given, the employee may enter an appeal (for payment of up to five (5) days' salary), which the employee would have otherwise received had proper notice been given. If such a claim is sustained, the employee shall be entitled to the appropriate payment of salary but shall not be entitled to reinstatement.

10.4 Trial Service Period - An employee who has satisfactorily completed their probationary period and who is subsequently appointed to a position in another classification shall serve a twelve (12) month trial service period, in accordance with Section 10.1.3.

10.4.1 The trial service period shall provide the department with the opportunity to observe the employee's work and to train and aid the employee in adjustment to the position, and to revert such an employee whose work performance fails to meet required standards.

10.4.2 An employee who has been appointed from one classification to another classification within the same or different department and who fails to satisfactorily complete the trial service period shall be reverted to a vacant position within that department and classification from which the employee was appointed.

10.4.3 Where no such vacancy exists, such employee shall be given fifteen (15) calendar days' written notice prior to being placed on a Reversion Recall List for their former department and former classification and being removed from the payroll.

10.4.4 An employee's trial service period may be extended up to three (3) additional months by written mutual agreement between the department, the employee and the Union, subject to approval by the Seattle Human Resources Director prior to expiration of the trial service period.

10.4.5 Employees who have been reverted during the trial service period shall not have the right to appeal the reversion.

10.4.6 The names of regular employees who have been reverted for purposes of re-employment in their former department shall be placed upon a Reversion Recall List for the same classification from which they were promoted or transferred for a period of one (1) year from the date of reversion.

10.4.7 If a vacancy is to be filled in a department and a valid Reversion Recall List for the classification for that vacancy contains the name(s) of eligible employees who have been removed from the payroll from that classification and from that department, such employees shall be reinstated in order of their length of service in that classification. The employee who has the most service in that classification shall be the first reinstated.

- 10.4.8 An employee whose name is on a Valid Reversion Recall List for a specific job classification who accepts employment with the City in that same job classification shall have their name removed from the Reversion Recall List. Refusal to accept placement from a Reversion Recall List to a position the same, or essentially the same, as that which the employee previously held shall cause an employee's name to be removed from the Reversion Recall List, which shall terminate rights to reemployment under this Reversion Recall List provision.
- 10.4.9 An employee whose name is on a valid Reversion Recall List who accepts employment with the City in another class and/or department shall have their name removed from the Reversion Recall List.
- 10.4.10 A reverted employee shall be paid at the step of the range which the employee normally would have received had the employee not been appointed.
- 10.5 Subsequent Appointments During Probationary Period Or Trial Service Period - If a probationary employee is subsequently appointed in the same classification from one department to another, the receiving department may, with approval of the Seattle Human Resources Director, require that a complete twelve (12) month probationary period be served in that department. If a regular employee or an employee who is still serving a trial service period is subsequently appointed in the same classification from one department to another, the receiving department may, with the approval of the Seattle Human Resources Director, require that a twelve (12) month trial service period be served in that department.
- 10.5.1 If a probationary employee is subsequently appointed to a different classification in the same or different department, the employee shall serve a complete twelve (12) month probationary period in the new classification. If a regular employee is subsequently appointed to a different classification in the same or different department, the employee shall serve a complete twelve (12) month trial service period in the new classification.
- 10.5.2 Within the same department, if a regular employee is appointed to a higher classification while serving in a trial service period, the trial service period for the lower classification and the new trial service period for the higher classification shall overlap provided that the higher and lower classifications are in the same or a closely related field. The employee shall complete the term of the original trial service period and be given regular status in the lower classification. Such employee shall also be granted the rights normally accruing to trial service for the remainder of the trial service period in the higher classification.

- 10.5.3 Within the same department, if a probationary employee is regularly appointed to a higher classification while serving in a probationary period, the probationary period and the new trial service period for the higher classification shall overlap provided the higher and the lower classifications are in the same or a closely related field. The employee shall complete the term of the original probationary period and be given regular standing in the lower class. Such employee shall also be granted the rights normally accruing to trial service for the remainder of the trial service period in the higher classification.
- 10.6 The probationary period shall be equivalent to twelve (12) months of service following regular appointment. Occasional absences due to illness or other protected leave under SMC 14.16 or other laws including RCW 49.46.210, vacations, jury duty, and military leaves shall not result in an extension of the probationary period, but upon approval of the Seattle Human Resources Director, an employee's probationary period may be extended so as to include the equivalent of a full twelve (12) months of actual service where there are numerous absences.
- 10.7 Nothing in this Article shall be construed as being in conflict with provisions of Article 11.

ARTICLE 11 – TRANSFERS, VOLUNTARY REDUCTION, LAYOFF AND RECALL

- 11.1 Transfers - The transfer of an employee shall not constitute a promotion except as provided in Section 11.1.2.(5).
- 11.1.1 Intra-departmental Transfers - An appointing authority may transfer an employee from one position to another position in the same class in their department without prior approval of the Seattle Human Resources Director, but must report any such transfer to the Seattle Department of Human Resources within five (5) days of its effective date.
- 11.1.2 Other transfers may be made upon consent of the appointing authorities of the departments involved and with the Seattle Human Resources Director's approval as follows:
- A. Transfer in the same class from one department to another.
 - B. Transfer to another class in the same or a different department in case of injury in line of duty either with the City service or with the armed forces in time of war, resulting in permanent partial disability, where showing is made that the transferee is capable of satisfactorily performing the duties of the new position.
 - C. Transfer, in lieu of layoff, may be made to a position in the same class to a different department, upon showing that the transferee is capable of satisfactorily performing the duties of the position, and that a regular, trial service or probationary employee is not displaced. The employee subject to layoff shall have this opportunity to transfer provided there is no one on the Reinstatement Recall List for the same class for that department. If there is more than one employee eligible for transfer in lieu of layoff in the same job title, the employee names shall be placed on a layoff transfer list in order of job class seniority. Eligibility to choose this opportunity to transfer is limited to those employees who have no rights to other positions in the application of the layoff language herein including Section 11.3.4.
 - 1. A department will be provided with the names of eligible employees and their job skills. The department will fill the position with the most senior employee with the job skills needed for the position. The department may test or otherwise affirm the employee has the skills and ability to perform the work.
 - 2. An employee on the layoff transfer list who is not placed in another position prior to layoff shall be eligible for placement on the Reinstatement Recall List pursuant to Section 11.4.
 - D. Transfer, in lieu of layoff, may be made to a single position in another class when such transfer would constitute a promotion or advancement in the service provided a showing is made that the transferee is capable of satisfactorily performing the duties of the position and that a regular, trial service or probationary employee is not displaced and when transfer in lieu of layoff under Section 11.1.2.(4) is not practicable.
 - F. The Seattle Human Resources Director may approve a transfer under Sections 11.1.2 (1), (2), (3), (4) or (5) above with the consent of the appointing authority of the Receiving Department only, upon a showing of the circumstances justifying such action.
 - G. Transfer may be made to another similar class with the same maximum rate of pay in the same or a different department upon the Director's approval of a written request by the appointing authority.
- 11.1.2.1 Employees transferred pursuant to the provisions of Section 11.1.2 shall serve probationary and/or trial service periods as may be required in Article 10, Sections 10.5, 10.5.1, 10.5.2, and 10.5.3.
- 11.1.3 Notwithstanding any provision to the contrary as may be contained elsewhere within this Article, regular employees shall be given priority consideration for lateral transfer to any open position in the same classification within their department.
- 11.1.4 Notwithstanding any provision to the contrary as may be contained elsewhere within this Article, regular part-time employees shall be given priority consideration for full-time positions in the same classification which become available within their department.
- 11.2 Voluntary Reduction - A regularly appointed employee may be reduced to a lower class upon their written request stating their reason for such reduction, if the request is concurred in by the appointing authority and is approved by the Seattle Human Resources Director. Such reduction shall not displace any regular, trial service or probationary employee.
- 11.2.1 The employee so reduced shall be entitled to credit for previous regular service in the lower class and to other service credit in accordance with Section 11.5. Upon a showing, concurred in by the appointing authority of the department that the reason for such voluntary reduction no longer exists, the Seattle Human Resources Director may restore the employee to their former status.
- 11.3 Layoff - The City shall notify the Union and the affected employees in writing at least two (2) weeks in advance whenever possible, when a layoff is imminent within the bargaining unit.

11.3.1 Layoff for purposes of this Agreement shall be defined as the interruption of employment and suspension of pay of any regular, trial service or probationary employee because of lack of work, lack of funds or through reorganization. Reorganization when used as a criterion for layoff under this Agreement shall be based upon specific policy decision(s) by legislative authority to eliminate, restrict or reduce functions or funds of a particular department.

11.3.2 In a given class in a department, the following shall be the order of layoff:

- A. Interim appointees
- B. Temporary or intermittent employees not earning service credit.
- C. Probationary employees*
- D. Trial service employees* (who cannot be reverted in accordance with Section 10.4.2.)
- E. Regular employees* in order of their length of service, the one with the least service being laid off first.

* Except as their layoff may be affected by military service.

11.3.3 However, the City may lay off out of the order described above for one or more of the reasons cited below:

- A. Upon showing by the appointing authority that the operating needs of the department require a special experience, training, or skill.
- B. When (1) women or minorities are substantially underrepresented in an “EEO” category within a department; or (2) a planned layoff would produce substantial underrepresentation of women or minorities; and (3) such layoff in normal order would have a negative, disparate impact on women or minorities; then the Seattle Human Resources Director shall make the minimal adjustment necessary in the order of layoff in order to prevent the negative disparate impact.

