

# SDOT UPCOMING CONSULTANT OPPORTUNITIES

**Listing Updated Quarterly**

Projects	Description	Design Consultant Opportunities	Construction Management Opportunities	Outreach Consultant Opportunities During Design	Outreach Consultant Opportunities During Construction	Planning	Other	Project Manager
Madison BRT --- CM Services	Provide on-site RE, inspectors, office engineer/document control team to manage the construction of this bus rapid transit project. A. Madison BRT (RE/Inspectors only) B. Madison BRT (Office Engineer/Doc Control only)		Q4 2020					Mark Sliger mark.sliger@seattle.gov 206-733-9936
FTA Support Services	Provide Project Management support and expertise to improve SDOT's project delivery program for projects in the Federal Transit Administration (FTA) Capital Investments Grants (CIG) Program and successfully execute Small Starts Grant Agreements with FTA, 6-12 months.						Q1 2020	Eric Tweit eric.tweit@seattle.gov 206-684-8834
SDOT Specialty Structural Inspections	Provide specialty structural, mechanical, and electrical on-call inspection services to supplement SDOT's bridge inspection staff on an as-needed basis.						Q1 2020	Kit Loo kit.loo@seattle.gov 206-684-3669
Transit Plus Multimodal Corridor Outreach	Contract to support planning, design, and construction of Levy to Move Seattle deliverable Transit Plus Multimodal Corridor projects. Tasks might include: developing Public Involvement Plans, coordinating public meetings, managing written and verbal communications, and engaging and coordinating with external and internal stakeholders about projects and impacts.						Q1 2020	Dan Anderson dan.a.anderson@seattle.gov 206-775-9293
Northgate Pedestrian Bridge Culvert Mitigation	During the project definition phase, the consultant team will conduct an alternative analysis to determine the preferred approach to achieve the project objectives and meet the mitigation requirements. The consultant would develop a final mitigation plan for approval by regulatory agencies, conduct related permitting coordination, and provide full design services (PS&E). Future phases of work may include construction support (RFI responses, submittal review, on-site construction support) and post-construction mitigation monitoring.						Q1 2020	Joel Darnell joel.darnell@seattle.gov 206-684-5065

## 2020 Federal On-Call - Construction Management Services

<b>Project Manager</b>	Jesse Lopez
<b>Email</b>	<a href="mailto:Jesse.Lopez@seattle.gov">Jesse.Lopez@seattle.gov</a>
<b>Phone</b>	(206) 386-4612

<b>High Level Scope</b>	On-call consultant contract to provide construction management support on FHWA projects. Scope includes: preconstruction, construction, and post construction services.
<b>Contracting Opportunities</b>	The City expects to achieve the following outcomes through this consultant solicitation: To select one (1) qualified consultant team for a three (3) year long on-call contract.
<b>Scope Details</b>	<p>The City of Seattle, through the Seattle Department of Transportation (SDOT), will be releasing a Request for Qualifications from qualified firms to provide Construction Management Services for an assortment of federally funded capital projects. The type of projects include, but are not limited to, the following:</p> <ul style="list-style-type: none"><li>• Asphalt and Concrete Pavement</li><li>• Bridge Rehab and Replacement</li><li>• Bridge Seismic Retrofitting</li><li>• Trail construction</li><li>• Intelligent Transportation Systems</li><li>• Transit related street improvements</li><li>• Hazard Mitigation (e.g. Landslide repairs).</li><li>• Pedestrian Improvement and sidewalk repairs</li></ul> <p>SDOT has identified the following Core functions in this scope of work:</p> <ul style="list-style-type: none"><li>• Resident Engineer Service</li><li>• Inspection Services</li><li>• Office Engineering Services</li></ul>
<b>Contract Estimate(s)</b>	\$4,000,000

<b>Schedule Summary</b>	SDOT is looking to release a Request for Qualifications in Spring 2020
<p>The consultant contract opportunity will be announced on <a href="http://consultants.seattle.gov/">http://consultants.seattle.gov/</a>. The Formal Solicitations are bid through the <b>City of Seattle E-Bid Exchange</b> system.</p> <p>This information is neither a guarantee of contracting opportunities, nor a promise of business and is subject to change. If you have any questions on the prospective projects, please contact the staff person identified for the project.</p>	

