What is a Home Zone?

A home zone involves the entire neighborhood working together to prioritize pedestrian mobility and neighborhood livability improvements.

Walking Tours

Aurora Licton community members will host Seattle Department of Transportation (SDOT) representatives on a series of community walks. Please attend a walk and share your concerns and thoughts about neighborhood improvements.

Next Steps

SDOT will work with the Home Zone Steering Committee to develop potential projects based on concerns expressed during the walking tours. These potential projects will become a draft home zone.