11.3.4 At the time of layoff, a regular employee or a trial service employee (per 11.3.2 above) shall be given an opportunity to accept reduction (bump) to the next lower class in a series of classes in their department or the employee may be transferred as provided in Section 11.1.2(3). An employee so reduced shall be entitled to credit for any previous regular service in the lower class and to other service credit in accordance with Section 11.5.

11.4 Recall - The names of regular, trial service, or probationary employees who have been laid off shall be placed upon a Reinstatement Recall List for the same class and for the department from which laid off for a period for one (1) year from the date of layoff.

- 11.4.1 Anyone on a Reinstatement Recall List who becomes a regular employee in the same class in another department shall lose their reinstatement rights in their former department.
- 11.4.2 Refusal to accept work from a Reinstatement Recall List shall terminate all rights granted under this Agreement; provided, no employee shall lose reinstatement eligibility by refusing to accept appointment in a lower class.
- 11.4.3 If a vacancy is to be filled in a given department and a Reinstatement Recall List for the classification for that vacancy contains the names of eligible employees who were laid off from that classification, the following shall be the order of the Reinstatement Recall List:
- A. Regular employees laid off from the department having the vacancy in the order of their length of service. The regular employee on the Reinstatement Recall List who has the most service credit shall be first reinstated.
 - B. Trial service employees laid off from the department having the vacancy in the order of their length of service. The trial service employee on the Reinstatement Recall List who has the most service credit shall be first reinstated.
 - C. Probationary employees laid off from the department having the vacancy without regard to length of service. The names of all these probationary employees shall be listed together on the Reinstatement Recall List.
 - D. Regular employees laid off from the same classification in another City department and regular employees on a Layoff Transfer List. The regular employee on this combined list who has the most service credit and who has the job skills necessary for the vacant position will be offered employment on a trial basis in said vacancy. The trial service provisions of Article 10, Section 10.4 shall apply.
 - E. Trial service employees laid off from the same classification in another City department and trial service employees on a Layoff Transfer List. The trial service employee on this combined list who has the most service credit and who has the job skills necessary for the vacant position will be offered employment on a trial basis in said vacancy. The trial service provisions of Article 10, Section 10.4 shall apply.
 - F. Probationary employees laid off from the same classification in another City department and probationary employees on the Layoff Transfer List without regard to length of service. The names of all these probationary employees shall be listed together on the Reinstatement Recall List.
 - G. The City may recall laid-off employees out of the order described above upon showing by the appointing authority that the operating needs of the department require such experience, training, or skill.

H. The Council agrees that employees from other bargaining units whose names are on the Reinstatement Recall List for the same classifications shall be considered in the same manner as employees of these bargaining units provided the Union representing those employees has agreed to a reciprocal right to employees of these bargaining units. Otherwise, this section shall only be applicable to those positions that are covered by this Agreement.

11.4.4 Nothing in this Article shall prevent the reinstatement of any regular, trial service, or probationary employee for the purpose of appointment to another lateral title or for voluntary reduction in class as provided in this Article.

11.5 For purposes of layoff, service credit in a class for a regular employee shall be computed to cover all service subsequent to their regular appointment to a position in that class and shall be applicable in the department in which employed and specifically as follows:

- A. After completion of the probationary period, service credit shall be given for employment in the same, equal or higher class, including service in other departments and shall include temporary or intermittent employment in the same class under regular appointment prior to permanent appointment.
- B. A regular employee who receives an appointment to a position exempt from Civil Service shall be given service credit in the former class for service performed in the exempt position.
- C. Service credit shall be given for previous regular employment of an incumbent in a position which has been reallocated and in which the employee has been continued with recognized standing.

 - 5. Service with the armed forces of the United States, including but not to exceed twenty-one (21) days prior to entry into active service and not to exceed ninety (90) days after separation from such service.

11.5.1 No service credit shall be given:

- A. For service of a regular employee in a lower class to which the employee has been reduced and in which the employee has not had regular standing, except from the time of such reduction.

- B. For any employment prior to a separation from the Civil Service other than by a resignation which has been withdrawn within sixty (60) days from the effective date of the resignation and such request for withdrawal bears the favorable recommendation of the appointing authority and is approved by the Seattle Human Resources Director.

11.6 The City agrees to support employees facing layoff by providing the Project Hire program during the term of this Agreement. If a department is hiring for a position in which the employee is qualified, and if no business reason would otherwise make the employee unsuitable for employment, the employee will be interviewed for the vacancy. This provision does not create any guarantee or entitlement to any position. The Project Hire guidelines apply.

Telework is recognized by the City and its employees as a practical, feasible and durable work alternative when it benefits the City of Seattle in one (1) or more of the following ways:

The Task Force assessment should include an analysis of the need for dependent care by City employees, affordability, quality, location of child and adult care providers, and the administrative infrastructure needed to oversee the program. The assessment should also include an analysis of the costs and benefits of a dependent care benefit program and possible revenue sources such as the potential excess Health Insurance Rate Stabilization Fund. - 20.1 Any dispute between the City and the Union concerning the interpretation, application, claim of breach or violation of the express terms of this Agreement shall be deemed a contract grievance. The following outline of grievance procedures is written for a grievance of the Union against the City, but it is understood the steps are similar for a grievance of the City against the Union.

- 20.4 For grievances filed in accordance with Sections 20.2 and/or 20.2.1, failure by an employee or the Union to comply with any time limitation of Steps 2, 3, and 4 of the procedure in this Article shall constitute withdrawal of the grievance; provided however, any time limits stipulated in the grievance procedure may be extended for stated periods of time by the appropriate parties by mutual agreement in writing. Failure by the City to comply with any time limitation of the procedure in this Article shall allow the Union to proceed to the next step without waiting for the City to reply at the previous step.

The immediate supervisor should consult and/or arrange a meeting with their supervisor, if necessary, to resolve the contract grievance. If requested by a shop steward or union representative, the parties will convene a meeting. The parties shall make every effort to settle the contract

grievance at this stage promptly. The immediate supervisor shall, in writing, answer the grievance within ten (10) business days after being notified of the grievance or meeting, with a copy of the response submitted to the aggrieved employee and the Union.

If the OEO determines that the case is in line with the protocols and procedures of the ADR process, within ten (10) business days from receipt of the request for voluntary mediation assistance, the OEO will schedule a mediation conference and make the necessary arrangements for the selection of a mediator(s). The mediator(s) will serve as an impartial third party who will encourage and facilitate a resolution to the dispute. The mediation conference(s) will be confidential and will include the parties. The Union representative and a Labor Negotiator from City Labor Relations may attend the mediation conference(s). Other persons may attend with the permission of the mediator(s) and both parties. If the parties agree to settle the matter, the mediator(s) will assist in drafting a settlement agreement, which the parties shall sign. - C. If the grievance is not resolved through mediation, the Division Head shall thereafter convene a meeting within ten (10) business days between the Union representative and aggrieved employee, together with the designated Supervisor, the Section Manager, the Department Labor Relations Officer and any other

The Director of Labor Relations or designee shall investigate the alleged contract grievance and the Director of Labor Relations or their designee shall convene a meeting between the appropriate parties. The Union will identify in the grievance letter the name(s) of the grievant(s), their current job classification, and the proposed job classification. The Union will include with the grievance letter a Position Description Questionnaire (PDQ) completed and signed by the grievant(s). At the time of the initial filing, if the PDQ is not submitted, the Union will have sixty (60) business days to submit the PDQ to Labor Relations. After initial submittal of the grievance, the procedure will be as follows:

- A. The Director of Labor Relations, or designee, will notify the Union of such receipt and will provide a date [not to exceed six (6) months from the date of receipt of the grievance] when a proposed classification determination report responding to the grievance will be sent to the Union. The Director of Labor Relations, or designee, will provide notice to the Union when, due to unforeseen delays, the time for the classification review will exceed the six (6) month period.
- B. The Department Director, upon receipt of the proposed classification determination report from the Director of Labor Relations, or designee, will respond to the grievance in writing.
- C. If the grievance is not resolved, the Union may, within twenty (20) business days of the date the grievance response is received, submit to the Director of Labor Relations a letter designating one of the following processes for final resolution:

The Board will make a recommendation to the Seattle Human Resources Director with forty-five (45) business days of the appeal hearing. The Director of Labor Relations, or designee, will respond to the Union after receipt of the Seattle Human Resources Director's determination. If the Seattle Human Resources Director affirms the Classification Board's recommendation, that decision shall be final and binding and not subject to further appeal. If the Seattle Human Resources Director does not affirm the Classification Appeals Board recommendation within fifteen (15) business days, the Union may submit the grievance to arbitration per Article 20, Section 20.6.4.

20.7 The parties shall abide by the award made in connection with any arbitrable difference. There shall be no suspension of work, slowdown, or curtailment of services while any difference is in process of adjustment or arbitration.

20.8 In connection with any arbitration proceeding held pursuant to this Agreement, it is understood that:

20.8.1 The arbitrator shall have no power to render a decision that will add to, subtract from or alter, change or modify the terms of this Agreement, and the arbitrator's power shall be limited to interpretation or application of the express terms of this Agreement, and all other matters shall be excluded from arbitration.

20.8.2 The decision of the arbitrator regarding any arbitrable difference shall be final, conclusive and binding upon the City, the Union and the employees involved.

20.8.3 The cost of the arbitrator shall be borne equally by the City and the Union and each party shall bear the cost of presenting its own case.

20.8.4 The arbitrator's decision shall be made in writing and shall be issued to the parties within thirty (30) days after the case is submitted to the arbitrator.

