## May 25: Nightwork and full closure on E Madison ST between 19th and 22nd Avenues East on May 25 – Rapid Ride G Line project

In partnership with Seattle Public Utilities, we are continuing to make connections and install a new watermain at the intersection of E Madison and 20<sup>th</sup> Avenue. On Wednesday, May 25 we will continue night work at night to install the additional portions of the watermain that we began installing earlier this month.

We will need to fully close E Madison St between 19th and 22nd avenues again for this work.

### What to expect during construction:

- The intersection of Madison St/20th Ave E will be closed at night (see map on the reverse)
- Madison St will close between 19th and 22nd Avenues East beginning at 7 p.m. on May 25 and will reopen the following day
- Buses will be detoured E Thomas/John Streets from Madison Street at 15th and 24th Avenues East

### Upcoming work on E Madison St at 20th Avenue:

The watermain installation at this intersection is one of many elements being installed/upgraded during construction for the Rapid Ride G Line project. We will try to minimize impacts wherever feasible but sometimes constraints in the roadway and impacts on traffic flow make it necessary to close the roadway or work at night. We will continue to communicate with nearby residents and businesses about access and impacts that may affect them.
