

## **CITY OF SEATTLE 2016 STATE LEGISLATIVE BULLETIN**

**February 8, 2016**

**Number 4**

*The City of Seattle is committed to being a safe, vibrant, interconnected, and affordable city.*

### **Week Overview**

On Thursday February 4<sup>th</sup>, Senator Nelson (D) introduced the Bring Washington Home Act ([SB 6647](#)) which would provide funding from the state's Budget Stabilization Account (also known as the rainy day fund) for this biennium to alleviate homelessness across Washington State. The intent of this bill is to fund services that support homeless youth, increase the Consolidated Homeless Grant program, and provide \$60 million for sheltering, including emergency shelter and/or support services for individuals and families experiencing homelessness. SB 6647 hopes to utilize \$186 million in state funds to leverage \$281 million in investments in homeless programs, supports, and housing. This legislation will require a 3/5 majority to pass.

Friday, February 5<sup>th</sup> marked the first major milestone of the 2016 legislative session as that date was the policy committee cut-off for house of origin. This meant legislation had to be passed out of policy committee by the end of that day to continue to advance. Committee chairs were busy all week deciding which bills would receive a final vote during executive session. Coming quickly is the next hurdle, fiscal committee cutoff is next Tuesday, February 9<sup>th</sup> when bills that have a fiscal impact must be voted on.

In an act that hasn't happened since 1989, the Senate Republicans voted not to confirm a gubernatorial appointment -- Secretary of Transportation Lynn Peterson, who served three years in the position. On Saturday February 6<sup>th</sup>, Corrections Department Secretary Dan Pacholke resigned amid an ongoing investigation into a technological error in the Department's system that allowed early release for some offenders over many years. Secretary Pacholke has not been implicated in the investigation.

## **Priority Areas**

### **Safety Net and Housing**

#### **Preservation Tax Exemption**

[SB 6239/HB 2544](#), (Sen. Fain-R/Rep. Frame-D) which provide a property tax exemption for the preservation of affordable housing, were passed out of the House and Senate policy committees. Both bills were heard in fiscal committees on Thursday and Friday and are scheduled for executive session on Tuesday, February 9<sup>th</sup>. The City supports this legislation.

#### **Tenant Protections**

Sen. Mullet (D) and Rep. Walkinshaw (D) introduced [SB 6413/HB 2811](#), respectively, which would modify the residential landlord-tenant act to require a landlord to notify a prospective tenant if they will accept a comprehensive reusable tenant screening report prior to charging that prospective tenant for a background check or screening report. Both bills were passed out of policy committees unanimously and have been referred to the Rules committee for further consideration. The City supports this legislation.

[HB 1565](#) by Rep. Ormsby (D) (companion bill [SB 5378](#)) prohibits discrimination against a tenant based on his or her source of income. The bill was moved out of Judiciary committee on February 4<sup>th</sup> on a partisan 7-5 vote and referred to the Rules committee for further consideration.

#### **Voting Rights Act**

On February 5<sup>th</sup>, the House passed the Voting Rights Act ([E2SHB 1745](#)) prime sponsored by Rep. Moscoso, on a party line 50-47 vote. The bill was referred to the Senate Government Operations Committee. The City supports this legislation.

#### **Repeal of I-200**

A bill seeking to repeal Initiative 200, which passed in 1998 and prohibits affirmative action hiring for public employers, in public education and for contracting services hired by public employers was heard on Tuesday in the House Capital Budget Committee. [HB 2822](#) introduced by Rep. Santos (D) would overturn I-200 and allow cities to once again use valuable tools to provide low-income and at-risk communities a path to prosperity. The City supports this legislation.

#### **Transgender Discrimination**

After the Senate Commerce and Labor committee passed similar legislation last week, Senate Law & Justice committee passed [SSB 6548](#) which would ban gender non-conforming individuals from gender-segregated facilities, on February 3<sup>rd</sup>. Committee members heard testimony from a packed public hearing on February 1<sup>st</sup>, including Seattle Police Department LGBTQ Community Liaison Chief James Ritter who spoke in opposition to the bill. In total, legislators have introduced 5 separate bills on this issue. The City opposes all five bills.