20.9 In no event shall this Agreement alter or interfere with disciplinary procedures followed by the City or provided for by City Charter, Ordinance or Law; provided however, disciplinary action may be processed through the contract grievance procedure; provided further, an employee covered by this Agreement must upon initiating objections relating to disciplinary action use either the contract grievance procedure contained herein (with the Union processing the grievance) or pertinent Civil Service procedures regarding disciplinary appeals. Should the employee attempt to adjudicate their objections relating to a disciplinary action through both the grievance procedure and the Civil Service Commission, the grievance shall be considered withdrawn upon first notice that an appeal has been filed before the Civil Service Commission. In grievances relating to discharge, the City shall present its position first before an arbitrator or the Civil Service Commission.

20.10 The parties have agreed, through a Memorandum of Agreement, to adopt the following two procedures attached thereto that were developed by the Citywide Labor-Management Committee on Progressive Discipline:

- A. Either party may request that grievances submitted to arbitration be subjected to a confidential Peer Review by a committee of peers from management or labor, respectively, in which case the timelines of the grievance procedure will be held in abeyance pending the completion of the Peer Review process; and
- B. Either party may make an "Offer of Settlement" to encourage settlement of a grievance in advance of a scheduled arbitration hearing, with the potential consequence that the party refusing to accept an offer of settlement may be required to bear all of the costs of arbitration, excluding attorney and witness fees, contrary to Section 20.8.3.
- C. The parties may mutually agree to alter, amend or eliminate these procedures by executing a revised Memorandum of Agreement.

20.11 Property Interest Discipline Grievance

A copy of the preliminary notice of discipline shall be concurrently provided to the local Union office. Upon request of the Union, the City shall provide a complete copy of the investigation files in advance of any Loudermill hearing requested in advance of issuing the formal discipline. The Union may also request a meeting to review the investigation file with the City's investigator. And Labor Relations. Both requests must be made timely, may not unduly delay the City's disciplinary processes.

21.1 If an Article of this Agreement or any Addenda thereto should be held invalid by operation of law or by any tribunal of competent jurisdiction, or if compliance with or enforcement of any Article should be restrained by such tribunal, the remainder of this Agreement and Addenda shall not be affected hereby, and the parties shall enter into immediate collective bargaining negotiations for the purpose of arriving at a mutually satisfactory replacement for such Article.

ARTICLE 22 – DISCIPLINARY ACTIONS

- 22.1 The City may suspend, demote, or discharge an employee for just cause. The parties agree that in their respective roles primary emphasis shall be placed on preventing situations requiring disciplinary actions through effective employee-management relations. To this end, in order of increasing severity, the disciplinary actions that the City may take against an employee include:
- A. verbal warning;
 - B. written reprimand;
 - C. suspensions;
 - D. demotion; or
 - E. termination.
- 22.1.1 Which disciplinary action is taken depends upon the seriousness of the affected employee's conduct.
- 22.1.2 Provided the employee has received no further or additional discipline in the intervening period, a verbal warning or written reprimand may not be used for progressive discipline after two (2) years other than to show notice of any rule or policy at issue.
- 22.1.3 Discipline that arises as a result of a violation of workplace policies or City Personnel Rules regarding harassment, discrimination, retaliation, or workplace violence, shall not be subject to Section 22.1.2 above.
- 22.2 In cases of suspension or discharge, the specified charges and duration, where applicable, of the action shall be furnished to the employee in writing not later than one (1) working day after the action became or becomes effective. An employee may be suspended for just cause pending demotion or discharge action.
- 22.3 Whenever an employee is given written notice of a disciplinary action as defined above in Section 22.1, a copy of the disciplinary notice shall be transmitted to the Union. Provided, that the Department shall first ask the affected employee's permission, and in the event the employee declines, then a copy will not be sent to the Union.

ARTICLE 23 – TERM OF AGREEMENT

23.1 All terms and provisions of this Agreement shall become effective upon signature of both parties unless otherwise specified elsewhere and shall remain in full force and effect through December 31, 2026. - B. Production Runners who are employed by a concert production company shall continue to perform their normal duties as such.
- C. “Yellow-Card Productions” shall be defined as those major stage events which employ stage technicians under traveling agreements with the International Alliance of Theatrical Stage Employees and Moving Picture Technicians, Artists, and Allied Crafts of the United States, its Territories, and Canada (IATSE). Unloading, take-in, set-up, operation of, take-down, take-out and loading-up of stage equipment and materials (which shall include temporary portable lighting and sound systems) for major stage events recognized as yellow-card productions shall be performed by employees of such yellow-card production company under terms of the Labor Agreement by and between that particular yellow-card production company and IATSE.
- D. Individuals who travel with and who are employed by a circus utilizing a Seattle Center facility, who have traditionally and historically performed work as hereinbefore described, shall continue to perform such work on an exempt basis.
- E. Occasional, limited arrangement on stage of chairs, flags, lecterns, music stands/lights and podiums, and the occasional, limited operation of theatrical light instruments may be performed by designers, technical directors, or volunteers associated with a lessee of a Seattle Center facility or associated with a co-producer of a Seattle Center sponsored event, and other Seattle Center staff who have traditionally and historically performed such work on a limited occasional basis.
- F. In those occasional and limited instances where there exists a need for the City to secure certain equipment on a rental basis and it is required by the company renting out such equipment that the rented equipment be operated by an employee of the

rental company, such requirement shall not be considered a violation of this Agreement nor shall the terms of this Agreement apply to such employee.

C.3.3.2 Financial Insecurity (Flat Floor Events):

The Seattle Center may exempt a flat floor event in the Exhibition Hall and Fisher Pavilion from the provision of Section C.3.3 when the event is either financially insecure, not commercial and/or of a small size.

C.3.4 It is the intention of the City and the Union to identify and cover under terms of this Agreement that work which has historically and traditionally been performed by employees working under terms of past labor agreements by and between the Union and the City in Seattle Center venues. The definition of venue in this Section is as described in Section C.3.1 of this Agreement. The City and the Union agree to review the list of venues annually and update them in a Memorandum of Agreement should a particular venue change in status, name, or major lease arrangement with Seattle Center. Pursuant to any updates during the term of this agreement, the Seattle Center venues are:

- Exhibition Hall
- Mural Amphitheater
- McCaw Hall
- Cornish Playhouse*
- Seattle Children's Theatre*
- Armory Stage
- Fisher Pavilion
- Seattle Repertory Theatre*

* When operated by the City of Seattle.

C.3.4.1 The City and the Union each reserve the right to reopen this Appendix for negotiation of the terms applicable to physically operating the facilities where technological advancements and permanent employee staffing of the facility may necessitate changes to the Appendix.

C.3.5 Event Identification - Work as described in C.3.3 for the following events shall be performed by regular and/or temporary bargaining unit employees, subject to any exclusions contained in Articles C.3.3 and C.3.4.

- A. Major Stage Events - defined as those events, productions, shows, functions and/or concerts involving comedic, dramatic, magical, musical, instrumental and/or spiritual-type public attractions. Major stage events shall not include flat-floor consumer and trade shows, except as provided for by C.3.2.
- B. Festivals - defined as work outlined in C.3.3 under the control of a promoter in the venues operated by Seattle Center (as opposed to those operated by long-term lease holders) and throughout the grounds at large. Should a promoter secure the services of a leased venue, the work will not be performed under the terms of this contract, but, rather, under the terms of any contract that lease holder may have in their own right with the Union. If, however, the use of the leased facility is secured through use of the "demand days clause" of said lease, the work shall be that of the Seattle

Center under this contract, as opposed to being performed by employees of the long-term lease holder.

- C. Public Programs - those events produced by Seattle Center and whose artistic and performance content is under the sole control of Seattle Center throughout the grounds.
- D. Flat Floor Shows - Stage Technician employees shall have jurisdiction over stage work which occurs within flat-floor trade and consumer shows in the Exhibition Hall and Fisher Pavilion when the activity taking place is a significant entertainment performance with the limitations expressed in C.3.3.

C.3.6 A committee comprised of two (2) representatives of the City and two (2) representatives of the Union shall be established for the purpose of adjudicating jurisdictional disputes relating to work alleged to be covered by this Appendix. A majority decision of the committee shall be final and binding upon the City and the Union. Failure of the committee to reach a majority decision shall permit the grieving party the right to immediately thereafter advance to Section 20.6.4 (Step 4) of the grievance procedure for purposes of resolving the dispute.

C.3.7 Those individuals employed by certain performing arts organizations who maintain seasonal contracts (e.g., the Seattle Opera and the Pacific Northwest Ballet) or long term leases with the Seattle Center (e.g., the Seattle Children's Theatre, the Seattle Repertory Theatre, the Cornish Playhouse and the Theatre Puget Sound or its sub-lessees, if any) shall continue to perform work otherwise normally covered by this Agreement under terms of the labor agreement by and between said performing arts organization(s) and the Union, if any.

C.3.8 If a lease with a major tenant with any of the venues is voided or terminated, then regular and/or temporary bargaining unit employees shall reassume jurisdiction over City-owned equipment in the venue in accordance with this Agreement. The City agrees to notify the Union of their consideration of any new lease agreement which would replace or install a major tenant in any of the Seattle Center venues. Such notification shall follow provisions described in C.3.1 of this Agreement.

