	Standing item: MHC coordination with PDA and community stakeholders. Standing item: Discussion of public ways and amenities. Recurring item: Commission work group updates. Item relating to Victor Steinbrueck Park: In 2023 Seattle Parks and Recreation (“SPR”) submitted COA DONH-COA-01146 that asked the commission, in part, to review and amend Certificate of Approval MHC 93/19 to allow Victor Steinbrueck Park to reopen after renovation was complete but prior to the reinstallation of the totem poles. In 2019, a condition was placed on COA MHC 93/19 requiring that if the totem poles were removed during the renovation, that they must be reinstalled prior to the reopening of the park. On December 13, 2023 and at additional meetings in 2024, the commission considered and re-tabled that portion of the COA application. On March 12, 2025 David Graves of SPR will provide the status and future plans regarding the re-installation of the totem poles. The commission will consider the information provided and potentially render a decision regarding whether the commission will allow reopening of the park prior to re-installation of the park totem poles.