## Northlake Retaining Wall Replacement Consultant

<b>Project Manager</b>	Joel Darnell
<b>Email</b>	Joel.darnell@seattle.gov
<b>Phone</b>	(206) 684-5065

<b>High Level Scope</b>	The selected consultant would review and confirm the preferred alternative for retaining wall replacement performed in the previous phase of work, perform field data collection, and provide design services (PS&E), permitting support, and outreach support through 30% Design milestone. Future phases of work may include final PS&E and construction support (RFI responses, submittal review, onsite construction support).
<b>Contracting Opportunities</b>	Engineering design (civil, structural, utility), Surveying, Geotechnical Engineering, Environmental Services, Inspection, Constructability Review, Cost Estimating
<b>Scope Details</b>	SDOT is looking to release a Request for Qualifications in Q1 2020
<b>Contract Estimate(s)</b>	\$2,000,000

<b>Schedule Summary</b>	SDOT is looking to release this in Q1 2020 with 30% Design complete by end of 2020.
<p>The consultant contract opportunity will be announced on <a href="http://consultants.seattle.gov/">http://consultants.seattle.gov/</a>. The Formal Solicitations are bid through the <b>City of Seattle E-Bid Exchange</b> system.</p> <p>This information is neither a guarantee of contracting opportunities, nor a promise of business and is subject to change. If you have any questions on the prospective projects, please contact the staff person identified for the project.</p>	

## Automated Vehicle Readiness Assessment and Action Plan Consultant

<b>Project Manager</b>	Shannon Walker
<b>Email</b>	<a href="mailto:Shannon.walker@seattle.gov">Shannon.walker@seattle.gov</a>
<b>Phone</b>	(206) 573-8308

<b>High Level Scope</b>	The goal of this project is to create an updated needs assessment for the City of Seattle to prepare for automated mobility, with a focus on ensuring that SDOT programming, resources, and investments are maximizing the Department's readiness at varying levels of AV deployment in Seattle.
<b>Contracting Opportunities</b>	<p><b>SCOPE SUMMARY:</b> Recognizing the significant uncertainty that exists in the timeline of AV deployment, this readiness assessment will focus on a set of "milestones" that represent points in time along a generally accepted scenario for autonomous vehicle operations. Rather than solely examining the needs of a future end state, this project will look at needs along the development trajectory so that resources can be allocated proportional to the impacts and opportunities of AV deployment.</p> <p>The resulting product(s) should guide the city's potential next steps to positively shape automated mobility as it arrives and scales in Seattle. This stand-alone document could be provided to internal and external audiences to help understand needs across different program areas and create a cogent set of priorities that reflect not just our principles and values, but the intermediate steps necessary to support them. The final product(s) will represent the objectives of the department in evaluating its own actions as well as potential state and federal regulations about the deployment of autonomous vehicles, particularly the Washington State Transportation Committee's Autonomous Vehicle Working Group.</p>
<b>Scope Details</b>	SDOT is looking to select a consultant in early Winter 2020. We estimate this work will take approximately three months. We aim to complete this work as soon as possible, no later than the end of April 2020.
<b>Contract Estimate(s)</b>	\$50,000-\$70,000

<b>Schedule Summary</b>	SDOT is looking to release this in early Winter 2020.
<p>The consultant contract opportunity will be announced on <a href="http://consultants.seattle.gov/">http://consultants.seattle.gov/</a>. The Formal Solicitations are bid through the <b>City of Seattle E-Bid Exchange</b> system.</p> <p>This information is neither a guarantee of contracting opportunities, nor a promise of business and is subject to change. If you have any questions on the prospective projects, please contact the staff person identified for the project.</p>	

