13	Funding	Can you share what investments the City is making (current? Anticipated future?) in youth under 18 who are impacted by trauma and criminal justice involvement?	At this time, HSD does not specifically invest in youth under 18 who are impacted by trauma and criminal justice involvement, though some of our current contractors may provide services related to this population. HSD's Safety RFP has a theory of change that invests in people harmed by the criminal legal system in Seattle, which includes people under 18. HSD doesn't have a list of investments other City departments make in youth under 18 who are impacted by trauma and criminal justice involvement at this time.	May 10, 2019
14	Application	What is the definition of "harmed by the criminal legal system"?	The Safety RFP doesn't define "harmed by the criminal legal system." Applicants are asked to define with whom they plan to work and how they are harmed by the criminal legal system.	May 14, 2019

The Safety RFP invests in people harmed by the criminal legal system in Seattle. People under age 18 can be supported by this RFP. Page 13 of the Guidelines and Application states: "Applicants should demonstrate their intention and plan to address the disparities associated with the <i>priority</i> and <i>focus populations</i> . Proposals that clearly describe a plan to address significant needs among other populations of people harmed by the criminal legal system in Seattle will also be considered." In the Proposal Design Description on page 17 of the Guidelines and Application, it indicates that "If you are proposing to work with people outside the identified priority population or focus populations, describe their demographics, assets, strengths, challenges, concerns, and how they are disparately impacted."	May 14, 2019
17	Priority and focus populations	So, 18-24 is the priority population, but under 18s can be supported. Does this mean under 18s are not a high priority	See question 16. The <i>priority population</i> for this investment opportunity is 18 to 24-year-old people harmed by the criminal legal system in Seattle. <i>Focus populations</i> are individuals, families and communities who identify as: <ul style="list-style-type: none"> American Indian/Alaska Native/Indigenous 	May 14, 2019
