

PARK(ing) DAY 2018 (Seattle)

Friday, September 21, 2018 | 9AM - 7PM

What is PARK(ing) Day?

PARK(ing) Day is an annual global event where anyone can temporarily transform parking spaces into people spaces. PARK(ing) Day provides an opportunity to reimagine how streets can be used.

Originating as a grassroots movement, the initiative serves as a way to repurpose public space and allows for communities to use streets as sites for public expression and creative experimentation, as well as for enjoyment and to promote health and wellness.

Seattle PARK(ing) Day 2018 has pop-up parks spread throughout the city, as well as neighborhood clusters of pop-up parks, where you can see a bunch at once!
