

# WHAT WE'VE HEARD

## Enhance safety for people walking and biking

- Shorten crossing distance and improve visibility of people walking
- Improve lighting under I-5

## Enhance conditions for predictable vehicle movement

- Install speed humps to slow traffic on King St east of 8th Ave S
- Ensure freight can access businesses

## Support ongoing community initiatives

- Encourage people walking and biking to stop at local business, festivals and schools
- Coordinate with ongoing community efforts including activation under I-5, Little Saigon Streetscape Plan, Hing Hay Park expansion, public and private developments, etc.

## Feedback on route options:

- Desire to cross Rainier Ave S at S King St
- 18th Ave S between S King St and S Weller St is narrow
- 16th Ave S between S King St and S Weller St is steep
