Hello, neighbor!

The Office of Planning and Community Development (OPCD) is working with the community (that's you!) and other City departments to develop a community plan that guides growth and coordinates investments in livability in the Crown Hill Urban Village.

Your feedback will help guide community priorities and future investments in the neighborhood!

The second workshop will be focused on exploring ideas to address what you told us were community priorities.

There will be three, thirty-minute work sessions on different topics. Join us for the whole time, or drop in for one of the work sessions.

- 12:30 - 1:00 Introduction**
- 1:00 - 1:30 Work Session 1**
- 1:30 - 2:00 Work Session 2**
- 2:00 - 2:30 Work Session 3**

If you can't make it, view the materials on our website.
