

OTHELLO and RAINIER BEACH HEALTHY STREET

Construction is starting soon!

As soon as mid July, we will start construction of the permanent installations for the Othello-Rainier Beach Healthy Street.

Healthy Streets are open for people walking, rolling, biking, and playing, and closed to pass-through traffic.

We will be installing permanent signage with a concrete block base or a planter with new painted curb space around it at each intersection along the Healthy Street. *Unauthorized on-street parking located within 20ft of the intersection will be removed for new installation.*

WHAT TO EXPECT FOR CONSTRUCTION

Typical construction hours are weekdays, 7 AM to 5 PM, and includes weekend work. Other expected construction impacts may include:

- Noise, vibration, dust, and debris
- Construction staging and parking impacts near the work sites
- “No Parking” areas and other parking impacts
- Crosswalk and sidewalk closures, and detours for people walking and biking
- Changes in construction schedule due to weather, etc.

Permanent Planter and Trapazoid Sign Base on the North Beacon Hill Healthy Street.