C.4 Dispatching of Stage Employee-Intermittents - The Seattle Center shall, through City hiring procedures, establish a list of employees from which Stage Employee-Intermittents shall be dispatched by the Union for temporary work at the Seattle Center upon a call from the Seattle Center. Stage Employee -Intermittents shall be dispatched in a manner agreed upon by the City and the Union involving seniority, rotation by hours worked, and specific qualifications. The Union shall be responsible for the proper dispatching of such Stage Employee-Intermittents when a request for employment of a Stage Employee-Intermittent is made by the Seattle Center. The Union shall be liable for any complaints and/or grievances relating thereto. The dispatching system shall encompass the following conditions:

- A. Only individuals on the Seattle Center Stage Employee-Intermittents Dispatch List as provided by Seattle Center shall be dispatched by the Union.
- B. Only those individuals qualified to perform special functions, such as rigging and operation of a forklift, as designated by the Seattle Center shall be dispatched by the Union when a request is made by the Seattle Center for individuals to perform such specific type work.
- C. The number of Stage Employee-Intermittents called for work through the dispatch system, the call-time and the utilization and/or assignment of employees for particular tasks shall be determined by the Seattle Center. The Seattle Center shall continue to establish work procedures and shall direct and supervise those Stage Employees-Intermittents who have been dispatched by the Union at the Seattle Center's request to work at the Seattle Center.
- D. The Seattle Center shall have the unequivocal right to immediately suspend, terminate, or otherwise remove from work and the Stage Employee-Intermittent Dispatch List, any Stage Employee-Intermittent for just cause. In the event the Union should decide to grieve such action, said grievance shall be processed in accordance with Article 20, Grievance Procedure. During the initial two hundred (200) hours of work as a Stage Employee-Intermittent, or three (3) years, whichever occurs first, the Seattle Center shall have the unequivocal right to terminate an individual's employment without recourse to the grievance provisions of this contract.
- E. The loading and unloading of theatrical stage equipment from trucks is one of the work activities included in the general duties of Stage Employee-Intermittents. When the Seattle Center requests the dispatch of a specific number of Stage Employee-Intermittents, who for some portion of their shift will be assigned to load and/or unload equipment from trucks, the Union through its dispatch system may designate which employees on its Dispatch List will be assigned to that work. The Seattle Center reserves the right to modify such work assignments to meet operational needs.
- F. The Union shall not dispatch intermittent employee to overtime or short turn around assignments unless specifically authorized by a supervisor or their designee.
- G. The Union may not dispatch Stage Employee-Intermittents to more than one (1) call/event day without approval from a supervisor or their designee.

C.4.1

After having made a request to the Union for a certain number of Stage Employee-Intermittents to perform certain work and the Union has not been able to dispatch in a timely manner the requested number of qualified individuals from the Stage Employee-Intermittent Dispatch List and/or the Union has failed to notify the Seattle Center that it has dispatched the requested number of qualified individuals from the Stage Employee-Intermittent Dispatch List, the Seattle Center may then call directly whomever it chooses to fill the work assignments.

- C.4.2 The Affirmative Action goals of the Seattle Center shall be adhered to in dispatching personnel from the Seattle Center Stage Employee-Intermittent Dispatch List; provided however, should the application of this Section occasion a change adversely affecting those individuals currently on the existing Stage Employee-Intermittent Dispatch List, either party, upon written notification to the other party, may open for negotiation the provisions of Sections C.4, C.4.1 and C.4.2.
- C.4.3 Intermittent stage employees must work at least one shift per year to maintain their employment with the City. “Year” shall mean 26 consecutive pay periods beginning with the last pay period during which the employee earned wages. Thirty days prior to any separation under this clause, the City must notify the Union, in writing, of any employees who are pending separation.
- C.5 The City shall provide the Union with at least seven (7) calendar days’ advance notification of all regular dispatch requests. Original dispatch requests, or changes involving more than five (5) employees within forty-eight (48) hours of the call time, shall incur a service fee of not less than twenty-five dollars (\$25) per call, or two dollars and fifty cents (\$2.50) per person for calls for more than ten (10) employees. Notwithstanding the foregoing, original dispatch requests resulting from short-notice bookings (less than ten (10) days in advance of the event), and call cancellations due to weather, natural disasters or event cancellation shall not be subject to a service fee. The Union shall not be held liable for failure to fill a request or notify employees of a call change or cancellation with less than twenty-four (24) hours’ notice.
- C.5.1 Employees will receive four (4) hours of pay for calls cancelled less than twenty-four (24) hours before the start of the scheduled call unless the cancellation is a result of force majeure.
- C.6 A Stage Employee-Intermittent who is called to work by the City shall be paid a minimum of four (4) hours at the appropriate regular straight-time hourly rate of pay for Stage Employees-Intermittents. A Stage Employee-Intermittent who has had more than a two (2) hour unpaid break and who has been called back to work within twenty-four (24) hours from the initial call of any given event pursuant to this provision shall be required to perform all available work for which the employee is qualified; provided however, in no case shall such Stage Employee-Intermittent receive less than four (4) hours pay for such recall.
- C.7 A Stage Employee-Intermittent who continues to work beyond the four (4) consecutive hours of any applicable four (4) hour minimum shall be paid to the next one-half (½) hour for each one-half (½) hour or any portion thereof worked thereafter.
- C.8 Section 5.1.1 shall have equal application to all Stage Employees including those employed on a temporary or intermittent basis.
- C.8.1 For events not sponsored or not co-sponsored by the Seattle Center, any Stage Employee (regular or intermittent) required to work in excess of five (5) continuous

hours without being provided a meal period, shall be compensated two (2) times the prevailing rate of pay and continue at that rate until he/she receives a meal break. For other events, the provisions of Section 5.1.1 as referenced within Section C.8 shall apply.

C.8.2 In the event a Lead Stage Technician works beyond five (5) hours of overtime in a workday without a meal break, they shall receive meal compensation of nineteen dollars (\$19) in addition to their hourly wages for every six (6) hour block of overtime so accrued.

C.8.3 Employees shall be paid for mealtimes during which they are required to remain available or on standby.

C.9 Rigging - A Stage Technician Rigger-Intermittent who is called to work by the City shall be paid a minimum of four (4) hours at the regular straight-time hourly rate of pay for Stage Technician Rigger-Intermittents. Whenever possible the same Stage Technician Rigger-Intermittent who installs rigging for an event shall be recalled to dismantle it. If such Stage Technician Rigger-Intermittent has more than a two (2) hour unpaid break, the employee shall receive an additional four (4) hour minimum when the employee resumes work. All time for which a Stage Technician Rigger-Intermittent works beyond their first eight (8) hours of actual work within the day, shall be paid for at the rate of one and one-half (1½) times the regular straight-time hourly rate of pay for Stage Technician Rigger-Intermittents. Stage Technician Rigger-Intermittents shall do only rigging-type work. Rigging-type work may include the occasional unloading of theatrical stage equipment in order to access rigging equipment from the trucks. In the event rigging gear is not on the back of a semi-truck or within a few feet of the very tail end of the semi-truck, the Lead Stage Technician and the Event Service Representative shall have two (2) options:

- A. They may request additional loaders from the Call Steward if time permits; or
- B. If, in their judgment, the show would be jeopardized by waiting for loaders, the following procedure shall be employed:
 - 1. No less than four (4) Stage Technician Rigger-Intermittents shall be assigned to unload the truck.
 - 2. Those Stage Technician Rigger-Intermittents so assigned shall receive a separate four (4) hour call at the Stage Technician Rigger rate of pay for unloading the truck.
 - 3. They shall be given a minimum of a fifteen (15) minute break upon completing the unloading.
 - 4. When these employees begin rigging work, they shall begin a new four (4) hour call. Overtime calculations shall include hours actually worked in the truck.

C.10 Health and Welfare - Effective January 1, 2015, the employee shall pay an additional amount equal to seven percent (7%) of the gross pay of all Stage Employee-

Intermittents to the Theatrical Stage Employees Health and Welfare Trust for the purpose of providing medical insurance benefits to all eligible employees and their dependents in accordance with the specific rules of said Trust.

C.11 The work duties of Lead Stage Technicians and Stage Employee-Intermittents may include the construction of anything relating to stage theatrical presentations either indoor or outdoor including platforms for Armory events. The pay for this type work shall be at the Lead Stage Technician and Stage Employee-Intermittent rates of pay.

C.12 Service Fee - In lieu of the requirements set forth within Section 3.1.1, all Stage Employees-Intermittents shall pay to the Union, in lieu of the Union membership requirements contained within Article 3, a service fee in an amount equal to five and one-half percent (5.5%) of the employee's gross straight-time and overtime earnings.

C.12.1 If during the term of this contract the Union's membership should ratify change to the service fee figure shown herein, the Union shall inform the Seattle Center of such ratified change in writing, and it shall be considered to be applicable from the date of such notification being acknowledged as received by Seattle Center.

C.13 Turnaround Time - All regular employees required to work a shift and return to work in less than eight (8) hours the next day shall be compensated at double time until given a break of eight (8) hours or more at the end of that shift.

C.13.1 Regular employees who are called to work during turnaround time on their scheduled days off will be additionally compensated by accrual of compensatory time at the double-time rate until the passage of eight (8) hours from the end of their previous shift. (Example: Shift is completed at midnight Friday night, with Saturday as the scheduled day off. Operational requirements demand the return of that employee at 6:00 a.m., Saturday. The employee would be entitled to two (2) hours of compensatory time accrued at the double time rate.) This entitlement will not accrue beyond four (4) hours at the double-time rate or result in the accrual of more than eight (8) hours of compensatory time at the straight-time rate for any one day when the turnaround rules apply. Prior to performing work which would invoke this rule, the employee must first make all reasonable efforts to contact the Stage Crew Chief for instructions, schedule other staff not affected by this provision to perform the work, or reschedule the work to make working during the turnaround period unnecessary.

C.13.2 All intermittent employees required to work a shift and return to work for a subsequent shift with less than an eight (8) hours the next day shall be compensated at time and a half for all work until given a break of eight (8) hours or more at the end of the shift

C.14 Vacant Positions - The City is committed to keeping the Union informed of its good faith efforts to fill vacant regular positions.

