Seeking Healthy, Innovative Concessions in Parks

Each year Seattle Parks and Recreation (SPR) offers a limited number of concessions permits in select city parks. Concession permits are awarded through a competitive evaluation process called the Request for Proposal (RFP). Successful proposals must demonstrate the ability to provide healthy, innovative, affordable, safe, and reliable services to park patrons while paying reasonable concession fees.

Seasonal Concessions – Vending in Parks

Evaluating the Proposals

An independent panel will review proposals submitted through the RFP process. The panel will score the proposals and interview the proposers (if necessary). The proposer with the highest scored proposal will be offered the permit opportunity. Once the RFP selection concludes and successful proposers are notified, the SPR website will be updated to show which parks remain available. Late applicants for parks will be evaluated if space is available on a first-come first-served basis.

Exclusions

- Concession applications will not be accepted for marketing or promotional activities in City of Seattle parks.
- Concession applications will not be accepted for saunas or hot tubs.
- SPR does not permit sales of commercial goods or merchandise at parks unless as part of a special event.
- No self-service vending.

Park Locations

Park locations vary with sites appropriate for carts, food trucks, and other self-contained service businesses.

• <u>Food Concessions:</u> See site descriptions pages 5-14 for park information and fees.

 Non-Food Concessions: Applicants must submit a site plan showing how the business will fit into the park while adhering to park rules and without impacting safety and park operations.

Generally, park sites are as depicted. SPR will not add power or water to a site. SPR will not authorize the creation of storage space or structures to support a proposed business model.

Questions about the Request for Proposal?

Please email sprconcessions@seattle.gov. Responses to questions and additional information and/or changes will be posted on SPR's website within three business days. The deadline to submit questions is January 30, 2024.

Submitting Your Proposal

- Use the attached application document to submit your proposal.
- Submit a clear and concise explanation of your proposed business. There is no need to submit elaborate materials.
- Provide all references and materials in the instructions including photos of vending cart, truck, etc. and site maps.

Parks that are Unavailable Through this Process

SPR is not accepting seasonal concessions applications for the following locations: Green Lake Park, Discovery Park, Waterfront Park, Occidental Park, Westlake Park, and Washington Park Arboretum.

At the time of permitting, vendors are required to provide the following items:

- Proof of insurance listing City of Seattle as an additional insured accompanied by a policy endorsement on a Form CG 20 26
- \$75 permit administration fee per park
- City of Seattle business license
- Background check required for services directed to vulnerable populations, including children.
- Seattle-King County Department of Health Permits

Other Considerations

- No gas, coal, charcoal, or similar portable cooking equipment is permitted unless prior written approval of SPR has been obtained and the Seattle Fire Department has issued a fire permit.
- Most park sites do not have electricity so vendors
 must be self-contained. If electricity is available,
 check the existing electrical capacity of the site to
 make sure there is sufficient electrical capacity for
 your equipment. Do not use multiple extension
 cords or multi-plug adapters. If you are not certain
 of the electrical capacity at a park site, then you
 are advised to seek the opinion of a qualified
 electrician. Electrical cords and cables must be
 covered with proper cable covering.
- The concessionaire must supply the appropriate fire extinguisher.
- All food vendors must include healthy options on their menu.

- There are specific dates when large community events take place in Seattle parks, such as Seafair, Art Fairs, Festivals, etc. During these dates, the event holds the permit and concession permits are suspended. Concessionaires may work with these event organizers to seek permission to vend during the event. A list of Major Special Events can be found at: Seattle.gov/special-eventsoffice/calendar
- You will not be permitted to place signs in the park except on your cart.
- You will not be assigned designated parking.
- Seattle-King County Department of Public Health must approve all proposed food carts. Please check with the Public Health Department to determine requirements prior to submitting a proposal.
- There is no overnight storage for equipment in the park. All equipment must leave the park each day.
- Styrofoam, glass containers, plastic straws and utensils are prohibited. All items must be compostable.
- You will need 2 large trash receptacles and appropriate recycling and compost container depending on the products you sell. If there is no dumpster in the park, then you will have to remove your own trash each day. Pick up any trash dropped in the park by your customers.
- Your cart, trailer, or vehicle must be reasonably attractive in the sole opinion of the Superintendent and well-maintained.
- Amplified sound is not permitted.

If selected, you are required to fulfil the payment terms of your permit agreement. Concession permits may not be sold or transferred to another entity.

Failure to produce all permit requirements, including acceptable Commercial Liability Insurance, within two weeks of notification of selection, may result in the loss of vending opportunity and vending location may be offered to another vendor.

SPR reserves the right to disapprove of any proposed business activity. Proposals cannot be accepted for the sale of tobacco or cannabis products, firearms, pornography, alcoholic beverages, and products in glass containers. No sauna or hot tub businesses.
