ABOUT THE ISRD BOARD

The special character of the International District is recognized and protected by City Ordinance. In 1973, the International Special Review District Board was created to preserve, protect and enhance the cultural, economic, and historical qualities of the area, and particularly its unique Asian character. The Board reviews both changes to individual businesses and changes that may impact the entire district. To preserve this special character, the International Special Review District Board must review and approve all uses including use of the public sidewalks, new construction, and changes to building exteriors within the district, including signs or new paint colors or security gates, before installation or construction.

The Board has seven members, five elected by the community and two appointed by the Mayor. Board members serve two-year terms. Board meetings are held on the second and fourth Tuesdays of each month at 4:30 p.m. Meetings allow the option of in-person or virtual attendance.
