Greenways are residential streets made safer and more comfortable for people of all ages and abilities to walk and ride bikes. This work is part of the Delridge-Highland Park Greenway project that will connect White Center to the West Seattle Bridge Trail. The greenway will run north-south, generally along 17th Avenue SW in the south and 21st Avenue SW in the north.

We anticipate that construction of the greenway will be complete by the end of the year.
