Re: 2021OPA-0456

Non-Certification

OIG appreciates the additional work done by OPA on case number 2021OPA-0456, to create an investigation plan and review the previously excluded body worn video.

However, it does not appear that OPA took any additional steps to investigate OIG's previously communicated concern about the potential bias allegation. Specifically, the tone with which the female officer says the name of the complainant's minor child.

As a result, OIG remains unable to certify this case for an expedited investigation.
