INCIDENT SYNOPSIS

The complainant's colleague exited a light rail station and had an interaction with law enforcement.

INVESTIGATION

The OPA investigation included the following actions:

1. Interview of complainant
2. Search for and review of all relevant records and other evidence

ANALYSIS AND CONCLUSION

OPA performed a GPS query in the records management system and was unable to locate any SPD units in the vicinity of the light rail station at the time the incident was alleged to have occurred.