C.15 The City and the Union shall negotiate to develop an affirmative Stage Technician training program during the term of this Agreement.

- C.16 At no time shall work under IATSE, Local 15's jurisdiction, as defined in this document and by past practice, be privatized or otherwise contracted outside of the Union's dispatch whatsoever, provided the Union is able to fulfill dispatch of such work. To the fullest extent practical, the City shall utilize a separate services contract with the Union when additional staffing is required.
- C.16.1 The City shall make good faith efforts to maintain the Stage Employee Intermittent Dispatch List at a level adequate to meet the anticipated needs for staffing. The parties agree to confer regularly to discuss increases to the current level of available employees on the City Stage Employee Intermittent Dispatch List. Any advertising for openings on the Stage Employee Intermittent Dispatch List shall include the Union in distribution efforts.
- C.16.2 In the unlikely event that these efforts are insufficient to meet staffing needs, the City shall call labor through a letter of agreement with the Union, using such labor according to the terms and conditions outlined in such letter.
- C.17 Rigging - Shall be defined as work directly related to the suspension of temporary or permanent equipment, personnel or exhibit elements by means of cables, pulleys, tackle, winches or other gear from ground levels, existing overhead structures and specific safe points. "Specific safe points" shall be defined as overhead structural support beams, vertical wall eyebolts and other locations which have been certified as load rated for overhead rigging. Rigging may also include the unloading and loading of rigging gear such as cables, pulleys, tackle, winches, etc., from trucks or other conveyances. Work such as the hanging of vines or incidental exhibit elements which has been traditionally and historically performed by Exhibit Technicians, may continue to be performed by Exhibit Technicians. Riggers shall be paid a minimum of four (4) hours at the regular straight-time hourly rate of pay for Rigger-Intermittents.
- C.17.1 Employees working in excess of twenty-eight (28) feet in height from the ground, or any employee required to work in a class three harness due to safety requirements, shall be paid at the Rigger-Intermittent rate of pay for all time so assigned.
- C.18 The overtime rates specified in Sections 5.2, 5.2.1, 5.2.2, and 5.3 shall not apply to intermittent employees. Intermittent employees will have an overtime rate of one and one-half (1½) times the straight-time hourly rate.
- C.19 There will be a "lead" premium of four percent (4%) above the applicable wage when an employee is assigned by management to give substantial direction to the work of three or more employees for a period of four (4) consecutive hours or longer.
- C.20 Regular employees will have the first right of refusal on overtime if they have continuous experience on the specific job or project to be worked during overtime and the specific skill necessary as determined by the supervisor.
- C.21 Intermittent employees when used will receive a four (4) hour minimum call out. An intermittent employee who continues to work beyond the four (4) consecutive hours of any

applicable four (4) hour minimum shall be paid to the next one-half (½) hour or any portion thereof worked thereafter. An intermittent employee who has had more than a two (2) hour unpaid break and is called back to work within twenty-four hours of the initial call shall receive a four (4) hour minimum call for any work subsequently performed.

C.22 Dispatching of Intermittent Employees - any intermittent employee who has a recurrent work history in the Exhibit Technician classification prior to and after September 6, 1996 may be scheduled directly by their supervisor. Additional intermittent employees shall be dispatched by Local 15's hiring hall by request of the supervisor. Employees may be name called from dispatch roster on the basis of applicable skills. In the event that the Union is unable to fulfill the requested skills, employees may be hired through other sources.

C.22.1 The Union shall not dispatch intermittent employees into overtime unless specifically authorized by a supervisor or their designee.

C.23 Health and Welfare - Effective upon implementation of Sections C.17 through C.23, Intermittent employees not already participating in a City-sponsored health care plan, and all intermittent employees dispatched through Local 15's hiring hall shall contribute seven (7) percent of their gross wages (excluding the temporary employee premium) to the IATSE, Local 15 Theatrical Stage Employees Health and Welfare Trust for the purpose of providing medical insurance benefits to all eligible employees and their dependents in accordance with the specific rules of said Trust. Such contributions shall be deducted from the employee's pay, and forwarded to the Trust on a monthly basis, not later than the fifteenth (15th) day of the month following employment.

C.24 Temporary employees who qualify for the "0521st hour through 1040th hour" level of premium pay or greater as set forth within Section 1.2.2, shall be eligible for receipt of the footwear or gear allowance every other year subject to the conditions set forth herein for receipt of same by regular employees. Gear does not include articles of clothing already being issued.

C.25 Throughout the duration of this contract, the Union and the Employer agree to meet and hold ongoing discussions regarding safety concerns.

D.1.3 Effective January 10, 2026, base wage rates will be increased by 100% of the annual average growth rate of the bi-monthly Seattle-Tacoma-Bellevue Area Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the period June 2022 through June 2023 to the period June 2023 through June 2024. However, this percentage increase shall not be less than two percent (2%) nor shall it exceed four percent (4%). After calculating new base wage for 2026 using the formula above, the base wage will have an additional one-point-zero-percent (1.0%) added, the total not to exceed five percent (5%).

D.1.4 Assignment of the appropriate Hourly Rates of Pay (Pay Steps) for regular employees shall be made in accordance with the pertinent provisions of Article 4.

D.2 Electricians employed at the Seattle Center shall be afforded two (2) consecutive days' off in each seven (7) day period, Wednesday through Tuesday. Scheduling shall be arranged to meet the requirements of the foregoing sentence.

D.3 The following City-owned equipment at the Seattle Center shall be handled, operated and maintained exclusively by regular and temporary bargaining unit employees; notwithstanding the right of the City to contract out maintenance work as it deems appropriate:

- A. Amplifiers
- B. Pre-amplifiers
- C. Microphones
- D. Speakers
- E. Speaker systems
- F. Audio cables
- G. Portable Audio Power Distribution
- H. Audio racks
- I. Ancillary audio equipment
- J. Mixing consoles
- K. Audio Signal Processing equipment
- M. Video equipment and systems

D.3.1 The Union recognizes all others whose responsibilities are the handling and/or operation of sound equipment belonging to others, other than City-owned equipment.

D.3.2 Intermittent sound employees must work at least two shifts per quarter to maintain their standing with the City. This may result in cases where dispatch out of seniority is necessary to avoid violation of this provision and such dispatch will be made without the ability to grieve. If insufficient work is available during a quarter to enable the intermittent working two shifts, their standing with the City shall not change.

D.4 Overtime - When deemed necessary by the City, the City may require an employee to perform work outside of their regularly scheduled work shift. The immediate circumstance of the situation shall be considered by the City in deciding which employee(s) shall be assigned to perform the overtime work in question. Overtime assignments shall be allotted in as fair and equitable manner as circumstances will permit amongst employees in an affected work unit who have the work experience to immediately perform the overtime work. When an unforeseen situation arises, which necessitates overtime work either as an extension of a shift or as a call-in, the City may assign or call in the first individual(s) it contacts for such overtime work.

D.4.1 Overtime may be offered to intermittent employees.

D.5 Temporary Employees - When the City needs additional employees, it reserves the right to hire from its own recruiting sources. Generally, however, this practice shall include a call to the Union.

D.6 Coveralls shall be furnished to Electricians in the Parks & Recreation Department.

D.6.1 In lieu of cotton or polyester work clothing currently provided, employees in the Electrician class series, Bridge Electrical Crew Chief title, and Pump Station Electrical Technician class series shall be furnished with fire retardant work clothing.

D.7 The Seattle Center shall advise temporary employees of permanent full-time job openings. All candidates shall be required to compete for any such openings; provided however, the Seattle Center shall give serious consideration for full-time positions in the same classification to temporary Sound Equipment Technicians or Electricians at the Seattle Center who are eligible for consideration.

D.8 The Seattle Center will use a crew of Laborer(s) and/or Senior Janitor(s) under the lead of an Electrician to perform changing of light bulbs on a preventive maintenance (periodic) schedule. (Laborers and Senior Janitors are cautioned not to touch certain high-powered lights.) This work will involve 10-foot ladder and 12-foot ceiling. Electrician will change certain higher lights; e.g., in ceiling of new Key Arena. The Electrician may do some of the changing of light bulbs but will mostly direct the work (which does not require that the Electrician be physically present at all times) and do the journey-level tasks of installing/wiring/rewiring of lighting fixtures or ballast in the fixtures. Because the Electrician performs the journey-level work, work out-of-class pay for Laborers or Senior Janitors will not be applicable on changing of light bulbs.

D.9 The City will pay training costs for employees classified as Pump Station Electrical Technicians to acquire Level 1 certification or employees classified as Senior Pump Station Electrical Technician to acquire Level II certification from Washington Wastewater Collection Personnel Association or an equivalent City-approved certification program. This practice is consistent with career development-assisted training.

- D.10 Sound Technician Intermittents who are called to work shall be paid for a minimum of four (4) hours work for each such call. In the event of two (2) calls within a four (4) hour or greater unpaid separation between the calls will be entitled to a separate four (4) hour minimum for each such shift. Overtime work will be based on actual hours worked as opposed to hours paid. This four (4) hour minimum applies only to work shifts and does not apply to scheduled training or meetings. Should a meeting or training be scheduled concurrently with a work shift, this language does not entitle the individual to both a four (4) hour minimum and a separate payment for the training or meeting time.
- D.11 The City and Union have renewed the Memorandum of Agreement related to McCaw Hall at the Seattle Center for the term of this Agreement.
- D.12 During the term of this Agreement, the City agrees to meet upon request of the Union to discuss state licensure and apprenticeship program requirements.
- D.13 If Sound and Video Technicians are called to work within 8 hours of the end of their previous call, they shall receive compensation at two (2) times the prevailing rate until an eight (8) hour break is provided.
- D.14 In the event a Sound and Video Technician works beyond five (5) hours in a workday without being provided a meal break, they shall receive compensation at two (2) times the prevailing rate until a meal break is provided. Any second meal break in a shift shall be compensated at two (2) times the prevailing rate.
- D.15 Employees in the classification of Electrician directed to test, install, and/or maintain fire alarm systems, which requires specialized certification with local jurisdiction and NICET II status, shall be paid an additional ten percent (10%) performing all such work.

