2024 Notice of Funding Availability (NOFA)

I. Introduction

The City of Seattle Human Services Department (HSD) is pleased to issue its 2024 Notice of Funding Availability (NOFA) related to the following investments:

- | | |
|--|---------------------------------|
| 1. Older Adult Transportation Services | 4. Respite Services |
| 2. Senior Center Services | 5. Community Living Connections |
| 3. Kinship Caregiver Support Services | |

This notice provides an overview of HSD's funding opportunities for 2024 with a brief description of the service areas for each opportunity, anticipated funding amounts, release dates, and contract start dates. Once finalized, HSD will issue detailed funding opportunities for each investment.

HSD invests in services that connect people with resources and solutions in times of need so we can all live, learn, work, and take part in strong, healthy communities. Guided by HSD's Theory of Change, funding opportunities will include both population level and racial disparity data and will outline the desired results of the investment. In 2024, HSD will include new questions focused on a) language access for people who are deaf or hard of hearing and b) program and service accessibility for individuals for whom English is a second language.

HSD emphasizes the importance of equity by engaging with communities who have been disproportionately impacted by systems of oppression and/or are underserved, such as communities of color, limited English speakers, LGBTQ, persons with disabilities, seniors, and low-income individuals and families. HSD recognizes reducing racial and social disparities may require organizations to collaborate and develop a shared strategy to serve our diverse population. HSD is particularly interested in partnerships that are co-designed and formalized through subcontract arrangements. Partnerships should reflect an equitable division of funding, a focus on strengthening the capacity of partners, a commitment to collecting and using data, and the leveraging of investments by other public or private organizations committed to the project. Any application outlining a partnership will require partner agency signature and may require a memorandum of understanding between agencies.

This notice also links to resources to help potential applicants learn more about HSD's investment priorities and standard application requirements. Each funding opportunity, when released, will provide additional detailed information specific to the funding opportunities in the table below.

In the event of budget additions through Mayoral or City Council budget appropriations, HSD may elect to modify existing contracts until such contracts require a new funding process, or HSD may develop a new funding opportunity to expend the additional funds. HSD recommends parties interested in applying for HSD funds review the Department's [Funding Opportunities Webpage](#) regularly and [subscribe](#) to the HSD Funding Opportunities email list.

II. Upcoming 2024 Funding Opportunities

2024 Older Adult Transportation Services

Anticipated

HSD intends to invest in community transportation services that allow older adults to access healthcare services and healthy food in the setting of their choice. These services are designed for participants who are unable to use King County's fixed-route public transit network.

Funding Process Release Date: **January 17, 2024**

Funding Available: **Up to \$600,000**

Contract Start: **January 2025**

Funding Process Type: **Request for Proposal (RFP)**

2024 Senior Center Services

Anticipated

HSD intends to collaborate with King County's Department of Community and Human Services (DCHS) to invest in Senior Centers. HSD invests in organizational infrastructure and operations to support the ability of senior centers to improve the health, well-being, and independence of older adults through:

- food and nutrition programs
- health promotion, wellness, and fitness
- education, recreation, and social engagement
- social services & outreach

DCHS, Adult Services Division's Older Adults and Healthy Aging (OAHA) team, will lead the investment process. ([VSHSL procurement site](#))

2024 Kinship Caregiver Support Services

Anticipated

HSD intends to invest in services that support kinship caregivers ages 55 and older who are caring for a family member's child. Participants are supported through the following services:

- Kinship Caregiver Support Program
- Kinship Navigator Program
- Kinship Collaboration Coordinator

Funding process Release Date: **February 5, 2024**

Funding Available: **Up to \$274,000**

Contract Start: **January 2025**

Funding Process Type: **Request for Proposals (RFP)**

2024 Respite Services

Anticipated

HSD intends to qualify organizations to provide respite care and/or housekeeping and errands, under the Family Caregiver Support Program. Respite care services provide short-term relief to unpaid primary caregivers of older adults. Respite care includes help with activities of daily living (ADL) e.g. dressing, eating, medication reminders, bathing, meal preparation.

These services are rate-based reimbursement for hours provided. Contracts will have no minimum award and no minimum numbers of referrals are expected to be maintained by the qualifying organizations.

Funding Opportunities

The Seattle Human Services Department (HSD) is one of the largest contributors to Seattle's safety net as it invests hundreds of millions of dollars in contracts with more than 200 community-based organizations that support our neighbors and communities, and to direct services carried out by our own staff.

The department works closely with our major community partners, including other public and nonprofit funders and grantees, to understand current and emerging human service needs, and to create and

invest in a comprehensive and integrated regional human services system.

HSD is working to ensure that the City's limited resources are being directed to our most vulnerable residents and to programs that can best leverage the investments for maximum impact on achieving results and reducing disparities.