## Transit Plus Multimodal Corridor Outreach On-call Contract

<b>Project Manager</b>	Dan Anderson
<b>Email</b>	Dan.a.anderson@seattle.gov
<b>Phone</b>	(206) 684-8105

<b>High Level Scope</b>	On-call outreach and communications contract to support planning, design, and construction of Levy to Move Seattle deliverable Transit Plus Multimodal Corridor projects including RapidRide corridors.
<b>Contracting Opportunities (3)</b>	<p><b>A. Ballard-Interbay Regional Transportation System – ESHB 1160</b></p> <ul style="list-style-type: none"><li>• <u>Scope Summary</u> Scope will likely include the following tasks:<ul style="list-style-type: none"><li>○ Project management, administration, reporting and invoicing</li><li>○ Public Involvement Plan</li><li>○ Coordination and meetings with SDOT and the technical team or contractor</li><li>○ Materials and messaging development (website, fact sheet, mailers, notices etc.)</li><li>○ Briefings and presentation prep, staff and reporting</li><li>○ On-the ground outreach</li><li>○ Preconstruction and construction outreach</li><li>○ Coordination with property owners</li><li>○ Correspondence management</li><li>○ Database management and reporting</li></ul></li></ul>
<b>Scope Details</b>	SDOT is looking to release a Request for Qualifications in winter/spring 2020
<b>Contract Estimate(s)</b>	\$2,000,000

<b>Schedule Summary</b>	SDOT is looking to release this in Q1/Q2 2020.
<p>The consultant contract opportunity will be announced on <a href="http://consultants.seattle.gov/">http://consultants.seattle.gov/</a>. The Formal Solicitations are bid through the <b>City of Seattle E-Bid Exchange</b> system.</p> <p>This information is neither a guarantee of contracting opportunities, nor a promise of business and is subject to change. If you have any questions on the prospective projects, please contact the staff person identified for the project.</p>	

## Drainage and Hydraulic Design Services On-Call

<b>Project Manager</b>	Nick Shrope
<b>Email</b>	Nicholas.Shrope@seattle.gov
<b>Phone</b>	(206) 233-3925
<b>Website</b>	N/A

<b>High Level Scope</b>	Provide On-Call services for drainage and hydraulic design and Stormwater Code compliance evaluation in the delivery of SDOT's Capital Projects. Services may be required for roadway, bridge, sidewalk, bicycle, or transit oriented projects.
<b>Contracting Opportunities</b>	<ul style="list-style-type: none"><li>• Drainage plan preparation, ranging from preliminary engineering plans to Bid Documents.</li><li>• Development of specification special provisions to support the drainage design plans.</li><li>• Engineer's Estimates.</li><li>• Development of drainage reports, including but not limited to field observation and recommendations reports, TIRs, downstream analysis report, flow spread analysis, preliminary City of Seattle stormwater code drainage code determination, SDOT comprehensive drainage plans and milestone submittal drainage reports that explain and justify the drainage plans and specifications for projects.</li><li>• Drainage engineering and design support during construction. Provide design and review services during construction for the development of new or updated construction documents due to contractor proposed changes in design or changed field conditions.</li><li>• Stormwater modeling. Large drainage basin and sub-basin analysis of existing and proposed flow characteristics and patterns, estimation of existing land cover, and development of overland and pipe network flow rates. Ability to model and size specific flow control and water quality best management practices (BMPs) including, but not limited to, underground detention tanks and vaults, water quality catch basins and treatment systems, water quality vaults, oil/water separators, flow splitters and Green Stormwater Infrastructure (bioretention areas, permeable pavement, etc.).</li></ul>
<b>Scope Details</b>	Multi-year contract to support the delivery of Move Seattle Levy funded Capital Projects.
<b>Contract Estimate</b>	\$290,000

<b>Schedule Summary</b>	SDOT is looking to release this in Q1 2020
-------------------------	--

The consultant contract opportunity will be announced on <http://consultants.seattle.gov/>. The Formal Solicitations are bid through the **City of Seattle E-Bid Exchange** system.  
This information is neither a guarantee of contracting opportunities, nor a promise of business and is subject to change.