However, this percentage increase shall not be less than two percent (2%) nor shall it exceed four percent (4%). After calculating new base wage for 2026 using the formula above, the base wage will have an additional one-point-zero-percent (1.0%) added, the total not to exceed five percent (5%).

F.1.4 Assignment of the appropriate Hourly Rates of Pay (Pay Steps) for regular employees shall be made in accordance with the pertinent provisions of Article 4.

F.2 Effective January 4, 2023, Recreation Center Coordinators and Assistant Recreation Center Coordinators shall receive a one dollar and twenty-five cent (\$1.25) shift premium for swing shift and a one dollar and seventy-five cent (\$1.75) shift premium for graveyard shift under the conditions above.

- F.3 In lieu of Sections F.2 employees covered by this Appendix who are employed by the Finance and Administrative Services (FAS) Department, and who are classified as Equipment Servicers or as Warehouse workers employed in the auto parts room, who either by shift-pick or assignment, work the established second (2nd) shift, shall continue to be assigned in the following manner: eight (8) hours within eight and one-half (8½) consecutive hours which shall constitute a work shift.
- F.3.1 Effective January 3, 2023, employees identified in Section F.3 on the afore-referenced established second (2nd) shift shall receive one dollar and twenty-five cents (\$1.25) per hour shift premium pay while so assigned.
- F.4 When the City transfers a regular employee from one regular shift to another and the employee is not offered at least twelve (12) consecutive hours off-duty between the end of their previous shift and the beginning of their next regular shift, the employee shall be paid at the overtime rate for each hour worked during said twelve (12) hour period; provided however, said employee shall be paid at the straight-time rate of pay for each hour worked during the remainder of the ensuing shift which commences twelve (12) hours from the end of the previous shift.
- F.5 Equipment Servicers, Warehouse workers, Senior Warehouse workers, Chief Warehouse workers, Fire Equipment Technicians, and Fire Service Specialists are entitled to footwear reimbursement under Section 14.11.
- F.6 When a vacancy occurs, employees will be given an opportunity to request a transfer. The vacancy will be filled by seniority, subject to management approval. Management shall not be arbitrary or capricious in making their determination. If the employee's transfer application is rejected, the employee, upon request, will be given a written explanation.
- F.7 The parties agree to hold regular, as needed, Local 117-specific labor management committee meetings to identify and discuss training and safety needs. (Safety committee members may be invited to attend these meetings.)
- F.7.1 Safety Equipment – All Recreation Center employees will have access to high visibility vests and gloves. All Recreation Centers will also make safety equipment such as boots, overalls, or Tyvek available when management directs employees to perform work where such PPE is necessary. All Recreation Centers will also be fully stocked with functional AEDs, bleed kits, and first aid kits.
- F.8 Parking Attendants and Senior Parking Attendants - The following Sections shall apply only to Parking Attendant and Senior Parking Attendant classifications. None of the previous Sections of Appendix F shall apply to these classifications unless specifically stated to the contrary in a particular Section. Due to the nature of the business and the working conditions, Section 1.4 and 1.4.1 shall not apply to the afore-referenced classifications.

F.9 Regular part-time Parking Attendants, and regular part-time Senior Parking Attendants shall be defined as employees hired to work in other than a temporary status at least eighty (80) hours per month. This definition of part-time employees shall replace the one cited in Section 1.1.5. The City shall not reduce the number of potential employment hours available per year to regular part-time Parking Attendants as a result of defining their status as employees hired to work an average of at least eighty (80) hours per month rather than as employees hired to work at least an average of twenty (20) hours per week. However, nothing in this Section shall be construed so as to limit management’s right to suspend, demote, discharge or layoff said employees.

F.10 For regular full-time employees; eight (8) hours shall constitute a normal workday, and five (5) full eight (8) hour days, shall constitute a work schedule. The normal eight (8) hour days shall be worked within a nine (9) hour period in each of the five (5) days. The City shall maintain as many consecutive schedules as practicable. This language shall be in lieu of Section 5.1. There shall be a paid one-half hour working lunch period for both temporary and regular employees for shifts of five (5) or more hours.

F.11 Notwithstanding the provisions of Section 5.2, any overtime referenced in the City of Seattle/Joint Crafts Council Labor Agreement shall be paid at the rate of one and one-half (1½) times the straight-time hourly rate of pay for Parking Attendants and Senior Parking Attendants.

F.12 The City may, in lieu of the meal period and rest periods set forth within Sections 5.1.1 and 5.1.2, provide a working meal period and working rest periods during working hours, without a loss in pay, so that such periods do not interfere with ongoing work requirements. Management must give a forty-eight (48) hours’ notice to employees if they are going to be required to take a working meal period. If such notice is not given to employees, the employees shall have the choice of whether or not they would like to take a working meal period. This language shall replace Section 5.1.3.

F.13 Section 5.2.1 shall not be applicable to Parking Attendants; Parking Attendants, Temporary; or Senior Parking Attendants.

F.14 Work Assignments For Temporary Parking Attendants - In the interest of maintaining an efficient and equitable system of operations at the Seattle Center and to facilitate the assignment of fluctuating numbers of Temporary Parking Attendants to the various events, the City and Union agree that management shall give appropriate consideration to the following:

- A. Work opportunities required to maintain an adequate, interested, trained, and available and Temporary Parking Attendant work force.
- B. The employees’ availability and their record of performance.

F.15 Scheduling, attendance, and absence reporting shall be addressed by the parties in a Memorandum of Agreement signed by the Seattle Center Director and a designated official of the Union.

- F.15.1 Disputes as to interpretation or allegations of violation of this Memorandum shall be raised for resolution in a labor-management meeting as provided for in the collective bargaining agreement and shall not be a proper subject for consideration under the grievance and arbitration provisions of the Agreement. Issues left unresolved may be referred by the parties to a mediation process.
- F.15.2 Neither these procedures nor any provisions of this Agreement shall serve to limit or define when the Center may assign work to regular, part-time employees or when the Center may assign work to intermittent employees.
- F.15.3 Seattle Center or the Union may propose changes in the procedures as deemed appropriate to assure staffing needs are fulfilled in an efficient manner. The City will notify the Union of proposed changes. The Union may call a labor-management meeting to discuss those changes and may request that the changes be delayed until the parties have met.
- F.15.4 Turnaround Time - Turnaround time shall continue to be at least twelve (12) hours from the termination of the previous shift; provided however, an employee who is required to work during the twelve (12) hour period between normal shifts shall receive overtime pay for all hours worked during the twelve (12) hour turnaround period.
- F.16 Split Shifts - Notwithstanding the provisions of Section 5.1 and F.9, management reserves the right to schedule split shifts for training purposes twenty-four (24) times per year for all Senior Parking Attendants and eighteen (18) times per year for all regular Parking Attendants and twelve (12) times per year for all Temporary Parking Attendants. The City will attempt to schedule training which results in the least amount of disruption for the employee.
- F.16.1 For non-administrative purposes, an employee may volunteer to work straight-time, split-shift assignments for the following month by the fifteenth (15th) day of the prior month. If split shifts are available to be worked, management shall so notify those employees who volunteered to work split shifts. Under these circumstances, all employees shall have the right to refuse to work split shifts even though they may have indicated a desire to do so at an earlier point in time.
- F.17 Four-Hour Guarantee of Work - All permanent part-time and temporary Parking Attendants shall be guaranteed a minimum of four (4) hours of work whenever they are scheduled to work. The City reserves the right to require said Parking Attendants to perform additional job-related duties in order to ensure that wages are not paid for time during which no work is being done. The four (4) hour guarantee of work shall not apply to Section F.16.
- F.18 Seniority for Regular Employees - Seniority as a regular employee shall be determined by the date of hire within the bargaining unit, class specification, and the employing department. Standing for purposes of seniority shall cease when an employee is separated from employment; on an unpaid leave of absence for more than one hundred twenty (120) days; or changed to temporary status.

- F.18.1 Seniority with Respect to Having Consecutive Days Off - Regular employees with the most seniority who have the same status with regard to being either full-time or part-time employees shall have the first option for a schedule with consecutive days off, where such schedules are available. The City shall maintain as many schedules with consecutive days off as practicable, unless employees designate a preference for nonconsecutive days off.
- F.18.2 Seniority with Respect to Overtime - Permanent employees with the most seniority shall have the first option for non-shift extension overtime opportunities within that class specification.
- F.18.3 Seniority with Respect to Scheduling of Vacation - Permanent employees shall submit vacation requests by a date(s) specified by their respective department. Vacation requests shall be approved by management, whenever practicable, on the basis of seniority. Seniority rights for vacation assignment for that calendar year shall cease to exist if an employee submits a change to their original vacation request after the deadline for said request is to be in.
- F.19 Holiday Observation for Regular Employees - In lieu of Section 6.1.1, regular employees shall observe paid holidays on the actual day of the holiday. When regular employees are scheduled to work on the holiday, the holiday premium pay of one and one-half (1½) times the employee's regular straight-time rate of pay shall apply, in addition to being paid for the holiday at their straight-time hourly rate of pay pursuant to Section 6.4. Payment pursuant to Section 6.4 shall be made only once per affected employee for any one holiday. In addition, for both regular and temporary employees, when an employee's shift extends beyond twelve (12:00 a.m.) midnight on New Year's Day, all hours worked on New Year's Day shall be counted as Holiday Pay.
- F.19.1 Notwithstanding F.19, whenever any paid holiday falls on a regular employee's regularly scheduled day/days off, either the working day before or the working day after the employee's scheduled day/days off may be recognized as the paid holiday at the Department's option, or the Department may elect to pay the employee for the holiday at the regular straight-time hourly rate of pay. Payment shall be made only once per affected employee for any one holiday. This language shall be in lieu of Section 6.1.1.
- F.20 In lieu of Section 6.1.2, regular part-time Parking Attendants and Senior Parking Attendants shall receive holiday time off or pay at the regular straight-time hourly rate based upon hours compensated during the two (2) prior pay periods that the employee was on pay status before the one in which the holiday falls. The amount of paid holiday time off for which the part-time employee is eligible shall be in proportion to the holiday time off provided for full-time employees.

