Such action may include investigation into the alleged violation, decision by the Executive Director, and/or referral of the matter to the Commission for decision or a hearing subject to the same rules as an appeal.

7. CLASSIFICATION

7.01 CLASSIFICATION PLAN. A class specification shall be prepared and maintained for each class in the classified Public Safety Civil Service System. Such specification shall describe the class generally, distinguish it from other classes, give examples of typical duties of the class, and shall contain, when applicable, a statement of those qualifications for applicants for positions in the class not otherwise provided in these Rules.

7.02 ADMINISTRATION OF POSITION CLASSIFICATION. The Executive Director shall make, or cause to be made, position classification studies of individual positions or groups of positions whenever it is deemed necessary, whenever the duties or responsibilities of existing positions have undergone significant changes; whenever notification is received that new positions are to be established by the City Council; or may do so upon request of an appointing authority or department head or an effected employee if the classification of such position has not been reviewed within the last 12 months.

Classification advice, analysis, and support is provided to the Commission by Seattle Department of Human Resources. Substantive and final decision-making authority on classification of positions resides with the Commission. (See Memorandum of Agreement between the Commission, Seattle Human Resources Department (formerly Personnel Department), Seattle Fire Department, and Seattle Police Department, executed November 2005.)

7.03 CLASSIFICATION OF POSITIONS:

- a. Each position in the classified service shall be classified at the direction of the Executive Director and allocated to its appropriate class in accordance with the character, difficulty, and responsibility of its designated duties. Positions shall be allocated to a given class when:
 - (1) The same descriptive title may be used to designate each position in the class;
 - (2) The same level of education, experience, knowledge, ability, and other qualifications may be required of incumbents;
 - (3) Similar tests may be used to select incumbents;
 - (4) One schedule of compensation will apply with equity under substantially the same employment conditions.

- b. All classes involving the same character of work but differing as to level of difficulty and responsibility shall be assembled into a class series.
- c. Compensation or salary shall not be a factor in determining the classification of any position or the standing of any incumbent.
- d. In allocating any position to a class, the specification for the class shall be considered as a whole. Consideration shall be given to the general duties, the specific tasks, the responsibilities, the required and desirable qualifications for such position, and the relationship thereof to other classes. The examples of duties set forth in such specification shall not be construed as all inclusive or restrictive, and an example of a typical task or a combination of two or more examples shall not be taken, without relation to all parts of the specification, as determining that a position should be included within a class.
- e. No one whose position has been allocated to its appropriate class shall be assigned or required to perform duties generally performed by persons holding positions in other classes, except in case of emergency or for limited periods of time when approved by the Executive Director; provided, that nothing in this provision shall be construed as preventing the assignment of duties of a higher rank as part of a training period, or for relief periods, and provided, further, the clause in any specification "and to perform related work as required" shall be liberally construed.
- f. It shall be the duty of responsible administrative officers in the various departments to report to the Commission any and all organization changes which will abolish or effect changes in existing positions or establish new positions. When an appointing authority requests the establishment of any new or additional position of more than 60 days duration, or a change in allocation of an existing position, a request for such consideration shall be addressed to the Commission, accompanied by a statement of the duties, responsibilities and qualification requirements of the position. In those instances where gradual shifts in work emphasis or changing work conditions have effected material changes in existing positions, the Executive Director shall be notified in writing by the affected department before the end of the budget year. In those instances in which the duties of a position are materially changed for other reasons, the Executive Director shall be notified immediately and not later than 10 days from the date of such change.
- g. ASSIGNMENT: An employee may be assigned to a position which carries additional salary and limited additional duties and responsibilities and is within the scope of the specification for the class from which assignment is made. If the duties of the position for which an assignment is proposed are beyond the scope of the official specification for the base class, such position must be separately classified and eligibility established by examination. No permanent or vested rights shall be acquired by reason of such assignment, and such assignments shall be subject to review and change at any time.

7.04 RECORDS

- a. Separate records of each position in the Classified Civil Service shall be maintained by the Public Safety Civil Service Commission in the following manner:

 - (2) A personnel record for each employee shall be kept with the record of the position occupied by the incumbent.
 - (3) It shall be the duty of each appointing authority to supply to the Executive Director, in writing, all necessary information to enable the Public Safety Civil Service Commission to maintain such records described in (1) and (2) above, and including any significant change in the duties of the position to another position in the same or to a different class.
- b. The Executive Director shall report any classification action to the department head concerned and to the City Council. The department head shall be responsible for notifying subordinates of any classification action affecting their status or allocation of their positions.

7.05 EFFECT OF CLASSIFICATION CHANGES ON INCUMBENT:

- a. Whenever the title of a class is changed without a change in duties or responsibilities, the incumbent shall have the same status in the retitled class as he or she held in the former class.
- b. Whenever a position is reclassified from one class to a higher class, the incumbent shall not continue in the same position, except temporarily, without gaining eligibility for the new class by examination and receipt of an appointment thereto in accordance with these Rules.
- c. Whenever a position is reclassified from one class to a lower class, the regular incumbent may, with the concurrence of the appointing authority and the commission, elect to take a voluntary reduction to the lower class; or at their option and with the concurrence of the appointing authority and the Commission, may remain in the reclassified position for a temporary period as limited by the Commission only until transfer can be made to another position in the class in which he or she has regular standing.
