Phased Permit Request Form

Date:

A phased permit allows you to submit plans for construction of a new building in multiple pieces. The building must be large or complex to justify the use of this program. Phased permits are only available for new buildings, and the buildings typically need to have a construction value greater than \$5,000,000. Phased permits are not used to separate out shoring and excavation work.

Fee: 2 x base fee for projects with a value greater than \$5,000,000

1 x base fee for projects with a value equal to or less than \$5,000,000

CONTACT INFORMATION:		
MUP Project Number: Construction Project Number:		
Project Address:		
Contact Person for this project:		
Contact Address:	Zip Code	:
Phone No: Fax No:

Project Architect/Firm:		
PROJECT INFORMATION:		
Is this a high-rise or atrium project?	Yes	No
Does this project include demolition of any existing structures? (If demolition of multiple buildings is proposed, please attach a demo plan.) What is the construction value for this new building? (Please complete a Fee Estimate and attach a copy.)	Yes	No
What is the construction value for the shoring/excavation work?		
Does this project include multiple new buildings on the site? yes, attach a separate <u>Fee Estimate</u> for each building.)	Yes	No
If there are multiple towers proposed, will the towers be occupied at the same time?	Yes	No
Identify any other existing project numbers that may be associated with this project:		
PROJECT DESCRIPTION:		
Please provide a brief description of the project. (Example: "To Build a 6-story mixed-use		
and ground floor commercial space") If you have already submitted your MUP, you may	use the MUP pr	roject descrip

	scribe why your project would benefit by phasing. Describe how the level of complexity, special needs or nees deem phasing necessary for this project. Seattle DCI will review the justification and either approve
reject y	our phasing request. You may attach a separate sheet with this information.

Please a diagrammatic section or elevation to show the scope of each phase (11x17 max). horing/Excavation (This will be set up as a separate construction permit.) nticipated Submittal Date: hase 1 Shoring/Excavation (only if included in this phase) Foundations Structure to grade (any portion of structure below grade) Base structure (any portion of structure above grade that is not the complete structure) Super structure (full structural completion) Architectural shell and core (shell and core only – does not include any architectural tenant build

Phase 2
Structure to grade
Base structure
Super structure
Architectural shell and core
Architectural partial occupancy (includes some architectural tenant build out, but not full occupancy)
Architectural full occupancy
Anticipated submittal date:
Additional information to explain the scope of work included in this phase (if necessary):
Phase 3
Super structure
Architectural shell and core
Architectural partial occupancy (includes some architectural tenant build out, but not full occupancy)
Architectural full occupancy
Anticipated submittal date:
Additional information to explain the scope of work included in this phase (if necessary):
Phase 4
Super structure
Architectural shell and core
Architectural partial occupancy (includes some architectural tenant build out, but not full occupancy)
Architectural full occupancy
Anticipated submittal date:
Additional information to explain the scope of work included in this phase (if necessary):