### **Equal Pay Act**

The House passed Rep. Senn's (D) Equal Pay Act, [HB 1646](#) on February 3<sup>rd</sup>, on a 56-41 vote. This legislation would ban employers from retaliating against employees who discuss wages or salaries with their coworkers and prohibits the provision of less favorable employment opportunities based on gender. The City supports this legislation.

### **Accommodations during Pregnancy**

On Thursday, [HB 2307](#), prime sponsored by Rep. Farrell (D), passed the House on a 52-45 vote. This bill will require employers to provide reasonable accommodation in employment for pregnancy, childbirth, or pregnancy-related health conditions. The bill will also prohibit an employer to deny employment opportunities to employees who are otherwise qualified for the position. The bill has now been referred to the Senate Commerce & Labor committee. The City supports this bill.

## **Public Safety and Government Operations**

### **Minimum Wage and Labor Standards**

Monday's Senate Commerce & Labor Committee meeting included hearings on a pair of labor standards bills of interest to the City. [SB 6087](#) introduced by Sen. Hobbs (D) would incrementally increase the state-wide minimum wage to \$12.00/hour by 2020 and adjust that minimum wage for inflation every year after that. The bill would also implement state-wide sick leave, where employees must accrue at least one hour of paid sick leave for every 40 hours worked. This legislation is prospective and does not impact previously enacted local ordinances but would prevent local authorities from enacting any laws impacting wages or working conditions in the future. The City opposes this bill.

The second bill heard in committee was [SB 6578](#), introduced by Sen. Baumgartner (R). SB 6578 would prohibit cities, town, and port districts from setting their own employment standards including minimum wage, hours of work, scheduling requirements, leave, and employee retention. This bill would preempt the City from setting a higher minimum wage, and overturn the City's existing minimum wage and labor standards legislation. After the hearing, the committee passed SB 6578 on a party-line vote and is now in the Senate Rules Committee. The City opposes this bill.

### **Supermajority votes on taxes**

Legislation requiring a two-third supermajority vote by each chamber to approve new taxes in Washington State continues to be an issue as Senator Ericksen's (R) [SJR 8212](#) had a public hearing on February 4<sup>th</sup>. It requires a constitutional amendment on taxes, but it also allows fees to be increased by a simple majority and does not require advisory votes.

### **Post-incarceration aid**

Rep. Pettigrew (D) also introduced [HB 2791](#), which authorizes the creation of a statewide council to help address and promote successful reentry of offenders after incarceration back into the public. The bill was moved out of the House Public Safety committee on February 3<sup>rd</sup> and has been referred to the House Appropriations committee. The City supports this legislation.

## **Marijuana**

[HB 2494](#), (Rep. Tarleton-D) which would seek to align marijuana possession penalties more closely with alcohol possession penalties and [HB 2368](#), (Rep. Hurst-D), which would allow a 2-yr pilot program in Seattle for marijuana delivery services, were both voted out of the House Commerce and Gaming Commission unanimously this week. HB 2494 was referred to Rules and HB 2368 to the General Government Committee. The City supports this legislation.

## **Pensions**

On Thursday, February 5<sup>th</sup> the House State Government Committee unanimously passed [HB 2648](#), (Rep. Fey-D) which would expand pension investment opportunities for the Cities of Seattle, Tacoma and Spokane. The City supports this legislation.

## **Public Records Requests**

[HB 2576](#) (Rep. McBride-D) passed out of the Local Government committee on a 5-4 party line vote. This legislation would seek to, among other things, authorize a local agency to adopt a policy on the amount of time it devotes to public records requests provided certain documents are publically available and meet certain other criteria. The bill was amended to remove a requirement that would impose fees on requests made for commercial purposes. The City supports this legislation.

## **Gun Safety**

Representative Parker's (R) legislation ([HB 2823](#)), which aims at reducing school shootings by encouraging students to provide tips to law enforcement passed out of the House Education committee 18-3 on February 5<sup>th</sup>.

