Roster Solicitation: SDOT Operations Planning On-call

Project Manager	Chris Saleeba
Email	Chris.Saleeba@seattle.gov
Phone	(206) 265-5510
Website	(200) 203-3310
website	
High Level Scope	Conduct data collection, traffic modeling, quick small-scale planning efforts, and operational analyses in response to emergent transportation issues.
Contracting Opportunities	 Purpose + goal The purpose of this SDOT on-call project is to complete the assessment of the potential benefits/impacts of operational concepts, to recommend solutions for consideration, and to prepare concept plans. The work performed under this contract will consist of individual work orders. A detailed scope of work shall be developed and negotiated for each work order. The project scope for each work order may involve any one or combination of tasks including: planning and design, conceptual development, feasibility and alternatives analysis, traffic engineering and modeling, transit corridor planning and operations services. Scope of work may include tasks such as: Data collection - collect data to support the operational analysis and design of spot improvements as requested by SDOT for locations determined under each work order. Transportation Planning and Operational Analysis - review existing and/or future transit routing along selected corridors or intersections, evaluate existing traffic patterns, and identify congested areas for transit operation. Model existing and proposed traffic and transit operations utilizing Synchro or Vissim software as needed to analyze the impacts of proposed concepts. Design and Implementation - design of traffic signal modifications, rTS design, channelization modifications, curb/sidewalk/curb-ramp modifications, bicycle facilities, bus islands, and prepare cost estimates. Desta reports that may include: Field observation of transit and traffic operations Auto or transit travel times Quito transit travel times OBS/AVL data from King County Metro and/or Sound Transit Signal timing cards Parking inventory and utilization

Seattle Municipal Tower, 700 5th Avenue, Suite 3800, PO Box 34996, Seattle, WA 98124-4996 Tel: (206) 684-ROAD Tel: (206) 684-5000 Fax: (206) 684-5180 Web: <u>www.seattle.gov/transportation</u>

83

City of Seattle **Department of Transportation** 2018 Consulting Opportunities

	 Pedestrian counts and inventory of passenger waiting areas
	• Bicycle counts
	 Collision history data
	• Existing signal infrastructure (as-builts, field verification)
	• Existing channelization and sidewalk widths (as-builts, paintline
	sketches, field verification)
	o Survey
	 Traffic analysis technical memorandum/report
	• Feasibility study
	Cost-benefit analysis
	• Before/after study
	Conceptual design plans
	Cost estimates
Scope Details	Contracting Opportunity is anticipated to be released as a roster solicitation. The solicitation will be sent to firms registered under relevant roster categories from the
	City of Seattle Online Business Directory (OBD).
Contract Estimate(s)	\$140,000

Schedule Summary	SDOT is looking to release this in Spring 2019.
------------------	---

Roster procurements are open to eligible firms within the applicable associated roster list for the procurement. This information is neither a guarantee of contracting opportunities, nor a promise of business and is subject to change.

To add your firm to the OBD, or update vendor profile information, to include what rosters your firm is listed for, log in here: <u>https://web6.seattle.gov/FAS/OBD/Logon/Logon.aspx</u>. If you have any questions on the prospective projects, please contact the staff person identified for the project.

East Marginal Way Outreach

Project Manager	Dan Anderson		
Email	dan.a.anderson@seattle.gov		
Phone	(206) 684-8105		
Website	https://www.seattle.gov/transportation/projects-and- programs/programs/freight-program/east-marginal-way-corridor- improvement-project		
High Level Scope	Provide construction communications and outreach services for the length of construction and project closeout, approximately 15 months. Construction is scheduled to begin in late 2018 and will include temporary closure of the bridge.		
Contracting Opportunities	 East Marginal Way Corridor Improvements Project Scope Outreach Management Outreach Project management, Internal and external coordination, Community outreach plan and strategy, Agendas and summary notes for meetings, Monthly invoices		
	🚳		

Seattle Municipal Tower, 700 5th Avenue, Suite 3800, PO Box 34996, Seattle, WA 98124-4996 Tel: (206) 684-ROAD Tel: (206) 684-5000 Fax: (206) 684-5180 Web: <u>www.seattle.gov/transportation</u>

	 <u>Funding Notes:</u> Because neither the core project or the extended project is fully funded, this community outreach RFQ defines a phased approach to the project. The project is currently at 30% design. The first phase will include PS&E design services to 60% for all project components including the water main, and design through Ad of the bicycle facility and traffic signals. The goal of this additional design of the full project is to ensure that no components of the first phase will need to be reconstructed unintentionally during future phases. Construction of the bicycle facility and traffic signals will begin in 2020.
Scope Details	Contracting Opportunity is anticipated to be released as a roster solicitation. The solicitation will be sent to firms registered under relevant roster categories from the City of Seattle Online Business Directory (OBD).
Contract Estimate(s)	\$200,000

Schedule Summary
