

January 22, 2019

Dear Neighbor,

The Seattle Department of Transportation (SDOT) is designing crosswalk, sidewalk, and Chief Sealth Trail connection improvements on Kenyon near Wing Luke Elementary. This project is part of our Safe Routes to School program and will make it safer and easier for students to walk to Wing Luke Elementary School.

We're committed to making neighborhoods more walkable and connected, and sidewalks are an important piece of the puzzle. We are prioritizing this location to fill a gap in the sidewalk and urban trail network that will help kids walk to Wing Luke Elementary School by the time it reopens in fall 2020.

We're currently in the design phase and we expect to construct the project in summer 2020. Wing Luke Elementary School's redevelopment project includes a new sidewalk on the *south* side of S Kenyon St between 37th Ave S and Kenyon Way S. Our Safe Routes to School project includes a new sidewalk on the *north* side of S Kenyon St starting at 37th Ave S and continuing southeast on Kenyon Way S and north on 39th Ave S (see map).

We're still developing the design so please share your feedback with us. Send comments or questions to our team via email at sara.colling@seattle.gov or by phone at 206-727-8697.

Sincerely,

Sara Colling
SDOT Community Outreach Lead

We will share more details as we develop the design. Please contact us to sign up for email updates at sara.colling@seattle.gov

We're planning to build a new sidewalk in 2020 to make it safer and easier for kids to walk to school (see map). Please call for translation: (206) 727-8697
