

# S KING ST NEIGHBORHOOD GREENWAY

August 2017

## WHAT WE HEARD

We've been working with community organizations, the International Special Review District Board, and residents from the Chinatown, Little Saigon, and Judkins Park neighborhoods to select a route for a new neighborhood greenway as soon as 2018/2019. We heard requests for a neighborhood greenway with:

- Safer crossing at Rainier Ave S and S King St for people walking
- Slower speeds east of 8th Ave S
- Shorter street crossing distances for people walking
- Better connection between Chinatown, Little Saigon, and Judkins Park neighborhoods
- Include Little Saigon Streetscape Concept Plan recommendations
- Improve walk and bike connections under I-5

## MOST PROMISING ROUTE

See map on reverse side for the most promising route. Proposed improvements on the route include possible lighting improvements under I-5, improved crossings at busy streets, speed humps where needed, street and sidewalk repairs that prioritizes people who walk and bike. The route was selected after listening to the neighborhood, reviewing the existing plans, and analyzing traffic, speed, and slope data.

## SAFER STREETS FOR EVERYONE

It's our desire to respect the cultural heritage of the neighborhoods and to address a high collision intersection at Rainier Ave S and S King St. There have been 13 crashes at this location, 6 of them serious injury, over the last 3 years.

Our Vision Zero safety program is making changes to reduce them. The proposed safety improvements include:

- Installing a median and restricting left turns on Rainier Ave S at S King St
- Upgrading a pedestrian activated signal to full signal at S Weller St and Rainier Ave S
- Adding a left turn arrow to signal on 12th Ave S at S Weller St

To learn more about the Vision Zero project visit: [tinyurl.com/ya32vs3z](http://tinyurl.com/ya32vs3z)

The neighborhood greenway project can build upon the proposed safety improvements by:

- Adding a crossing signal for people walking and biking at Rainier Ave S and S King St
- Making crossing improvements to the intersection of 12th Ave S and S King St

See the options and tell us what you think on our website! [www.seattle.gov/transportation/ChinatownJudkinsGreenway.htm](http://www.seattle.gov/transportation/ChinatownJudkinsGreenway.htm)

This project is funded by the 9-year Levy to Move Seattle, approved by voters in 2015. Learn more about the levy at [www.seattle.gov/LevytoMoveSeattle](http://www.seattle.gov/LevytoMoveSeattle).