- F.21 The amount of vacation time deducted from the vacation balance of permanent part-time personnel shall be calculated on the basis of the average number of hours compensated in the two (2) pay periods that the employee was on pay status prior to the pay period in which the vacation starts. For example, in the first pay period an employee works and/or is compensated ten (10) days and a total of sixty-four (64) hours and the second pay period works and/or is compensated six (6) days and a total of forty-eight (48) hours. In the combined pay periods, the employee worked sixteen (16) days and a total of one hundred twelve (112) hours. The employee shall therefore be charged seven (7) hours vacation for each day taken per this formula.
- F.22 In lieu of Sections 14.1, and 14.1.1, current regular and temporary employees employed by the Seattle Center who own and insure their own car, truck or van for use on the job shall continue parking privileges. For regular and temporary employees who drive to and park at the Seattle Center during work hours the City shall provide a flat mileage reimbursement of one dollar(\$1.00) for each day worked by a temporary employee and twenty-two dollars (\$22) per month for each regular employee. Employees who wish to park at the Seattle Center during off-work hours shall be eligible to do so consistent with Article 14.14. Employees hired after December 25, 2019 shall not be required to have a car and will not receive mileage reimbursement unless agreed to by the employee and management. For employees hired after December 25, 2019 parking privileges shall be consistent with Section 14.14.
- F.23 All employees (including temporary) must have either a telephone or a message phone/answering service in order to be able to be contacted by the supervisor.
- F.24 The Seattle Center may provide and arrange for the cleaning of rented uniforms, or the Seattle Center may purchase a uniform and the employee shall arrange for the cleaning of the purchased uniform. In either case, the City may require that employees wear said uniforms. A winter jacket shall be provided as part of the uniform. Uniform design, quantity and type of fabric shall be at the discretion of management. Uniforms lost by the employee or severely misused shall be charged to the employee at a replacement cost. The Seattle Center may determine at any time that it shall no longer provide uniforms. Employees may provide their own pants in lieu of uniform pants as long as the color, fabric and style are essentially equivalent to the uniform pant. If dark pants or skirts are not provided as part of the uniform, employees shall be responsible for providing these items. Employees must maintain a clean and neat personal appearance.
- F.25 All employees (including temporary) shall wear or use safety equipment that is required and provided by the City while in the performance of their work.

- I.4 In lieu of Section 6.1.1, whenever any paid holiday falls on an employee's regularly scheduled day/days off, either the day before or the day after the employee's scheduled day/days off may be recognized as the paid holiday, or a day within the pay period may be recognized as the paid holiday, or, the department may elect to pay the employee for the holiday(s) at the regular straight-time rate of pay. Payment shall be made only once per affected employee for any one holiday.
- I.5 Employees with prior regular City service who are regularly appointed to positions within the City shall begin accruing vacation at the rate which was applicable upon their most recent separation from regular City service.

However, Security Officers must obtain the Seattle Special Police Commission in order to qualify as a Designated Shift Lead at the Seattle Center. B. Effective January 1, 2020, three hundred fifteen dollars (\$315.00).

I.7.2.2 The City shall notify affected employees and the Union at least ninety (90) days prior to changing the current uniform, indicating the nature of and reasons for such changes. In the event of a major uniform change during the term of this Agreement, the Seattle Center shall provide an additional maximum reimbursement on a one-time basis, to cover the employee's cost to transition to the new uniform. Reimbursement amounts shall be as provided in section I.7.2.

I.7.3 Should the Seattle Center elect to include certain items as part of the uniform, for example: hat, coat, badges, patches, keepers, duty belt, whistle chain, name tag, radio holder, bicycle gear, key keeper, flashlight holder, mini-flashlight, mace/OC, mace/OC holder, mini-mag holder, and collar brass, etc., the items included shall be provided by the Center.

I.8 Seattle Center will provide appropriate educational and training opportunities for the security staff on a continuing basis. Training subjects will include, but not be limited to, self-defense, first-aid and conflict resolution. The City and the Union shall meet to discuss training issues for employees covered by this Appendix on a Departmental basis, including whether efficiencies can be achieved by combining certain desired or mandatory training; e.g., first-aid, CPR, between the affected Departments.

I.9 When transporting more than five hundred dollars (\$500) including all money received by the Parking Facility off of the Seattle Center grounds, a Security Officer in charge will be accompanied by another Security Officer. The Seattle Center may look into alternative methods of accomplishing the transport of receipts and shall notify the Union if an alternative is elected.

I.10 Effective January 4, 2023, employees regularly scheduled to work the established evening (swing) or night (graveyard) shift shall receive the following shift premiums:

<u>Swing Shift</u>	<u>Graveyard Shift</u>
\$1.25 per hour	\$1.75 per hour

A. Swing shift shall normally begin at 3:00 p.m., and graveyard shift shall normally begin at 11:00 p.m. (midnight).

Posted schedules shall consist of the schedule for the present workday and the following five (5) calendar days with the fifth day posted daily prior to 11:30 a.m. Any change in the starting time of an employee within the five (5) day posted schedule shall result in double time being paid for those hours worked prior to the posted scheduled starting hour, as well as for any hours worked past the posted ending time for scheduled shifts of eight (8) or more hours' duration.

J.4.1 Turnaround time shall continue to be at least twelve (12) hours from the termination of the previous day's regular shift; provided however, an employee who is required to work during the twelve (12) hour period between normal shifts shall receive double time for all hours worked during said twelve (12) hour period. In applying this provision an employee who works during the turnaround period shall have such time counted as straight-time hours for purposes of computing sick leave and retirement benefits only; provided however, such benefits (sick leave and retirement) shall not be computed for any hours worked in excess of forty (40) per workweek.

J.4.2 Adequate ventilation shall be supplied in any building where machines that admit nauseous or dangerous fumes are operating. The Operating Engineers must be notified sufficiently in advance prior to commencing to operate the equipment.

- J.4.3 The present practice of maintaining Seattle Center's rolling stock shall continue, including management's right to send out or contract to another party.
- J.4.4 The ice-making activity shall be under the jurisdiction of the Union. In the event additional help is required in making or preparing ice beyond that of the Ice Rink Specialists assigned to the task, an individual affiliated with the Union shall be assigned to the job. One (1) position designated and paid as an Ice Rink Specialist for six and one-half (6½) months starting September 15 of each year and ending March 31 of the next year.
- J.4.5 If flooding ice is required in an empty or unoccupied building at hours other than the regular work shift, one (1) employee covered by this Appendix shall be assigned this task. Arrangements shall be made for supervision to assure that the individual will be observed during the period of flooding in order to respond in the event of an accident.
- J.4.6 An employee shall be paid at the Maintenance Laborer rate of pay on a work-outside-of-classification basis per Section 5.9 and J.2.7.2 for operating the bucket truck, utility boom truck, garbage packer truck, dumpster transporter truck (“D-Truck”) of equivalent, and sweeper truck. Maintenance Laborer rate of pay will also be applicable on an articulating or telescoping boom or scissor lift used on high lift operations that has a platform that can accommodate up to two employees.
- J.4.6.1 When the Seattle Center purchases, rents or leases new equipment or a different replacement for equipment mentioned in Section J.4.6 above, they will meet with the Union and discuss the rate of pay for said equipment.
- J.4.6.2 Effective upon signature of the Agreement, employees covered under this Appendix shall be paid at the minimum rate of Utility Laborer on a work-out-class basis while assigned to operate the small pavement sweeper vehicle (“Green Machine 636” or equivalent).

(Laborers and Senior Janitors are cautioned not to touch certain high-powered lights.) This work will involve 10-foot ladder and 12-foot ceiling. Electrician will change certain higher lights; e.g., in ceiling of new Key Arena. The Electrician may do some of the changing of light bulbs, but will mostly direct the work (which does not require that the Electrician be physically present at all times) and do the journey-level tasks of installing/wiring/rewiring of lighting fixtures or ballast in the fixtures. Because the Electrician performs the journey-level work, work out-of-class pay for Laborers or Senior Janitors will not be applicable on changing of light bulbs.
- J.4.8 At the Seattle Center, the City shall provide uniforms on a reasonable basis whenever employees are required by the City to wear uniforms.

J.4.9 The compensatory time limit for employees covered by this Section is forty (40) hours per year. Accrual of such leave time will be through mutual agreement of the employee and supervisor or manager. Lacking such concurrence, the overtime will be paid at the appropriate rate. After an employee has reached the maximum amount of forty (40) hours' compensatory time, any overtime worked (except Holidays) will be paid at the appropriate rate of pay. Further compensatory accrual time will not be an option.

