Notes:
 1) Community reporting areas (CRAs) are a standard, consistent, citywide geography for reporting purposes across all departments, as appropriate, at generalized geographic sub-areas with common place names that are familiar.
 2) There are 53 CRAs. The CRAs can be aggregated into 13 CRA Groups which can be used to approximately represent the 13 neighborhood districts.
 3) The CRA geography is derived from the Census 2000 tract geography.
 4) The CRA geography does not represent a neighborhood geography. This is not an attempt to identify neighborhoods.
 5) A map of the CRA geography is located at www.seattle.gov/DPD/demographics (see the link for data for locally-defined areas).

Race/Ethnicity by Community Reporting Area (Census 2000)