## **Sexual Assault Victim Rights**

[SB 6151](#), (Sen Litzow-R) allowing sexual assault victims to get a permanent protection order against attackers, was voted on the Senate floor on February 3<sup>rd</sup> and passed unanimously.

## **Deadly Force**

[HB 2907](#) (Rep. Moscoso-D) and [HB 2908](#) (Rep. Ryu-D) relating to standards around use of deadly force and creating a task force to look at community policing standards were heard in the Public Safety committee on February 3<sup>rd</sup>. HB 2908 passed out of committee on February 5<sup>th</sup> on a unanimous vote.

## **Education**

### **McCleary**

On February 3<sup>rd</sup>, the Senate Ways and Means Committee heard [SSB 6195](#) (Sen Rivers-R). This bill creates a funding task force, appropriates \$500,000 for a private consulting firm, and directs the legislature to address school levy reform by 2018.

## **Transportation**

### **Oil Transportation Safety**

On February 5<sup>th</sup>, the General Government and Information Technology committee heard and passed [HB 2575](#) (Rep. Farrell-D), which would direct the Dept. of Ecology to contract for an update to the State's response capacity to chemical, biological, radiological, nuclear and explosive agents by June 2017.

### **Orphan Roads**

Sen. Fain (R) and Rep. Moscoso's (D) bills, [SB 6314/HB 2590](#), which allow King County to transfer ownership of a county road to a city or town if the road is within a city or town or abuts the boundary of a city or town on both sides progressed. [HB 2590](#) passed the House Local Government committee 6-3 on February 3<sup>rd</sup> and [SB 6314](#) is scheduled in the Senate Transportation committee on February 8<sup>th</sup>.

## **Environment**

### **Solar Incentives**

[SHB 2346](#) (Rep. Morris - D) regarding the solar production incentive had a hearing on Thursday, February 4<sup>th</sup> in the House Appropriations Committee. Seattle City Light testified with concerns, but in general support of the bill. The concerns include the reduction in the incentive rate for community solar, which would severely affect SCL's ability to continue the program and a proposed fee for existing customers which would fund WSU Energy processing the program. The same \$75 fee would be charged to community solar participants as well as those who purchase a residential system, which SCL views as inequitable. The City supports this legislation and is working to address the concerns.

### **Hydro License Fee**

[HB 1130](#) which extends the fee FERC license holders (including SCL) pay the Departments of Ecology and Fish & Wildlife to process Utilities' clean water permits required for FERC license was passed by the General Government & Information Technology on Friday, February 5<sup>th</sup>. SCL worked with other utilities over the interim to reach consensus on this bill.

### **Electrification of Transportation**

[HB 2966](#) was introduced by one of the "EV Caucus" Chairs, Rep. Dick Muri (R). This legislation would allow Seattle City Light to incentivize electrification of large-scale transportation projects. The City has been meeting with all the members of the House Technology & Economic Development Committee briefing them on the issue and requesting a work session.

### **Growth Management Act**

Two bills relating to school siting impacts on the Growth Management Act (GMA) saw action this week. The House Local Government on Tuesday, February 4<sup>th</sup>, heard [HB 2377](#) by Rep. Taylor (R). HB 2377 seeks to allow schools to be located outside urban growth boundaries defined by the GMA. On February 5<sup>th</sup>, a similar bill, [SB 6426](#) by Sen. Conway (D) passed the Senate Government Operations Committee. The city is concerned that both of these bills seek to undermine the GMA's intention to contain urban growth and opposes both bills.

### **Looking Ahead**

The budget forecast used to help determine the 2016 supplemental budget is scheduled for release on February 17<sup>th</sup>. Once this occurs, we will have a better idea of how the Legislature will be moving forward regarding the supplemental budget. It is expected that there will be very little (if any) extra revenue this year due to increased caseloads, addressing funding needs such as the record-setting wildfire fighting costs in 2015, and increased costs associated with Medicaid.

Again, February 9<sup>th</sup> is fiscal committee cut-off. Action then moves to the Chamber floors full-time to pass legislation out of House of Origin on February 17<sup>th</sup>.