J.4.10 There shall be a minimum call for meetings for training or for all staff meetings of two (2) hours at straight-time rate of pay for temporary employees. This call shall be voluntary for temporary employees. If training or staff meetings last longer than two (2) hours, all hours shall be paid at the straight-time rate of pay. When the above language pertains to regular employees, Article 5, Section 5.2, 5.2.1, 5.2.2, and 5.2.3 shall be in effect (if circumstances are applicable.)

J.4.11 All scheduled overtime work shall be offered to qualified regular employees who have placed their name on an overtime list in the classification before any temporary employees are offered scheduled overtime work.

J.4.12 Effective upon the signature of the Agreement, temporary laborers working at Seattle Center must work a minimum of one (1) shift per month in the Key Arena between the months of October to May inclusive. The parties agree that this arrangement is subject to labor-management review, and if another solution is determined to be necessary during the term of the Agreement, the parties agree to bargain changes to this provision.

Temporary laborers may request in writing that the Division Director allow them to be inactive and unavailable for employment for one (1) period of up to ninety (90) consecutive days annually. The request will be considered and approved or denied based on Seattle Center's anticipated workload.

J.5 Seattle Public Utilities Department Rules - Administrative directions shall be issued by the Seattle Public Utilities Department providing for protective clothing for such employees involved in cleaning deep sand boxes and catch basins when the conditions of employment reasonably require such protective clothing.

J.5.1 The time limit for work out of class shall be extended to a period of eight (8) hours or longer when an individual who is employed at the Cedar River Water Shed works in a training capacity at the higher classification of Operator, Construction and Maintenance Equipment.

J.5.2 Drainage and Wastewater Collection Lead Worker, Drainage and Wastewater Collection Worker, and Drainage and Wastewater Collection Worker Apprentice personnel who are required to work in live sewers four (4) feet deep or more, to repair sewer breaks or perform side sewer connections, shall receive fifty cents (50¢) per hour in addition to their regular hourly rate of pay while so engaged.

Said employees when so assigned shall receive additional compensation at the straight-time rate of pay for each night of required absence from their regular place of employment, provided such additional compensation shall not be paid to any employee whose assigned duties regularly include travel to and performance of work at locations other than their regular place of employment without specific assignment by a supervisor.
- J.6.1 Laborers who are employed at City Light and who are called out on an emergency along with the City Light underground crew shall receive the same mileage reimbursement as the underground crew when using their own automobiles.

- J.6.3 Effective January 6, 1999, there will be four (4) pairs of leather-palmed, canvas-backed work gloves to each employee in Civil Construction (unit) on a quartermaster type of basis (one every three, months to be issued by management to employees active on payroll at the time and not issued through the Tool Room.) This provision shall be extended to include all employees covered by this Appendix who are active on payroll in the Right-of Way Maintenance and Vegetation Management Crews. Temporary employees shall be allowed one pair of gloves per each three-month period of active employment.

- J.8.1 Employees covered by this Appendix employed by the Parks and Recreation Department at Community Pools as Pool Maintenance Lead Workers and Pool Maintenance Workers shall forego the second fifteen (15) minute break of the day and combine it with their lunch break of thirty (30) minutes for a total lunch break of forty-five (45) minutes.

- J.8.2 A Laborer; Utility Laborer; or Maintenance Laborer when assigned to operate and use for loading and hauling a Parks Department tractor equivalent to a Kubota rotary with bucket (Equipment #8142) or a golf course tractor with a front-end loader attached and a bucket capacity of one-fourth (¼) yard or larger shall, while so assigned, be compensated on a work-outside-of-classification basis per Section 5.9 at a rate equivalent to the classification of Parks Equipment Operator. (This Section does not apply to the golf courses.) The Union and the Parks and Recreation Department will meet and discuss updating the equipment used for upgrades to classification of Parks Equipment Operator within ninety (90) days of signing of the Agreement and semi-annually at the Union’s request.
- J.8.3 Coveralls shall be furnished to employees assigned to work as Construction and Maintenance Equipment Operators in the Parks & Recreation Department. The following MOU attached hereto as Appendix M and signed by the City of Seattle and the Coalition of City Unions (“Parties”), is adopted and incorporated as an Appendix to this Agreement to address certain matters with respect to membership and payroll deductions after the U.S. Supreme Court’s decision in Janus v. AFSCME. The Agreement is specific and limited to the content contained within it. Nothing in the MOU is intended, nor do the Parties intend, for the MOU to change the ability to file a grievance on any matter of dispute which may arise over the interpretation or application of the collective bargaining agreement itself. Specifically, nothing in the MOU is it intended to prevent the filing of a grievance to enforce any provision of the Union Engagement and Payroll Deductions Article 3. Any limitations on filing a grievance that are set forth in the MOU are limited to actions that may be taken with respect to the enforcement of the MOU itself, and limited specifically to Section B of the MOU.

By and Between THE CITY OF SEATTLE
and
COALITION OF CITY UNIONS
(Amending certain collective bargaining agreements)

Certain Unions representing employees at the City of Seattle have formed a coalition (herein referred to as “Coalition of City Unions”) to collectively negotiate the impacts of the Janus v. AFSCME Supreme Court decision and other conditions of employment with the City of Seattle (herein referred to as “City;” together the City and this Coalition of City Unions shall be referred to as “the Parties”); and,

Background

In June of 2018, the United States Supreme Court issued the Janus v. AFSCME decision. In response to this change in circumstances, this Coalition of City Unions issued demands to bargain regarding the impacts and effects of the Janus v. AFSCME Supreme Court decision.

Included in the Parties collective bargaining agreements is a subordination of agreement clause that in summary states, “It is understood that the parties hereto and the employees of the City are governed by the provisions of applicable federal law, City Charter, and state law. When any provisions thereof are in conflict with or are different from the provisions of this Agreement, the provisions of said federal law, City Charter, or state law are paramount and shall prevail.”

The parties have agreed to engage in negotiations over the impacts and effects of this change in circumstances to reflect compliance with the Janus v. AFSCME Supreme Court decision.

Agreements

Section A. Amended Union Dues and Membership Language

The Parties agree to amend and modify each of the Parties’ collective bargaining agreements as follows:

Article X - Union Engagement and Payroll Deductions

The City agrees to deduct from the paycheck of each employee, who has so authorized it, the regular initiation fee, regular monthly dues, assessments and other fees as certified by the Union. The amounts deducted shall be transmitted monthly to the Union on behalf of the employees involved. The performance of this function is recognized as a service to the Union by the City and The City shall honor the terms and conditions of each worker’s Union payroll deduction authorization(s) for the purposes of dues deduction only. The Union agrees to indemnify and hold the Employer harmless from all claims, demands, suits or other forms of liability that arise against the Employer for deducting dues from Union members, including those that have communicated a desire to revoke a previous deduction authorization, along with all other issues related to the deduction of dues or fees.

The City will provide the Union access to all newly hired employees and/or persons entering the bargaining unit within thirty (30) days of such hire or entry into the bargaining unit. The Union and a shop steward/member leader will have at least thirty (30) minutes with such individuals during the employee’s normal working hours and at their usual worksite or mutually agreed upon location.

The City will require all new employees to attend a New Employee Orientation (NEO) within thirty (30) days of hire. The NEO will include an at-minimum thirty (30) minute presentation by a Union representative to all employees covered by a collective

bargaining agreement. At least five (5) working days before the date of the NEO, the City shall provide the Union with a list of names of their bargaining unit attending the Orientation.

The individual Union meeting and NEO shall satisfy the City's requirement to provide a New Employee Orientation Union Presentation under Washington State law. The City of Seattle, including its officers, supervisors, managers and/or agents, shall remain neutral on the issue of whether any bargaining unit employee should join the Union or otherwise participate in Union activities at the City of Seattle.

New Employee and Change in Employee Status Notification: The City shall supply the Union with the following information on a monthly basis for new employee's: name, home address, personal phone and email (if a member offers), job classification and title, department, division, work location, date of hire, hourly or salary status, compensation rate.

Any employee may revoke their authorization for payroll deduction of payments to their Union by written notice to the Union in accordance with the terms and conditions of their dues authorization. Every effort will be made to end the deductions effective on the first payroll, and not later than the second payroll, after receipt by the City of confirmation from the union that the terms of the employee's authorization regarding dues deduction revocation have been met. The City will refer all employee inquiries or communications regarding union dues to the appropriate Union.

Section B. Agreement on Impacts of the Janus v. AFSCME Supreme Court decision.

The Parties further agree:

1. Member Training: During each year of this agreement a Union's principal officer may request that Union members be provided with at least eight (8) hours or one (1) day, whichever is greater, of paid release time to participate in member training programs sponsored by the Union. The Parties further agree that the release of employees shall be three (3) employee representatives per each Union in an individual Department; or two percent (2%) of a single Union's membership per each department, to be calculated as a maximum of two percent (2%) of an individual Union's membership in that single department (not citywide), whichever is greater. The approval of such release time shall not be unreasonably denied for arbitrary and/or capricious reasons. When granting such requests, the City will take into consideration the operational needs of each Department. At its sole discretion, the City may approve paid release time for additional employee representatives from each Department on a case-by-case basis.
2. The Unions shall submit to the Office of Labor Relations and the Department as far in advance as possible, but at least fourteen (14) calendar days in advance, the names of those members who will be attending each training course. Time off for those purposes shall be approved in advance by the employee's supervisor.

ten (10) working days after a new employee’s first day of work: name, home address, personal phone and email (if a member offers), job classification and title, department, division, work location, date of hire, hourly or salary status, compensation rate, FTE status.
